Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On April 27, 2011, the Company and Charles G. Burkett, President Banking of the Company, entered into a Retirement Agreement. Key provisions of the Retirement Agreement are: (1) Mr. Burkett has agreed to step down as the President Banking and as an executive officer effective June 30, 2011, and has agreed to retire completely effective December 31, 2011; (2) Mr. Burkett will continue to be paid his current salary for the remainder of 2011; (3) Mr. Burkett will receive a cash severance payment at year-end equal to one year's cash salary (\$742,650); (4) Mr. Burkett will continue to be eligible to earn a bonus for 2011 on terms previously established; (5) Mr. Burkett (currently age 60) is to receive a non-qualified pension benefit in accordance with the terms of the Company's Pension Restoration Plan except that the Company has agreed to waive the discount (estimated to be approximately \$1.75 million on a lump sum basis) that normally would reduce the benefit of a participant retiring before age 65; (6) all of Mr. Burkett's outstanding unvested restricted stock awards (131,140 shares) will have vesting accelerated at retirement; (7) 81,181 of the performance stock units (PSUs) granted to Mr. Burkett in 2009, as to which the performance goal previously has been achieved in full, will be paid to him at the regular times (in 2012 and 2013) if the non-performance conditions of those awards (other than continued employment) are met; (8) Mr. Burkett will retain the possibility of being paid up to 24,195 and 13,770 PSUs granted in 2010 and 2011, respectively, if the respective performance goals of those awards are achieved during the respective performance periods and the other conditions of those awards (other than continued employment) are met, and the remainder of such awards will be cancelled; (9) the change in control severance agreement which the Company previously entered into with Mr. Burkett has been cancelled; and (10) Mr. Burkett has agreed to comply with certain non-competition, non-solicitation, and other covenants, and has given the Company a release.

During the period from July 1, 2011 to the end of this year Mr. Burkett will assist in transition matters, among other things.

The applicable performance metrics of the PSUs mentioned above are not altered by the Agreement and vesting is not accelerated. The reduction in Mr. Burkett's 2010 and 2011 PSU awards reflects pro-rating for the time Mr. Burkett will have served the Company. The 2009 PSU awards were previously reduced in connection with the Company's participation in the government CPP program, and have not been further reduced in the Agreement. Mr. Burkett's outstanding PSUs granted in 2008 will not be substantially affected by the Agreement, although if the performance goal for that award is achieved in 2011 (the final performance period year) the Company will waive the condition that he remain employed through the payment date (February 2012). Mr. Burkett's outstanding stock options will not be affected by the Agreement; among other things, this means that options granted prior to 2007 will remain outstanding for a post-retirement period prescribed by the terms of the awards, and the options granted to him in 2011 will be forfeited unless vesting is accelerated in 2011 for reasons other than retirement. The Agreement is subject to a waiting period and other conditions required by law. The Agreement does not alter benefits and rights under the Company's qualified pension plan, qualified savings plan, deferred compensation plans, or other plans or programs not mentioned above.

A conformed copy of the Retirement Agreement is filed as an exhibit to this Report. The foregoing descriptions are subject to the legal terms of that Agreement.
