REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants, the Pension Committee and the Compensation & Benefits Committee of Johnson & Johnson Retirement Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Johnson & Johnson Retirement Savings Plan (the "Plan") as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

JOHNSON & JOHNSON RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

GENERAL

The Johnson & Johnson Retirement Savings Plan (the "Plan") is a defined contribution plan which was established on March 1, 1990 for eligible employees of certain participating subsidiaries of Johnson & Johnson ("J&J" or the "Company") located in Puerto Rico which have adopted the Plan. The Plan was designed to provide eligible employees with an opportunity to strengthen their financial security at retirement by providing an incentive to save and invest regularly. The funding of the Plan is made through employee and Company contributions. Beginning January 1, 2003, assets of the Plan are maintained in the Johnson & Johnson Pension and Savings Plans Master Trust (the "Trust"). The Plan's interest in the Johnson & Johnson Pension and Savings Plans Master Trust is allocated to the Plan based upon the total of each participant's share in the Trust.

As of January 1, 2003, State Street Bank and Trust Company ("State Street") serves as agent and custodian of the Plan for purposes of investment of the assets of the Trust, maintained by Banco Popular de Puerto Rico. As such, State Street performs certain services for the Plan, including the execution of certain participant directed investments, which are commingled for investment purposes only with assets of other tax-qualified plans maintained by Johnson & Johnson. Prior to January 1, 2003, the assets of the Plan were maintained and transactions therein were executed by Banco Popular de Puerto Rico.

This brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for complete information.

CONTRIBUTIONS

In general, salaried and hourly employees of participating Johnson & Johnson companies who are Puerto Rico residents can contribute to the Plan immediately.

Contributions are made to the Plan by participants through payroll

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

deductions and by the Company on behalf of participants. Participating employees may contribute a minimum of 3% up to a maximum of 10% pre-tax and/or a minimum of 1% to 10% post-tax of their base salary. Annual pre-tax contributions may not individually exceed \$8,000 in 2003 or 2002 under Puerto Rico law.

All employee contributions are invested in any of the investment funds offered by the Plan at the direction of the participating employees. During 2003, the number of investment funds offered by the Plan increased to nine compared to three in 2002.

After one year of service, the Company contributes to the Plan an amount equal to 75% of the participant's pre-tax contributions up to 6% of their base salary. Prior to 2003, the Company's matching contributions were made to the J&J Stock Fund, except for participants over the age of 50, who had the option to have their matching contribution follow their designated investments. Beginning in 2003, all participants have the option to elect that the Company matching contribution be invested in the current investment fund mix chosen by the participant.

INVESTMENTS

Participants may invest in one or more of the funds offered by the Plan. The investment mix chosen by the participant will apply to employee contributions, the Company matching contribution, and earnings thereon, if elected by participants. All dividend and interest income is reinvested.

-4-

JOHNSON & JOHNSON
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

VESTING

A participant's account in the Plan, including participant contributions, company contributions and earnings thereon, is always fully vested. As a result, there are no forfeitures under the Plan.

PAYMENT OF BENEFITS

Benefits are paid to participants upon termination of employment or retirement. Participants can elect to defer payment if account balances are greater than \$5,000. Distributions are paid either in a lump sum payment, or installment payments made on a monthly, quarterly or annual basis. Installment payments are made over a period of years selected by the participant.

A participant's account may be distributed to their beneficiaries in lump sum or in installments upon the participant's death.

Participants are allowed to withdraw their post-tax contributions and earnings thereon one time per calendar year. Participants may withdraw pre-tax contributions only upon meeting certain hardship conditions. The benefits to which participants are entitled is the amount provided by contributions and investment earnings thereon, including realized

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

and unrealized gains and losses which have been allocated to the participant's account balance. Participants have the option of receiving part of their balance in the Johnson & Johnson Stock Fund as either cash or in shares of Johnson & Johnson common stock (plus cash for fractional shares) for distributions other than a hardship.

ADMINISTRATIVE EXPENSES

All third party administrative expenses are paid by the Plan, unless otherwise provided for by the Company.

TERMINATION

The Company has the right to terminate the Plan at any time and in the event the Plan is terminated, subject to conditions set forth in ERISA, all Plan funds must be used exclusively for the benefit of the Plan participants.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with generally accepted accounting principles in the United States of America.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's interest in the Johnson & Johnson Pension and Savings Plans Master Trust is stated at fair value. Generally, it represents securities traded on a national securities exchange, which are valued at the last reported sales price on the last business day of the year. Benefit responsive guaranteed and synthetic investment contracts are recorded at contract value, which approximates fair value (Note 6).

As the investment funds contain various underlying assets such as stock and short-term investments, the participant's account balance is reported in units of participation, which allows for immediate transfers in and out of the fund. The purchase or redemption price of the units is determined by State Street, based on the current market value of the underlying assets of the funds. The fund's net asset value is the value of a single unit, which is computed by adding the value of the fund's investments, cash and other assets, and subtracting liabilities, then dividing the result by the number of units outstanding.

-5-

JOHNSON & JOHNSON
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Purchases and sales of securities are recorded on a trade-date basis. Gains and losses on the sale of investment securities are determined on the average cost method. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

In 2002, equity investments in the Johnson & Johnson Stock Fund,

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

administered by Banco Popular de Puerto Rico, were valued at the closing market price on the last business day of the year. Equity investments in the Equity Fund, managed by American Funds, represented shares of a registered investment company and were valued at the quoted market price, which represented the net asset value of shares held by the Plan at year-end.

The cost of equity investments in the Johnson & Johnson Stock Fund was recorded at the average market price of the stock transactions for the month during which the contribution was made. Units in the Equity Fund were purchased throughout the month at the prevailing quoted market price on those dates.

Deposits in short-term investments in the Short-Term Investment Fund were principally purchases of shares of the Prime Portfolio of Vanguard Money Market Reserves, Inc. The Portfolio invested in securities which matured in less than one year. The value of this portfolio was the market value on the last business day of the year.

NET APPRECIATION (DEPRECIATION)

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of investments held in the Master Trust, which consists of unrealized appreciation (depreciation) of the underlying investments and realized gains and losses on sales of investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

USE OF ESTIMATES

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

RISK AND UNCERTAINTIES

The Plan provides for various investment options in funds, which can invest in equity and fixed income securities. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Equities and other.....	410,093,798

	982,232,618

Interest.....	\$ 78,096,556
Dividends.....	101,605,984

Net investment gain.....	1,161,935,158
	=====

6. GUARANTEED AND SYNTHETIC INVESTMENT CONTRACTS

The Trust holds investments in guaranteed and synthetic investment contracts as part of the Fixed Interest Fund. These investments are recorded at their contract values. This represents cost plus accrued interest of guaranteed investment contracts and fair value of the collateral plus the benefit responsive wrap value for synthetics, as the contracts are fully benefit-responsive. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are currently no reserves against contract values for credit risk of the contract issuers or otherwise.

The average yield of the Fixed Interest Fund was approximately 4.86% for 2003. The crediting interest rate was approximately 4.96% for 2003. The crediting interest rate of the Fixed Interest Fund is the annual return of the fund before plan expenses, while the average yield includes administrative expenses. The crediting interest rate for the investment contracts is either agreed to in advance with the issuer or varies based on an agreed to formula, but cannot be less than zero. The fair value of guaranteed and synthetic investment contracts at December

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

31, 2003 is \$924,152,802.

7. TAX STATUS

The Associated Free State of Puerto Rico, Property Department, has determined and informed the Company by a letter dated March 1, 1990, that the Plan constitutes as a qualified plan under Section 165(a) of the Puerto Rico Income Tax Act of 1954 as amended (the "ITA"), and the Plan and the related trust accounts are exempt from Puerto Rico income taxes under Section 165(a) and 165(e) of the ITA.

-10-

JOHNSON & JOHNSON
RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Puerto Rico tax code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Global Advisors ("State Street"). State Street is the agent trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan also invests in shares of the Company. The Company is the plan sponsor and, therefore, these transactions qualify as party-in-interest transactions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	DECEMBER 31,	
	2003	2002
Net assets available for benefits per the financial statements	\$106,763,540	100,269,020
Amounts allocated to withdrawing participants	(17,016)	--
Net assets available for benefits per the Form 5500	\$106,746,524	\$100,269,020

Edgar Filing: JOHNSON & JOHNSON - Form 11-K

FOR THE YEAR
ENDED
DECEMBER 31, 2003

Benefits paid to participants per the financial statements	\$9,092,842
Add: Amounts allocated to withdrawing participants at December 31, 2003	17,016
Less: Amounts allocated to withdrawing participants at December 31, 2002	-- -----
Benefits paid to participants per the Form 5500 ..	\$9,109,858 =====

Amounts allocated to the withdrawing participants are recorded on the Form 5500 for benefit payments that have been processed and approved for payment prior to December 31, 2003 but not yet paid as of that date.
