**Item 8.01 Other Events.**

We are herein providing updated financial information of Hubbell Incorporated for the three years ended December 31, 2007. During the first quarter of 2008, the Company realigned its internal organization and operating segments. This reorganization included combining the electrical products business (included in the Electrical segment) and the industrial technology business (previously its own reporting segment) into one business, as part of the Electrical reporting segment. Following the reorganization, effective for the first quarter of 2008, the Company's reporting segments consist of the Electrical segment and the Power segment. Accordingly, our historical segment financial information and related disclosures have been reclassified to reflect our current internal structure. Under generally accepted accounting principles, we are required to reclassify amounts related to segment reporting on a basis comparable to our current presentation. The historical financial information included in the Exhibits hereto, which Exhibits are incorporated herein by reference, in particular, Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations*, Item 8. *Financial Statements and Supplementary Data*, specifically Note 1, *Significant Accounting Policies*, Note 3, *Business Acquisitions*, Note 6, *Goodwill and Other Intangible Assets* and Note 20, *Industry Segments and Geographic Area Information*, have been revised and updated from their original presentation in our Form 10-K filed on February 25, 2008 to reflect our segment realignment during the first quarter of 2008.

No other changes or modifications have been made to these financial statements.
