Statements contained in this prospectus and any accompanying prospectus supplement or other offering materials about the provisions or contents of any agreement or other document are only summaries. If SEC rules require that any agreement or document be filed as an exhibit to the registration statement, you should refer to that agreement or document for its complete contents.

You should not assume that the information in this prospectus, any prospectus supplement or any other offering materials is accurate as of any date other than the date on the front of each document. Our business, financial condition, results of operations and prospects may have changed since then.

In this prospectus, unless otherwise specified or the context requires otherwise, we use the terms **Express Scripts**, **the Company**, **we**, **us** and **our** to refer to Express Scripts, Inc. and its subsidiaries.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Information we have included or incorporated by reference in this prospectus, any accompanying prospectus supplement and the documents incorporated by reference, contain or may contain forward-looking statements. These forward-looking statements include, among others, statements of our plans, objectives, expectations (financial or otherwise) or intentions.

Our forward-looking statements involve risks and uncertainties. Our actual results may differ significantly from those projected or suggested in any forward-looking statements. We do not undertake any obligation to release publicly any revisions to such forward-looking statements to reflect events or circumstances occurring after the date hereof or to reflect the occurrence of unanticipated events. Factors that might cause such a difference to occur include, but are not limited to:

uncertainties associated with our acquisitions, including our acquisition of the PBM business from WellPoint, Inc., which include uncertainties as to the satisfaction or waiver of conditions to closing, integration risks and costs, uncertainties associated with client retention and repricing of client contracts, and uncertainties associated with the operations of acquired businesses;

results in regulatory matters including potential healthcare reform initiatives, the adoption of new legislation or regulations (including increased costs associated with compliance with new laws and regulations and the

Table of Contents

impact of such matters on the healthcare marketplace), more aggressive enforcement of existing legislation or regulations, or a change in the interpretation of existing legislation or regulations;

our leverage and debt service obligations, including the effect of certain covenants in our borrowing agreements, access to capital and increases in interest rates;

continued pressure on margins resulting from client demands for lower prices or different pricing approaches, enhanced service offerings and/or higher service levels;

costs and uncertainties of adverse results in litigation, including a number of pending class action cases that challenge certain of our business practices;

the possible loss, or adverse modification of the terms, of contracts with pharmacies in our retail pharmacy network;

the possible termination of, or unfavorable modification to, contracts with key clients or providers, some of which could have a material impact on our financial results;

our ability to maintain growth rates, or to control operating or capital costs, including the impact of declines in prescription drug utilization resulting from the current economic environment;

competition in the pharmacy benefit management, or PBM, and specialty pharmacy industries, and our ability to consummate contract negotiations with prospective clients, as well as competition from new competitors offering services that may, in whole or in part, replace services that we now provide to our customers;

changes in industry pricing benchmarks such as average wholesale price and average manufacturer price, which could have the effect of reducing prices and margins;

increased compliance risk relating to our contracts with the Department of Defense TRICARE Management Activity and various state governments and agencies;

uncertainties and risks regarding the Medicare Part D prescription drug benefit, including the financial impact to us to the extent we participate in the program on a risk-bearing basis, uncertainties of client or member losses to other providers under Medicare Part D, implementation of regulations that adversely affect our profitability or cash flow, and increased regulatory risk;

the possible loss, or adverse modification of the terms, of relationships with pharmaceutical manufacturers, or changes in pricing, discount or other practices of pharmaceutical manufacturers or interruption of the supply of any pharmaceutical products;

in connection with our specialty pharmacy business, the possible loss, or adverse modification of the terms of our contracts with a limited number of biopharmaceutical companies from whom we acquire specialty pharmaceuticals;

the use and protection of the intellectual property, data, and tangible assets that we use in our business, or infringement or alleged infringement by us of intellectual property claimed by others;

general developments in the healthcare industry, including the impact of increases in healthcare costs, government programs to control healthcare costs, changes in drug utilization and cost patterns and

introductions of new drugs;

increase in credit risk relative to our clients due to adverse economic trends or other factors; and

other risks described from time to time in our filings with the SEC.

These and other relevant factors, including those risk factors identified in our Annual Report on Form 10-K, our Quarterly Report on Form 10-Q and our other filings under the Securities Exchange Act of 1934, or the Exchange Act, parts of which are incorporated by reference in this prospectus, should be carefully considered when reviewing any forward-looking statement. See [Where You Can Find More Information](#).

Table of Contents

EXPRESS SCRIPTS, INC.

We are one of the largest full-service pharmacy benefit management companies in North America and we provide healthcare management and administration services on behalf of our clients, which include health maintenance organizations, health insurers, third-party administrators, employers, union-sponsored benefit plans, workers compensation plans and government health programs. We assist plan sponsors in addressing access and affordability concerns resulting from rising drug costs while helping to improve health outcomes. We also work with clients, manufacturers, pharmacies and physicians to increase efficiency in the drug distribution chain, to manage costs in pharmacy benefit, and to improve members' health outcomes and satisfaction. During the first quarter of 2009, we changed our reportable segments to Pharmacy Benefit Management (PBM) and Emerging Markets (EM). For the three months ended March 31, 2009, our PBM segment contributed approximately 99% of our operating income.

Our integrated PBM services include network claims processing, home delivery services, patient care and direct specialty home delivery to patients, benefit design consultation, drug utilization review, formulary management, drug data analysis services, distribution of injectable drugs to patients' homes and physicians offices, bio-pharma services, and fulfillment of prescriptions to low-income patients through manufacturer-sponsored patient assistance programs and company-sponsored generic patient assistance programs. Our specialty pharmacy operations have been integrated with our PBM operations in order to maximize its growth and improve efficiency. Through our EM segment, we provide services including distribution of pharmaceuticals and medical supplies to providers and clinics, distribution of sample units to physicians and verification of practitioner licensure, fertility services to providers and patients, healthcare account administration and implementation of consumer-directed healthcare solutions.

Revenue generated by our segments can be classified as either tangible product revenue or service revenue. We earn tangible product revenue from the sale of prescription drugs by retail pharmacies in our retail pharmacy networks and from dispensing prescription drugs from our home delivery and specialty pharmacies. Service revenue includes administrative fees associated with the administration of retail pharmacy networks contracted by certain clients, market research programs, medication counseling services, certain specialty distribution services, and sample fulfillment and accountability services. Tangible product revenue generated by our PBM and EM segments represented approximately 99% of revenues for both the three months ended March 31, 2009 and the same period of 2008.

During 2008, we established the Center for Cost-Effective Consumerism which assists us in the advancement of our understanding of consumers and the way they use healthcare. The center combines our industry-leading research capabilities with insights from a multidisciplinary advisory board of national experts in the science of human behavior and decision making. Using work done by the center, we plan to better position our plan sponsors to achieve the lowest cost drug mix (e.g., generics), maximum therapy adherence (in key classes), greatest use of most cost-effective delivery channel, uncompromising safety standards and increasing member engagement and satisfaction.

During 2008, we processed approximately 506.3 million adjusted claims, generating approximately \$22.0 billion of revenue, \$779.6 million of net income from continuing operations and \$1.4 billion of EBITDA. On average, we earned \$2.72 of EBITDA per adjusted claim in 2008 versus \$2.34 in 2007. During the three months ended March 31, 2009, we processed approximately 124.1 million adjusted claims, generating \$5.4 billion of revenue, \$214.7 million of net income from continuing operations and \$380.1 million of EBITDA. We averaged \$3.06 of EBITDA per adjusted claim during this latest three-month period versus \$2.46 for the same three-month period in 2008. EBITDA is earnings before other income (expense), interest, taxes, depreciation and amortization, or operating income plus depreciation and amortization.

On April 9, 2009, we entered into a Stock and Interest Purchase Agreement (the acquisition agreement) with WellPoint, Inc., (WellPoint). The acquisition agreement provides that we will purchase the Pharmacy Benefit Management Business of WellPoint (the PBM business), including all of the shares and equity interests of three WellPoint subsidiaries, NextRx, Inc., NextRx Services, Inc., and NextRx, LLC (collectively, NextRx) in exchange for total consideration of \$4.675 billion, composed of \$3.275 billion in cash and \$1.4 billion in shares of our common stock (valued based on the average closing price of our common stock over the 60 days preceding the closing of the acquisition) (the acquisition). We may, in our discretion, replace all or any portion of the common stock consideration with cash. At the closing of the acquisition, we will enter into a 10-year contract with WellPoint under which we will provide PBM services to WellPoint and its designated affiliates. The PBM business provides PBM services to approximately 25 million members and manages more than 265 million adjusted claims annually.

As of the date of this prospectus, we had no preferred stock outstanding.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the common stock, preferred stock, debt securities, warrants, subscription rights, purchase contracts and purchase units that we may offer and sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security will be described in the applicable prospectus supplement.

DESCRIPTION OF CAPITAL STOCK

General

Our authorized capital stock consists of 1,000,000,000 shares of common stock, par value \$0.01 per share, and 5,000,000 shares of preferred stock, par value \$0.01 per share, of which 100,000 have been designated Series A Junior Participating Preferred Stock. As of May 31, 2009, there were 248,169,814 shares of our common stock outstanding (including 71,095,754 shares held in treasury) and no shares of preferred stock were outstanding. On such date, 6,549,609 shares of common stock were subject to outstanding options and 2,507,355 shares of common stock were subject to stock settled appreciation rights (SSRs).

Table of Contents

The following description of the terms of our common stock and preferred stock is not complete and is qualified in its entirety by reference to our amended and restated certificate of incorporation, as amended, our third amended and restated bylaws and rights plan, each of which are filed as an exhibit to the registration statement of which this prospectus is a part, and the applicable provisions of the General Corporation Law of the State of Delaware. To find out where copies of our certificate of incorporation and by-laws can be obtained, see [Where You Can Find More Information](#). beginning on page 13 of this prospectus.

Common Stock

The outstanding shares of our common stock are fully paid and nonassessable. Each holder of our common stock is entitled to one vote per share upon all questions presented to stockholders. The holders of our common stock have no preemptive rights and no rights to convert their common stock into any other securities. There are also no redemption or sinking fund provisions applicable to our common stock.

Subject to the preferences applicable to any shares of our preferred stock outstanding at the time, holders of our common stock are entitled to receive dividends when and as declared by our board of directors from funds legally available therefore and are entitled, in the event of liquidation, to share ratably in all assets remaining paid after payment of liquidation.

Our common stock is listed on the NASDAQ Global Select Market under the symbol [ESRX](#). The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company.

Preferred Stock

Our board of directors has the authority, without further action by our stockholders, to issue up to 5,000,000 shares of preferred stock in one or more series and to fix the following terms of the preferred stock:

- the designation of each series;

- the number of shares of each series, the designation of such series, as well as the powers, preferences, and rights, as well as the qualifications, limitations, or restrictions thereof;

- the liquidation preferences;

- dividends rights and the dividend rate, if any;

- the rights and terms of conversion, if any;

- the voting rights, if any;

- the rights and terms of redemption (including sinking fund provisions), if any, and the redemption price; and

- the rights of the series in the event of any voluntary or involuntary liquidation, dissolution or winding-up of our affairs.

It is not possible to state the actual effect of the issuance of any shares of preferred stock upon the rights of holders of our common stock until the board of directors determines the specific rights of the holders of the preferred stock. However, any or all of these rights may be greater than the rights of our common stock and effects of the issuances of any preferred stock might include:

restricting dividends on the common stock;

diluting the voting power of the common stock;

impairing the liquidation rights of the common stock; and

delaying or preventing a change in control of our company.

Any or all of these rights may be greater than the rights of our common stock. Our board of directors has designated 100,000 shares of preferred stock Series A Junior Participating Preferred Stock, which shares are issuable upon certain events specified in our rights plan, as described below.

Table of Contents

Rights Plan

On July 25, 2001, our board of directors declared a dividend of one preferred stock purchase right for each share of common stock, par value \$0.01 per share. The dividend was paid on August 10, 2001. As long as the rights are attached to our common stock, we will issue one right (subject to adjustment) with each new share of our common stock so that all shares of our stock will have attached rights.

When exercisable, each right will entitle the registered holder to purchase one one-thousandth of a share of Series A Junior Participating Preferred Stock from us at a price of \$300.00 per one one-thousandth of a share of Series A Junior Participating Preferred Stock, subject to adjustment. Until a right is exercised, the holder of the right has no right to vote or receive dividends or any other rights as a stockholder as a result of holding the right. The rights trade automatically with shares of our common stock and may be exercised only in connection with certain attempts to take us over. The rights are designed to protect our interests and the interest of our stockholders against coercive takeover tactics and to encourage potential acquirors to negotiate with our board of directors before attempting a takeover. The preferred stock purchase rights theoretically could, but are not intended to, deter takeover proposals that might be in the best interests of our stockholders.

The description and terms of the preferred stock purchase rights set forth above is not complete and is qualified in its entirety by reference to the rights agreement, dated as of July 25, 2001 (as the same may be amended from time to time), between us and American Stock Transfer & Trust Company, as Rights Agent which is filed as an exhibit to the registration statement of which this prospectus is a part. The rights expire on July 25, 2011, unless this expiration date is extended or the rights are otherwise redeemed or exchanged at an earlier date.

Restated Certificate of Incorporation and Bylaw Provisions

Various provisions contained in our amended and restated certificate of incorporation and third amended and restated bylaws could delay or discourage some transactions involving an actual or potential change in control of us or our management and may limit the ability of our stockholders to remove current management or approve transactions that our stockholders may deem to be in their best interests. These provisions:

authorize our board of directors to establish one or more series of undesignated preferred stock, the terms of which can be determined by the board of directors at the time of issuance;

require that any action required or permitted to be taken by our stockholders must be effected at a duly called annual or special meeting of stockholders and may not be effected by any consent in writing;

provide an advanced written notice procedure with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of our board of directors or a committee of our board of directors;

state that special meetings of our stockholders may be called only by the chairman of the board of directors, the chief executive officer or a majority of the directors in office;

provide that certain provisions of our third amended and restated bylaws can be amended only by supermajority vote (66 $\frac{2}{3}$ %) of the outstanding shares; and

allow our directors, and not our stockholders, to fill vacancies on our board of directors, including vacancies resulting from removal or enlargement of the board.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of the debt securities that we may issue separately, upon exercise of a debt warrant, in connection with a stock purchase contract or as part of a stock purchase unit from time to time in the form of one or more series of debt securities. The applicable prospectus supplement and/or other offering material will describe the specific terms of the debt securities offered through that prospectus supplement as well as any general terms described in this section that will not apply to those debt securities. The debt securities will be issued under an indenture among us, certain of our domestic subsidiaries that may guarantee the securities and Union Bank, N.A., as trustee.

Table of Contents

We have summarized selected provisions of the indenture below. The summary is not complete. The form of the indenture has been filed with the SEC as an exhibit to the registration statement of which this prospectus is a part, and you should read the indenture for provisions that may be important to you. In the summary below, we have included references to article or section numbers of the indenture so that you can easily locate these provisions. Whenever we refer in this prospectus or in the prospectus supplement to particular article or sections or defined terms of the indentures, those article or sections or defined terms are incorporated by reference herein or therein, as applicable. Capitalized terms used in the summary have the meanings specified in the indenture.

General

The indenture provides that debt securities in separate series may be issued under the indenture from time to time without limitation as to the aggregate principal amount. We may specify a maximum aggregate principal amount for the debt securities of any series (Section 301). We will determine the terms and conditions of the debt securities, including the maturity, principal and interest, but those terms must be consistent with the indenture.

The applicable prospectus supplement will set forth or describe the following terms of each series of such debt securities:

the title of the debt securities;

any limit on the aggregate principal amount of the debt securities;

the price or prices at which the debt securities will be offered;

the person to whom any interest on the debt securities will be payable;

the dates on which the principal of the debt securities will be payable;

the interest rate or rates that the debt securities will bear and the interest payment dates for the debt securities;

the places where payments on the debt securities will be payable;

any periods within which, and terms upon which, the debt securities may be redeemed, in whole or in part, at our option;

any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;

the portion of the principal amount, if less than all, of the debt securities that will be payable upon declaration of acceleration of the maturity of the debt securities;

whether the debt securities are defeasible and any changes or additions to the indenture's defeasance provisions;

whether the debt securities are convertible into our common stock and, if so, the terms and conditions upon which conversion will be effected;

any addition to or change in the events of default with respect to the debt securities;

any addition to or change in the covenants in the indenture;

whether any of our subsidiaries will provide guarantees of the debt securities; and

any other terms of the debt securities not inconsistent with the provisions of the indenture (Section 301).

The indenture does not limit the amount of debt securities that may be issued. The indenture allows debt securities to be issued up to the principal amount that we may authorize and may be in any currency or currency unit we designate.

Debt securities, including Original Issue Discount Securities (as defined in the indenture), may be sold at a substantial discount below their principal amount. Special U.S. federal income tax considerations applicable to debt securities sold at an original issue discount may be described in the applicable prospectus supplement. In addition,

Table of Contents

special U.S. federal income tax or other considerations applicable to any debt securities that are denominated in a currency or currency unit other than U.S. dollars may be described in the applicable prospectus supplement.

Subsidiary Guarantees

If specified in the prospectus supplement, certain of our subsidiaries (our subsidiary guarantors) will guarantee the debt securities of a series.

Conversion Rights

The debt securities may be converted into other of our securities, if at all, according to the terms and conditions of an applicable prospectus supplement. Such terms will include the conversion price, the conversion period, provisions as to whether conversion will be at our option or the option of the holders of such series of debt securities, the events requiring an adjustment of the conversion price, and provisions affecting conversion in the event of the redemption of such series of debt securities.

Consolidation, Merger and Sale of Assets

Unless otherwise specified in the prospectus supplement, we may not consolidate with or merge into, or transfer, lease or otherwise dispose of all or substantially all of our assets to, any person, and may not permit any person to consolidate with or merge into us, unless:

the successor person (if any) is a corporation, limited liability company, partnership, trust or other entity organized and validly existing under the laws of any domestic jurisdiction and assumes our obligations with respect to the debt securities under the indentures;

immediately after giving pro forma effect to the transaction, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, exists; and

we deliver to the trustee an officers' certificate and opinion of counsel stating that the transaction and the related supplemental indenture comply with the applicable provisions of the indenture and all applicable conditions precedent have been satisfied (Section 801).

Events of Default

Unless otherwise specified in the prospectus supplement, each of the following will constitute an event of default under the indenture with respect to debt securities of any series:

- (1) failure to pay principal of or any premium on any debt security of that series when due;
- (2) failure to pay any interest on any debt securities of that series when due, that is not cured within 30 days;
- (3) failure to deposit any sinking fund payment, when due, in respect of any debt security of that series, that is not cured within 30 days;
- (4) failure to perform any of our other covenants in such indenture (other than a covenant included in such indenture solely for the benefit of a series other than that series or that is not made applicable to that series), that is not cured within 90 days after written notice has been given by the trustee, or the holders of at least 25% in principal amount of the outstanding debt securities of that series, as provided in such indenture; or

(5) certain events of bankruptcy, insolvency or reorganization affecting us or any of our significant subsidiaries.

If an event of default (other than an event of default with respect to Express Scripts described in clause (5) above) with respect to the debt securities of any series at the time outstanding occurs and is continuing, either the trustee by notice to us or the holders of at least 25% in principal amount of the outstanding debt securities of that series by notice to us and the trustee may declare the principal amount of the debt securities of that series (or, in the case of any Original Issue Discount Security, such portion of the principal amount of such security as may be

Table of Contents

specified in the terms of such security) to be due and payable immediately. If an event of default with respect to Express Scripts described in clause (5) above with respect to the debt securities of any series at the time outstanding occurs, the principal amount of all the debt securities of that series (or, in the case of any such Original Issue Discount Security, such specified amount) will automatically, and without any action by the trustee or any holder, become immediately due and payable. After any such a declaration of acceleration, but before a judgment or decree based on acceleration, the holders of a majority in principal amount of the outstanding debt securities of that series may, under certain circumstances, rescind and annul such declaration if all events of default, other than the non-payment of accelerated principal (or other specified amount), have been cured or waived as provided in the indenture (Section 502). For information as to waiver of defaults, see **Modification and Waiver** below.

Subject to the provisions of the indenture relating to the duties of the trustee in case an event of default has occurred and is continuing, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of debt securities, unless such holders have offered to the trustee indemnity satisfactory to it (Section 603). Subject to such provisions for the indemnification of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series (Section 512).

No holder of a debt security of any series will have any right to institute any proceeding under the indenture, or for the appointment of a receiver or a trustee, or for any other remedy under the indenture, unless:

such holder has previously given the trustee written notice of a continuing event of default with respect to the debt securities of that series;

the holders of at least 25% in principal amount of the outstanding debt securities of that series made a written request to pursue the remedy, and such holders have offered the trustee indemnity satisfactory to it and if requested, provide the trustee for losses incurred in connection with pursuit of the remedy; and

the trustee fails to comply with the request, and does not receive from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with such request, within 60 days after such notice, request and offer (Section 507).

However, such limitations do not apply to a suit instituted by a holder of a debt security to enforce the payment of the principal of or any premium or interest on such debt security on or after the applicable due date specified in such debt security or, if applicable, to convert such debt security (Sections 507 and 508).

We will be required to furnish to the trustee annually a statement by certain of our officers as to whether or not we, to our knowledge, are in default in the performance or observance of any of the terms, provisions and conditions of the indenture and, if so, specifying all such known defaults (Section 1004).

Modification and Waiver

Unless otherwise specified in the prospectus supplement, modifications and amendments of the indenture may be made by us, our subsidiary guarantors, if applicable, and the trustee with the consent of the holders of a majority in principal amount of the outstanding debt securities of each series affected by such modification or amendment; provided, however, that no such modification or amendment may, without the consent of the holder of each outstanding debt security affected thereby:

change the stated maturity of the principal of, or any installment of principal of or interest on, any debt security;

reduce the principal amount of, or any premium or interest on, any debt security;

reduce the amount of principal payable upon acceleration of the maturity of any debt security;

change the place, manner or currency of payment of principal of, or any premium or interest on, any debt security;

Table of Contents

impair the right to institute suit for the enforcement of any payment due on or any conversion right with respect to any debt securities in a manner adverse to the holders of such debt securities;

except as provided in the indenture, release the guarantee of a subsidiary guarantor;

reduce the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification or amendment of the indenture;

reduce the percentage in principal amount of outstanding debt securities of any series necessary for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults;

modify such provisions with respect to modification, amendment or waiver; or

change the ranking of any series of debt securities (Section 902).

Unless otherwise specified in the prospectus supplement, the holders of a majority in principal amount of the outstanding debt securities of any series may waive compliance by us with certain restrictive provisions of the indenture (Section 902). The holders of a majority in principal amount of the outstanding debt securities of any series may also waive any past default under the indenture, except a default:

in the payment of principal, premium or interest or the payment of any redemption, purchase or repurchase price;

arising from our failure to convert any debt security in accordance with the indenture; or

of certain covenants and provisions of the indenture which cannot be amended without the consent of the holder of each outstanding debt security of such series (Section 513).

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to any series of debt securities (except as to any surviving rights of registration of transfer or exchange of debt securities expressly provided for in the indenture or any other surviving rights expressly provided for in a supplemental indenture) when:

either:

all debt securities that have been authenticated (except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has theretofore been deposited in trust and thereafter repaid to us) have been delivered to the trustee for cancellation; or

all debt securities that have not been delivered to the trustee for cancellation have become due and payable or will become due and payable at their stated maturity within one year or are to be called for redemption within one year under arrangements satisfactory to the trustee and in any case we have deposited with the trustee as trust funds U.S. dollars or U.S. government obligations in an amount sufficient, to pay the entire indebtedness of such debt securities not delivered to the trustee for cancellation, for principal, premium, if any, and accrued interest to the stated maturity or redemption date;

we have paid or caused to be paid all other sums payable by us under the indenture; and

we have delivered an officers certificate and an opinion of counsel to the trustee stating that we have satisfied all conditions precedent to satisfaction and discharge of the indenture with respect to the debt securities (Section 401).

Legal Defeasance and Covenant Defeasance

Legal Defeasance. We and, if applicable, each subsidiary guarantor will be discharged from all our obligations with respect to such debt securities (except for certain obligations to convert, exchange or register the transfer of debt securities, to replace stolen, lost or mutilated debt securities, to maintain paying agencies and to hold moneys for payment in trust) upon the deposit in trust for the benefit of the holders of such debt securities of money or U.S. government obligations, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent certified public accountants, to pay the principal of and any premium and interest on

Table of Contents

such debt securities on the respective stated maturities in accordance with the terms of the indenture and such debt securities. Such defeasance or discharge may occur only if, among other things:

(1) we have delivered to the trustee an opinion of counsel to the effect that we have received from, or there has been published by, the U.S. Internal Revenue Service a ruling, or there has been a change in tax law, in either case to the effect that holders of such debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit and legal defeasance and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and legal defeasance were not to occur;

(2) no event of default or event that with the passing of time or the giving of notice, or both, shall constitute an event of default shall have occurred and be continuing at the time of such deposit or, with respect to any event of default described in clause (5) under Events of Default, at any time until 90 days after such deposit;

(3) such deposit and defeasance will not result in a breach or violation of, or constitute a default under, the indenture or any other agreement or instrument to which we are a party or by which we are bound; and

(4) we have delivered to the trustee an opinion of counsel to the effect that such defeasance will not cause the trustee or the trust so created to be subject to the Investment Company Act of 1940 (Sections 1302 and 1304).

Covenant Defeasance. The indentures provide that we may elect, at our option, that our failure to comply with certain restrictive covenants (but not to conversion, if applicable), including those that may be described in the applicable prospectus supplement, and the occurrence of certain events of default which are described above in clause (4) under Events of Default and any that may be described in the applicable prospectus supplement, will not be deemed to either be or result in an event of default with respect to such debt securities. In order to exercise such option, we must deposit, in trust for the benefit of the holders of such debt securities, money or U.S. government obligations, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent certified public accountants, to pay the principal of and any premium and interest on such debt securities on the respective stated maturities in accordance with the terms of the indenture and such debt securities. Such covenant defeasance may occur only if we have delivered to the trustee an opinion of counsel that in effect says that holders of such debt securities will not recognize gain or loss for federal income tax purposes as a result of such deposit and covenant defeasance and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and covenant defeasance were not to occur, and the requirements set forth in clauses (2), (3), and (4) under the heading Legal Defeasance above are satisfied. If we exercise this option with respect to any debt securities and such debt securities were declared due and payable because of the occurrence of any event of default, the amount of money and U.S. government obligations so deposited in trust would be sufficient to pay amounts due on such debt securities at the time of their respective stated maturities but may not be sufficient to pay amounts due on such debt securities upon any acceleration resulting from such event of default. In such case, we would remain liable for such payments (Sections 1303 and 1304).

We may issue warrants for the purchase of common stock, preferred stock or debt securities. We may issue warrants independently or together with any offered securities. The warrants may be attached to or separate from those offered securities. If the warrant holder exercises the warrant for less than all of the warrants represented by the warrant certificate, we will issue a new warrant certificate for the remaining warrants.

The description in the applicable prospectus supplement of any warrants we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable warrant agreement and warrant certificate, which will be filed with the SEC if we offer warrants. DESCRIPTION OF PURCHASE CONTRACTS AND PURCHASE UNITS

We may issue purchase contracts for the purchase or sale of common stock, preferred stock or debt securities issued by us or by third parties as specified in the applicable prospectus supplement. Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase on specified dates, such securities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the securities otherwise deliverable, as set forth in the applicable prospectus supplement. whether the purchase contracts will be issued in fully registered global form.

The description in the applicable prospectus supplement of any purchase contract or purchase unit we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable purchase contract or purchase unit, which will be filed with the SEC if we offer purchase contracts or purchase units. Item 15. *Indemnification of Directors and Officers.*

The Company is a Delaware corporation. Reference is made to Section 102(b)(7) of the General Corporation Law of the State of Delaware (the DGCL), which enables a corporation in its original certificate of incorporation or an amendment to eliminate or limit the personal liability of a director for violations of the director's fiduciary duty, except:

for any breach of the director's duty of loyalty to the corporation or its stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

pursuant to Section 174 of the DGCL (providing for liability of directors for unlawful payment of dividends or unlawful stock purchases or redemptions); or

for any transaction from which a director derived an improper personal benefit.

Reference is also made to Section 145 of the DGCL, which provides that a corporation may indemnify any persons, including officers and directors, who are, or are threatened to be made, parties to any threatened, pending or

completed legal action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was a director, officer, employee or agent of such corporation or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided such director, officer, employee or agent acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe that the person's conduct was unlawful. A Delaware corporation may indemnify officers and directors in an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation. Where an officer or director is successful on the merits

II-1

or otherwise in the defense of any action referred to above, the corporation must indemnify him against the expenses that such officer or director actually and reasonably incurred. The indemnification permitted under the DGCL is not exclusive, and a corporation is empowered to purchase and maintain insurance against liabilities whether or not indemnification would be permitted by statute.

The Company's Amended and Restated Certificate of Incorporation (as amended) provides that to the fullest extent permitted by the laws of the State of Delaware, as the same may be amended, a director of the Company shall not be personally liable to the Company or its stockholders for monetary damages for breach of any fiduciary duty as a director.

The Company's Amended and Restated Certificate of Incorporation (as amended) and Third Amended and Restated Bylaws provide for indemnification of its directors and officers to the fullest extent currently permitted by the DGCL. On December 12, 2006, the registrant's board of directors approved the entry into indemnification agreements by and between the Company and its directors and certain of its officers. Such indemnification agreements were effective as of December 22, 2006 and contractually provide for indemnification for such persons to the fullest extent currently permitted under the DGCL. In addition, the Company maintains liability insurance for its directors and officers.

Item 16. Exhibits.

The Exhibits to this registration statement are listed in the Index to Exhibits on page II-43 and are incorporated by reference herein.

Item 17. Undertakings.

The undersigned registrants hereby undertake:

(A)(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (A)(1)(i), (A)(1)(ii) and (A)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrants pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

II-2

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

A. Each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

B. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(5) That, for the purpose of determining liability of a registrant under the Securities Act to any purchaser in the initial distribution of the securities, each undersigned registrant undertakes that in a primary offering of securities of an undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, each undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of an undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of an undersigned registrant or used or referred to by an undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about an undersigned registrant or its securities provided by or on behalf of an undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by an undersigned registrant to the purchaser.

(B) The undersigned registrants hereby undertake that, for purposes of determining any liability under the Securities Act, each filing of any registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(C) The undersigned registrants hereby undertake to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those

set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(D) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of each registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the SEC such indemnification is against public policy as

II-3

expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of that registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(E) The undersigned registrants hereby undertake to file an application for the purpose of determining the eligibility of the trustee to act under Subsection (a) of Section 310 of the Trust Indenture Act (Act) in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.
