**SUNAIR SERVICES CORPORATION AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)**

1. Basis of Consolidated Financial Statement Presentation

The accompanying unaudited condensed consolidated financial statements include the accounts of Sunair Services Corporation and its subsidiaries (the Company), required to be consolidated in accordance with U.S. generally accepted accounting principles (GAAP). The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the accounting policies described in the Company's Annual Report on Form 10-K for its fiscal year ended September 30, 2008 and should be read in conjunction with the consolidated financial statements and notes thereto.

The unaudited condensed consolidated financial statements for the nine and three months ended June 30, 2009 and 2008 included herein have been prepared in accordance with the instructions for Form 10-Q under the Securities Exchange Act of 1934, as amended, and Article 8 of Regulation S-X under the Securities Act of 1933, as amended. Certain information and footnote disclosures normally included in financial statements prepared in conformity with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations relating to interim financial statements.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain only normal recurring adjustments necessary to present fairly the Company's financial position as of June 30, 2009, and the results of its operations and cash flows for the nine and three months ended June 30, 2009 and 2008. Operating results for the nine months ended June 30, 2009 are not necessarily indicative of the results that may be expected for the fiscal year ending September 30, 2009.

2. Summary of Significant Accounting Policies

Revenue Recognition

The Company's revenue recognition policies are designed to recognize revenues at the time services are rendered or when goods change hands.

Lawn and ornamental services are primarily recurring in nature on a bi-monthly basis. In general, lawn and ornamental customers sign an initial one year contract, and revenues are recognized when services are rendered. The Company offers a discount to those customers who prepay a full year of services. The Company defers recognition of these advance payments and the related discounts until the underlying services have been rendered.

Pest control services primarily are billed annually with services being rendered on a semi-annual basis. In general, pest control customers sign an initial one year contract. The Company recognizes revenue over the life of these contracts in proportion to the direct costs incurred. These costs have a direct relationship to the fulfillment of the Company's obligations under the contracts and are representative of the value provided to the customer.

Termite baiting is primarily billed annually with revenues recognized as services are rendered. At the inception of a new baiting services contract, the system is installed. The Company recognizes revenue for the installation of the monitoring stations, initial directed liquid termiticide treatment and rendering of the initial monitoring services. The remaining portion of the annual fees billed are deferred and recognized as the remaining inspection and monitoring services are rendered over the annual period. Baiting renewal revenue is deferred and recognized over the annual period when the inspection and monitoring services are actually rendered. Liquid and drywood termite application revenues, both initial and renewal, are recognized when the services are rendered.

Reclassification

Certain reclassifications of amounts previously reported have been made to the accompanying unaudited condensed consolidated financial statements in order to maintain consistency and comparability between periods presented.

Table of Contents

In September 2008, the Company sold Telecom FM Ltd. (Telecom FM). For purposes of comparability, the results of the operations have been reclassified from continuing operations to discontinued operations for the nine and three months ended June 30, 2008 presented in the accompanying condensed consolidated statements of operations. See Note 9 Discontinued Operations.

Recently Adopted Accounting Pronouncements

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* (SFAS No. 157). SFAS No. 157 provides guidance for measuring the fair value of assets and liabilities and expands related disclosures. SFAS No. 157 defines fair value as the price that would be received to sell an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. SFAS No. 157 establishes market or observable inputs as the preferred source of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. Effective October 1, 2008, the Company adopted SFAS No. 157 for all financial instruments accounted for at fair value on a recurring basis. The adoption of SFAS No. 157 did not have a material effect on the Company's financial condition or operating results. SFAS No. 157 established a three level fair value hierarchy to classify the inputs used in measuring fair value as follows:

Level 1: Quoted prices for identical instruments in active markets.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-driven valuations whose inputs are observable or whose significant value drivers are observable.

Level 3: Significant inputs to the valuation model are unobservable.

In October 2008, the FASB issued Staff Position No. 157-3, *Determining the Fair Value of a Financial Asset in a Market That Is Not Active* (FSP 157-3), which clarifies the application of SFAS No. 157 when the market for a financial asset is inactive.

Specifically, FSP 157-3 clarifies how (1) management's internal assumptions should be considered in measuring fair value when observable data are not present, (2) observable market information from an inactive market should be taken into account, and (3) the use of broker quotes or pricing services should be considered in assessing the relevance of observable and unobservable data to measure fair value. The guidance in FSP 157-3 is effective immediately. As of June 30, 2009, the Company did not have any financial liabilities or assets that are measured at fair value as defined under SFAS No. 157.

In February 2008, the FASB issued Staff Position No. 157-2 (FSP 157-2) deferring the effective date of SFAS No. 157 for nonfinancial assets and liabilities to fiscal years beginning after November 15, 2008 (fiscal year ending September 30, 2010 for the Company). FSP 157-2 delays the effective date of SFAS No. 157 to fiscal years beginning after November 15, 2008 for all non-financial assets and non-financial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually) and will be adopted by the Company beginning in the first quarter of fiscal 2010. Although the Company will continue to evaluate the application of FSP 157-2, management does not currently believe adoption will have a material impact on the Company's financial condition or operating results.

The Company also adopted SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities including an amendment of FASB Statement No. 115* (FASB No. 159), during the first quarter of fiscal 2009. SFAS No. 159 allows companies to choose to measure eligible financial instruments and certain other items at fair value that are not required to be measured at fair value. SFAS No. 159 requires that unrealized gains and losses on items for which the fair value option has been elected be reported in earnings at each reporting date. The Company adopted SFAS No. 159 but has not elected the fair value option for any eligible financial instruments.

Table of Contents**Recent Accounting Pronouncements**

In June 2009, the FASB issued Statement No. 166, *Accounting for Transfers of Financial Assets, an amendment to SFAS No. 140* (SFAS No. 166). SFAS No. 166 eliminates the concept of a qualifying special-purpose entity, changes the requirements for derecognizing financial assets, and requires additional disclosures in order to enhance information reported to users of financial statements by providing greater transparency about transfers of financial assets, including securitization transactions, and an entity's continuing involvement in and exposure to the risks related to transferred financial assets. SFAS No. 166 is effective for fiscal years beginning after November 15, 2009. The Company will adopt SFAS No. 166 in fiscal 2010 and is evaluating the impact it will have on the consolidated results of the Company.

In June 2009, the FASB issued Statement No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* (FASB No.168). FASB No. 168 replaces FASB Statement No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, and establishes the FASB Accounting Standards Codification TM (the Codification) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). FASB No. 168 is effective for interim and annual periods ending after September 15, 2009. The Company will begin to use the new Codification when referring to GAAP in its annual report on Form 10-K for the year ending September 30, 2009. This will not have an impact on the consolidated results of the Company.

In May 2009, the FASB issued Statement No. 165, *Subsequent Events* (FASB No. 165), which establishes general standards of accounting for, and requires disclosure of, events that occur after the balance sheet date but before financial statements are issued or are available to be issued. The Company adopted the provisions of FASB No. 165 for the quarter ended June 30, 2009. The adoption of these provisions did not have a material effect on the Company's consolidated financial statements.

In April 2009, the FASB issued FSP FAS 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly* (FSP 157-4), and FSP FASB 107-1 and Accounting Principles Board (APB) 28-1, *Interim Disclosures about Fair Value of Financial Instruments* (FSP 107-1). These two staff positions relate to fair value measurements and related disclosures. The FASB also issued a third FSP relating to the accounting for impaired debt securities titled FSP FAS 115-2 and FAS 124-2, *Recognition and Presentation of Other-Than-Temporary Impairments* (FSP 115-2). These standards were effective for interim and annual periods ending after June 15, 2009. The Company has determined that FSP 157-4 and FSP 115-2 do not currently apply to its activities and has adopted the disclosure requirements of FSP 107-1.

In June 2008, the FASB issued FSP No. EITF 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions are Participating Securities*. This FSP provides that unvested share-based payment awards that contain nonforfeitable rights to dividends are participating securities and shall be included in the computation of earnings per share pursuant to the two class method. This FSP is effective for financial statements issued for fiscal years beginning after December 15, 2008 (fiscal year ending September 30, 2010 for the Company) and interim periods within those years. Upon adoption, a company is required to retrospectively adjust its earnings per share data to conform to the provisions in this FSP. The provisions of FSP No. EITF 03-6-1 are effective for the Company retroactively in the first quarter ending December 31, 2009. The Company is in the process of evaluating the impact of FSP No. EITF 03-6-1 on the calculation and presentation of earnings per share in its consolidated financial statements.

In April 2008, the FASB issued FASB Staff Position (FSP) No. FAS 142-3, *Determination of the Useful Life of Intangible Assets*. FSP No. FAS 142-3 amends the factors that should be considered in developing renewal or extension assumptions used to determine the useful life of a recognized intangible asset under FASB No. 142, *Goodwill and Other Intangible Assets*. This FSP is effective for fiscal years beginning after December 31, 2008 (fiscal year ending September 30, 2010 for the Company), and interim periods within those fiscal years (interim period December 31, 2009 for the Company). Early adoption is prohibited. The Company is currently assessing the impact that FSP No. FAS 142-3 will have on its financial position, cash flows, and results of operations.

We changed our corporate name from Sunair Electronics, Inc. to Sunair Services Corporation in November of 2005. Previously, we operated through two business segments: Telephone Communications and High Frequency Radio. In June 2005 with the acquisition of Middleton Pest Control, Inc. (Middleton) we embarked on a new strategy to become a leading regional provider of lawn and pest control services focusing mainly on residential customers.

We have completed the execution of our strategy to divest our legacy businesses (Telephone Communications and High Frequency Radio) and will continue to focus on growing our core business, Lawn and Pest Control Services. The acquisitions and divestitures that have taken place since September 30, 2007 are as follows:

Acquisitions:

In October 2007 we acquired substantially all the assets of Marshall Pest Control of SW FL, Inc.

Dispositions:

In September 2008 we sold all the issued and outstanding stock of Telecom FM Limited, (Telecom FM), a wholly-owned subsidiary operating in our Telephone Communications business segment.

Despite the downturn, revenue of pest control and termite services remained flat.

Cost of Sales

Cost of sales decreased as a percentage of revenue from 38.8% to 35.2%, or \$1.1 million due to the following factors:

Payroll costs decreased \$0.4 million primarily due to the reduction in services rendered and the transition of our compensation structure in our acquired branches to mirror the rest of the Company.

Chemical costs decreased \$0.3 million primarily due to the decrease in lawn and ornamental revenue.

Vehicle costs decreased \$0.3 million due to a reduction in fuel prices and a decrease in the repair and maintenance costs. The Company reduced its fleet size by 97 vehicles as part of a rightsizing initiative to better manage our costs which also included the discontinuation of our third party vehicle maintenance program which was brought in house.

Gross Profit

Payroll expenses decreased \$0.5 million as a result of reducing our headcount.

Vehicle expenses decreased \$0.2 million due to lower fuel costs and reduced fleet size.

Health insurance expenses decreased by \$0.2 million due to a reduction in headcount and the renegotiation of our health and dental insurance rates with our provider, along with adjustments to our employee contribution levels.

Office and printing expenses decreased by \$0.1 million primarily due to a focused effort to maintain tight controls on inventory, structure the bidding on materials and the consolidation of three of our branches into three other nearby branch locations.

Despite the downturn, revenue for pest control and termite services remained at levels similar to those achieved in 2008.

Cost of Sales

Cost of sales decreased as a percentage of revenue from 39.0% to 37.0%, or \$2.3 million due to the following factors:

General and administrative expenses decreased as a percentage of revenue from 50.3% to 47.9%, or \$3.0 million primarily due to the following factors:

Payroll expenses decreased by \$1.0 million primarily due to a reduction in headcount.

Office and printing expenses decreased by \$0.3 million primarily due to tighter controls on office supply inventory and print expenditures.

Corporate general and administrative expenses were increased by \$0.1 million. An increase of \$0.5 million in legal and professional fees, primarily due to a shareholders' dispute was partially offset by a decrease in management fees of \$0.4 million, a result of the Amended Management Services Agreement between the Company and RPC Financial Advisors, LLC, (a related party), which was effective as of February 8, 2008, which resulted in lower management fees.

As of September 30, 2008 a reserve was set up for the entire amount of a \$2.0 million note receivable due from Sunair Electronics LLC, relating to the sale of our legacy high frequency radio business, as collection of this note is doubtful due to recent adverse developments at Sunair Electronics LLC. In February 2009 a payment of \$275,000 was received from Sunair Electronics LLC as settlement of the note receivable. This amount was recorded as income from discontinued operations in the accompanying condensed consolidated statements of operations for the nine months ended June 30, 2009.

Table of Contents**Liquidity and Capital Resources**

Generally our working capital needs are funded from operations and advances under our revolving line of credit. In the lawn care and pest control business customers are billed when service is rendered and payment is usually received in less than thirty (30) days.

As of June 30, 2009, our liquidity and capital resources included cash and equivalents of \$1.6 million and \$1.5 million was available under our revolving line of credit. On August 11, 2009, our lender agreed to extend the maturity of our revolving line of credit from April 2, 2010 to July 2, 2010 and reduced the maximum credit limit from \$6.75 million to \$5.5 million as of August 11, 2009 and thereafter. This reduced our availability under our revolving line of credit to \$0.3 million, net of a letter of credit of \$0.3 million, based on our outstanding line of credit balance at June 30, 2009.

As of September 30, 2008, our liquidity and capital resources included cash and equivalents of \$3.0 million and \$1.4 million available under our revolving line of credit.

Cash provided by operating activities was \$4.0 million for the nine months ended June 30, 2009 as compared to cash used in operating activities of \$1.6 million for the nine months ended June 30, 2008. During the nine months ended June 30, 2009 the primary sources of cash from operating activities were a decrease in accounts receivable of \$0.4 million, a decrease in inventories of \$0.4 million, and a decrease in prepaid and other assets of \$2.2 million.

During the nine months ended June 30, 2009, we collected the \$1.8 million receivable related to the sale of Telecom FM which took place on September 30, 2008 and which was included in prepaid and other current assets at September 30, 2008. The primary uses of cash for the nine months ended June 30, 2009 were a decrease in accounts payable and accrued expenses of \$0.6 million, a decrease in unearned revenue of \$0.3 million and a decrease in customer deposits of \$0.2 million. For the nine months ended June 30, 2008, the primary sources of cash were an increase in accounts payable of \$0.2 million, an increase in unearned revenue of \$0.1 million and an increase in customer deposits of \$0.4 million. The primary uses of cash from operating activities for the nine months ended June 30, 2008 were an increase in accounts receivable of \$2.5 million, an increase in inventories of \$0.1 million, an increase in prepaid and other current assets of \$0.1 million.

Net cash used in investing activities was \$0.5 million during the nine months ended June 30, 2009 as compared to cash used in investing activities of \$1.5 million for the nine months ended June 30, 2008. During the nine months ended June 30, 2009 the primary uses of cash from investing activities were \$0.2 million for capital expenditures and \$0.3 million for software development. For the nine months ended June 30, 2008 the primary uses of cash from investing activities were \$1.0 million used for business acquisitions and \$0.5 million used for capital expenditures.

Net cash used in financing activities was \$4.9 million for the nine months ended June 30, 2009 as compared to net cash provided by financing activities of \$2.5 million for the nine months ended June 30, 2008. During the nine months ended June 30, 2009 the primary use of cash from financing activities were the repayment of the revolving line of credit of \$4.6 million and the repayment of notes payable and capital leases of \$0.3 million. For the nine months ended June 30, 2008, the primary source of cash from financing activities was net proceeds from revolving line of credit of \$2.9 million.

Cash flows from discontinued operations for the nine months ended June 30, 2009 and 2008 are minimal and are included in the condensed consolidated statements of cash flows within operating, investing and financing activities. Our uses of cash for fiscal 2009 will be principally for working capital needs, capital expenditures and debt service. We are not anticipating acquisition activity in fiscal 2009. We believe that we can fund our planned business activities for the next twelve months from a combination of cash on hand, cash flows expected to be generated from operating activities and funds available under our revolving line of credit which we amended on August 11, 2009, however, no assurance can be given that this will be the case. The Company remained in compliance with applicable financial covenants in its credit agreement at June 30, 2009.

Lawsuit filed by the Dissident Group against the Company

On February 19, 2009, Michael Brauser, Dru Schmitt and Michael Herman (the Dissident Group) filed a complaint in the Fifteenth Judicial Circuit Court (Court or the Palm Beach Court) in Palm Beach County, Florida against us, Coconut Palm Capital Investors II, Ltd. (Coconut Palm) and Coconut Palm Capital Investors II, Inc. (Coconut Palm Inc.). The claims relate to the Dissident Group's action to take control of the Company by replacing our current Board and replacing it with their six nominees and a claim that certain proxies granted to Coconut Palm Inc. by Mr. Brauser and Mr. Schmitt are not valid.

In the complaint, the Dissident Group demanded that (i) we provide it with a copy of our shareholder list as of January 28, 2009, the record date for the Annual Meeting of Shareholders, and pre-addressed mailing labels for our shareholders as of the record date, (ii) the Court issue a declaratory judgment relating to the validity of proxies granted to Coconut Palm Inc. by Mr. Brauser and Mr. Schmitt and (iii) that the Court enjoin our Annual Meeting to be held on March 18, 2009 because our proxy materials contain misrepresentations and omissions of material facts. On March 17, 2009, we, Coconut Palm and Coconut Palm Inc. filed a motion to remove the lawsuit to the United States District Court, the Southern District of Florida (Federal Court), which the Palm Beach Court granted two days later. On April 16, 2009, the Dissident Group filed a Motion to Remand the lawsuit to the state court, the Palm Beach Court. On July 6, 2009, the Federal Court entered an Order Denying Motion to Remand. On March 24, 2009, the Company, Coconut Palm and Coconut Palm Inc. filed a motion to dismiss the lawsuit and the Dissident Group filed a response to this motion on May 18, 2009. The Company, Coconut Palm and Coconut Palm, Inc. filed a Reply to the Dissident Group's response to the motion to dismiss on May 29, 2009. The Federal Court has not ruled on the Motion to Dismiss. The Company believes this lawsuit is without merit and intends to continue to vigorously defend itself.

Complaint filed by the Company against the Dissident Group

On March 12, 2009, we filed a complaint in the Federal Court against the Dissident Group and certain other co-defendants for violations of federal securities laws. The complaint relates to actions that have arisen in connection with the information statement that the Dissident Group filed with the SEC on January 28, 2009, as amended on February 25, March 6 and March 9, 2009 (collectively, the Information Statement), in which the Dissident Group sought to remove our current Board of Directors and replace it with their nominees.

The complaint alleges that the Dissident Group and certain other co-defendants unlawfully solicited proxies from our shareholders in violation of Section 14(a) and 14(c) of the Exchange Act in connection with their actions to take control of the Company and replace our current Board of Directors with their six nominees. It also alleges that the Information Statement filed by the Dissident Group omits material information relating to Mr. Brauser's background, including civil fraud litigation and a bankruptcy proceeding involving a company owned by Mr. Brauser.

With its lawsuit, the Company is seeking injunctive relief against the Dissident Group to prevent them from voting any proxies obtained in the unlawful proxy solicitation, requiring corrective disclosure in the Information Statement and establishing a 90-day cooling off period before the Dissident Group can commence any further activity relating to a change of control. The Dissident Group has filed motions for extension of time to respond to the Complaint. On July 30, 2009, the Federal Court granted an extension of time through August 31, 2009, for the Dissident Group to file an Answer to the Complaint.
