REOFFER PROSPECTUS

**VERINT SYSTEMS INC.
598,275 SHARES OF COMMON STOCK**

This prospectus relates to the resale, from time to time, of up to 598,275 shares of our common stock, \$0.001 par value per share, by the selling stockholders listed in this prospectus. The selling stockholders acquired such shares pursuant to grants made under the Verint Systems Inc. 2010 Long-Term Stock Incentive Plan. The Verint Systems Inc. 2010 Long-Term Stock Incentive Plan is referred to in this prospectus as the Plan.

We will not receive any proceeds from sales of the shares of our common stock covered by this prospectus by any of the selling stockholders. The shares may be offered, from time to time, by any or all of the selling stockholders through ordinary brokerage transactions, in negotiated transactions or in other transactions, at such prices as he, she or they may determine, which may relate to market prices prevailing at the time of sale or be a negotiated price. See Plan of Distribution. We will bear all costs, expenses and fees in connection with the registration of the shares. Brokerage commissions and similar selling expenses, if any, attributable to the offer or sale of the shares will be borne by the selling stockholders.

Each selling stockholder and any broker executing selling orders on behalf of a selling stockholder may be deemed to be an underwriter as defined in the Securities Act of 1933, as amended, or the Securities Act. If any broker-dealers are used to effect sales, any commissions paid to broker-dealers and, if broker-dealers purchase any of the shares of common stock covered by this prospectus as principals, any profits received by such broker-dealers on the resales of shares may be deemed to be underwriting discounts or commissions under the Securities Act. In addition, any profits realized by the selling stockholders may be deemed to be underwriting commissions.

Shares of our common stock are listed on the NASDAQ Global Market under the symbol VRNT. On April 11, 2011, the last reported sale price of our common stock was \$35.55 per share.

Investing in shares of our common stock involves a high degree of risk. See Risk Factors on page 4 of this prospectus and the other risk factors set forth in our periodic and other filings with the Securities and Exchange Commission, or the SEC, including those set forth in our Annual Report on Form 10-K for the year ended January 31, 2011, for a discussion of certain factors that should carefully be considered by prospective purchasers.

Neither the SEC nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

RISK FACTORS

Investing in shares of our common stock involves a high degree of risk. You should carefully review the risks described below and the other risk factors set forth in our periodic and other filings with the SEC, including those set forth in our Annual Report on Form 10-K for the year ended January 31, 2011, together with the other information contained in and incorporated by reference into this prospectus, before making an investment decision. Our business, results of operations and financial condition may be materially and adversely affected due to any of these risks. The trading price of our shares could decline due to any of these risks, and you could lose all or part of your investment. Some risk factors in this section are forward-looking statements. See Cautionary Note on Forward-Looking Statements.

Risks Related To Our Common Stock

We do not plan to pay dividends on our common stock for the foreseeable future.

We intend to retain our earnings to support the development and expansion of our business, to repay debt and for other corporate purposes and, as a result, we do not plan to pay cash dividends on our common stock in the foreseeable future. Our payment of any future dividends will be at the discretion of our board of directors after taking into account various factors, including our financial condition, operating results, cash needs, growth plans and the terms of any credit facility or other restrictive debt agreements that we may be a party to at the time or senior securities we may have issued. Our credit facility limits us from paying cash dividends or other payments or distributions with respect to our capital stock. In addition, the terms of any future facility or other restrictive debt credit agreement may contain similar restrictions on our ability to pay any dividends or make any distributions or payments with respect to our capital stock. In addition, holders of our preferred stock are entitled to cumulative dividends before any dividends may be declared or set aside on our common stock.

Furthermore, our ability to pay dividends to our stockholders is subject to the restrictions set forth under Delaware law. We cannot assure you that we will meet the criteria specified under Delaware law in the future, in which case we may not be able to pay dividends on our common stock even if we were to choose to do so.

The price of our common stock fluctuates significantly, and this may make it difficult for you to resell the common stock when you want to or at prices you find attractive.

There has been significant volatility in the market price and trading volume of equity securities, including our common stock, some of which is unrelated to the financial performance of the companies issuing the securities. The price for the shares of common stock being sold under this prospectus may not be indicative of prices that will prevail in the open market following your purchase of such shares. You may not be able to resell your shares at or above the price you paid due to fluctuations in the market price of our common stock caused by changes in our operating performance or prospects and other factors.

Some specific factors that may have a significant effect on our common stock market price include:

- actual or anticipated quarterly fluctuations in our operating and financial results;
- the success of competitive service offerings or technologies;
- the timing of announcements in the public market regarding new products, product enhancements or technological advances by our competitors or us;
- any announcements by us or our competitors of acquisitions, major transactions, or management changes;
- speculation in the press and the analyst community, including with respect to Comverse's strategic plans;
- announcements relating to Comverse's strategic plans;

Table of Contents

changes in recommendations or earnings estimates by financial analysts;
changes in investors' or analysts' valuation measures for our stock;
our credit ratings;
market trends unrelated to our performance;
stock sales by Comverse or our directors, officers, or other significant holders;
developments related to investigations, proceedings, or litigation that involve us;
regulatory developments; and
developments related to the industries in which we compete.

A significant drop in our stock price could also expose us to the risk of securities class actions lawsuits, which could result in substantial costs and divert management's attention and resources, which could adversely affect our business. Because our common stock has been re-listed on the NASDAQ Global Market only since July 6, 2010, we cannot predict the extent to which investor interest in our company will lead to the development of an active trading market on the NASDAQ Global Market or otherwise or how liquid that market might become. Unless there is an active trading market for our common stock, you may have difficulty selling any shares of our common stock that you purchase. Consequently, you may not be able to sell our common stock at prices equal to or greater than the price you paid.

Sales or potential sales of our common stock by us or our significant stockholders may cause the market price of our common stock to decline.

We are not restricted from issuing additional shares of common stock, including shares issuable pursuant to securities that are convertible into or exchangeable for, or that represent the right to receive, common stock. As of March 23, 2011, we had 37.1 million shares of common stock outstanding. In addition, as of that date, approximately 4.0 million shares of our common stock (including the 598,275 shares included in this prospectus, which were acquired by the selling stockholders on April 12, 2011) were issuable pursuant to outstanding stock options and awards which had not yet vested or which had been previously acquired upon vesting but had not yet been delivered. Additional shares of common stock are also available to be granted under our existing equity plans or may be granted under future equity plans. In addition, under two registration rights agreements that we entered into with Comverse, Comverse has registration rights with respect to its common stock and preferred stock holdings in Verint. As of January 31, 2011, the preferred stock was convertible into approximately 10.4 million shares of our common stock. Stock sales by Comverse or our directors, officers, or other significant holders may affect our stock price.

Anti-takeover provisions in Delaware corporate law may make it difficult for our stockholders to replace or remove our current board of directors and could deter or delay third-parties from acquiring us, which may adversely affect the marketability and market price of our common stock.

We are subject to the anti-takeover provisions of Section 203 of the Delaware General Corporation Law. Under these provisions, if anyone becomes an interested stockholder, we may not enter into a business combination with that person for three years without special approval, which could discourage a third party from making a takeover offer and could delay or prevent a change of control. For purposes of Section 203, interested stockholder means, generally, someone owning more than 15% or more of our outstanding voting stock or an affiliate of ours that owned 15% or more of our outstanding voting stock during the past three years, subject to certain exceptions as described in Section 203.

Table of Contents

Under any change of control, as defined in our credit agreement, the lenders under our credit facility would have the right to require us to repay all of our outstanding obligations under the facility. Upon the occurrence of a Fundamental Change, as defined by the Certificate of Designation setting forth the terms of the preferred stock, and which includes a change of control, the holders of our preferred stock have the right to require us to repurchase their shares of preferred stock at the then current liquidation preference (subject to certain exceptions set forth in the Certificate of Designation).

Holders of our preferred stock have liquidation and other rights that are senior to the rights of the holders of our common stock.

Our board of directors has the authority to designate and issue preferred stock that may have dividend, liquidation and other rights that are senior to those of our common stock. As of January 31, 2011, 293,000 shares of our preferred stock have been issued and are outstanding. As of January 31, 2011, the preferred stock was convertible into approximately 10.4 million shares of our common stock. Holders of our preferred stock are entitled to cumulative dividends before any dividends may be declared or set aside on our common stock. Upon our voluntary or involuntary liquidation, dissolution or winding up, before any payment is made to holders of our common stock, holders of our preferred stock are entitled to receive an initial liquidation preference of \$1,000 per share, plus any accrued and unpaid dividends, which liquidation preference was approximately \$338.7 million in the aggregate as of January 31, 2011. This will reduce the remaining amount of our assets, if any, available to distribute to holders of our common stock.

USE OF PROCEEDS

We will not receive any proceeds from sales of the shares of our common stock covered by this prospectus by any of the selling stockholders. The proceeds from the sale of the common stock covered by this prospectus are solely for the accounts of the selling stockholders.

We will bear all costs, expenses and fees in connection with the registration of the shares. Brokerage commissions and similar selling expenses, if any, attributable to the offer or sale of the shares will be borne by the selling stockholders.

SELLING STOCKHOLDERS

This prospectus relates to shares of our common stock previously issued pursuant to the Plan to certain of our employees that are being registered for resale. All of the shares of common stock that may be resold pursuant to this prospectus were previously acquired by the selling stockholders upon the satisfaction of applicable vesting conditions relating to certain equity awards (i.e., stockholder approval of a new equity compensation plan or our having additional share capacity under one of our existing stockholder-approved equity compensation plans and/or the passage of time).

The selling stockholders may resell any or all of such shares of common stock at any time they choose while this prospectus is effective. The inclusion in this prospectus of the employees named below who have acquired shares of our common stock under the Plan shall not be deemed to be an admission that any such individual is an affiliate of ours. There is no assurance that any of the selling stockholders will sell any or all of the shares of common stock covered by this prospectus.

The following is a list of our employees, regardless of number of shares held, who previously acquired shares of our common stock in connection with a vesting event that took place on April 12, 2011, pursuant to awards previously granted under the Plan, whose shares are being registered for resale pursuant to this prospectus. These employees may sell up to an aggregate of 598,275 shares of common stock, representing approximately 1.6% of our issued and outstanding shares of common stock. This percentage of ownership is based on 37,142,644 shares of our common stock issued and outstanding as of March 23, 2011 plus an additional 972,086 shares of our common stock that were acquired by our officers, directors and employees pursuant to vesting events occurring after that date, including the 598,275 shares of our common stock that may be offered pursuant to this prospectus that were acquired by the selling stockholders on April 12, 2011, for a total of 38,114,730 shares.

PLAN OF DISTRIBUTION

The selling stockholders have not advised us of any specific plan for the sale or distribution of the shares of common stock covered by this prospectus. If and when they occur, such sales may be made in any of the following manners:

- on the NASDAQ Global Market (or through the facilities of any national securities exchange or U.S. inter-dealer quotation system of a registered national securities association on which shares of our common stock are then listed, admitted to unlisted trading privileges or included for quotation);
- in public or privately negotiated transactions;
- in transactions involving principals or brokers;
- in a combination of such methods of sale; or
- any other lawful methods.

Although sales of the shares of common stock covered by this prospectus are, in general, expected to be made at market prices prevailing at the time of sale, the shares may also be sold at prices related to such prevailing market prices or at negotiated prices, which may differ considerably.

When offering the shares of common stock covered by this prospectus, each of the selling stockholders and any broker-dealers who sell the shares for the selling stockholders may be underwriters within the meaning of the Securities Act, and any profits realized by such selling stockholders and the compensation of such broker-dealers may be underwriting discounts and commissions.

Sales through brokers may be made by any method of trading authorized by any stock exchange or market on which our common stock may be listed, including block trading in negotiated transactions. Without limiting the foregoing, such brokers may act as dealers by purchasing any or all of the shares of common stock covered by this prospectus, either as agents for others or as principals for their own accounts, and reselling such shares pursuant to this prospectus. The selling stockholders may effect such transactions directly, or indirectly through underwriters, broker-dealers or agents acting on their behalf. In connection with such sales, such broker-dealers or agents may receive compensation in the form of commissions, concessions, allowances or discounts, any or all of which might be in excess of customary amounts.

Each of the selling stockholders is acting independently of us in making decisions with respect to the timing, manner and size of each sale of shares. We have not been advised of any definitive selling arrangement at the date of this prospectus between any selling stockholder and any broker-dealer or agent.

To the extent required, the names of any agents, broker-dealers or underwriters and applicable commissions, concessions, allowances or discounts, and any other required information with respect to any particular offer of the shares by the selling stockholders, will be set forth in a prospectus supplement.

The expenses of preparing and filing this prospectus and the related registration statement with the SEC will be paid entirely by us. The selling stockholders have been advised that they are subject to the applicable provisions of the Exchange Act, including without limitation Rule 10b-5 thereunder.

Neither we nor the selling stockholders can currently estimate the amount of commissions or discounts, if any, that will be paid by the selling stockholders on account of their sales of the shares from time to time.

Item 4. Description of Securities.

Not applicable.

Item 5. Interests of Named Experts and Counsel.

Not applicable.

Item 6. Indemnification of Directors and Officers.

Section 102 of the General Corporation Law of the State of Delaware, or the DGCL, permits a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit. Our amended and restated certificate of incorporation provides that none of our directors shall be personally liable to Verint or our stockholders for monetary damages for any breach of fiduciary duty as a director, except (i) for any breach of the director's duty of loyalty to Verint or its stockholders, or (ii) for acts or omissions which are not taken or omitted to be taken in good faith or which involve intentional misconduct or knowing violation of the law, or (iii) for any matter in respect of which such director shall be liable under Section 174 of Title 8 of the DGCL or any amendment or successor provision thereto, or (iv) for any transaction from which the director shall have derived an improper personal benefit.

Section 145 of the DGCL provides that a corporation has the power to indemnify a director, officer, employee, or agent of the corporation, or a person serving at the request of the corporation for another corporation, partnership, joint venture, trust or other enterprise in related capacities, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with an action, suit or proceeding to which he was or is a party or is threatened to be made a party to any threatened, ending or completed action, suit or proceeding by reason of such position, if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, in any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful, except that, in the case of actions brought by or in the right of the corporation, no indemnification shall be made with respect to any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or other adjudicating court determines that, despite the adjudication of liability but in view of all of the circumstances of

the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Our certificate of incorporation provides that every person who is or was our director, officer, employee or agent or is or was a director, officer, trustee, employee or agent of any other enterprise, serving as such at our request, shall be indemnified to the fullest extent permitted by law for all expenses and liabilities in connection with any proceeding involving such person in this capacity. We entered into an indemnification agreement with each of our directors and officers under which we agreed to provide indemnification and expense reimbursement as outlined above.

Each of our directors who is also a director and/or officer of Comverse has an indemnification agreement with Comverse. Under this agreement, Comverse has agreed to indemnify such person against losses and expenses, to the extent permitted by law, incurred by such person in connection with his service as director and/or officer of Comverse or any of its subsidiaries.

Item 7. Exemption from Registration Claimed.

As previously disclosed, as a result of the Company's inability to file required reports with the Commission during the Company's extended filing delay period, the Company previously ceased using its existing registration statements on Form S-8 to make equity grants to employees. On May 24, 2007, the Company received a no-action letter from the Commission upon which the Company relied to make broad-based equity grants to employees under a no-sale theory. The Company has also made equity grants to certain employees in transactions that did not involve public offerings and that were exempt from registration under the Securities Act of 1933 under Section 4(2) of and/or Regulation D and/or Regulation S under the Securities Act of 1933. All of the shares of common stock that may be offered pursuant to this registration statement were acquired by the selling stockholders upon the grant of restricted stock pursuant to an applicable exemption from the registration requirements of the Securities Act of 1933 or the vesting of equity awards issued pursuant to the no-sale theory or an applicable exemption from registration.

Item 9. Undertakings.

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the registration statement is on Form S-8, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this registration statement will be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time will be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
