**PROXY STATEMENT  
APRIL 28, 2011**

**GENERAL INFORMATION**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Newpark Resources, Inc. for the Annual Meeting of Stockholders to be held at The Marriott Woodlands Waterway Hotel & Convention Center, 1601 Lake Robbins Drive, The Woodlands, Texas 77380 on Thursday, June 9, 2011, at 10:00 a.m., Central Daylight Time, and any postponements or adjournments of the Annual Meeting.

**Record Date and Outstanding Shares**

Only stockholders of record at the close of business on April 12, 2011 are entitled to receive notice of and to vote at the Annual Meeting. On that date, we had outstanding 90,390,300 shares of common stock, each of which is entitled to one vote upon each proposal presented at the Annual Meeting.

**Notice of Internet Availability of Proxy Materials**

In accordance with rules adopted by the Securities and Exchange Commission (the "SEC"), we are making this Proxy Statement and related materials available over the internet under the "notice and access" delivery model. The "notice and access" rule removes the requirement for public companies to automatically send their stockholders a printed set of proxy materials and allows them instead to deliver to their stockholders a "Notice of Internet Availability of Proxy Materials" and to provide access to the documents over the internet. A Notice of Internet Availability of Proxy Materials was first mailed to all stockholders of record on or about April 28, 2011. The notice is not a form for voting, and presents an overview of the more complete proxy materials which contain important information and are available on the internet and by mail. Stockholders are encouraged to access and review the proxy materials before voting.

This Proxy Statement, the form of proxy and voting instructions are being made available on or about April 28, 2011 at [www.proxyvote.com](http://www.proxyvote.com). You may also request a printed copy of this Proxy Statement and the form of proxy by telephone at 1-800-579-1639, via the internet at [www.proxyvote.com](http://www.proxyvote.com) or by email in accordance with the instructions given on the Notice of Internet Availability of Proxy Materials. Our Annual Report to Stockholders, including financial statements, for the fiscal year ended December 31, 2010, is being made available at the same time and by the same method described above. The Annual Report to Stockholders is not to be considered as part of the proxy solicitation material or as having been incorporated by reference.

Any stockholder may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis by making such request via the internet, email or by telephone. A request to receive proxy materials in printed form or electronically by email will remain in effect until the request is terminated by the stockholder.

**Voting Information**

Stockholders of record may vote in person at the Annual Meeting or by proxy. If you do not wish to vote in person or if you will not be attending the Annual Meeting, you may vote by proxy. You may vote by internet or by following the instructions in the Notice of Internet Availability of Proxy Materials or, if you requested printed copies of the proxy materials, you can vote by internet, by telephone or by delivering your proxy through the mail. We recommend that you vote by proxy even if you plan to attend the Annual

Meeting. If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record for you to follow in order to vote your shares.

### **Revocation of Proxies**

Any stockholder giving a proxy may revoke the proxy before it is voted by notifying our Secretary in writing before or at the Annual Meeting, by providing a proxy bearing a later date to our Secretary, by voting again via the internet or telephone, or by attending the Annual Meeting and expressing a desire to vote in person. If you are a beneficial owner and wish to change your vote, you must contact the bank, broker or other holder of record that holds your shares prior to the Annual Meeting to assist you with this process. Subject to this revocation, all proxies will be voted as directed by the stockholder on the proxy card. **If no choice is specified, proxies will be voted:**

**FOR the election of the directors nominated by the Board of Directors;**

**FOR the approval of the compensation of our named executed officers as disclosed in this proxy statement;**

**FOR the approval of holding future advisory votes on executive compensation to be conducted on a three-year basis;**

**FOR the approval of the proposed amendment to the 2003 Long Term Incentive Plan;**

**FOR the approval of the proposed amendment to the 2006 Equity Incentive Plan; and**

**FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year 2011.**

**The proxy confers discretionary authority to the persons named in the proxy authorizing those persons to vote, in their discretion, on any other matters properly presented at the Annual Meeting. Management is not currently aware of, nor does it intend to present at the Annual Meeting, any such other matters.**

Your cooperation in promptly voting your shares via internet or telephone or, if you received this Proxy Statement by mail, by returning the enclosed proxy, will reduce our expenses and enable our management and employees to continue their normal duties for your benefit with minimum interruption for follow-up proxy solicitation.

### **Quorum**

The presence at the Annual Meeting, either in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date is necessary to constitute a quorum for the transaction of business. Abstentions and broker non-votes are counted for purposes of determining the presence of a quorum.

### **Beneficial Ownership**

A broker non-vote occurs on an item of business at a meeting of stockholders when shares held by a nominee for a beneficial owner are present or represented at the meeting, but the nominee does not have voting power for that particular item of business and has not received instructions from the beneficial owner. Your nominee does not have authority to vote your shares with respect to the following agenda items at the Annual Meeting unless the nominee has received explicit instructions from you:

election of the directors;

the advisory vote on executive compensation;

the advisory vote on the frequency of holding future advisory votes on executive compensation;

the proposed amendment to the 2003 Long Term Incentive Plan; and

the proposed amendment to the 2006 Equity Incentive Plan.

## **Table of Contents**

Therefore, if the nominee does not receive voting instructions from you with respect to such items, the nominee will not be able to vote your shares on those items, and, consequently, your shares will be considered a broker non-vote with respect to those proposals. However, a nominee who holds your shares in its name is permitted to vote your shares on the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm even if the nominee does not receive voting instructions from you.

### **Election of Directors**

A plurality vote is required for the election of directors. The plurality standard means the nominees who receive the largest number of for votes cast are elected as directors. Thus, the number of shares not voted for the election of a nominee (and the number of withheld votes cast with respect to that nominee) will not affect the determination of whether that nominee has received the necessary votes for election. Brokers who have not received voting instructions from the beneficial owner do not have the discretionary authority to vote on the election of directors. Therefore, broker non-votes will not be considered in the vote totals and will have no effect on the election of the directors. However, as described in greater detail in the **Corporate Governance** section of this proxy under the heading **Corporate Governance Guidelines and Code of Ethics**, our Board of Directors has adopted a majority vote policy which applies to the election of directors. Under this policy, in an uncontested election (*i.e.*, an election where the number of nominees is not greater than the number of directors to be elected), any nominee who receives a greater number of withheld votes from his election than votes for his election is required to tender his resignation to the Chairman of the Board. Consequently, the number of withheld votes with respect to a nominee will affect whether or not our majority vote policy will apply to that individual.

### **Voting on the Frequency of Holding Future Advisory Votes on Executive Compensation**

With regard to the proposal for the approval of holding future advisory votes on executive compensation, stockholders will have four options, to approve future advisory votes every year, every two years or every three years, or to abstain from voting on such proposal. The frequency of such future advisory votes receiving a plurality, or the largest number of for votes cast, will be the frequency that has been approved by our stockholders. If you abstain from voting on this proposal, your shares will be counted as present at the Annual Meeting for the purpose of establishing a quorum and your abstention will have no effect on this vote. Brokers who have not received voting instructions from the beneficial owner do not have the discretionary authority to vote on this proposal. Therefore, broker non-votes will not be considered in the vote totals and will have no effect on this proposal.

### **Approval of Other Matters**

Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year 2011 and all other matters submitted to a vote of the stockholders, other than the election of directors and approval of future advisory votes on executive compensation, require the affirmative vote of a majority of the shares having voting power on such matter present or represented at the Annual Meeting. Abstentions will be considered as present at the Annual Meeting and included in the vote totals on these other proposals presented to the stockholders and will have the same legal effect as a vote against a particular proposal. Broker non-votes, if any, will not be considered in the tabulation of votes.

In addition to the vote required by our bylaws described above, under the New York Stock Exchange ( NYSE ) rules, approval of the proposed amendments to the 2003 Long Term Incentive Plan and the 2006 Equity Incentive Plan, respectively, each require approval of a majority of votes cast on each respective proposal, provided that the total votes cast on each proposal represent over 50% in interest of all securities entitled to vote on the proposal. The NYSE takes the position that a broker non-vote is not a vote cast. Accordingly, broker non-votes have to be subtracted when

determining whether the 50% in interest test has been met.

**Table of Contents****Solicitation of Proxies**

The cost of preparing, printing and delivering this Proxy Statement, the Notice of Annual Meeting and the form of proxy, as well as the cost of soliciting proxies relating to the Annual Meeting, will be borne by us. In addition to this distribution, officers and other regular employees of ours may solicit proxies personally, electronically or by telephone, but no additional compensation will be paid to these individuals on account of these activities. We will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding proxy materials to the beneficial owners of the shares held by them of record.

**PROPOSAL NO. 1****ELECTION OF DIRECTORS****Nominees and Voting**

Six directors are to be elected at the Annual Meeting, each to hold office until the next Annual Meeting and until his successor has been elected. The Board of Directors has nominated for election as directors the six persons named below based on the recommendation of the Nominating and Corporate Governance Committee. All nominees are incumbent directors.

The Board of Directors recommends that the stockholders vote **FOR** the election of these nominees. Unless directed otherwise, the persons named in the enclosed proxy intend to vote the shares of common stock represented by the proxies in favor of the election of these nominees. All of the Board's nominees have indicated that they are able and willing to serve as directors. If for any reason one or more of these nominees are unable to serve, the persons named in the enclosed proxy will vote instead for another person or persons that the Board of Directors may recommend, or the number of directors may be reduced.

**Please note that the rules regarding how brokers may vote your shares have changed. Brokers may no longer vote your shares on the election of directors in the absence of your specific instructions as to how to vote. We encourage you to provide instructions to your broker regarding the voting of your shares.**

The following table sets forth certain information as of April 12, 2011, with respect to the Board's nominees:

## **CORPORATE GOVERNANCE**

### **General**

Under Delaware law, our business and affairs are managed under the direction of the Board of Directors. The Board of Directors establishes broad corporate policies, has responsibility for our overall performance and direction and authorizes various types of transactions but is not involved in the details of day-to-day operations. Members of the Board of Directors keep informed of our business by participating in Board and committee meetings, by reviewing reports and other materials provided to them and through discussions with the Chief Executive Officer and other officers. All members of the Board of Directors, other than our President and Chief Executive Officer, Mr. Howes, satisfy the independence requirements of the NYSE.

Each director is elected to a one-year term. Our Board of Directors held 12 meetings during 2010. Each director attended at least 75% of the meetings of the Board of Directors held while serving as a member of the Board of Directors and of each committee of which he was a member that was held during the time he was a member.

In March 2005, the Board of Directors chose to separate the roles of Chairman of the Board and Chief Executive Officer. In June 2007, the Board of Directors elected Mr. Box as non-executive Chairman of the Board of Directors. The principal responsibilities of the non-executive Chairman of the Board are:

To manage the organization, functioning and affairs of the Board of Directors, in order to enable it to meet its obligations and responsibilities;

To facilitate the functioning of the Board of Directors independently of management and maintain and enhance the governance quality of the company and the Board;

To interact regularly with the Chief Executive Officer and his staff on major strategy issues, handling of major business issues and opportunities, matters of corporate governance and performance issues, including providing feedback of other Board members and acting as a sounding board for the Chief Executive Officer;

## **Table of Contents**

Together with the Chair of the Compensation Committee, to conduct a formal evaluation of the Chief Executive Officer's performance at least annually; and

To lead the Board of Directors in the execution of its responsibilities to the stockholders.

Given the substantial overlap of the duties of a non-executive Chairman of the Board and a lead independent director, the Board of Directors determined there is no need at this time to designate a lead independent director. A complete description of the responsibilities of the non-executive Chairman of the Board is set forth in a charter adopted by the Board of Directors, a copy of which is available in the Governance Documents section under Corporate Governance on our website at [www.newpark.com](http://www.newpark.com). A description of the powers and duties of the Chairman of the Board also is set forth in our Amended and Restated Bylaws.

## **Corporate Governance Guidelines and Code of Ethics**

### ***Corporate Governance Guidelines***

We are committed to adhering to sound principles of corporate governance and have adopted Corporate Governance Guidelines that the Board of Directors believes promote the effective functioning of the Board of Directors, its committees and our company. The Corporate Governance Guidelines conform to the NYSE corporate governance listing standards and SEC rules and address, among other matters, director qualifications, independence and responsibilities, majority vote principles, Board committees, Board access to senior management, the independent accountants and other independent advisors, compensation of directors and assessments of committee performance. The Corporate Governance Guidelines are available in the Governance Documents section under Corporate Governance on our website at [www.newpark.com](http://www.newpark.com) and are also available, without charge, upon request to our Corporate Secretary at Newpark Resources, Inc., 2700 Research Forest Drive, Suite 100, The Woodlands, Texas 77381.

### ***Majority Vote Policy***

Our Corporate Governance Guidelines provide for a majority vote principle in connection with the election of our directors. Under our Corporate Governance Guidelines, in an uncontested election (*i.e.*, an election where the number of nominees is not greater than the number of directors to be elected), any nominee who receives a greater number of votes withheld from his election than votes for his election must promptly tender his resignation to the Chairman of the Board unless he has previously submitted an irrevocable resignation in accordance with our Corporate Governance Guidelines. The Corporate Governance Guidelines also provide that the Board of Directors may require, in order for any incumbent director to become a nominee for further service on the Board of Directors, that the incumbent director submit to the Board of Directors an irrevocable resignation. The irrevocable resignation will be conditioned upon, and shall not become effective until there has been (i) a failure by that nominee to receive more votes for his election than votes withheld from his election in any uncontested election of directors and (ii) acceptance of the resignation by the Board of Directors. In the event a director receives a greater number of votes withheld from his election than for his election, the Nominating and Corporate Governance Committee will make a recommendation to the Board of Directors regarding the action to be taken with respect to the tendered resignation. A director whose resignation is being considered will not participate in any committee or Board of Directors meetings where the consideration is his resignation. The Board of Directors will act on the Nominating and Corporate Governance Committee's recommendation within 90 days following the certification of the stockholder vote, and the Board of Directors will promptly and publicly disclose its decision. Each of the nominees for election to the Board of Directors has submitted an irrevocable resignation in accordance with our Corporate Governance Guidelines.

***Stock Ownership Guidelines***

To encourage our non-employee directors to achieve and maintain an appropriate ownership interest in our company, the Board of Directors approved stock ownership guidelines. Section 8 of the Corporate Governance Guidelines requires each of our non-employee directors to own shares of our common stock

## **Table of Contents**

valued at three times his annual cash retainer. Non-employee directors who were serving on our Board of Directors on March 7, 2007 will have five years from that date to obtain the required level of stock ownership. Non-employee directors elected to the Board of Directors after March 7, 2007 will have five years from the date of election to reach the required level of stock ownership. In the event of an increase in the annual cash retainer, the non-employee directors will have three years from the effective date of the increase to acquire any additional shares needed to meet the stock ownership guidelines.

## ***Code of Ethics***

The Board of Directors also has adopted a Code of Ethics for Senior Officers and Directors that applies to all of our directors, our principal executive officer, principal financial officer, principal accounting officer or controller, and other senior officers. The Code of Ethics contains policies and procedures applicable to our directors and supplements our Corporate Compliance and Business Ethics Manual which is applicable to all of our employees including our principal executive officer, principal financial officer, principal accounting officer and other senior officers. The purposes of the Code of Ethics, among other matters, are to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships. The Code of Ethics promotes full, fair, accurate, timely and understandable disclosure in reports and other documents that we file with, or submit to, the SEC and in other public communications. The Code of Ethics also requires compliance with applicable governmental laws, rules and regulations including, without limitation, insider trading laws. The Code of Ethics further requires the prompt internal reporting of violations of the Code of Ethics to an appropriate person or persons and accountability for adherence to the Code of Ethics.

Any amendments to, or waivers of, the Code of Ethics with respect to our principal executive officer, principal financial officer or principal accounting officer or controller, or persons performing similar functions, will be disclosed in a Current Report on Form 8-K, which will be available on our website, promptly following the date of the amendment or waiver.

Copies of our Code of Ethics for Senior Officers and Directors and our Corporate Compliance and Business Ethics Manual are available in the Governance Documents section under Corporate Governance on our website at [www.newpark.com](http://www.newpark.com) and are also available in print upon request from our Corporate Secretary.

## **Related Person Transactions and Procedure**

While we have not adopted a separate and formal policy for reviewing transactions in which related persons (directors, director nominees and executive officers or their immediate family members, or stockholders owning 5% or greater of our outstanding stock) have a direct or indirect material interest, our General Counsel and Chief Administrative Officer oversees our conflict of interest policy, which is included in both our Code of Ethics and our Corporate Compliance and Business Ethics Manual. Our conflict of interest policy applies to directors, officers and employees and is intended to avoid situations in which any of those persons has a potential or actual conflict of interest with us. Under our policy, conflicts of interest are prohibited and an officer, director or employee must promptly disclose any conflict of interest, including any transactions or relationships involving a potential conflict of interest. The conflict of interest/corporate opportunity policy prohibits transactions and activities in which:

the related person exploits his or her position with us for inappropriate personal gain, including taking advantage of non-public information about us, our clients or vendors;

the related person causes us to engage in transactions with family members or friends of the related person;

the related person acquires or has a financial interest in our customers, vendors or competitors;

the related person takes for himself or herself or his or her family members opportunities that arise through the use of corporate property, information or position;

## **Table of Contents**

the related person uses corporate property, information or position for personal gain;

an officer or employee works for, or serves as a director or officer for or acts as a consultant to one of our competitors, customers, suppliers or contractors;

an officer or director may handle a transaction that is or could be used as a conflict because of a material connection with the individual or company involved; or

the related person receives from us or any of our customers or suppliers loans or guaranties of obligations.

Any director, officer or employee involved in any of the types of transactions described in our conflict of interest policy should immediately and fully disclose the relevant circumstances to the General Counsel and Chief Administrative Officer, Audit Committee or the Board of Directors, in the case of a director or officer, or his or her immediate supervisor or the General Counsel and Chief Administrative Officer in the case of an employee, for a determination as to whether a potential or actual conflict of interest exists. Where appropriate, the General Counsel and Chief Administrative Officer will bring the potential or actual conflict of interest to the Audit Committee or the entire Board of Directors for review.

In addition, our executive officers, directors and director nominees complete annual questionnaires intended to identify any related-person transactions. All executive officers, directors and director nominees are required to identify, to the best of their knowledge after reasonable inquiry, business and financial affiliations involving themselves or their immediate family members that could reasonably be expected to give rise to a reportable related person transaction. Any potential related person transactions that are identified in the questionnaires are subject to review by the Audit Committee or the entire Board of Directors to determine whether it is advisable for us to amend or terminate the transaction. If a member of the Board of Directors is involved in the transaction, that director will be recused from all discussions and decisions about the transaction. Any transaction must be approved in advance wherever practicable, and if not practicable, is subject to review as promptly as practicable.

## **Director Independence**

The Board of Directors has determined that Messrs. Anderson, Box, Finley, McFarland, and Warren are independent directors as that term is defined in the listing standards of the NYSE. In making these determinations regarding independence, the Board of Directors evaluated commercial, consulting, charitable, familial, and other relationships with each of its directors and entities of which he is an executive officer, partner, member, and/or significant stockholder. As part of this evaluation, the Board of Directors noted that none of the directors received any consulting, advisory, or other compensatory fees from us (other than for services as a director) or is a partner, member, or principal of an entity that provided accounting, consulting, legal, investment banking, financial, or other advisory services to our company, and none of the express disqualifications contained in the NYSE rules apply to any of them. Based on this independence review and evaluation, and on other facts and circumstances the Board of Directors deemed relevant, the Board of Directors, in its business judgment, determined that all of our directors and nominees are independent, with the exception of Mr. Howes who is our President and Chief Executive Officer.

## **Executive Sessions of Non-Management Directors**

Our Corporate Governance Guidelines require the non-management directors to meet at least twice each year in executive session, without management present. However, management employees may be invited to attend portions of these meetings if deemed appropriate by the non-management directors to provide information necessary for the meetings. Executive sessions were held as part of every regularly scheduled Board Meeting in 2010 and were presided

over by Mr. Box as our non-executive Chairman of the Board.

Interested parties may direct their concerns to the Chairman of the Board or to any other non-management director or directors by following the procedures set forth in the section below entitled **Stockholder Communication with Board Members**.

## **Table of Contents**

### **Board Leadership and Risk Management**

The Board evaluates its leadership structure and role in risk oversight on an ongoing basis. The decision on whether to combine or separate the Chairman and Chief Executive Officer ( CEO ) role is determined on the basis of what the Board considers to be best for our company. Our current Board leadership structure separates the role of Chairman and CEO. The Board believes that part of an effective Board leadership structure is to have either an independent director as the Chairman or to designate a Lead Director. The Nominating and Corporate Governance Committee and the Board currently believe that the separation of the role of CEO and Chairman (who is an independent director), is appropriate because it provides, among other things, sufficient independence between the Board and management, Board member leadership by an independent director, and facilitates our Board s ability to carry out its roles and responsibilities on behalf of our stockholders. The Board has appointed Mr. Box, an independent director, as the Chairman and therefore does not believe it is necessary to appoint a Lead Director. The independent directors meet regularly in executive sessions at which time only independent directors are present, and the Chairman of the Board chairs those sessions.

The Board, as a whole and through its committees, retains responsibility for overseeing our company s processes for assessing and managing risk, although it is management s responsibility to manage risk on a day-to-day basis. The Board discharges its responsibility, in part, through regular inquiries from the Chairman of the Board to management, periodic communications from management to the Board of Directors of particular risks and events, and discussions during Board meetings with and without management of general and specific risks to the company. The Board also delegates the oversight of certain specific risks to Committees of the Board. For example, the Board delegates to the Compensation Committee the assessment of our company s compensation plans with regard to whether such plans encourage the taking of inappropriate risks, and delegates to the Audit Committee oversight of the risk assessment undertaken by management to develop the scope and coverage of reviews conducted by our internal audit function. Further discussion of the risk assessment is contained in the **Executive Compensation** section of this proxy under the heading **Risk Assessment of Compensation Programs** .

### **Committees of the Board of Directors**

The Board of Directors has established three standing committees. These committees are the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. All of these committees operate under written charters approved by the Board of Directors. The Chairman of the Board attends all Committee meetings, but does not cast a vote therein. Copies of these charters, which set forth the specific responsibilities of the committees, as well as copies of our Corporate Governance Guidelines, the Code of Ethics for Senior Officers and Directors and the charter of the Chairman of the Board, are available under the **Corporate Governance** section on our website at [www.newpark.com](http://www.newpark.com). Stockholders also may obtain printed copies of these items, without charge, by contacting us at the following address:

### ***Audit Committee***

As of April 12, 2011, the members of the Audit Committee were G. Stephen Finley (Chairman), David C. Anderson, James W. McFarland, PhD and Gary L. Warren. The Board of Directors has determined that each of the members of

the Audit Committee is independent and financially literate under applicable SEC rules and NYSE listing rules and is an independent director under applicable NYSE listing rules and a non-employee director as defined in Rule 16b-3 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act ). The Board of Directors also has determined that Mr. Finley and Dr. McFarland are audit committee financial experts as defined by applicable SEC rules. The Audit Committee met eight times during 2010 and did not take any action by unanimous written consent.

## **Table of Contents**

The Audit Committee is responsible for the selection, evaluation, compensation and, when necessary, replacement of the independent registered public accounting firm. The Audit Committee also has responsibility for providing independent review and oversight of the integrity of our financial statements, the financial reporting process, our systems of internal accounting and financial controls, the performance of our internal audit function and the independent auditors, the independent auditors' qualifications and independence, and our compliance with ethics policies and legal and regulatory requirements. The independent auditors report directly to the Audit Committee.

The specific responsibilities of the Audit Committee are set forth in the Committee's charter, a copy of which is available in the Board Committees & Charters section under Corporate Governance on our website at [www.newpark.com](http://www.newpark.com) and is also available in print upon request from our Corporate Secretary.

### ***Compensation Committee***

As of April 12, 2011, the members of the Compensation Committee were David C. Anderson (Chairman), G. Stephen Finley, James W. McFarland, PhD and Gary L. Warren. The Board of Directors has determined that each member of the Compensation Committee is an independent director under applicable NYSE listing rules, a non-employee director as defined in Rule 16b-3 promulgated under the Exchange Act, and an outside director as defined under regulations promulgated under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code). The Compensation Committee met eight times during 2010 and did not take any action by unanimous written consent.

The Compensation Committee has responsibility for establishing, evaluating and administering our compensation arrangements, plans, policies and programs for our Chief Executive Officer and other executive officers and for administering our equity incentive plans. The Compensation Committee also has responsibility for making recommendations to the Board of Directors with respect to the adoption, approval and amendment of all broadly based, cash-based and equity-based incentive compensation plans.

The Compensation Committee has the authority to retain compensation consultants to assist it in evaluating the compensation paid to our Chief Executive Officer and other executive officers. As noted in the Compensation Discussion and Analysis, for the 2010 fiscal year, the Compensation Committee retained two compensation consultants, Stone Partners and Pearl Meyer to provide the Committee with advice and recommendations on the amount and form of executive and director compensation. In 2010, Stone Partners provided guidance to management regarding compensation for non-executives, but only with the consent of the Chairman of the Committee as to scope of such services. Pearl Meyer did not advise management or provide any non-executive consulting services to the company other than its work on behalf of the Compensation Committee, and it maintained no other economic relationship with the company.

The specific responsibilities of the Compensation Committee are set forth in the Committee's charter, a copy of which is available in the Board Committees & Charters section under Corporate Governance on our website at [www.newpark.com](http://www.newpark.com) and is also available in print upon request from our Corporate Secretary.

### ***Nominating and Corporate Governance Committee***

As of April 12, 2011, the members of the Nominating and Corporate Governance Committee were Gary L. Warren (Chairman), David C. Anderson, G. Stephen Finley and James W. McFarland, PhD. The Board of Directors has determined that each of the members of the Nominating and Corporate Governance Committee is an independent director under applicable NYSE listing rules and a non-employee director as defined in Rule 16b-3 promulgated under the Exchange Act. The Nominating and Corporate Governance Committee met four times during 2010 and did not take any action by unanimous written consent.

The Nominating and Corporate Governance Committee assists and advises the Board of Directors with respect to the size, composition and functions of the Board of Directors, identifies potential candidates for the Board of Directors and recommends to the Board of Directors a slate of qualified nominees for election as directors at each annual meeting, oversees the annual evaluation of the Board of Directors as a whole and the committees of the Board of Directors, and develops and advises the Board of Directors with respect to

## **Table of Contents**

corporate governance principles, policies and practices. The Nominating and Corporate Governance Committee also serves as the Qualified Legal Compliance Committee for purposes of Section 307 of the Sarbanes-Oxley Act and ensures compliance with the standards of the SEC for professional conduct for attorneys appearing and practicing before the SEC in the representation of our company.

The specific responsibilities of the Nominating and Corporate Governance Committee are set forth in the Committee's charter, a copy of which is available in the Board Committees & Charters section under Corporate Governance on our website at [www.newpark.com](http://www.newpark.com) and is also available in print upon request from our Corporate Secretary.

## **Director Nominations**

The Nominating and Corporate Governance Committee is responsible for periodically evaluating and making recommendations to the Board of Directors with respect to the size and composition of the Board of Directors. Although we have not adopted a formal policy with regard to the consideration of diversity when evaluating candidates for election to the board, the charter of our Nominating and Corporate Governance Committee and our Corporate Governance Guidelines provide that diversity shall be one of the criteria considered for candidates. The Committee considers the term diversity to include a diversity of viewpoints, expertise and experience as well as gender, ethnicity and background. When analyzing director nominations and director vacancies, the Nominating and Corporate Governance Committee strives to recommend candidates for director positions who will create a Board that reflects diversity, including but not limited to background, experience, gender, ethnicity, and country of citizenship. The Committee seeks to identify prospective directors who will strengthen the Board of Directors and evaluates prospective directors, including incumbent directors, in accordance with the criteria set forth in our Corporate Governance Guidelines and other criteria as may be set by the Board of Directors or the Committee. Some of the principal criteria include whether the candidate (i) is of the highest integrity and character; (ii) has familiarity with our business and industry; (iii) has independence of thought and financial literacy; (iv) is willing and able to devote sufficient time to effectively carry out the duties and responsibilities of a director; and (v) has the objectivity, ability and desire to represent the interests of the stockholders as a whole, free from any conflict of interest. Our Corporate Governance Guidelines include a director retirement age policy. Under that policy, which was modified in March of 2011, any person who is 75 years of age or more shall not be eligible to be elected as a director, although any director reaching the age of 75 while in office may serve the remainder of his or her term until the next annual stockholders meeting. Prior to March of 2011, the retirement age was 72 years.

## ***Director Qualifications***

**COMPENSATION DISCUSSION AND ANALYSIS**

**Introduction**

This Compensation Discussion and Analysis describes the compensation provided to our named executive officers and other members of senior management, including the principles and processes used in determining their compensation.

This Compensation Discussion and Analysis addresses the following topics:

*First*, it includes an Executive Summary of our compensation practices and factors relating to our 2010 compensation;

*Second*, it discusses our executive compensation philosophy and how that philosophy is reflected in the key components of our executive compensation program;

*Third*, it discusses how we implement our executive compensation programs and the roles of our Compensation Committee, members of management, and the Compensation Committee's independent consultant in establishing executive compensation;

*Fourth*, it discusses the key elements of our executive compensation program and how our compensation was determined for 2010 for our Chief Executive Officer and our other named executive officers; and

*Finally*, it discusses the employment agreements with our executive officers and other significant policies and matters related to executive compensation.

**Table of Contents**

**Executive Summary**

*Our performance for 2010.* We achieved strong financial performance in 2010, and we believe our executive officers were instrumental in helping us achieve those results. Key highlights for 2010 include:

We returned to profitability in 2010, emerging from a difficult 2009, and our operating income for the year reached \$78 million, a record for Newpark. Further, compared to a loss of (\$0.23) per diluted share in 2009, we recorded earnings of \$0.46 per diluted share in 2010.

We introduced an award winning water-based drilling fluid, Evolution™, which is rapidly gaining market acceptance as an alternative to traditional oil-based fluids.

We successfully restructured the Mats and Integrated Services business, resulting in consistent revenue contribution and strong profit margins from this segment.

We ended the year with a strong balance sheet (including \$83 million in cash) providing us with a solid foundation and positioning us for growth.

*Our efforts to improve governance and risk management.* In the last several years we have undertaken a number of changes in an effort to improve compensation governance:

Adopted stock ownership guidelines for officers and directors.

- For our CEO, three times his base salary
- For our Directors, three times their annual cash retainers

Retained a second independent compensation consultant (Pearl Meyer & Partners) to assist the Committee with assessing executive compensation. This consultant provides no other services for Newpark.

Undertook an annual review and assessment of compensation-related risks (assisted by the compensation consultants). In this past year, the results from this assessment noted that we have:

- An effective balance between cash and equity compensation
- An appropriate balance between short-term and long term compensation
- Incentive structures that encourage achievement, but mitigate risk by requiring deferral of a portion of annual incentives above certain performance criteria

*Compensation Outcomes for 2010.* Compensation decisions made by the Compensation Committee during 2010 were made in the context of a firming oilfield services labor market due to expanding exploration and production of oil and gas through much of 2010. Following are some of the key compensation-related decisions for 2010, all of which are discussed in greater detail in the remainder of the Compensation Discussion and Analysis:

Named executive officer ( NEO ) salaries were restored to their 2009 pre-reduction levels, with no additional salary increases except for Mr. Howes (whose salary was increased an additional 13% to bring him closer to

the 50th percentile for his position).

The Compensation Committee approved bonuses for our NEOs under our annual incentive plan at a level above over-achievement. Our NEOs earned incentive awards at over 3x target on average, although according to the terms of our plan any amounts above 2x (over-achievement) were deferred for the next two years.

Our Compensation Committee approved awards of time-vested restricted stock to our NEOs at 50% of each NEO's target award level. Since the NEOs received a larger-than-normal allocation of option grants in 2009, no options or performance shares were granted in 2010, and, the restricted share grants were approved at this lower level.

**Table of Contents**

Our NEOs earned actual total direct compensation (defined as salary plus actual annual incentive earned plus grant date long-term incentive value) at 118% of target opportunity (defined as salary plus target annual incentive opportunity plus target long-term incentive grant value).

**Executive Compensation Philosophy and Objectives**

We design the executive compensation program to attract, motivate and retain the executive talent that we need in order to implement our business strategy and to improve our long-term profitability and stockholder value. To this end, our executive compensation program is characterized by the following principal objectives:

Pay-for-performance;

Providing compensation programs that are competitive with market practice;

Incorporating appropriate corporate governance standards and compensation related risk-management; and

Aligning long-term interests of executives and stockholders.

*Pay-for-performance.* In determining targeted compensation levels, the Compensation Committee places a significant portion of each executive officer's compensation at risk through the use of performance-based pay. Performance-based pay generally includes non-equity (cash) incentives for achievement of specified performance objectives and equity incentive compensation whose long-term value depends upon our stock price.

**Table of Contents**

The table below summarizes the principal components of our pay-for-performance approach to our executive officer compensation:

<b>Component</b>	<b>Type</b>	<b>Remarks</b>	<b>Reference to Additional Information</b>
Base Salary	Merit increases reflect performance	Adjustments consider each individual's experience, performance and contributions over time. Provides a competitive salary relative to our peer groups.	See Direct Compensation Base Salary in Elements of Executive Compensation
Annual Cash Incentive	Performance-based	Awards are based on achieving corporate and business unit financial goals and can include individual objectives	See Direct Compensation Non-Equity Incentive Compensation in Elements of Executive Compensation
Equity Incentive	Performance-based and/or linked to stock performance	Long-term incentive awards with multi-year vesting periods and/or performance conditions are intended to motivate and reward long-term performance.	See Direct Compensation Equity Incentive Compensation in Elements of Executive Compensation

The Compensation Committee typically sets 60-90% of the executive officer's target compensation as contingent, performance-based pay (both short term and long term performance). By placing particular emphasis on performance-based variable pay, we ensure that outstanding individual and corporate achievements are required for an executive's compensation to significantly exceed the median compensation levels (based on benchmarks discussed below). During 2010, over 70% of actual compensation for our NEOs was delivered in the form of variable pay.

*Competitiveness.* The Compensation Committee believes that the total compensation of our named executive officers should be competitive with the market. As described in **The Process of Implementing and Managing our Executive Compensation Programs** section in this proxy under the heading *Compensation Benchmarking Relative to Market*, the Compensation Committee considers the oilfield services industry to be

## Table of Contents

the market in which we compete for executive talent and we use a peer group of companies to determine the competitiveness of our compensation (in addition to general survey data from the oilfield services industry). In determining the proper amount for each compensation element, the Compensation Committee reviews the compensation targets for comparable positions at similar corporations with which we compete for executive talent, as well as internal relationships within the executive pay structure. The Compensation Committee targets the 50th percentile of overall compensation reflected in the peer group and market data. The Compensation Committee believes that by managing salaries and incentives evenly over a career, the potential is minimized for automatic increases of salaries and incentives that could occur with an inflexible and narrowly defined approach.

Some of the challenges that we face in recruiting and retaining talented executive and senior managers, when compared with other companies in the oilfield services industry (including our peers and competitors), are as follows:

As evidenced by our financial results in 2009, we are more vulnerable to slow-downs in North American drilling activity levels than our larger competitors. While each of our larger competitors has significant exposure to the North American market, they also have a greater percentage of their revenues originating from international markets and offer a wider scope of products and services, some of which are not as dependent on drilling rig activity as either our Fluids Systems and Engineering segment or our Mats and Integrated Services business. While we have increased the percentage of our business that originates outside of North America as part of a strategic decision to do so, we remain at a disadvantage when compared to our competition and this requires that we be creative in the compensation plans we adopt to recruit and retain key personnel.

Globally, our Fluids Systems and Engineering business unit is the fourth largest in terms of market share; however, we are much smaller than our competitors, such as M-I Swaco (now owned by Schlumberger), Halliburton and Baker Hughes. Moreover, in the last three years, Weatherford and National Oilwell Varco have acquired smaller, privately held drilling fluids companies and expressed the intention of growing in this market. These competitors increase competition for talent and, as we are the smallest of these companies, we need to be creative in our approach to salaries, incentive targets and retention tools. For example, although many of the companies referenced above do not offer their executives employment agreements, we have determined that such agreements are critical to being able to attract and keep talented, senior-level executives.

*Alignment with stockholder interests.* We believe that the interests of our stockholders and executives should be aligned by ensuring that a portion of our executive's compensation is directly determined by appreciation in our stock price and/or performance criteria based upon earnings per share growth. To this end, the Compensation Committee provides long-term incentives to our executives to increase stockholder value and provides our executives with an opportunity to share in the value they create, which is consistent with our pay-for-performance philosophy. During 2010, the Compensation Committee awarded equity incentives (time-based restricted stock, in this case) to our named executive officers so that the fair market value of the equity incentives at the time of the grant was approximately 0.55 to 0.875 (depending on the executive) times the value of the grantee's annual base salary. The value of these equity incentive awards can vary from year to year based upon market data, or adjustments made by the Compensation Committee taking into account, for example, prior grants. The long term incentive multipliers described above were lower than in prior years for the reasons described in the **Elements of Executive Compensation** section in this proxy under the heading *Equity Incentive Compensation*. These awards are subject to satisfaction of certain conditions, such as performance or other vesting criteria (typically a three year period) aligning the interests of our executives with our stockholders.

*Incorporating appropriate corporate governance standards and compensation related risk-management.* A risk assessment of the executive compensation plans is undertaken as part of the annual procedures for the Compensation Committee. That process includes assessing each aspect of the various components of compensation (salary, annual cash incentives, and equity plans), along with the metrics used for any performance-based plans. The risks are

assessed for each component and metric, along with consideration

## **Table of Contents**

being given to alternative compensation approaches. To the extent that risks are identified the Compensation Committee also considers whether the risks have or can be mitigated through various features of the compensation plans. Further discussion of the risk assessment is contained in the **Executive Compensation** section in this proxy under the heading **Risk Assessment of Compensation Programs** .

*Stock Ownership Requirements.* In order to further align the interests of our executive officers and directors with those of our stockholders, and to illustrate and promote our commitment to set high standards with regard to corporate governance, the Board of Directors established stock ownership guidelines for executive officers which specify the minimum amount of shares that such officers should own. We believe the stock ownership guidelines strengthen the link between long-term Company performance and executive compensation. A summary of our Stock Ownership Guidelines can be found in **The Compensation Committee Decisions** section in this proxy under the heading *Stock Ownership Guidelines*.

## **The Process of Implementing and Managing our Executive Compensation Programs**

*Role of Compensation Committee.* The Compensation Committee of the Board of Directors currently consists of four independent non-employee directors, David C. Anderson (Chairman), G. Stephen Finley, James W. McFarland, PhD and Gary L. Warren. The non-executive Chairman of the Board, Jerry W. Box, attends the meetings of this Committee, but does not vote.

The Compensation Committee operates under a written charter adopted by the Board of Directors on June 11, 2003, and was last revised on September 9, 2008. The Compensation Committee charter is available in the Board Committees & Charters section under Corporate Governance on our website at [www.newpark.com](http://www.newpark.com) and is also available in print upon request from our Corporate Secretary. In addition to the more specific responsibilities set forth in its charter, the Compensation Committee:

Discharges the Board of Directors' responsibilities with respect to all forms of compensation of our executive officers (although decisions regarding the compensation of the Chief Executive Officer require the participation of all of the independent directors of the Board);

Administers our equity incentive plans; and

Produces an annual compensation committee report for our proxy statement.

As part of its authority and responsibilities, our Compensation Committee establishes our overall compensation philosophy and reviews and approves our compensation programs. As further explained below, our Compensation Committee approves the specific compensation of our Chief Executive Officer (with the participation of all independent directors of the Board of Directors) and each of our other named executive officers. The Compensation Committee reviews the Compensation Committee charter annually to determine if there are any additional compensation or benefits issues it may need to address and to verify that the Compensation Committee has met all its assigned responsibilities for the year. The Committee also undertakes a self-evaluation of its performance on an annual basis. This self-evaluation allows the committee members to assess areas for improvement in the compensation program and processes. The Compensation Committee establishes a calendar annually for specific compensation actions to address throughout the year.

The Compensation Committee has the authority to retain special counsel and other experts, including compensation consultants. These consultants and advisors report directly to the Compensation Committee. For 2010, the Compensation Committee utilized Stone Partners, Inc., an independent compensation consulting firm, to assist the Committee in determining executive compensation and related programs. During 2010, Stone Partners reported to,

and acted at the direction of, the Compensation Committee. In addition, Stone Partners provides information to the Compensation Committee about best practices in executive compensation and supports the Compensation Committee by preparing reports for its review and approval. Stone Partners also provided consulting services to the management of Newpark in 2010 for compensation matters relative to non-executive officers, each time as approved by the Chairman of the Compensation Committee. Stone Partners provides no other services to Newpark. In 2010, the Compensation Committee also retained Pearl Meyer to provide consulting services to the Committee. The role of Pearl Meyer is to provide additional independent oversight and review of the executive compensation structure and plans. More information

## **Table of Contents**

regarding the compensation paid to the consultants is provided in the **Committees of the Board of Directors** section of this proxy under the heading *Compensation Committee*.

*Role of executive officers and consultants in compensation decisions.* While the Compensation Committee determines our overall compensation philosophy and sets the compensation of our Chief Executive Officer and other executive officers, it looks to its compensation consultants, our Chief Executive Officer as well as our Chief Financial Officer, and Chief Administrative Officer to make recommendations with respect to specific compensation decisions. Our Compensation Committee, without management present, regularly meets in executive session and with its compensation consultants to review executive compensation matters including market and survey data as well as peer group information.

The Chief Executive Officer's role in establishing compensation includes making recommendations to the Compensation Committee on performance evaluation, base salary, and both equity and non-equity incentive compensation for executive officers and senior management (other than the Chief Executive Officer). The Chief Executive Officer, Chief Financial Officer, Chief Administrative Officer, and Director of Human Resources, as invited guests, also participate in Compensation Committee meetings, from time to time, to provide information regarding our strategic objectives, financial performance, and recommendations regarding compensation plans. Management or the compensation consultants may be asked to prepare information for any Compensation Committee meeting. Depending on the agenda for a particular meeting, these materials may include:

Reports on our strategic objectives;

Financial reports;

Reports on achievement of individual and corporate performance objectives;

Information regarding compensation programs and compensation levels for executive officers, directors and other employees at peer companies;

Information on the total compensation of the executive officers, including base salary, cash incentives, equity awards, perquisites and other compensation, and any amounts payable to the executive officers upon voluntary or involuntary termination, early or normal retirement, or following a severance with or without a change in control; and

Information regarding all non-equity and equity incentive, health, welfare and retirement plans.

*Compensation benchmarking relative to market.* The Compensation Committee believes that pay practices at other companies provide useful information in establishing compensation levels and recognizes that our compensation practices must be competitive in the marketplace in order to attract, retain and motivate key executive personnel. Benchmarking and aligning base salaries become critical to a competitive compensation scheme because other elements of compensation are affected by changes in base salary.

Accordingly, the Compensation Committee compares compensation levels for the executive officers with compensation levels at companies in an industry peer group. For 2010, the compensation consultants analyzed the executive compensation data in proxy statements of a peer group consisting of publicly traded oilfield services companies comparable in size to us in annual revenues, market capitalization, enterprise value, and corporate assets. The following companies were included in the peer group:

Basic Energy Services Inc.  
Core Laboratories NV  
Flotek, Inc.  
RPC, Inc.  
Superior Well Services

Complete Production Services, Inc.  
Dril-Quip, Inc.  
Oil States International, Inc.  
Superior Energy Services, Inc.  
TETRA Technologies, Inc.

We review the peer group periodically so that the composition of the peer group continues to include companies whose size and business models are more comparable to ours and who are more likely to compete with us for executive talent. Superior Well Services will be removed from the peer group due to their

**Table of Contents**

acquisition by Nabors and, based on input from the compensation consultants, the following companies will be added to the peer group beginning in 2011:

Helix Energy Solutions Group

Allis Chalmers Energy Inc

Cal Dive International , Inc.

Tesco Corp

Carbo Ceramics, Inc

The compensation consultants assisted the Compensation Committee in reviewing the compensation paid to executive officers of the peer group of companies. The compensation consultants also provided the Compensation Committee with information regarding compensation programs and compensation levels for companies in the 25th, 50th and 75th percentiles of the compensation reflected in recent national salary survey data from:

Towers Watson's Top Management Compensation Survey;

Stone Partner's Oilfield Services and Manufacturing Industry Executive Compensation Survey; and

William M. Mercer's Energy Compensation Survey.

Where possible, survey results are adjusted to reflect our size, based on annual revenue, and industry. The peer group and survey data collectively will be referred to as market data throughout this document. The compensation consultant also provides advice on compensation trends and types of awards being used for equity incentive compensation.

The compensation philosophy described above guides the Compensation Committee in establishing targeted total direct compensation levels (*i.e.*, compensation achievable upon attainment of target objectives) for each of our named executive officers and the Compensation Committee generally targets the 50th percentile of overall compensation. The Compensation Committee also considers individual factors, including historical compensation levels, results achieved, experience, potential future contribution, roles and responsibilities. In addition, the Compensation Committee reviews other factors, including competitive pay practices, the relative compensation levels among our executive officers, industry conditions, corporate performance, stockholder input, and the overall effectiveness of the compensation program in achieving desired performance levels.

*Timing and process of compensation decisions.* During the first quarter of each year, many compensation decisions are made, but the process of establishing compensation continues throughout the year. After considering the recommendations of our Chief Executive Officer and other members of management, the

**Table of Contents**

market data, surveys and analysis provided by its compensation consultants, and external market conditions in the first quarter of each year, the Compensation Committee generally adheres to the schedule below:

First Quarter	<p>Consider changes to the executive base compensation for the current year;</p> <p>Review actual performance compared to goals established for cash incentive compensation in the previous year and approve any payments thereunder;</p> <p>Review performance relative to the targets for our equity incentive awards, if any, and approve any awards that may be issued;</p> <p>Set individual and company performance goals for cash incentive compensation for the current year;</p> <p>Consider preliminary plans for equity incentive grants for the current year; and</p> <p>Evaluate the performance of executive officers and begin preparation of this analysis for the stockholders (<i>i.e.</i>, for the Compensation Discussion and Analysis).</p>
Second Quarter	<p>Consider and approve equity grants of options and restricted stock (performance-based or otherwise);</p> <p>Establish corporate performance objectives, if any, for executive officers under our equity incentive plans (may also be established in the first quarter); and</p> <p>Report its decisions and recommendations to the Board.</p>
Third Quarter	<p>No regularly-scheduled tasks.</p> <p>Consider and address any compensation related issues that may arise.</p>
Fourth Quarter	<p>Review and approve the total compensation strategy to assure alignment with business strategy;</p> <p>Review the next year's salary merit increase budget for all employees (final approval occurs as part of the Board's budget approval process in the first quarter of the next year);</p> <p>Review the Compensation Committee's performance and charter;</p> <p>Review tally sheets (summarizing the compensation for each executive) as part of the process for assessing executive compensation for compensation decisions; and</p> <p>Engage in a risk assessment of our compensation plans, a process which is led by the compensation consultants.</p>

On an as-needed basis, the Compensation Committee reviews and revises the compensation plans, including cash incentive, equity incentive, special benefit and incentive plans, and provisions of employment and change in control agreements for executives. The Compensation Committee proposes any revisions of the plans to the Board of Directors, which then considers the changes and approves them before the revisions take place (subject to stockholder approval, as applicable). In addition, the Compensation Committee reviews employee health, welfare and retirement plans for design, funding and fiduciary responsibilities on a periodic basis.

**Elements of Executive Compensation**

***Direct Compensation***

**Base Salary.** We provide executive officers with a base salary to compensate them fairly for the services they render throughout the year. As with total compensation, base salaries of executive officers are designed to be generally

competitive with executive salary levels at our peer group companies. The Compensation Committee considers comparable salary information from the market data that are provided by the compensation consultants as well as recommendations made by our Chief Executive Officer for our other executive officers. In addition, the Compensation Committee, in determining the base pay for our executive officers, considers each individual executive's performance over time, experience, potential future contribution, role and responsibilities. Consequently, executive officers with higher levels of sustained performance over time and/or executive officers assuming greater responsibilities are paid correspondingly higher salaries.

We generally establish base salary compensation for our executive officers near the 50th percentile of the compensation reflected in the market data collected for executive officers having similar responsibilities. The

**Table of Contents**

actual percentiles of individual base salary (excluding reductions) for the named executive officers for 2010 were between the 49th and 52nd percentiles of the market data and peer group data. Base salary and comparison data for each of our named executive officers for 2010 and 2011 are provided in the **Compensation Committee Decisions** section of this proxy under the heading *Base Salary Decisions*.

*Non-Equity (cash) Incentive Compensation.* Under our 2010 Annual Cash Incentive Plan, executive officers are eligible to receive annual cash bonuses based on achieving corporate and business unit financial goals and individual objectives, consistent with our pay for performance philosophy. The specific performance measures are determined annually by the Compensation Committee. We intend for the plan to:

- Create stockholder value;
- Provide a financial incentive to focus on specific performance targets;
- Reward employees based on individual and company/business unit performance; and
- Encourage employees to continually improve our performance.

Annual incentives are designed to be in the range of the 50th percentile of the compensation reflected in the market data when individual and corporate objectives are achieved, and the range of the 50th to 75th percentile of the compensation reflected in the market data when individual and corporate objectives are exceeded. The target percentiles of individual base salary plus target non-equity incentives for the named executive officers at the beginning of 2010 were between the 47th and 52nd percentiles of the compensation reflected in the market data, but actual percentiles of individual base salary plus actual non-equity incentives for the named executive officers was between the 62nd and 97th percentiles when taking into consideration the amounts paid in 2011 for achievement (in this case over-achievement) in 2010. Note that when comparing the annual incentives for 2010, the market data available assumes performance at the target level and does not include estimates of what is actually anticipated to be paid for 2010 performance among the peer group. Annual cash incentive awards are linked to the achievement of company-wide and business unit quantitative performance goals and can include individual objectives and are designed to place a significant portion (50% – 80%) of total compensation at risk.

The annual cash incentive opportunity (expressed as a percentage of base salary) for each participant is based on his potential to affect operations and/or profitability. In 2010, the threshold, target and over-achievement cash incentive opportunities for the named executive officers, expressed as a percentage of base salary, were as follows:

<b>Name/Title</b>	<b>Threshold</b>	<b>Target</b>	<b>Over-Achievement</b>
Paul L. Howes President and Chief Executive Officer	24%	80%	160%
James E. Braun Senior Vice President and Chief Financial Officer	15%	50%	100%
William D. Moss Vice President, Corporate Strategy and Development	15%	50%	100%
Mark J. Airola	15%	50%	100%

Officer and Secretary

Bruce C. Smith

16.5%

110%

**Table of Contents**

Target performance for 2010 was set at the Board of Director approved budgeted financial objectives for the year. Threshold performance was set at 70% of the budgeted financial objectives, while over-achievement performance was set at 160% of budget for 2010. By way of example, this cash incentive plan would pay a bonus of between 15% and 24% of base salary (depending on the named executive officer) for performance at 70% of the budgeted financial performance objectives (threshold). On the other end of the spectrum, this plan would pay between 100% and 160% of base salary to the named executive officers for performance at 160% of the budget. In addition, a super over-achievement opportunity was included in this cash incentive plan for 2010 in order to insure continued incentives to perform in the event that the over-achievement level was attained during the year. However, any bonus attributable to performance at the super over-achievement level is subject to deferral for two years. Total bonuses under this plan are also capped at \$3 million per participant per year. Super over-achievement awards were calculated by extrapolating the incentive calculation using the slope of the curve between the target level and the over-achievement level. As part of the process of establishing the slope between target and over-achievement (equally applicable to the super over-achievement level), a sensitivity analyses was utilized by the compensation consultants to confirm that an appropriate percentage of the total and incremental profits generated from performance at the super over-achievement level were allocated to the stockholders (approximately 93%).

The diagram below presents this concept graphically.

**2010 Annual Incentive Performance Payout Range**

The Compensation Committee looks at the current and prior year's achievements prior to setting new financial performance targets each year. The Compensation Committee intends to set financial performance targets at levels which will challenge the executive officers to achieve. The performance measures for 2010 for corporate executive officers (Messrs. Howes, Braun, Moss and Airola) were:

Total company earnings per share (weight 75%); and

Return on Net Capital Employed (weight 25%):

The performance measures for 2010 for business unit executive officers (Mr. Smith for the Fluid Systems and Engineering business unit) were:

Total company earnings per share (weight 25%); and

**Table of Contents**

Business unit earnings before interest and taxes, or EBIT (weight 75%), after application of a capital charge (the capital charge is calculated by multiplying the net capital employed at the business unit by the estimated cost of capital for the company, established at 12% for 2010).

**Non-Equity Incentive Plan Weighting for 2010**

<b>Metric</b>	<b>Paul L. Howes</b>	<b>James E. Braun</b>	<b>Mark J. Airola</b>	<b>Bruce C. Smith</b>	<b>William D. Moss</b>
Company Financial Performance Objective Earnings per Share	75%	75%	75%	25%	75%
Division Financial Performance Objective (EBIT)				75%	
Return on Net Capital Employed	25%	25%	25%		25%

The final adjusted earnings per share achieved for 2010 was \$0.44 as compared to the target of \$0.175. No adjustments were made to earnings for 2010 for the purpose of calculating incentive achievement, except as described below. For purposes of calculating the achievement levels, the full cost of the 2010 cash incentives were included, notwithstanding that the portion of these incentive awards attributable to the super over-achievement level will be deferred for two years and is subject to forfeiture during the deferral period. As a result, the earnings per share figure used to calculate the awards for 2010 (the \$0.44 referenced above) is lower than the diluted earnings per share of \$0.46 reported by us in the Annual Report on Form 10-K for the year 2010. Return on net capital employed for the company as a whole was 8.97% for 2010 as compared to a target of 4.27%. The target for earnings from our Fluids Systems and Engineering segment (excluding our Excalibar barite business) was EBIT of \$2,235,000 after applying the capital charge. The 2010 results for this business were EBIT of \$15,994,000 after applying the capital charge.

*Equity Incentive Compensation.* We provide long-term incentive awards through regular grants of stock options and restricted stock to executive officers, senior managers and other key employees. Consistent with our compensation philosophy, stock option and restricted stock awards provide these key employees with additional incentives to maximize stockholder value and provide a link between their interests and the interests of our stockholders. Stock options have historically been granted each year as a component of long-term compensation with the size of the grants based on the executive officer's responsibility level, base salary and performance. Our 2006 Equity Incentive Plan provides for stock options to be issued with an exercise price equal to the market value of our common stock on the date of grant, so that optionees will benefit only if the price of our stock appreciates.

To further align the interests of executive officers and stockholders, beginning in January 2003, the Compensation Committee made annual restricted stock grants to our executive officers under the 2003 Long Term Incentive Plan and now also the 2006 Equity Incentive Plan. The Compensation Committee decides each year whether to include performance objectives in the awards and, if so, the appropriate targets. These awards have been structured to be earned, or vest, over a three-year period. By providing for three-year overlapping periods, the grants under these incentive plans are intended to motivate and reward long-term performance. Restricted stock grants are used because the Compensation Committee believes these awards provide value to an executive officer during periods of stock market volatility. For 2010, the Committee elected to issue time-based restricted stock awards to vest over a three year period, for the reasons described below.

In determining appropriate awards, the Compensation Committee periodically reviews competitive market data, each executive's past performance, ability to contribute to our future success and growth and time in the current job. The Compensation Committee also considers recommendations of the compensation consultants and Chief Executive Officer. The Compensation Committee also takes into account the risk of losing the executive to other employment opportunities. The Compensation Committee considers the foregoing factors together and makes a subjective determination with respect to awarding equity compensation to our executive officers. The Compensation Committee believes that market competitive grants, along with three-year vesting requirements, are the most effective method of reinforcing the long-term nature of the incentive. The

## **Table of Contents**

Compensation Committee considers the value of previous awards and grants (whether vested or not) as well as the likelihood of achieving performance goals in previous awards and grants in determining the current year's awards and grants.

For 2009, the Compensation Committee chose to allocate approximately 65% of these awards to stock options and 35% to performance-based restricted stock awards (assuming the maximum value of the award is achieved) for the executive officers. This allocation represented an overweighting of the award to options. The Compensation Committee concluded that the historically low price (\$2.30 per share) of our company's stock during 2009 presented a retention risk for the executives since most previously awarded options were substantially underwater. Under the circumstances, the Committee chose to issue more options than in the recent past. The Committee made this decision subject to two additional conditions: (a) all options issued would vest over four (4) years rather than three (3) years, as in the past, and (b) no option grants would be planned for the executive officers for 2010.

For 2010, the Compensation Committee chose to allocate 100% of the equity awards as time-based restricted stock for the executive officers. The Committee considered the following in reaching this conclusion:

Developing three year performance goals was particularly difficult in 2010 given both oil and gas market uncertainty, and instability of the U.S. and world economies in general.

The loss (negative earnings per share) suffered by us in 2009 had made it virtually impossible for the attainment of even the entry level for the performance-based shares awarded in 2008 and 2009, and any incentive or retention value associated with those grants was lost.

Even though the time-vested shares do not include specific performance criteria, because the value of the individual award to each employee is impacted by the performance of the stock price, the executives receiving these awards are nonetheless incentivized to perform at a high level.

Since the Committee had granted more options in 2009 than under historical practice, but subject to the conditions noted above, the value of time restricted stock granted in 2010 was approximately one-half of the total value that would have otherwise been issued (using the typical long-term incentive multiplier method as a percentage of the executive's base salary). The restricted stock issued in 2010 provides for three-year vesting.

Individual equity incentives (as a multiple of base salary) are based on a range around the 50th percentile of the equity incentives reflected in the market data. The individual total direct compensation (target total cash, plus long-term incentive awards) for the current named executive officers for 2010 were between the 46th and 56th percentiles of the compensation reflected in the combined market data for all named executives and the peer group. Higher-level positions have greater emphasis on longer-term incentives. The size of long-term incentive awards will vary from year to year to reflect current year performance of our company and/or the individual and current market trends. The Compensation Committee determines the award level for executive officers, if any, on an annual basis usually in the first or second quarter each year.

All equity awards to our employees, including executive officers, that have been granted, are reflected in our consolidated financial statements at fair market value on the grant date in compliance with Accounting Standards Codification (ASC) Topic 718, Stock Compensation, which we refer to as ASC Topic 718.

### ***Indirect Compensation***

Employee benefits are designed to be competitive and to attract and retain employees. From time to time, the Compensation Committee reviews our benefit plans and recommends that the Board implement certain changes to

existing plans or adopt new benefit plans.

*Health and Welfare Benefits.* We offer a standard range of health and welfare benefits to all employees, including executive officers. These benefit plans provide the same terms to all similarly situated employees. These benefits include: medical, prescription drug, vision and dental coverage, life, accidental death and dismemberment and travel accident insurance, short and long-term disability insurance, an employee assistance plan, health savings accounts, flexible spending accounts, and long-term care insurance. In addition, we pay

## **Table of Contents**

the cost of an annual physical for each executive officer and executive officers have excess life insurance for which we pay the premiums. These costs are disclosed in the Summary Compensation Table.

*Employee Stock Purchase Plan.* We offer an employee stock purchase plan allowing all employees to purchase our common stock through payroll deductions under the 2008 Employee Stock Purchase Plan. Employees, including executive officers, can set aside up to 10% of their annual salary to purchase stock at 95% of the fair market value of the stock on the first or last day of the six month offering period, whichever is lower. Executive officers may not set aside more than \$25,000 of their salary to purchase shares under this plan in any year.

*401(k) Plan.* We offer a defined contribution 401(k) plan to our employees, including executive officers. The plan helps employees save for retirement, reduce current income taxes and defer income taxes on savings and investment income until retirement. The participants may contribute from 1-50% of their base and cash incentive compensation. Our 401(k) plan allows us to make matching contributions and until July 1, 2009 we made matching contributions under this plan of 100% on the first 3% of the employee's compensation and 50% of the next 3% of the participant's compensation. Employees are fully vested in employer contributions immediately. As a result of deteriorating business conditions, we suspended our matching contributions under the 401(k) plan effective July 1, 2009. We re-instated the matching contributions as of March 1, 2010. During 2010, an employee could contribute up to \$16,500, and employees age 50 or older were allowed to make additional catch-up contributions to the plan up to \$5,500.

*Other Perquisites and Personal Benefits.* We do not offer any perquisites or other personal benefits with a value over \$10,000 beyond those outlined below to any named executive officer. As an inducement to accept his employment offer, Paul L. Howes was granted an annual stipend of \$20,000 for club dues and/or car expenses. Mark J. Airola was eligible for reimbursement of 50% of the initiation fee for country club membership up to a maximum of \$30,000. As an inducement to accept their respective offers of employment, James E. Braun, Mark J. Airola and William D. Moss all receive a car allowance. These figures are included under the header "All Other Compensation" of the Summary Compensation Table. Mr. Smith is provided a company vehicle, the personal use portion of which is included in this same table.

## **The Compensation Committee Decisions**

This section describes the compensation decisions that the Compensation Committee made with respect to the executive officers for 2010 and prior to the date of this Proxy Statement in 2011.

*Executive Summary.* The Compensation Committee continued to apply the compensation principles described above in determining the compensation of the executive officers in 2010. The decisions were made in the context of a firming oilfield services labor market due to expanding exploration and production of oil and gas through much of 2010.

*Base Salary Decisions.* Base salaries of executive officers for 2010 and 2011 were reviewed in March 2010 and 2011, respectively, by the Compensation Committee with approved increases typically effective April 1 of each year. The Compensation Committee evaluated the performance of our company, the Chief Executive Officer (this evaluation was performed jointly with the independent directors) and the recommendations of the Chief Executive Officer regarding the other executive officers in addition to considering the individual factors listed above. The Compensation Committee also considered the conditions of the general economy and the energy services markets in particular. The Compensation Committee also noted that, as reflected in amendments to the employment agreements of the executive officers, the executives agreed to a reduction in their base salaries of 10%, effective from May 1, 2009 through March 31, 2010. On April 1, 2010, the base salaries of the executive officers, including the named executive officers, were returned to 2009 pre-reduction levels. On the basis of its review in March 2010, the Compensation Committee (along with the independent directors in the case of the Chief Executive Officer) approved no other changes in the

base salaries of the named executive officers for 2010, with the exception of the Chief Executive Officer. Based upon the market data supplied, the Compensation Committee approved an increase of 13% in his base salary, effective April 1, 2010. With this increase, the CEO's base salary is closer to the 50th percentile of the market data. The Compensation Committee also approved an increase in the base salary of our former Vice

President and President of Environmental Services and Mats & Integrated Services of 18% effective April 1, 2010, however that individual resigned from this position effective March 31, 2010.

<b>Executive/Title</b>	<b>2010 Annualized Salary(1)</b>	<b>2011 Annualized Salary</b>
Paul L. Howes President and Chief Executive Officer	\$ 550,000(2)	\$ 605,000
James E. Braun Senior Vice President and Chief Financial Officer	\$ 298,920	\$ 325,000
William D. Moss Vice President, Corporate Strategy and Development	\$ 270,000	\$ 270,000
Mark J. Airola Senior Vice President, General Counsel, Chief Administrative Officer and Secretary	\$ 291,040	\$ 320,000
Bruce C. Smith Executive Vice President of Newpark and President of Fluids Systems and Engineering	\$ 337,050	\$ 375,000

- (1) Salaries were reduced by 10% effective from May 1, 2009 until March 31, 2010, when they were restored to their prior levels.
- (2) The salary was restored to its pre-reduction rate (and Mr. Howes salary was simultaneously increased from \$486,000 to \$550,000) effective April 1, 2010.

*Non-Equity Incentive Compensation Decisions.* For 2010, our adjusted earnings per diluted share was \$0.44 per share as compared to the budgeted \$0.175, resulting in achievement at the super over-achievement level for this metric. Similarly, performance for the return on net capital employed (RONCE) metric for the company as a whole was 8.97% for 2010 as compared to a target of 4.27%, also reaching the super over-achievement level. Earnings for the Fluids Systems and Engineering segment (excluding our Excalibar barite business) were \$15,994,000 of EBIT after applying a capital charge, versus a target of \$2,235,000 representing performance between target and over-achievement for this metric. The bonuses awarded to each of the named executive officers in 2011 for 2010 performance is reflected in the Summary Compensation Table under the heading Non-equity Incentive Plan Compensation .

*Equity Incentive Compensation Decisions.* The following grants of time-based restricted stock were made on June 9, 2010 and vest at a rate of one-third of the shares on each anniversary of the date of grant:

- Paul L. Howes 85,784 shares;
- James E. Braun 29,306 shares;

Mark J. Airola 28,533 shares;

Bruce C. Smith 33,044 shares; and

William D. Moss 26,471 shares.

On March 7, 2011, the Compensation Committee determined that the executive officers did not earn their performance restricted stock units granted in June of 2008 (for the performance period 2008 to 2010) because they did not meet the threshold or entry level of achievement. For that reason, all of the performance restricted stock units granted in 2008 award grants were forfeited.

In administering the long-term incentive plan, the Compensation Committee is sensitive to the potential for dilution of future earnings per share. In 2010, 686,030 restricted stock awards were granted to 130

executive officers and employees, or about 13% of total employees. The awards were approximately 0.77% of our outstanding shares as at the time of grant. For further information regarding the awards to the named executive officers, see the 2010 Grants of Plan-Based Awards Table.

*Stock Ownership Guidelines.* Because the Compensation Committee believes in linking the interests of management and stockholders, we established stock ownership guidelines for our executive officers in March 2007. The ownership guidelines specify a multiple of salary that our executive officers must accumulate and hold by December 31, 2012 or within five years of the date of appointment or promotion as an executive officer, whichever is later. The following table lists the specific requirements. Stock options and unearned performance restricted shares do not count toward satisfying these ownership guidelines; however, awards of time vested restricted shares are counted, even if the award has not vested.

<b>Title</b>	<b>Ownership Target</b>
Chief Executive Officer	3x salary
Chief Legal Officer and Chief Financial Officer	2x salary
Division Presidents and Other Designated Officers/Executives	1x salary

**Employment Agreements for Named Executive Officers**

Each named executive officer's employment agreement was amended on two occasions in 2009. The first amendment reflected the reduction of the executive's base salary by 10% effective April 1, 2009 and the second amendment extended the effective period of the reduction to March 31, 2010.

*Employment Agreement with Paul L. Howes.* On March 22, 2006, Mr. Howes entered into an employment agreement with us under which he serves as Chief Executive Officer. This agreement was amended on June 7, 2006 to add a definition for Change in Control. As amended, the term of the employment agreement was through March 31, 2011, with automatic renewal thereafter for successive one-year periods ending on each March 31, unless Mr. Howes employment is terminated by either party giving 60 days written notice. Under this employment agreement, Mr. Howes is entitled to receive the following compensation and benefits:

Mr. Moss' employment agreement was amended on June 30, 2009 under which he now serves as Vice President, Corporate Strategy and Development. His employment agreement was amended again on March 3, 2010 to provide for the payment of a retention bonus to Mr. Moss of \$135,000 in consideration for his agreement to waive his right to terminate his employment agreement for Good Reason. The term of the employment agreement is from June 2, 2008 through June 1, 2011, with automatic renewal thereafter for successive one-year periods, unless Mr. Moss' employment is terminated by either party giving 60 days written notice. Under this employment agreement, Mr. Moss is entitled to receive the following compensation and benefits:

Annual base salary of \$270,000 (subject to annual adjustment);

An opportunity under our executive incentive compensation plan to earn a cash bonus of between 15% and 100% of his annual base salary based on the satisfaction of performance criteria specified by the Compensation Committee;

As an inducement to accept employment with us, an award of (i) 20,000 options at the fair market value price on June 2, 2008 which vest ratably over three years (ii) 40,000 shares of time restricted stock, which vest over a four year period, 50% on the second anniversary of the Employment Agreement and the remaining 50% on the fourth anniversary of the Employment Agreement, and (iii) a signing bonus of \$100,000, subject to being re-paid on a pro-rated basis if Mr. Moss voluntarily terminates the Employment Agreement in the first 12 months;

Eligibility to receive annual stock options and performance-based awards under our long term incentive plans as determined in the discretion of the Committee;

Reimbursement for all reasonable and necessary business, entertainment and travel expenses incurred or expended by Mr. Moss;

Four weeks of paid vacation;

Life insurance equal to three times the executive's base salary; and

Participation in the health insurance plans, 401(k) plan and other employee benefit plans and programs generally made available to executive personnel.

Mr. Moss' employment with us will terminate (a) automatically upon his death or disability, (b) at Mr. Moss' election upon 30 days notice to us for Good Reason (as defined below) or Mr. Moss' voluntary resignation at his election and

without Good Reason, (c) by us for Cause (as defined below), (d) by us without Cause or (e) with 60 days notice given by us or Mr. Moss in advance of the expiration of the initial or any successive employment terms under Mr. Moss employment agreement. As used in this agreement, Good Reason means (i) a detrimental change in Mr. Moss duties, responsibilities or status, (ii) our failure to comply with our obligations under our agreements with Mr. Moss, (iii) diminution of Mr. Moss salary or benefits, (iv) our failure to obtain the assumption of Mr. Moss employment agreement by any successor or assignee of us or (v) requiring Mr. Moss to relocate more than 50 miles from Houston, Texas. As used in this agreement, Cause has the same meaning as in Mr. Howes Agreement.

## **Table of Contents**

In the event Mr. Moss terminates his employment with us for Good Reason or is terminated by us without Cause, Mr. Moss will be entitled to a lump sum payment equal to his then current base salary plus target level annual bonus for the greater of the remaining initial term of the agreement or one year. In addition, Mr. Moss will receive (i) full vesting of all options and restricted stock granted as an inducement to employment, (ii) continuation of medical and dental health benefits, and disability benefits for the greater of the initial term of the employment agreement or 12 months (with a maximum benefit of 18 months) and (iii) payment of outplacement fees, within one year after termination, of up to \$20,000.

## **Tax and Accounting Implications**

*Accounting.* We account for equity compensation expenses for our employees under the rules of ASC Topic 718 which requires us to estimate and record an expense for each award of long-term incentive compensation over the life of its vesting period.

*Tax Deductibility of Pay.* In conducting the compensation programs applicable to our executive officers, the Compensation Committee considers the effects of Section 162(m) of the Internal Revenue Code, which denies publicly held companies a tax deduction for annual compensation in excess of \$1 million paid to their chief executive officer or generally their three other most highly compensated corporate officers who are employed on the last day of a given year, unless that compensation is based on performance criteria that are established by a committee of outside directors and approved, as to their material terms, by that company's stockholders.

Based on current interpretive authority, our ability to deduct compensation expense generated in connection with the exercise of options granted under our stock incentive plan should qualify as performance-based compensation and should not be limited by Section 162(m). Our performance restricted stock units should qualify as performance-based compensation under Section 162(m) as well and, therefore, should be exempt from the deduction limit. To the extent the total of salary and other compensation for any of our applicable executive officers exceeds one million dollars in any year and does not qualify as performance-based compensation, the limitation on deductibility under Section 162(m) will apply. As a result, we have in the past and may from time to time in the future, pay compensation amounts to our executive officers that are not deductible.

Section 280G of the Internal Revenue Code disallows the deduction of any excess parachute payment paid in connection with certain change in control events. Section 4999 imposes a nondeductible excise tax on the recipient of any excess parachute payment. The Compensation Committee is aware of the possibility of a lost deduction in connection with any such payments and intends to take such actions as it deems reasonable and appropriate to preserve the deductibility of the full severance payment amounts that may become payable to the executive officers. There may be circumstances, however, in which excess parachute payments will be paid and will not be deductible by virtue of Section 280G.

## ***Other Tax Implications***

Section 409A of the Internal Revenue Code governs the taxation of certain types of nonqualified deferred compensation. Failure to comply with the requirements of Section 409A can result in adverse income tax consequences to our executives, including the accelerated income taxation of noncompliant compensation, the imposition of an additional 20% tax on such noncompliant compensation, and the imposition of interest on those taxes. We have taken precautions in the design of our employment agreements (including the severance and change in control provisions), as well as our 2006 Equity Incentive Plan and 2003 Executive Compensation Plan and all equity and incentive award agreements, to help ensure compliance with Section 409A and the regulations thereunder.

- (1) Dollar amount reported reflects the aggregate fair value determined as of the date of award or grant, in each case calculated in accordance with ASC Topic 718. Values for 2008 were recalculated to reflect revised disclosure rules issued by the SEC. See Note 11, Stock Based Compensation and Other Benefit Plans, in the Notes to Consolidated Financial Statements included in the Annual Report on Form 10-K for the fiscal year ended 2010, for the relevant assumptions used in the calculation of these amounts. Restricted stock awards for 2008 and 2009 are subject to performance conditions and the amounts listed reflect the probable outcome of the conditions determined as of the date of the award. The 2008 awards were subsequently forfeited due to the performance conditions not being met. See the discussion of the forfeitures in the **Elements of Executive Compensation** section of the Compensation Discussion and Analysis under the heading *Equity Incentive Compensation Decisions*. The amount listed for the performance-based awards is the value of the target award, which is consistent with our estimate of the aggregate compensation cost that would be recognized over the applicable service period, excluding forfeitures, under ASC Topic 718. The maximum values of such awards at the grant date, assuming achievement of the highest level of performance, are as follows:

<b>Name</b>	<b>2008</b>	<b>2009</b>	<b>2010</b>

- (2) Dollar values are calculated by multiplying the market price of our common stock on the vesting date by the number of shares vested and does not necessarily reflect the proceeds actually received by the named executive officer.

## **Risk Assessment of Compensation Programs**

The Compensation Committee considers, in establishing and reviewing the employee compensation programs, whether the programs encourage unnecessary or excessive risk taking. As discussed in the Compensation Discussion and Analysis of this proxy, the Compensation Committee, with the assistance of its consultant, undertook a risk assessment of our compensation programs in 2010. After reviewing and discussing the compensation programs with the Compensation Committee and reviewing the results of those discussions with the Audit Committee of the Board, we believe that the programs are balanced and do not motivate or encourage unnecessary or excessive risk taking. While some performance-based awards focus on achievement of short-term or annual goals, and short-term goals may encourage the taking of short-term risks at the expense of long-term results, these award programs represent a modest percentage of the executive employees' total compensation opportunities and are balanced by other long-term incentives. We believe that these programs appropriately balance risk and the desire to focus employees on specific short-term goals important to our success, and that it does not encourage unnecessary or excessive risk taking.

A significant part of the compensation provided to employees is in the form of long-term equity awards that are important to help further align employees' interests with those of our stockholders. We do not believe that these awards encourage unnecessary or excessive risk taking since the ultimate value of the awards is tied to our stock price, and since awards are staggered and subject to long-term vesting schedules to help ensure that executives have significant value tied to long-term stock price performance.

## **Employment Agreements and Change in Control Agreements**

We have entered into employment agreements with each of our named executive officers. See Employment Agreements for Named Executive Officers within the Compensation Discussion and Analysis for a summary of these employment agreements and descriptions of compensation elements pursuant to which the amounts listed under the Summary Compensation Table and Grants of Plan-Based Awards in 2010 were paid or awarded and the criteria for such payment, including targets for payments of annual incentives, as well as performance criteria on which such payments were based. We have also adopted a change in control benefits policy applicable to our named executive officers and have entered into change in control agreements with our named executive officers other than Mr. Howes, who receives his benefits under his employment agreement. See Potential Payments upon Change in Control below for a summary of these benefits and agreements.

## **Potential Payments upon Change in Control**

On March 7, 2007, the Board, upon recommendation of the Compensation Committee, approved a change in control benefits policy applicable to all of our named executive officers and other key executives and employees not to exceed a total of 30. The executive officers receiving change in control benefits are the following executive officers of our company: Paul L. Howes, James E. Braun, Mark J. Airola, Bruce C. Smith, William D. Moss, Jeffrey L. Juergens and Gregg S. Piontek. The change in control benefits require a change in control of our company and the termination of employment under certain circumstances described below to trigger the benefits to the executives and employees (often referred to as a double-trigger). Benefits to the executives and other employees under the policy are described

below:

Payment of accrued but unpaid salary and a prorated annual bonus (at the target level) through the date of termination.

**Table of Contents**

A lump sum payment in an amount equal to a multiple of that executive's (i) base salary, plus (ii) a target bonus which will equal the higher of the bonus to which the executive would be entitled under our 2003 Executive Incentive Compensation Plan (or the 2010 Annual Cash Incentive Plan which replaced the 2003 Plan) for the fiscal year preceding the termination or the highest bonus received by the executive under the incentive plan in the two years immediately preceding the change of control event. The multiples established under the policy are: three times for the chief executive officer (which has subsequently been modified to 2.99 times in the Amended and Restated Employment Agreement of Mr. Howes), two times for the other executive officers and divisional presidents (a total of six individuals), and one time for the remaining designated key executives and employees.

Full vesting of all options, restricted stock (whether time or performance-based), and deferred compensation.

Payment of outplacement fees up to \$20,000 for the chief executive officer; \$10,000 for the other executive officers and divisional presidents; and \$5,000 for the remaining employees.

Continuation of life insurance, medical and dental health benefits, and disability benefits for a period ranging from one year to three years.

A change in control will be deemed to occur if:

there is a merger or consolidation of our company with, or an acquisition of our company or all or substantially all of our assets by, any other entity other than any transaction in which members of our Board immediately prior to the transaction constitute a majority of the board of the resulting entity for a period of twelve months following the transaction;

any person or group becomes the direct or indirect beneficial owner of 30% or more of our outstanding voting securities;

any election of directors occurs and a majority of the directors elected are individuals who were not nominated by a vote of two-thirds of the members of the Board or the Nominating and Corporate Governance Committee; or

we effect a complete liquidation of our company.

Under the policy, an executive or employee shall not be entitled to those benefits unless his employment is terminated, during the period commencing upon the date when we first have knowledge that any person or group has become a beneficial owner of 30% or more of our voting securities or the date we execute an agreement contemplating a change in control and ending two years after the change in control, for any reason other than:

death;

disability;

cause; or

resignation without good reason.

We have entered into change in control agreements with the designated executive officers and employees other than Paul L. Howes (his change in control benefits are included in his employment agreement). The tables below also reflect potential payments to the named executive officers upon the termination of their employment under their respective employment agreements. Effective April 23, 2008, the Compensation Committee approved the amendment to the change in control agreements previously issued to the named executive officers to provide that we are required to pay the executive the excise tax and a gross-up payment for excise taxes imposed under Section 4999 of the Internal Revenue Code. This amendment was approved to insure that the executive receives the total benefit intended by the change in control agreement, but includes a sunset provision, such that the gross-up payment provision will terminate in five years. This amendment was incorporated into the change in control provision of Mr. Howes Amended and Restated Employment

**Table of Contents**

Agreement, inclusive of the sunset provision. Mr. Juergens' change in control agreement does not include a gross-up for excise taxes under Section 4999.

The tables below reflect the amount of compensation to each of the named executive officers in the event of a change in control and termination of that executive's employment under the terms of the above-described policy or, with respect to Mr. Howes, under his employment agreement. The amount of compensation payable to each named executive officer upon voluntary termination, voluntary termination for good reason or involuntary not-for-cause termination, termination following a change in control, for cause termination, and termination in the event of death or disability of the executive is shown below. The amounts shown assume that the termination was effective on December 31, 2010 and thus includes amounts earned through that time and are estimates of the amounts which would have been paid out to the executives upon their termination on such date. The value of the equity compensation awards was based on the closing price of our common stock of \$6.16 on December 31, 2010. The actual amounts to be paid out can only be determined at the time of the executive's separation from us. In the event of death or disability before the annual cash (short-term incentive) is paid, the Compensation Committee has the authority to pay (in full or on a prorated basis) the amount the employee would have received. We have assumed that the Compensation Committee would have authorized the payment of the full award for purposes of the tables below. As of December 31, 2010, none of the executives were eligible for retirement.

**Retirement, Disability and Death**

An executive officer who retires will be entitled to pay through the last day worked and 401(k) distributions. An executive officer who becomes disabled will be entitled to pay through the last day worked, disability benefits, 401(k) distributions and accidental dismemberment benefits, if applicable. The beneficiary of an executive officer who dies will be entitled to pay through the executive's last day worked, 401(k) distributions and life insurance proceeds.

The impact of an employee's retirement, disability or death on outstanding options can vary depending on the stock option plan under which the grants were made. Under our 2006 Equity Incentive Plan, upon termination of employment by reason of death or permanent disability, all vested options outstanding may be exercised in full at any time during the period of one year following termination of employment. Upon termination of employment by reason of retirement, all vested options may be exercised in full at any time during the period of 90 days following termination of employment. Under our 1995 Incentive Stock Option Plan, upon retirement, disability or death, all vested options may be exercised any time during the term of the option.

Forfeiture restrictions on any outstanding restricted stock awards will lapse if the employee's employment is terminated due to death or a disability that entitles employee to receive benefits under our long term disability plan. Retirement is defined as the termination of employment for reasons other than cause on or after the attainment of age 65.

Table of Contents**DIRECTOR COMPENSATION**

The Compensation Committee regularly reviews the compensation of non-employee directors. The compensation consultant provides the Compensation Committee with industry trends in board compensation and recommends retainers and/or fees based on the peer company proxy information as well as national board market data. The Compensation Committee then makes recommendations to the Board of Directors on the setting of Board compensation.

The following table describes the current compensation arrangements with our non-employee directors:

	<b>January 1, 2010 to April 1, 2010</b>	<b>After April 1, 2010</b>
Annual Cash Retainer Fee (Chairman of the Board)	\$ 112,500	\$ 125,000
Annual Cash Retainer Fee (other than the Chairman of the Board)	\$ 40,500	\$ 45,000
Additional Annual Cash Retainer Fee for Audit Committee Chair	\$ 25,000	\$ 25,000
Additional Annual Cash Retainer Fee for Audit Committee Members	\$ 12,500	\$ 12,500
Additional Annual Cash Retainer Fee for Other Committee Chairs	\$ 20,000	\$ 20,000
Additional Annual Cash Retainer Fee for Other Committee Members	\$ 10,000	\$ 10,000

Effective April 1, 2010, the Board of Directors approved the restoration of cash fees, previously reduced in May 2009 in conjunction with our cost reduction initiatives. The fees payable to our non-employee directors after April 1, 2010 are for the fiscal year ending December 31, 2010. All of the non-employee directors' fees are paid on a quarterly basis (excluding the Chairman of the Board), and all directors (including the Chairman of the Board) are reimbursed for travel expenses incurred in attending Board and committee meetings. Employee directors receive no additional consideration for serving as directors or committee members.

***Option Grants under Non-Employee Directors Restricted Stock Plan***

Under the Non-Employee Directors Restricted Stock Plan (previously known as the 2004 Non-Employee Directors Stock Option Plan), which we refer to as the 2004 Plan, each non-employee director was automatically granted an option to purchase 10,000 shares of common stock upon his or her initial election to the Board of Directors (whether elected by the stockholders or the Board of Directors) and each time the non-employee director was re-elected to the Board of Directors. Each option granted under the 2004 Plan had an exercise price equal to the fair market value of those shares on the date of grant, which was equal to the closing price of the common stock for the day on which the option was granted (or, if the date of grant was not a trading day, on the trading day immediately preceding that date).

In June of 2007, the stockholders approved an amendment to the 2004 Plan. As amended, the 2004 Plan authorizes grants of restricted stock to non-employee directors instead of stock options. Each of the non-employee directors was granted 10,000 shares of restricted stock on June 13, 2007. The vesting period for the restricted stock is one year (consistent with the terms of service for the directors).

In September of 2008, the Board of Directors approved an amendment to the 2004 Plan which provides that the number of shares granted upon initial and annual election to the Board shall be based on a fixed dollar value rather than a fixed number of shares. Therefore, in June 2010, the number of restricted shares granted was equal to the number of restricted shares having a fair market value (as defined in the 2004 Plan) on the date of grant equal to

\$125,000. The vesting of the restricted stock remains at one year.

**PROPOSAL NO. 2**

**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act ) allows our stockholders to vote to approve, on an advisory or non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

As discussed in the Compensation Discussion and Analysis, our compensation philosophy and objectives are designed to attract, motivate and retain key executives needed to implement business strategy. We believe that aligning the company's short-term and long-term performance with executive compensation is crucial to the company's long-term success. We encourage you to read the Compensation Discussion and Analysis, along with the compensation tables and related narrative discussion contained in this proxy statement. The Compensation Discussion and Analysis discusses our executive compensation philosophy and programs and explains the compensation decisions relating to the named executive officers.

In particular, stockholders should note the following:

Our compensation program places a significant portion of each named executive officer's compensation at risk through the use of performance-based pay;

The Compensation Committee established stock ownership guidelines for named executive officers in order to link the interests of management and our stockholders; and

We have further aligned the interests of our stockholders and named executive officers by providing a significant portion of their compensation in the form of equity awards thereby ensuring that a portion of our executive compensation is directly determined by appreciation in our stock price and earnings per share growth.

The Compensation Committee and the Board of Directors believe that the policies and programs are effective in implementing our compensation philosophy and are commensurate with the performance and strategic position of the Company. This advisory vote is not intended to address any specific element of compensation but rather relates to the overall compensation of our named executive officers, as described in this proxy statement. Although this vote is advisory and therefore the outcome of this vote is non-binding on the Company or the Board of Directors, the Compensation Committee of the Board of Directors will consider your decision when setting future compensation for our named executive officers.

This advisory stockholder vote, commonly known as say-on-pay, gives our stockholders the opportunity to approve or not approve our compensation policies and programs for our named executive officers through the following resolution:

**RESOLVED, that the stockholders of Newpark Resources, Inc. APPROVE, on an advisory basis, the compensation of the named executive officers as disclosed in the proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and related narrative discussions.**

**The Board of Directors unanimously recommends a vote FOR approving the executive officer compensation, as disclosed in this proxy statement.**

**Table of Contents**

**PROPOSAL NO. 3**

**ADVISORY VOTE ON FREQUENCY OF VOTE  
ON EXECUTIVE COMPENSATION**

The Dodd-Frank Act also enables our stockholders to vote, on an advisory basis, on how frequently we conduct future advisory votes on executive compensation. Stockholders may indicate their preference for an advisory, non-binding, vote on executive compensation to occur every one-year, two-years or three-years or stockholders may abstain from voting.

The Board of Directors believes that conducting the advisory vote on executive compensation every three years will allow our stockholders to judge our executive compensation program as it relates to our long-term performance. Our executive compensation program is designed to promote long-term performance value. As more fully described in the Compensation Discussion and Analysis, one of the principal objectives of our executive compensation program is to ensure that management's interests are aligned with stockholder interests. Equity awards granted to executives have multi-year vesting periods to promote long-term performance goals. We have implemented stock ownership guidelines for our executive officers to encourage our executive officers to focus on long-term performance.

A three-year advisory vote on our executive compensation will allow sufficient time for our stockholders as well as our Compensation Committee to meaningfully evaluate the compensation strategies as related to company performance. Because this vote is advisory, it will not be binding on the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

The Board of Directors believes that a three-year advisory vote on executive compensation is appropriate. **Therefore, the Board of Directors unanimously recommends a vote for the approval of conducting future advisory votes on executive compensation every three years.**

**PROPOSAL NO. 4**

**APPROVAL OF AMENDMENT TO 2003 LONG TERM INCENTIVE PLAN**

**Introduction**

The 2003 Long Term Incentive Plan (the 2003 Plan ) was initially adopted by the Board of Directors on March 12, 2003, and approved by the stockholders at the 2003 Annual Meeting. Under the 2003 Plan, awards of share equivalents may be made to our employees at the beginning of overlapping three-year performance periods. These awards vest and become payable in shares of our common stock if certain performance criteria are met over the three-year performance period. Upon recommendation of the Compensation Committee, the Board of Directors has amended the 2003 Plan (i) to expand the types of awards that may be granted under the plan to specifically include restricted stock awards, (ii) to clarify the share counting provisions of the 2003 Plan and the shares available for awards thereunder, and (iii) to facilitate compliance with Section 409A of the Internal Revenue Code. Our executive officers will be eligible to receive awards under the 2003 Plan, as amended, and therefore have an interest in this proposal.

In the event the stockholders fail to approve the proposed amendment to the 2003 Plan, the plan will continue in operation pursuant to its current terms without change.

The purpose of the 2003 Plan is to increase the value of the stockholders' investment in the company by improving our performance and profitability and to retain, attract and motivate management employees, executive officers and other corporate and divisional officers. The Board of Directors believes that the proposed amendment, by expanding the type of awards that may be granted under the 2003 Plan, will contribute to the purpose of the 2003 Plan.

The following summary of the principal features of the 2003 Plan is qualified in its entirety by reference to the complete text of the 2003 Plan, as amended and restated and set forth in Appendix A. The 2003 Plan set forth in Appendix A has been marked to reflect the proposed amendments.

### **Principal Features of the 2003 Plan**

*Administration.* The 2003 Plan is administered by the Compensation Committee, all of whose members are non-employee directors as that term is defined in Rule 16b-3 promulgated under the Exchange Act, outside directors within the meaning of Section 162(m) of the Internal Revenue Code and independent directors under the corporate governance rules of the NYSE. The members of the Compensation Committee as of the date of this proxy statement are Dr. McFarland, and Messrs. Anderson, Finley and Warren. Members of the Compensation Committee are not eligible to receive awards under the 2003 Plan. The Compensation Committee has complete authority, subject to the express provisions of the 2003 Plan, to administer, interpret and construe the 2003 Plan and any award or agreement made pursuant to the 2003 Plan, and to prescribe and rescind rules, regulations and policies for administration of the 2003 Plan.

*Eligibility.* Only our employees, and the employees of our subsidiaries, whose responsibilities and decisions, in the judgment of the Compensation Committee, materially affect our growth, performance or profitability are eligible to be granted awards under the 2003 Plan.

*Shares Available for Awards.* Subject to certain adjustments set forth in the 2003 Plan, the maximum number of shares of common stock that may be issued under the 2003 Plan is 1,000,000 shares. If the amendment proposed herein is approved by the stockholders, shares of common stock considered issued under the 2003 Plan shall not include shares of common stock: (i) remaining under an award of deferred stock which terminates without having been fully vested and (ii) that have been forfeited in accordance with the terms of the an award. As of December 31, 2010, grants totaling 492,860 were outstanding under the Plan.

*Amendment and Termination.* The Board of Directors may suspend, amend or terminate the 2003 Plan at any time, although stockholders must approve any amendment or modification that would materially increase the benefits accruing to participants, materially increase the number of securities which may be issued under the 2003 Plan or materially modify the eligibility requirements. Except with respect to awards then outstanding, the 2003 Plan, if not sooner terminated, will terminate on, and no future awards may be made, after March 12, 2013.

### **Types and Maximum Number of Awards**

Currently, awards under the 2003 Plan may be in the form of common stock equivalents that vest and become payable in common stock upon attainment of certain performance goals over a three-year performance period. If the proposed amendment is approved by the stockholders, the types of awards that may be granted under the Plan would be expanded to specifically include restricted stock awards with multi-year vesting. The maximum number of shares that may be granted in the form of common stock equivalents and restricted stock awards under the 2003 Plan to any participant in any calendar year is 50,000 shares.

*Common Stock Equivalents.* Common stock equivalents granted under the 2003 Plan vest and become payable in common stock upon attainment of certain performance goals over a three-year performance period, as established by the Compensation Committee. The Compensation Committee may make awards of common stock equivalents in such amounts, at such times, and to such participant as the Compensation Committee may determine, in its discretion. Except as otherwise determined by the Compensation Committee or as provided in the award agreement, shares of stock underlying a common stock equivalent award will not be issued until the award has vested pursuant to performance criteria achieved. The Compensation Committee does have the authority under the 2003 Plan to accelerate vesting of the common stock equivalents upon a change of control or upon a participant's death, disability, retirement or termination of employment by us without cause. Unless otherwise provided by the Compensation

Committee, a participant shall have no rights as a stockholder with respect to such award until such time as the award has vested and the underlying common stock has been issued.

*Restricted Stock Awards.* If the proposed amendment to the 2003 Plan is approved by the stockholders, restricted stock awards may be granted to participants under the 2003 Plan, subject to performance, forfeiture and vesting restrictions, restrictions on transferability and other restrictions. Each participant who is awarded restricted stock will be required to enter into an agreement with us, in a form specified by the Compensation

**Table of Contents**

Committee, agreeing to the terms, conditions and restrictions of the grant and other matters consistent with the 2003 Plan as the Compensation Committee determines appropriate. Generally, the restrictions on restricted stock will lapse over a period of time, which we refer to as the restriction period, as specified by the Compensation Committee and set forth in the award agreement. The Compensation Committee will determine the manner in which the restricted stock granted under the 2003 Plan will be evidenced. If certificates representing restricted stock are registered in the name of the participant, the Compensation Committee may require that those certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to the restricted stock, that we retain physical possession of the certificates, and that the participant deliver a stock power to us, endorsed in blank, relating to the restricted stock.

Unless otherwise set forth in the award agreement, (i) any regular cash dividends declared and paid with respect to shares subject to a restricted stock award will be paid to the participant at the same time they are paid to our other stockholders, and (ii) shares distributed in connection with a stock split or stock dividend, and any other cash or property (including our securities or securities of other issuers) distributed as a dividend (other than regular cash dividends), will be subject to restrictions and forfeiture conditions to the same extent as the restricted stock with respect to which such shares, cash or other property have been distributed. Unless otherwise set forth in the award agreement, all voting rights appurtenant to the shares subject to a restricted stock award will be exercised by the participant. If the terms and conditions specified in the award agreement that apply to a restriction period have not been satisfied, the restricted stock subject to the award will be forfeited and reacquired by us or will be subject to a repurchase option in our favor, as may be specified in the award agreement. The Compensation Committee does have the authority under the 2003 Plan to accelerate vesting of the restricted stock awards upon a change of control or upon a participant's death, disability, retirement or termination of employment by us without cause.

The Compensation Committee generally may provide any other terms, conditions and restrictions with regard to the restricted stock that it deems appropriate and that are not inconsistent with the terms of the 2003 Plan.

*Performance-Based Awards.* The Compensation Committee may designate whether any award under the 2003 Plan is intended to be performance-based compensation as that term is used in 162(m) of the Internal Revenue Code. Any such awards designated as intended to be performance-based compensation shall be conditioned on the achievement of one or more performance measures, to the extent required by Section 162(m) of the Internal Revenue Code. The performance measures that may be used by the Compensation Committee for awards shall be based on any one or more of the following, as selected by the Compensation Committee:

Total stockholder return of the company compared to that of the PHLX Oil Service Sector industry group, or such other peer group selected by the Compensation Committee in its discretion from time to time (the "Peer Group");

Our return on equity compared to that of the Peer Group;

Growth in our earnings per share (EPS);

Profits and/or return on capital within a specified business unit; and

The Occupational Safety and Health Administration reportable incident rate within a specified business unit.

For awards intended to be performance-based compensation under Section 162(m) of the Internal Revenue Code, the grant of the awards and the establishment of performance measures shall be made during the period required under Section 162(m).

*Adjustments Upon Certain Events.* In the event of any stock dividend, capital reorganization, reclassification or other transaction involving an increase or reduction in the number of our outstanding shares of common stock, then the Compensation Committee may proportionately adjust any or all of (i) the number of shares of common stock with respect to which an award may be granted under the 2003 Plan, (ii) the

## **Table of Contents**

maximum number of shares of common stock that may be issued to any one participant in a calendar year, and (iii) the number of shares of common stock subject to outstanding awards.

*Transferability.* Except as otherwise provided in the 2003 Plan, no right or interest in an award or the stock underlying the award may be transferred other than by will or by the laws of descent or distribution or pursuant to a qualified domestic relations order. Awards may be transferred to one or more transferees during the lifetime of the participant, and may be exercised by such transferee, only if and to the extent the transfers are permitted by the Compensation Committee in its sole discretion. Any attempted transfer of an award in violation of the 2003 Plan is prohibited and will be ineffective.

## **New Plan Benefits**

The actual amount of awards to be granted under the 2003 Plan is not determinable in advance because the size and type of awards to be made in any year is determined at the discretion of the Compensation Committee. In addition, the specific performance criteria and targets are selected each year by the Compensation Committee.

## **Summary of Federal Tax Consequences**

The following summary is intended as a general guide to the U.S. federal income tax consequences under current law for certain awards under the 2003 Plan, and does not attempt to describe all possible federal or other tax consequences of participation in the 2003 Plan or tax consequences based on particular circumstances.

### ***Tax Consequences to Participants***

*Deferred Stock Awards.* A participant will not recognize taxable income upon the grant of a deferred stock award. Instead, if the restrictions under the deferred stock award lapse, the participant will recognize compensation taxable as ordinary income on the date the underlying shares of stock are issued in settlement of the vested award, and the amount of such ordinary income will be equal to the fair market value of the underlying shares as of the same date.

The participant will be subject to income tax withholding at the time when the ordinary income is recognized. Subject to the Section 162(m) restrictions discussed below, generally Newpark will be entitled to a tax deduction at the same time the participant recognizes ordinary income and in the same amount.

Gain or loss recognized on a disposition of the shares of common stock generally will qualify as long-term capital gain or loss if the shares have a holding period of more than 12 months. The holding period for shares received from a deferred stock award begins upon receipt of the shares after the restrictions under the deferred stock award have lapsed.

*Restricted Stock Awards.* The tax consequences of a grant of restricted stock depend upon whether or not a participant elects under Section 83(b) of the Internal Revenue Code to be taxed at the time of the grant.

If no election is made under Section 83(b), the participant will not recognize taxable income at the time of the grant of the restricted stock. Instead, if the restrictions on the restricted stock lapse, the participant will recognize compensation taxable ordinary income equal to the value (on the date the restrictions lapse) in an amount equal to the fair market value of the underlying stock less the purchase price, if any, paid by the participant.

If an election is made under Section 83(b), the participant will recognize compensation taxable as ordinary income at the time of the grant in an amount equal to the fair market value of the underlying stock (determined without regard to any of the restrictions) on the date of grant, less the purchase price, if any, paid by the participant. If the restricted

stock is forfeited before the restrictions lapse, the participant will generally not be entitled to a deduction.

## **Table of Contents**

Restricted stock granted under the 2003 Plan may or may not include rights to dividends payable on the underlying shares. In the case of restricted stock that includes this right, dividends are generally treated as ordinary income recognized at the time of their receipt.

The participant will be subject to income tax withholding at the time when ordinary income (including any dividends taxed as ordinary income, if any, other than dividends on restricted stock with respect to which an election was made under Section 83(b)) is recognized. Subject to the restrictions under Section 162(m) of the Internal Revenue Code, discussed below, Newport will be entitled to a tax deduction at the same time the participant recognizes ordinary income and in the same amount (excluding any dividends on restricted stock with respect to which an election was made under Section 83(b)).

Gain or loss recognized on a disposition of the shares of common stock generally will qualify as long-term capital gain or loss if the shares have a holding period of more than 12 months. In the case of restricted stock, the holding period begins when the restrictions lapse if the participant did not make an election under Section 83(b) or, if the participant did make such an election, on the date of the grant of restricted stock.

*Withholding.* A participant will be required to pay to us, or make arrangements satisfactory to us, to satisfy all federal, state and other withholding tax requirements related to awards under the 2003 Plan. We may permit or require a participant to satisfy tax withholding obligation by paying cash, by withholding an amount from the participant's cash compensation, by withholding shares from shares of common stock issued or that vest under the award, or by any other method deemed appropriate by the Compensation Committee. The use of our shares of common stock to satisfy any withholding requirement will be treated, for federal income tax purposes, as a sale of those shares for an amount equal to the fair market value of the stock on the date when the amount of taxes to be withheld is determined.

*Section 409A.* Section 409A of the Internal Revenue Code governs the taxation of certain types of compensation, including compensation from certain awards authorized under the 2003 Plan. Failure to comply with the requirements of Section 409A can result in adverse income tax consequences to a participant in the 2003 Plan, including the accelerated recognition and taxation of noncompliant compensation, the imposition of an additional 20 percent tax on such noncompliant compensation, and the imposition of interest on those taxes. The Compensation Committee and Board of Directors intend that awards under the 2003 Plan will comply with Section 409A and the regulations thereunder.

*Excess Parachute Payments.* If any award under the 2003 Plan is granted or modified in connection with a change in control, or if the vesting or payment of an award under the 2003 Plan is accelerated, directly or indirectly, by or in connection with a change in control, the award may be deemed to give rise to an excess parachute payment within the meaning of Section 280G of the Internal Revenue Code, which would result in the imposition of a 20 percent nondeductible excise tax on the participant.

### ***Tax Consequences to Newport***

In general, under Section 162(m) of the Code, compensation paid by a public corporation to its chief executive officer or generally any of its other three most highly compensated executive officers who are employed on the last day of any given year is not deductible to the extent it exceeds one million dollars for any year. Compensation resulting from awards under the 2003 Plan may be subject to this deduction limit. Under Section 162(m), however, qualifying performance-based compensation, including income from performance-based awards that are made under stockholder approved plans and that meet certain other requirements, is exempt from the deduction limitation. Based on current interpretive authority, Newport believes compensation generated in connection with the lapse of restrictions on performance restricted stock and attainment of performance goals for performance based awards granted under the 2003 Plan should qualify as performance-based compensation and should not be limited by Section 162(m). To the

extent the total salary, other compensation and compensation recognized from awards under the 2003 Plan to any applicable executive officers exceed one million dollars in any year and do not qualify as performance-based compensation, the limitation on deductibility under Section 162(m) will apply. As a result, Newpark may from time to time in the future, make award payments under the 2003 Plan to executive officers that are not deductible.

**Table of Contents**

In addition, if any award is granted under the 2003 Plan or modified in connection with a change in control, or if the vesting or payment of an award under the 2003 Plan is accelerated, directly or indirectly, by a change in control, all or a portion of the compensation from that award may be treated as an excess parachute payment under Section 280G of the Internal Revenue Code, which would cause that compensation to be non-deductible by us.

**The Board of Directors unanimously recommends that you vote FOR approval of the amendment to the 2003 Long Term Incentive Plan.**

**PROPOSAL NO. 5**

**APPROVAL TO AMEND THE 2006 EQUITY INCENTIVE PLAN**

**Introduction**

The 2006 Equity Incentive Plan was initially adopted by the Board of Directors on November 13, 2006, and approved by the stockholders at the 2006 Annual Meeting. Our Board of Directors subsequently approved and adopted Amendment One to the Newpark Resources, Inc. 2006 Equity Incentive Plan to meet the requirements of, and to facilitate compliance with, Section 409A of the Internal Revenue Code. Our Board of Directors also approved an amendment to the 2006 Equity Incentive Plan to increase the number of shares of common stock authorized for issuance under the plan to 5,000,000 shares, and such amendment was approved by our stockholders at the 2009 Annual Meeting at which time the plan was amended and restated effective as of June 10, 2009 (the 2006 Equity Incentive Plan, as amended and restated, is referred to as the 2006 Plan ). The 2006 Plan enables the Compensation Committee to grant to key employees, including executive officers and other corporate and divisional officers, of Newpark and its subsidiaries a variety of forms of equity-based compensation, including grants of options to purchase shares of common stock, shares of restricted common stock, restricted stock units, stock appreciation rights, other stock-based awards, and performance-based awards.

The maximum number of shares of common stock currently authorized for issuance under the 2006 Plan is set at 5,000,000. On March 8, 2011 the Board of Directors authorized, subject to stockholder approval, an amendment to the 2006 Plan to increase the number of shares available for issuance under the 2006 Plan by 3,000,000 shares (the Plan Amendment ). The proposed amendment, if approved by our stockholders, will (i) increase the number of shares available for issuance under the 2006 Plan to 8,000,000 shares, and (ii) increase the number of shares which may be issued in connection with incentive stock options granted under the 2006 Plan to 8,000,000 shares. As of December 31, 2010, approximately 475,940 shares of common stock remained available for grants under the 2006 Plan. As a result of the limited number of shares of common stock remaining available for issuance under the 2006 Plan, we are requesting that the stockholders approve the proposed amendments and increase the number of shares authorized for issuance under the 2006 Plan by 3,000,000 shares to cover anticipated awards to be granted by us in the future in accordance with our normal compensation practices. Our executive officers will be eligible to receive awards under the 2006 Plan, as amended, and therefore have an interest in this proposal.

The purpose of the 2006 Plan is to promote the interests of the company and our stockholders by assisting in attracting, retaining and motivating our employees and the employees of our subsidiaries and to increase their interest in the success of the company in order to promote our long-term interests. The Board of Directors believes the opportunity to receive awards under the 2006 Plan provides an important incentive to employees to make significant and extraordinary contributions to our long-term performance and growth. The Board of Directors believes that the proposed amendment, by increasing the number of authorized shares under the 2006 Plan, will facilitate the purpose of the 2006 Plan.

The following summary of the principal features of the 2006 Plan is qualified in its entirety by reference to the complete text of the 2006 Plan set forth in Appendix B hereto and the Plan Amendment set forth in Appendix C hereto. In the event the proposed amendment to the 2006 Plan is not approved, the 2006 Plan as it currently exists will remain in effect.

**Table of Contents**

**Principal Features of the 2006 Plan**

*Administration.* The 2006 Plan is administered by the Compensation Committee, all of whose members are non-employee directors as that term is defined in Rule 16b-3 promulgated under the Exchange Act, outside directors within the meaning of Section 162(m) of the Internal Revenue Code and independent directors under the corporate governance rules of the NYSE. The members of the Compensation Committee, as of the date of this Proxy Statement, are Mr. Anderson (Chairman), Mr. Finley, Dr. McFarland and Mr. Warren. Members of the Compensation Committee are not eligible to receive awards under the 2006 Plan. The Compensation Committee has complete authority, subject to the express provisions of the 2006 Plan, to approve granting awards to our employees and the employees of our subsidiaries, to determine the number of stock options or other awards to be granted to employees, to set the terms and conditions of the awards, to remove or adjust any restrictions and conditions upon those awards, to interpret and administer the 2006 Plan, to adopt rules and regulations, and to make all other determinations, deemed necessary or desirable for the administration of the 2006 Plan.

Any of the powers and responsibilities of the Compensation Committee may be delegated to a subcommittee. These powers and responsibilities also may be delegated to one or more of our officers or employees or the employees of our subsidiaries, subject to terms that the Compensation Committee shall determine and also subject to the limitations set forth in the 2006 Plan. The Compensation Committee, or its subcommittee, will have sole authority to determine whether to review any actions or interpretations of such officer or employee, and, if so reviewed, the actions and interpretations of the officer and employee will be subject to approval, disapproval or modification by the Compensation Committee.

The Compensation Committee will maintain ultimate control of the operation of the 2006 Plan. At least annually, the Compensation Committee, in conjunction with the Audit Committee, will conduct or cause the conduct of an audit of the operation of the 2006 Plan to verify that it has been operated and awards have been documented and maintained by our officers in accordance with the directions of the Compensation Committee.

*Eligibility.* Only our employees and the employees of our subsidiaries are eligible to participate in the 2006 Plan. Non-employee directors and consultants are not eligible to receive awards under the 2006 Plan. In selecting participants in the 2006 Plan, consideration is given to factors such as employment position, duties and responsibilities, ability, productivity, length of service, morale, interest in the company and supervisor recommendations, for both existing and future employees as applicable. Awards may be granted to the same employee on more than one occasion. Each award will be evidenced by a written agreement in a form approved by the Compensation Committee.

*Shares Available for Awards.* Subject to certain adjustments set forth in the 2006 Plan, the maximum number of shares of common stock that may be issued or awarded under the 2006 Plan will be increased to 8,000,000 if the amendment proposed herein is approved by the stockholders. As of December 31, 2010, grants totaling 3,440,469 shares were outstanding under the 2006 Plan.

For purposes of implementing the limitation on the maximum number of shares of common stock that may be covered by awards granted under the 2006 Plan, the following shares shall not be considered to have been issued under the 2006 Plan, and will again be available for the grant of an award pursuant to the 2006 Plan: (i) shares remaining under an award that terminates without having been exercised in full; (ii) shares that have been forfeited in accordance with the terms of the applicable award; and (iii) shares withheld, in satisfaction of the grant or exercise price or tax withholding requirements from shares of common stock that would otherwise have been delivered pursuant to an award. Additionally, shares subject to awards issued in assumption of, or in substitution for, any outstanding awards

of any entity acquired in any form of business combination of the company or any of our subsidiaries do not reduce the number of shares available for issuance under the 2006 Plan. Shares issued under the 2006 Plan may be either authorized and unissued shares or treasury shares.

*Amendment and Termination.* Except with respect to awards then outstanding, if not sooner terminated, the 2006 Plan will terminate on, and no further awards may be made, after November 13, 2016. The Board of Directors may at any time suspend, amend or terminate the 2006 Plan. Stockholder approval is required,

## **Table of Contents**

however, to increase the number of shares of common stock which may be issued (except for adjustments under anti-dilution clauses) or to effectuate a change for which stockholder approval is required: (i) for the 2006 Plan to continue to qualify under Section 422 of the Internal Revenue Code; (ii) under the corporate governance standards of any national securities exchange or automated quotation system applicable to the company; or (c) for awards to be eligible for the performance-based compensation exception under Section 162(m) of the Internal Revenue Code. The 2006 Plan authorizes the Compensation Committee to include in awards provisions which permit the acceleration of vesting if there is a change in control of the company resulting from certain occurrences.

*Repricing.* The Compensation Committee does not have the authority, without the approval of our stockholders, to amend or replace previously granted options or stock appreciation rights in a transaction that constitutes a repricing, as such term is used in Section 303A.08 of the Listed Company Manual of the NYSE or the rules and regulations of the SEC. For this purpose, a repricing generally means any of the following (or any other action that has the same effect as any of the following): (A) changing the terms of an option or stock appreciation right to lower its exercise price; (B) any other action that is treated as a repricing under generally accepted accounting principles; and (C) repurchasing for cash or canceling an option or stock appreciation right at a time when its exercise price is greater than the fair market value of the underlying stock in exchange for another option, restricted stock, or other equity, unless the cancellation and exchange occurs in connection with a merger, acquisition, spin-off or other similar corporate transaction.

## **Types and Maximum Number of Awards**

Awards under the 2006 Plan may be in the form of stock options (which may be incentive stock options or nonqualified stock options), restricted stock, restricted stock units, stock appreciation rights, and other stock-based awards. The 2006 Plan imposes individual limitations on the number of shares that may be covered by awards in order to comply with Section 162(m) of the Internal Revenue Code. The maximum number of shares that may be granted in the form of stock options and stock appreciation rights under the 2006 Plan to any participant in any calendar year is 200,000 shares. The maximum number of shares of common stock that may be covered by all other awards (in the aggregate) granted under the 2006 Plan to any participant in any calendar year shall not exceed 100,000 shares.

*Stock Options.* Stock options granted under the 2006 Plan may be either incentive stock options or nonstatutory stock options. The exercise price of each stock option must be at least equal to the fair market value of the common stock on the date the stock option is granted. The determination of fair market value of the common stock is based on the closing price for our common stock on the principal exchange or over-the-counter market on which such shares are trading. The stock option term is for a period of 10 years from the date of grant or such shorter period as is determined by the Compensation Committee. Each stock option may provide that it is exercisable in full or in periodic installments or upon the satisfaction of such performance criteria as the Compensation Committee may determine, and each stock option is exercisable from the date of grant or any later date specified in the option, all as determined by the Compensation Committee. The Compensation Committee's authority to take certain actions under the 2006 Plan includes authority to accelerate vesting schedules and to otherwise waive or adjust restrictions applicable to the exercise of stock options.

Each stock option may be exercised in whole or in part (but not as to fractional shares) by delivering a notice of exercise to us, together with payment of the exercise price. The exercise price may be paid in cash, by cashier's or certified check or, if the Compensation Committee permits, by surrender of shares of common stock owned by the holder of the option, by cashless exercise, or by a combination thereof.

Except as otherwise disclosed below, an optionee may not exercise a stock option unless from the grant date to the exercise date the optionee remains continuously in our employ. If the optionee's employment terminates by reason of death or disability, the stock options then currently exercisable remain exercisable for 12 months after termination of

employment, subject to earlier expiration at the end of their fixed term. If the optionee's employment terminates by reason other than death or disability, or a termination for cause, the stock options then currently exercisable remain exercisable for 90 days after termination of employment

**Table of Contents**

(except that the 90-day period is extended to 12 months if the optionee dies during this 90-day period), subject to earlier expiration at the end of their fixed term. If the optionee's employment is terminated for cause, the stock options held by the optionee, whether vested or not, will terminate concurrently with the first discovery by us of any reason for the optionee's termination for cause and will not be exercisable thereafter.

An employee may receive incentive stock options covering shares of common stock of any value, provided that the value of all such option shares subject to one or more incentive stock options which are first exercisable in any one calendar year may not exceed the maximum amount permitted under Section 422 of the Internal Revenue Code (currently \$100,000). In addition, in the case of incentive stock options granted to employees owning more than ten percent (10%) of the total combined voting power of the company and its affiliates, the exercise price at which such option shares may be purchased upon the exercise of such incentive stock options shall be equal to one hundred ten percent (110%) of the fair market value per share of common stock at the time of grant, and such incentive stock option may not be exercised later than five years after the date of grant.

*Restricted Stock.* The Compensation Committee may grant to any participant common stock, which we refer to as restricted stock, subject to forfeiture and vesting restrictions, restrictions on transferability and other restrictions that will apply to the award of restricted stock. Each participant who is awarded restricted stock will be required to enter into an agreement with us, in a form specified by the Compensation Committee, agreeing to the terms, conditions and restrictions of the grant and other matters consistent with the 2006 Plan as the Compensation Committee determines appropriate. Generally, the restrictions on restricted stock will lapse over a period of time, which we refer to as the restriction period, as specified by the Compensation Committee and set forth in the award agreement. The Compensation Committee's authority to take certain actions under the 2006 Plan includes authority to accelerate vesting and to otherwise waive or adjust restrictions applicable to awards of restricted stock.

The Compensation Committee will determine the manner in which the restricted stock granted under the 2006 Plan will be evidenced. If certificates representing restricted stock are registered in the name of the participant, the Compensation Committee may require that those certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to the restricted stock, that we retain physical possession of the certificates, and that the participant deliver a stock power to us, endorsed in blank, relating to the restricted stock.

The Compensation Committee will determine the purchase price for restricted stock, which may be less than the fair market value of the common stock on the date of grant (but not less than par value). Eligible employees may receive restricted stock in consideration for past services actually rendered to us and our subsidiaries having a value of not less than the par value of the shares of restricted stock subject to the award.

Unless otherwise set forth in the award agreement, (i) any regular cash dividends declared and paid with respect to shares subject to a restricted stock award will be paid to the participant at the same time they are paid to all our other stockholders, and (ii) shares distributed in connection with a stock split or stock dividend, and any other cash or property (including our securities or securities of other issuers) distributed as a dividend (other than regular cash dividends), will be subject to restrictions and forfeiture conditions to the same extent as the restricted stock with respect to which such shares, cash or other property have been distributed. Unless otherwise set forth in the award agreement, all voting rights appurtenant to the shares subject to a restricted stock award will be exercised by the participant. If the terms and conditions specified in the award agreement that apply to a restriction period have not been satisfied, the restricted stock subject to the award will be forfeited and reacquired by us or will be subject to a repurchase option in our favor, as may be specified in the award agreement.

The Compensation Committee generally may provide any other terms, conditions and restrictions with regard to the restricted stock that it deems appropriate and that are not inconsistent with the terms of the 2006 Plan.

*Restricted Stock Units.* The Compensation Committee may make awards of restricted stock units in amounts, at times and to such designated employees as the Compensation Committee may determine. A

## **Table of Contents**

participant granted restricted stock units shall not have any of the rights of a stockholder with respect to the shares subject to the award of restricted stock units, including any right to vote or to receive other distributions on the shares, until certificates for the shares subject to the award are issued in the participant's name in accordance with the terms of the applicable award agreement.

At the time of grant of each award of restricted stock units, the Compensation Committee will determine the restriction period that will apply to the award and will specify the maturity date applicable to each grant of restricted stock units. The maturity date will not be earlier than the vesting date or dates of the award and may be determined at the election of the participant. During the restriction period, restricted stock units will be subject to restrictions on transferability, risk of forfeiture and other restrictions as the Compensation Committee may impose, which restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of performance criteria or future service requirements or both), in installments or otherwise as the Compensation Committee may determine in its discretion. If the terms and conditions specified in the award agreement have not been satisfied by the end of the restriction period, the restricted stock units subject to the restriction period will become null and void, and the participant will forfeit all rights with respect to the award.

Subject to certain deferral rights that may be granted by the Compensation Committee and the terms of the 2006 Plan and award agreement, on the maturity date, we will deliver to the participant one share of common stock for each restricted stock unit scheduled to be paid out on that date and not previously forfeited. The Compensation Committee will specify the purchase price, if any, to be paid by the participant to us for the shares and will determine the methods by which the purchase price may be paid and the form of payment.

The Compensation Committee generally may provide any other terms, conditions and restrictions with regard to the restricted stock units that it deems appropriate and that are not inconsistent with the terms of the 2006 Plan.

*Stock Appreciation Rights.* The Compensation Committee may make awards of stock appreciation rights in amounts, at times and to such designated employees as the Compensation Committee may determine. A stock appreciation right confers on the participant the right to receive in shares of common stock, cash or a combination thereof the value equal to the excess of the fair market value of one share of common stock on the date of exercise over the exercise price for the stock appreciation right, with respect to every share for which the stock appreciation right is granted. We refer to this value as the SAR settlement value. At the time of grant, the stock appreciation right must be designated by the Compensation Committee as either a tandem stock appreciation right or a stand-alone stock appreciation right. If not so designated, it will be deemed to be a stand-alone stock appreciation right. A tandem stock appreciation right is a stock appreciation right that is granted in tandem with a stock option and only may be granted at the same time as the stock option to which it relates. The exercise of a tandem stock appreciation right will cancel the related stock option for a like number of shares, and the exercise of the related stock option similarly will cancel the tandem stock appreciation right for a like number of shares. Except as specifically set forth in the 2006 Plan or in the applicable award agreement, tandem stock appreciation rights will be subject to the same terms and conditions as apply to the related stock option. Except as specifically set forth in the 2006 Plan or in the applicable award agreement, stand-alone stock appreciation rights will be subject to the same terms and conditions generally applicable to nonstatutory stock options as set forth in the 2006 Plan.

The exercise price of each stock appreciation right will be determined by the Compensation Committee, but will not be less than the fair market value of the common stock on the date of grant. The term of each stock appreciation right is for a period of 10 years from the date of grant or such shorter period as is determined by the Compensation Committee. Subject to certain deferral rights that may be granted by the Compensation Committee, the Compensation Committee also determines the circumstances under which a stock appreciation right may be exercised, the method of exercise and settlement, and the form of consideration payable in settlement. Each stock appreciation right may be exercised in whole or in part (but not as to fractional shares) by delivering a notice of exercise to us. The

Compensation Committee may provide for stock appreciation rights to become exercisable at one time or from time to time, periodically or otherwise (including, without limitation, upon the satisfaction of performance criteria), as to such number of shares or

**Table of Contents**

percentage of the shares subject to the stock appreciation right as the Compensation Committee determines. Upon exercise, the participant will be entitled to receive the SAR settlement value for each share as to which the stock appreciation right has been exercised. We will pay the SAR settlement value in shares, in cash or a combination thereof, as determined by the Compensation Committee and the terms of the award.

The Compensation Committee generally may provide any other terms, conditions and restrictions with regard to the stock appreciation rights that it deems appropriate and that are not inconsistent with the terms of the 2006 Plan.

*Other Stock-Based Awards.* The Compensation Committee may grant to eligible employees equity-based or equity-related awards not otherwise described in the 2006 Plan, alone or in tandem with other awards, in such amounts and subject to such terms and conditions as the Compensation Committee shall determine. These other stock-based awards may (i) involve the transfer of restricted or unrestricted shares of common stock to participants, either at the time of grant or thereafter, or payment in cash or otherwise of amounts based on the value of shares of common stock, (ii) be subject to performance-based or service-based conditions, (iii) be granted as, or in payment of, a bonus, or to provide incentives or recognize special achievements or contributions, (iv) be designed to comply with applicable laws of jurisdictions other than the United States, and (v) be designed to qualify for the performance-based compensation exception under Section 162(m) of the Internal Revenue Code; provided, that each such stock-based award must be denominated in, or have a value determined by reference to, a number of shares of common stock that is specified at the time of the grant of the award. Cash awards, as an element of or supplement to any other award under the 2006 Plan, also may be granted.

*Performance-Based Awards.* The Compensation Committee may make an award pursuant to the 2006 Plan conditioned upon the attainment of performance goals relating to one or more business criteria. At the beginning of the award period, the Compensation Committee will set forth the performance criteria based upon our business and financial objectives during the award period and a schedule describing the relationship between the achievement of such performance goals and the awards granted to participants.

For purposes of awards that are intended to qualify for the performance-based compensation exception under Section 162(m) of the Internal Revenue Code, the performance criteria will (i) be objective business criteria and otherwise meet the requirements of Section 162(m), including the requirement that the level or levels of performance targeted by the Compensation Committee result in the achievement of performance goals being substantially uncertain, and (ii) relate to one or more of the following performance measures:

revenues or net sales;

earnings before or after deduction for all or any portion of interest, taxes, depreciation, amortization or other items, whether or not on a continuing operations or an aggregate or per share basis;

return on equity, investment, capital or assets;

margins;

one or more operating ratios;

borrowing levels, leverage ratios or credit ratings;

market share;

capital expenditures;

cash flow;

stock price, growth in stockholder value relative to one or more stock indices or total stockholder return;

budget and expense management;

working capital turnover and targets;

**Table of Contents**

sales of particular products or services, market penetration, geographic expansion or new concept development;

customer acquisition, expansion and retention;

acquisitions and divestitures (in whole or in part), joint ventures, strategic alliances, spin-offs, split-ups and the like;

reorganizations, recapitalizations, restructurings and financings (debt or equity);

transactions that would constitute a change in control ; or

any combination of the foregoing.

Performance criteria measures, and targets with respect thereto, determined by the Compensation Committee need not be based upon an increase, a positive or improved result or avoidance of loss. During the award period, the Compensation Committee may adjust the performance goals as it deems appropriate to compensate for, or reflect, certain situations which are set forth in the 2006 Plan.

*Adjustments Upon Certain Events.* In the event the Compensation Committee determines that any stock dividend, stock split, combination of shares, extraordinary dividend of cash or assets, merger, consolidation, spin-off, recapitalization (other than the conversion of convertible securities according to their terms), reorganization, liquidation, dissolution or other similar corporate change, or any other increase, decrease or change in our common stock without receipt or payment of consideration, affects the common stock, then the Compensation Committee will adjust, as it deems to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits made available under the 2006 Plan, any or all of (i) the number and kind of shares of common stock, or other securities, with respect to which an award may be granted under the 2006 Plan, (ii) the number and kind of shares of common stock subject to outstanding awards; (iii) the grant, exercise or other purchase price per share under any outstanding awards; and (iv) the terms and conditions of any outstanding awards.

If a change in control occurs, the Compensation Committee may provide for one or more of the following actions or combination of actions with respect to some or all of the outstanding awards: (i) acceleration of the vesting and the time at which awards may be exercised; (ii) the assumption of awards, or portion of awards, by any successor or survivor corporation, or a parent or subsidiary thereof, or the substitution of awards covering the stock of any successor or survivor corporation, for then outstanding awards, with appropriate adjustments to the number and kind of shares and grant; (iii) the mandatory surrender for cancellation of any outstanding awards and the purchase of the surrendered awards for any amount of cash, securities or other property equal to the excess of the fair market value of the vested shares of common stock immediately prior to the change in control; and (iv) the termination of any award, or portion thereof, concurrently with the closing or other consummation of the change in control transaction.

A change in control in the 2006 Plan is defined to include any of the following:

any election of directors takes place and a majority of the directors in office following such election are individuals who were not nominated by a vote of two-thirds of the members of the Board immediately preceding such election;

one or more occurrences or events as a result of which any person becomes the beneficial owner, directly or indirectly, of 30% or more of the combined voting power of our then outstanding securities;

a merger or consolidation of the company with, or an acquisition of the company or all or substantially all of its assets by, any other entity, other than a merger, consolidation or acquisition in which the individuals who were members of the Board immediately prior to such transaction continue to constitute a majority of the board of the surviving corporation for a period not less than 12 months following the closing of such transaction; or

our stockholders approve a plan of complete liquidation or dissolution.

## **Table of Contents**

Notwithstanding the foregoing, with respect to any award subject to Section 409A of the Internal Revenue Code and payable upon a change in control, the term "change in control" shall mean any such event described above but only if it also constitutes a "change in control event" within the meaning of the applicable Treasury Regulations promulgated under Section 409A.

*Transferability.* Except as otherwise provided in the 2006 Plan, no award and no right under the 2006 Plan may be transferred other than by will or by the laws of descent and distribution, and during a participant's lifetime, an award requiring exercise may be exercised only by such participant (or in the event of a disability, on behalf of such participant). Awards, other than incentive stock options and stock appreciation rights granted in tandem therewith, may be transferred to one or more transferees during the lifetime of the participant, and may be exercised by such transferee, only if and to the extent the transfers are permitted by the Compensation Committee in its sole discretion. Any attempted transfer of an award in violation of the 2006 Plan is prohibited and will be ineffective.

## **New Plan Benefits**

The actual amount of awards to be granted under the 2006 Plan is not determinable in advance because the size and type of awards to be made in any year is determined at the discretion of the Compensation Committee. In addition, the specific performance criteria and targets are selected each year by the Compensation Committee.

## **Summary of Federal Income Tax Consequences**

The following summary is intended as a general guide to the U.S. federal income tax consequences under current law for certain awards under the 2006 Plan, and does not attempt to describe all possible federal or other tax consequences of participation in the 2006 Plan or tax consequences based on particular circumstances.

### ***Tax Consequences to Participants***

*Incentive Stock Options.* Stock options granted under the 2006 Plan are intended to qualify as incentive stock options within the meaning of Section 422 of the Code, if so designated on the date of grant. Stock options that are not designated or do not qualify as incentive stock options are nonstatutory stock options and are not eligible for the tax benefits applicable to incentive stock options.

An optionee recognizes no gross income for federal income tax purposes ("taxable income") upon the grant of an incentive stock option. In addition, the optionee will not recognize taxable income at the time of exercise of an incentive stock option if the optionee has been in our employ at all times during the period beginning on the date of grant and ending on the date three months before the date of exercise (longer if the optionee dies or becomes disabled), unless the alternative minimum tax rules apply. Upon the exercise of an incentive stock option, an amount equal to the excess of the fair market value of the option shares at the exercise date over the exercise price may be treated as alternative minimum taxable income for purposes of the alternative minimum tax.

Gain recognized upon a disposition of the option shares generally will be treated as long-term capital gain as long as the shares are not disposed of within (i) two years after the date of grant of the incentive stock option and (ii) one year after the exercise date. If both of these conditions are not satisfied, the disposition is a "disqualifying disposition." In that event, gain equal to the excess of the fair market value of the option shares at the exercise date over the exercise price generally will be taxed as ordinary income and any further gain will be taxed as long-term capital gain if the shares are held more than 12 months. Different rules apply if an optionee exercises an incentive stock option by surrendering shares of common stock which were previously acquired upon the exercise of an incentive stock option and with respect to which the optionee did not satisfy certain holding periods.

Shares of common stock acquired upon the exercise of an incentive stock option by the payment of cash will have a basis equal to the exercise price of the stock option, plus any amount the participant is required to

**Table of Contents**

include as ordinary income from a disqualifying disposition of stock. Different rules apply if an optionee exercises an incentive stock option by surrendering previously owned shares of common stock.

Incentive stock options exercised by an optionee who has not satisfied the applicable requirements as to continuous employment do not qualify for the tax treatment discussed above. Instead, the exercise of such options will be subject to the rules which apply to the exercise of nonstatutory stock options.

*Nonstatutory Stock Options.* An optionee recognizes no taxable income upon the grant of a nonstatutory stock option. In general, upon the exercise of a nonstatutory stock option, the optionee will recognize ordinary income in an amount equal to the excess of the fair market value of the option shares on the exercise date over the exercise price.

Shares of common stock acquired upon the exercise of a nonstatutory stock option by the payment of cash will have a basis equal to the exercise price of the stock option. Different rules apply if an optionee exercises a nonstatutory stock option by surrendering previously owned shares of common stock.

The optionee will be subject to income tax withholding at the time the optionee recognizes ordinary income (*i.e.*, the exercise date). Generally, we will be entitled to a tax deduction at the same time the optionee recognizes income and in the same amount.

*Restricted Stock.* The tax consequences of a grant of restricted stock depend upon whether or not the participant elects under Section 83(b) of the Internal Revenue Code to be taxed at the time of the grant.

If no election is made under Section 83(b), the participant will not recognize taxable income at the time of the grant of the restricted stock. Instead, if the restrictions on the restricted stock lapse, the participant will recognize compensation taxable as ordinary income on the date the restrictions lapse in an amount equal to the fair market value of the underlying stock as of the same date, less the purchase price, if any, paid by the participant.

If an election is made under Section 83(b), the participant will recognize compensation taxable as ordinary income at the time of the grant in an amount equal to the fair market value of the underlying stock (determined without regard to any of the restrictions) on the date of the grant, less the purchase price, if any, paid by the participant. If the restricted stock is forfeited before the restrictions lapse, the participant will generally not be entitled to a deduction.

Restricted stock granted under the 2006 Plan may or may not include rights to dividends payable on the underlying shares. In the case of restricted stock that includes this right, dividends are generally treated as ordinary income recognized at the time of their receipt.

The participant will be subject to income tax withholding at the time when ordinary income (including any dividends taxed as ordinary income, other than dividends on restricted stock with respect to which an election was made under Section 83(b)) is recognized. Subject to the restrictions under Section 162(m) of the Internal Revenue Code, discussed below, generally we will be entitled to a tax deduction at the same time the participant recognizes ordinary income and in the same amount (excluding any dividends on restricted stock with respect to which an election was made under Section 83(b)).

Gain or loss recognized on a disposition of the shares of common stock generally will qualify as long-term capital gain or loss if the shares have a holding period of more than 12 months. In the case of restricted stock, the holding period begins when the restrictions lapse if the participant did not make an election under Section 83(b) or, if the participant did make such an election, on the date of the grant of restricted stock.

*Restricted Stock Units.* A participant will not recognize taxable income upon the grant of a restricted stock unit. Instead, if the restrictions under the restricted stock unit lapse, the participant will recognize compensation taxable as ordinary income on the date the underlying shares of stock are issued in settlement of the vested award, and the amount of such ordinary income will be equal to the fair market value of the underlying shares as of the same date.

## **Table of Contents**

The participant will be subject to income tax withholding at the time when the ordinary income is recognized. Subject to the Section 162(m) restrictions discussed below, generally Newport will be entitled to a tax deduction at the same time the participant recognizes ordinary income and in the same amount.

Gain or loss recognized on a disposition of the shares of common stock generally will qualify as long-term capital gain or loss if the shares have a holding period of more than 12 months. The holding period for shares from restricted stock units begins upon receipt of the shares after the restrictions on the restricted stock units have lapsed.

*Stock Appreciation Rights.* A participant does not recognize taxable income upon the grant of a stock appreciation right. When a stock appreciation right is exercised, in general, the participant will recognize compensation taxable as ordinary income in an amount equal to the excess of the fair market value of the underlying shares of common stock on the exercise date over the exercise price.

The participant will be subject to income tax withholding at the time when ordinary income is recognized. Generally, we will be entitled to a tax deduction at the same time the participant recognizes ordinary income and in the same amount.

*Other Stock-Based Awards.* The timing of taxable income to a participant who is granted other stock-based awards depends on the individual award and whether any restrictions or conditions are placed upon the award when granted.

*Performance Based Awards.* A participant will not recognize taxable income upon the grant of a performance based award. Rather, taxation will be postponed until the performance based award becomes payable, generally upon the participant's attainment of performance criteria. At that time, the participant will recognize compensation taxable as ordinary income in an amount equal to the value of the amount payable.

The participant will be subject to income tax withholding when ordinary income is recognized and, generally, we will be entitled to a tax deduction at the same time and in the amount of the income recognized.

*Withholding.* A participant will be required to pay to us, or make arrangements satisfactory to us, to satisfy all federal, state and other withholding tax requirements related to awards under the 2006 Plan. We may permit or require a participant to satisfy tax withholding obligation by paying cash, by withholding an amount from the participant's cash compensation, by withholding shares from shares of common stock issued or that vest under the award, or by any other method deemed appropriate by the Compensation Committee. The use of our shares of common stock to satisfy any withholding requirement will be treated, for federal income tax purposes, as a sale of those shares for an amount equal to the fair market value of the stock on the date when the amount of taxes to be withheld is determined.

*Section 409A.* Section 409A of the Internal Revenue Code governs the taxation of certain types of compensation, including compensation from certain awards authorized under the 2006 Plan. Failure to comply with the requirements of Section 409A can result in adverse income tax consequences to a participant in the 2006 Plan, including the accelerated recognition and taxation of noncompliant compensation, the imposition of an additional 20 percent tax on such noncompliant compensation, and the imposition of interest on those taxes. The Compensation Committee and Board of Directors have taken steps to amend the 2006 Plan to help ensure compliance with Section 409A and the regulations thereunder.

*Excess Parachute Payments.* If any award under the 2006 Plan is granted or modified in connection with a change in control, or if the vesting or payment of an award under the 2006 Plan is accelerated, directly or indirectly, by or in connection with a change in control, the award may be deemed to give rise to an excess parachute payment within the meaning of Section 280G of the Internal Revenue Code, which would result in the imposition of a 20 percent nondeductible excise tax on the participant.

***Tax Consequences to Newpark***

In general, under Section 162(m) of the Internal Revenue Code, compensation paid by a public corporation to its chief executive officer or generally any of its three most highly compensated executive

**Table of Contents**

officers (excluding the chief executive officer and chief financial officer) who are employed on the last day of any given year is not deductible to the extent it exceeds one million dollars for any year. Compensation resulting from awards under the 2006 Plan may be subject to this deduction limit. Under Section 162(m), however, qualifying performance-based compensation, including income from stock options and other performance-based awards that are made under stockholder approved plans and that meet certain other requirements, is exempt from the deduction limitation. Based on current interpretive authority, we believe compensation generated in connection with the exercise of options and stock appreciation rights, as well as lapse of restrictions by the attainment of performance goals for performance based awards granted under the 2006 Plan should qualify as performance-based compensation and should not be limited by Section 162(m). To the extent the total salary, other compensation and compensation recognized from awards under the 2006 Plan to any applicable executive officers exceed one million dollars in any year and do not qualify as performance-based compensation, the limitation on deductibility under Section 162(m) will apply. As a result, we may from time to time in the future, make award payments under the 2006 Plan to executive officers that are not deductible.

In addition, if any award is granted under the 2006 Plan or modified in connection with a change in control, or if the vesting or payment of an award under the 2006 Plan is accelerated, directly or indirectly, by a change in control, all or a portion of the compensation from that award may be treated as an excess parachute payment under Section 280G of the Internal Revenue Code, which would cause that compensation to be non-deductible by us.

**Pre-Approval Policies Regarding Audit and Non-Audit Fees**

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

Prior to performing any audit services, the independent registered public accounting firm will provide the Audit Committee with an engagement letter outlining the scope of the audit services proposed to be performed during the fiscal year and the expected fees for those services. If the engagement letter is approved, the Audit Committee will engage the independent registered public accounting firm to perform the audit.

For non-audit services, our management will submit to the Audit Committee for approval the list of non-audit services recommended by management which the Audit Committee should engage the independent registered public accounting firm to provide for the fiscal year. Prior to the performance of any of these services, our management and the independent registered public accounting firm each will confirm to the Audit Committee that each non-audit service on the list is permissible under all applicable legal requirements. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in

accordance with this pre-approval process and the fees for services performed to date.

As permitted by statute, the Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee to ensure prompt handling of unexpected matters. All services performed by our independent registered public accounting firm in 2010 and 2011 were approved in accordance with the Audit Committee's pre-approval policies.

**AUDIT COMMITTEE REPORT**

This report is submitted by the Audit Committee of the Board of Directors. The Audit Committee is composed of four independent directors who satisfy the requirements of independence established by NYSE listing standards and the SEC. The Board of Directors has determined that all of the members of the Audit Committee are financially literate under applicable SEC rules and NYSE listing rules, and that each of Mr. Finley and Dr. McFarland is an audit committee financial expert as defined by applicable SEC rules.

The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is available in the Board Committees & Charters section under Corporate Governance on our website at [www.newpark.com](http://www.newpark.com) and is also available in print upon request from our Corporate Secretary.

Management has primary responsibility for our financial statements and financial reporting processes and for the maintenance of internal controls and procedures designed to ensure compliance with applicable accounting standards, laws and regulations and ethical business standards. Our independent registered public accounting firm, the Deloitte Entities, are responsible for expressing an opinion on whether the company's consolidated financial statements present fairly, in all material respects, the financial position of the company in accordance with accounting principles generally accepted in the United States. Additionally, the Deloitte Entities are responsible for expressing an opinion regarding the effectiveness of the company's internal controls over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes on behalf of the Board of Directors. The Audit Committee also is responsible for the engagement, compensation and oversight of the independent registered public accounting firm.

In keeping with that responsibility, the Audit Committee meets regularly with management and the independent registered public accounting firm. Meetings with the independent registered public accounting firm are held both with and without management present, and the independent registered public accounting firm have direct access to the Audit Committee to discuss the scope and results of their work and their comments on the adequacy of internal controls and the quality of financial reporting. The Audit Committee met seven times during the year ended December 31, 2010.

The Audit Committee has reviewed and discussed the company's audited financials as of and for the year ended December 31, 2010 with management.

The Audit Committee reviewed, with the independent registered public accounting firm, the overall scope and plans for their audits. The Audit Committee has also reviewed and discussed the audited consolidated financial statements and internal controls over financial reporting with management and the independent registered public accounting firm. The Audit Committee also has discussed with the independent registered public accounting firm the matters required to be discussed in accordance with professional standards.

In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm pursuant to the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm their independence from our company and our management. The Audit Committee also reviewed the non-audit services provided by independent registered public accounting firm and concluded that the provision of those services is compatible with their independence.

We filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, which we refer to as the 2010 Annual Report, in a timely fashion with the SEC in 2011. Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the 2010 Annual Report. The Audit Committee also engaged the Deloitte Entities as our independent registered public accounting firm for the 2011 fiscal year. See above under the

**DELIVERY OF DOCUMENTS TO STOCKHOLDERS SHARING AN ADDRESS**

All stockholders of record as of the record date will receive a copy of our Notice of Internet Availability of Proxy Materials. Stockholders residing in the same household who hold their shares in the name of a bank, broker or other holder of record may receive only one Notice of Internet Availability of Proxy Materials. This process by which only one Notice of Internet Availability of Proxy Materials is delivered to multiple security holders sharing an address, unless contrary instructions are received from one or more of the security holders, is called householding. Householding may provide convenience for stockholders and cost savings for companies. Once begun, householding may continue unless instructions to the contrary are received from one or more of the stockholders within the household.

Street name stockholders in a single household who received only one copy of the Notice of Internet Availability of Proxy Materials may request to receive separate copies in the future by following the instructions provided on the voting instruction form sent to them by their bank, broker or other holder of record. Similarly, street name stockholders who are receiving multiple copies may request that only a single set of materials be sent to them in the future by checking the appropriate box on the voting instruction form. Otherwise, street name stockholders should contact their bank, broker, or other holder.

COPIES OF THIS PROXY STATEMENT AND THE 2010 ANNUAL REPORT ON FORM 10-K, INCLUDING THE FINANCIAL STATEMENTS, FINANCIAL STATEMENT SCHEDULES AND EXHIBITS, ARE AVAILABLE PROMPTLY WITHOUT CHARGE BY CALLING (281) 362-6800, OR BY WRITING TO CORPORATE SECRETARY, NEWPARK RESOURCES, INC., 2700 RESEARCH FOREST DRIVE, SUITE 100, THE WOODLANDS, TEXAS 77381. If you are receiving multiple copies of the Notice of Internet Availability of Proxy Materials, you also may request orally or in writing to receive a single copy by calling (281) 362-6800, or writing to Corporate Secretary, Newpark Resources, Inc., 2700 Research Forest Drive, Suite 100, The Woodlands, Texas 77381. However, if you wish to receive a paper proxy and voting instruction form or other proxy materials for participation and voting in this year's annual meeting, follow the instructions included in the Notice of Internet Availability of Proxy Materials sent to you.

**OTHER MATTERS**

We do not presently know of any matters other than those described above that may be presented for stockholder action at the Annual Meeting. However, if any other matters are properly presented at the Annual Meeting, it is the intention of the persons named as proxies to vote in accordance with their judgment on these matters, subject to direction by the Board of Directors.

Unless otherwise set forth in the Award Agreement, (a) any regular cash dividends declared and paid with respect to shares of Restricted Stock shall be paid to the Participant at the same time they are paid to all other stockholders of Newpark, and (b) shares of Stock distributed in connection with a stock split or stock dividend, and any other cash or property (including securities of Newpark or other issuers) distributed as a dividend (other than regular cash dividends), shall be subject to restrictions and forfeiture conditions to the same extent as the Restricted Stock with respect to which such shares, cash or other property have been distributed, and all references to Restricted Stock in the Plan or the applicable Award Agreement shall be deemed to include such shares, cash or other property.

2006 EQUITY INCENTIVE PLAN**

**(as amended and restated effective June 10, 2009)**

1. *Purpose.*

The Newpark Resources, Inc. 2006 Equity Incentive Plan is intended to assist Newpark Resources, Inc., a Delaware corporation (the Company), in attracting, retaining and motivating designated Employees of the Company and its Subsidiaries and to increase their interest in the success of the Company in order to promote the Company's long-term interests. The Plan is designed to meet this intent by providing eligible Employees with a proprietary interest in pursuing the long-term growth, profitability and financial success of the Company.

2. *Definitions.*

In addition to the terms defined elsewhere in the Plan, Exhibit A, which is incorporated by reference, defines terms used in the Plan and sets forth certain operational rules related to those terms.

3. *Administration of the Plan.*

3.1 *General.* The Plan shall be administered by the Compensation Committee. Each member of the Compensation Committee shall be a non-employee director as that term is defined in Rule 16b-3, an outside director within the meaning of Section 162(m) and an independent director under the corporate governance rules of any stock exchange or similar regulatory authority on which the Common Stock is then listed, but no action of the Committee shall be invalid if this requirement is not met. The Compensation Committee shall select one of its members as Chairman and shall act by vote of a majority of the members present at a meeting at which a quorum is present or by unanimous written consent. A majority of the members of the Compensation Committee shall constitute a quorum. The Compensation Committee shall be governed by the provisions of the Company's Bylaws and of Delaware law applicable to the Board of Directors, except as otherwise provided herein or determined by the Board of Directors. The Committee's decisions and determinations under the Plan need not be uniform and may be made selectively among Participants, whether or not the Participants are similarly situated.

3.2 *Authority of the Compensation Committee.* The Compensation Committee shall have full discretionary power and authority, subject to the general purposes, terms and conditions of the Plan, to implement, carry out and administer the Plan. Without limiting the generality of the foregoing, the Compensation Committee shall have the authority to:

(a) interpret and administer the Plan, any Award Agreement and any other agreement or document executed pursuant to the Plan;

(b) adopt, amend, modify or rescind rules, procedures and forms relating to the Plan;

(c) select persons to receive Awards;

(d) determine the number of Shares subject to Awards, the Fair Market Value of the Common Stock and the other terms and conditions of each Award (which need not be uniform), including, without limitation, the type of Award to be granted, vesting schedules, forfeiture restrictions and other terms and conditions relating to the exercisability of

vested, exercisable or transferable and extending the term of any Award (subject to the maximum term limitations set forth in the Plan), including extending the period following the termination of a Participant's employment during which any Award may remain outstanding or be exercised; provided, however, that the Compensation Committee shall not have discretion to accelerate or waive any term or condition of an Award (i) if such discretion would cause the Award to have adverse tax consequences to the Participant under Section 409A of the Code or (ii) if the Award is intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code, and such discretion would cause the Award not to so qualify;

(g) with the consent of the Optionee, amend or terminate any outstanding Award Agreement;

(h) correct any defect, supply any omission or reconcile any inconsistency in the Plan, any Award or any Award Agreement;

(i) determine whether an Award has been earned; and

3.3 *Delegation of Authority.* Any of the powers and responsibilities of the Compensation Committee may be delegated to any subcommittee, in which case the acts of the subcommittee shall be deemed to be acts of the Compensation Committee hereunder. In addition, the Compensation Committee may delegate to one or more officers or Employees of the Company or any Subsidiary the authority, subject to such terms as the Compensation Committee shall determine, to perform such functions, including administrative functions, as the Compensation Committee may determine, provided that in no case shall any such officer or Employee be authorized to take any action that would (a) result in the loss of an exemption under Rule 16b-3 for Awards granted to Section 16 Insiders, (b) cause Awards intended to qualify as performance-based compensation under Section 162(m) to fail to so qualify, or (c) be inconsistent with Section 157 and other applicable provisions of the Delaware General Corporation Law. Any action taken by any such officer or Employee within the scope of the authority delegated by the Compensation Committee shall be deemed for all purposes to have been taken by the Compensation Committee, and, except as otherwise specifically provided, references in the Plan to the Compensation Committee shall include any such officer or Employee. The Compensation Committee and, to the extent it so provides, any subcommittee, shall have sole authority to determine whether to review any actions or interpretations of any such officer or Employee, and if the Compensation Committee shall decide to conduct such a review, any such actions or interpretations of any such officer or Employee shall be subject to approval, disapproval or modification by the Compensation Committee.

3.4 *Monitoring Awards.* Notwithstanding any delegation of authority by the Compensation Committee, it shall maintain control of the operation of the Plan. At least annually, the Compensation Committee, in conjunction with the Audit Committee of the Board of Directors of the Company, shall conduct or cause the conduct of an audit of the operation of the Plan to verify that the Plan has been operated and Awards have been documented and maintained by the officers of the Company in accordance with the directions of the Compensation Committee. Without limiting the generality of the foregoing, one of the purposes of such an audit will be to determine that the executed Award Agreements are consistent with the Awards made by the Committee and properly reflect the names of the Participants to whom such Awards were granted, the applicable Dates of Grant, vesting provisions and expiration dates, the type and quantity of Awards granted to each Participant and, if applicable, the applicable exercise prices.

3.5 *Limitation on Liability.*

3.5.1 The Compensation Committee may employ attorneys, consultants, accountants, agents and other persons, and the Compensation Committee shall be entitled, in good faith, to rely and act upon the advice, opinions and valuations of any such persons. In addition, the Compensation Committee shall be entitled, in

good faith, to rely and act upon any report or other information furnished to it by any officer, director or Employee of the Company.

3.5.2 No member of the Compensation Committee, nor any person acting pursuant to authority delegated by the Compensation Committee, nor any officer, director or Employee of the Company acting at the direction or on behalf of the Compensation Committee, shall be liable for any action, omission or determination relating to the Plan, and the Company shall, to the fullest extent permitted by law, indemnify and hold harmless each member of the Compensation Committee, each person acting pursuant to authority delegated by the Compensation Committee, and each other officer, director or Employee of the Company to whom any duty or power relating to the administration or interpretation of the Plan has been delegated against any cost, expense (including counsel fees), liability or other pecuniary loss (including any sum paid in settlement of a claim with the approval of the Compensation Committee) arising out of any action, omission or determination relating to the Plan, unless, in either case, such action, omission or determination was taken or made by such member, director, Employee or other person in bad faith and without reasonable belief that it was in the best interests of the Company.

### 4. Number of Shares Issuable in Connection with Awards.

4.1 Shares Subject to the Plan. The maximum number of Shares that may be issued in connection with Awards granted under the Plan is 5,000,000, and the number of Shares that are subject to Awards outstanding at any one time under the Plan may not exceed the number of Shares that then remain available for issuance under the Plan. The maximum number of Shares that may be issued in connection with Incentive Stock Options granted under the Plan is 5,000,000. The Company at all times shall reserve and keep available sufficient Shares to satisfy the requirements of the Plan. Shares issued under the Plan may be either authorized and unissued shares or treasury shares.

4.2 Share Counting Rules. For purposes of Section 4.1, the following Shares shall not be considered to have been issued under the Plan: (a) Shares remaining under an Award that terminates without having been exercised in full; (b) Shares that have been forfeited in accordance with the terms of the applicable Award; and (c) Shares withheld, in satisfaction of the grant or exercise price or tax withholding requirements, from Shares that would otherwise have been delivered pursuant to an Award. In addition, to the extent permitted by Applicable Laws, Shares subject to Awards issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of business combination by the Company or any of its Subsidiaries shall not be counted against the Shares available for issuance pursuant to the Plan.

4.3 Individual Award Limits. The maximum number of Shares that may be covered by Options and Stock Appreciation Rights (in the aggregate) granted under the Plan to any single Participant in any calendar year shall not exceed 200,000, and the maximum number of Shares that may be covered by all other Awards (in the aggregate) granted under the Plan to any single Participant in any calendar year shall not exceed 100,000. This limitation shall be applied and construed consistently with Section 162(m).

4.4 Adjustments. The limits provided for in this Section 4 shall be subject to adjustment as provided in Section 15.

### 5. Eligibility and Participation.

The Compensation Committee will select Participants from among those Employees who, in the opinion of the Compensation Committee, are in a position to make significant contributions to the long-term performance and growth of the Company and its Subsidiaries. In addition, the Compensation Committee may grant Awards in connection with the engagement of an Employee who is expected to make significant contributions to the long-term performance and growth of the Company, provided that a prospective Employee may not receive any payment or exercise any right relating to an Award until such person's employment with the Company has commenced. An

Employee on leave of absence may be considered as still in the employ of the Company for purposes of eligibility for participation in the Plan, if so determined by the Compensation Committee. Directors of the Company and its Subsidiaries who are not also employees of the Company or a Subsidiary shall not be eligible to receive Awards under the Plan.

6. Award Agreements.

Each Award granted under the Plan shall be evidenced by an Award Agreement in a form approved by the Compensation Committee. Each Award Agreement shall be subject to all applicable terms and conditions of the Plan, shall include such terms and conditions as the Compensation Committee deems appropriate, consistent with the provisions of the Plan, and shall be executed by the Participant and a person designated by the Compensation Committee.

7. Options.

7.1 Grant of Options. The Compensation Committee may grant Options in such amounts, at such times and to such Employees as the Compensation Committee, in its discretion, may determine in accordance with the eligibility criteria set forth in Section 5. The Compensation Committee shall designate at the time of grant whether the Option is intended to constitute an Incentive Stock Option or a Nonstatutory Option.

7.2 Option Price. The Option Price of the Shares subject to each Option shall be determined by the Compensation Committee, but shall not be less than the Fair Market Value of the Common Stock on the Date of Grant, except in the case of replacement or substitute Options issued by the Company in connection with an acquisition or other corporate transaction.

7.3 Option Period. The Award Agreement shall specify the term of each Option. The term shall commence on the Date of Grant and shall be 10 years or such shorter period as is determined by the Compensation Committee. Each Option shall provide that it is exercisable over its term from the Date of Grant or over time in such periodic installments, or based on the satisfaction of such criteria (including, without limitation, upon the satisfaction of Performance Criteria), as the Committee in its discretion may determine. The vesting provisions for Options granted under the Plan need not be uniform. Unless the Committee otherwise determines at the time of grant, if an Option is subject to vesting in periodic installments and a Participant shall not in any period purchase all of the Shares that the Participant is entitled to purchase in such period, the Participant may purchase all or any part of such Shares at any time prior to the expiration of the Option.

7.4 Exercise of Options. Each Option may be exercised in whole or in part (but not as to fractional shares) by the delivery of an executed Notice of Exercise in the form prescribed from time to time by the Compensation Committee, accompanied by payment of the Option Price and any amounts required to be withheld for tax purposes under Section 14. If an Option is exercised by any person other than the Participant, the Compensation Committee may require satisfactory evidence that the person exercising the Option has the right to do so. The Compensation Committee may require any partial exercise of an Option to equal or exceed a specified minimum number of Shares.

7.5 Payment of Exercise Price. The Option Price shall be paid in full in cash or by check acceptable to the Compensation Committee or, if and to the extent permitted by the Compensation Committee, (a) through the delivery of Shares which have been outstanding for at least six months or such other minimum period as may be required by applicable accounting rules to avoid a charge to the Company's earnings for financial reporting purposes (unless the Compensation Committee approves a shorter period) and which have a Fair Market Value on the date the Option is exercised equal to the Option Price, (b) to the extent permitted by Applicable Laws, by a Cashless Exercise, or (c) by any combination of the foregoing permissible forms of payment.

7.6 Employment Requirements. Unless otherwise provided by the Compensation Committee and except as otherwise provided in Section 7.7, an Option may not be exercised unless from the Date of Grant to the date of exercise the Participant remains continuously in the employ of the Company. The Compensation Committee shall determine, in its discretion in the particular case and subject to any requirements of Applicable Laws, whether and to what the extent

the period of continuous employment shall be deemed to include any period in which the Participant is on leave of absence with the consent of the Company. Unless the Compensation Committee expressly provides otherwise, a Participant's service as an Employee with the Company will be deemed to have ceased upon termination of the Participant's employment with the Company and its Subsidiaries (whether or not the Participant continues in the service of the Company or its Subsidiaries)

in some capacity other than that of an Employee). Notwithstanding the foregoing, solely with respect to any Award that is subject to Section 409A of the Code, a Participant shall be considered to have terminated employment with the Company and its Subsidiaries only when the Participant incurs a separation from service with respect to the Company and its Subsidiaries within the meaning of Section 409A(a)(2)(A)(i) of the Code and applicable administrative guidance issued thereunder.

**7.7 Exercise of Options on Termination of Employment.**

7.7.1 Unless otherwise provided by the Compensation Committee, upon the termination of a Participant's employment with the Company and its Subsidiaries by reason of death or Disability, (a) all Options then held by the Participant, to the extent exercisable on the date of termination of employment, shall remain in full force and effect and may be exercised pursuant to the provisions thereof at any time until the earlier of the end of the fixed term thereof and the expiration of 12 months following termination of the Participant's employment, and (b) all Options then held by the Participant, to the extent not then presently exercisable, shall terminate as of the date of such termination of employment and shall not be exercisable thereafter.

7.7.2 Unless otherwise provided by the Compensation Committee, upon the termination of the Participant's employment with the Company and its Subsidiaries for any reason other than the reasons set forth in Section 7.7.1 or a termination for Cause, (a) all Options then held by the Participant, to the extent exercisable on the date of termination of employment, shall remain in full force and effect and may be exercised pursuant to the provisions thereof at any time until the earlier of the end of the fixed term thereof and the expiration of 90 days following termination of the Participant's employment (except that the 90-day period shall be extended to 12 months from the date of termination if the Participant shall die during such 90-day period), and (b) all Options then held by the Participant, to the extent not then presently exercisable, shall terminate as of the date of such termination of employment and shall not be exercisable thereafter.

7.7.3 Unless otherwise provided by the Compensation Committee, in the event of a Participant's termination for Cause, all Options held by the Participant, whether vested or not, shall terminate concurrently with the first discovery by the Company of any reason for the Participant's termination for Cause and shall not be exercisable thereafter. If a Participant's employment with the Company or any Subsidiary is suspended pending an investigation of whether there shall be a termination for Cause, all of the Participant's rights under any Options then held by the Participant, including, without limitation, the right to exercise such Options, shall likewise be suspended during such period of investigation.

7.8 **Incentive Stock Options.** Incentive Stock Options shall be subject to the following additional provisions:

7.8.1 The aggregate Fair Market Value (determined as of the Date of Grant) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any individual Participant during any one calendar year (under all plans of the Company and any parent or Subsidiary) may not exceed the maximum amount permitted under Section 422 of the Code (currently \$100,000). To the extent any Incentive Stock Option would exceed this limit, the portion of the Option in excess of such limit shall be treated as a Non-Qualified Stock Option for all purposes. The provisions of this Section 7.8.1 shall be construed and applied in accordance with Section 422(d) of the Code and the regulations promulgated thereunder.

7.8.2 No Incentive Stock Option may be granted to a Participant if, at the time of the proposed grant, the Participant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or of any parent or Subsidiary of the Company, unless (a) the Option Price is at least 110% of the Fair Market Value of a share of Common Stock on the Date of Grant, and (bi) the Incentive Stock Option is not exercisable after the expiration of five years from the Date of Grant.

7.8.3 If a Participant sells or otherwise disposes of any Shares acquired pursuant to the exercise of an Incentive Stock Option on or before the later of (a) the date two years after the Date of Grant of the Incentive Stock Option, and (b) the date one year after the exercise of the Incentive Stock Option (in either case, a Disqualifying Disposition ), the Participant shall notify the Company in writing of the

B-5

---

**Table of Contents**

Disqualifying Disposition within 10 days of the date thereof. In the event of a Disqualifying Disposition, the Option will not qualify for incentive stock option treatment.

7.8.4 If the Compensation Committee exercises its discretion to permit an Incentive Stock Option to be exercised by a Participant more than three months after the termination of a Participant's employment for any reason other than death or Disability, the Incentive Stock Option will thereafter be treated as a Non-Qualified Stock Option for all purposes. For purposes of this Section 7.8.4, a Participant's employment will be treated as continuing uninterrupted during any period that the Participant is on military leave, sick leave or another approved leave of absence if the period of leave does not exceed 90 consecutive days, unless reemployment on the expiration of such leave is guaranteed by statute or by contract.

7.8.5 Any Option which is designated by the Compensation Committee as an Incentive Stock Option but fails, for any reason, to meet the requirements for Incentive Stock Option treatment shall be treated for tax purposes as a Non-Qualified Stock Option.

7.9 *Additional Terms and Conditions.* Each Option, and any shares of Common Stock issued in connection with an Option, shall be subject to such additional terms and conditions not inconsistent with the Plan as are determined by the Compensation Committee and set forth in the applicable Award Agreement.

8. *Restricted Stock.*

8.1 *Grant of Restricted Stock.* The Compensation Committee may offer Awards of Restricted Stock in such amounts, at such times and to such Employees as the Compensation Committee, in its discretion, may determine in accordance with the eligibility criteria set forth in Section 5.

8.2 *Purchase Price.* The purchase price of the Shares subject to a Restricted Stock Award shall be determined by the Compensation Committee and may be less than the Fair Market Value (but not less than the par value) of the Shares on the Date of Grant. Without limiting the generality of the foregoing, the Compensation Committee may determine that eligible Employees may be issued Restricted Stock in consideration for past services actually rendered to the Company and its Subsidiaries having a value of not less than the par value of the Shares subject to the Award. The Committee shall determine the methods by which the purchase price may be paid or deemed paid and the form of payment.

8.3 *Award Agreement: Acceptance by Participant.* Promptly following the grant of each Restricted Stock Award, the Compensation Committee shall cause to be delivered to the applicable Participant an Award Agreement that evidences the Award. The Participant shall accept the Award by signing and delivering to the Company his or her Award Agreement, accompanied by full payment of the purchase price, within 30 days from the date the Award Agreement was delivered to the Participant. If the Participant does not so accept the Restricted Stock Award within such 30-day period, then the offer of the Award shall terminate unless the Compensation Committee otherwise determines.

8.4 *Restrictions.* At the time of grant of each Restricted Stock Award, the Compensation Committee shall determine the Restriction Period that will apply to the Award and the forfeiture and vesting restrictions, restrictions on transferability and other restrictions (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on Restricted Stock) that will apply to the Award during the Restriction Period. These restrictions may lapse separately or in combination at such times, under such circumstances (including based on achievement of Performance Criteria or future service requirements or both), in such installments or otherwise, as the Compensation Committee may determine in its discretion.

8.5 *Forfeiture*. Except as otherwise determined by the Compensation Committee, upon termination of the Participant's employment during the applicable Restriction Period, Restricted Stock that is at that time subject to restrictions shall be forfeited and reacquired by the Company or shall be subject to a repurchase option in favor of the Company, as may be specified in the Award Agreement; provided, however, that, the Compensation Committee, in its discretion, may (a) provide in any Award Agreement that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of

B-6

terminations resulting from specified causes, and (b) in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

8.6 *Stock Certificates*. Restricted Stock granted under the Plan may be evidenced in such manner as the Compensation Committee shall determine. If certificates representing Restricted Stock are registered in the name of the Participant, the Compensation Committee may require that such certificates bear an appropriate legend referring to the terms, conditions and restrictions applicable to such Restricted Stock, that the Company retain physical possession of the certificates, and that the Participant deliver a stock power to the Company, endorsed in blank, relating to the Restricted Stock.

8.7 *Dividend Rights*. Unless otherwise set forth in the Award Agreement, (a) any regular cash dividends declared and paid with respect to Shares subject to a Restricted Stock Award shall be paid to the Participant at the same time they are paid to all other stockholders of the Company, and (b) Shares distributed in connection with a stock split or stock dividend, and any other cash or property (including securities of the Company or other issuers) distributed as a dividend (other than regular cash dividends), shall be subject to restrictions and forfeiture conditions to the same extent as the Restricted Stock with respect to which such Shares, cash or other property have been distributed, and all references to Restricted Stock in the Plan or the applicable Award Agreement shall be deemed to include such Shares, cash or other property.

8.8 *Voting Rights*. Unless otherwise set forth in the Award Agreement, all voting rights appurtenant to the Shares subject to a Restricted Stock Award shall be exercised by the Participant.

8.9 *Termination of the Restriction Period*. Upon satisfaction of the terms and conditions specified in the Award Agreement that apply to a Restriction Period, (a) the Participant shall be entitled to have the legend referred to in Section 8.6 removed from his or her shares of Restricted Stock after the last day of the Restriction Period, and (b) if the Company has retained possession of the certificates representing the shares of Restricted Stock, the Company shall promptly deliver such certificates to the Participant. If the terms and conditions specified in the Award Agreement that apply to a Restriction Period have not been satisfied, the Restricted Stock subject to the Award shall be forfeited and reacquired by the Company or shall be subject to a repurchase option in favor of the Company, as may be specified in the Award Agreement

8.10 *Additional Terms and Conditions*. Each Award of Restricted Stock, and all Shares of Restricted Stock granted or offered for sale hereunder, shall be subject to such additional terms and conditions not inconsistent with the Plan as are prescribed by the Compensation Committee and set forth in the applicable Award Agreement.

## 9. *Restricted Stock Units*.

9.1 *Grant of Restricted Stock Units*. The Compensation Committee may make Awards of Restricted Stock Units in such amounts, at such times and to such Employees as the Compensation Committee, in its discretion, may determine in accordance with the eligibility criteria set forth in Section 5. A Participant granted Restricted Stock Units shall not have any of the rights of a stockholder with respect to the Shares subject to an Award of Restricted Stock Units, including any right to vote or to receive other distributions on the Shares, until certificates for the Shares subject to the Award shall have been issued in the Participant's name in accordance with the terms of the applicable Award Agreement.

9.2 *Vesting and Other Terms*. At the time of grant of each Award of Restricted Stock Units, the Compensation Committee shall determine the Restriction Period that will apply to the Award. During the Restriction Period, Restricted Stock Units shall be subject to such restrictions on transferability, risk of forfeiture and other restrictions as the Compensation Committee may impose, which restrictions may lapse separately or in combination at such times,

under such circumstances (including based on achievement of Performance Criteria or future service requirements or both), in such installments or otherwise as the Committee may determine in its discretion. If the terms and conditions specified in the Award Agreement have not been satisfied by the end of the Restriction Period, the Restricted Stock Units subject to the Restriction Period shall become null and void, and the Participant shall forfeit all rights with respect to such Award.

B-7

---

**Table of Contents**

9.3 *Termination of Employment.* Except as otherwise determined by the Compensation Committee, upon termination of the Participant's employment during the applicable Restriction Period, Restricted Stock Units that are at that time subject to restrictions shall be null and void, and the Participant shall forfeit all rights with respect to such Awards.

9.4 *Settlement.* On the vesting date or dates of the Award, the Company shall, subject to the terms of the Plan and the Award Agreement, transfer to the Participant one Share for each Restricted Stock Unit scheduled to be paid out on such date and not previously forfeited. The Compensation Committee shall specify in the Award the purchase price, if any, to be paid by the Participant to the Company for such Shares and shall determine the methods by which the purchase price may be paid or deemed paid and the form the payment.

9.5 *Additional Terms and Conditions.* Each Award of Restricted Stock Units, and all Shares issued in settlement of Restricted Stock Units, shall be subject to such additional terms and conditions not inconsistent with the Plan as are prescribed by the Compensation Committee and set forth in the applicable Award Agreement.

10. *Stock Appreciation Rights.*

10.1 *Grant of Stock Appreciation Rights.* The Compensation Committee may make Awards of Stock Appreciation Rights in such amounts, at such times and to such Employees as the Compensation Committee, in its discretion, may determine in accordance with the eligibility criteria set forth in Section 5. If a Stock Appreciation Right is granted to a Section 16(b) Insider, the Award Agreement shall incorporate all the terms and conditions at the time necessary to assure that the subsequent exercise of the Stock Appreciation Right shall qualify for the safe-harbor exemption from short-swing profit liability provided by Rule 16b-3.

10.2 *General Terms.* A Stock Appreciation Right shall confer on the Participant the right to receive in Shares, cash or a combination thereof (as may be determined by the Compensation Committee in its discretion) the value equal to the excess of the Fair Market Value of one Share on the date of exercise over the exercise price for the Stock Appreciation Right, with respect to every Share for which the Stock Appreciation Right is granted (the SAR Settlement Value). At the time of grant, the Stock Appreciation Right must be designated by the Compensation Committee as either a tandem Stock Appreciation Right or a stand-alone Stock Appreciation Right and, if not so designated, shall be deemed to be a stand-alone Stock Appreciation Right. A tandem Stock Appreciation Right is a Stock Appreciation Right that is granted in tandem with an Option and only may be granted at the same time as the Option to which it relates. The exercise of a tandem Stock Appreciation Right shall cancel the related Option for a like number of Shares, and the exercise of the related Option similarly shall cancel the tandem Stock Appreciation Right for a like number of Shares. Tandem Stock Appreciation Rights shall, except as specifically set forth in this Section 10 or in the applicable Award Agreement, be subject to the same terms and conditions as apply to the related Option. Stand-alone Stock Appreciation Rights shall, except as specifically set forth in this Section 10 or in the applicable Award Agreement, be subject to the same terms and conditions generally applicable to Nonstatutory Stock Options as set forth in Section 7.

10.3 *Exercise Price.* The exercise price of each Stock Appreciation Right shall be determined by the Compensation Committee, but shall not be less than the Fair Market Value of the Common Stock on the Date of Grant.

10.4 *Other Terms.* The Compensation Committee shall determine the term of each Stock Appreciation Right. The term shall commence on the Date of Grant and shall be 10 years or such shorter period as is determined by the Compensation Committee. The Compensation Committee also shall determine the time or times at which and the circumstances under which a Stock Appreciation Right may be exercised in whole or in part, the method of exercise, the method of settlement and the form of consideration payable in settlement. The Compensation Committee may provide for Stock Appreciation Rights to become exercisable at one time or from time to time, periodically or otherwise (including, without limitation, upon the satisfaction of Performance Criteria), as to such number of Shares

or percentage of the Shares subject to the Stock Appreciation Right as the Compensation Committee determines.

B-8

**Table of Contents**

10.5 *Exercise.* Each Stock Appreciation Right may be exercised in whole or in part (but not as to fractional shares) by the delivery of an executed Notice of Exercise in the form prescribed from time to time by the Compensation Committee, accompanied by payment of any amounts required to be withheld for tax purposes under Section 14. If a Stock Appreciation Right is exercised by any person other than the Participant, the Compensation Committee may require satisfactory evidence that the person exercising the Option has the right to do so. Upon the exercise of a Stock Appreciation Right, the Participant shall be entitled to receive the SAR Settlement Value from the Company for each Share as to which the Stock Appreciation Right has been exercised. The Company shall pay the SAR Settlement Value in Shares valued at Fair Market Value on the exercise date, in cash or any combination thereof, as determined by the Compensation Committee. The Compensation Committee may permit a Participant to elect to defer receipt of payment of all or part of the SAR Settlement Value pursuant to such rules and regulations as may be adopted by the Compensation Committee or as may be specified in the applicable Award Agreement, provided any such deferral shall satisfy the requirements of Section 409A of the Code and any regulations or rulings promulgated by the Internal Revenue Service thereunder.

10.6 *Additional Terms and Conditions.* Each Award of Stock Appreciation Rights, and all Shares issued in settlement of Stock Appreciation Rights, shall be subject to such additional terms and conditions not inconsistent with the Plan as are prescribed by the Compensation Committee and set forth in the applicable Award Agreement.

#### 11. *Other Stock-Based Awards.*

The Compensation Committee may grant to Employees equity-based or equity-related Awards not otherwise described herein, alone or in tandem with other Awards, in such amounts and subject to such terms and conditions as the Compensation Committee shall determine from time to time in its sole discretion ( Other Stock-Based Awards ). Without limiting the generality of the foregoing, Other Stock-Based Awards may (a) involve the transfer of restricted or unrestricted shares of Common Stock to Participants, either at the time of grant or thereafter, or payment in cash or otherwise of amounts based on the value of shares of Common Stock, (b) be subject to performance-based or service-based conditions, (c) be granted as, or in payment of, a bonus, or to provide incentives or recognize special achievements or contributions, (d) be designed to comply with Applicable Laws of jurisdictions other than the United States, and (e) be designed to qualify for the performance-based compensation exception under Section 162(m); provided, that each Other Stock-Based Award shall be denominated in, or shall have a value determined by reference to, a number of shares of Common Stock that is specified at the time of the grant of the Award. Cash awards, as an element of or supplement to any other Award under the Plan, also may be granted pursuant to this Section 11.

#### 12. *Performance Based Awards.*

12.1 *Performance Criteria.* Awards made pursuant to the Plan may be made subject to the attainment of performance goals relating to one or more business criteria ( Performance Criteria ). For purposes of Awards that are intended to qualify for the performance-based compensation exception under Section 162(m), the Performance Criteria shall (a) be objective business criteria and otherwise meet the requirements of Section 162(m), including the requirement that the level or levels of performance targeted by the Compensation Committee result in the achievement of performance goals being substantially uncertain, and (b) relate to one or more of the following performance measures: (i) revenues or net sales; (ii) earnings before or after deduction for all or any portion of interest, taxes, depreciation, amortization or other items, whether or not on a continuing operations or an aggregate or per share basis; (iii) return on equity, investment, capital or assets; (iv) margins; (v) one or more operating ratios; (vi) borrowing levels, leverage ratios or credit ratings; (vii) market share; (viii) capital expenditures; (ix) cash flow; (x) stock price, growth in stockholder value relative to one or more stock indices or total stockholder return; (xi) budget and expense management; (xii) working capital turnover and targets; (xiii) sales of particular products or services, market penetration, geographic expansion or new concept development; (xiv) customer acquisition, expansion and retention; (xv) acquisitions and divestitures (in whole or in part), joint ventures, strategic alliances, spin-offs, split-ups and the

like; (xvi) reorganizations, recapitalizations, restructurings and financings (debt or equity); (xvii) transactions that would constitute a Change in Control; or (xviii) any combination of the foregoing.

Performance Criteria measures, and targets with respect thereto, determined by the Compensation Committee need not be based upon an increase, a positive or improved result or avoidance of loss.

12.2 Additional Provisions Applicable to Performance Criteria. Any Performance Criteria may be used to measure the performance of the Company as a whole or with respect to any business unit, Subsidiary or business segment of the Company, either individually, alternatively or in any combination, and may be measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous period results or to a designated comparison group, in each case as specified by the Compensation Committee in the Award. To the extent required by Section 162(m), prior to the payment of any compensation under an Award intended to qualify as performance-based compensation under Section 162(m), the Compensation Committee shall certify the extent to which any such Performance Criteria and any other material terms under such Award have been satisfied (other than in cases where such Performance Criteria relate solely to the increase in the value of the Common Stock). To the extent Section 162(m) is applicable, the Compensation Committee may not in any event increase the amount of compensation payable to a Participant subject to Section 162(m) upon the satisfaction of any Performance Criteria.

12.3 Adjustments to Performance Criteria. The Compensation Committee may, with respect to any Performance Period, make such adjustments to Performance Criteria as it may deem appropriate to compensate for, or reflect, (a) asset write-downs or write-ups; (b) litigation, claims, judgments or settlements; (c) the effect of changes in tax law, accounting principles or other laws or provisions affecting reported results; (d) discontinued operations and divestitures; (e) mergers, acquisitions and accruals for reorganization and restructuring programs; and (f) extraordinary or other unusual or non-recurring item; provided, however, with respect to Awards intended to qualify as performance-based compensation under Section 162(m), such adjustments shall be made only to the extent that the Compensation Committee determines that such adjustments may be made without a loss of deductibility of the compensation includible with respect to the Awards under Section 162(m).

12.4 Performance Periods. The attainment of Performance Criteria shall be measured over performance periods of one year or more ( Performance Periods ), as may be established by the Compensation Committee. Performance Criteria for any Performance Period shall be established not later than the earlier of (a) 90 days after the beginning of the Performance Period, or (b) the time 25% of the Performance Period has elapsed.

12.5 Right of Recapture. If, at any time after the date on which a Participant has been granted or becomes vested in or paid an Award pursuant to the achievement of Performance Criteria, the Compensation Committee determines that the earlier determination as to the achievement of the Performance Criteria was based on incorrect data and that in fact the Performance Criteria had not been achieved or had been achieved to a lesser extent than originally determined and a portion of the Award would not have been granted, vested or paid given the correct data, then (a) any portion of the Award that was so granted shall be forfeited and any related Shares (or, if such Shares were disposed of, the cash equivalent) shall be returned to the Company, (b) any portion of the Award that became so vested shall be deemed to be not vested and any related Shares (or, if such Shares were disposed of, the cash equivalent) shall be returned to the Company, and (c) any portion of the Award so paid to the Participant shall be repaid by the Participant to the Company upon notice from the Company, in each case as and to the extent provided by the Compensation Committee.

12.6 Section 162(m). In the case of an Award intended to be eligible for the performance-based compensation exception under Section 162(m), the Plan and such Award shall be construed to the maximum extent permitted by law in a manner consistent with qualifying the Award for such exception.

13. Restrictions on Transfer.

13.1 Restrictions on Transfer. Subject to the further provisions of this Section 13.1, Awards may not be transferred other than by will or by the laws of descent and distribution, and during a Participant's lifetime an Award requiring

exercise may be exercised only by the Participant (or in the event of the Participant's incapacity, the person or persons legally appointed to act on the Participant's behalf). No Award or any

interest therein shall be subject to attachment, execution, garnishment, sequestration, the laws of bankruptcy or any other legal or equitable process. The foregoing notwithstanding, Awards (other than Incentive Stock Options and Stock Appreciation Rights granted in tandem therewith) may be transferred to one or more transferees during the lifetime of the Participant, and may be exercised by such transferees in accordance with the terms of such Award, but only if and to the extent such transfers are permitted by the Compensation Committee in its discretion, subject to any terms and conditions which the Committee may impose thereon. If a transfer is approved by the Compensation Committee, the transfer shall only be effective upon written notice to the Company given in such form and manner as may be prescribed by the Compensation Committee. Anything herein to the contrary notwithstanding, transfers of an Award by a Participant for consideration are prohibited.

13.2 *Designation and Change of Beneficiary.* Each Participant may file with the Compensation Committee a written designation of one or more persons as the beneficiary who shall be entitled to receive the rights or amounts payable with respect to an Award due under the Plan upon the Participant's death. A Participant may, from time to time, revoke or change his or her beneficiary designation without the consent of any prior beneficiary by filing a new designation with the Compensation Committee. The last such designation received by the Compensation Committee shall be controlling; provided, however, that no designation, or change or revocation thereof, shall be effective unless received by the Compensation Committee prior to the Participant's death, and in no event shall it be effective as of a date prior to such receipt. If no beneficiary designation is filed by the Participant, the beneficiary shall be deemed to be the Participant's estate.

13.3 *Provisions Applicable to Transferees.* A beneficiary, transferee or other person claiming any rights under the Plan from or through any Participant shall be subject to all terms and conditions of the Plan and any Award Agreement or other document applicable to the Participant, except as otherwise determined by the Compensation Committee, and to any additional terms and conditions deemed necessary or appropriate by the Compensation Committee. The Compensation Committee shall have full and exclusive authority to interpret and apply the provisions of the Plan to transferees to the extent not specifically addressed herein.

14. *Withholding and Other Tax Provisions.*

14.1 *Withholding.* The Company may require the Participant to pay to the Company the amount of any taxes that the Company is required by applicable federal, state, foreign, local or other law to withhold with respect to the grant, vesting, exercise or settlement of an Award. The Company shall not be required to issue any Shares under the Plan until such obligations are satisfied in full. The Compensation Committee may, in its sole and absolute discretion in the particular case, permit or require a Participant to satisfy his or her tax withholding obligations by any of the following means (or a combination of any of the following means): (a) by paying cash to the Company, (b) by having the Company withhold a number of Shares that would otherwise be issued to the Participant (or become vested in the case of Restricted Shares) having a Fair Market Value equal to the tax withholding obligations, (c) surrendering a number of Shares the Participant already owns having a Fair Market Value equal to the tax withholding obligations, or (d) entering into such other arrangement as is acceptable to the Compensation Committee in its sole discretion. The value of any Shares withheld or surrendered may not exceed the employer's minimum tax withholding obligation and, to the extent such Shares were acquired by the Participant from the Company as compensation, the Shares must have been held for the minimum period required by applicable accounting rules to avoid a charge to the Company's earnings for financial reporting purposes. The Company shall also have the right to deduct from any and all cash payments otherwise owed to a Participant any federal, state, foreign, local or other taxes required to be withheld with respect to the Participant's participation in the Plan.

14.2 *Required Consent to and Notification of Section 83(b) Election.* No election under Section 83(b) of the Code (to include in gross income in the year of transfer the amounts specified in Section 83(b) of the Code) or under a similar provision of the laws of a jurisdiction outside the United States may be made in connection with an Award unless

expressly permitted by the terms of the Award Agreement or by action of the Committee in writing prior to the making of such election. In any case in which a Participant is so permitted to make such an election, the Participant shall notify the Company of such election within 10 days of filing notice of the election with the Internal Revenue Service or other governmental authority, in addition

to any filing and notification required pursuant to regulations issued under Section 83(b) of the Code or other applicable provisions of any tax law.

15. Effect of Certain Corporate Changes and Changes in Control.

15.1 Basic Adjustment Provisions. In the event the Compensation Committee determines that any stock dividend, stock split, combination of shares, extraordinary dividend of cash or assets, merger, consolidation, spin-off, recapitalization (other than the conversion of convertible securities according to their terms), reorganization, liquidation, dissolution or other similar corporate change, or any other increase, decrease or change in the Common Stock without receipt or payment of consideration by the Company, in the Compensation Committee's sole discretion, affects the Common Stock such that an adjustment to the Awards or the Plan is determined by the Compensation Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Award, then the Compensation Committee shall, in such manner as it may deem equitable, adjust any or all of:

- (a) The number and kind of shares of Common Stock (or other securities or property) with respect to which an Award may be granted under the Plan (including, but not limited to, adjustments of the limitations in Section 4.1 on the maximum number and kind of Shares which may be issued under the Plan and the limitations in Section 4.3 on the maximum number of Shares that may be covered by Awards granted under the Plan to any single Participant in any calendar year);
- (b) The number and kind of shares of Common Stock (or other securities or property) subject to outstanding Awards;
- (c) The grant, exercise or other purchase price per Share under any outstanding Awards; and
- (d) The terms and conditions of any outstanding Awards (including, without limitation, any applicable Performance Criteria specified in an Award Agreement).

Notwithstanding the foregoing, (x) with respect to Incentive Stock Options, any such adjustments shall be made in accordance with Section 424(h) of the Code, (b) the Committee shall consider the impact of Section 409A of the Code on any such adjustments, and (z) no such adjustments may materially change the value of benefits available to a Participant under a previously granted Award.

15.2 Change in Control. The Compensation Committee may provide with respect to any transaction that results in a Change in Control, either at the time an Award is granted or by action taken prior to the occurrence of the Change in Control, that a Change in Control shall have such effect as is specified by the Compensation Committee, or no effect, as the Compensation Committee in its sole discretion may provide. Without limiting the foregoing, the Compensation Committee may provide, either at the time an Award is granted or by action taken prior to the occurrence of the Change in Control, and without the consent or approval of any Participant, for one or more of the following actions or combination of actions with respect to some or all outstanding Awards (which actions may vary among individual Participants and may be subject to such terms and conditions as the Compensation Committee deems appropriate):

- (a) Acceleration of the time at which Awards then outstanding vest and (as applicable) may be exercised in full for a limited period of time on or before a specified date fixed by the Compensation Committee (which will permit the Participant to participate with the Common Stock received upon exercise of an Award in the Change in Control transaction), after which specified date all unexercised Awards and all rights of Participants thereunder shall terminate;

(b) Acceleration of the time at which Awards then outstanding vest (and, in the case of Options, Stock Appreciation Rights and other applicable Awards, may be exercised so that such Options, Stock Appreciation Rights and other applicable Awards may be exercised in full for their then remaining term);

(c) The assumption of Awards (or any portion thereof) by the successor or survivor corporation, or a parent or Subsidiary thereof, or the substitution of awards covering the stock of the successor or survivor corporation, or a parent or Subsidiary thereof, for then outstanding Awards that have been issued under

B-12

the Plan, with appropriate adjustments as to the number and kind of shares and grant, exercise or other purchase prices;

(d) The mandatory surrender to the Company for cancellation of any outstanding Awards and the purchase of the surrendered Awards for an amount of cash, securities or other property equal to the excess of the Fair Market Value of the vested shares of Common Stock subject to any such Award immediately prior to the occurrence of the Change in Control (and such additional portion of the Award as the Compensation Committee may determine) over the aggregate exercise or other purchase price (if any) of such shares; and

(e) The termination of any Award (or any portion thereof) concurrently with the closing or other consummation of the Change in Control transaction. If the Compensation Committee provides that an Award shall terminate concurrently with the closing or other consummation of the Change in Control transaction, each Participant shall have the right up to the closing or other consummation of the transaction to exercise all or any part of the Participant's vested Awards.

15.3 *Determination of Adjustments.* All determination of the Compensation Committee pursuant to this Section 15 shall be conclusive and binding on all persons for all purposes of the Plan.

15.4 *No Restriction on Right of Company to Effect Corporate Changes.* The Plan shall not affect in any way the right or power of the Company to make or authorize any adjustments, recapitalizations, reorganizations or other changes in the Company's capital structure or its business, any merger or consolidation, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or that are convertible into or exchangeable for Common Stock, the dissolution or liquidation of the Company, any sale or transfer of all or any part of the assets or business of the Company or any of its Subsidiaries, or any other corporate act or proceeding, whether of a similar character or otherwise. Except as specifically provided in this Section 15 and authorized by the Compensation Committee, a Participant shall have no rights by reason of any such corporate act or proceeding, and no adjustment by reason thereof shall be made with respect to any outstanding Award or the Plan.

16. *Regulatory Compliance.*

16.1 *Conditions to Obligations of the Company.* The Company may, to the extent deemed necessary or advisable by the Compensation Committee, postpone the issuance or delivery of Shares or the payment of other benefits under any Award until:

(a) The completion of any registration or other qualification of such Shares under any state or federal securities law or under the rules and regulations of the Securities and Exchange Commission or any other governmental regulatory body, which the Compensation Committee shall, in its sole discretion, deem necessary or advisable;

(b) The admission to listing of, or other required action with respect to, such Shares on any and all stock exchanges or automated quotation systems upon which the Common Stock or other securities of the Company are then listed or quoted; and

(c) The compliance with all other requirements of Applicable Laws, as the Compensation Committee shall, in its sole discretion, deem necessary or advisable;

The Compensation Committee also may require any Participant to make such representations, furnish such information and comply with or be subject to such other conditions as the Compensation Committee shall, in its sole discretion, deem necessary or advisable to comply with any requirements of Applicable Laws in connection with the grant of any Award or the issuance or delivery of Shares or the payment of other benefits under any Award. Without

limiting the generality of the foregoing, if the Shares offered for sale or sold under the Plan are offered or sold pursuant to an exemption from registration under federal, state or foreign securities laws, (x) the Company may require the Participant to represent and agree at the time of grant or exercise, as the case may be, that such Shares are being acquired for investment, and not with a view to the sale or distribution thereof, and to make such other representations as are deemed necessary or

appropriate by the Company and its counsel, and (y) the Company may restrict the transfer of such Shares, issue stop-transfer instructions and legend the certificates representing such Shares, in each case in such manner as it deems advisable to ensure the availability of any such exemption.

16.2 *Limitation on Company Obligations.* The inability of the Company (after reasonable efforts) to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance or sale of any Awards or Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Awards or Shares as to which such requisite authority shall not have been obtained. Nothing contained herein shall be construed to impose on the Company any obligation to register for offering or resale under the Securities Act, or to register or qualify under any other state, federal or foreign securities laws, any Shares, securities or interests in a security paid or issued under, or created by, the Plan, or to continue in effect any such registrations or qualifications if made, and the Company shall have no liability for any inability or failure to do so.

16.3 *Provisions Applicable to a Change in Control.* Anything in this Section 16 to the contrary notwithstanding, in connection with a Change in Control, the Company shall not take or cause to be taken any action, and shall not undertake or permit to arise any legal or contractual obligation, that results or would result in any postponement of the issuance or delivery of Shares or the payment of benefits under any Award or the imposition of any other conditions on such issuance, delivery or payment, to the extent that such postponement or other condition would represent a greater burden on a Participant than existed on the 90th day preceding the effective date of the Change in Control.

16.4 *Exchange Act.* Notwithstanding anything contained in the Plan or any Award Agreement to the contrary, if the consummation of any transaction under the Plan would result in the possible imposition of liability on a Participant pursuant to Section 16(b) of the Exchange Act, the Compensation Committee shall have the right, in its sole discretion, but shall not be obligated, to defer such transaction to the extent necessary to avoid such liability.

17. *Amendment or Termination of the Plan.*

The Board of Directors may at any time and from time to time amend, suspend or terminate the Plan in whole or in part; provided that no such amendment may, without the approval of the stockholders of the Company, increase the number of shares of Common Stock that may be issued under the Plan (except for adjustments pursuant to Section 15) or effectuate a change for which stockholder approval is required: (a) in order for the Plan to continue to qualify under Section 422 of the Code; (b) under the corporate governance standards of any national securities exchange or automated quotation system applicable to the Company; or (c) for Awards to be eligible for the performance-based compensation exception under Section 162(m). In addition, no termination or amendment of the Plan shall materially alter or adversely affect the rights of any Participant in any outstanding Awards, without the consent of the Participant to whom the Awards have been granted.

18. *Term of the Plan.*

The Plan shall continue until terminated by the Board of Directors pursuant to Section 17 or as otherwise set forth in the Plan, and no further Awards shall be made hereunder after the date of such termination. Unless earlier terminated, the Plan shall terminate 10 years after its initial approval by the Board of Directors (provided that Awards granted before termination shall continue in accordance with their terms).

19. *No Right to Awards or Continued Employment.*

No person shall have any claim or right to receive grants of Awards under the Plan, and neither the Plan nor any action taken or omitted to be taken hereunder shall create or confer on any Participant the right to continued employment with the Company or its Subsidiaries or interfere with or to limit in any way the right of the Company or

its Subsidiaries to terminate the employment of any Participant at any time or for any reason. The loss of any existing or potential profit in Awards shall not constitute an element of damages in the event of the termination of the employment of any Participant for any reason, even if the termination is in violation of an obligation of the Company or its Subsidiaries to the Participant. No Participant shall have any

rights as a stockholder with respect to any Shares covered by or relating to any Award until the date of the issuance of a stock certificate with respect to such Shares.

20. Effect of Plan Upon Other Awards and Compensation Plans.

Nothing in the Plan shall be construed to limit the right of the Company or any of its Subsidiaries (a) to establish any other forms of incentives or compensation for Employees, or (b) to grant or assume options, restricted stock or other equity-based awards otherwise than under the Plan in connection with any proper corporate purpose, including, but not by way of limitation, the grant or assumption of options, restricted stock or other awards in connection with the acquisition of the business, securities or assets of any corporation, firm or business. The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company or any of its Subsidiaries, and no payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, profit sharing, group insurance or other benefit plan of the Company except as otherwise specifically provided in such other plan.

21. General Provisions.

21.1 Other Documents. All documents prepared, executed or delivered in connection with the Plan shall be, in substance and form, as established and modified by the Compensation Committee or by persons under its direction and supervision; provided, however, that all such documents shall be subject in every respect to the provisions of the Plan, and in the event of any conflict between the terms of any such document and the Plan, the provisions of the Plan shall prevail.

21.2 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Compensation Committee shall determine whether cash or other property shall be issued or paid in lieu of fractional shares of Common Stock or whether such fractional shares of Common Stock and any rights thereto shall be forfeited or otherwise eliminated (including by rounding to the nearest whole Share).

21.3 Payments in the Event of Forfeitures. Unless otherwise determined by the Compensation Committee or otherwise specified in the applicable Award Agreement, in the event of the forfeiture of an Award with respect to which a Participant paid cash consideration, the Participant shall be repaid the amount of such cash consideration within 10 days of the date of forfeiture or as soon thereafter as practicable.

21.4 Limitation on Repricing. The Compensation Committee shall not, without the approval of the stockholders of the Company, amend or replace previously granted Options or Stock Appreciation Rights in a transaction that constitutes a repricing, as such term is used in Section 303A.08 of the Listed Company Manual of the New York Stock Exchange or the rules and regulations of the Securities and Exchange Commission.

21.5 Misconduct of a Participant. Notwithstanding any other provision of the Plan or an Award Agreement, if a Participant commits fraud or dishonesty toward the Company or wrongfully uses or discloses any trade secret, confidential data or other information proprietary to the Company, or intentionally takes any other action materially inimical to the best interests of the Company, as determined by the Compensation Committee, in its sole and absolute discretion, such Participant shall forfeit all rights and benefits under the Plan and any outstanding Awards.

21.6 Restrictive Legends. The certificates for Shares delivered under the Plan shall include such legends, and shall be subject to such stop-transfer instructions, as the Compensation Committee deems appropriate to reflect any restrictions on the Shares.

21.7 Successors in Interest. The provisions of the Plan, the terms and conditions of any Award and the actions of the Compensation Committee shall be binding upon the successors and assigns of the Company and permitted successors

and assigns, heirs, executors, administrators and other legal representatives of Participants.

21.8 Severability. If any provision of the Plan or any Award is determined to be invalid, illegal or unenforceable in any jurisdiction, or as to any person, or would disqualify the Plan or any Award under any

law deemed applicable by the Compensation Committee, such provision shall be construed or deemed amended to conform to Applicable Laws, or, if it cannot be so construed or deemed amended without, in the Compensation Committee's determination, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, person or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.

21.9 Headings. The headings of sections and subsections herein are included solely for convenience of reference and shall not affect the meaning of any of the provisions of the Plan.

21.10 Governing Law. To the extent not preempted by federal law, the Plan and all rights hereunder shall be governed by and construed in accordance with the laws of the State of Delaware, without reference to rules relating to conflicts of law.

21.11 Compliance With Section 162(m). If any provision of the Plan or any Award Agreement relating to an Award that is designated as intended to comply with Section 162(m) does not comply or is inconsistent with the requirements of Section 162(m), such provision shall be construed or deemed amended to the extent necessary to conform to such requirements.

21.12 Compliance With Section 409A. Awards under the Plan are intended either to (a) qualify as compensatory arrangements that do not constitute deferred compensation subject to Section 409A of the Code, or (b) satisfy the requirements of Section 409A of the Code so that Participants will not be liable for the payment of interest or additional tax thereunder, and the Plan and all Awards shall be construed accordingly. Any provision of the Plan or an Award Agreement that would cause the grant of an Award, or the payment, settlement or deferral thereof, to fail to satisfy Section 409A of the Code shall be amended to comply with Section 409A of the Code on a timely basis, which may be made on a retroactive basis, in accordance with regulations and other guidance issued under Section 409A of the Code. To the extent necessary to comply with Section 409A of the Code, if a Participant is a specified employee, as defined in Treas. Reg. 1.409A-1(i), and any stock of the Company or of any affiliate is publicly traded on an established securities market or otherwise, no payment or benefit that is subject to Section 409A of the Code shall be made under this Plan on account of the Participant's separation from service with the Company or its Subsidiaries within the meaning of Section 409A(a)(2)(A)(i) of the Code before the date that is the first day of the seventh month beginning after the date the Participant's separation from service (or, if earlier, the date of death of the Participant or any other date permitted under Section 409A of the Code). To the extent necessary to comply with Section 409A Code, no Award that is a Nonstatutory Option or a Stock Appreciation Right shall contain or be amended to contain a deferral feature or an additional deferral feature within the meaning and usage of those terms under Section 409A of the Code and the administrative guidance thereunder.

21.13 Administration of the Plan in Foreign Countries. The Compensation Committee may take any action consistent with the terms of the Plan, either before or after an Award has been granted, which the Compensation Committee deems necessary or advisable in order for the administration of the Plan and the grant of Awards thereunder to comply with the Applicable Laws of any foreign country, including but not limited to, modifying or amending the terms and conditions governing any Awards, modifying exercise procedures and other terms and procedures and establishing local country plans as sub-plans to the Plan.

21.14 Effective Date. The Plan shall become effective upon adoption by the Board of Directors, subject to approval by the stockholders of the Company. The Plan will be submitted for the approval of the Company's stockholders within 12 months of the date of the Board of Director's initial adoption of the Plan. No Award may be exercised to any extent unless and until the Plan is so approved by the stockholders, and if such approval has not been obtained by the end of said 12-month period, the Plan and all Awards theretofore granted shall thereupon be canceled and become null and void.
