Schnitzer Steel Industries, Inc. Voting Trust and Buy-Sell Agreement

Voting Trust Provisions. Pursuant to the terms of the Schnitzer Steel Industries, Inc. 2001 Restated Voting Trust and Buy-Sell Agreement dated March 26, 2001 (the Schnitzer Trust Agreement), the beneficial owners of over 80% of the outstanding shares of Class B Common Stock have made their shares subject to the terms of the Schnitzer Steel Industries, Inc. Voting Trust (the Schnitzer Trust). The Schnitzer Trust is divided into four separate groups, one for each branch of the Schnitzer family. Carol S. Lewis, Dori Schnitzer, Gary Schnitzer, and Rita S. Philip are the four trustees of the Schnitzer Trust and each is also the separate trustee for his or her separate family group. Pursuant to the Schnitzer Trust Agreement, the trustees as a group have the power to vote the shares subject to the Schnitzer Trust and, in determining how the trust shares will be voted, each trustee separately has the number of votes equal to the number of shares held in trust for his or her family group. Any action by the trustees requires the

Table of Contents

approval of the trustees with votes equal to at least 52.5% of the total number of shares subject to the Schnitzer Trust. Before voting with respect to the following actions, each trustee is required to obtain the approval of holders of a majority of the voting trust certificates held by his or her family group: (a) any merger or consolidation of the Company with any other corporation, (b) the sale of all or substantially all the Company's assets or any other sale of assets requiring approval of the Company's shareholders, (c) any reorganization of the Company requiring approval of the Company's shareholders, (d) any partial liquidation or dissolution requiring approval of the Company's shareholders, and (e) dissolution of the Company. The Schnitzer Trust will terminate on March 26, 2011 unless terminated prior thereto by agreement of the holders of trust certificates representing two-thirds of the shares held in trust for each family group.

Provisions Restricting Transfer. The trustees are prohibited from selling or encumbering any shares held in the Schnitzer Trust. The Schnitzer Trust Agreement contains transfer restrictions binding on both holders of voting trust certificates and holders of shares of Class B Common Stock distributed from the Schnitzer Trust, unless such restrictions are waived by the trustees. The Schnitzer Trust Agreement prohibits shareholders who are subject thereto from selling or otherwise transferring their voting trust certificates or their shares of Class B Common Stock except to other persons in their family group or to entities controlled by such persons. Such transfers are also restricted by the Company's Restated Articles of Incorporation. A holder of voting trust certificates is permitted to sell or make a charitable gift of the shares of Class B Common Stock represented by his or her certificates by first directing the trustees to convert the shares into Class A Common Stock, which will then be distributed to the holder free from restrictions under the agreement. Similarly, a holder of Class B Common Stock subject to the transfer restrictions is permitted to sell or make a charitable gift of the holder's Class B Common Stock by first converting the shares into Class A Common Stock, which will then be free from restrictions under the agreement. However, before causing any shares to be converted for sale, a holder must offer the shares (or the voting trust certificates representing the shares) to the other voting trust certificate holders who may purchase the shares at the current market price for the Class A Common Stock or exchange shares of Class A Common Stock owned by them for the Class B Common Stock proposed to be converted.

ELECTION OF DIRECTORS

The Board of Directors currently consists of 11 members. The Board of Directors is divided into three classes of directors pursuant to the Company's 2006 Restated Articles of Incorporation and the Restated Bylaws. One class of directors is elected each year for a three-year term. The term of office of Class I directors expires at the 2007 annual meeting; the term of office of Class II directors expires at the 2008 annual meeting; and the term of office of the Class III directors expires at the 2009 annual meeting. In all cases, the terms of the directors will continue until their respective successors are duly elected.

Action will be taken at the 2007 annual meeting to elect three Class I directors to serve until the 2010 annual meeting of shareholders. The nominees for election at the 2007 annual meeting are William A. Furman, William D. Larsson and Scott Lewis. Proxies received from shareholders, unless directed otherwise, will be voted FOR the election of each of the three nominees. If any nominee is unable to stand for election, the persons named in the proxy will vote the same for a substitute nominee. All of the nominees are currently directors of the Company. The Company is not aware that any nominee is or will be unable to stand for reelection. Directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Abstentions and broker non-votes will have no effect on the results of the vote.

Set forth below is the name, age, position with the Company, present principal occupation or employment and five-year employment history of each of the nominees, as well as the Class II and Class III directors who are continuing to serve.

Board of Directors Independence, Committees and Nominations

The Board of Directors has determined that Robert Ball, William Furman, Judith Johansen, William Larsson, Mark Palmquist and Ralph Shaw are independent directors as defined in Nasdaq rules and has not determined that any other director qualifies as an independent director. Accordingly, a majority of the directors have been determined to be independent directors. The independent directors hold regularly scheduled meetings at which only independent directors are present.

The Company's Board of Directors has a Compensation Committee, an Audit Committee, and a Nominating and Corporate Governance Committee, each of which has a written charter adopted by the Board of Directors, copies of which are posted on the Company's website at www.schnitzersteel.com. The Board of Directors has also adopted Corporate Governance Guidelines that are posted in the Company's website.

The independent directors serve on the following committees:

Audit Committee	Ralph Shaw, Chairman Robert Ball William Furman Judith Johansen William Larsson
Compensation Committee	Ralph Shaw, Chairman William Furman Judith Johansen Mark Palmquist
Nominating & Corporate Governance Committee	William Furman, Chairman Robert Ball Mark Palmquist Ralph Shaw

The Board of Directors has also determined that each member of the Audit Committee meets all additional independence and financial literacy requirements for Audit Committee membership under Nasdaq rules, and has

Table of Contents

determined that each of Mr. Shaw and Mr. Larsson is an audit committee financial expert as defined in regulations adopted by the Securities and Exchange Commission.

The principal functions of the Audit Committee are to oversee the accounting and financial reporting processes of the Company and the audits of its financial statements; to appoint, compensate, retain and oversee the independent auditors; to review and approve all audit and non-audit services performed by the independent auditors; and to discuss the results of the audit with the independent auditors.

The Compensation Committee administers the Company's 1993 Stock Incentive Plan and other compensation programs and determines the compensation for executive officers of the Company.

The Nominating and Corporate Governance Committee identifies, selects and recommends individuals qualified to become Board members and develops and recommends corporate governance guidelines. The Nominating and Corporate Governance Committee's charter provides that for so long as the Schnitzer Trust holds shares with a majority of the votes in the election of directors, the Committee will recommend for nomination as directors four qualified Schnitzer family representatives requested by the trustees of the Schnitzer Trust. Jill Schnitzer Edelson, Scott Lewis, Kenneth M. Novack and Jean S. Reynolds are the Schnitzer family representatives. The Committee will otherwise identify potential director candidates through a variety of means, including recommendations from members of the Committee or the Board, suggestions from Company management, and shareholder recommendations. The Committee also may, in its discretion, engage director search firms to identify candidates. Shareholders may recommend director candidates for consideration by the Nominating and Corporate Governance Committee by submitting a written recommendation to the committee, c/o Richard C. Josephson, Secretary, Schnitzer Steel Industries, Inc., P.O. Box 10047, Portland, Oregon 97296-0047. The recommendation should include the candidate's name, age, qualifications (including principal occupation and employment history), and written consent to be named as a nominee in the Company's proxy statement and to serve as a director, if elected. In assessing potential candidates, the Committee considers the composition of the Board as a whole and the character, background and professional experience of each potential candidate. In its evaluation of potential candidates, the Committee considers the following factors: qualification as an independent director; character, integrity and mature judgment; accomplishments and reputation in the business community; knowledge of the Company's industry or other industries relevant to the Company's business; specific skills, such as financial expertise, needed by the Board; inquisitive and objective perspective; commitment and ability to devote time and effort to Board responsibilities; and diversity of viewpoints and experience. In considering recommendations regarding the re-nomination of incumbent directors, the Committee also takes into account the performance of such persons as directors, including the number of meetings attended and the level and quality of participation, as well as the value of continuity and knowledge of the Company gained through Board service. The Nominating and Corporate Governance Committee meets to discuss and consider the qualifications of each potential new director candidate, whether recommended by shareholders or identified by other means, and determines by majority vote whether to recommend such candidate to the Board of Directors. The final decision to either elect a candidate to fill a vacancy between Annual Meetings or include a candidate on the slate of nominees proposed at an Annual Meeting is made by the Board of Directors. The Nominating and Corporate Governance Committee also annually conducts a Board and director self-evaluation and reviews and shares the results with the Board.

Shareholders desiring to communicate directly with the Board of Directors, or with any individual director, may do so in writing addressed to the intended recipient or recipients, c/o Richard C. Josephson, Secretary, Schnitzer Steel Industries, Inc., P.O. Box 10047, Portland, Oregon 97296-0047. All such communications will be reviewed and forwarded to the designated recipient or recipients in a timely manner.

During fiscal 2006, the Board of Directors held seven meetings, the Audit Committee held 15 meetings, the Compensation Committee held 12 meetings, and the Nominating and Corporate Governance Committee held six

meetings. Each director attended at least 75% of the aggregate number of meetings of the Board and of committees of the Board on which they served. The Company encourages all directors to attend each annual meeting of shareholders, and all directors then in office and Ms. Johansen and Mr. Palmquist attended the 2006 Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES NAMED IN THIS PROXY STATEMENT.

Options become exercisable in five annual installments of 20% (except that the options granted with an exercise price of \$30.19 were fully exercisable on 10/19/05, the date of grant), with exercisability starting on 6/1/2006 with respect to options with a \$34.46 exercise price, 6/1/2006 with respect to options with a \$30.71 exercise price and 6/1/2007 with respect to options with a \$34.73 exercise price.

(3) The Company has used a modified Black-Scholes model of option valuation to estimate grant date present value. The actual value realized, if any, may vary significantly from the values estimated by this model. Any future values realized will ultimately depend upon the excess of the stock price over the exercise price on the date the option is exercised. The assumptions used to estimate the grant date present value for options granted during fiscal 2006 were volatility (46%), risk-free interest rate (4.83%), dividend yields (1.00%), and weighted average expected life of options (6.63 years).

For participants who work exclusively in one operating business segment, the awards are weighted 50% on the performance measure for their segment

and 50% on total shareholder return. A participant generally must be employed by the Company on the October 31 following the end of the performance period to receive an award payout, although pro-rated awards will be paid if employment terminates earlier on account of death, disability, retirement, termination without cause after the first year of the performance period, or a sale of the Company or the business segment a participant works for. Awards will be paid in Class A Common Stock as soon as practicable after the October 31 following the end of the performance period.

Defined Benefit Retirement Plans

Pension Retirement Plan. The Company's Pension Retirement Plan (the Pension Plan) is a defined benefit plan qualified under Section 401(a) of the Internal Revenue Code of 1986 (the Code). The Pension Plan was frozen as of June 30, 2006, meaning that no additional benefits will be accrued for participants after that date, although service after that date will count towards meeting the vesting requirement for benefits. Persons who were non-union employees of the Company prior to May 15, 2006 are eligible to participate in the Pension Plan. Generally, pension benefits become fully vested after five years of service and are paid in monthly installments beginning when the employee retires at age 65. Annual benefits equal 2% of qualifying compensation for each Pension Plan year of service after August 31, 1986 and before July 1, 2006. Upon their retirement, assuming retirement at or over age 60, Mr. Carter, Ms. Lundgren, Mr. Witherspoon, Mr. Hamaker, and Mr. Schnitzer would receive annual benefits for life of \$6,400, \$4,623, \$6,400, \$5,046, and \$68,578, respectively.

Supplemental Executive Retirement Bonus Plan. The Supplemental Executive Retirement Bonus Plan (the Supplemental Plan) was adopted to provide a competitive level of retirement income for key executives selected by the Board of Directors. The Supplemental Plan establishes an annual target benefit for each participant based on continuous years of service (up to a maximum of 25 years) and the average of the participant's five highest consecutive calendar years of compensation, with certain limitations on bonuses to be included, with the target benefit subject to an inflation-adjusted limit equal to \$233,646 in 2006. The target benefit is reduced by 100% of primary social security benefits and the Company-paid portion of all benefits payable under the Company's qualified retirement plans to determine the actual benefit payable under the Supplemental Plan. The actual benefit shall be paid as a straight life annuity or in other actuarially equivalent forms. Benefits are payable under the plan only to participants who terminate employment after age 55 with 10 credited years of service or after age 60. The following table shows the estimated annual target benefits under the Supplemental Plan, before the reductions based on social security and Company-paid retirement benefits, for executives who retire at age 60 (the normal retirement age under the Supplemental Plan) with various levels of pay and service, based on the 2006 value for the inflation-adjusted cap.

Employment Agreements

The Company has entered into Employment Agreements with Mr. Carter and Ms. Lundgren. Each Employment Agreement governs the terms and conditions of employment through August 31, 2009; provides for an annual base salary (\$750,000 for Mr. Carter and \$550,000 (increased to \$580,000 in June 2006) for Ms. Lundgren), subject to annual review and increase by the Compensation Committee; provides for a cash bonus to be determined by the Committee for the fiscal year ended August 31, 2006; and provides for annual cash bonuses for fiscal years ending in 2007, 2008 and 2009 under bonus programs to be developed by the Compensation Committee, with bonuses payable based on Company financial performance and achievement of management objectives as determined by the Committee at the beginning of each fiscal year. The agreements provide that the target bonus for fiscal 2006 is \$750,000 for Mr. Carter and \$550,000 for Ms. Lundgren, but the actual amount of the bonuses may be higher or lower than these amounts. The agreements also provide that the executive is eligible to participate in the Company's employee benefit plans (other than the EVA bonus plan), with participation under the Company's retirement programs, including the Supplemental Executive Retirement Bonus Plan, to begin after June 1, 2006. In the event that the executive is terminated by the Company without cause (as defined in the agreement) or by the executive for good reason (as defined in the agreement) before September 1, 2009 and not in connection with a change in control of the Company, the executive would be entitled to receive a lump sum payment equal to (a) two times annual base salary, (b) two times target annual bonus and (c) a pro rata portion of target bonus for the fiscal year in which the termination occurs (based on the portion of the year worked). In addition, the vesting of all options to purchase Company stock, all performance share awards and all restricted stock then held by the executive would be immediately accelerated in full. If any payments received by the executive in connection with the termination of the Company without cause or by the executive for good reason would be subject to any excise tax (as such terms are defined in the agreements) the Company will make an additional payment to the executive such that the executive will receive net benefits as if no such tax were payable.

The Company has entered into an Employment Agreement with Donald Hamaker with a three-year term ending on September 6, 2008. Pursuant to the contract, in fiscal 2006 the Company paid \$470,000 to Mr. Hamaker, which represented the Economic Value Added bonus that Mr. Hamaker earned in 2005 (2005 EVA bonus) while with his former employer, Hugo Neu Corporation, which was a former joint venture partner of the Company (Hugo Neu). In addition, in fiscal 2006 the Company paid Mr. Hamaker \$236,390 from his EVA bonus bank from his tenure with Hugo Neu and will pay an additional \$236,390 in fiscal 2007 representing the balance of this bonus bank. The Company agreed to grant to Mr. Hamaker stock options or restricted stock valued at \$800,000, to vest 25% in June 2007, 25% in June 2008 and 50% in June 2009, subject to continued employment and subject, in the case of the final 50%, to performance metrics to be established. This equity award has not yet been granted. If Mr. Hamaker's employment is terminated (unless for cause) he will be eligible for the following severance payments so long as he does not accept employment with a competitor to the Company during the full year he is receiving compensation from the Company: (i) one full year of compensation at his then-current base salary, (ii) one full year of an average of his EVA bonus for the prior three years and (iii) medical, dental and vision coverage at his then-current enrollment through the end of that calendar year paid by the Company.

Change in Control Agreements

The Company has entered into Change in Control Agreements with Mr. Carter and Ms. Lundgren. The agreements generally provide for the payment, upon the termination of the executive's employment by the Company without cause or by the executive for good reason within two years following a change in control of the Company (as such terms are

defined in the agreement), of a lump sum amount equal to three times the sum of the executive's annual salary and target bonus and also provide up to three-years' continuation of life, accident and health insurance benefits. In addition, the vesting of all options to purchase Company common stock, all performance share awards and all restricted stock then held by the executive would be immediately accelerated in full. If any payments are subject to the excise tax on parachute payments, the Company will make an additional

Table of Contents

payment to the executive such that the executive will receive net benefits as if no excise tax were payable. If such additional payments are required, the Company will not be able to deduct such additional payments for federal income tax purposes and also will be denied such a deduction for most of the other payments made pursuant to the agreement and its other plans and policies. The executive is obligated under the agreement to remain in the employ of the Company for a period of 60 days following a potential change in control (as defined in the agreements).

Indemnity Agreements

The Company has entered into Indemnity Agreements with each Named Executive Officer pursuant to which the Company agrees to indemnify such officer in connection with claims or proceedings involving the officer (by reason of serving as a director or officer of the Company), as provided in the agreement.

Director Compensation

Directors who are not employees of the Company receive an annual fee of \$35,000 plus \$1,200 for attending each Board meeting or committee meeting and are reimbursed for expenses incurred attending Board and committee meetings. The Audit, Compensation, and Nominating and Corporate Governance Committee chairs receive an annual retainer of \$5,000. Kenneth M. Novack, the Chairman of the Board, receives \$52,500 as his annual fee for the period from June 1, 2006 until May 31, 2007 and may receive additional deferred stock units as annually determined by the Compensation Committee.

In 2004, the directors began participation in the Company's 1993 Stock Incentive Plan, as amended, and in 2004 and 2005 non-employee directors received stock option grants. Commencing in August 2006, non-employee directors are awarded deferred stock units (DSUs) instead of stock options. One DSU gives the director the right to receive one share of Class A Common Stock at a future date. Annually, immediately following the annual meeting of shareholders (commencing with the 2007 annual meeting), each non-employee director will receive DSUs for a number of shares equal to \$87,500 divided by the closing market price of the Class A Common Stock on the grant date. The DSUs will become fully vested on the day before the next annual meeting, subject to continued service on the Board. The DSUs will also become fully vested on the death or disability of a director or a change in control of the Company (as defined in the DSU award agreement). After the DSUs have become vested, directors will be credited with additional whole or fractional shares to reflect dividends that would have been paid on the stock subject to the DSUs. The Company will issue Class A Common Stock to a director pursuant to vested DSUs in a lump sum in January after the director ceases to be a director of the Company, subject to the right of the director to elect an installment payment program under the Company's Deferred Compensation Plan for Non-Employee Directors. In order to move from a cycle of granting non-employee director equity awards each year in June to a cycle of granting the awards in January at the time of the annual meeting, the Company granted a one-time award of DSUs to each non-employee director, effective as of August 31, 2006. The DSUs will become fully vested on the day before the 2007 annual meeting, subject to continued Board service. The one-time grants were for the number of DSUs equal to \$43,750 (\$65,625 for the Chairman of the Board) divided by the closing market price of the Class A Common Stock on August 31, 2006.

Commencing August 31, 2006, non-employee directors can elect to defer all or part of their compensation under the Deferred Compensation Plan for Non-Employee Directors. Directors' cash fees can be credited to a cash account or a stock account, as selected by the director. Payments from the cash account are paid in cash, and payments from the stock account are paid in Class A Common Stock. The cash account will be credited with quarterly interest equal to the average interest rate paid by the Company under its senior revolving credit agreement (or if there are no borrowings in a quarter, at the prime rate) plus 2%. The stock account will be credited with additional whole or partial shares reflecting dividends that would have been paid on the shares. Deferred amounts will be paid in a single payment or in equal annual installment payments for up to 15 years commencing in January following the date the director ceases to be a director. DSUs issued to non-employee directors will be credited to the directors' stock accounts

under the plan when the DSUs become vested, and the awards will be administered under the plan. A director may elect to receive stock under a DSU in equal annual installment payments for up to 15 years commencing in January following the date the director ceases to be a director.

The Company has entered into Indemnity Agreements with each director pursuant to which the Company agrees to indemnify such director or officer in connection with any claims or proceedings involving the director by reason of serving as a director or officer of the Company, as provided in the agreement.

CERTAIN TRANSACTIONS

The Company is controlled by members of the Schnitzer family. The Schnitzer family also controls other companies including: Schnitzer Investment Corp. (SIC), engaged in the real estate business; Liberty Shipping Group LLC (LSGLLC) and its manager LSGGP LLC (LSGGP), engaged in the ocean shipping business; and Island Equipment Company, Inc. (IECO), engaged in various businesses in Guam and other South Pacific islands.

The Company leases its administrative offices from SIC under an operating lease. The lease expires in 2015 and current annual rent is \$0.5 million.

In July 2006, the Company entered into a Third Amended Shared Services Agreement (the Third Amended Agreement) with SIC and IECO, which amended and restated the previous Second Amended Shared Services Agreement among the parties dated September 13, 1993, as amended. Since 1993, the Company had provided management and administrative services to, and in some cases received services from, SIC, LSGLLC, LSGGP, IECO and other related companies pursuant to the Second Amended Agreement. Starting in fiscal 2005 and continuing into fiscal 2006, the Company and the other parties reduced or ceased the sharing of services in a number of areas as part of a process that was expected to eliminate substantially all of the sharing of services among the parties by the end of fiscal 2006. The Third Amended Agreement reflects the limited scope of shared services going forward, with such sharing limited to environmental management services for an indefinite period and to employee benefits and payroll services for a transition period. As under the prior agreement, the Third Amended Agreement provides that the Company is reimbursed for services provided by its employees to the other parties at rates based on the actual hourly compensation expense to the Company for such employees (including fringe benefits) plus an hourly charge for reimbursement of space costs associated with such employees, all increased by 15% as a margin for additional overhead. The Third Amended Agreement was reviewed and approved by the Company's Audit Committee. Total charges by the Company to the related parties for administrative services in fiscal 2006 totaled \$150,000.

Pursuant to a policy adopted by the Board of Directors, all transactions with other Schnitzer family companies require the approval of the Audit Committee.

The Company's Articles of Incorporation and Bylaws obligate the Company to indemnify current or former directors and officers to the fullest extent not prohibited by law, and further obligate the Company to advance expenses incurred in defending any pending or threatened proceeding to any such person who undertakes to repay such expenses if it is ultimately determined by a court that the person is not entitled to be indemnified. In connection with the recently concluded (as to the company) investigations by the staff of the Securities and Exchange Commission (SEC) and the U.S. Department of Justice (DOJ) into the Company's past practice of making improper payments to purchasing managers of customers in Asia, Robert W. Philip, the Company's former Chairman, President and Chief Executive Officer, and Gary Schnitzer, Executive Vice President of the Company, have requested advancement of expenses and have provided the required undertaking. During fiscal 2005 and 2006, the Company advanced a total of \$760,549 to Mr. Philip and \$63,159 to Mr. Schnitzer for legal expenses in this matter.

Thomas D. Klauer, Jr., President of the Company's Auto Parts Business, is the sole shareholder of a corporation that is the 25% minority partner in a partnership with the Company that operates four Pick-N-Pull stores in Northern California. Mr. Klauer's 25% share of the profits of this partnership totaled \$1,352,655 in fiscal 2006. Mr. Klauer also owns the property at one of these stores which is leased to the partnership under a lease providing for annual rent of \$219,812, subject to annual adjustments based on the Consumer Price Index, and a term expiring in December 2010.

The partnership has the option to renew the lease, upon its expiration, for a five-year period.

REPORT OF COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the Committee) is composed of four independent directors. The Committee is responsible for developing and making recommendations to the Board with respect to the Company's compensation policies and programs. In addition, the Committee determines the levels of compensation to be paid to executive officers and has sole responsibility for the administration of, and the grant of stock options, performance shares, restricted stock units, awards based on achievement of other objectives and other awards under, the Company's 1993 Stock Incentive Plan, as amended (the Stock Incentive Plan).

The objectives of the Company's executive compensation program are to attract and retain highly qualified executives and to motivate them to maximize shareholder returns by achieving both short-term and long-term strategic Company goals. The three basic components of the executive compensation program are base salary, annual bonus and long-term equity compensation.

Base Salary

The Company's salary revisions generally become effective in June of each year. For purposes of determining the executive officers' salaries effective June 2006, the Committee considered the Company's results, individual performance, the extent to which individual and corporate goals had been achieved, the metals recycling, used auto parts and steel manufacturing industries in general, and economic conditions.

Annual Bonuses

During fiscal 2001, the Company adopted the Schnitzer Steel Industries, Inc. Economic Value Added Bonus Plan (the EVA Plan). The EVA Plan provides for cash awards based on Company performance measured by Economic Value Added (EVA[®]). EVA is a measure of adjusted operating profit after deductions for income taxes and the estimated weighted average cost of the Company's debt and equity capital. The EVA Plan is based on three key concepts: 1) an individual's target bonus, 2) a bonus multiple based on the calculated variance from expected EVA, which is based upon the prior year's actual EVA plus a pre-determined improvement factor and 3) an individual's bonus bank. Target bonuses are stated as a percentage of the annual salary for each participating executive officer. The target bonuses for the executive officers were developed in part from recommendations of the consultants engaged to assist the Company in implementing the Plan. The expected EVA improvement from year to year is a fixed amount that is adjusted only when significant changes in the Company's capital structure or business occur or during periodic plan recalibrations. The executive officers' bonus declarations under the EVA Plan will be greater than their stated target bonuses if the Company's EVA exceeds the predetermined EVA, i.e., the prior year's EVA plus the expected EVA improvement. Likewise, bonus declarations will be lower than the target, and can be negative, if the Company's EVA results are less than the expected EVA. Positive bonus declarations are limited to 300% of target, and negative bonus declarations are limited to 100% of target, except that these limits do not apply to executives of the Company's steel manufacturing subsidiary. Under the EVA Plan, bonus declarations for individuals are credited to their bonus banks. The bonus actually paid to an individual for a fiscal year is equal to the amount of the bonus bank balance, up to the target bonus for that fiscal year, plus one-third of the bonus bank balance in excess of the target bonus. If the bonus bank balance is negative, up to 50% of any positive bonus declaration is applied to reduce the negative balance, with the remainder of the positive bonus declaration being paid currently. Bonuses may be based on the performance of specified EVA centers and/or the consolidated EVA results of the Company. The EVA centers represent various geographic areas or divisions within the Company.

The executive officers of the Company (other than Mr. Carter and Ms. Lundgren) participate in the EVA Plan. The EVA Plan, by its provisions, is reviewed and, if appropriate, periodically recalibrated. Accordingly, at the beginning

of fiscal 2006 management determined that, due to the fundamental changes the Company planned in fiscal 2006, including major acquisitions that would substantially alter the operating platform of the Company, the EVA Plan would require recalibration and that the application of the EVA Plan to the results for most EVA centers should be reviewed and assessed for appropriateness before determining bonus amounts for the year. With the concurrence of the Committee, management worked on this process with the consultants engaged to assist the Company in implementing the EVA Plan. Following the end of fiscal 2006, the Committee reviewed the results for fiscal 2006 and, based on recommendations of management and the consultants, approved recalibrated bonus

multiples for most EVA centers to recognize the initiatives and actions that management took in fiscal 2006 to transform, restructure and reposition the substantially changed Company. The bonus amounts paid to the Named Executive Officers under the EVA Plan for fiscal 2006 are included in the Summary Compensation Table.

The Employment Agreements between the Company and Mr. Carter and Ms. Lundgren provided that the executive would receive a cash bonus for fiscal 2006 determined by the Committee in its sole discretion based on the Committee's judgment regarding the executive's performance during the fiscal year. The agreements provided that the target bonuses for fiscal 2006 would be \$750,000 for Mr. Carter and \$550,000 for Ms. Lundgren, but that the actual amount of the bonuses could be higher or lower than these amounts. The agreements provided that bonus payments for performance during fiscal 2006 would be on the basis of a review and discussion by the Committee and would include consideration of a variety of financial and organizational objectives and the overall performance of the Company, as well as the achievement of personal goals agreed with the Committee. The Committee reviewed the performance of the Company and of Mr. Carter and Ms. Lundgren and approved bonuses in the amount of \$2,250,000 for Mr. Carter and \$1,740,000 for Ms. Lundgren. In determining the bonuses, the Committee considered the financial performance of the Company and the achievement by Mr. Carter and Ms. Lundgren of other goals and objectives, which included a number of organizational changes, personnel changes, development of policies and procedures, implementation of operating processes and procedures, merger and acquisition objectives, and other operational and financial achievements. The bonus amounts paid to Mr. Carter and Ms. Lundgren pursuant to their Employment Agreements are included in the Summary Compensation Table.

The Committee approved a supplemental bonus for Mr. Witherspoon in the amount of \$180,216, which is included in the Summary Compensation Table. The supplemental bonus was approved by the Committee to reflect the contributions of Mr. Witherspoon in light of the increased workload and responsibilities of the finance group in connection with acquisitions, financial reporting and the implementation of a new Company-wide enterprise reporting system.

Long-term Equity Compensation

Historically, the stock option program has been the Company's principal long-term incentive plan for executive officers. The objectives of the stock option program are to align executive and shareholder long-term interests by creating a strong and direct link between executive compensation and shareholder return and to create incentives for executives to remain with the Company for the long term. Options have been awarded annually with an exercise price equal to the market price of Class A Common Stock on the date of grant and typically have a term of 10 years. Annual awards to executive officers are normally made based on grant guidelines expressed as a percentage of salary.

The Committee considered the desirability of increasing the equity ownership of senior management and key employees in the near term to further align their interests with the interests of shareholders. The Committee considered that the CEO and other key members of management have been recently hired and do not hold significant amounts of stock. The Committee concluded that it would be desirable to give option holders the opportunity to exchange recently granted options for restricted stock units (RSUs) having substantially equivalent value as the options and with forfeiture provisions matching the option vesting schedule. In October 2006, the Company commenced an exchange offer pursuant to which all employees holding stock options granted on July 25, 2006 under the Stock Incentive Plan (Eligible Options) were given the opportunity to exchange their Eligible Options for RSUs, based on an exchange ratio of one RSU for each two shares of Class A Common Stock underlying an Eligible Option, in accordance with the terms of an exchange offer filed with the Securities and Exchange Commission. An RSU gives the holder the right to receive one share of Class A Common Stock on the vesting of the RSU. Executive officers of the Company holding Eligible Options could participate in the exchange offer on the same basis as other employees holding Eligible Options. The exchange offer expired on November 6,

Table of Contents

2006, and on November 7, 2006 the Company granted RSUs in exchange for all validly tendered Eligible Options. The following Named Executive Officers elected to have their Eligible Options cancelled in exchanged for RSUs:

	Number of Shares Subject to Cancelled Options	Number of RSUs
John D. Carter	68,017	34,008
Tamara Adler Lundgren	52,600	26,300
Gregory J. Witherspoon	12,999	6,499
Donald Hamaker	15,719	7,859

The RSUs were granted pursuant to the terms of the Restricted Stock Unit Award Agreement. Subject to continued employment with the Company and other terms of the agreement, the RSUs will vest (and the underlying shares of Class A Common Stock will be issued) on an annual basis in equal annual installments over five years commencing with vesting beginning on June 1, 2007. This is the same vesting schedule applicable to the cancelled Eligible Options. At the time of the issuance of shares upon vesting of the RSUs, the Company will pay to the holder an amount in cash equal to any dividends that would have been paid on such shares from the date of the issuance of the RSUs.

Beginning in fiscal 2006, the Company broadened its equity compensation program to include performance-based long-term incentive awards payable in Class A Common Stock. These new awards are designed to focus executives on the achievement of long-term objective Company performance goals established by the Committee and vest only to the extent those performance goals are met. The initial long-term incentive awards cover a three-year performance period of fiscal 2006-2008, and the Committee intends to make annual awards covering future three-year performance periods. For the awards granted in fiscal 2006, the Committee established a series of performance targets. For participants in the corporate services group, the targets are based on the Company's total shareholder return for the performance period relative to the S&P 500 Industrials (weighted at 50%), the operating income per ton of the Company's Metals Recycling Business for the performance period (weighted at 162/3%), the number of EVA positive stores of the Auto Parts Business for the last year of the performance period (weighted at 162/3%), and the man hours per ton of the Steel Manufacturing Business for the performance period (weighted at 162/3%), corresponding to award payouts ranging from 25% to 300% of the weighted portions of the target awards. For participants who work exclusively in one operating business segment, the awards are weighted 50% on the performance measure for their segment and 50% on total shareholder return. A participant generally must be employed by the Company on the October 31 following the end of the performance period to receive an award payout, although pro-rated awards will be paid if employment terminates earlier on account of death, disability, retirement, termination without cause after the first year of the performance period, or a sale of the Company or the business segment a participant works for. Awards will be paid in Class A Common Stock as soon as practicable after the October 31 following the end of the performance period. Awards granted in fiscal 2006 to the Named Executive Officer are reported in the table Long-Term Incentive Plan Awards in Last Fiscal Year under Executive Compensation.

In making the long-term incentive awards to executive officers (including the Chief Executive Officer), the compensation consultant used by the Committee identified benchmark positions for each participant, based on the annualized value of the long-term incentive awards. Where benchmark positions could not be identified, a management recommendation was made regarding the award levels. The Committee determined that the awards would be 50% in the form of stock options and 50% in the form of performance-based share awards. The actual number of options granted was calculated based on a Black-Scholes option pricing model.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986 limits to \$1,000,000 per person the amount that the Company may deduct for compensation paid in any year to any of its most highly compensated officers who were employed on the last day of the year. The policy of the Committee is to structure executive compensation to maximize the deductibility of compensation where feasible consistent with the Company's overall compensation objectives. The Committee has structured some of its compensation programs to qualify as performance-based compensation not subject to the \$1,000,000 cap on deductibility. Other compensation programs may not qualify as

Table of Contents

performance-based compensation under the IRS regulations because they involve individual or non-objective performance measures or the Committee retains discretion in applying the performance criteria. The new long-term incentive awards that the Company began granting in fiscal 2006 are intended to qualify as performance-based compensation not subject to the \$1,000,000 cap on deductibility. Under IRS regulations, the \$1,000,000 cap on deductibility will not apply to compensation received through the exercise of a nonqualified stock option that meets certain requirements. This option exercise compensation is equal to the excess of the market price at the time of exercise over the option price and, unless limited by Section 162(m), is generally deductible by the Company. It is the Company's current policy generally to grant options that meet the requirements of the IRS regulations. To address future deductibility of bonus compensation under Section 162(m), the Board of Directors adopted, and the shareholders approved in 2005, the Executive Annual Bonus Plan pursuant to which bonus compensation may qualify as performance-based compensation not subject to the \$1,000,000 cap on deductibility.

The bonuses paid to the Named Executive Officers in fiscal 2006 did not qualify as performance-based compensation under the IRS regulations, with the result that a portion of the compensation paid to Mr. Carter, Ms. Lundgren, Mr. Hamaker and Mr. Witherspoon for fiscal 2006 will not be deductible by the Company. The Company intends that a portion of the bonus program for Mr. Carter and Ms. Lundgren for fiscal 2007 will qualify as performance-based compensation under the IRS regulations.

Chief Executive Officer Compensation

Until January 1, 2006, Mr. Carter's base salary was \$600,000. His base salary was increased to \$750,000 per year in connection with his entering into an Employment Agreement. See Executive Compensation Employment Agreements. When considering Mr. Carter's base salary for purposes of the Employment Agreement, the Committee took into account the following:

Comparison of base salaries, perquisites and incentives for chief executive officers of manufacturing companies, including those in the metals recycling industry and steel industry, and information provided by the Committee's compensation consultant,

The Company's improving financial performance,

The assessment by the Committee of Mr. Carter's individual performance and contributions, and

Current economic conditions.

Mr. Carter's bonus for fiscal 2006 was determined by the Compensation Committee in accordance with his Employment Agreement as described under Report of the Compensation Committee Annual Bonuses. Information regarding Mr. Carter's stock option grants and performance-based share grants are set forth in the tables under Executive Compensation. The Committee believes that the annual base salary, bonus payments and equity awards for fiscal 2006 for Mr. Carter falls within the competitive range of salaries and benefits for similar positions at similar companies.
