UPDATE REGARDING REORGANIZATION OF NAM TAI GROUP

Proposed Reorganization Proposals Involving Nam Tai's Hong Kong-Listed Subsidiaries Successful

Macao, PRC December 20, 2007 Nam Tai Electronics, Inc. (Nam Tai or the Company) (NYSE Symbol: NTE) today announced the results of the revised proposed reorganization announced on November 28, 2007 of the Nam Tai Group structure involving its Hong Kong Stock Exchange-listed subsidiaries, Nam Tai Electronic & Electrical Products Limited (NTEEP) and J.I.C. Technology Company Limited (JIC).

As at the date of the extraordinary general meetings of NTEEP and JIC held on December 20, 2007, the majority of the public-float shareholders of each subsidiary voted to approve all reorganization transactions announced on November 28, 2007. We are pleased with the results of the reorganization and believe that by centralizing all electronic manufacturing services businesses under NTEEP, Nam Tai can benefit from the simpler structure; centralization of resources that can foster an efficient and effective exchange of know-how and technology among our groups companies; reduction of overhead costs following the reorganization; and stronger management control. We expect these benefits, when realized, to assist in our ongoing goal of increasing shareholders value, commented John Q. Farina, Nam Tai's Chief Financial Officer. The new organization structure of the Company as approved and to be implemented upon completion is shown in the chart below. Details of the results of the votes of the minority public-float holders of NTEEP and JIC are provided in the attached announcements of NTEEP and JIC that were published in Hong Kong in accordance with rules of the Hong Kong Stock Exchange on December 20, 2007.

ABOUT NAM TAI ELECTRONICS, INC.

We are an electronics manufacturing and design services provider to a select group of the world's leading OEMs of telecommunications and consumer electronic products. Through our electronics manufacturing services operations, we manufacture electronic components and subassemblies, including LCD panels, LCD modules, RF modules, DAB modules, FPC subassemblies and image sensors modules and PCBAs for headsets containing Bluetooth wireless technology. These components are used in numerous electronic products, including mobile phones, laptop computers, digital cameras, electronic toys, handheld video game devices, and entertainment devices. We also manufacture finished products, including mobile phone accessories, home entertainment products and educational products. We assist our OEM customers in the design and development of their products and furnish full turnkey manufacturing services that utilize advanced manufacturing processes and production technologies.

Nam Tai has two Hong Kong listed subsidiaries, Nam Tai Electronic & Electrical Products Limited (NTEEP) and J.I.C. Technology Company Limited (J.I.C.). Interested investors may go to the website of The Stock Exchange of Hong Kong at www.hkex.com.hk to obtain the information. The stock codes of NTEEP and JIC in The Stock Exchange of Hong Kong are 2633 and 987, respectively. Investors are reminded to exercise caution when assessing such information and not to deal with the shares of the Company based solely upon reliance on such information.
