STEWART INFORMATION SERVICES CORPORATION
PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD APRIL 25, 2003

This Proxy Statement is furnished to the stockholders of Stewart

Edgar Filing: STEWART INFORMATION SERVICES CORP - Form DEF 14A

Information Services Corporation (the "Company"), 1980 Post Oak Boulevard, Suite 800, Houston, Texas 77056 (Tel. No. 713/625-8100), in connection with the solicitation by the Board of Directors of the Company of proxies to be used at the Annual Meeting of Stockholders to be held on Friday, April 25, 2003, at 8:30 A.M. in the First Floor Conference Room of Three Post Oak Central, 1990 Post Oak Boulevard, Houston, Texas, or any adjournment thereof.

Proxies in the form enclosed, properly executed by stockholders and received in time for the meeting, will be voted as specified therein. If a stockholder does not specify otherwise, the shares represented by his or her proxy will be voted for the nominees listed therein. The giving of a proxy does not preclude the right to vote in person should the person giving the proxy so desire, and the proxy may be revoked at any time before it is exercised by written notice delivered to the Company at or prior to the meeting. This Proxy Statement is being mailed on or about March 21, 2003 to stockholders of record at the close of business on February 26, 2003 (the "Record Date").

At the close of business on the Record Date, there were outstanding and entitled to vote 16,681,212 shares of Common Stock and 1,050,012 shares of Class B Common Stock, and only the holders of record on such date shall be entitled to vote at the meeting. As long as 600,000 or more shares of Class B Common Stock are issued and outstanding, at each election of directors the Common Stock and Class B Common Stock are voted as separate classes. Shares of the Company's Class B Common Stock are convertible on a one-for-one basis into shares of the Company's Common Stock.

The holders of Common Stock, voting as a class, are entitled to elect five of the nine directors of the Company. Each share of Common Stock is entitled, at the option of the person voting such share, either to cast one vote per share for each of the five directors to be elected by the holders of the Common Stock or to vote cumulatively by casting five votes per share, which may be distributed in any manner among any number of the nominees. The enclosed form of proxy provides a means for stockholders to vote for all of the nominees listed therein, to withhold authority to vote for one or more of such nominees or to withhold authority to vote for all of such nominees. If authority to vote for four or fewer of the nominees is withheld, and if there are nominees other than management nominees for the directorships to be filled by the holders of the Common Stock, then the persons named in the enclosed proxy may vote cumulatively by dividing the number of votes represented by the proxy equally among the nominees for which authority to vote is not withheld. If there are no nominees for the five positions to be elected by the holders of Common Stock other than the management nominees set forth herein, it is the intention of the persons named in the enclosed proxy to allocate the votes represented by the proxy evenly among the management nominees. If there should be any additional nominees for such positions, then the persons named in the enclosed proxy will vote cumulatively to elect as many as possible of the management nominees. If it is not possible to elect each of the five management nominees, then the persons named in the enclosed proxy will have discretion as to which of such nominees may be elected.

Unless a holder of Common Stock who withholds authority votes in person at the meeting or votes by means of another proxy, the withholding of authority will have no effect upon the election of those directors for whom authority to vote is withheld because the Company's By-Laws provide that directors are elected by a plurality of the votes cast. Under applicable Delaware law, a broker non-vote will have no effect on the outcome of the election of directors. The shares held by each stockholder who signs and returns the enclosed form of proxy will be counted for purposes of determining the presence of a quorum at the meeting.

Edgar Filing: STEWART INFORMATION SERVICES CORP - Form DEF 14A

The holders of Class B Common Stock, voting as a class, are entitled to elect the remaining four of the nine directors of the Company. Each holder of Class B Common Stock has the right to vote, in person or by proxy, the number of shares owned by him for the four directors to be elected by the holders of Class B Common Stock and for whose election he has a right to vote.

OPTION GRANTS AND EXERCISES

The following table sets forth information concerning individual grants of stock options made during the year ended December 31, 2002 to each of the Company's executive officers. All such grants were made on February 1, 2002, under the terms of the Company's 1999 Stock Option Plan. The hypothetical values on the date of grant of stock options granted in 2002 shown below are presented pursuant to the rules of the Securities and Exchange Commission and are calculated under the modified Black-Scholes model (the "Model") for pricing options. This hypothetical value of options trading on the stock markets bears little

8

relationship to the compensation cost to the Company or potential gain realized by an optionee. The actual amount, if any, realized upon exercise of stock options will depend upon the market price of the Company's Common Stock relative to the exercise price per share of Common Stock issuable under the stock option at the time the stock options are exercised. There is no assurance that the hypothetical present values of stock options reflected in this table actually will be realized.

DEFERRED COMPENSATION AGREEMENTS

On March 10, 1986, the Company entered into a Deferred Compensation Agreement with each of Malcolm S. Morris, Stewart Morris, Jr. and Max Crisp (individually, a "Beneficiary"). Pursuant to such agreements, as amended, a Beneficiary or his designee is entitled to receive, commencing upon his death or attainment of the age of 65 years, 15 annual payments in amounts that will, after payment of income taxes thereon, result in a net annual payment of \$66,667 to Max Crisp and \$133,333 to each of Malcolm S. Morris and Stewart Morris, Jr. For purposes of such agreements, each Beneficiary is deemed to be subject to federal income taxes at the highest marginal rate applicable to individuals. Such benefits are fully vested and are forfeited only if a Beneficiary's employment with the Company is terminated by reason of fraud, dishonesty, embezzlement or theft. Any death or income benefits provided to a Beneficiary under certain insurance policies currently maintained by the Company will reduce payments due to such Beneficiary under his Deferred Compensation Agreement.

COMPENSATION COMMITTEE

It is the duty of the Compensation Committee to approve the compensation of the executive officers. The Compensation Committee is comprised of Paul W. Hobby, Dr. W. Arthur Porter and, effective April 26, 2002, Gov. John P. LaWare. During 2002, the Compensation Committee held two meetings at which both members then serving were present.

Compensation Committee Report on Executive Compensation

To the Board of Directors of
Stewart Information Services Corporation:

COMPENSATION COMMITTEE REPORT

Compensation Policy. The Compensation Committee of the Board of Directors (the "Committee") is responsible for the oversight and administration of the Company's executive compensation program. The Committee reviews the compensation program of the Company's operating subsidiaries during each year as it deems necessary. The objective of the Company is to provide executive officers of the Company with a compensation package that is fair and reasonable based on their individual levels of responsibility and performance in relation to the compensation of executive officers of other publicly held companies in the title insurance and comparable industries. In making its determinations as to the reasonableness of the Company's executive compensation, the Committee relies in part on the advice of a nationally recognized, independent compensation consulting firm. The principal elements of the Company's executive compensation program are an annual salary, an annual cash bonus and stock option grants.

Base Salary. For 2002, the base salary level for each of the Co-Chief Executive Officers of the Company increased to \$150,000 from \$135,000. Historically, base salaries of the Company's executive officers have remained

Edgar Filing: STEWART INFORMATION SERVICES CORP - Form DEF 14A

relatively stable from year to year. Since the Company, as a holding company, has no direct payroll, the base salaries of the Company's executive officers are paid at the subsidiary level and are set at levels deemed reasonable by the Committee based upon its subjective evaluation of the executive officer's level of responsibility.

Annual Bonus. Each of the Co-Chief Executive Officers is eligible to receive an annual cash bonus based on the consolidated income before taxes of Guaranty, including a minimum bonus of \$250,000. The Committee believes that the consolidated income before taxes of Guaranty, and the effect thereof on the Company's book value per share, are important determinants over time of the value of the Company's Common Stock. For 2002, the Committee recommended and the Company adopted the following bonus formula for each of the Co-Chief Executive Officers:

GUARANTY CONSOLIDATED INCOME BEFORE TAXES	PERCENT PAYABLE AS BONUS
Up to \$20 million.....	1.00%
\$20 million to \$40 million	0.75%
\$40 million to \$60 million	0.50%
Over \$60 million	0.25%

The consolidated income before taxes of Guaranty in 2002 was \$154.6 million. Accordingly, each of the Co-Chief Executive Officers received a bonus of \$686,525 for 2002.

Stock Options. Pursuant to the Company's 1999 Stock Option Plan (the "1999 Plan"), in 2002 the

Committee granted options to Malcolm S. Morris, Stewart Morris, Jr. and Max Crisp for 25,000, 25,000 and 16,500 shares, respectively. See "--Option Grants and Exercises" elsewhere in the Proxy Statement in which this report is included. The grant date values of such options were taken into account by the Committee in determining the reasonableness of the recipient officer's annual compensation package. The purpose of the 1999 Plan is to make available to the Committee an additional form of compensation that will align the interests of executive officers with those of the stockholders over a multi-year term. Each of the executive officers is eligible for grants of options at a purchase price not less than the fair market value of the shares on the date of grant.

The Company's net earnings increased from \$2.98 per diluted share in 2001 to \$5.30 per diluted share in 2002. The Committee recognizes that the title insurance industry is strongly affected by nationally prevailing interest rates, and the Company's financial results from year to year will depend largely on the level of real estate activity in its primary markets. The Committee subjectively evaluates the performance of the Company's executive officers, including the Co-Chief Executive Officers, with respect to their efforts to provide for the long-term financial well being of the Company and to respond to continuing changes in the industry environment. In 2002, the Committee gave particular

Edgar Filing: STEWART INFORMATION SERVICES CORP - Form DEF 14A

consideration to the efforts of the Co-Chief Executive Officers in further developing the Company's automation programs, entering new markets through acquisitions and pursuing opportunities in international markets.
