Ninth and Tenth Supplemental Indentures. On October 30, 2006, in connection with the issuance of the 2017 Notes and 2037 Notes, the Issuers and certain subsidiary guarantors entered into the Ninth and Tenth Supplemental Indentures, respectively, each dated as of October 30, 2006 (the Supplemental Indentures), to the Indenture, dated as of September 25, 2002 (the Original Indenture, together with the Supplemental Indentures, the Indenture), with U.S. Bank National Association, as successor Trustee. On October 30, 2006, the Issuers and certain subsidiary guarantors entered into Exchange and Registration Rights Agreements with the Initial Purchasers providing the holders of the 2017 Notes and the 2037 Notes certain rights relating to registration of the 2017 Notes and the 2037 Notes under the Securities Act. The material terms of the exchange offers are described below in Item 2.03.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

The information set forth in Item 1.01 is incorporated herein by reference.

On October 30, 2006 the Issuers offered and sold to the Initial Purchasers \$400 million aggregate principal amount of 2017 Notes and \$600 million aggregate principal amount of 2037 Notes.

The Notes will be general senior unsecured obligations of the Issuers and will rank equally with the existing and future senior indebtedness of the Issuers. Initially, all payments with respect to the Notes (including principal and interest) will be fully and unconditionally guaranteed, jointly and severally, by substantially all of the Partnership's existing subsidiaries. In the future, the subsidiaries that guarantee other indebtedness of the Issuers or another subsidiary of the Partnership must also guarantee the Notes. The guarantees are also subject to release in certain circumstances. The guarantees are general unsecured obligations of the subsidiary guarantors and rank equally with the existing and future senior indebtedness of the subsidiary guarantors.

Interest on the Notes will accrue from October 30, 2006 and will be payable semi-annually in arrears on January 15 and July 15 of each year, commencing July 15, 2007. Interest will be payable to the holders of record at the close of business on the January 1 and July 1 preceding such interest payment dates. Interest will be computed on the basis of a 360-day year consisting of twelve 30-day months.

The Issuers may redeem the Notes, in whole or in part, at any time and from time to time at a price equal to the greater of (i) 100% of the principal amount of the Notes to be redeemed or (ii) the sum of the present values of the remaining scheduled payments of principal of and interest on the Notes to be redeemed, discounted to the redemption date on a semi-annual basis at the adjusted treasury rate plus 25 basis points in the case of the 2017 Notes and 30 basis points in the case of the 2037 Notes, in each case with accrued interest to the date of redemption.

Table of Contents

The Indenture contains covenants that limit the Partnership and its subsidiaries from creating liens on its or their principal properties to secure debt and from engaging in certain sale-leaseback transactions. The Indenture also limits the Issuers' ability to engage in certain mergers, consolidations and sales of properties or assets.

Upon the occurrence of the earlier of the following two events (the Special Mandatory Redemption Trigger Event), the Issuers will redeem all of the Notes (the Special Mandatory Redemption) at a redemption price in cash equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest thereon to the mandatory redemption date:

February 15, 2007 if the Partnership's merger with Pacific Energy Partners, L.P. has not been consummated by such date; or

the termination of the Partnership's merger agreement with Pacific Energy Partners, L.P.

Within ten days of the occurrence of the Special Mandatory Redemption Trigger Event, notice of the Special Mandatory Redemption will be mailed by first-class mail to each holder of a Note at its registered address, stating, among other matters prescribed in the Indenture, that a Special Mandatory Redemption Trigger Event has occurred and that all the Notes will be redeemed on the redemption date set forth in such notice (which shall be no earlier than 15 days and no later than 30 days from the date such notice is mailed).

Certain provisions relating to the Issuers' obligation to redeem Notes in a Special Mandatory Redemption may not be waived or modified without the written consent of the holders of all the Notes.

Upon a continuing event of default, the trustee or the holders of 25% principal amount of the then-outstanding Notes may declare all the Notes immediately due and payable, except that a default resulting from the Issuers' entry into a bankruptcy, insolvency or reorganization will automatically cause all outstanding Notes to become due and payable. Each of the following shall constitute an event of default under the Indenture with respect to each series of Notes:

default in payment when due of the principal of or any premium on any Note of that series at maturity, upon redemption or otherwise;

default for 60 days in the payment when due of interest on any Note of that series;

failure by the Issuers or, so long as the Notes are guaranteed by a subsidiary guarantor, by such subsidiary guarantor, for 30 days after receipt of notice from the trustee or the holders to comply with any other term, covenant or warranty in the Indenture or the Notes of that series (provided that notice need not be given, and an Event of Default will occur, 30 days after any breach of the covenants described in the Indenture);

default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any debt for money borrowed of the Issuers or any of the subsidiaries of the Partnership (or the payment of which is guaranteed by the Partnership or any of its subsidiaries), whether such debt or guarantee now exists or is created after the Issue Date, if (a) that default (x) is caused by a failure to pay principal of or premium, if any, or interest on such debt prior to the expiration of any grace period provided in such debt (a Payment Default), or (y) results in the acceleration of the maturity of such debt to a date prior to its originally stated maturity, and, (b) in each case described in clause (x) or (y) above, the principal amount of any such debt, together with the principal amount of any other such debt under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$25 million or more; provided that if any such default is cured or waived or any such acceleration rescinded, or such debt is repaid, within a period of 30 days from the continuation of such default beyond the applicable grace period or the occurrence of such acceleration, as the case may be, such Event of Default and any consequential acceleration of the Notes shall be automatically rescinded, so long as such rescission does not conflict with any judgment or decree;

specified events in bankruptcy, insolvency or reorganization of the Issuers or, so long as the Notes of that series are guaranteed by a subsidiary guarantor, by such subsidiary guarantor;

Table of Contents

so long as the Notes of that series are guaranteed by a subsidiary guarantor:

the guarantee by such subsidiary guarantor ceases to be in full force and effect, except as otherwise provided in the Indenture;

the guarantee by such subsidiary guarantor is declared null and void in a judicial proceeding; or

such subsidiary guarantor denies or disaffirms its obligations under the Indenture or its guarantee.

The Notes have not been registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act.

The terms of the Exchange and Registration Rights Agreements described in Item 1.01 above require the Issuers to register under the Securities Act exchange notes (and related guarantees) having substantially identical terms as the Notes (and related guarantees), and to complete offers to exchange such exchange notes for the Notes of the same series. If an exchange offer cannot be effected, the Issuers have agreed to file and keep effective a shelf registration statement for resale of the Notes. Failure of the Issuers to comply with the registration and exchange requirements set forth in the Exchange and Registration Rights Agreements will require the Issuers to pay additional interest semi-annually, over and above the stated interest rate on the Notes, in an amount not to exceed a rate of 0.50% per year.
