PROXY STATEMENT

This Proxy Statement provides you with information in connection with the solicitation of proxies by the Board of Directors ("Board") of Harman International Industries, Incorporated ("Company") for use at the 2001 Annual Meeting of Stockholders or any adjournment ("Meeting"). This Proxy Statement also provides you with information you will need in order to consider and to act upon the matters specified in the accompanying Notice of Annual Meeting. This Proxy Statement and the enclosed proxy card were first sent or given to stockholders on or about September 14, 2001.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

Holders of record of the Company's common stock ("Common Stock"), as of the close of business on September 10, 2001 are entitled to vote at the Meeting. Each stockholder of record as of that date is entitled to one vote for each share of Common Stock held. On September 10, 2001, there were 37,773,747 shares of Common Stock outstanding.

You cannot vote your shares of Common Stock at the Meeting unless you are present or represented by proxy. You may revoke your proxy at any time prior to the vote at the Meeting by (a) delivering a written notice revoking your proxy to the Company at the above address, (b) delivering a new proxy to the Company at the above address, or (c) voting in person at the Meeting.

All properly executed proxies, unless revoked in accordance with the preceding instructions, will be voted at the Meeting in accordance with your directions on the proxy. With respect to the election of two Directors to serve until the 2004 Annual Meeting, stockholders voting by proxy may vote in favor of both nominees, may withhold their vote for both nominees or may withhold their vote as to a specific nominee.

If no specific instructions for the matters to be acted upon at the Meeting are given in a properly executed proxy, the shares of Common Stock represented by the proxy will be voted FOR the election of the two nominees for Director listed under the caption "Election of Directors."

In order to validly conduct business at the Meeting, a majority of the outstanding shares of Common Stock must be represented in person or by proxy at the Meeting. Abstentions are counted as being represented at the Meeting.

5

ELECTION OF DIRECTORS (ITEM 1 ON PROXY CARD)

Two Directors will be elected at the Meeting. This section contains information relating to the two nominees for Director and the Directors whose terms of office continue beyond the Meeting. The nominees for Director, if elected, will serve for a three-year term expiring at the 2004 Annual Meeting. The Board expects that the nominees will be available for election at the time of the Meeting. If, for any reason, a nominee should become unavailable for election, the shares of Common Stock voted FOR that nominee by proxy will be voted for a substitute nominee designated by the Board, unless the Board reduces the number of Directors.

The candidates for Director will be elected by the affirmative vote of a plurality of the shares of Common Stock actually voted in person or by proxy at the Meeting. Any action other than a vote FOR a nominee Director will be counted as a vote against the nominee.

THE BOARD RECOMMENDS A VOTE FOR ELECTION OF BOTH NOMINEES.

THE BOARD, ITS COMMITTEES AND ITS COMPENSATION

The Board held four meetings during fiscal year 2001. The Board has three standing committees: the Executive Committee, the Audit Committee and the Compensation and Option Committee ("Compensation Committee"). Since the Company does not have a standing committee on nominations, the full Board nominates candidates for Director. Each Director attended at least 75% of the meetings of the Board and the committees on which he or she served.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

The Executive Committee, consisting of Dr. Harman and Messrs. Girod and Stapleton, held five meetings during fiscal year 2001. The Executive Committee is empowered to exercise all power and authority of the Board in the management of the business affairs of the Company when the full Board is not in session, except for matters not permitted to be delegated to it under the Company's Restated and Amended Certificate of Incorporation or Bylaws.

The Audit Committee, consisting of Ms. Hufstedler, Mr. Weiss, Mr. Meyer and Ms. Korologos, held three meetings during fiscal year 2001. The Audit Committee, together with Company management, the internal auditors and the independent auditors, reviews the financial reports and other financial information provided by the Company to governmental bodies or to the public; it monitors the Company's financial reporting process and internal control system; and it recommends independent auditors for the Board's approval. A report of the Audit Committee appears later in this Proxy Statement. In addition, a copy of the current Audit Committee Charter, which was adopted by the Board in March 2000 and reaffirmed by the Board in March 2001, is included as Appendix A to this Proxy Statement.

The Compensation Committee, consisting of Ms. Hufstedler and Mr. Weiss, held two meetings during fiscal year 2001. The Compensation Committee establishes compensation each year for all of the executive officers, and it reviews these matters with the Executive Chairman and Chief Executive Officer. The Board has delegated to the Compensation Committee authority to decide certain matters relating to the Company's Key Executive Officers Incentive Plan, the Company's 1992 Incentive Plan and the Company's retirement plans.

The Company does not pay fees to Directors who are officers of the Company or its subsidiaries. Non-officer Directors receive an annual fee of \$35,000 plus \$1,500 for each committee meeting attended on a day other than the day of a Board meeting. The Company reimburses all Directors for expenses incurred for attending meetings.

The 1992 Incentive Plan provides that each non-officer Director who served during the prior fiscal year and continues to serve on the Board will receive at the time of each Annual Meeting an option to purchase 3,000 shares of Common Stock. Each non-officer Director is eligible for an additional option to purchase 750 shares of Common Stock if the Company achieves a return on consolidated equity for the prior fiscal year of at least 9% but less than 13%, or an additional option to purchase 1,500 shares of Common Stock if the Company achieves a return on consolidated equity of 13% or more. The exercise price of the options is the fair market value of the Common Stock on the date of the grant. Each option vests at a rate of 20% per year and expires ten years from the date of grant. At the time of the 2000 Annual Meeting, each non-officer Director (Ms. Hufstedler, Ms. Korologos, Mr. Meyer and Mr. Weiss) received an option to purchase 3,000 shares of Common Stock and an additional option to purchase 1,500 shares, because the Company achieved a return on consolidated equity of 15.2% for fiscal year 2000. At the time of the Meeting, each non-officer Director will receive an option to purchase 3,000 shares of Common Stock.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee implements the Company's executive compensation program pursuant to authority delegated by the Board. As part of its responsibilities, the Compensation Committee establishes the compensation of the Company's executive officers and administers the Company's stock incentive awards to executive officers. The Compensation Committee is comprised of Ms. Hufstedler and Mr. Weiss, neither of whom is an officer or employee of the

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

Company.

EXECUTIVE COMPENSATION PROGRAM

The Company must attract and retain people who have demonstrated superior skills and experience and incentivize them by rewarding outstanding individual performance. The key elements of the Company's executive compensation program are (a) base salaries determined in light of competitive pay analysis and the executive's performance during the prior fiscal year; (b) cash bonus awards tied to either targeted returns on stockholder equity or to Company and individual performance during the prior fiscal year; and (c) grants of stock options to align the interests of management with those of the stockholders.

SALARY. Base salaries are established in light of both competitive pay data and performance review. The Company's competitive pay structure is built by reference to market data; performance is reviewed at the end of each fiscal year.

In July 2000, the Compensation Committee reviewed the Company's results of operations for fiscal year 2000 and competitive pay practices data. Some of the data were obtained from surveys furnished by outside compensation consulting firms of compensation practices among companies in the electrical and electronics industries and companies similar in size to the Company. The survey group differs from the comparison group used in the Company's stock performance graph (see "Stock Price Performance Graph") because the Compensation Committee believes that the survey group offers more reliable information on compensation practices and better represents competitors for executive officer candidates. Consistent with the Company's past practice, the Compensation Committee sought to establish base salaries for fiscal year 2001 at the 50th-75th percentile of base salaries for the survey group of companies.

BONUS. Cash bonus awards are made pursuant to the Key Executive Officers Incentive Plan when specific returns on stockholder equity, as determined by the Compensation Committee for the given fiscal year, are achieved. Amounts awarded under the Key Executive Officers Incentive Plan are intended to constitute qualified "performance-based compensation" for tax purposes. The targeted return on stockholder equity for fiscal year 2001 was 10%.

If no bonus awards are made under the Key Executive Officers Incentive Plan, discretionary bonuses may be awarded based on the financial and operational performance of the Company and the executive officer's achievements as measured against specific performance objectives. Performance objectives vary from officer to officer but normally include business unit financial objectives (such as sales growth targets), other non-financial business objectives (such as timely introduction of new products) and personal development objectives (such as effective interaction with other business units). The Executive Chairman may recommend that the Compensation Committee authorize discretionary bonuses based on performance in these areas. In August 2001, the Compensation Committee authorized discretionary bonus awards for Dr. Harman and Messrs. Girod, Stapleton, Meredith and Palin.

5

9

EQUITY BASED COMPENSATION. The Company's stock option program is designed to increase share value by aligning executive officers' long-term interests with those of the stockholders. Executive officers and other key employees are eligible to participate in the program. The Executive Chairman makes recommendations to the Compensation Committee based upon an assessment of each officer's performance and a need for further long-term performance incentives. The Compensation Committee believes that equity incentives for key executive officers are in the best interests of the Company.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

FISCAL YEAR 2001 COMPENSATION FOR THE EXECUTIVE CHAIRMAN AND THE CHIEF EXECUTIVE OFFICER

SALARY. During fiscal year 2001, Dr. Harman was paid a base salary of \$891,667, and Mr. Girod was paid a base salary of \$833,333. These salaries were based on their leadership in creating the proper corporate environment and structure for accelerated growth in sales, earnings and share value, and overall results during fiscal year 2000. These salaries were also based on competitive pay practices data reviewed by the Compensation Committee during July 2000.

BONUS. In August 2001, the Compensation Committee authorized discretionary bonus awards of \$500,000 for each of Dr. Harman and Mr. Girod, for their success in achieving performance objectives during fiscal year 2001.

EQUITY BASED COMPENSATION. In August 2000, the Compensation Committee granted options to each of Dr. Harman and Mr. Girod. Under the grants and after adjustment for the two-for-one stock split that was implemented September 19, 2000, effective as of August 28, 2000 ("Stock Split"), each of Dr. Harman and Mr. Girod received options to purchase 100,000 shares of Common Stock at an exercise price of \$31.375 per share, the market value of the Common Stock on that date. Although not awarded in fiscal year 2001, in August 2001 the Compensation Committee granted options to each of Dr. Harman and Mr. Girod to purchase 75,000 shares of Common Stock at an exercise price of \$36.89 per share, the market value of the Common Stock on that date.

OPTION GRANTS TO OTHER KEY EMPLOYEES

In August 2001, the Compensation Committee granted options to purchase 75,000 shares of Common Stock to each of Messrs. Stapleton and Meredith at an exercise price of \$36.89 per share, the market value on the date of the grant of the options. In March 2001, the Compensation Committee also approved the grant of options to purchase 10,000 shares of Common Stock to Mr. Palin at an exercise price of \$24.90 per share, the market value of the Common Stock on the date of the grant.

STATUS OF REPORT

The foregoing report on 2001 Executive Compensation provided by the Compensation Committee shall not be deemed to be "soliciting material," or to be "filed" with the Securities and Exchange Commission ("Commission") or subject to Regulation 14A promulgated by the Commission or Section 18 of the Securities Exchange Act of 1934, as amended.

(1) The number of options granted and exercise price reflect the Stock Split.

(2) Based on the Black-Scholes option price model, which requires assumptions to be made about the future changes in the price of the Company's Common Stock. The Company used the following assumptions to estimate the Grant Date Present Value: an estimated dividend yield of \$0.10 per share; an estimated risk-free interest rate of 3.875%; an estimated volatility of 56%; and an option term of 2.25 years representing the estimated period from time of vesting until exercise of the options. There is no assurance that the actual value realized by an executive officer will equal the amount estimated based upon the Black-Scholes option pricing model.

(3) Represents stock options granted on August 7, 2000 under the 1992 Incentive Plan, as disclosed in the Compensation and Option Committee Report included in last year's proxy statement. The exercise price of the option is equal to the market value of the Common Stock on the date of grant. Commencing one year from the date of grant, the options vest annually at a rate of 20%.

(4) Represents stock options granted on March 29, 2001 under the 1992 Incentive Plan. The exercise price of the option is equal to the market value of the Common Stock on the date of grant. Commencing one year from the date of grant, the options vest annually at a rate of 20%.

DEFERRED COMPENSATION PLAN

The Company's Deferred Compensation Plan ("Deferred Compensation Plan") provides supplemental retirement benefits for executive officers designated by the Deferred Compensation Plan's administrative committee, the members of which are appointed by the Board. Prior to the beginning of each fiscal year, each participant may elect to defer up to 100% of annual base salary and bonus on a pre-tax basis to a deferral account. These amounts are always fully vested, subject to a 10% penalty on any unscheduled withdrawals. The Company may decide to make contributions on a pre-tax basis to a participant's account, subject to a vesting schedule. In the event of a change in control, all of a participant's accounts vest immediately and the Company indemnifies the participant for any expense incurred in enforcing the participant's rights under the Deferred Compensation Plan.

Participants specify that portions of their accounts are deemed invested in designated benchmark funds. The Company credits earnings to the accounts based on the rate of return of the designated funds. Upon retirement or termination of employment other than due to death, participants may receive their account balances in the form of a lump sum payment or in annual installments. In the event of death prior to the commencement of benefits or during payment of installments, the balances in a participant's vested accounts as of the date of death are payable to the participant's beneficiaries.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

The Company's Supplemental Executive Retirement Plan ("Supplemental Plan") provides supplemental retirement, termination and death benefits to key executive officers designated by the Board. Dr. Harman and Messrs. Girod, Stapleton and Meredith have been designated as Supplemental Plan participants; Mr. Palin has not been designated as a participant. Dr. Harman has 21 years, Mr. Girod 14 years, Mr. Stapleton 13 years and Mr. Meredith 16 years of service credited under the Supplemental Plan. All Supplemental Plan benefits are subject to deductions for Social Security and federal, state and local taxes.

RETIREMENT BENEFIT. Retirement benefits are based on the average of the participant's highest cash compensation (base salary and bonus) during any five consecutive years ("Average Cash Compensation"). A participant retiring at age 65 or older receives an annual retirement benefit equal to 3 1/3% of Average Cash Compensation per year of service up to a maximum of 50%. If a participant's employment is terminated within three years after a change in control, the participant vests with maximum retirement benefits regardless of age or years of service and the Company indemnifies the participant for any expense incurred in enforcing the participant's rights in the retirement benefit under the Supplemental Plan. Unless another form of payment is approved by the Supplemental Plan committee appointed by the Board, benefits are payable monthly in the form of a life annuity. If the participant dies prior to receiving 10 years of benefits, they are paid to the participant's beneficiary for the remainder of that period.

TERMINATION BENEFIT. A participant who retires or whose employment is terminated prior to age 65 with at least 15 years of service, and who is not otherwise entitled to benefits under the Supplemental Plan, is entitled to an annual termination benefit equal to 30% of Average Cash Compensation, increased by 4% for each year of service over 15 years, up to a maximum of 50%. Benefits are payable in the same manner as retirement benefits.

In June 2000, the Compensation Committee modified the termination benefits for Messrs. Girod and Stapleton. Effective September 24, 1999, Mr. Girod vested in an annual termination benefit equal to 26% of Average Cash Compensation, increased by 2% per year for the following two years of service and by 4% per year of service thereafter, up to a maximum of 50%. Mr. Stapleton vested in an annual termination benefit equal to 24% of Average Cash Compensation, increased by 2% per year for the following three years of service and by 4% per year of service thereafter, up to a maximum of 50%.

DEATH BENEFIT. A pre-retirement death benefit equal to three times the highest annual cash compensation achieved by the participant during employment with the Company is paid to the beneficiaries of a participant who dies prior to the commencement of benefits under the Supplemental Plan. The benefit is paid to the participant's designated beneficiary in a single lump sum or, at the request of the beneficiary and with the consent of the administrative committee, the benefit may be paid in another form providing the actuarial equivalent of the lump sum payment. Any death benefit payable to Dr. Harman's designated beneficiary will be paid in five equal annual installments, providing the actuarial equivalent of the lump sum payment otherwise due.

SEVERANCE AND EMPLOYMENT AGREEMENTS

The Company entered into Severance Agreements ("Severance Agreements"), containing materially identical terms and conditions, with each of Dr. Harman and Messrs. Girod, Stapleton and Meredith as of June 20, 2000. The Severance Agreements provide that if, within the two years following a change in control, the executive officer is terminated without cause or under certain circumstances terminates his own employment, then he is entitled to receive a severance payment equal to three times the sum of his highest annual base salary (during any period prior to his termination) and his highest incentive pay (during the three fiscal years preceding the change in control). The Severance Agreements also provide that the Company will pay the executive officer an additional amount for excise taxes, subject to a limitation based on the overall cost of the Severance Agreements, including any additional payment for excise taxes. Unless the executive officer or the Company notifies the other by September 30 that it does not wish the agreement to be extended, each Severance Agreement is automatically extended on the following January 1 for an additional year.

Mr. Palin serves as Vice President-Controller of the Company pursuant to an employment agreement dated April 4, 2001 which provides for an annual base salary of GBP185,000 as well as rights under the Company's stock option plans and UK health and life insurance plans. Under the employment agreement, either the Company or Mr. Palin may terminate his employment upon 12-months prior notice, given no earlier than June 30, 2003.

OPTION REPURCHASES

In 1998, the Board of Directors made special stock option awards to Messrs. Girod, Stapleton and Meredith. Under the awards and after adjustment for the Stock Split, Mr. Girod received options to purchase 240,000 shares of Common Stock, Mr. Stapleton received options to purchase 200,000 shares of Common Stock and Mr. Meredith received options to purchase 160,000 shares of Common Stock. The exercise price of the options (as adjusted for the Stock Split) was \$19.875 per share, the market price of the Common Stock at the time of the option award. The options were to become exercisable only upon the achievement of certain performance targets defined by reference to the 30-day average closing price of the Common Stock. Adjusted for the Stock Split, one-third of the options would become exercisable when each of three target prices were achieved: \$27.50 per share, \$32.50 per share and \$37.50 per share. The target prices represented a premium of 38.4%, 63.5% and 88.7% over the market price of the Common Stock on the grant date.

The stock option awards were made to the key executives at a time when their services were critical to the Company and when many technology companies, large and small, were attempting to recruit experienced senior executives. The program has been successful in retaining the services of these key officers,

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

they have performed as expected, and the stock price has exceeded the prescribed levels. As a result, the options became fully exercisable.

The Executive Chairman proposed that since each of the executives has personal financial needs, those needs could be satisfied and the Company's interests could be well served through the purchase of the options by the Company from the executives at a price that did not exceed the difference between the market price of the Common Stock and the exercise price of the options. The Executive Chairman believed that the purchase of the options at this price was an opportunity for the Company because it has an ongoing stock repurchase program and it was unlikely that the Company could purchase 600,000 shares at the current market price. Further, absent the repurchase, the options would remain exercisable for seven years and the Executive Chairman believes that in that period the stock price may be substantially higher.

The Board had previously authorized a continuation of the Company's stock repurchase program for an additional 1,000,000 shares in fiscal year 2002. Repurchasing the options to purchase 600,000 shares would satisfy more than half of that objective at a price substantially lower than it would likely cost to purchase the stock in the open market.

Based on the foregoing analysis, the Executive Chairman recommended to the Board that the Company purchase 600,000 options from the executives at a price of \$18.125 per option. The price represents the difference between \$38, the approximate trading price of the Common Stock at the beginning of the current fiscal year, and the \$19.875 exercise price of the options. The closing price of the Common Stock on September 10, 2001 was \$39.61. In reaching its decision to repurchase the options at \$18.125, the Board noted that the 30-day average closing price of the Common Stock was approximately \$38 per share.

On September 10, 2001, the Board approved payment for the repurchase of the options at \$18.125 per option. As a result of the option repurchases, the Company has paid Mr. Girod \$4,350,000, Mr. Stapleton \$3,625,000, and Mr. Meredith \$2,900,000. The repurchase of the options will have no effect on the Company's earnings in fiscal year 2002 or thereafter because the impact on earnings was fully accrued prior to the beginning of the fiscal year 2002.

Following the option repurchase, the four top executives in the Company, including the Executive Chairman, continue to beneficially own shares of the Company's Common Stock

12

16

(including vested options to purchase Common Stock) representing approximately 9.7% of the total number of outstanding shares, a strong equity position for top management.

REPORT OF THE AUDIT COMMITTEE

The Board of Directors adopted the Audit Committee Charter ("Charter") in March 2000 and reaffirmed the Charter in March 2001. A copy of the Charter is included as Appendix A to this Proxy Statement. The Audit Committee is currently composed of four directors who are not officers or employees of the Company or its subsidiaries. All members of the Audit Committee are "independent" as that term is defined by the New York Stock Exchange's listing standards.

The Audit Committee reviewed the Company's audited financial statements ("Financial Statements") appearing in the Company's Annual Report on Form 10-K for fiscal year 2001, and discussed the Financial Statements with the Company's management and KPMG LLP, the Company's independent auditors. The Audit Committee also discussed with the Company's independent auditors those matters required to

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

be discussed under SAS No. 61 and SAS No. 90 (Codification of Statements and Auditing Standards, Communication with Audit Committees).

The Audit Committee has also received and reviewed the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 ("Independence Discussions with Audit Committees"), and has discussed with KPMG LLP their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal year 2001, filed with the Commission.

This report is submitted by the members of the Audit Committee.

- (1) Under the rules of the Commission, a beneficial owner of a security is one who has or shares the power to vote or direct the voting of the security or the power to dispose or direct the disposition of the security. Accordingly, more than one person may be a beneficial owner of the same securities. A person also beneficially owns any securities to which that person has the right to acquire beneficial ownership within 60 days. Accordingly, the table includes shares of Common Stock that may be acquired pursuant to stock options exercisable within 60 days from August 1, 2001 as follows: Dr. Harman (1,204,500 shares), Mr. Girod (446,770 shares), Ms. Hufstedler (49,126 shares), Ms. Korologos (20,100 shares), Mr. Meyer (39,426 shares), Mr. Weiss (7,400 shares), Mr. Stapleton (413,400 shares), Mr. Meredith (247,000 shares), Mr. Palin (29,300 shares) and all Directors and executive officers as a group (2,514,102 shares).
- (2) Information in this table and its notes with respect to FMR Corp. is derived from the Schedule 13G filed on February 14, 2001 with the Commission by and on behalf of FMR Corp. Edward C. Johnson 3d, Chairman of FMR Corp. and his wife Abigail P. Johnson, a Director of FMR Corp. are also deemed to be the beneficial owners of the 3,187,200

14

shares of Common Stock reported in the table as beneficially owned by FMR Corp. by virtue of their positions with and ownership of FMR Corp. Of the 3,187,200 subject shares, 21,100 shares are held in an institutional account managed by Fidelity Management Trust Company, a wholly-owned subsidiary of FMR Corp., with respect to which each of FMR Corp. and Edward C. Johnson 3d has sole dispositive power and sole voting power, and 3,166,100 shares are held by several investment companies for which Fidelity Management & Research Company, a wholly-owned subsidiary of FMR Corp., serves as investment adviser and for which each of FMR Corp. and Edward C. Johnson 3d has sole dispositive power but no voting power.

- (3) Information in this table and its notes with respect to T. Rowe Price Associates, Inc. ("Price Associates") is derived from the Schedule 13G filed on February 7, 2001 with the Commission by and on behalf of Price Associates. Price Associates has indicated that these securities are owned by various individual and institutional investors, for which Price Associates serves as investment advisor with the power to direct investments and/or sole power to vote the securities, and for purposes of the reporting requirements of the Securities Exchange Act of 1934 Price Associates is therefore deemed to be a beneficial owner of the securities; however, Price Associates expressly disclaims that it is, in fact, the beneficial owner of such securities.
- (4) Information in this table and its notes with respect to Reich & Tang Asset Management L.P. ("Reich & Tang") is derived from the Schedule 13G filed on February 27, 2001 with the Commission by and on behalf of Reich & Tang. Reich & Tang beneficially owns 1,678,200 shares on behalf of client investment advisory accounts, with respect to which Reich & Tang holds shared voting power and shared dispositive power.
- (5) This amount includes: 802,646 shares held in a trust for which Dr. Harman

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

has sole dispositive and sole voting power; 122,994 shares held in two irrevocable trusts for various family members for which Dr. Harman has sole voting power but shared dispositive power; 200,000 shares held by the Sidney Harman Charitable Remainder Trust for which Dr. Harman acts as co-trustee and for which he has shared dispositive power and shared voting power; and 186,225 shares held by family members for which Dr. Harman has sole voting power pursuant to revocable proxies and for which Dr. Harman disclaims beneficial ownership. As noted in footnote 1, the number of shares beneficially owned by Dr. Harman also includes 1,204,500 shares that may be acquired pursuant to stock options exercisable within 60 days from August 1, 2001. The 1,204,500 shares subject to stock options include a long-term performance incentive option to purchase 630,000 shares granted to Dr. Harman on November 9, 1993 (as adjusted to reflect the 5% stock dividend paid by the Company in August 1995 and the Stock Split). Because the Company exceeded the performance criteria for each of fiscal years 1995, 1996, 1997, 1998, and 2000 the shares relating to this option are now fully exercisable.

- (6) This amount includes 7,393 shares held by Mr. Girod in the Company's Section 401(k) Retirement Savings Plan ("401(k) Plan"); this amount does not reflect the Company's repurchase of stock options from Mr. Girod, as discussed elsewhere in this Proxy Statement.
- (7) This amount includes 12,985 shares held by Mr. Stapleton in the 401(k) Plan; this amount does not reflect the Company's repurchase of stock options from Mr. Stapleton, as discussed elsewhere in this Proxy Statement.
- (8) This amount includes 8,684 shares held by Mr. Meredith in the 401(k) Plan; this amount does not reflect the Company's repurchase of stock options from Mr. Meredith, as discussed elsewhere in this Proxy Statement.
- (9) This amount includes 29,535 shares held by all Directors and executive officers as a group in the 401(k) Plan; this amount does not reflect the Company's repurchase of stock options from Messrs. Girod, Stapleton and Meredith, as discussed elsewhere in this Proxy Statement.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's Directors and executive officers and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes in ownership with the Commission. Directors, executive officers, and greater than 10% beneficial owners are required by the Commission to furnish the Company with copies of all Section 16(a) forms filed by such persons.

Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's Directors and executive officers, the Company believes that all Section 16(a) filing requirements applicable to its Directors and executive officers were complied with during fiscal year 2001.
