PROXY STATEMENT FOR 2005 ANNUAL MEETING OF STOCKHOLDERS

June 8, 2006

INFORMATION CONCERNING SOLICITATION AND VOTING

Your vote is very important. For this reason our Board of Directors is requesting that you permit your shares of common stock to be represented at our 2005 Annual Meeting of Stockholders by the proxies named on the enclosed proxy card. This proxy statement contains important information for you to consider in deciding how to vote on the matters brought before the meeting.

General Information

Ultra Clean Holdings, Inc., referred to in this proxy statement as Ultra Clean, the Company or we, is soliciting the enclosed proxy for use at our annual meeting of stockholders to be held June 8, 2006 at 2:00 p.m., Pacific time or at any adjournment thereof for the purposes set forth in this proxy statement. Our annual meeting will be held at the offices of Davis Polk & Wardwell, 1600 El Camino Real, Menlo Park, California.

This proxy statement and the enclosed proxy card will be mailed on or before May 5, 2006 to all stockholders entitled to vote at the meeting.

Who May Vote at Our Annual Meeting

All holders of our common stock, as reflected in our records at the close of business on May 1, 2006, the record date for voting, may vote at the meeting.

Each share of common stock that you owned on the record date entitles you to one vote on each matter properly brought before the meeting. As of the record date, there were issued and outstanding 18,285,010 shares of our common stock, \$0.001 par value.

Holding Shares as a Beneficial Owner (or in Street Name)

Most stockholders are considered the beneficial owners of their shares, that is, they hold their shares through a broker, bank or nominee rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially or in street name .

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares. If you are a stockholder of record, we are sending these proxy materials directly to you. As our stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the annual meeting. We have enclosed a proxy card for your vote.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker, bank, or nominee (who is considered the stockholder of record with respect to those shares). As the beneficial

owner, you have the right to direct your broker, bank, or nominee how to vote if you follow the instructions you receive from your broker, bank, or nominee. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting unless you bring to the meeting an account statement or letter from the nominee stating that you beneficially owned the shares on May 1, 2006, the record date for voting.

Table of Contents

How to Vote

You may vote in person at the meeting or by proxy. All valid proxies properly executed and received by us prior to or at the meeting will be voted in accordance with the instructions they contain. We recommend that you vote by proxy even if you plan to attend the meeting. You may change your vote at the meeting even if you have previously submitted a proxy.

How Proxies Work

This proxy statement is furnished in connection with the solicitation of proxies by Ultra Clean's Board of Directors for use at the annual meeting and at any adjournment of that meeting. If you give us your proxy you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals, or you may abstain from voting.

If you give us your proxy but do not specify how your shares shall be voted on a particular matter, your shares will be voted FOR the election of each of the named nominees for director, FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm and, with respect to any other matter that may come before the annual meeting, as recommended by our Board of Directors or otherwise in the proxies discretion.

If you hold your shares in street name, your broker, bank or nominee will include a voting instruction card with this proxy statement. You should vote your shares by following the instructions provided on the voting instruction card. Your broker, bank or nominee may provide instructions for voting by telephone or over the Internet.

Changing Your Vote

You have the right to revoke your previously submitted proxy at any time before the annual meeting.

If you are a stockholder of record, you may revoke your proxy before it is voted by:

submitting a new proxy with a date later than the date of your previously submitted proxy;

notifying our Secretary in writing before the meeting that you wish to revoke your previously submitted proxy; or

voting in person at the meeting.

If you are a beneficial owner and your shares are held in the name of your broker, bank or nominee and you wish to revoke your previously submitted proxy, you should follow the instructions provided to you by your broker, bank or nominee. You may also revoke your proxy by voting in person at the meeting, provided you comply with the requirements indicated below.

Attending in Person

Any stockholder of record may vote in person. All meeting attendees will be required to present a valid, government-issued photo identification, such as a driver's license or passport, in order to enter the meeting.

If you are a beneficial owner and your shares are held in the name of your broker, bank or nominee, you must bring to the meeting an account statement or letter from the nominee indicating that you beneficially owned the shares at the close of business on May 1, 2006, the record date for voting.

Votes Needed to Hold the Meeting and Approve Proposals

In order to carry on the business of the annual meeting, stockholders entitled to cast a majority of the votes at a meeting of stockholders must be represented at the meeting, either in person or by proxy. In accordance with Delaware law, only votes cast for a matter constitute affirmative votes. A properly executed proxy marked abstain with respect to any matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Since abstentions will not be votes cast for a particular proposal, they will have the same effect as negative votes or votes against that proposal. Broker non-votes are also counted for the purpose of

Table of Contents

determining the presence of a quorum. Broker non-votes occur when shares held by a broker on behalf of a beneficial owner are not voted with respect to a particular proposal, which generally occurs when the broker has not received voting instructions from the beneficial owner and lacks the discretionary authority to vote the shares itself. We believe that the election of directors and ratification of our independent registered public accounting firm are considered routine proposals for which brokerage firms may vote shares held on behalf of beneficial owners who have not voted with respect to the particular proposal.

The election of directors requires a plurality of the votes cast for the election of directors. Plurality means that the seven nominees who receive the highest number of votes will be elected as directors. In the election of directors, votes may be cast in favor of or withheld from any or all nominees. The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on the item will be required to ratify the appointment of our independent registered public accounting firm for the current fiscal year. Approval of any other matter properly submitted to the stockholders at the annual meeting generally will require the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote on that matter.

FP-Ultra Clean, L.L.C., holder of approximately 22.8% of our common stock, has informed us that it intends to vote all of its shares in favor of the nominated slate of directors and for the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

Security Ownership of Certain Beneficial Owners and Management

The table below sets forth information as of March 31, 2006 regarding the beneficial ownership (as defined by Rule 13d-3(d)(1) under the Exchange Act) of our common stock by:

each person or group known by us to own beneficially more than five percent of our common stock;

each of our directors and named executive officers individually; and

all directors and officers as a group.

In accordance with applicable rules of the Securities and Exchange Commission rules, beneficial ownership includes voting or investment power with respect to securities and includes the shares issuable pursuant to stock options that are exercisable within 60 days of March 31, 2006. Shares issuable pursuant to stock options are deemed outstanding for the purpose of computing the ownership percentage of the person holding such options but are not

deemed outstanding for computing the ownership percentage of any other person. The percentage of beneficial ownership for the following table is based on 18,269,975 shares of common stock outstanding as of March 31, 2006.

Structure of Board of Directors and Corporate Governance Information

Director Independence. We are required to comply with the director independence rules of the NASDAQ Stock Market (NASDAQ) and the Securities and Exchange Commission. These rules require that the board of directors of a listed company be composed of a majority of independent directors and that the audit committee, compensation committee and nominating and corporate governance committees be composed solely of independent directors. NASDAQ provides an exemption from these director independence rules for a controlled company , a company of which more than 50% of the voting power is held by an individual, group or other company. Prior to March 15, 2006, FP-Ultra Clean, L.L.C. owned approximately 55% of our outstanding common stock and, as a result, we were exempt from NASDAQ's director independence rules. Following the sale by FP-Ultra Clean, L.L.C. of a portion of its

holdings of our common stock, we are no longer a controlled company . Under NASDAQ 's transition rules, we will be required to comply with all NASDAQ and Securities and Exchange Commission director independence rules within one year of the date we ceased to be a controlled company .

Table of Contents

Our Board of Directors has determined that Brian R. Bachman, Susan H. Billat, Kevin C. Eichler and Thomas M. Rohrs are each independent in accordance with applicable NASDAQ and Securities and Exchange Commission rules. Accordingly, a majority of our Board of Directors is independent as required by NASDAQ rules.

Stockholders Agreement. Pursuant to a stockholders agreement, our principal stockholder, FP-Ultra Clean, L.L.C., which is controlled by Francisco Partners, L.P., has the right to nominate a number of directors that decreases in relation to the proportion of outstanding shares of our common stock held by FP Ultra Clean, L.L.C. As long as FP-Ultra Clean, L.L.C. holds at least 20% of the Company's outstanding shares of common stock, FP-Ultra Clean, L.L.C. retains the right to nominate one-fourth of the members of our Board of Directors and designate one-fourth of the members of each committee of our Board of Directors. If FP-Ultra Clean, L.L.C.'s ownership interest in us decreases, its right to nominate directors to our Board of Directors and committees of our Board of Directors will be reduced as follows:

Percentage Stock Ownership	Percent of Nominees for Election to Our Board of Directors and Committees of our Board of Directors
Less than 20%	20%
Less than 10%	10%
Less than 5%	0%

Director Responsibilities. We are governed by our Board of Directors and its various committees that meet throughout the year. Our Board of Directors currently consists of seven directors. During 2005, there were six meetings of our Board of Directors. We expect directors to attend and prepare for all meetings of the Board of Directors and the meetings of the committees on which they serve. During 2005, Mr. Deb attended less than 75% of the aggregate number of meetings of the Board of Directors and the committees on which he served. Each of our other directors attended more than 75% of the aggregate number of meetings of the Board of Directors and the committees on which he or she served.

Executive Sessions of the Independent Directors. Our independent directors met in an executive session during each regularly scheduled meeting of the Board of Directors in 2005.

Lead Director. On February 9, 2005, our Board of Directors appointed Mr. ibnAle to serve as our lead director. The duties of the lead director include: (i) presiding at all meetings of the Board of Directors, (ii) serving as a liaison between our Chief Executive Officer and the Board of Directors, (iii) approving information and materials sent to the Board of Directors, (iv) approving the meeting agenda for meetings of the Board of Directors and (v) approving meeting schedules to assure that there is sufficient time for discussion of all items. The lead director also has the authority to call meetings of the Board of Directors.

Corporate Governance. Our Board of Directors has adopted corporate governance guidelines. These guidelines address items such as the qualifications and responsibilities of our directors and director candidates and the corporate governance policies and standards applicable to us in general. In addition, we have adopted a code of business conduct and ethics that applies to all officers, directors and employees. Our corporate governance guidelines and our code of business conduct and ethics as well as the charters of the Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee are available on our website at <http://www.uct.com/investors/governance.html>.

The Nominating and Corporate Governance Committee Charter specifies the criteria applied to nominees recommended by the Nominating and Corporate Governance Committee for a position on our Board of Directors. Candidates for director nominees are reviewed in the context of the current composition of our Board of Directors, our operating requirements and the interests of our stockholders. In conducting its assessment the committee considers issues of judgment, diversity, age, skills, background, experience and such other factors as it deems appropriate given the needs of the Company and the Board of Directors. The Nominating and Corporate Governance Committee also considers the independence, financial literacy and financial expertise standards required by our Board of Directors committees' charters and applicable laws, rules and regulations, and the ability of the candidate to devote the time and attention necessary to serve as a director and a committee member.

Identifying and Evaluating Nominees for Director. In the event that vacancies are anticipated or otherwise arise, the Nominating and Corporate Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current directors, professional search firms engaged by us, stockholders or other persons. Candidates are evaluated at regular or special meetings of the Nominating and Corporate Governance Committee and may be considered at any point during the year.

REPORT OF THE AUDIT COMMITTEE

The following Report of the Audit Committee of the Board of Directors shall not be deemed to be soliciting material or to be filed with the SEC nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 (the Securities Act) or the Securities Exchange Act of 1934 (the Exchange Act), each as amended, except to the extent that Ultra Clean specifically incorporates it by reference into such filing.

The Audit Committee (the Committee) serves in an oversight capacity and is not intended to be part of Ultra Clean's operational or managerial decision-making process. Ultra Clean's management is responsible for preparing the consolidated financial statements, and its independent registered public accounting firm, Deloitte & Touche LLP, is responsible for auditing those statements. The Committee's principal purpose is to monitor these processes.

The Committee is currently composed of three directors, each of whom meets the requirements of applicable NASDAQ Stock Market and Securities and Exchange Commission rules for independence. The key responsibilities of our committee are set forth in our charter, which is available on our website at www.uct.com/investors/governance.html.

The Committee regularly met and held discussions with management and Deloitte & Touche LLP in 2005. Management represented to us that Ultra Clean's consolidated financial statements were prepared in accordance with generally accepted accounting principles applied on a consistent basis, and we have reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and Deloitte & Touche LLP. We also discussed with Deloitte & Touche LLP matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees), as amended, and rule 2-07 (communications with Audit Committee) of Regulation S-X.

The Committee has discussed with Deloitte & Touche LLP its independence from Ultra Clean and its management, including the matters, if any, in the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees). The Committee also considered whether Deloitte & Touche LLP's provision of audit and non-audit services to Ultra Clean by Deloitte & Touche LLP is compatible with maintaining the independence of Deloitte & Touche from the Company.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. To avoid certain potential conflicts of interest, the law prohibits a publicly traded company from obtaining certain non-audit services from its independent audit firm. The Company obtains these services from other service providers as needed.

Based on the reviews and discussions referred to above, we recommended to our Board of Directors, and our Board of Directors approved, that the audited financial statements be included in Ultra Clean's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the Securities and Exchange Commission.

We have appointed Deloitte & Touche LLP as Ultra Clean's independent auditors for 2006.

REPORT OF THE COMPENSATION COMMITTEE

The following Report of the Compensation Committee of the Board of Directors shall not be deemed to be soliciting material or to be filed with the SEC nor shall this information be incorporated by reference into any future filing under the Securities Act of 1933 (the Securities Act) or the Securities Exchange Act of 1934 (the Exchange Act), each as amended, except to the extent that Ultra Clean specifically incorporates it by reference into such filing.

The Compensation Committee was created by the Board of Directors to oversee Ultra Clean's compensation and benefits policies generally, including its equity incentive program; to evaluate senior executive performance and review the Company's management succession plan; and to oversee and determine compensation for Ultra Clean's executive officers. The Committee also administers the Company's stock incentive plan and approves stock option grants for its employees. The Compensation Committee acts in accordance with the terms of its charter, which is available on Ultra Clean's website at www.uct.com/investors/governance.html.

The Committee is currently composed of three directors, of whom two are independent as defined by the rules of the NASDAQ Stock Market.

Executive Compensation Policy

We have structured Ultra Clean's compensation program with a view toward ensuring the financial strength of Ultra Clean, maintaining competitiveness with companies of similar size in the industry, attracting and retaining quality employees and maximizing long-term stockholder value. We seek to accomplish this by providing a total compensation opportunity that consists of a combination of base salary, cash incentive pay, equity incentives and a comprehensive benefits program.

Base Salary. Each of the executive officers, including the chief executive officer, receives a base salary that we review at least annually to determine whether an adjustment is appropriate to reflect changes in market conditions, Ultra Clean's performance, individual performance and the executive's level of responsibilities. We established 2006 base salary levels for all executive officers based upon the above criteria.

Cash Performance-Based Annual Bonus. To reward superior performance and contributions made by key executives, we may award cash bonuses annually based on the achievement of specific financial and operational goals and individual performance. We establish financial targets at the start of the fiscal year as an incentive for superior corporate performance. Bonuses, if awarded, are based primarily on the attainment of these financial targets and, on a case-by-case basis, the accomplishment of individual achievements during the fiscal year. For 2005 these financial targets were based on annual sales and operating profit. No cash bonuses were paid to our executive officers, other than the Vice President of Sales, for 2005. Deborah Hayward, our Vice President of Sales, receives all annual bonus compensation in the form of sales commissions.

Long-Term Equity Compensation. We believe that using equity awards as long-term incentives aligns the interests of the executive officers with those of our stockholders. Long-term equity compensation is realized through the grant of incentive awards under our stock incentive plan. Our stock incentive plan allows for grants of stock options as well as other stock-based awards including restricted stock, restricted stock units, stock appreciation rights, rights to purchase stock and other awards that are based on or related to the performance of our common stock. To date, the only types of equity awards we have granted to our executive officers under the stock incentive plan are stock options and restricted stock. We approve and recommend to the full board all option grants for executive officers and the guidelines to be used for option grants for other management employees. Individual grants of stock options are based on level of

responsibility and individual performance. During 2005, our executive officers received option grants based on performance and our review of competitive equity practices. In addition, Ultra Clean has offered an employee stock purchase plan to its employees (including executive officers), which allows them to purchase a limited amount of Ultra Clean stock at a discount at specified times during the year.

Other Benefits and Perquisites. We review other benefits that may be provided to our executive officers, including the chief executive officer. Generally our executives receive employee benefits similar to those offered to other employees, although executives are eligible to participate in a deferred compensation plan and certain executives, including the chief executive officer, receive additional benefits approved by the Compensation

Committee such as tax reimbursements for executives' life insurance premiums, car allowances and executive disability insurance. We review the costs of any benefits provided to executive officers.

Chief Executive Officer Compensation

The Company's chairman and chief executive officer, Clarence L. Granger, received an annual base salary of \$332,692 during fiscal 2005. In determining Mr. Granger's total compensation package for 2005, we considered the Company's compensation policies, as well as the effectiveness of Mr. Granger's leadership of Ultra Clean and achievement of strategic and financial objectives. During 2005, these objectives included: (i) increasing market share and profitability levels at certain key customers; (ii) increasing company-wide revenue and profitability levels; (iii) successfully executing certain new product initiatives; and (iv) successfully executing a geographic expansion of Ultra Clean's manufacturing footprint. As described above, no payments were made under the Company's cash bonus program. We believe that Mr. Granger's total compensation is competitive with compensation packages for chief executive officers at companies of similar size in Ultra Clean's industry and reflects the Company's performance in fiscal 2005.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits our tax deductibility of compensation in excess of \$1 million paid to our Chief Executive Officer or any of our four other most highly compensated executive officers, unless the compensation is performance-based as defined by the Internal Revenue Code. We generally intend to maximize the deductibility of executive compensation so long as the deductibility is compatible with the objectives of our compensation policies, including retention of high-performing individuals and maintaining competitive compensation. Accordingly, we have not adopted a policy that all compensation must qualify as deductible under Section 162(m).
