Item 1.01. Entry into a Material Definitive Agreement.

On January 28, 2008, Dawson Geophysical Company (the Company) renewed its revolving line of credit loan agreement with Western National Bank, retroactively effective as of January 18, 2008. The agreement permits the Company to borrow, repay and reborrow, from time to time until January 18, 2009, up to \$20.0 million. The Company's obligations under this agreement are secured by a security interest in its accounts receivable and related collateral. Through January 31, 2008, interest will accrue at an annual rate equal to 5.63%. Beginning as of February 1, 2008, interest will accrue at an annual rate equal to either: (a) the 30-day London Interbank Offered Rate (LIBOR), plus two and one-quarter percent (2.25%), or (b) the Prime Rate, minus three-quarters percent (.75%), as the Company shall choose monthly. Interest on the outstanding amount under the loan agreement is payable monthly. The loan agreement contains customary covenants for credit facilities of this type, including limitations on disposition of assets and mergers and reorganizations. The Company is also obligated to meet certain financial covenants under the loan agreement, including maintaining a minimum tangible net worth (as defined in the loan agreement) of \$40.0 million and maintaining specified ratios with respect to cash flow coverage, current assets and liabilities, and debt to tangible net worth. Funds from the loan agreement will be used to provide working capital for the Company. As of January 28, 2008, the Company had \$5.0 million borrowed under the previous loan agreement which amount has been renewed and extended under the new loan agreement.

All outstanding amounts owed under the loan agreement become due and payable no later than the maturity date of January 18, 2009, and are subject to acceleration upon the occurrence of events of default which the Company considers usual and customary for an agreement of this type, including failure to make payments under loan agreement, non-performance of covenants and obligations or insolvency or bankruptcy (as defined in the loan agreement).

The foregoing description of the loan agreement does not purport to be complete and is qualified in its entirety by reference to the Revolving Line of Credit Loan Agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K.

Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
