PROPOSAL 1:

ELECTION OF DIRECTORS

Pursuant to Aimco's Articles of Restatement (the Charter) and Amended and Restated Bylaws (the Bylaws), directors are elected at each Annual Meeting of Stockholders and hold office for one year, and until their successors are duly elected and qualify. Aimco's Bylaws currently authorize a Board consisting of not fewer than three nor more than nine persons.

The nominees for election to the eight positions on the Board selected by the Nominating and Corporate Governance Committee of the Board and proposed by the Board to be voted upon at the Meeting are:

James N. Bailey
Terry Considine
Richard S. Ellwood
Thomas L. Keltner
J. Landis Martin
Robert A. Miller
Thomas L. Rhodes
Michael A. Stein

Messrs. Bailey, Considine, Ellwood, Keltner, Martin, Miller, Rhodes and Stein were elected to the Board at the last Annual Meeting of Stockholders. Messrs. Bailey, Ellwood, Keltner, Martin, Miller, Rhodes and Stein are not employed by, or affiliated with, Aimco, other than by virtue of serving as directors of Aimco. Unless authority to vote for the election of directors has been specifically withheld, the persons named in the accompanying proxy intend to vote for the election of Messrs. Bailey, Considine, Ellwood, Keltner, Martin, Miller, Rhodes and Stein to hold office as directors for a term of one year until their successors are elected and qualify at the next Annual Meeting of Stockholders. All nominees have advised the Board that they are able and willing to serve as directors.

If any nominee becomes unavailable for any reason (which is not anticipated), the shares represented by the proxies may be voted for such other person or persons as may be determined by the holders of the proxies (unless a proxy contains instructions to the contrary). In no event will the proxy be voted for more than eight nominees.

The vote of a plurality of all the votes cast at the Meeting at which a quorum is present is necessary for the election of a director. For purposes of the election of directors, abstentions or broker non-votes as to the election of directors will not be counted as votes cast and will have no effect on the result of the vote. Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted FOR the election of the eight nominees named above as directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH OF THE EIGHT NOMINEES.

PROPOSAL 2:

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The firm of Ernst & Young LLP, the Company's independent registered public accounting firm for the year ended December 31, 2007, was selected by the Audit Committee to act in the same capacity for the fiscal year ending December 31, 2008, subject to ratification by Aimco's stockholders. The aggregate fees billed for services rendered by Ernst & Young LLP during the years ended December 31, 2007 and 2006, are described below under the caption Principal Accountant Fees and Services.

Representatives of Ernst & Young LLP will be present at the Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions.

The affirmative vote of a majority of the votes cast regarding the proposal is required to ratify the selection of Ernst & Young LLP. Accordingly, abstentions or broker non-votes will not affect the outcome of the vote on the proposal. Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted FOR the proposal to ratify the selection of Ernst & Young LLP to serve as independent registered public accounting firm for the Company for the fiscal year ending December 31, 2008.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION

CORPORATE GOVERNANCE MATTERS

Independence of Directors

The Board has determined that to be considered independent, an outside director may not have a direct or indirect material relationship with Aimco or its subsidiaries (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). A material relationship is one that impairs or inhibits or has the potential to impair or inhibit a director's exercise of critical and disinterested judgment on behalf of Aimco and its stockholders. In determining whether a material relationship exists, the Board considers all relevant facts and circumstances, for example, whether the director or a family member is a current or former employee of the Company, family member relationships, compensation, business relationships and payments, and charitable contributions between Aimco and an entity with which a director is affiliated (as an executive officer, partner or substantial

stockholder). In addition to the factors mentioned, the Board has previously evaluated a potential investment relationship between a Considine family partnership and a fund managed by Mr. Martin, which investment was on the same terms as those offered to other potential investors. The Board consults with the Company's counsel to ensure that such determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent director, including but not limited to those categorical

Table of Contents

standards set forth in Section 303A.02 of the listing standards of the New York Stock Exchange as in effect from time to time.

Consistent with these considerations, the Board affirmatively has determined that Messrs. Bailey, Ellwood, Keltner, Martin, Miller, Rhodes and Stein are independent directors (collectively the Independent Directors).

Meetings and Committees

The Board held five meetings during the year ended December 31, 2007. The Board has established standing Audit, Compensation and Human Resources, and Nominating and Corporate Governance committees. Except as noted, during 2007, no director attended fewer than 75% of the total number of meetings of the Board and any committees of the Board upon which he served. Mr. Keltner attended 67% of the meetings of the Compensation and Human Resources and Nominating and Corporate Governance Committees. Following his election to the Board and appointment to those committees, the Compensation and Human Resources and Nominating and Corporate Governance Committees each met three times, and Mr. Keltner was unable to attend one meeting of each committee due to a long standing commitment established prior to his nomination to Aimco's Board.

The Corporate Governance Guidelines, as described below, provide that the Company generally expects that the Chairman of the Board will attend all annual and special meetings of the stockholders. Other members of the Board are not required to attend such meetings. Messrs. Considine, Bailey, Ellwood, Martin, Miller, Rhodes and Stein attended the Company's 2007 annual meeting of stockholders, and the Company anticipates that all of the members of the Board will attend the 2008 annual meeting of stockholders.

Below is a table illustrating the standing committee memberships and chairmen, and additional detail on each committee follows the table.

Audit Committee.

The Audit Committee currently consists of the seven Independent Directors, and the Audit Committee Chairman is Mr. Stein. The Audit Committee makes determinations concerning the engagement of the independent registered public accounting firm, reviews with the independent registered public accounting firm the plans and results of the audit engagement (including the audit of the Company's financial statements and the Company's internal control over financial reporting), reviews the independence of the independent registered public accounting firm and considers the range of audit and non-audit fees. The Audit Committee also provides oversight for the Company's financial reporting process, internal control over financial reporting and the Company's internal audit function.

The Audit Committee held seven meetings during the year ended December 31, 2007. The Audit Committee has a written charter that was adopted effective November 6, 2003, and last updated on February 27, 2008, which

charter is posted on Aimco's website (www.aimco.com) and is also available in print to stockholders, upon written request to Aimco's Corporate Secretary. As set forth in the Audit Committee's charter, no director may serve as a member of the Audit Committee if such director serves on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Audit Committee. No member of the Audit Committee serves on the audit committee of more than two other public companies.

Audit Committee Financial Expert

Aimco's Board has determined that the Company has at least one audit committee financial expert serving on the Audit Committee, and has designated Mr. Stein as an audit committee financial expert. Each member of the Audit Committee is independent, as that term is defined by Section 303A of the listing standards of the New York Stock Exchange relating to audit committees.

Compensation and Human Resources Committee.

The Compensation and Human Resources Committee currently consists of the seven Independent Directors, and the Compensation and Human Resources Committee Chairman is Mr. Martin. The Compensation and Human Resources Committee's purposes are to: oversee the Company's compensation and employee benefit plans and practices, including its executive compensation plans and its incentive-compensation and equity-based plans; to review and discuss with management the Compensation Discussion and Analysis; and to direct the preparation of, and approve, a report on executive compensation to be included in the Company's proxy statement for its annual meeting of stockholders or Annual Report on Form 10-K filed with the Securities and Exchange Commission. The Compensation and Human Resources Committee held seven meetings during the year ended December 31, 2007. The Compensation and Human Resources Committee has a written charter that was adopted effective January 29, 2004, and last updated on January 30, 2007, which charter is posted on Aimco's website (www.aimco.com) and is also available in print to stockholders, upon written request to Aimco's Corporate Secretary.

Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee currently consists of the seven Independent Directors, and the Nominating and Corporate Governance Committee Chairman is Mr. Bailey. The Nominating and Corporate Governance Committee's purposes are to: identify and recommend to the Board individuals qualified to serve on the board; advise the Board with respect to Board composition, procedures and committees; develop and recommend to the Board a set of corporate governance principles applicable to Aimco and its management; and oversee evaluation of the Board and management (in conjunction with the Compensation and Human Resources Committee). The Nominating and Corporate Governance Committee held four meetings during the year ended December 31, 2007. The Nominating and Corporate Governance Committee has a written charter that was adopted effective March 8, 2004, which charter is posted on Aimco's website (www.aimco.com) and is also available in print to stockholders, upon written request to Aimco's Corporate Secretary.

The Nominating and Corporate Governance Committee selects nominees for director on the basis of, among other things, experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding of Aimco's business environment and willingness to devote adequate time and effort to Board responsibilities. The Nominating and Corporate Governance Committee assesses the appropriate balance of criteria required of directors and makes recommendations to the Board.

When formulating its Board membership recommendations, the Nominating and Corporate Governance Committee also considers advice and recommendations from others, including stockholders, as it deems appropriate. Such

recommendations are evaluated on the basis of the same criteria noted above. The Nominating and Corporate Governance Committee will consider as nominees to the Board for election at next year's annual meeting of stockholders persons who are recommended by stockholders in writing, marked to the attention of Aimco's Corporate Secretary, no later than July 1, 2008. During 2007, no such recommendations were received.

The Board is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of stockholders. Based on recommendations from the Nominating

and Corporate Governance Committee, the Board determined to nominate the eight incumbent members of the Board for re-election.

Separate Sessions of Non-Management Directors and Lead Independent Director.

Aimco's Corporate Governance Guidelines (described below) provide that the non-management directors shall meet in executive session without management on a regularly scheduled basis, but no less than four times per year. The non-management directors, which group is made up of the seven Independent Directors, met in executive session without management four times during the year ended December 31, 2007. Mr. Martin was the Lead Independent Director who presided at such executive session in 2007, and he has been designated as the Lead Independent Director who will preside at such executive sessions in 2008.

The following table sets forth the number of meetings held by the Board and each committee during the year ended December 31, 2007.

Joint meetings are typically considered as a single meeting for purposes of director compensation.
- (2) For 2007, the Independent Directors (other than Messrs. Keltner and Miller) were each awarded 4,000 shares of fully vested Common Stock, which award was made on February 5, 2007. Messrs. Accordingly, they were each awarded 3,000 shares of fully vested Common Stock, which award was made on May 1, 2007. The dollar value shown above represents the grant date fair value and is calculated based on the closing price of Aimco's Common Stock on the New York Stock Exchange. For the awards made on February 5, 2007, the closing price was \$62.60 and for the awards made on May 1, 2007, the closing price was \$55.06.

recognized for financial statement reporting purposes with respect to the year presented for the fair value of stock options in accordance with SFAS 123R. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For additional information on the valuation assumptions with respect to the grants reflected in this column, refer to note 12 to the Aimco financial statements in the Form 10-K for the year ended December 31, 2007. These amounts reflect Aimco's accounting expense for these awards, and do not correspond to the actual value that will be recognized by Messrs. Keltner and Miller.

Code of Ethics

Effective November 6, 2003, the Board adopted a code of ethics entitled "Code of Business Conduct and Ethics" that applies to the members of the Board, all of Aimco's executive officers and all employees of Aimco or its subsidiaries, including Aimco's principal executive officer, principal financial officer and principal accounting officer. The Code of Business Conduct and Ethics is posted on Aimco's website (www.aimco.com) and is also available in print to stockholders, upon written request to Aimco's Corporate Secretary. If, in the future, Aimco amends, modifies or waives a provision in the Code of Business Conduct and Ethics, rather than filing a Current Report on Form 8-K, Aimco intends to satisfy any applicable disclosure requirement under Item 5.05 of Form 8-K by posting such information on Aimco's website (www.aimco.com), as necessary.

Corporate Governance Guidelines

Effective March 8, 2004, the Board adopted and approved Corporate Governance Guidelines, which were last amended in August 2006. These guidelines are available on Aimco's website (www.aimco.com) and are also available in print to stockholders, upon written request to Aimco's Corporate Secretary. In general, the Corporate Governance Guidelines address director qualification standards, director responsibilities, the lead independent director, director access to management and independent advisors, director compensation, director orientation and continuing education, management succession, and an annual performance evaluation of the Board.

AUDIT COMMITTEE REPORT TO STOCKHOLDERS

The Audit Committee oversees Aimco's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process, including internal control over financial reporting and disclosure controls and procedures. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. A written charter approved by the Audit Committee and ratified by the Board governs the Audit Committee.

The Audit Committee reviewed with the independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and letter required by Independence Standards Board Standard No. 1 as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with the independent registered public accounting firm their independence from the Company and its management, and has considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining such firm's independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting. The Audit Committee held seven meetings during fiscal year 2007.

None of the Audit Committee members have a relationship with the Company that might interfere with exercise of his independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements and management's report on internal control over financial reporting be included in the Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the Securities and Exchange Commission. The Audit Committee has also determined that provision by Ernst & Young LLP of other non-audit services is compatible with maintaining Ernst & Young LLP's independence. The Audit Committee and the Board have also recommended, subject to stockholder ratification, the selection of Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2008.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Principal Accountant Fees

The aggregate fees billed for services rendered by Ernst & Young LLP during the years ended December 31, 2007 and 2006 were approximately \$8.95 million and \$11.60 million, respectively, and are described below.

Audit Fees

Fees for audit services totaled approximately \$5.54 million in 2007 and approximately \$7.27 million in 2006. These amounts include fees associated with the annual audit of the financial statements of Aimco, its internal control over financial reporting and the financial statements of certain of its consolidated subsidiaries and unconsolidated investees. Fees for audit services also include fees for the reviews of interim financial statements in Aimco's Quarterly Reports on Form 10-Q, registration statements filed with the Securities and Exchange Commission (SEC), other SEC filings, equity or debt offerings, comfort letters and consents.

Audit-Related Fees

Fees for audit-related services totaled approximately \$0.29 million in 2007 and approximately \$0.72 million in 2006. Audit-related services principally include various audit and attest work not required by statute or regulation, benefit plan audits, and accounting consultations.

Tax Fees

Fees billed for tax services totaled \$3.12 million in 2007 and \$3.61 million in 2006. Such amounts included fees for tax compliance services for approximately 300 subsidiaries or affiliates of the Company of \$2.74 million in 2007 and \$3.17 million in 2006. The portion of the total representing fees for tax planning services amounted to approximately \$0.38 million in 2007 and approximately \$0.44 million in 2006.

All Other Fees

Fees for all other services not included above were zero in 2007 and in 2006. There were no fees billed or incurred in 2007 and 2006 related to financial information systems design and implementation.

Included in the fees above are audit and tax compliance fees of \$4.92 million and \$6.81 million for 2007 and 2006, respectively, for services provided to consolidated and unconsolidated partnerships for which an Aimco subsidiary is the general partner. Audit services were provided to approximately 130 such partnerships and tax compliance services were provided to approximately 300 such partnerships during 2007.

Audit Committee Pre-Approval Policies

In 2003, the Audit Committee adopted the Audit and Non-Audit Services Pre-Approval Policy (the Pre-approval Policy), which the Audit Committee reviewed and again approved, with minor modifications, in October 2007. The Pre-approval Policy describes the Audit, Audit-related, Tax and Other Permitted services that have the general pre-approval of the Audit Committee, typically subject to a dollar limit of \$50,000. The term of any general pre-approval is generally 12 months from the date of pre-approval, unless the Audit Committee considers a different period and states otherwise. At least annually, the Audit Committee will review and pre-approve the services that may

be provided by the independent registered public accounting firm without obtaining specific pre-approval from the Audit Committee. In accordance with this review, the Audit Committee may add to or subtract from the list of general pre-approved services or modify the permissible dollar limit associated with pre-approvals. As set forth in the Pre-approval Policy, unless a type of service has received general pre-approval and is anticipated to be within the dollar limit associated with the general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. For both types of pre-approval, the Audit Committee will consider whether such services are consistent with the rules on independent registered public accounting firm independence. The Audit Committee will also consider whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service, for reasons such as its

familiarity with Aimco's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance Aimco's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor will necessarily be determinative. All of the services described above were approved pursuant to the annual engagement letter or in accordance with the Pre-approval Policy; none were approved pursuant to Rule 2-01(c)(7)(i)(C) of SEC Regulation S-X.

The table also sets forth certain information available to the Company, as of February 25, 2008, with respect to shares of Common Stock held by each person known to the Company to be the beneficial owner of more than 5% of such shares. This table reflects options that are exercisable within 60 days. Unless otherwise indicated, each person has sole voting and investment power with respect to the securities beneficially owned by that person. The business address of each of the following directors and executive officers is 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237, unless otherwise specified.

- (1) Excludes shares of Common Stock issuable upon redemption of OP Units or Class I Units.
- (2) Represents the number of shares of Common Stock beneficially owned by each person divided by the total number of shares of Common Stock outstanding. Any shares of Common Stock that may be acquired by a person within 60 days upon the exercise of options, warrants, rights or conversion privileges or pursuant to the power to revoke, or the automatic termination of, a trust, discretionary account or similar arrangement are deemed to be beneficially owned by that person and are deemed outstanding for the purpose of computing the percentage of outstanding shares of Common Stock owned by that person, but not any other person.
- (3) Through wholly-owned subsidiaries, Aimco acts as general partner of AIMCO Properties, L.P., the operating partnership in Aimco's structure. As of February 25, 2008, Aimco held approximately 90% of the interests in AIMCO Properties, L.P. Interests in AIMCO Properties, L.P. that are held by limited partners other than Aimco are referred to as OP Units. OP Units include common OP Units, partnership preferred units, and high performance partnership units. Generally after a holding period of twelve months, OP Units may be tendered for redemption and, upon tender, may be acquired by Aimco for shares of Common Stock at an exchange ratio of one share of Common Stock for each OP Unit (subject to adjustment). If Aimco acquired all OP Units for Common Stock (without regard to the ownership limit set forth in Aimco's Charter) these shares of Common Stock would constitute approximately 10% of the then outstanding shares of Common Stock. OP Units are subject to certain restrictions on transfer. Class I High Performance Units (Class I Units) are generally not redeemable for, or convertible into, Common Stock; however, in the event of a change of control of the Company, holders of the Class I Units will have redemption rights similar to those of holders of OP Units.
- (4) Represents the number of shares of Common Stock beneficially owned, divided by the total number of shares of Common Stock outstanding, assuming, in both cases, that all 7,286,720 OP Units and 2,379,084 Class I Units outstanding as of February 25, 2008, are redeemed in exchange for shares of Common Stock (notwithstanding any holding period requirements, Aimco's ownership limit and, in the case of Class I Units, the absence of a change of control). See note (3) above. Excludes Partnership Preferred Units issued by the Operating Partnership and Aimco preferred securities.
- (5) Includes: 198,757 shares held directly by Mr. Considine, 122,117 shares held by an entity in which Mr. Considine has sole voting and investment power, 1,273,017 shares held by Titahotwo Limited Partnership RLLLP (Titahotwo), a registered limited liability limited partnership for which Mr. Considine serves as the general partner and holds a 0.5% ownership interest; and 1,297,384 shares subject to options that are exercisable within 60 days. Also includes the following shares of which Mr. Considine disclaims beneficial ownership: 1,022,247 shares held by Titaho Limited Partnership RLLLP (Titaho), a registered limited liability limited partnership for which Mr. Considine's brother is the trustee for the sole general partner, 2,392,512 shares subject to options that are exercisable within 60 days held by Titaho; 79,589 shares held by Mr. Considine's spouse; 158,620 shares held by a non-profit foundation in which Mr. Considine has shared voting and investment power; and 318 shares held by trusts for which Mr. Considine is the trustee. Mr. Considine, Titaho, Titahotwo, and an entity in which Mr. Considine has sole voting and investment power have pledged 2,580,306 shares as security for loans or other extensions of credit.
- (6) Includes 850,185 OP Units and 1,589,372 Class I Units that represent 11.67% of OP Units outstanding and 66.81% of Class I Units outstanding, respectively. The 850,185 OP Units include 510,452 OP Units held directly by Mr. Considine, 179,735 OP Units held by an entity in which Mr. Considine has sole voting and investment power, 2,300 OP Units held by Titahotwo, and 157,698 OP Units held by Mr. Considine's spouse,

Aimco's Executive Compensation Philosophy

Aimco's philosophy in setting compensation for executive officers is to provide competitive compensation that allows Aimco to attract and retain executive talent together with variable elements that reward performance. The Compensation and Human Resources Committee (the Committee) reviews the performance of and determines the compensation for the Chief Executive Officer. The Committee also reviews and approves the decisions made by the Chief Executive Officer as to the compensation of Aimco's other executive officers. Aimco uses the following guidelines for compensation decisions:

Align executive compensation with stockholder objectives;

Reward individual performance of Aimco's executives; and

Attract and retain executive talent.

Components of Executive Compensation

Total compensation for Aimco's executive officers is comprised of the following components:

Base compensation; and

Bonus compensation, which is paid in a combination of cash, restricted stock or stock options.

Together, these components comprise total compensation.

How the Committee determines the amount of target total compensation for the CEO.

The Committee sets Mr. Considine's target total compensation at a level that reflects the Committee's understanding of what is required in the market to attract and retain comparable talent for a comparable position. At the beginning of the year, the Committee determined target total compensation for Mr. Considine. To determine target total compensation for Mr. Considine, the Committee used an analysis provided by Aimco's Human Resources team of proxy data for comparable positions from a peer group consisting of certain other multifamily REITs and certain Large Cap REITs in areas other than multifamily and also used REIT and general industry survey data. For Mr. Considine, the peer companies were: Archstone-Smith Trust, AvalonBay Communities Inc., Boston Properties, Inc., BRE Properties, Inc., Brookfield Property Corp., Camden Property Trust, Developers Diversified Realty Corp., Duke Realty Corp., Equity Office Properties Trust, Equity Residential, Essex Property Trust, Inc., Forest City Enterprises, Inc., General Growth Properties, Inc., Hilton Hotels Corp., Home Properties, Inc., Host

Table of Contents

Marriott Corp., Kimco Realty Corp., Macerich Co., Marriott International, Inc., Prologis, Post Properties, Inc., Public Storage, Inc., Simon Property Group, Inc., Starwood Hotels & Resorts, United Dominion Realty Trust and Vornado Realty Trust. The median of market compensation for other chief executive officers served as the primary factor in determining the target total compensation for Mr. Considine. Other factors included an assessment of Mr. Considine's objectives for the year and the Committee's discretion.

How the Committee determines the allocation of Mr. Considine's target total compensation between base and bonus.

The Committee's philosophy with respect to Mr. Considine's base compensation is to set a fixed base compensation amount to provide a level of base compensation that is competitive with pay for comparable chief executive officer positions in real estate companies and companies in other industries with similar revenue size and management complexity. Prior to 2006, Mr. Considine's base compensation was paid in cash. For 2006 and 2007, Mr. Considine's base compensation has been in the form of a stock option subject to vesting based on achievement of a performance threshold. In 2006, the performance threshold was satisfied. In 2007, the performance threshold was not satisfied and the option granted for such year expired prior to becoming exercisable. Bonus compensation is the amount in excess of base compensation that, together with base compensation, constitutes total compensation. Bonus compensation is tied both to the achievement of company objectives and specific individual goals.

How Aimco determines the amounts of target total compensation for executive officers (other than the CEO).

Aimco sets executive officer target total compensation at a level that reflects Aimco's understanding of what is required in the market to attract and retain comparable talent for a comparable position. At the beginning of 2007, Mr. Considine, in consultation with the Committee, determined target total compensation for the executive officers. To make these determinations, Mr. Considine worked with Aimco's Human Resources team, which provided an analysis of data for each position drawn from proxy data for comparable positions from a peer group consisting of certain other multifamily REITs and certain other REITs in areas other than multifamily (which list of peer companies is substantially similar to that used for Mr. Considine, as described above), REIT industry survey data, and survey data for companies in other industries with comparable positions, transactional functions, and similar revenue size and management complexity. The median of market compensation for other comparable positions served as the primary factor in determining the target total compensation for executive officers. Survey data was reviewed and used to validate proxy data obtained or to provide a market comparison of the value of the position. Other factors included an assessment of each executive officer's objectives for the year and Mr. Considine's discretion. Aimco has used substantially the same comparisons for these positions for the past several years to assist in the determination of executive compensation. These comparisons were deemed to represent fairly information from the labor markets in which Aimco competes for executive talent.

How Aimco determines the allocation of executive officer target total compensation between base and bonus.

Aimco's philosophy with respect to base compensation for executive officers is to set a fixed base compensation amount that is competitive with the median base pay for comparable positions in real estate companies and companies in other industries with similar revenue size and management complexity. Base compensation amounts are generally the same for officers with comparable levels of responsibility to provide internal equity and consistency among executive officers. Executive officer base compensation is generally paid in cash. In some cases, base compensation varies from that of the market median or from that of officers with comparable levels of responsibility because of the current recruiting or retention market for a particular position, or because of the tenure of a particular officer in his position.

Bonus compensation is the amount in excess of base compensation that, when totaled together with base compensation, constitutes total compensation.

Table of Contents

How bonus compensation serves Aimco's objectives.

Bonus compensation is used primarily to provide total compensation potential that is competitive with pay for comparable positions in real estate companies and companies in other industries with similar revenue size and management complexity. Discretionary bonus amounts above target bonus compensation amounts reward and therefore encourage outstanding individual and Company performance. Providing bonus compensation in the form of Aimco equity that vests over time (typically a period of four or five years) serves as a retention incentive, aligns executive compensation with stockholder objectives and serves as an incentive to take a longer-term view of Aimco performance. With respect to the equity portion of bonus compensation, Aimco permits each executive vice president to select up to approximately 25% of such equity compensation in stock options with the remainder in restricted stock. Aimco permits this individual election to give each executive officer the opportunity to receive a mix of restricted stock and options that best suits each individual's investment preferences while ensuring that each executive officer's compensation is tied to Aimco's performance over time. When the equity is in the form of stock options, the currency is inherently performance based because the optionee only receives a benefit if and to the extent Aimco's stock price rises after the date the option is granted. When the equity is in the form of restricted stock, the compensation is also linked to performance because the future value of the equity depends on the performance of Aimco's stock.

Total compensation for 2007

For 2007, total compensation is the sum of base compensation and bonus compensation.

Base Compensation for 2007

Mr. Considine's Base Compensation

Although historically Mr. Considine's base compensation has been paid in cash, based on Mr. Considine's recommendation for 2007, the Committee determined that Mr. Considine's base compensation of \$600,000 be contingent on Aimco's achievement of a defined financial objective. For 2007, Mr. Considine's base compensation of \$600,000 was contingent on Aimco's achievement of \$3.45 per share of funds from operations, or FFO (the 2007 FFO Target) to provide Mr. Considine an incentive highly correlated with a specific corporate objective. Accordingly, instead of paying Mr. Considine a \$600,000 cash base salary, on February 5, 2007, the Committee awarded Mr. Considine a non-qualified stock option for 53,097 shares at an exercise price equal to fair market value on the date of grant (\$62.63). For the purpose of calculating the number of shares subject to the stock option to be granted, the foregone \$600,000 cash salary amount was divided by \$11.30, which price was calculated by a nationally recognized independent investment bank using certain assumptions provided by Aimco and the Black-Scholes Option Pricing Model, which model Aimco uses to measure compensation cost under Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment* (SFAS 123R). Because Aimco did not meet the 2007 FFO Target, the option did not vest and expired unexercisable. This option grant is reflected in the Summary Compensation Table see note 6 thereto. The information with respect to this stock option as presented in the Compensation Discussion & Analysis has not been adjusted to reflect the special dividend paid January 30, 2008, to all stockholders of record on December 31, 2007. For such information, please refer to the Outstanding Equity Awards at Fiscal Year End 2007 table.

Other Executive Officer Base Compensation

For 2007, base compensation for all executive vice presidents was set between \$250,000 and \$400,000. Base compensation for all officers other than those at the executive vice president level was determined based on market studies and also based on external market conditions.

Bonus Compensation for 2007

Bonus compensation was determined based on Aimco's achievement of the objectives of Aimco's 2007 approved operating plan, including the 2007 FFO Target, specific transaction related goals, overall Aimco performance and achievement of specific individual objectives as detailed in our performance management program, Managing Aimco Performance, or MAP, which sets and monitors performance objectives for each team

Table of Contents

member. Once Aimco's performance against the 2007 FFO Target was determined, individual performance against goals set forth in each executive's individual MAP were measured. The Committee (in the case of Mr. Considine), or Mr. Considine, in consultation with the Committee (in the case of the other executive officers), also had discretion to adjust the final bonus amount based on assessments of performance factors outside of the MAP process.

For Mr. Considine, the Committee determined at the start of 2007 that his bonus target was \$3.55 million. The Committee reviewed Aimco's and Mr. Considine's performance based on his MAP objectives, which included:

Ensuring Aimco's long-term financial stability;

Executing growth in profitability;

Promoting Aimco's values of integrity, respect, collaboration, customer focus, and performance; and

Attracting, retaining and motivating a strong management team.

The Committee noted that although Aimco did not meet the 2007 FFO Target, Aimco did:

Generate a 9.3% increase in per share FFO when compared to 2006.

Produce Same Store net operating income growth of 4.5% compared to 2006, and Same Store net rental income growth of 3.8%, which exceeded the average of our markets by 60 basis points.

Invest approximately \$319 million in 64 conventional redevelopment projects.

Earn activity fee and asset management income, net of tax, of approximately \$59 million compared with \$41 million in 2006.

Acquire 16 conventional properties in our target markets, containing approximately 1,300 residential units for an aggregate purchase price of approximately \$208 million.

Establish the \$726 million Palazzo joint venture which was accretive to both per share net asset value and FFO with much of the proceeds being used to repurchase stock.

Sell 46 conventional properties and 30 affordable properties generating net cash proceeds to Aimco, after repayment of existing debt, payment of transaction costs and distributions to limited partners, of \$141 million.

Close property loans totaling \$1,817 million at an average interest rate of 6.10%, which included the refinancing of loans totaling \$773 million with prior interest rates averaging 7.05%, placing loans on newly acquired properties, new financings on existing properties, redevelopment loans and the modification of terms on existing property debt.

Reduce our cost of leverage with the redemption of our Class W Preferred Stock.

Increase liquidity to end the year with more than \$675 million in available cash resources.

Contain general and administrative expenses to hold costs, before variable compensation, flat when compared to 2006.

Repurchase approximately 7.5 million shares of Class A Common Stock at an average price of \$43.70 per share.

Declare a special dividend which was an effective 5% increase in the Aimco regular dividend.

Promote 1,592 team members to positions of greater responsibility with over 50 to officer level positions.

Establish Moments That Matter and the Aimco customer experience training that was delivered to over 2,700 team members.

Commence the inaugural Aimco Leadership Excellence program with 21 high-potential team members and executive sponsors.

Table of Contents

Based on Aimco's performance and Mr. Considine's achievement of his MAP objectives, the Committee determined that for 2007 Mr. Considine should receive the following:

Total Target Compensation (\$)	Paid Base (\$)	Target Total Bonus Compensation (\$)	2007 Bonus Compensation			Total 2007 Compensation (\$)
			Cash (\$)	Stock Options (\$)	Restricted Stock (\$)	
4,150,000	0	3,550,000	0	2,600,000	0	2,600,000

In addition to receiving no base compensation, Mr. Considine's bonus was discounted to reflect that Aimco did not meet the 2007 FFO Target. Mr. Considine's bonus compensation was in the form of a ten-year non-qualified stock option to acquire 599,078 shares, which option vests ratably over four years. The option was granted January 29, 2008. Because the equity award for 2007 bonus compensation was made in 2008, pursuant to the applicable disclosure rules, such award will be reflected in the Summary Compensation and Grants of Plan-Based Awards tables in Aimco's proxy statement for the 2009 annual meeting of stockholders. In determining the form of Mr. Considine's bonus, the Committee considered Aimco's burn rate and discussed with Mr. Considine his preference for the form in which his equity is awarded and gave Mr. Considine latitude in making the determination. Mr. Considine prefers the risk and potential upside inherent in stock options and therefore selected all of his equity compensation in stock options. The Committee and Mr. Considine believe that it is in the stockholders' best interest to motivate and reward Mr. Considine in this highly entrepreneurial manner. Providing bonus compensation in the form of Aimco equity that vests over time (typically a period of four or five years) serves as a retention incentive, aligns Mr. Considine's compensation with stockholder objectives and serves as an incentive to take a longer term view of Aimco performance. Mr. Considine's compensation is highly variable, and has fluctuated over the past five years.

Based on Aimco's performance as described above and each named executive officer's achievement of his MAP objectives, Mr. Considine, in consultation with the Committee, determined that the named executive officers should receive the compensation detailed below. In determining the 2007 bonus compensation, Mr. Considine and the Committee noted that: Mr. Herzog provided significant leadership in improving Aimco's efficiency and allocation of capital and ensured the Company had abundant liquidity; Mr. Robertson, along with the leadership of Mr. Graber and others, spearheaded Aimco's efforts with respect to asset management and portfolio allocation, including the Palazzo joint venture, and generating fee income; and Mr. Beaudin led Aimco's expanded redevelopment activity.

	Total Target Compensation (\$)	Paid Base (\$)	Target Total Bonus Compensation (\$)	2007 Bonus Compensation (\$)			Total 2007 Compensation (\$)
				Cash (\$)	Stock Options (\$)	Restricted Stock (\$)	
Mr. Herzog	\$ 1,600,000	\$ 350,003	\$ 1,250,000	\$ 750,000	\$ 105,400	\$ 294,600	\$ 1,500,003
Mr. Robertson	\$ 3,000,000	\$ 389,611	\$ 2,600,000	\$ 1,125,000	\$ 196,005	\$ 547,846	\$ 2,258,462
Mr. Beaudin	\$ 2,000,000	\$ 350,004	\$ 1,650,000	\$ 800,000	\$ 118,575	\$ 331,425	\$ 1,600,004
Mr. Graber	\$ 1,950,000	\$ 325,003	\$ 1,650,000	\$ 750,000	\$ 111,988	\$ 313,012	\$ 1,500,003

The cash bonuses shown above appear in the Summary Compensation Table under the column headed Non-Equity Incentive Plan Compensation.

With respect to 2007 bonus compensation in the form of equity awards, both the shares of restricted stock and the stock options were granted January 29, 2008, and vest ratably over four years. Because the equity awards for 2007 bonus compensation were made in 2008, pursuant to the applicable disclosure rules, such awards will be reflected in the Summary Compensation and Grants of Plan-Based Awards tables in Aimco's proxy statement for the 2009 annual meeting of stockholders. For the purpose of calculating the number of shares of restricted stock to be granted, the dollars allocated to restricted stock were divided by \$39.28 per share, which was the average of the closing trading prices of Aimco's Common Stock on the five trading days up to and including the grant date. The five-day average was used to provide a more fair approximation of the value of the stock at the time of grant by muting the effect of any single day spikes or declines. For the purpose of calculating the number of shares subject to the stock options to be granted, the dollars allocated to stock options were divided by \$4.34, which price was calculated by a nationally recognized independent investment bank using certain assumptions provided by Aimco and the Black-Scholes Option Pricing Model, which model Aimco uses to measure compensation cost under SFAS 123R. The stock options have an exercise price per share of \$39.85, which is equal to the fair market value of

Table of Contents

Aimco's Class A Common Stock on January 29, 2008 (pursuant to Aimco's 2007 Stock Award and Incentive Plan (the 2007 Plan)) fair market value is defined as the closing price of Aimco's Class A Common Stock on the grant date).

Other Compensation

From time to time, Aimco determines to provide executives with additional compensation in the form of discretionary cash or equity bonuses. In 2005, Aimco determined that Messrs. Robertson and Graber were each eligible for a cash payment upon the closing of a specified transaction, which was anticipated to occur in 2006. Ultimately, the transaction closed in 2007, and those cash bonuses were paid in 2007 and appear in the Summary Compensation Table under column headed Bonus. Also during 2007, Mr. Robertson's responsibilities were expanded to include Aimco's portfolio strategy, capital allocation, investments, joint ventures, asset management and transaction activity. In conjunction with that change, Mr. Robertson was awarded a six-year non-qualified stock option grant to acquire 584,113 shares of Aimco's Class A Common Stock at an exercise price per share of \$55.64. The option award is shown in the Grants of Plan-Based Awards Table. The information with respect to this stock option as presented in the Compensation Discussion & Analysis has not been adjusted to reflect the special dividend paid January 30, 2008, to all stockholders of record on December 31, 2007. For such information, please refer to the Outstanding Equity Awards at Fiscal Year End 2007 table.

Post-Employment Compensation and Severance Arrangements

401(k)

Aimco provides a 401(k) plan that is offered to all Aimco team members. Aimco matches 100% of participant contributions to the extent of the first 3% of the participant's eligible compensation and 50% of participant contributions to the extent of the next 2% of the participant's eligible compensation. For 2007, the maximum match by Aimco was \$9,000, which is the amount that Aimco matched for each of Messrs. Herzog, Robertson, and Beaudin's 2007 401(k) contributions. Because Mr. Considine's base compensation for 2007 was not in cash, he did not have taxable wages in 2007 and thus was not eligible to participate in the 401(k) plan. Other than the 401(k) plan, Aimco does not provide post-employment benefits. Aimco does not have a pension plan, a SERP or any similar arrangements.

Deferred Compensation Plan

Aimco established a deferred compensation plan in 2005. Each calendar year, Aimco's officers with a minimum annual base salary of \$150,000 and a title of Vice President or above may participate in the deferred compensation plan. Participating employees may defer up to 50% of their annual base salary. Participants may also defer up to 100% of any performance-based cash bonus. Although the deferred compensation plan permits voluntary contributions by Aimco on behalf of an employee, Aimco has not made any such contributions. At the time the deferral election is made, the participant must also indicate at what future age or by what future date the participant wishes to have the deferral distributed to him or her. The participant must also choose to receive the deferral in either a lump sum payment, or in annual installments over a period of five or ten years. During 2007, six employees participated, and through the end of 2007, an aggregate of approximately \$378,218 had been deferred under this plan. The deferred compensation plan is intended to comply with Section 409A of the Internal Revenue Code and is intended to qualify as a top hat plan under the Employee Retirement Income Security Act of 1974, as amended.

Executive Employment and Severance Arrangements

In response to a stockholder proposal seeking certain limitations regarding executive severance arrangements, in July 2004, the Committee adopted an executive severance policy. That policy provides that Aimco shall seek stockholder

approval or ratification of any future severance agreement for any senior executive officer that provides for benefits, such as lump-sum or future periodic cash payments or new equity awards, in an amount in excess of 2.99 times such executive officer's base salary and bonus. Compensation and benefits earned through the termination date, the value of vesting or payment of any equity awards outstanding prior to the termination date,

Table of Contents

pro rata vesting of any other long-term awards, or benefits provided under plans, programs or arrangements that are applicable to one or more groups of employees in addition to senior executives are not subject to the policy. Even prior to the Committee’s response to the stockholder proposal, it had been Aimco’s longstanding practice not to enter into agreements with senior executives to provide excessive severance arrangements.

Mr. Considine’s employment contract, which has remained unchanged since Aimco’s initial public offering in 1994, provides that upon a change in control of the Company or a termination of employment under certain circumstances, Mr. Considine will be entitled to a payment equal to three times his average annual salary for the previous 36 months. The contract provides that during the term of the contract and for one year thereafter, Mr. Considine will not engage in the acquisition, development, operation or management of other multifamily rental apartment properties outside of the Company. In addition, the contract provides that Mr. Considine will not engage in any active or passive investment in property relating to multifamily rental apartment properties, with the exception of the ownership of up to 1% of the securities of any publicly traded company involved in those activities.

None of Messrs. Herzog, Robertson or Graber has an employment agreement or severance arrangement. As agreed to in connection with the recruitment of Mr. Beaudin, if Mr. Beaudin’s employment is terminated other than for cause, Mr. Beaudin is entitled to a separation payment in an amount equal to his base salary of \$350,000. In connection with the recruitment and retention of Messrs. Herzog, Robertson and Beaudin, certain restricted stock grants provide for accelerated vesting if Aimco terminates such person’s employment without cause, and one restricted stock grant to Mr. Robertson also includes an accelerated vesting provision if he voluntarily terminates his employment.

Other Benefits; Perquisite Philosophy

Aimco’s executive officer benefit programs are substantially the same as for all other eligible officers and employees. Aimco does not provide executives with more than minimal perquisites, such as reserved parking places.

Stock Ownership Guidelines

Aimco believes that it is in the best interest of Aimco’s stockholders for Aimco’s officers to own Aimco stock. During 2006, the Committee and management established stock ownership guidelines for Aimco’s executive and other officers. Equity ownership guidelines for executive officers are determined as a minimum of the lesser of a multiple of the executive’s base salary or a fixed number of shares. For non-executive officers, the ownership guidelines require retention of a portion of all stock awards up to the amount of such officer’s base salary. The Committee and Mr. Considine reviewed each executive officer’s holdings in light of the stock ownership guidelines and each executive officer’s accumulated realized and unrealized stock option and restricted stock gains.

Aimco’s stock ownership guidelines require the following

Officer Position	Ownership Target
Chief Executive Officer	Lesser of 5x base salary or 75,000 shares
Chief Financial Officer, Chief Administrative Officer, Chief Development Officer, Chief Investment Officer, Chief Legal Officer, and Aimco Capital Chief Executive Officer	Lesser of 4x base salary or 35,000 shares
Other Executive Vice Presidents	Lesser of 3x base salary or 22,500 shares
Senior Vice Presidents and Vice Presidents	Retention of 50% of gross restricted stock awards up to 1x base salary.

Each of Messrs. Considine, Herzog, Robertson, Beaudin and Graber exceed the ownership targets established in Aimco's stock ownership guidelines.

Role of Outside Consultants and Executive Officers

The Committee has the authority under its charter to engage the services of outside advisors, experts and others to assist the Committee. The Committee has engaged Aon Consulting (Aon), as its independent compensation

Table of Contents

consultant. At the direction of the Committee, Aon coordinates and consults with James G. Purvis, Executive Vice President of Human Resources, and his executive compensation team, regarding executive compensation matters. Aon provides the Committee with an independent view of both market data and plan design.

Base Salary, Bonus Compensation, and Equity Grant Practices

Base salary adjustments typically take effect on July 1. The Committee (for Mr. Considine), and Mr. Considine, in consultation with the Committee (for the other executive officers), determine bonus compensation in late January or early February. The cash portion of bonus compensation is typically paid in February or March. The equity components of bonus compensation are awarded on a date determined by the Committee, typically in late January or early February.

Aimco grants equity in two scenarios: in connection with bonus compensation, as discussed above; and in connection with certain new-hire packages.

With respect to bonus compensation in the form of equity, the Committee sets the grant date for the stock option and restricted stock grants. The Committee sets grant dates at the time of its final compensation determination in late January or early February. The date of determination and date of award are not selected based on share price. In the case of new-hire packages, option grants are made on the employee's start date or on a date designated in advance based on the passage of a specific number of days after the employee's start date. For non-executive officers, as provided for in the 2007 Plan, the Committee has delegated the authority, up to certain limits, to the Chief Financial Officer (Thomas M. Herzog) and/or Corporate Secretary (Lisa R. Cohn) to make equity awards. The Committee and Mr. Herzog and Ms. Cohn time grants without regard to the share price or the timing of the release of material non-public information and do not time grants for the purpose of affecting the value of executive compensation.

During 2007, the 1997 Stock Award and Incentive Plan (the 1997 Plan) expired. Also during 2007, the Board of Directors of Aimco adopted, and the stockholders approved, the 2007 Plan. Pursuant to the 1997 Plan, the closing price on the day prior to the date of grant is defined as Fair Market Value. Thus, certain Aimco stock options have an exercise price that is the closing price of Aimco's common stock on the NYSE for the last trading day immediately prior to the grant date. Pursuant to the 2007 Plan, the closing price on the date of grant is defined as Fair Market Value. Aimco does not grant options at an exercise price below Fair Market Value. The Committee values the stock options based on a calculation by a nationally recognized independent investment bank using the Black-Scholes Option Pricing Model, which model Aimco uses to measure compensation cost under SFAS 123R.

2008 Compensation

The Committee has made determinations of total target compensation (base compensation plus bonus compensation) for 2008, which will be based on achievement of the objectives of Aimco's 2008 approved operating plan and achievement of specific individual objectives. Base compensation amounts are discussed above. Target bonus compensation amounts are as follows: Mr. Considine \$3.55 million; Mr. Herzog \$1.25 million; Mr. Robertson \$2.6 million; and Mr. Graber \$1.65 million. Target bonus compensation for 2008 for Mr. Beaudin has not yet been determined. Both Aimco and individual performance will determine the amount paid for 2008 bonus compensation, and such amounts may be less than, or in excess of, these target amounts. Bonus compensation may be paid in the form of cash, options or restricted stock.

Table of Contents

- (1) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the years presented for the fair value of restricted stock granted in 2006 and 2007, as applicable, as well as prior fiscal years, in accordance with SFAS 123R. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For additional information on the valuation assumptions with respect to the grants reflected in this column, refer to note 12 to the Aimco financial statements in the Form 10-K for the year ended December 31, 2007, and note 14 to the Aimco financial statements in the Form 10-K for the year ended December 31, 2003. See the Grants of Plan-Based Awards table for information on awards made in 2007. These amounts reflect Aimco's accounting expense for these awards, and do not correspond to the actual value that will be recognized by the named executives.
- (2) This column represents the dollar amount recognized for financial statement reporting purposes with respect to the years presented for the fair value of stock options granted to each of the named executives in 2006 and 2007, as applicable, as well as prior fiscal years, in accordance with SFAS 123R. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For additional information on the valuation assumptions with respect to the grants reflected in this column, refer to note 12 to the Aimco financial statements in the Form 10-K for the year ended December 31, 2007, and note 14 to the Aimco financial statements in the Form 10-K for the year ended December 31, 2003. See the Grants of Plan-Based Awards table for information on options granted in 2007. These amounts reflect Aimco's accounting expense for these awards, and do not correspond to the actual value that will be recognized by the named executives.
- (3) For 2007, the amounts in this column represent the amounts for non-equity incentive compensation determined by the Committee on January 29, 2008, which target amounts were established by the Committee on February 5, 2007, and July 30, 2007, as discussed below in the Grants of Plan-Based Awards table. For 2007, cash payments were made on February 15, 2008. For 2006, the amounts in this column represent the amounts for non-equity incentive compensation determined by the Committee on February 5, 2007, which target amounts were established by the Committee on February 13, 2006. For 2006, cash payments were made on February 28, 2007.
- (4) Represents non-discretionary matching contributions under Aimco's 401(k) plan.
- (5) Mr. Considine receives annual cash compensation pursuant to an employment contract with Aimco. The initial two-year term of this contract expired in July 1996 but the contract is automatically renewed for successive one-year terms unless Aimco terminates Mr. Considine's employment. The base salary payable under the employment contract is subject to annual review and adjustment by the Compensation and Human Resources Committee. For 2006 and 2007, Mr. Considine received his base salary in the form of a stock option instead of cash. Mr. Considine is also eligible for a bonus set by the Compensation and Human Resources Committee.
- (6) For 2007, Mr. Considine's base salary of \$600,000 was in the form of a non-qualified stock option to acquire 53,097 shares as discussed below in the Grants of Plan-Based Awards table. Because Aimco did not meet the 2007 FFO Target, this option was forfeited in its entirety and is not exercisable. For 2006, Mr. Considine's base salary of \$600,000 was in the form of a non-qualified stock option to acquire 115,385 shares.
- (7) Includes the SFAS 123R expense associated with the options granted to Mr. Considine in lieu of cash base salary (see note (6) to this table). The option granted for 2007 was forfeited in its entirety (see note (6) to this table), accordingly there is no SFAS 123R expense associated with such option.

- (8) As determined in 2005, Mr. Robertson and Mr. Graber were each eligible for a cash payment upon the closing of a specified transaction, which was anticipated to occur in 2006 and ultimately closed in 2007.
- (9) For 2006, in addition to Mr. Robertson's cash payment based on the target amount for non-equity incentive compensation shown above, Mr. Robertson received an additional cash bonus payment, which was also made on February 28, 2007.
- (10) In connection with recruiting Mr. Beaudin, Aimco and Mr. Beaudin agreed to a mutual trial period during which his initial salary was at a higher rate, resulting in an annual amount as indicated above. For 2007, his annual base salary is at a rate of \$350,000.
- (11) In connection with recruiting Mr. Beaudin, in 2006, at the conclusion of a mutual trial period he was paid a \$300,000 cash bonus.

- (1) On February 5, 2007, in connection with its review and determination of year-end 2006 compensation, the Compensation and Human Resources Committee (the Committee) of the Aimco Board approved certain compensation arrangements related to Mr. Considine and, in conjunction with Mr. Considine, the Committee approved certain compensation arrangements related to Messrs. Herzog, Robertson, Beaudin and Graber. For 2006, year-end bonuses were in the form of cash and equity, and because the equity grants were made in 2007 (even though they were for 2006 compensation), as required by the disclosure rules, the equity portion is shown above.

Pursuant to the 1997 Plan, the Committee made equity awards as follows: Mr. Considine a non-qualified stock option to acquire 146,018 shares (which vests ratably over four years beginning with the first anniversary of the grant date) and a non-qualified stock option to acquire 88,496 shares (which vests ratably over five years beginning with the first anniversary of the grant date); Mr. Herzog 13,817 shares of restricted stock (7,315 of which vest ratably over four years beginning with the first anniversary of the grant date and 6,502 of which vest ratably over five years beginning with the first anniversary of the grant date); Mr. Robertson 46,733 shares of restricted stock (which vest ratably over four years beginning with the first anniversary of the grant date); Mr. Beaudin 12,273 shares of restricted stock (6,096 of which vest ratably over four years beginning with the first anniversary of the grant date and 6,177 of which vest ratably over five years beginning with the first anniversary of the grant date); and Mr. Graber 11,378 shares of restricted stock (which vests ratably over four years beginning with the first anniversary of the grant date).

Mr. Considine's options have a term of ten years and have an exercise price per share of \$62.63, which is equal to the fair market value of Aimco's Common Stock on February 5, 2007 (per the 1997 Plan, fair market value is defined as the closing price of Aimco's Common Stock on the last trading day immediately prior to the grant date (the closing price on February 5, 2007, was \$62.60)). The option was valued at approximately \$11.30 per underlying share, based on a calculation by a nationally recognized independent investment bank using certain assumptions provided by Aimco and the Black-Scholes Option Pricing Model, which model Aimco uses to measure compensation cost under SFAS 123R. The number of shares of restricted stock granted to Messrs. Herzog, Robertson, Beaudin and Graber was determined based on the average of the high and low trading prices of Aimco's Common Stock on the New York Stock Exchange for the ten trading days immediately preceding the grant date, or \$61.52. Holders of restricted stock are entitled to receive any dividends declared and paid on such shares commencing on the date of grant.

- (2) On February 5, 2007, (and on July 30, 2007, for Mr. Robertson) the Committee also made determinations of total bonus potential for 2007 based on achievement of the objectives of Aimco's 2007 approved operating plan, which included specific transaction related goals and the 2007 FFO Target, and achievement of specific individual objectives. Target total bonus amounts were as follows: Mr. Considine \$3.55 million; Mr. Herzog \$1.25 million; Mr. Robertson \$2.6 million; Mr. Beaudin \$1.65 million; and Mr. Graber \$1.65 million. The table above indicates the target cash portion of these total target amounts. The equity

Table of Contents

portions of these total target amounts were awarded in 2008; therefore, pursuant to the applicable disclosures rules, such awards will be reflected in this table in Aimco's proxy statement for the 2009 annual meeting of stockholders.

- (3) For 2007, Mr. Considine's base salary of \$600,000 was in the form of a non-qualified stock option to acquire 53,097 shares, which grant was also made by the Committee on February 5, 2007, pursuant to the 1997 Plan. The option was forfeited in its entirety and is not exercisable because Aimco did not meet the 2007 FFO Target. The number of shares subject to the option was determined by dividing \$600,000 by \$11.30. As granted, the option had a term of ten years and an exercise price per share of \$62.63, which was equal to the fair market value of Aimco's Common Stock on February 5, 2007 (per the 1997 Plan, fair market value was defined as the closing price of Aimco's Common Stock on the last trading day immediately prior to the grant date (the closing price on February 5, 2007, was \$62.60)). The option was valued at approximately \$11.30 per underlying share, based on a calculation by a nationally recognized independent investment bank using certain assumptions provided by Aimco and the Black-Scholes Option Pricing Model, which model Aimco uses to measure compensation cost under SFAS 123R.
- (4) The information on the option grants shown above reflect the grants as made. The information in the table above does not reflect the adjustments made pursuant to the anti-dilution provisions of the plans pursuant to which the options were granted as a result of the special dividend paid January 30, 2008, to stockholders of record on December 31, 2007. Those adjustments are reflected in the Outstanding Equity Awards at Fiscal Year-End 2007 table below (see note 1, thereto).
- (5) On July 30, 2007, Mr. Robertson was awarded a six-year non-qualified stock option grant to acquire 584,113 shares of Aimco's Class A Common Stock at an exercise price per share of \$55.64, which was the closing price on March 15, 2007 (the closing price on July 30, 2007, was \$42.49). The option vests 25% on March 15, 2010, an additional 35% on March 15, 2011, and the final 40% on March 15, 2012. The option expires March 15, 2013. The award was made pursuant to the 2007 Plan. March 15, 2007, was the date on which Aimco announced Mr. Robertson's leadership as Chief Investment Officer of a reorganized Aimco Capital platform that has been expanded to include strategic planning, asset management, investment and transaction activities. The option was valued at approximately \$3.09 per underlying share, based on a calculation by a nationally recognized independent investment bank using certain assumptions provided by Aimco and the Black-Scholes Option Pricing Model, which model Aimco uses to measure compensation cost under SFAS 123R.

- (1) Pursuant to the anti-dilution provisions of the plans pursuant to which the options were granted, the number of shares subject to the options and the exercise price of the options were adjusted effective December 31, 2007, to reflect the special dividend paid January 30, 2008, to all stockholders of record on December 31, 2007. The information on unvested stock shown above has not been adjusted because the special dividend was not paid on such shares until January 30, 2008.
- (2) Amounts reflect the number of shares of restricted stock that have not vested multiplied by the market value of \$34.73 a share, which was the closing market price of Aimco's Common Stock on December 31, 2007.
- (3) This option grant was to vest on the first anniversary of the grant date provided that Aimco earned \$3.45 per share of Funds From Operations for 2007. This option was forfeited because Aimco earned less than \$3.45 FFO per share in 2007.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

In the table and discussion that follows, payments and other benefits payable upon early termination and change in control situations are set out as if the conditions for payments had occurred and/or the terminations took place on December 31, 2007. In setting out such payments and benefits, amounts that had already been earned as of the termination date are not shown. Also, benefits that are available to all full-time regular employees when their employment terminates are not shown. The amounts set forth below are estimates of the amounts which would be paid out to the named executive officers upon their termination. The actual amounts to be paid out can only be determined at the time of such named executive officers' separation from Aimco.

Mr. Considine's 1994 Employment Contract

Mr. Considine's 1994 employment contract provides that in the event Mr. Considine's employment is terminated without cause by Aimco, by Mr. Considine with cause, or for any reason within two years following a change in control, Mr. Considine will be entitled to a payment equal to three times his average annual salary for the previous 36 months. At December 31, 2007, such payment would have been equal to approximately \$1,700,000.

Accelerated Vesting Upon Change of Control and Accelerated Vesting upon Termination of Employment Due to Death or Disability

The restricted stock and stock option agreements pursuant to which restricted stock and stock option awards have been made to Messrs. Considine, Herzog, Robertson, Beaudin and Graber provide that upon a change of control or upon termination of employment due to death or disability, all outstanding shares of restricted stock become immediately and fully vested and all unvested options become immediately and fully vested and remain exercisable (along with all options already vested) for the remainder of the term of the option. The following is the value based upon the Common Stock price (and, in the case of options, minus the exercise price) of equity awards that would become exercisable or vested if there had been a change of control or a named executive had died or become disabled as of December 31, 2007: Mr. Considine \$1,620,155; Mr. Herzog \$1,665,942; Mr. Robertson \$5,323,472; Mr. Beaudin \$2,128,185; and Mr. Graber \$1,725,760.

Accelerated Vesting Upon Termination of Employment other than for Cause

Certain grants to Messrs. Herzog, Robertson and Beaudin provide for accelerated vesting if such executive's employment is terminated other than for cause. Aimco typically does not provide accelerated vesting under such circumstances; however, in some cases in order to recruit or retain executives, such accelerated vesting is necessary or desirable. The following is the value based upon the Common Stock price (and, in the case of options, minus the exercise price) of equity awards that would become exercisable or vested if such named executive officer's employment had been terminated by Aimco other than for cause (and, in the case of Mr. Robertson, if he voluntarily terminated his employment) as of December 31, 2007: Mr. Herzog \$274,874; Mr. Robertson \$456,352; and Mr. Beaudin \$1,551,998.

Non-competition and Non-Solicitation Agreements

Effective in January 2002 for Messrs. Considine, Robertson and Graber, and in connection with their employment by Aimco for Messrs. Herzog and Beaudin, Aimco entered into certain non-competition and non-solicitation agreements with each executive. Pursuant to the agreements, each of these executives agreed that during the term of his employment with the Company and for a period of two years following the termination of his employment, except in

circumstances where there was a change in control of the Company, he could not (i) be employed by a competitor of the Company named on a schedule to the agreement, (ii) solicit other employees to leave the Company's employ or (iii) solicit customers of Aimco to terminate their relationship with the Company. The agreements further required that the executives protect Aimco's trade secrets and confidential information. Mr. Beaudin's agreement does not include the non-competition covenant as described in (i) above; rather, his covenant requires that during the term of his employment with the Company and for a period of 12 months following the termination of his employment, he will not compete against the Company in any acquisition opportunities with which he was involved during his employment. For Messrs. Considine, Herzog, Robertson and

Graber, the agreements provide that in order to enforce the above-noted non-competition condition following the executive's termination of employment by the Company without cause, each such executive will receive, for a period not to exceed the earlier of 24 months following such termination or the date of acceptance of employment with a non-competitor, (i) severance pay in an amount, if any, to be determined by the Company in its sole discretion and (ii) a monthly payment equal to two-thirds (2/3) of such executive's monthly base salary at the time of termination. For purposes of these agreements, cause is defined to mean, among other things, the executive's (i) breach of the agreement, (ii) failure to perform required employment services, (iii) misappropriation of Company funds or property, (iv) indictment, conviction, plea of guilty or plea of no contest to a crime involving fraud or moral turpitude, or (v) negligence, fraud, breach of fiduciary duty, misconduct or violation of law. At December 31, 2007, and assuming such agreements were enforced by the Company and the payments extended for 24 months, such payments would have been approximately: Mr. Considine \$800,000; Mr. Herzog \$466,667; Mr. Robertson \$533,333; and Mr. Graber \$466,667.

Mr. Beaudin's Termination other than for Cause

If Mr. Beaudin's employment is terminated other than for cause, Mr. Beaudin is entitled to a separation payment in an amount equal to his base salary of \$350,000.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS*Policies and Procedures for Review, Approval or Ratification of Related Person Transactions*

Aimco recognizes that related person transactions can present potential or actual conflicts of interest and create the appearance that Aimco decisions are based on considerations other than the best interests of Aimco and its stockholders. Accordingly, as a general matter, it is Aimco's preference to avoid related person transactions.

Nevertheless, Aimco recognizes that there are situations where related person transactions may be in, or may not be inconsistent with, the best interests of Aimco and its stockholders. Our Nominating and Corporate Governance Committee, pursuant to a written policy approved by our Board, has oversight for related person transactions. The Nominating and Corporate Governance Committee will review transactions, arrangements or relationships in which (1) the aggregate amount involved will or may be expected to exceed \$100,000 in any calendar year, (2) Aimco (or any Aimco entity) is a participant, and (3) any related party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10 percent beneficial owner of another entity). The Nominating and Corporate Governance Committee has also given its standing approval for certain types of related person transactions such as certain employment arrangements, director compensation, transactions with another entity in which a related person's interest is only by virtue of a non-executive employment relationship or limited equity position, and transactions in which all stockholders receive pro rata benefits.

In September 2006, Miles Cortez III, the son of Miles Cortez, Executive Vice President and Chief Administrative Officer, became a full time employee of Aimco reporting to Harry Alcock, and his compensation is in excess of \$120,000. Pursuant to the policy noted above, the Nominating and Corporate Governance Committee reviewed and approved the employment of Miles Cortez III.

On January 9, 2008, the Nominating and Corporate Governance Committee and the Compensation and Human Resources Committee authorized Aimco to repurchase a stock option held by Titaho Limited Partnership, RLLLP (Titaho), a registered limited liability limited partnership for which Mr. Considine s brother is the trustee for the sole general partner. The option was exercisable for 1,221,364 shares at an exercise price per share of \$35.50 and expired January 21, 2008. The repurchase terms were as follows: the average closing price for the five trading days prior to the expiration of the option (January 14-18, 2008), less the \$35.50 exercise price per share, with such difference multiplied by the 1,221,364 shares and that product divided by the five-day average, which quotient determined the number of shares to be issued in the repurchase. The Nominating and Corporate Governance Committee determined that the repurchase was in the best interests of Aimco and its stockholders for a number of reasons, including that it mitigated dilution, did not confer any economic benefits that were not already present in the option, resulted in no additional expense to Aimco and permitted the purpose of the option to be effected. The average closing price for the period of January 14-18, 2008 was less than \$35.50. Accordingly, no shares were issued in the repurchase and the remaining option shares expired unexercised.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Aimco s executive officers and directors, and persons who own more than ten percent of a registered class of Aimco s equity securities, to file reports (Forms 3, 4 and 5) of stock ownership and changes in ownership with the SEC and the New York Stock Exchange. Executive officers, directors and beneficial owners of more than ten percent of Aimco s registered equity securities are required by SEC regulations to furnish Aimco with copies of all such forms that they file.

Based solely on Aimco s review of the copies of Forms 3, 4 and 5 and the amendments thereto received by it for the year ended December 31, 2007, or written representations from certain reporting persons that no Forms 5 were required to be filed by those persons, Aimco believes that during the period ended December 31, 2007, all filing requirements were complied with by its executive officers and directors of the Company s stock. Aimco is not aware of any beneficial owner of more than ten percent of any class of any of Aimco s registered equity securities.
