ITEM 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

On April 29, 2008, CEVA, Inc. (the Company) announced its financial results for the quarter ended March 31, 2008. A copy of the press release, dated April 29, 2008, is attached and filed herewith as Exhibit 99.1. This information, including Exhibit 99.1 attached hereto, shall not be deemed filed for purposes of Section 18 of the Securities Act of 1934, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference to such filing.

In addition to the disclosure of financial results for the quarter ended March 31, 2008 in accordance with generally accepted accounting principles in the United States (GAAP), the press release also included a reconciliation of financial measures for the quarters ended March 31, 2008 and 2007 that excluded for the quarter ended March 31, 2008, the expenses associated with the application of Statement of Financial Accounting Standards (SFAS) 123(R), reorganization expense, net of taxes, associated with the termination of the long-term Harcourt lease property in Ireland and capital gains, net of taxes, associated with the Company's divestment of its equity investment in GloNav Inc. to NXP Semiconductors.

The Company believes that the reconciliation of financial measures in the press release is useful to investors in analyzing the results for the quarters ended March 31, 2008 and 2007 because the non-GAAP presentation excluded non-cash equity-based compensation expenses, reorganization expense associated with the Harcourt lease and capital gains associated with the equity divestment that management does not consider meaningful for purposes of analyzing the Company's core operating results and making budget-planning decisions. Further, the Company believes it is useful for investors to understand how the expenses associated with the application of SFAS 123(R) are reflected on its statements of income. The reconciliation of financial measures should be reviewed in addition to and in conjunction with results presented in accordance with GAAP, and are intended to provide additional insight into the Company's operations that, when viewed with its GAAP results and the accompanying reconciliation, offer a more complete understanding of factors and trends affecting the Company's business. The reconciliation of financial measures should not be viewed as a substitute for the Company's reported GAAP results.
