INTRODUCTION

We are furnishing this Proxy Statement to you in connection with the solicitation by the Board of Directors of Yellow Corporation (the "Company"), a Delaware corporation, of proxies for use at our 2003 Annual Meeting of Stockholders, to be held at the Company's General Office, 10990 Roe Avenue, Overland Park, Kansas (the Company's telephone is 913/696-6100; mailing address 10990 Roe Avenue, Overland Park, Kansas 66211), at 9:30 a.m., Overland Park, Kansas time, on April 17, 2003, and at any and all reconvened meetings after any adjournments of the meeting. Our Annual Report (including audited financial statements) for the year ended December 31, 2002 accompanies this Proxy Statement, Notice of Annual Meeting of Stockholders and form of proxy, which will be mailed to stockholders on or about March 6, 2003. The Annual Report is not part of this proxy soliciting material except to the extent specifically incorporated herein by reference. A copy of our annual report to the Securities and Exchange Commission ("SEC") on Form 10-K and the quarterly reports on Form 10-Q may be obtained without charge by writing the Manager, Investor Relations of the Company at the mailing address above. You may read and copy these reports or any other document we file with the SEC at the SEC's Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. Please call the SEC at 1-800-SEC-0330 for further information regarding the Public Reference Room. The SEC also maintains a website that contains reports, proxy and information statements, and other information that we have filed electronically. MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING OF THE COMPANY

At the Annual Meeting, you will consider and vote upon:

Edgar Filing: YELLOW CORP - Form DEF 14A

1. the election of seven directors;
2. the approval of the appointment of KPMG LLP as independent public accountants of the Company for 2003; and
3. such other business as may properly come before the meeting.

QUESTIONS AND ANSWERS

WHO IS ENTITLED TO VOTE AT THE MEETING?

Stockholders of record as of the close of business on February 17, 2003 will be entitled to notice of and to vote at our Annual Meeting of Stockholders or any reconvened meetings after any adjournments of the meeting.

HOW MANY SHARES CAN VOTE?

On the record date, we had outstanding 29,581,353 shares of common stock ("Common Stock"), which constitute our only outstanding voting securities. Each stockholder is entitled to one vote for each share of Common Stock held as of the record date.

-1-

WHAT MATTERS AM I VOTING ON?

You are being asked to vote on the following matters:

- The election of seven directors; and
- The approval of the appointment of KPMG LLP as our independent public accountants for 2003.

HOW DOES THE BOARD RECOMMEND I VOTE ON THE PROPOSALS?

The Board recommends that you vote "FOR" the proposed slate of directors and "FOR" the appointment of KPMG LLP.

HOW DO I CAST MY VOTE?

If you hold your shares as a stockholder of record, you may vote by mail by signing and returning the enclosed proxy card, or you may vote in person at the Annual Meeting by delivering your proxy card in person or by filling out and returning a ballot that will be supplied to you at the meeting. If you are a street-name stockholder, you will receive instructions from your bank, broker or other nominee describing how to vote your shares.

A number of banks and brokerage firms participate in a program that also permits stockholders to direct their vote by the internet or telephone. This option, if available, will be reflected on the voting form from a bank or brokerage firm that accompanies this Proxy Statement. If your shares are held in an account at a bank or brokerage firm that participates in such a program, you may direct the vote of these shares by the internet or telephone by following the instructions on the voting form enclosed with the proxy from the bank or brokerage firm. Votes directed by the internet or telephone through such a program must be received by 11:00 p.m. Eastern time (or 10:00 p.m. Overland Park, Kansas time) on April 16, 2003. Directing the voting of your shares will not affect your right to vote in person if you decide to attend the meeting; however, you must first request a proxy either on the internet or the voting form that accompanies this Proxy Statement. Requesting a proxy prior to the

Edgar Filing: YELLOW CORP - Form DEF 14A

deadlines described above will automatically cancel any voting directions you have previously given by the internet or by telephone with respect to your shares. The internet and telephone proxy procedures are designed to authenticate stockholders' identities, to allow stockholders to give their proxy instructions and to confirm that those instructions have been properly recorded.

The enclosed proxy card contains instructions for voting by mail. Please follow these instructions carefully. The proxies identified on the back of the proxy card will vote the shares of which you are stockholder of record in accordance with your instructions. If you sign and return your proxy card without giving specific voting instructions, the proxies will vote your shares "FOR" the proposals.

HOW WILL THE PROXIES VOTE ON ANY OTHER BUSINESS BROUGHT UP AT THE MEETING?

By submitting your proxy card, you authorize the proxies to use their judgment to determine how to vote on any other matter properly brought before the meeting. The proxies identified on the back of the proxy will vote your shares in accordance with your instructions. If you sign and return your proxy card without giving specific voting instructions, the proxies will vote your shares "FOR" the proposals. The Board of Directors does not intend to bring any other business before the meeting, and it is not aware that anyone else intends to do so. If any other business comes before the meeting, it is the intention of the persons named in the enclosed form of proxy to vote as proxies in accordance with their best judgment.

CAN I REVOKE MY PROXY?

Yes. You can revoke your proxy before it is voted at the meeting by:

- Submitting a new proxy card bearing a later date;
- Requesting a proxy either on the internet or the voting form that accompanies this Proxy Statement (for telephone or internet voting only);

-2-

- Giving written notice before the meeting to our Secretary at the address set forth on the cover of this Proxy Statement stating that you are revoking your proxy; or
- Attending the meeting and voting your shares in person. Please note that your attendance at the meeting will not alone serve to revoke your proxy.

WHAT IS A QUORUM?

A quorum is the number of shares that must be present to hold the meeting. The quorum requirement for the meeting is a majority of the outstanding shares as of the record date, present in person or represented by proxy. A proxy submitted by a stockholder may indicate that all or a portion of the shares represented by the proxy are not being voted ("stockholder withholding") with respect to a particular matter. Proxies that are marked "abstain", proxies relating to "street name" shares that are returned to the Company but marked by brokers as "not voted" ("broker non-votes") and proxies reflecting shares subject to stockholder withholding will be treated as shares present for purposes of determining the presence of a quorum on all matters unless authority to vote is completely withheld on the proxy.

WHAT IS A BROKER NON-VOTE?

A "broker non-vote" occurs when a broker submits a proxy that states that

Edgar Filing: YELLOW CORP - Form DEF 14A

the broker does not vote for some or all of the proposals, because the broker has not received instructions from the beneficial owners on how to vote on such proposals and does not have discretionary authority to vote in the absence of instructions.

WILL BROKER NON-VOTES OR ABSTENTIONS AFFECT THE RESULTS?

No, broker non-votes and abstentions will not count as votes "FOR" or "AGAINST" any director or proposal being voted on.

WHAT DOES IT MEAN IF I GET MORE THAN ONE PROXY CARD?

Your shares are probably registered in more than one account. You should vote each proxy card you receive.

HOW MANY VOTES ARE NEEDED FOR APPROVAL OF EACH PROPOSAL?

- The election of directors requires a plurality vote of the votes cast at the meeting. "Plurality" means that the seven individuals receiving the highest number of "FOR" votes will be elected to the Board of Directors. Consequently, any shares not voted "FOR" a particular nominee (whether as a result of a direction of the stockholder to withhold authority, abstentions or a broker non-vote) will not be counted in that nominee's favor.
- The ratification of the appointment of KPMG LLP requires the affirmative "FOR" vote of a majority of the votes cast at the meeting. Abstentions from voting and shares that are subject to stockholder withholding or broker non-vote are not counted as "votes cast" with respect to that proposal and therefore will have no effect on that vote.

WHERE CAN I FIND THE VOTING RESULTS OF THE MEETING?

The preliminary voting results will be announced at the meeting. The final results will be published in our quarterly report on Form 10-Q for the first quarter of 2003.

HOW WILL PROXIES BE SOLICITED? WHO WILL BEAR THE COST?

We will bear the cost of the solicitation. In addition to the use of the mails, our directors, officers and employees, without additional compensation, may solicit proxies by personal interview, telephone, telegram or otherwise. We may also make arrangements with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of soliciting material to the beneficial owners of Common Stock held of record

-3-

by those owners. We will reimburse those brokers, custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses incurred in connection with that service.

Stockholders authorizing proxies or directing the voting of shares by the internet should understand that there may be costs associated with electronic access, such as usage charges from internet access providers and telephone companies, and those costs must be borne by the stockholder.

SUBMISSION OF PROPOSALS BY STOCKHOLDERS

We must receive stockholders' proposals intended to be presented at the 2004 Annual Meeting by November 7, 2003 to be eligible for inclusion in the

Edgar Filing: YELLOW CORP - Form DEF 14A

proxy materials relating to that meeting. Stockholder proposals as to which we receive notice that are proposed to be brought before the 2004 Annual Meeting (outside the process of the SEC's rule on stockholder proposals described in the preceding sentence) will be considered not properly brought before that meeting, and will be out of order, unless we receive the notice as to that matter not less than 60 days nor more than 90 days prior to the date of the 2004 Annual Meeting, in accordance with our Bylaws. If, however, we give less than 70 days notice of the date of the 2004 Annual Meeting, then, to be timely, we must receive notice of a stockholder proposal by the 10th day following the day that we mail notice of, or publicly disclose, the date of the 2004 Annual Meeting. We may use our discretionary authority to preclude any stockholder proposal received after that time from presentment at the 2004 Annual Meeting.

Stockholders who wish to suggest qualified candidates to stand for election to our Board of Directors may write to the Secretary, Yellow Corporation, 10990 Roe Avenue, Overland Park, Kansas 66211, stating in detail and in accordance with our Bylaws the qualifications of the persons they recommend. To be considered at the 2004 Annual Meeting, you must mail or deliver a recommendation to us not less than 14 days nor more than 50 days prior to the date of the 2004 Annual Meeting. If, however, we give less than 21 days notice of the date of the 2004 Annual Meeting, you must mail or deliver a recommendation by the seventh day following the day that we mail notice of the date of the 2004 Annual Meeting. The Governance Committee of the Board of Directors will consider such suggestions.

STRUCTURE AND FUNCTIONING OF THE BOARD OF DIRECTORS

The Board of Directors held five regularly scheduled meetings and one special meeting during 2002.

Audit/Ethics Committee. The Audit/Ethics Committee met four times during 2002. The Audit/Ethics Committee consisted of John McKelvey (Chairman), Carl Vogt and Dennis Foster. The Committee's functions are described in detail in the Audit/Ethics Committee Charter, which was amended and restated in 2002 and is attached to this Proxy Statement as Annex A.

Compensation Committee. The Compensation Committee met four times during 2002. The Compensation Committee consisted of William Trubeck (Chairman), Richard Green and Howard Dean. The Committee's functions include:

- making recommendations to the Board of Directors regarding compensation of officers and approving compensation strategies for executive officers;
- reviewing actions relating to officer compensation; and
- setting policy for the Company's pension and profit sharing plans.

Governance Committee. The Governance Committee met once during 2002. The Governance Committee consisted of Dennis Foster (Chairman), Cassandra Carr and Carl Vogt. The Committee's functions include:

- the organization, structure and responsibility of the Board and its Committees;
- evaluation of the effectiveness of the Board and each Committee in the Company's corporate governance process;
- review of the qualifications of prospective directors and the nomination of director candidates;
- review of the appropriate level of outside directors' fees and retainers; and

Edgar Filing: YELLOW CORP - Form DEF 14A

- determination of the appropriate ratio of inside and outside directors.

DIRECTORS' COMPENSATION

We pay directors who are not full time employees of the Company:

- an annual retainer for Board service of \$23,000;
- an annual retainer for Committee service of \$1,200 for each Committee on which a Director serves;
- an attendance fee of \$1,300 for each Board meeting and \$1,100 for each Committee meeting attended; and
- we reimbursed them or otherwise make them whole for all costs or expenses of any kind incurred by them relating to Board or Committee meetings.

Committee chairmen receive an attendance fee of \$2,100 for each committee meeting attended. Directors may elect to defer receipt of the retainer and attendance fees. Under the terms of the Directors Stock Compensation Plan, a minimum of 50% of the Board and Committee retainers is paid in the form of Company common stock, with the stock award determined annually on the date of the Company's Annual Meeting of Stockholders based on the closing price of the Company's common stock on that date and the then applicable level of Board and Committee retainers. The directors annually have the option of taking up to 100% of the Board and Committee retainers in Company common stock rather than cash. Also under the Directors Stock Compensation Plan, commencing on April 24, 1997 and annually on the first business day of each calendar year thereafter, the Directors receive option grants of 2,000 shares of the Company's common stock, with the options vesting after six months and exercisable for five years. A total of 200,000 shares are reserved for award under the Directors Stock Compensation Plan. We do not pay Directors who are full time

-8-

employees of the Company or any subsidiary any retainer or attendance fees for services as members of the Board or any of its Committees.

During 2002, no incumbent Director attended fewer than 75% of the aggregate of the total number of meetings of the Board held during the period the incumbent was a Director and of Committees of the Board on which the incumbent served during the period that the incumbent was a Director, except that Richard Green attended four out of six meetings of the Board.

-9-

AUDIT/ETHICS COMMITTEE REPORT

The Audit/Ethics Committee of the Board of Directors provides assistance to the Board of Directors in, among other matters, fulfilling its responsibility in matters relating to the accounting and reporting practices of the Company, the adequacy of the Company's financial controls and the quality and integrity of the financial statements of the Company. The Audit/Ethics Committee also oversees the Company's compliance programs.

The Audit/Ethics Committee has reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2002.

Edgar Filing: YELLOW CORP - Form DEF 14A

The Audit/Ethics Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit/Ethics Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Audit/Ethics Committee has received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, Independence Discussions with Audit/Ethics Committees, as amended, by the Independence Standards Board, and has discussed with the auditors the auditors' independence.

Based on the reviews and discussions referred to above, and such other matters deemed relevant and appropriate by the Audit/Ethics Committee, the Audit/Ethics Committee recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002.

The Board of Directors has determined that the members of the Audit/Ethics Committee are independent. The Audit/Ethics Committee has adopted a written charter, which was amended and restated in 2002 and is attached to this Proxy Statement as Annex A. The Audit/Ethics Committee conducts annual reviews of its charter to assess its adequacy. In 2002, the Audit/Ethics Committee made a number of changes to further align the charter's provisions with newly adopted and proposed SEC regulations and NASDAQ Stock Market rules. Generally, these changes reflected increased specificity in the charter rather than changes in the Committee's practices.

The Audit/Ethics Committee presents the following summary of all fees paid to Arthur Andersen LLP ("Arthur Andersen") and KPMG LLP ("KPMG"), the Company's auditors, during calendar year 2002:

AUDITOR	AUDIT FEES	AUDIT RELATED FEES	TAX FEES	ALL
Arthur Andersen LLP	\$182,000	\$ 30,550	\$307,500	\$
KPMG LLP	\$962,900	\$132,115	\$ 7,500	\$

KPMG replaced Arthur Andersen as the Company's auditors in May 2002.

The Audit/Ethics Committee has considered and determined that the level of KPMG's fees for provision of services other than the audit and the quarterly review services is compatible with maintaining the auditor's independence.

(1) While the five named executive officers receive some perquisites from the Company, those perquisites did not reach in any of the reported years the threshold for reporting of \$50,000 or ten percent of salary and bonus set forth in the applicable rules of the SEC.

(2) The compensation reported for 2002 includes the Company's matching contribution under the 401(k) portions of its defined contribution plan.

(3) Amounts indicated include compensation received by Mr. Reid in his former capacity of Senior Vice President of Yellow Transportation, Inc. through October 26, 2000.

(4) Each of the named officers in the Summary Compensation Table participated during 2002 in the Company's Executive Performance Plan. See the Compensation Committee Report contained in this Proxy Statement under the caption "Long-Term Incentives" for a full description of this plan. Payouts under this Plan are based 70% on the Company's return on capital and 30% on net operating profit after taxes, in each case, as compared to the same measures of companies included in the S&P Small Cap Index, which is comprised of approximately 600 companies. The data to make this comparison is not yet available for many of these companies; therefore, the payouts cannot yet be computed. Fifty percent of the payout will be made in cash; and 50% of the payout will be made in shares of the Company's common stock. The Compensation Committee of the Board of Directors of the Company may also reduce payouts pursuant to the plan. The

following table sets forth the value of the total potential payout for 2002 at threshold, target and maximum levels for each of the named officers in the Summary Compensation Table:

NAME	VALUE OF TOTAL POTENTIAL PAYOUT FOR 2002

(5) In 2000, Mr. Ritchie received a signing bonus when he joined Transportation.com, the Company's internet joint venture based in California. In 2002, Mr. Ritchie received a signing bonus to become President of Meridian IQ, based in Overland Park, Kansas.

OPTIONS AND STOCK APPRECIATION RIGHTS

The following tables summarize the option exercises by the executive officers named in the Summary Compensation Table above during 2002; and the year-end value of their options. One executive officer received an option grant during 2002.

All options were granted with an exercise price equal to the closing price of the Company's common stock as reported by NASDAQ on the date of each grant. The time at which options become exercisable is accelerated upon the occurrence of certain events, including total permanent disability or death of the executive officer while in the employ of the Company, if the Company is wholly or partially liquidated, or is a party to a merger, consolidation or reorganization in which it or an entity controlled by it is not the surviving entity. Options exercised may be paid for in cash or by delivery of shares owned by the grantee.

EMPLOYMENT CONTRACTS, CHANGE OF CONTROL AGREEMENTS AND TERMINATION OF EMPLOYMENT AGREEMENTS

The Company entered into an Employment Agreement on December 15, 1999 with its Chairman, President and Chief Executive Officer William D. Zollars that

Edgar Filing: YELLOW CORP - Form DEF 14A

contains the following essential terms and conditions:

- a base salary that is reviewed annually in accordance with the Company's normal salary policy for executive officers (with his salary having been set in 2002 at \$770,000);
- an annual bonus pursuant to which a threshold, target and maximum award as a percentage of Mr. Zollars' base salary shall be established for each year (with these percentages for 2002 having been established at 20%, 80% and 160%, respectively), with the criteria for establishment of the target and parameters for payment to be determined annually by the Compensation Committee, at least 80% of the criteria established by the Committee being based on specific measurements of financial performance of the Company during the applicable year and the remaining percentage being based on non-financial criteria;
- a stock option award on December 15, 1999 based on the closing price of the Company's common stock on the NASDAQ exchange on that date in the amount of 200,000 shares, with the award vesting 25% on each anniversary of the award;
- a supplemental retirement benefit providing Mr. Zollars with the difference between the benefits that he would have received under the Company's pension plan if the service credited for benefit accrual purposes under the plan were 20 years plus his actual such service, if any, after his normal retirement date and the benefits actually payable to Mr. Zollars under the pension plan, said supplemental retirement benefit vesting at the rate of 20% per year measured from September 6, 1996, the commencement date of Mr. Zollars' prior employment as President of Yellow Transportation, Inc., the Company's principal operating subsidiary, with Mr. Zollars becoming 100% vested on September 6, 2001; and
- payments in the event of Mr. Zollars' termination "without cause," or resignation for "good reason" or following a "change of control", as those terms are defined in the Agreement ("Change of Control" having the same definition as set forth in the Company's Executive Severance Agreements, described below) in the amount of twice Mr. Zollars' annual rate of compensation, including target bonus, at the time of termination or resignation, plus target bonus for the year of termination, and immediate vesting in all outstanding stock options and any incentive and benefit plans applicable at the time of termination or resignation.

The Company has entered into Executive Severance Agreements (the "Agreements") with all the executive officers named in the Summary Compensation Table, as designated by the Board of Directors. (In the case of William D. Zollars, payments are only to the extent that they would exceed payments under the "change of control" provisions of his Employment Agreement).

In the event of a "Change in Control" of the Company followed within two years by (1) the termination of the executive's employment for any reason other than death, disability, retirement or "cause" or (2) the resignation of the executive due to an adverse change in title, authority or duties, a transfer to a new location, a reduction in salary, or a reduction in fringe benefits or annual bonus below a level consistent with the Company's practice prior to the Change of Control, the Agreements provide that the executive shall be paid a lump sum cash amount equal to the sum of (a) two times the executive's highest compensation (salary plus bonus) for any consecutive 12-month period within the previous three years. If the executive is within 10 years of his normal retirement age (65), then the executive would be paid three times such highest compensation. The above-described payments are also subject to a gross-up provision in the event that it is determined that the benefits provided by the

Edgar Filing: YELLOW CORP - Form DEF 14A

Agreements are subject to the excise tax imposed by Section 4999 of the Internal Revenue Code of 1986, as amended.

-14-

The executive would further be entitled to receive in exchange for his non-qualified stock options granted by the Company which are outstanding on the date of the Change of Control, common stock of the Company (or, if the Company or its successor becomes a subsidiary of another company, common stock of such other company) having a fair market value equal to the fair market value of such stock options on the Effective Date of the Change of Control.

A termination is for "cause" if it is the result of a conviction of a felony involving moral turpitude by a court of competent jurisdiction, which is no longer subject to direct appeal, or an adjudication by a court of competent jurisdiction, which is no longer subject to direct appeal, that the executive is mentally incompetent or that he is liable for willful misconduct in the performance of his duty to the Company which is demonstrably and materially injurious to the Company.

"Change of Control" for the purpose of the Agreements shall be deemed to have taken place if: (i) A third person, including a "group" as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, as amended, purchases or otherwise acquires shares of the Company and as a result thereof becomes the beneficial owner of shares of the Company having 20% or more of the total number of votes that may be cast for the election of directors of the Company; or (ii) as the result of, or in connection with any cash tender or exchange offer, merger or other business combination, or contested election, or any combination of the foregoing transactions, the continuing directors shall cease to constitute a majority of the Board of Directors of the Company or any successor to the Company.

DEFINED BENEFIT PENSION PLAN

The Company and certain of its subsidiaries' officers participate in a noncontributory, defined benefit pension plan. This plan covers all regular full-time and regular part-time office, clerical, sales, supervisory and executive personnel of the Company and participating subsidiaries (excluding directors who are not salaried employees) who are at least age 21, are employed in the United States and are not otherwise covered by a pension plan under a collective bargaining agreement. Pension plan benefits are calculated solely on salaries and cash bonuses. Compensation reported in the Summary Compensation Table includes amounts that are not covered compensation under the pension plan. Participants are vested after five years of service.

A participant retiring at age 65 will receive an annual pension benefit (single life basis) amounting to $1 \frac{2}{3}$ of his final average annual compensation paid in the five highest consecutive years of the participant's last ten consecutive years of participation, multiplied by his total years of participation, the sum of which is reduced by 50% of the amount of his primary social security entitlement at retirement (prorated if participation is less than 30 years). The pension of the highest-paid executive officers will probably be reduced from the above formula because of limitations under the Employment Retirement Income Security Act of 1974, as amended ("ERISA").

The following table sets forth the gross annual benefits (single life at age 65), before deduction of the applicable primary social security offset amount (a maximum of 50% of the participant's primary social security benefits at 30 years of participation), payable upon retirement under the defined benefit pension plan

for specified remuneration and years of service classifications, part of which may be paid pursuant to the supplemental retirement income agreements discussed below:

(1) Eligible Remuneration as used in this table is defined as final average covered compensation (salary and annual bonus) for the five highest consecutive years of the participant's last ten consecutive years of participation preceding termination of employment under the plan.

ERISA, as amended by subsequent legislation, limits covered compensation under the pension plan to \$200,000 in 2002 and imposes maximum annual benefit limitations, which may cause a reduction in the pension payable under the pension plan. The Company enters into nonqualified, unfunded supplemental retirement income agreements with affected participants which are designed to provide those benefits intended by the pension plan before application of the legislative limitations.

The named executive officers have credited years of service in the plan as follows: Mr. Zollars, 6 years; Mr. Barger, 1 year; Mr. Reid, 5 years; and Mr. Welch, 23 years. Because Meridian IQ is not a participating employer under the pension plan, Mr. Ritchie, the President of Meridian IQ, is not a participant in either the qualified or nonqualified plans. Under a separate supplemental retirement income agreement, Mr. Barger is credited with participation in the pension plan for the number of years since his date of employment or 20 years, whichever is greater; however, the 20 year provision only applies if Mr. Barger works for the Company until he is age 65.

COMPENSATION COMMITTEE REPORT

The Compensation Committee (the "Committee") of the Board of Directors of Yellow Corporation (the "Company") is providing this report to its stockholders in accordance with Securities and Exchange Commission ("SEC") rules, to inform you of the Compensation Committee's compensation policies for executive officers

Edgar Filing: YELLOW CORP - Form DEF 14A

and the rationale for compensation the Company pays to the Chief Executive Officer of the Company. To preserve objectivity in the achievement of the Company's goals, the Committee consists of three independent, non-employee directors who have no "interlocking" relationships as the SEC defines those relationships. It is the Committee's overall goal to develop executive compensation policies that are consistent with and linked to strategic business objectives and Company values along with competitive practices in the employment market.

-16-

The Compensation Committee approves the design of, assesses the effectiveness of and administers executive compensation programs in support of Company compensation policies. The Compensation Committee also reviews and approves all salary arrangements and other remuneration for executives, evaluates executive performance and considers related matters.

COMPENSATION PHILOSOPHY

The compensation program for the Company's executive officers was established to allow the Company to attract and retain the caliber of executive whose leadership skills can enable the Company and its subsidiaries to effectively compete in their market segments. Additionally, the program is intended to act as an incentive for the executives to attain the highest level of organizational performance and profitability by rewarding the executive for increasing levels of profit and stockholder value. To achieve these goals, the Committee has designed executive compensation to:

- Comprise a significant amount of pay for senior executives in the form of long-term, at-risk compensation to focus management on the long-term interests of stockholders and balance short-term and long-term business, financial and strategic goals
- Emphasize variable, at-risk compensation that is dependent upon the level of success in meeting specified corporate performance objectives
- Encourage a personal proprietary interest to provide executives with a close identification with the Company and align executives' interests with those of stockholders
- Target compensation levels at rates that are reflective of current market practices to maintain a stable, successful management team

In conformance with this compensation philosophy, the total annual compensation for all executive officers is determined by three elements:

- base salaries
- potential annual cash incentive compensation awards or bonuses
- an opportunity to receive long-term equity in the Company or cash compensation tied to long-term Company performance

An independent consultant provides the Committee with competitive market data on each of these elements, including current compensation trends and movements in the competitive marketplace and the competitiveness of the Company's salary levels, incentive compensation awards and various benefit plans. The data provided compares the Company's compensation practices to a group of comparative companies. The Company's market for compensation comparison purposes consists of a group of companies that tend to have similar sales volumes. The Committee reviews and approves the selection of companies used for

Edgar Filing: YELLOW CORP - Form DEF 14A

compensation comparison purposes. The companies chosen for the comparative group used for compensation comparison purposes generally are not the same companies that comprise the S&P Transportation Index in the Performance Graph included in this Proxy Statement. The Committee believes that the Company's most direct competitors for executive talent are not necessarily all of the companies that would be included in a published industry index established for comparing stockholder returns.

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1,000,000 on the amount of compensation that the Company may deduct in any year with respect to the Company's Chief Executive Officer and its four other highest paid executive officers. Certain performance-based compensation and certain other compensation that the Company's stockholders have approved are not subject to the deduction limit. The Company has qualified certain compensation paid to executive officers for deductibility under Section 162(m), including compensation expense related to options or other awards that the Company grants pursuant to the Company's 2002 Stock Option and Share Award Plan, performance units that the Company grants pursuant to the Company's Executive Performance Plan and compensation that the

-17-

Company pays pursuant to its Annual Cash Incentive Compensation or Bonus Program. The Company may from time to time pay compensation to its executive officers that may not be deductible.

BASE SALARIES

The Committee determines salary levels for the Company's executive officers by analyzing the salary levels at companies with gross revenues comparable to the Company, based upon survey data that an independent consultant produced for the Committee, and an evaluation of the individual executive officer's performance. The Committee considers these factors together but not pursuant to a precise formula. The Company evaluates individual executive performance by reference to specific performance targets or goals that it establishes each year for each executive. While the Company has targeted the median of the range established by the survey group of service industries with gross revenues comparable to the Company, the actual 2002 salaries of executive officers are generally below the median.

ANNUAL INCENTIVES

The Company's executive officers are also eligible for awards under the Company's Annual Incentive Compensation Plan, which provides for the payment of varying levels of incentive award as expressed as a percentage of annual base compensation, with the percentage increasing the higher an executive officer's position is within the Company. The stockholders approved the Annual Incentive Compensation Plan at the 2002 annual stockholders meeting.

In 2002, the Committee established threshold, target and over achievement financial objectives that tie each executive's annual incentive compensation potential to the annual business plan of the overall Company for corporate executive officers and to the business plan of the individual business units for executive officers who are employees of Yellow Transportation, Yellow Technologies and Meridian IQ. In 2002, these objectives were weighted 50% on operating income of the Company or the applicable business units and 50% on return on capital of the Company or the applicable business units, except that the measurement of Meridian IQ was weighted 100% on Meridian IQ's operating income. Meridian IQ was formed in 2002 and was expected to focus on its profitability objectives as it began its operations. In addition to these over-arching objectives, an individual executive officer's annual incentive

Edgar Filing: YELLOW CORP - Form DEF 14A

compensation may also be subject to the achievement of additional personal or business unit objectives. Also, to promote the creation of overall shareholder value, an individual executive officer may have his or personal performance tied to the performance of other business units that the individual may impact.

LONG-TERM INCENTIVES

In 2001, the Committee elected to re-examine its practice of using stock options as the exclusive vehicle for the delivery of long-term incentive potential to the Company's executive officers, primarily because of the Committee's belief that the Company's financial performance over the previous several years had not been adequately reflected in the value of its stock. The Company implemented in 2002 a new Executive Performance Plan that provides for cash or stock based awards (or a combination of both) over performance periods that the Committee designates. Under this Plan, the Committee intends to adopt three-year performance cycles for annual awards. For transition purposes, however, in 2002 there were three awards for each participant based on one-, two- and three-year cycles, with the potential payments under the one- and two-year cycles representing 1/3 and 2/3, respectively, of the potential payments under the three-year cycle. Awards for the 2002 year are split 50% cash and 50% performance share units. The performance share units vest ratably over three years measured from the date of determination that performance criteria have been achieved. Once vested, the Company delivers the shares to the executive upon his or her termination of employment or retirement. In addition, in certain instances upon the occurrence of a change of control of the Company, all unvested performance units will vest and the shares will be delivered to the applicable executives.

Payments under the Plan depend upon the Company attaining specific or relative financial performance objectives as compared to a peer group of companies or one or more broad market indexes. The 2002 measures and weighting of those measures were 70% return on capital and 30% NOPAT (net operating profit after taxes) as compared to the same measures of companies in the S&P Small Cap Index. The Committee retains

-18-

discretion to reduce all or any awards to executive officers in consideration of a number of factors, including performance versus a key group of competitors and an individual executive's attainment of the annual performance goals described above. The Executive Performance Plan targets varying levels of long-term incentive potential as expressed as a percentage of annual base compensation with the percentage increasing the higher an executive officer's position is within the Company.

Because of the introduction of this new Plan, the Company did not grant stock options to the Company's top seven executive officers during 2002. Separately, Mr. Ritchie received a grant of options in 2002 along with other former employees of Transportation.com in exchange for the extinguishment of their options in Transportation.com. These options essentially replaced their options in this company for which there is no market for its equity after the Company acquired 100% of Transportation.com. The stockholders approved the Executive Performance Plan at the 2002 annual stockholders meeting. Shares of Common Stock that the Company issues under the performance units that an executive receives pursuant to the Executive Performance Plan are issued pursuant to the Company's 2002 Stock Option and Share Award Plan.

PRESIDENT AND CEO COMPENSATION

The compensation of President and Chief Executive Officer William D. Zollars is the subject of an employment agreement dated December 15, 1999, the

Edgar Filing: YELLOW CORP - Form DEF 14A

essential elements of which are detailed in the section of the proxy statement in which this report is included that is devoted to employment contracts. The discussion of Mr. Zollars' employment agreement with the Company in the proxy is hereby incorporated by reference into this report. Once a year in assessing the Chief Executive Officer's performance and compensation, the Committee and the Board of Directors meets in executive session without the Chief Executive Officer. The Committee as well as the Board of Directors may also call such an executive session at any other time as it so chooses.

Mr. Zollars base salary level was increased to \$770,000 in 2002. This salary was established comparing the compensation of chief executive officers in a group of comparative companies. The Committee believes that this salary level was consistent with the Company's goal of targeting the median of a survey group of companies that the Committee's independent consultant produced.

Mr. Zollars is eligible for bonuses under the Company's Annual Incentive Compensation Plan. His target bonus level remained at 80% of his base salary for 2002. This percentage has been established based on bonus practices and opportunities within companies comparable to the Company's size. Under this Plan, the Company paid Mr. Zollars a bonus of \$134,288 for 2002, which was below target.

Mr. Zollars is also eligible to participate in the Company's Executive Performance Plan. Because of the level of his participation in this Plan, the Committee did not grant Mr. Zollars any stock options during 2002. A description of Mr. Zollars' potential payouts pursuant to this Plan is set forth in footnote 4 to the Summary Compensation Table in the proxy statement in which this report is included. Fifty percent of any payout will be made in cash; and 50% of any payout will be made in shares of the Company's common stock. These shares are subject to the restrictions described above.

For the reasons outlined above in the general discussion of executive compensation, Mr. Zollars received performance units in lieu of a stock option award in 2002 and received annual cash incentive compensation as reflected in the Summary Compensation Table.

SUMMARY

The Committee believes that the compensation program for the executives of the Company is comparable with the compensation programs provided by comparable companies and serves the best interests of the stockholders of the Company. The Committee also believes that annual performance pay is appropriately linked to individual performance, annual financial performance of the Company and stockholder value.

II. PROPOSAL TO APPROVE APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has appointed KPMG LLP as independent public accountants of the Company for 2003. The appointment of independent public accountants by the Board of Directors is submitted annually for approval by the stockholders. Although stockholder approval is not required, if the stockholders do not ratify the appointment, the Board of Directors will reconsider the matter. A representative of KPMG LLP will be present at the Annual Meeting of Stockholders to respond to appropriate questions, and he or she will have an opportunity to make a statement if he or she desires to do so.

Effective May 17, 2002, the Audit Committee approved dismissal of Arthur Andersen LLP as the Company's independent auditors and the appointment of KPMG LLP to serve as the Company's independent auditors for the year ending December 31, 2002.

Arthur Andersen's reports on the Company's consolidated financial statements for each of the years ended December 31, 2001 and 2000 did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended December 31, 2001 and 2000 and through May 17, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction would have caused them to make reference to the subject matter of the disagreement in connection with the audit reports on the Company's consolidated financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

The Company provided Arthur Andersen with a copy of the foregoing

disclosures. Attached as Exhibit 16 to the Company's Current Report on Form 8-K dated May 17, 2002, is a copy of Arthur Andersen's letter, dated May 17, 2002, stating its agreement with such statements.

During the years ended December 31, 2001 and 2000 and through May 17, 2002, the Company did not consult KPMG LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.
