Item 1.01 Entry into a Material Definitive Agreement

On March 6, 2006, after review and consideration of Cerner Corporation's (the Company's) performance in 2005, the individual performance of the Company's named executive officers as noted below and such other matters and information as deemed appropriate, the Compensation Committee (the Committee) and the Equity and Cash Incentive Grant Subcommittee (the Subcommittee) of the Board of Directors of the Company approved the following actions:

Fiscal 2006 Base Salaries and Target Bonus Levels. The 2006 base salary levels, beginning March 5, 2006, and the 2006 target (not the maximum) bonus levels under the Executive Performance Plans, described below, of the Company's named executive officers were set as follows:

2006 Individual Executive Compensation (Cash Bonus) Plans.

The Company's Performance Plan (the Plan), an incentive-based compensation plan, is designed to provide a meaningful incentive on both a quarterly and annual basis to key associates and executives of the Company and to motivate them to assist the Company in achieving ambitious, attainable, short-term goals. Under the executive feature of the Plan, for which the Company's Section 16 Insider officers are eligible, the Subcommittee establishes targets prior to or at the beginning of the performance period and for which

measurement of the achievement of such targets can be, and are, determined under pre-established objective formulas. Individual executive compensation plans are entered into with each of the Company's Section 16 Insiders, including its named executive officers, pursuant to the Plan (the Executive Performance Plans), which Executive Performance Plans set forth the quarterly and annual targets for each of the named executive officers. The 2006 performance awards for the Company's named executive officers will be based primarily on achievement of earnings per share and cash collections as a measure of client satisfaction targets and, for named executive officers with sales-focused roles and/or operational responsibility, the targets will also include contract and operating margins and operational metrics such as service level request resolution and client systems uptime.

The above description is qualified in its entirety by reference to the 2006 Executive Performance Plan, which is filed with this Current Report on Form 8-K as Exhibit 99.1 and is incorporated herein by reference.

2006 Stock Option Grants. The Subcommittee approved grants of stock options to be issued on March 9, 2006, to the Company's Section 16 Insiders. Consistent with the Company's Long-Term Incentive Plans, the options have an exercise price of \$43.51 per share (the closing price of the Company's common stock on The NASDAQ Stock Market on March 9, 2006) and vest over a five year term with 40% vested at the end of the second year and 20% each year thereafter. Specifically, the 2006 option grants to the Company's named executive officers were set as follows:

Earl H. Devanny, III	President	25,000
