**FOR IMMEDIATE RELEASE**

**LEADING PROXY ADVISORY FIRM, RISKMETRICS GROUP, RECOMMENDS FEDERAL SIGNAL STOCKHOLDERS VOTE FOR ALL THREE OF FEDERAL SIGNAL'S DIRECTOR NOMINEES ON THE WHITE PROXY CARD**

**OAK BROOK, Ill., April 20** Federal Signal Corporation (NYSE: FSS), a leader in advancing security and well-being, today announced that RiskMetrics Group/ISS Governance Services, one of the nation's leading proxy advisory firms, recommends that its clients support all three of Federal Signal's director nominees—Jim Goodwin, Joe Wright, and Bill Osborne—by voting for them on the WHITE proxy card via mail, telephone, internet, or at Federal Signal's 2009 Annual Meeting of Stockholders to be held on April 29, 2009.

RiskMetrics Group is one of the nation's leading proxy advisory firms whose recommendations are relied upon by hundreds of major institutional investment firms, mutual funds and other fiduciaries.

We are extremely pleased that RiskMetrics supports the election of all three of Federal Signal's director nominees, said John McCartney, an independent director speaking on behalf of Federal Signal's Board. This recommendation reaffirms our strong belief that Federal Signal has the right Board and management team to execute our two-pronged strategy to deliver consistent, profitable growth and to enhance earnings and cash flow. RiskMetrics recognizes, as we do, that our director nominees are the best choice to lead Federal Signal and to deliver value to all stockholders. We strongly urge all Federal Signal stockholders to vote FOR our highly-qualified director nominees on the WHITE proxy card today.

In its April 17, 2009 report recommending that Federal Signal stockholders elect all three of the Board's nominees, RiskMetrics stated the following<sup>1</sup>:

... we note that since the removal of the previous management team in Dec. 2007, the company has not only performed largely in line with its peer group in terms of share price performance but also has substantially improved its operating metrics.

With respect to election of three directors to a ten member classified board, we note that two of the three company nominees, Joseph Wright and William Osborne are new and joined the board in 2008. Moreover, five of the nine non-executive directors have been on the board since 2005 ... Meanwhile, Mr. Gerbsman, the third dissident nominee does not seem to have any direct industry/sector operating or public board experience.

<sup>1</sup> Permission to use quotations was neither sought nor obtained.

...we note that [Kanders] applied for the CEO position and only after his candidacy was turned down, he initiated the proxy contest. As such, even though Mr. Kanders has publicly stated that he is no longer interested in the CEO position and would work with the new management, we believe that the being disruptive argument may have some merit in this case.

Regarding the new management team, we note that analyst reports had a favorable opinion of Mr. Osborne at the time of his appointment.

Federal Signal urges stockholders to follow the RiskMetrics recommendation by signing, dating and returning the WHITE proxy card today. For additional information on how to vote their shares, stockholders should call Innisfree M&A Incorporated, toll-free, at (877) 800-5186.
