NEWS RELEASE

CALGARY, ALBERTA, CANADA - March 2, 2004

POLAR COMPLETIONS - BUSINESS AS USUAL

Precision Drilling Corporation ("Precision") today announced a clarification to a prior Precision press release dated February 12, 2004 and an article in The Calgary Herald dated February 13, 2004, which indicated that the Polar Completions' ("Polar") business is up for sale and has been classified as a "DISCONTINUED OPERATION". Current accounting rules require that once a decision has been reached to attempt to sell a business unit, that the company is required to classify the business unit as a discontinued operation.

As Precision has made a decision to attempt to sell Polar, Precision is required to state, for accounting purposes, that this division is a discontinued operation.

Precision wants to stress that Polar is a profitable, viable operating business and Precision has no intention of shutting down Polar.

Unless Precision can find a buyer who is willing to purchase Polar at an appropriate price, Precision will not sell Polar.

Precision has decided to market Polar due to the fact that completions is not a core business to Precision's current growth initiatives.

Polar is a full service provider of downhole completion tools and liner hanger systems that has its own integrated engineering, manufacturing and technical service components. Polar's revenues for 2003 were approximately \$26 million.

Edgar Filing: PRECISION DRILLING CORP - Form 6-K

It is Precision's present intention that Polar will continue to grow in line with its 2004 business plan and Precision wants to stress that it is business as usual for Polar.

Precision Drilling Corporation (TSX: PD and PD.U; NYSE: PDS) is a global oilfield services company providing a broad range of drilling, production and evaluation services with focus on fulfilling customer needs through fit-for-purpose technologies for the maturing oilfields of the 21st century. With corporate offices in Calgary, Alberta, Canada and Houston, Texas, and research facilities in the U.S. and Europe, Precision employs more than 10,000 people conducting operations in more than 30 countries. Precision is committed to providing efficient and safe services to create value for our customers, our shareholders and our employees.
