**PROXY STATEMENT FOR 2002
ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION

Introduction

Our board of directors is soliciting proxies for use at the 2002 Annual Meeting of Stockholders to be held Wednesday, April 24, 2002 at 9:30 a.m., local time, at the Ballantyne Conference Center, 10000 Ballantyne Commons Parkway, Charlotte, North Carolina 28277, and at any adjournment thereof.

This proxy statement, the proxy card and our 2001 annual report to stockholders are first being mailed on or about March 15, 2002 to all holders of our common stock and 8% convertible preferred stock entitled to vote at the meeting. Our principal executive offices are located at 11115 Rushmore Drive, Charlotte, North Carolina 28277.

Record Date

Holders of record of our common stock and our 8% convertible preferred stock at the close of business on February 28, 2002, the record date, are entitled to notice of and to vote at the meeting. On the record date, 19,385,751 shares of our common stock were issued and outstanding and held of record by approximately 5,700 stockholders. In addition, on the record date, 6,885,715 shares of our 8% convertible preferred stock were issued and outstanding and held of record by 17 stockholders.

Revocability of Proxies

You may revoke your proxy and change your vote at any time before the final vote at the annual meeting. You may do this by signing a new proxy card with a later date or by attending the meeting and voting in person. Attending the meeting will not revoke your proxy unless you specifically request it.

Voting

Each share of common stock outstanding on the record date is entitled to one vote. Each share of our 8% convertible preferred stock outstanding on the record date is entitled to vote on an as-converted basis and accordingly is entitled to approximately 1.078 votes shares of our common stock and 8% convertible preferred stock vote together as a single class on matters presented to our stockholders. Considered in the aggregate, as of the record date, the 19,385,751 shares of common stock represented approximately 72.31% of our total voting power and the 6,885,715 shares of convertible preferred stock represented approximately 27.69 % of our voting power.

Solicitation of Proxies

LendingTree will pay the cost of this solicitation. We may reimburse brokerage firms and other persons representing beneficial owners of our common stock for their expenses in forwarding solicitation

material to such beneficial owners. Proxies may also be solicited by certain of our directors, officers and regular employees, without additional compensation, personally or by telephone, facsimile or e-mail.

Quorum; Abstentions; Broker Non-Votes

The presence, in person or by proxy, of the holder of a majority of the votes eligible to be cast by the holders of our common stock and our 8% convertible preferred stock voting together as a single class is necessary to constitute a quorum at the annual meeting of stockholders. Without a quorum, we cannot hold the meeting or transact business. In the election of directors, the two nominees receiving the most affirmative votes of the shares of our common stock and 8% convertible preferred stock present or represented and entitled to vote will be elected as directors. Abstentions and broker non-votes are counted in order to determine whether there is a quorum at the meeting, but do not count for or against the election of any director. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a proposal because the broker does not have discretionary voting power for that proposal and has not received instructions from the beneficial owner on how to vote.

Deadline for Receipt of Stockholder Proposals

If you want to submit a proposal to our stockholders at next year's annual meeting and you want the board of directors to consider including your proposal in our proxy statement and form of proxy for that meeting, we must receive your proposal at our principal executive offices no later than November 15, 2002. If you simply wish to have a proposal considered for submission at next year's annual meeting, in accordance with the advance notice requirement of our bylaws, we must receive your proposal at our executive offices no later than January 25, 2003. If we receive notice of a stockholder proposal after this date, the proposal will be considered untimely and the persons named in the proxy statement and the form of proxy for the 2003 annual meeting of stockholders will have discretionary authority to vote on such proposal without discussion of the matter in the proxy statement and without such proposal appearing as a separate item on the proxy card. However, if next year's annual meeting is called for a date that is not within 30 days before or after April 24, 2003, we must receive notice of your request no later than the close of business on the 10th day following the date on which notice of the date of the annual meeting is mailed to stockholders or is publicly announced, whichever is earlier.

Employment Agreements and Change of Control Arrangements

Douglas Lebda. We have an employment agreement with Douglas Lebda with a term that began on September 2, 1999 and ends on September 2, 2003, unless earlier terminated as provided under the agreement. In addition to providing for salary and benefits, Mr. Lebda's agreement provides for his participation in our bonus programs and for the grant of an initial option to purchase 190,500 shares of our common stock. This grant will be referred to later as the initial option. In the event Mr. Lebda's employment is terminated by us either without cause or for bad performance, or if Mr. Lebda terminates his employment for good reason, Mr. Lebda is entitled to receive as severance pay a continuation of his then-current base salary until the first anniversary of the effective date of termination, subject to reduction to the extent he receives any compensation from any subsequent employment during the one-year severance period.

In the event Mr. Lebda's employment is terminated as a result of any merger, acquisition, share exchange or other business combination, Mr. Lebda is entitled to receive a lump sum payment in an amount equal to 12 months of his then current base salary.

With respect to his stock options, in the event that Mr. Lebda's employment is terminated:

by us without cause,

by Mr. Lebda for good reason, or

as a result of a merger, acquisition, share exchange or other business combination,

All 815,006 of Mr. Lebda's stock options will continue to vest in accordance with their vesting schedules in effect prior to termination and he will have a right to exercise the options for a period of 30 days following the final vesting date. In the event Mr. Lebda's employment is terminated for bad performance, the 190,500 stock options granted to Mr. Lebda prior to the effective date of his employment agreement will vest in accordance with the schedule set forth in the agreement evidencing the initial option and he will have a right to exercise the options for a period of 30 days following the final vesting date. Mr. Lebda will be subject to a non-compete and non-solicitation covenant for one year following termination of his employment and will be required to give a general release to us in order to receive severance payments.

Thomas Reddin. We have an employment agreement with Thomas Reddin with a term that began on December 10, 1999. In addition to providing for salary, benefits and a fixed bonus for his first year of employment, Mr. Reddin's agreement provides for the payment of an annual discretionary bonus of up to 65% of his salary following the first anniversary of his employment with us. In the event Mr. Reddin's employment is terminated by us other than for cause, he is entitled to receive his then-current salary for one year, provided, that if he becomes employed elsewhere during that period, our obligation to continue salary payments will be reduced on a dollar-for-dollar basis by salary and bonus received from the subsequent employer. In addition, Mr. Reddin would be entitled to additional vesting of a pro-rata portion of the option tranche that would have vested on the next following anniversary of his employment, had he remained employed on that date. Any exercisable options held by Mr. Reddin at the time of such termination without cause will remain exercisable for 90 days thereafter. Mr. Reddin is subject to non-competition and non-solicitation covenants during his employment with LendingTree and he will be subject to such covenants during the one-year period following termination of his employment.

Change of Control Arrangements. We have entered into employment continuity agreements with each of our Named Executive Officers that provide for their continued employment with LendingTree for one year following certain change of control events. If any such executive's employment is terminated within one year of a change of control event for reason other than death, disability or cause, or if any such executive resigns because of a constructive termination, he will be entitled to a lump sum payment equal to the sum of (1) his unpaid annual base salary and any accrued time off through the termination date, (2) his target annual bonus for the performance period in which the termination occurs, prorated for the number of days he actually worked during the performance period, (3) any amounts previously deferred by such executive under any non-qualified deferred compensation plan (together with earnings accrued thereon) and (4) an amount equal to two times the sum of the executive's then-current base salary and bonus for the 12-month period before the termination date, reduced, in the case of Messrs. Lebeda and Reddin, by the amount of any severance benefit payable to such executive under the terms of his employment agreement with us. In addition, each such executive's stock options would become immediately vested, any restricted stock, phantom stock unit, stock bonus or other stock award would become immediately vested and he and his family would continue to receive family welfare benefits for the remainder of the year.

Director Compensation

Members of our board of directors are not paid director fees for their attendance at meetings of the board or any of its committees. All of our non-employee directors are reimbursed for out-of-pocket expenses incurred in connection with their attendance at board of directors or committee meetings. Under our 2001 Stock Incentive Plan, each non-employee director who is a beneficial owner of (or represents an organization that is a beneficial owner of) less than 5% of our combined voting power, upon his or her initial election to the board, is granted a non-qualified stock option to purchase a number of shares of common stock calculated by dividing \$66,000 by one-third of the average closing price of the common stock for five trading days immediately preceding the grant date. Additionally, immediately following each annual meeting of the company's stockholders, each such non-employee director then serving is granted a non-qualified stock option to purchase a number of shares of our common stock, calculated by dividing \$22,000 by one-third of the average closing price of our common stock for five trading days immediately preceding the grant date. In lieu of the annual option grants, directors may elect to receive an equivalent number of shares of restricted stock.

Our directors are eligible to participate in a deferred compensation program whereby a director may defer the income from any director's fees that may be paid and from the exercise of stock options. Under that program, in the event of a change in control, we will be required to fund a so-called "rabbi trust" sufficient to pay the deferred compensation.

Compensation Committee Interlocks and Insider Participation

8% Convertible Preferred Stock Transaction. In March 2001, we sold a total of 3,900,001 shares of our 8% convertible preferred stock for \$13.7 million, or \$3.50 per share, to Zions Bancorporation (1,428,571 shares), Specialty Finance Partners (1,142,857 shares), Douglas Lebda (200,000 shares), Richard Field (200,000 shares), W. James Tozer, Jr. (200,000 shares), and a group of eleven accredited investors (728,573 shares). In April 2001, we also sold to Keith Hall and Mr. Tozer an additional 28,571 and 100,000 shares, respectively, for total consideration of \$450,000 or \$3.50 per share, plus accrued but unpaid dividends to the closing date. Mr. Lebda is a director and executive officer of LendingTree. Messrs. Field and Tozer are directors and Mr. Hall is an executive officer of LendingTree. Mr. DeVico is a director of LendingTree and Executive Vice President of Zions Bancorporation. Mr. Lieber and Mr. Spass are directors of LendingTree and are affiliated with Specialty Finance Partners.

In connection with the sale of our 8% convertible preferred stock for cash in March 2001, Specialty Finance Partners converted its \$10 million equity rights certificate (acquired by Capital Z Partners (an affiliate of Specialty Finance Partners) from us in September 2000) into 2,857,143 shares of our 8% convertible preferred stock. In total, Specialty Finance Partners acquired 4,000,000 shares of 8% convertible preferred stock in March 2001, of which 1,142,857 shares were purchased for cash and 2,857,143 shares were issued upon exercise of the equity rights certificate. As a part of the equity rights transaction, Capital Z also received a commitment fee warrant to purchase 135,000 shares of our common stock. The exercise price of the warrant was calculated and set concurrent with the March 2001 sale of the 8% convertible preferred stock at \$3.762 per share. The warrant is exercisable at any time on until September 29, 2005.

ULLICO Revolving Line of Credit. In March 2001, we had entered into a two-year, \$5 million revolving line of credit agreement with the Union Labor Life Insurance Company, on behalf of its separate account P, (ULLICO), and issued ULLICO a commitment fee warrant to purchase 40,000 shares of common stock at an exercise price of \$.01 per share. Concurrent with the closing of a credit facility with GE Capital Commercial Services, Inc. in July 2001, we terminated this agreement and issued ULLICO a termination warrant to purchase 40,000 shares of common stock at an exercise price of \$.01 per share. Both warrants expire in March 2006. No amounts were ever borrowed under this facility. Mr. Kennedy is a director of LendingTree and is Director of Special Projects of ULLICO, Inc.

Officer Loans. In March 2001, in connection with the sale of our 8% convertible preferred stock, we entered into a promissory note and pledge agreement with Douglas Lebda, our Chief Executive Officer, to provide him with a \$700,000 loan to acquire 200,000 shares of 8% convertible preferred stock. This note and pledge agreement also amended and restated other notes and pledge agreements then in effect with respect to \$1.7 million in loans to Mr. Lebda for option exercises. In August 2001, we entered into a subsequent amended and restated note and pledge agreement with Mr. Lebda relating to all the outstanding loans and interest accrued thereon totaling approximately \$2.5 million. This amended and restated note bears interest at a fixed rate of 8% per annum on the unpaid balance of the loan. Principal payments on the loan are due on June 30, 2002, 2003, 2004, 2005 and 2006. Interest is payable along with the principal payments annually except that payment of \$55,000 of interest accruing through June 30, 2002 will be deferred until June 30, 2003. The amended and restated note is not prepayable. \$2.7 million is currently outstanding under the note.

Under the current pledge agreement, Mr. Lebda has granted us a security interest in 870,708 shares of our common stock and 200,000 shares of our preferred stock that he owns. This pledge agreement provides that if the value of the collateral divided by the outstanding principal and interest on the note falls below a ratio of 2.8 to 1, Mr. Lebda is precluded from selling or transferring these securities without our prior written consent. The pledge agreement also specifies that so long as Mr. Lebda is employed by us, our sole recourse for satisfaction of the principal obligations under this note will be our rights to the collateral. However, interest obligations accruing under the note are full recourse.

Compensation Committee Report

The following is the report of the compensation committee of our board of directors with respect to the compensation paid to our executive officers during 2001.

Compensation Philosophy. Our philosophy in setting our compensation policies for executive officers is to maximize stockholder value over time. The primary goal of the executive compensation program is therefore to closely align the interests of the executive officers with those of our stockholders. To achieve this goal, we attempt to (i) offer compensation opportunities that attract and retain executives whose abilities are critical to our long-term success, motivate individuals to perform at their highest level and reward outstanding achievement, (ii) maintain a significant portion of the executive's total compensation at risk, tied to achievement of financial, organizational and management performance goals and (iii) encourage executives to manage from the perspective of owners with an equity stake in LendingTree.

Executive Compensation. The compensation program for our executive officers consists of three basic components: (i) base salary, (ii) annual cash incentive awards and (iii) long-term stock incentive awards.

Base Salary. Except to the extent otherwise provided for under an employment agreement, the compensation committee annually reviews and establishes the level of base salaries for our executive officers based upon competitive compensation data for similarly situated companies in the e-commerce, technology and financial services industries, as well as the executive's job responsibilities, level of experience, individual performance and contribution to our business. In order to evaluate LendingTree's competitive position in the internet industry, the compensation committee reviewed and analyzed the compensation packages, including base salary levels, offered by other companies in both the e-commerce industry and other industries (such companies include some, but not all, of the companies included in the H&Q Internet Index in the performance graph on page 17 above). The competitive information was obtained from surveys prepared by a national consulting company and publications. In making base salary decisions, the compensation committee exercised its discretion and judgment based upon these factors. No specific formula was applied to determine the weight of each factor.

Annual Cash Incentive Awards. The compensation committee awards annual cash incentive compensation pursuant to the LendingTree, Inc. Management Incentive Plan (the MIP). Under the MIP, the compensation committee establishes an award formula for a year for each executive officer based on the achievement of various financial performance factors or other specific goals. The actual award formula for a year may vary among the executive officers. The target award is established as either a dollar amount or a percentage of base salary, although no award may exceed 150% of an executive officer's base salary. Actual performance at 100% of the target performance goal will generally result in an annual incentive award equal to the target amount, with actual performance between 80% and 100% of the target performance goal producing a lower award and actual performance between 100% and 150% of the target performance goal producing a larger award. Generally, no amount will be payable under the MIP if actual performance is less than 80% of the target performance goal. The Compensation Committee had not determined the amount of awards payable under the MIP for 2001 as of the date of this proxy statement.

Long-Term Stock Option Incentives. LendingTree provides its executive officers with long-term incentive compensation through grants of stock-based awards, especially stock options, under our 1997, 1998, 1999 and 2001 Stock Incentive Plans. The compensation committee believes that stock options provide executive officers with the opportunity to purchase and maintain an equity interest in LendingTree and to share in the appreciation of the value of our common stock, thereby motivating our

executive officers to maximize long-term stockholder value. The options also utilize vesting periods that encourage our executive officers to continue in the employ of LendingTree. All options granted to executive officers in 2001 were granted at an exercise price that was equal to the fair market value of our common stock on the date of grant. The compensation committee considers the grant of each option subjectively, considering factors such as the individual performance of the executive officer and the anticipated contribution of the executive officer to the attainment of long-term strategic performance goals, as well as the nature and amount of any long-term incentives that have previously been granted to an executive officer. The compensation committee also considers data gathered on competitive practices at other companies as described in the Base Salary section above.

Compensation for the Chief Executive Officer. Effective September 2, 1999, LendingTree entered an employment agreement with Douglas Lebda, our Chief Executive Officer. See Employment Agreements and Change of Control Arrangements. The compensation committee and the board of directors approved Mr. Lebda's employment agreement after a detailed review of competitive compensation data for chief executive officers in similarly situated companies in the internet-based, services-provider industry (including some, but not all, of the companies included in the H&Q Internet Index in the performance graph on page 17 above) and after extensive discussion of Mr. Lebda's qualifications. In February 2000 in connection with our initial public offering, the compensation committee determined to increase Mr. Lebda's annual rate of base salary based on the committee's analysis of a national consulting company compensation study in order to provide Mr. Lebda with a market base salary level as compared with competitor businesses. Pursuant to the employment agreement and the Management Incentive Plan, the compensation committee will calculate and award Mr. Lebda an annual cash incentive for 2001 based on the attainment of the financial performance goals approved for purposes of that award. In particular, the compensation committee will consider actual revenue and losses for the year in comparison to budget. In September 2001, the compensation committee approved an award of \$432,000 to Mr. Lebda consisting of 35,405 shares of common stock (valued at \$136,630 based upon the average market price of our common stock, \$3.859 per share, for the five trading day period ending September 28, 2001) and cash of \$295,370 to be paid in installments of \$79,370 on September 28, 2001 and \$108,000 on both April 15, 2002 and May 30, 2002. In deciding to make this award, the compensation committee considered Mr. Lebda's performance and services as founder and chief executive officer in leading the Company to the attainment of key goals under the Company's long range plan, including the Company successfully completing a financing round in 2001, positioning the company for achieving break-even operating performance ahead of schedule, and achieving revenue in excess of internal budgets and expectations.

As described in detail above (see Certain Relationships And Related Party Transactions) LendingTree loaned Mr. Lebda a total of \$700,000 during 2001 in connection with his purchase of 200,000 shares of our 8% convertible preferred stock.

Section 162(m). The compensation committee has considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to LendingTree's executive officers. Section 162(m) generally disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for any of the named executive officers, unless compensation is performance-based. LendingTree has adopted a policy that, where reasonably practicable, we will seek to qualify the variable compensation paid to its executive officers for an exemption from the deductibility limitations of Section 162(m).

Audit Committee Report

The audit committee's purpose is to provide assistance to the board of directors in fulfilling its legal and fiduciary obligations with respect to matters involving our accounting, auditing, financial reporting, internal control and legal compliance functions. A full description of the audit committee's roles and responsibilities is contained in the Audit Committee Charter, a copy of which was attached to our proxy statement for our 2001 annual meeting of stockholders.

During 2001, the audit committee was composed of Messrs. Kennedy, Field and Lieber, each of whom is independent under Rule 4200(a)(14) of NASDAQ's listing standards. The audit committee met nine times during 2001.

During the past year, among the other duties and activities that it performed, the audit committee of the board of directors has:

Reviewed and discussed our audited 2001 financial statements with management and representatives of PricewaterhouseCoopers LLP, our independent public accountants;

Discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 and

Received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with PricewaterhouseCoopers LLP its independence.

In reliance on the review, discussions and disclosures referred to above, the audit committee recommended to the board of directors that our audited financial statements for 2001 be included in our Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and certain persons who own more than ten percent of our common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Such executive officers, directors and greater than ten percent stockholders are required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms received by us and written representations from the reporting persons, we believe that during 2001 all such forms were filed on a timely basis, except as described below. In a Form 5 for the fiscal year ending December 31, 2001, Daniel Lieber reported one transaction in the Company's 8% convertible preferred stock that had not previously been reported on a timely basis. In connection with their elections to our board of directors in 2001, Michael DeVico and Robert Spass did not file their Forms 3 on a timely basis. During 2001, David Anderson reported two transactions, Richard Field reported one transaction and Kimberly Gorsuch-Bradbury reported one transaction in Forms 4 that were not filed on a timely basis. Dale Gibbons, who served as a director from April 2001 until July 2001, did not file a Form 3.

RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

The Board of Directors has selected PricewaterhouseCoopers LLP as independent accountants to examine our financial statements for the fiscal year ending December 31, 2002. This selection is being presented to our stockholders for ratification at the annual meeting. PricewaterhouseCoopers LLP, independent public accountants, audited our financial statements for 2001 and for each fiscal year since 1997. Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual meeting of stockholders with an opportunity to make a statement if they desire to do so, and they are expected to be available to respond to appropriate questions.

The audit committee has considered whether the provision of services by PricewaterhouseCoopers LLP other than the audit of our financial statements for 2001 and the review of our quarterly financial statements for 2001 is compatible with maintaining PricewaterhouseCoopers LLP's independence.

Audit Fees. PricewaterhouseCoopers LLP billed us \$198,000 for professional services rendered for the audit of our annual financial statements for 2001 and reviews of the financial statements included in our quarterly reports on Form 10-Q filed during 2001.

Financial Information Systems Design and Implementation Fees. PricewaterhouseCoopers LLP rendered no professional services to us for the design and implementation of financial information systems during 2001.

All Other Fees. PricewaterhouseCoopers LLP billed us \$151,360 for all professional services rendered during 2001 other than audits, reviews and financial information systems design and implementation, generally including services related to our offering of our 8% series A preferred stock, tax services and benefit plan matters.

The Board of Directors recommends a vote FOR ratification of the selection of PricewaterhouseCoopers LLP as independent accountants to examine our financial statements for the year ending December 31, 2002, and proxies solicited by the Board of Directors will be so voted unless stockholders specify otherwise. If our stockholders do not ratify the selection of PricewaterhouseCoopers LLP, the selection of independent accountants will be reconsidered by our Board of Directors.
