Enclosed with this proxy statement are a proxy for use at the meeting and a copy of the Corporation's Annual Report to stockholders, which includes the Corporation's Annual Report on Form 10-K filed with the Securities and Exchange Commission (the Commission), for the fiscal year ended August 31, 2002. This proxy statement and the enclosed proxy are initially being mailed to stockholders on or about November 22, 2002.

GENERAL INFORMATION

Proxy

Stockholders are requested to provide their voting instructions on the enclosed proxy by mail using the accompanying envelope, by the internet, or by telephone. Stockholders who hold their shares through a bank or broker can vote by the internet or by telephone if these options are offered by the bank or broker. At any time before the proxy is voted, it may be revoked by written notice to the Secretary of the Corporation. Proxies that are properly delivered, and not revoked, will be voted in accordance with stockholders' directions. Where no direction is specified, proxies will be voted as recommended by the Board of Directors.

Stockholders may deliver their proxy using one of the following methods:

By the Internet. Stockholders of record may give their voting instructions by the internet as described on the proxy card. Internet voting is also available to stockholders who hold shares in the DirectService Plan, in the Corporation's Employee Stock Purchase Plan, or in a 401(k) plan sponsored by the Corporation. The internet voting procedure is designed to verify the voting authority of stockholders. You will be able to vote your shares by the internet and confirm that your vote has been properly recorded. Please see your proxy card for specific instructions.

By Telephone. Stockholders of record may give their voting instructions using the toll-free number listed on the proxy card. Telephone voting is also available to stockholders who hold shares in the DirectService Plan, in the Corporation's Employee Stock Purchase Plan, or in a 401(k) plan sponsored by the Corporation. The telephone voting procedure is designed to verify the voting authority of stockholders. The procedure allows you to vote your shares and to confirm that your instructions have been properly recorded. Please see your proxy card for specific instructions.

By Mail. Stockholders may sign, date, and mail their proxies in the postage-paid envelope provided. If you sign, date, and mail your proxy card without providing voting instructions on specific items, your proxy will be voted as recommended by the Board of Directors.

Stock Outstanding and Voting Rights

As of November 7, 2002, the record date for the Annual Meeting, there were 11,165,943 shares of NSI common stock outstanding and entitled to vote. The holders of NSI common stock, the only class of voting stock of the Corporation outstanding, are entitled to one vote per share for the election of directors and on the other matters presented.

Quorum

The presence, in person or represented by proxy, of at least one-third of the outstanding shares of NSI common stock issued and outstanding and entitled to vote is necessary to constitute a quorum. The election inspector appointed for the meeting will determine whether or not a quorum is present. The election inspector will treat abstentions as shares that are present and entitled to vote but as unvoted for purposes of determining the approval of any matter submitted to the stockholders.

If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter (i.e., broker non-votes), those shares will be considered as present for purposes of establishing a quorum but are not entitled to vote at the Annual Meeting with respect to that matter.

Explanatory Note Regarding Spin-Off Transaction

Effective November 30, 2001, the Corporation completed the spin-off of its lighting equipment and chemicals businesses (the Spin-Off). The Spin-Off was effected by a pro rata distribution to the Corporation s stockholders of 100% of the outstanding shares of common stock of Acuity Brands, Inc. (Acuity), a wholly owned subsidiary of the Corporation immediately prior to the time of the Spin-Off.

In connection with the Spin-Off, each of the executive officers of the Corporation at such time, except Brock A. Hattox, Richard W. LeBer and J. Randolph Zook, resigned and joined Acuity in similar positions. Also in connection with the Spin-Off, each of the Corporation s directors, except Betty L. Siegel, resigned from the Board of Directors and its committees and six new directors were appointed effective as of the consummation of the Spin-Off. Each of the Corporation s resigning directors, except Thomas C. Gallagher and Roy Richards, Jr., was thereafter appointed to the board of directors of Acuity.

Certain information required to be disclosed in a proxy statement generally relates to a company s prior fiscal year, such as information relating to executive compensation, stock price performance and employment agreements. Because the Spin-Off occurred during the Corporation s most recent fiscal year, certain information applies to the Corporation as it existed prior to the Spin-Off and may have only limited relevance to an understanding of the Corporation following the Spin-Off.

ITEM NO. 1 ELECTION OF DIRECTORS

At the Annual Meeting, eight directors of the Corporation will be elected to hold office until the next annual meeting of stockholders and until their successors are elected and qualified. To be elected, a nominee must receive a plurality of the votes cast at the meeting. The persons named as proxies in the accompanying proxy, or their substitutes, will vote for the election of the nominees listed hereafter, except to the extent authority to vote for any or all of the nominees is withheld. No nominee for election as a director is proposed to be elected pursuant to any arrangement or understanding between the nominee and any other person or persons. It is believed that all such nominees are available for election. If any of the nominees are unable or unwilling to serve, the persons named as proxies in the accompanying proxy, or their substitutes, shall have full discretion and authority to vote or refrain from voting for any substitute nominees in accordance with their judgment.

The Board of Directors of the Corporation recommends a vote FOR each of the nominees named below.

Compensation of Directors

During the fiscal year ended August 31, 2002, beginning after the Spin-Off, the annual director fee for each director who was not an employee of the Corporation was \$40,000, payable half in cash and half in restricted stock, and the annual cash fee for serving as chairman of a committee was \$5,000. Cash payments were payable on a quarterly basis. There is no retirement plan for the Corporation's non-employee directors.

In November 2001, the Executive Committee of the Board of Directors (currently named the Corporate Governance and Nominating Committee) adopted an amendment to the Nonemployee Director Deferred Stock Unit Plan that eliminated the automatic or elective deferral of future directors' fees into the Plan and

deleted the automatic grants of deferred stock units. After the Spin-Off, one director's deferred stock units continued to be held in the plan.

Pursuant to the Corporation's 1992 Nonemployee Directors' Stock Option Plan, stock options were granted annually on the day of the annual meeting. That plan terminated on September 19, 1999. To replace the 1992 Plan, the Executive Committee of the Board adopted the 2001 Nonemployee Directors' Stock Incentive Plan, and the Plan was approved by the Corporation's stockholders at the annual meeting of stockholders held on January 3, 2002. The Board has discretion in making future grants under this plan and during the fiscal year ended August 31, 2002, granted 37,380 restricted stock awards under such plan.

Directors may participate in the Corporation's Matching Gift Program. Under this program, the Corporation will match charitable contributions up to a total of \$5,000 per individual per year.

For information on compensation of Mr. Hattox, who also served as an executive officer during the fiscal year ended August 31, 2002, see Executive Compensation below.

Certain Relationships and Transactions

Mr. Cay is the Chairman and Chief Executive Officer of, and owns a controlling interest in, Palmer & Cay, Inc., an insurance brokerage and employee benefits consulting company. The Corporation engages Palmer & Cay, Inc. for insurance brokerage services and employee benefits consulting in the ordinary course of business. In fiscal 2002, the Corporation paid Palmer & Cay, Inc. approximately \$2.3 million in services and consulting fees. The Corporation expects to continue to engage Palmer & Cay, Inc. for similar services in fiscal 2003.

The Corporation also has transactions in the ordinary course of business with unaffiliated corporations and institutions, which certain other non-employee directors of the Corporation serve as officers or directors. The Board does not consider the amounts involved in such services and transactions to be material in relation to its business and believes that such amounts are not material in relation to the business of these organizations or individuals.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee (known as the Executive Resource and Compensation Committee until the time of the Spin-Off) of the Board of Directors is composed entirely of nonemployee directors. The Compensation Committee is responsible for recommending the salary payable to the Chairman, Chief Executive Officer and President, subject to approval by the full Board, for setting the salary payable to each of the other executive officers of NSI, and for administering the Management Compensation and Incentive Plan (the Incentive Plan), subject to ratification of certain matters thereunder by the full Board. The Compensation Committee had authority to grant awards under the Long-Term Incentive Program (the Long-Term Program) and now has that authority under the Long-Term Achievement Incentive Plan (the Long-Term Plan). The Compensation Committee reviews and makes recommendations to the Board with respect to any proposed awards to executive officers under any other compensation plan, benefit plan, or perquisite.

In setting NSI's compensation policies, the Compensation Committee recognizes that there must be a linkage between the level of an executive's compensation, particularly long-term compensation, and performance achieved for stockholders.

Following below is a discussion of the compensation policies applicable to NSI's executive officers, the executive officers' compensation program for the last fiscal year, and the Chief Executive Officer's compensation for the last fiscal year.

Compensation Policies for Executive Officers

For the fiscal year ended August 31, 2002, the principal compensation components were base salary, bonus awards under the Incentive Plan, and restricted share awards granted under the Long-Term Plan. Bonus awards and Long-Term Plan awards are generally granted on an annual basis. Salary adjustments are made annually as merited or on promotion to a position of increased responsibilities.

The Compensation Committee reviews the compensation of each executive officer utilizing competitive compensation information prepared by an independent compensation consultant and a performance review and recommendation by the Chief Executive Officer for each other executive officer. The competitive compensation information utilized by the Compensation Committee is for positions of comparable responsibilities with comparably sized diversified companies, which are representative of the companies with whom NSI competes for executive talent. These companies are not necessarily the same as those included in the peer index in the performance graph in this proxy statement.

As one of the factors in compensation matters, the Compensation Committee considers the anticipated tax treatment to NSI and to the executives of various payments and benefits. Under Section 162(m) of the Internal Revenue Code, the Company generally may not deduct for federal income tax purposes certain employee compensation that would otherwise be deductible to the extent that such compensation exceeds \$1 million for any covered employees (which includes the Corporation's named executive officers) in any fiscal year. However, compensation that is performance-based (as defined in Section 162(m)) is not subject to the deductibility limitations. The Compensation Committee expects to retain the deductibility of compensation pursuant to Section 162(m), but reserves the right to provide non-deductible compensation if it determines that such action is in the best interests of NSI and its stockholders.

Executive Officers' 2002 Compensation

The salary for the fiscal year ended August 31, 2002 of each executive officer (other than the Chief Executive Officer, discussed below) was based on competitive compensation data at approximately the 50th through the 75th percentile level among comparably sized diversified companies and also the executive's performance, experience, abilities, and expected future contribution.

Bonuses for the fiscal year ended August 31, 2002 under the Incentive Plan were designed to provide competitive total cash compensation at approximately the 50th through the 75th percentile level among comparably sized diversified companies, subject to achievement of NSI's target performance objectives. A bonus fund, stated as a percentage of gross salary, was determined for each executive officer based on the per-share earnings objective for corporate executives at NSI and business pre-tax operating profit objective for each operating unit president, as established by the Committee and ratified by the Board of Directors following the Spin-Off. The bonus fund increased or decreased in relationship to earnings per share, with no bonus fund for earnings per share below a threshold level. Based on NSI's fiscal 2002 earnings per share, after

adjustment under the Incentive Plan rules, threshold level earnings per share were not achieved and, therefore, no bonuses were paid to named corporate executive officers. The Atlantic Envelope division achieved a minimum threshold level of pre-tax operating profit, and an appropriate bonus was paid to the operating unit president. The National Linen Service division did not achieve a minimum threshold level of pre-tax operating profit, and, therefore, no bonus was paid to the operating unit president.

The compensation of executive officers for fiscal 2002 was further linked with NSI's performance and to the increase in stockholder value through long-term awards of restricted shares granted under the Long-Term Plan. Long-term awards granted to executive officers in fiscal 2002 were based on competitive long-term grants at approximately the 50th through the 75th percentile level among comparably sized diversified companies for target level performance and are designed to provide higher compensation for significantly higher performance.

Chief Executive Officer's 2002 Compensation

For the fiscal year ended August 31, 2002, Mr. Hattox received base salary, an incentive bonus opportunity, and a restricted share award under the Long-Term Plan. His total compensation was based on competitive and merit factors. The Committee was advised by an independent compensation consultant that Mr. Hattox's 2002 base salary, 2002 bonus opportunity at target, and 2002 long-term incentive award value at target were below the market third quartile.

No bonus was paid to Mr. Hattox for the fiscal year ended August 31, 2002 based on NSI's failure to achieve the threshold earnings per share level, after adjustment of earnings per share under the Incentive Plan rules for executive officers, as specified by the Compensation Committee following the Spin-Off.

Much of Mr. Hattox's compensation opportunity for the fiscal year ended August 31, 2002 was provided through performance-based bonus and restricted share awards and is therefore linked directly to performance on behalf of stockholders and to appreciation in the market price of NSI's stock.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The directors serving on the Compensation Committee of the Board of Directors during the fiscal year ended August 31, 2002 were: up and until the time of the Spin-Off, John L. Clendenin, Thomas C. Gallagher, Roy Richards, Jr., Betty L. Siegel and Neil Williams, and from and after the Spin-Off, Dr. Seigel, Michael Z. Kay and Don L. Chapman. None of these individuals are or have ever been officers or employees of the Corporation. During the fiscal year ended August 31, 2002, no executive officer of the Corporation served as a director of any corporation for which any of these individuals served as an executive officer, and there were no other compensation committee interlocks with the companies with which these individuals or the Corporation's other directors are affiliated.

PERFORMANCE GRAPH

The following graph compares, for the five years ended August 31, 2002, the yearly percentage change in cumulative total stockholders return on NSI common stock with (a) the S&P 500 Stock Index and (b) the S&P Commercial Services and Supplies Index. The graph assumes an initial investment of \$100 at the closing price on August 31, 1997 and takes into account the Spin-Off and the Corporation's one-for-four reverse stock split of its common stock effective as of January 7, 2002 (the Reverse Stock Split). Effective November 30, 2001, the Spin-Off was completed. The distribution of the Acuity shares to NSI stockholders is treated as a special dividend for purposes of calculating stockholder return. It is assumed that the shares of Acuity received by NSI stockholders were sold at the when-issued closing market price on November 30, 2001, and all of the proceeds were reinvested in shares of NSI common stock at the NSI ex-dividend closing market price on the same date. Dividends for NSI and the S&P 500 index are assumed to have been reinvested. The S&P Commercial Services and Supplies Index performance does not reflect dividend reinvestment, which management believes to be immaterial.

EXECUTIVE COMPENSATION

Introduction

The Commission rules governing proxy statements require certain compensation information be provided for all individuals who served as the Corporation's Chief Executive Officer during fiscal year 2002 and for the four other most highly compensated executive officers who were serving as executive officers of the Corporation at the end of fiscal year 2002 (these six individuals referred to herein as the named executive officers). James S. Balloun served as the Corporation's Chief Executive Officer until the consummation of the Spin-Off, at which time Brock A. Hattox became the Corporation's Chief Executive Officer. Mr. Balloun resigned from all positions held with the Corporation in connection with the Spin-Off.

NSI options held by employees who joined Acuity in connection with the Spin-Off were converted into and replaced by Acuity options. NSI options held by employees remaining with NSI were generally adjusted in accordance with a conversion ratio to reflect the Spin-Off. Each employee holding outstanding shares of NSI restricted stock (one-fourth of which is vested) retained such shares in connection with the Spin-Off. Each employee who holds a performance-based restricted stock award of NSI that had not reached a vesting start date either (i) received a replacement performance-based restricted stock award of Acuity, adjusted to reflect the Spin-Off (if such employee joined Acuity) or (ii) received a replacement NSI performance-based restricted stock award, adjusted to reflect the Spin-Off (if such employee remained with NSI). The option and restricted stock amounts shown in the following tables reflect any adjustments made in connection with the Spin-Off and the Reverse Stock Split, except as otherwise noted.

Employment Contracts, Severance Arrangements, and Other Agreements

The Corporation entered into an employment agreement with Mr. Hattox, effective as of the time of the Spin-Off.

The employment agreement with Mr. Hattox provides for an initial annual base salary of \$600,000, subject to adjustments, an annual bonus target equal to 60% of base salary, and an annual long-term incentive award equal to 260% of base salary. The agreement also provides for cancellation of the 122,313 NSI options received in lieu of aspiration award payments in exchange for a one-time cash payment of \$988,934. Pursuant to this agreement, Mr. Hattox's remaining NSI options were adjusted to reflect the Spin-Off in a manner consistent with the treatment of options held by other remaining executive officers of the Corporation. The employment agreement has an initial term of three years, subject to renewal upon terms mutually agreeable to the parties. Mr. Hattox or the Corporation has the right to terminate Mr. Hattox's employment at any time. If Mr. Hattox's employment is terminated by the Corporation other than for cause, death or disability or if Mr. Hattox resigns for good reason (as each such term is defined in the agreement), he will be entitled to receive, as severance payments, his then current base salary for the remaining term of the agreement if his termination occurs prior to the first anniversary of the agreement, or, if his termination occurs thereafter, for a period of 24 months. If the Corporation and Mr. Hattox fail to mutually agree on the terms of the renewal of the employment agreement, Mr. Hattox's employment will terminate, and he will receive the severance payments described above, upon the expiration of the initial term. Additionally, Mr. Hattox will be entitled to receive \$30,000 per month (reflecting his target bonus award) and continued medical and life insurance coverage for as long as he is entitled to receive severance payments pursuant to the two preceding sentences. In the event of a termination in connection with a Change in Control, which would entitle Mr. Hattox to benefits under his Severance Protection Agreement (described below), he would receive the greater of the benefits under the Severance Protection Agreement or the severance benefits set forth in his employment agreement.

Mr. Hattox will be credited with service under the Supplemental Retirement Plan for Executives (SERP) for each year of actual service from September 9, 1996, the effective date of his employment, and he will be vested in his SERP benefit after five years. Mr. Hattox's employment agreement provides him additional benefits under the SERP if he remains employed until he attains age 55.

The Corporation entered into Severance Protection Agreements (the Severance Agreements) with Messrs. Hattox, LeBer, Zook and Popkowski and Ms. Morgan. The Board intended for the Severance Agreements (which are similar) to provide the executives some measure of security against the possibility of employment loss that may result following a Change in Control in order that they may devote their energies to meeting the business objectives and needs of the Corporation and its stockholders.

The Severance Agreements are generally effective for a term of two years, which is automatically extended for one year at the end of each year unless terminated by either party. However, the term of Severance Agreements will not expire prior to the expiration of 24 months following a Change in Control (as described below). Also, Mr. Hattox's Severance Agreement will not expire during a Threatened Change of Control Period (as defined in the Severance Agreement). If the employment of the officer is terminated within 24 months following a Change in Control or in certain other instances in connection with a Change in Control (1) by the Corporation other than for Cause or Disability or (2) by the officer for Good Reason (as each term is defined in the Severance Agreements) or, for Mr. Hattox, during the 60-day period commencing on the first anniversary of the occurrence of a Change in Control, the officer will be entitled to receive (a) a pro rata bonus for the year of termination, (b) a lump sum cash payment equal to two times the sum of the officer's base salary and bonus (in each case at least equal to the officer's base salary and bonus prior to a Change in Control), subject to certain adjustments, (c) continuation of life insurance, disability, medical, dental, and hospitalization benefits for a period of up to 24 months, and (d) a lump sum cash payment reflecting certain retirement benefits the officer would have been entitled to receive had the officer remained employed by the Corporation for an additional two years and a reduced requirement for early retirement benefits. Additionally, all restrictions on any outstanding incentive awards will lapse and become fully vested, all outstanding stock options will become fully vested and immediately exercisable, and the

Corporation will be required to purchase for cash, on demand, at the then per-share fair market value, any shares of unrestricted stock and shares purchased upon exercise of options.

The Severance Agreements provide that the Corporation shall make an additional gross-up payment to each officer to offset fully the effect of any excise tax imposed under Section 4999 of the Internal Revenue Code of 1986, as amended (the Code), on any payment made to the officer arising out of or in connection with the officer's employment. In addition, the Corporation will pay all legal fees and related expenses incurred by the officer arising out of the officer's employment or termination of employment in certain circumstances as specified in the Agreements.

Assuming a Change in Control had occurred on October 1, 2002 and the employment of the officers described above had terminated on that date, the approximate cash payments that would have been made under the Severance Agreements with Messrs. Hattox, LeBer, Zook and Popkowski and Ms. Morgan (not including the gross-up payments) would have been \$3,729,848, \$881,036, \$1,197,647, \$658,795, and \$656,279, respectively. The amount of the gross-up payment, if any, to be paid may be substantial and will depend upon numerous factors, including the price per share of common stock of the Corporation and the extent, if any, that payments or benefits made to such officers constitute excess parachute payments within the meaning of Section 280G of the Code.

A Change in Control is defined in the Severance Agreements and generally includes (1) the acquisition (other than from the Corporation) by any person (as that term is used for purposes of Sections 13(d) or 14(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) other than a trustee of an employee benefit plan maintained by the Corporation or certain related entities of beneficial ownership of 20% or more of the combined voting power of the Corporation's then outstanding voting securities, (2) a change in more than one-third of the members of the Board who were either members as of April 1, 2002 (September 21, 1989 under Mr. Hattox's Severance Agreement) or were nominated or elected by a vote of two-thirds of those members or members so approved, or (3) approval by stockholders of the Corporation of (i) a merger or consolidation involving the Corporation if the stockholders of the Corporation immediately before such merger or consolidation do not, as a result of such merger or consolidation, own, directly or indirectly, more than fifty percent (50%) (seventy percent (70%) under Mr. Hattox's Severance Agreement) of the combined voting power of the then outstanding voting securities of the Corporation resulting from such merger or consolidation in substantially the same proportion as their ownership of the combined voting power of the voting securities of the Corporation outstanding immediately before such merger or consolidation or (ii) a complete liquidation or dissolution of the Corporation or an agreement for the sale or other disposition of all or substantially all of the assets of the Corporation. Under the Severance Agreements for officers other than Mr. Hattox, the approval of stockholders as mentioned above in item (3) is not required.

In connection with the Severance Agreements, the Corporation issued a letter agreement to Mr. Hattox, providing that, in the event of a Change in Control, Mr. Hattox shall receive an annual cash bonus for that fiscal year at least equal to the annual cash bonus paid to him in the prior fiscal year if he remains in the employ of the Corporation for the full fiscal year. The letter agreement with Mr. Hattox has an initial term of 48 months and is subject to an automatic one-year extension after each year unless terminated by the Corporation, but in no event will the term expire following a Change in Control until the Corporation's obligations as set forth therein have been satisfied.

Effective October 5, 2001, letter agreements (the Letter Agreements) were issued by the Corporation to Messrs. LeBer and Zook and provide that, during the period beginning October 5, 2001 and ending on November 30, 2004 (the Protection Period), if such employee's employment with the Corporation is terminated for any reason other than voluntary resignation, death, disability or Cause (as defined below), then NSI will pay to such employee, as severance pay, an amount equal to such employee's then-current base salary at the time of termination (a) for a period of twenty four (24) months if such termination occurs during the first twelve (12) months of the Protection Period, or (b) for a period of twelve (12) months if such termination occurs thereafter during the Protection Period. Cause is defined to mean (i) dishonesty or fraud, (ii) conviction of, or entering a plea of nolo contendere to, a felony, (iii) gross negligence, willful malfeasance or material nonfeasance in the conduct of such employee's duties for the Corporation, (iv) material violation of NSI's Code of Business Conduct, (v) breach of fiduciary duty, or (vi) refusal or continued failure to substantially perform such employee's reasonably assigned duties.

Pursuant to the Corporation's February 1, 1996 employment agreement with Mr. Balloun and a related amendment to the NSI SERP, Mr. Balloun was credited with two years of service under the NSI SERP for

each year of actual credited service, with vesting in his NSI SERP benefit after completing five years of employment. The Corporation's employment agreement with Mr. Balloun provided for a lump sum severance payment of \$1.5 million in the event his employment was terminated after August 31, 1998. This provision did not apply in the event of voluntary termination, termination upon death or disability, or termination for cause (as each such term was defined in the agreement). The Corporation also entered into a Severance Protection Agreement and letter agreement with Mr. Balloun, similar to the Severance Protection Agreement and letter agreement for Mr. Hattox described above. The Severance Protection Agreement and letter agreement for Mr. Balloun were effective until his 65th birthday. In the event of termination in connection with a Change in Control which would entitle Mr. Balloun to benefits under his Severance Protection Agreement, he would have received the greater of the benefits under the Severance Protection Agreement or the severance benefits set forth in his employment agreement. In connection with the Spin-Off, Mr. Balloun resigned from all positions with the Corporation. The obligations of the Corporation under the agreements with Mr. Balloun were assumed or replaced by Acuity in connection with the Spin-Off, and the Corporation has no further obligations to Mr. Balloun other than with respect to the Corporation's restricted stock held by Mr. Balloun.

Pension and Supplemental Retirement Benefits

The Corporation has two nonqualified supplemental retirement plans that cover one or more of the named executive officers: the Corporation's Supplemental Retirement Plan for Executives of National Service Industries, Inc., as amended (the "NSI SERP"), and the Corporation's Supplemental Retirement Plan for Eligible Employees of AECO Products Division of National Service Industries, Inc., as amended (the "AECO SERP"). Mr. Hattox participates in the NSI SERP, and Mr. Zook participates in the AECO SERP. The Corporation also has two qualified retirement plans in which one or more named executive officer participates: the National Services Industries Pension Plan B (the "NSI Pension Plan") and the Pension Plan of AECO Products Division of National Service Industries (the "AECO Pension Plan"). All named executive officers participate in the NSI Pension Plan, except Mr. Zook, who participates in the AECO Pension Plan.

NSI Pension Plans

The combined benefit under the NSI Pension Plan and the NSI SERP is 45% of average base salary and bonus (using the highest three consecutive years of remuneration out of the ten years preceding the individual's retirement), less 50% of the individual's primary social security benefit, and less the actuarial equivalent of the participant's account in the 401(k) plan for corporate employees, assuming an annual contribution of 4% of the individual's annual compensation over \$15,000 (subject to applicable limitations on eligible compensation), any applicable matching contribution, and earnings on those amounts at 8% per annum.

The following table shows the estimated aggregate annual benefits payable to Mr. Hattox at normal retirement age under the NSI Pension Plan and the NSI SERP, without the reduction under the NSI SERP for the actuarial equivalent of 401(k) plan benefits (approximately \$38,496 for Mr. Hattox).

ITEM NO. 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

At the Annual Meeting, a proposal will be presented to ratify the appointment of PricewaterhouseCoopers LLP as independent auditors to examine the books of account and other corporate records of the Corporation for the fiscal year ending August 31, 2003. Effective May 16, 2002, the Corporation appointed PricewaterhouseCoopers LLP as its independent auditors for the fiscal year ended August 31, 2002 to replace the firm of Arthur Andersen LLP. The decision to retain PricewaterhouseCoopers LLP and to dismiss Arthur Andersen LLP was recommended to the Board of Directors by the Corporation's Audit Committee.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire, and are expected to be available to respond to questions of stockholders. The affirmative vote of a majority of shares present, in person or represented by proxy, and entitled to vote at the Annual Meeting is required to ratify the appointment of PricewaterhouseCoopers LLP as the Corporation's independent auditors.

The Board of Directors of the Corporation recommends a vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Corporation's independent auditors for the fiscal year ending August 31, 2003.

The reports of Arthur Andersen LLP on the Corporation's financial statements for the Corporation's two fiscal years ended August 31, 2001 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Corporation's two fiscal years ended August 31, 2001, and the subsequent interim period through May 16, 2002, there were no disagreements between the Corporation and Arthur Andersen LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which disagreements, if not resolved to Arthur Andersen LLP's satisfaction, would have caused them to

make reference to the subject matter of the disagreements in connection with their reports.

Edgar Filing: NATIONAL SERVICE INDUSTRIES INC - Form DEF 14A

There were no reportable events, as such term is described in Item 304(a)(1)(v) of Regulation S-K, promulgated by the Commission (Regulation S-K) within the Corporation's two fiscal years ended August 31, 2001, and the subsequent interim period through May 16, 2002.

During the Corporation's two fiscal years ended August 31, 2001, and the subsequent interim period through May 16, 2002, the Corporation did not consult with PricewaterhouseCoopers LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Corporation's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Audit Fees, Financial Information System Fees and Other Fees

In the 2002 fiscal year, from September 1, 2001 until May 16, 2002, the Corporation retained Arthur Andersen LLP as its independent public accountants. During such time, Arthur Andersen LLP provided services in the following categories and amounts:

Audit Fees		\$ 45,000
Financial Information Systems Design & Implementation Fees		0
All Other Fees:		
Spin-Off Transaction Support and Consultation	\$ 130,000	
Process/Operational Consulting	3,000	
Tax Services	0	
Transaction Due Diligence	0	
	<hr/>	
All Other Fees		\$ 133,000

Effective May 16, 2002 through the end of the Corporation's fiscal year on August 31, 2002, the Corporation retained PricewaterhouseCoopers LLP to provide services in the following categories and amounts:

Audit Fees		\$ 215,000
Financial Information Systems Design & Implementation Fees		0
All Other Fees:		
Tax Services	\$ 4,500	
Sales Compensation Consulting	22,000	
Transaction Due Diligence	11,200	
	<hr/>	
All Other Fees		\$ 37,700

The Audit Committee considered whether the provision of non-audit services by each of Arthur Andersen LLP and PricewaterhouseCoopers LLP is compatible with maintaining auditor independence.

The Corporation does not believe that these fees reflected above payable to Arthur Andersen LLP are representative of the future fees likely to be billed to the Corporation because they include fees for services rendered in connection with the Spin-Off and fees for services rendered in connection with the lighting equipment and chemicals businesses, which were spun-off to the Corporation's stockholders in the Spin-Off. The Corporation believes that the fees reflected above payable to PricewaterhouseCoopers LLP are representative of future fees likely to be billed to the Corporation.

Report of the Audit Committee

The Audit Committee has adopted a charter to set forth its responsibilities. A copy of the charter was included as Exhibit A to the proxy statement furnished in connection with the annual meeting of the Corporation held on December 21, 2000, which proxy statement was filed with the Commission on November 6, 2000.

As required by the charter, the Audit Committee reviewed the Corporation's audited financial statements and met with management and the Corporation's internal auditors, as well as with PricewaterhouseCoopers LLP, the Corporation's independent auditors for the fiscal year ended August 31, 2002, to discuss the financial statements. The Audit Committee discussed with PricewaterhouseCoopers LLP the matters required by

Edgar Filing: NATIONAL SERVICE INDUSTRIES INC - Form DEF 14A

Statement of Accounting Standards No. 61.

The Audit Committee received from PricewaterhouseCoopers LLP the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 regarding their independence and the report regarding the results of their audit. In connection with its review of the

financial statements and the auditors' disclosures and report, the members of the Audit Committee listed below discussed with a representative of PricewaterhouseCoopers LLP their independence, as well as the following:

the auditors' responsibilities in accordance with generally accepted accounting standards;

the initial selection of, and whether there were any changes in, significant accounting policies or their application;

management's judgments and accounting estimates;

whether there were any significant audit adjustments;

whether there were any disagreements with management;

whether there were any consultations with other accountants;

whether there were any major issues discussed with management prior to the auditors' retention;

whether the auditors encountered any difficulties in performing the audit; and

the auditor's judgments about the quality of the Corporation's accounting policies.

As of the Corporation's fiscal year ended August 31, 2002, all members of the Audit Committee listed below are independent as defined by the listing requirements of the New York Stock Exchange (the "NYSE"). In accordance with the NYSE rules and regulations regarding the independence of Audit Committee members, the Board of Directors of the Corporation will evaluate whether members of its Audit Committee are entitled to serve thereon.

Based on its discussions with management and the Corporation's independent auditors, the Audit Committee did not become aware of any material misstatements or omissions in the financial statements. Accordingly, the Audit Committee recommended to the Board of Directors that the financial statements be included in the Annual Report on Form 10-K for the fiscal year ended August 31, 2002 for filing with the Commission.
