REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Administrator and Trustees of
Bright Horizons Family Solutions, Inc. 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of **Bright Horizons Family Solutions, Inc. 401(k) Plan** as of December 31, 2004 and 2003, and the related statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i schedule of assets (held at end of year) as of December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BRIGHT HORIZONS FAMILY SOLUTIONS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Bright Horizons Family Solutions, Inc. (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

1. *General* The Plan is a defined contribution plan that is available to all employees of the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
2. *Eligibility* All employees are eligible to participate in the Plan on January 1 or July 1 after having completed one year and 1,000 hours of continuous service, provided they are then at least 20 1/2 years of age.
3. *Contributions* Participants are permitted to contribute up to 50% of pretax compensation up to a maximum of \$13,000 and \$12,000 for the years ended December 31, 2004 and 2003, respectively. Catch-up contributions are permitted for participants reaching age 50 during the plan year.

Contributions are made by the Company bi-weekly, equal to 25% of the first 8% of the participant's compensation contributed by the participant for each of the bi-weekly pay periods. The Company may also make an additional discretionary contribution, as determined annually by the Company. For the Plan years ended December 31, 2004 and 2003, respectively, the Company did not make any additional discretionary contributions.

4. *Vesting* Employees are immediately vested in their own contributions and related earnings. Company contributions to participants and earnings thereon are vested 20% after the second year of employment and 20% for each year thereafter, such that a participant is 100% vested after six years of continued employment.
5. *Participant Accounts* Each participant's account is credited with the participant's contributions and earnings (losses); thereon, and an allocation of the Company's contributions and Plan earnings. Allocations of earnings (losses) are based on account balances, as defined. Employer profit sharing contributions are allocated based on employee compensation amounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Each participant directs the investment of his or her account balance in the various investment funds of the Plan.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

6. *Forfeitures* The distribution and allocation of Company profit sharing and matching contributions forfeited are first made available to reinstate previously forfeited Company profit sharing or matching contributions account balances of rehired, former participants provided certain provisions in the Plan Agreement are met. The remaining forfeitures are used to reduce Company matching contributions or to reduce Plan expenses for the Plan year in which such forfeitures occur. At December 31, 2004 and 2003 forfeited non-vested accounts totaled \$130,497 and \$70,628, respectively. Forfeitures in the amount of \$112,589 and \$99,462 were used to reduce Company matching contributions during 2004 and 2003, respectively.
7. *Payment of Benefits* On termination of service due to death, disability or retirement, each participant is entitled to 100% of his or her account balance. Upon termination of employment for reasons other than death, disability or retirement, each participant is entitled to distributions based upon the vested portion of his or her account valuation determined as of the last day of the Plan year. In addition, participants can withdraw their deferred compensation balance in the event of certain hardship circumstances, as defined. Payment of benefits is made either in one lump sum, installments, or joint and survivor annuity.
8. *Participant Loans* Participants may borrow a minimum of \$1,000 and a maximum of the lesser of 50% of the vested account balance or \$50,000. Interest rates on outstanding loans range from 5% to 10.50%. Loans must be repaid within five years, unless the loan is taken for the purchase of a primary residence, which may be repaid over a period in excess of five years. Participants repay principal and interest through payroll deductions. If participants are terminating or retiring, they will have the choice of repaying the loan or having the loan offset from their account. The offset loan amount will be considered a taxable distribution.
9. *Investment Options* Upon enrollment in the Plan, a participant may direct employee contributions in any of the following investment options.

American Century Ultra Fund Invests mainly in common stocks of the fastest growing companies in the market.

Calvert Social Equity fund Invests in common stocks of large cap companies having market capitalization of at least \$1 billion, seeking long-term growth.

David L. Babson Small Company Opportunities Fund Invests in equity securities of micro cap companies with above average return on assets and equity, low debt, and well regarded management.

Davis Select Large Cap Value Fund Invests in common stocks of growing companies with market capitalizations greater than \$5 billion, seeking long-term growth.

Fidelity Equity Income II Fund Invests primarily in income producing equity securities and considers the potential for capital appreciation.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004

NOTE 2 SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting The financial statements of the Plan are prepared under the accrual method of accounting. The financial statements and supplementary schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of plan assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and, that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition The Plan's investments, except the investments in the guaranteed investment contracts, are valued at fair value based upon the quoted market prices of the underlying securities within each fund at December 31, 2004 and 2003. The investments in the guaranteed investment contracts are presented at contract value, which approximates fair value, as plan management has determined that the investment contracts are fully benefit responsive. Contract value represents the accumulated contributions plus accrued net earnings, less distributions. The crediting interest rate and the average return of the investment contracts held by the guaranteed investment contract at December 31, 2004 and 2003 was 4.0% and 4.8%, respectively. The interest rates on the guaranteed investment contracts are reset on a semi-annual basis. Participant loans are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits Benefits are recorded when paid.

Administrative Expenses Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as deductions.

NOTE 2 SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Plan Termination Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
