**Item 8.01. Other Events.**

**Tender Offer**

On October 13, 2005, HCA Inc. issued a press release announcing the approval by its board of directors of the planned initiation on October 14, 2005 of a modified Dutch auction tender offer to purchase up to 50,000,000 shares of its outstanding common stock, par value \$0.01 per share, at a price not greater than \$50.00 nor less than \$43.00 per share net to the seller in cash, without interest, the text of which is set forth as Exhibit 99.2. The full details of the tender offer will be set forth in the Offer to Purchase, Letter of Transmittal and related materials, which will be attached as exhibits (a)(1)(A) through (a)(1)(G), respectively, to the Schedule TO to be filed by the Company with the Securities and Exchange Commission on October 14, 2005 (the Schedule TO ).

We anticipate that we will obtain the funds necessary to purchase shares tendered in the Offer by utilizing approximately \$500 million of cash on hand, by borrowing approximately \$1 billion under our existing credit facility, as proposed to be amended, or pursuant to the terms and conditions contained in the Refinancing Commitment Letter (as defined below), and by borrowing approximately \$1 billion pursuant to the terms and conditions of the Term Facility Commitment Letter (as defined below).

*Refinancing Commitment Letter.* The Company is seeking an amendment to its existing credit facility to modify the compliance levels for the Company's required ratio of consolidated total debt to consolidated capitalization. If the Company is unable to obtain the required amendment prior to the expiration date of the tender offer, the Company intends to replace the existing credit facility with a new credit facility. JPMorgan Chase Bank, N.A. ( JPMorgan Chase Bank ) has committed, subject to the terms and conditions set forth in the Commitment Letter dated as of October 13, 2005, from J.P. Morgan Securities Inc. and JPMorgan Chase Bank to the Company (the Refinancing Commitment Letter ), to provide up to \$2.425 billion in financing to the Company, consisting of two facilities (the JPMorgan Facilities ): a senior term loan facility in an aggregate principal amount of \$675 million (the JPMorgan Term Facility ) and a senior revolving credit facility (including a competitive bid facility similar to the one provided in the Company's existing bank credit facility) in an aggregate principal amount of \$1.75 billion (the JPMorgan Revolving Facility ). The JPMorgan Facilities will be used to refinance outstanding indebtedness under the Company's existing credit facility and the related senior term loan facility and for general corporate purposes (including but not limited to the redemption or purchase of outstanding securities of the Company).

The JPMorgan Term Facility will provide for a five year maturity and will amortize in non-ratable quarterly installments in years two through five. The JPMorgan Revolving Facility will provide for a five year maturity. Interest on the outstanding balances under the JPMorgan Revolving Facility is payable, at the Company's option, at an alternate base rate (or ABR as that term is defined in the Refinancing Commitment Letter), or at the London Interbank Offered Rate ( LIBOR ) plus a margin ranging from 0.400% to 1.000% depending on the long-term unsecured debt rating of the Company. Interest on the outstanding balances under the JPMorgan Term Facility is payable, at the Company's option, at the ABR plus a margin ranging from 0.000% to 0.250%, or at LIBOR plus a margin ranging from 0.500% to 1.250%, depending on the long-term unsecured debt rating of the Company.

The Company may make optional prepayments of loans under the JPMorgan Facilities, in whole or in part, in minimum amounts of \$5 million, without premium or penalty, and subject to the reimbursement of the lenders redeployment costs in the case of a prepayment of LIBOR borrowings on a day other than the last day of the relevant interest period for that borrowing.

**Table of Contents**

JPMorgan Chase Bank's obligation to make the loans described above is subject to customary conditions precedent and, among others:

the repayment and termination of the existing bank credit facility of the Company;

there shall not have occurred or become known to JPMorgan Chase Bank any condition or change in the financial condition of the Company and its subsidiaries, taken as a whole, that is material and adverse;

JPMorgan Chase Bank not becoming aware of any information or other matter affecting the Company and its subsidiaries, taken as a whole, that is material and adverse and is inconsistent with any such information or other matter disclosed to it prior to the date of the Refinancing Commitment Letter;

A minimum long-term unsecured debt rating from Standard & Poor's Ratings Group and Moody's Investor Service of at least BB+ and Ba2, respectively (with a stable outlook);

the absence of any continuing default under the definitive loan documents; and

the accuracy of all representations and warranties made in the definitive loan documents, including the absence of a material adverse change in the business or assets or in the condition, financial or otherwise, of the Company and its subsidiaries, on a consolidated basis.

The terms of the JPMorgan Facilities will provide for customary representations and warranties and negative and affirmative covenants, and will also include customary events of default such as payment defaults, cross-defaults to other indebtedness of the Company, bankruptcy and insolvency, and a change in control.

JPMorgan Chase Bank and J.P. Morgan Securities Inc. have the ability to syndicate, before or after the consummation of the tender offer, the JPMorgan Facilities to a group of financial institutions, in consultation with the Company. We currently expect to repay amounts borrowed under the JPMorgan Facilities, if any, from the anticipated net proceeds from the sale of notes to be offered in one or more public or private offerings and/or from available cash flow or the proceeds of other borrowings from time to time.

We expect that any undrawn funds under the JPMorgan Facilities, following the consummation of the tender offer and the repayment of amounts required to terminate our existing credit facility, will be generally available to meet our business needs.

*Term Facility Commitment Letter.* JPMorgan Chase Bank and Merrill Lynch Capital Corporation have each individually committed, subject to the terms and conditions set forth in the Commitment Letter dated as of October 13, 2005, from J.P. Morgan Securities Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated, JPMorgan Chase Bank and Merrill Lynch Capital Corporation to the Company (the Term Facility Commitment Letter and, together with the JPMorgan Commitment Letter, the Commitment Letters), to provide to the Company 50% of a senior term loan facility of up to \$1 billion (the JPMorgan/Merrill Term Facility). The JPMorgan/Merrill Term Facility will be used to finance the consummation of the Offer.

The JPMorgan/Merrill Term Facility will provide for a six month maturity. Interest on the outstanding balances under the JPMorgan/Merrill Term Facility is payable, at the Company's option, at an alternate base rate (or ABR as that term is defined in the Term Facility Commitment Letter) or at LIBOR, in each case plus the margin applicable to such loans under the Company's credit facility as of the date of closing of the JPMorgan/Merrill Term Facility.

The terms of the JPMorgan/Merrill Term Facility will provide for customary mandatory prepayment provisions.

The Company may make optional prepayments of loans under the JPMorgan/Merrill Term Facility, in whole or in part, without premium or penalty, and subject to the reimbursement of the lenders' redeployment costs in the case of a prepayment of LIBOR borrowings on a day other than the last day of the relevant interest period for that borrowing.
