ABOUT THE MEETING

Who is soliciting my vote?

The Board of Directors of the Corporation (the Board) is soliciting your vote at the Meeting.

What will I be voting on?

The Corporation's stockholders will be voting on the election of directors (see page 7).

How many votes do I have?

You will have one vote for every share of the Corporation's shares of common stock, par value \$6 per share (Common Stock) you owned as of the close of business on March 9, 2006, the record date for the Meeting (the Record Date).

How many votes can all stockholders cast?

One vote for each of the Corporation's 278,141,020 shares of Common Stock that were outstanding on the Record Date. The shares covered by any proxy that is properly executed and received before 10:00 a.m. local time on the day of the Meeting will be voted.

How many votes must be present to hold the Meeting?

A majority of the votes that can be cast. Votes cast by proxy or in person at the Meeting will be counted by ADP Financial Information Services, Inc., an independent third party. We urge you to vote by proxy even if you plan to attend the Meeting, so that we will know as soon as possible that enough votes will be present for us to hold the Meeting.

How do I vote?

You can vote either in person at the Meeting or by proxy without attending the Meeting.

To vote by proxy, you must either

Fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope,

Vote by telephone (instructions are on the Proxy Card, as authorized by the General Corporation Law of Puerto Rico and the Bylaws of the Corporation), or

Vote over the Internet (instructions are on the proxy card, as authorized by the General Corporation Law of Puerto Rico and the Bylaws of the Corporation).

If you want to vote in person at the Meeting, and you hold your Common Stock through a securities broker or nominee (that is, in street name), you must obtain a proxy from your broker or nominee and bring that proxy to the Meeting.

In addition to solicitation by mail, management may participate in the solicitation of proxies by telephone, personal contacts or otherwise. The Board has engaged the firm of Georgeson & Company, Inc. to aid in the solicitation of proxies. The cost of solicitation will be borne by the Corporation and is estimated at \$7,000.

To avoid delays in ballot taking and counting, and in order to ensure that your proxy is voted in accordance with your wishes, compliance with the following instructions is respectfully requested: when signing a proxy as attorney, executor, administrator, trustee, guardian, authorized officer of a corporation, or on behalf of a minor, please give full title. If shares are in the name of more than one recordholder, all recordholders should sign.

Can I change my vote?

Yes. Just send in a new proxy card with a later date, or cast a new vote by telephone or over the Internet, or send a written notice of revocation to the President or Secretary of Popular, Inc., P.O. Box 362708, San Juan, Puerto Rico 00936-2708, delivered before the proxy is exercised. If you attend the Meeting and want to vote in person, you may request that your previously submitted proxy not be used.

What vote is required and how are abstentions and broker non-votes treated?

For purposes of determining a quorum, abstentions and broker non-votes will be counted as shares that are present and entitled to vote. A broker non-vote results when a broker or nominee has expressly indicated in the proxy card that it does not have discretionary authority to vote on a particular matter and has not received voting instructions from the beneficial owner. As to the election of directors, the proxy card being provided by the Board enables stockholders to vote for the election of the nominees proposed by the Board, or to withhold authority to vote for one or more of the nominees being proposed. The election of directors will be acted upon a majority of the votes cast. Therefore,

abstentions and broker non-votes will not have an effect on the election of directors of the Corporation.

Could other matters be decided at the Meeting?

The Board does not intend to present any business at the Meeting other than that described in the notice of meeting. The Board at this time knows of no other matters which may come before the Meeting. However, if any new matter requiring

Table of Contents

the vote of the stockholders is properly presented before the Meeting, proxies may be voted with respect thereto in accordance with the best judgment of proxyholders, under the discretionary power granted by stockholders to their proxies in connection with general matters.

What happens if the Meeting is postponed or adjourned?

Your proxy will still be good and may be voted at the postponed or adjourned Meeting. You will still be able to change or revoke your proxy until it is voted.

What should I receive?

The Proxy Statement, the Corporation's Annual Report, the Notice of Annual Meeting of Stockholders and the proxy card were sent to stockholders on or about March 17, 2006. The Corporation's Annual Report includes the audited financial statements for the year ended December 31, 2005, duly certified by PricewaterhouseCoopers LLP as independent registered public accountants.

Corporate Governance and Nominating Committee and other Corporate Governance Matters

The Corporate Governance and Nominating Committee consists of three or more members of the Board, each of whom the Board has determined has no material relationship with the Corporation and each of whom is otherwise independent under Nasdaq's director independence rules. The Corporate Governance and Nominating Committee held four meetings during the fiscal year ended December 31, 2005.

The purpose of the Corporate Governance and Nominating Committee is as follows:

identify and recommend individuals to the Board for nomination as members of the Board and its committees;

identify and recommend individuals to the Board for nomination as CEO and Chairman of the Corporation;

promote the effective functioning of the Board and its committees; and

develop and recommend to the Board a set of corporate governance principles applicable to the Corporation, and review these principles at least once a year.

Under the Corporation's Corporate Governance Guidelines, the Board should, based on the recommendations of the Corporate Governance and Nominating Committee, select new nominees for the position of independent director considering the following criteria:

personal qualities and characteristics, accomplishments and reputation in the business community;

current knowledge and contacts in the communities in which the Corporation does business and in the Corporation's industry or other industries relevant to the Corporation's business;

ability and willingness to commit adequate time to Board and committee matters;

the fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Corporation; and

diversity of viewpoints, background, experience and other demographics.

The Corporate Governance and Nominating Committee will consider nominees recommended by stockholders. There are no differences in the manner in which the Corporate Governance and Nominating Committee evaluates nominees for director based on whether the nominee is recommended by a stockholder. The Corporate Governance and Nominating Committee did not receive any recommendation from stockholders for the Meeting.

Stockholders who wish to submit nominees for director for consideration by the Corporate Governance and Nominating Committee for election at the Corporation's 2007 annual meeting of stockholders may do so by submitting in writing such nominees' names and a brief description of the nominees' judgment, skills, diversity, and experience with businesses and other organizations, to the Secretary of the Board of Directors (751) at Popular, Inc., 209 Muñoz Rivera Avenue, Hato Rey, Puerto Rico, 00918, prior to November 17, 2006.

At its February 15, 2006 meeting, the Corporate Governance and Nominating Committee approved the nominations of Juan J. Bermúdez, Richard L. Carrión and Francisco M. Rexach Jr. as Class 1 directors, in the Corporation's 2006 proxy card.

Certain portions of the Code deal with activities of directors, particularly with respect to transactions in the securities of the Corporation and potential conflicts of interest. Directors, executive officers and employees are required to be familiar with and comply with the Code. The Code provides that any waivers for executive officers or directors may be made only by the independent members of the Board and must promptly be disclosed to the stockholders. During 2005, the Corporation did not receive nor grant any request from directors or executive officers for waivers under the provisions of the Code. The Code is available at the Corporation's website, www.popular.com.

AUDIT COMMITTEE REPORT

Audit Committee

The Audit Committee consists of three or more members of the Board. The members of the Audit Committee each have been determined by the Board to be independent as required by Nasdaq's director independence rules. Currently, the Audit Committee is comprised of four outside directors all whom are independent. The Audit Committee held 14 meetings during the fiscal year ended December 31, 2005. Earnings releases, Form 10-K and Form 10-Q filings were discussed in eight of such meetings.

The Audit Committee's primary purpose is to assist the Board in its oversight of the accounting and financial reporting processes of the Corporation. The Audit Committee operates pursuant to a charter that was last amended and restated by the Board on October 13, 2004.

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements of the Corporation for the fiscal year ended December 31, 2005 with management and PricewaterhouseCoopers LLP, the Corporation's independent registered public accountants. The Audit Committee has also discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committees". Finally, the Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1, as amended, "Independence Discussion with Audit Committees", has considered whether the provision of non-audit services by the independent registered public accounting firm to the Corporation is compatible with maintaining the auditors' independence, and has discussed with the independent registered public accountants the auditors' independence from the Corporation and its management. These considerations and discussions, however, do not assure that the audit of the Corporation's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB), that the financial statements are presented in accordance with Generally Accepted Accounting Principles (GAAP) or that the Company's registered public accountants are in fact independent.

As set forth in the Audit Committee Charter, the management of the Corporation is responsible for the preparation, presentation and integrity of the Corporation's financial statements. Furthermore, management and the Internal Audit Division are responsible for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations. PricewaterhouseCoopers LLP is responsible for auditing the Corporation's financial statements and expressing an opinion as to their conformity with GAAP in the United States of America.

The members of the Audit Committee are not engaged professionally in the practice of auditing or accounting and are not employees of the Corporation. The Corporation's management is responsible for its accounting, financial management and internal controls. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures to set auditor independence standards.

Based on the Audit Committee's consideration of the audited financial statements and the discussions referred to above with management and the independent registered public accountants, and subject to the limitations on the role and responsibilities of the Audit Committee set forth in the Charter and those discussed above, the Committee recommended to the Board that the Corporation's audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC.

COMPENSATION OF DIRECTORS

Prior to May 2004 outside directors of the Corporation were granted options to purchase Common Stock pursuant to the 2001 Stock Option Plan (the "2001 Option Plan"). In May 2004 they were granted options under the Popular, Inc. 2004 Omnibus Incentive Plan (the "2004 Omnibus Plan"). The amount of stock options granted each month was equal to the quotient (rounded to the nearest whole share) of (x) 6,250 and (y) the value of the option based on the closing price of the Common Stock on the date granted. Option values on the grant dates were determined by using the Black-Scholes Option Valuation Model. The options granted shall become exercisable with respect to 20% of the shares on each anniversary of the date of grant and remain exercisable until the 10th anniversary of the grant.

On July 14, 2004, the Board approved a new compensation package for the non-employee directors of the Corporation based on recommendations from Watson Wyatt, outside consultants. Under the terms of such package each director receives an annual retainer of \$20,000, while directors that are elected as chairman of any Board committee receive an annual retainer of \$25,000. The retainer is paid in either cash or restricted stock under the 2004 Omnibus Plan, at the director's election. The directors also receive an annual grant of \$35,000 payable in restricted stock under the 2004 Omnibus Plan.

In addition, during 2005 non-employee directors received \$1,000 for each Board or committee meeting paid in either cash or restricted stock at the director's election. All restricted stock awards are subject to risk of forfeiture and restrictions on transferability until retirement, when they become vested. Dividends are paid on the restricted stock during the vesting period with reinvestment into shares of Common Stock.

The Corporation reimburses directors for travel expenses incurred in connection with attending Board, committee and stockholder meetings and for other Corporation-related business expenses (including the travel expenses of spouses if they are specifically invited to attend the event for appropriate business purposes), which may include use of private aircraft, if available and approved in advance by the CEO.

EXECUTIVE COMPENSATION PROGRAM

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Overview

The Compensation Committee endeavors to keep abreast of competitive compensation practices with regard to salaries, incentive compensation and supplemental programs in order to assist the Corporation in attracting and retaining the most qualified executive officers whose contributions and experience help the Corporation sustain growth, thereby enhancing shareholder value. They also oversee the general people and compensation practices of the Corporation.

The Compensation Committee evaluates and recommends to the Board the Corporation's compensation policy for the Chairman of the Board and CEO and the Executive Officers. The Compensation Committee considers, among other factors, competitive pay practices for developing a stronger relationship between executive compensation and the Corporation's long-term performance. The executive compensation program for principal officers of the Corporation's subsidiaries is set according to the industry and geographical area in which each operates and is approved by the Board of Directors of each respective subsidiary.

Table of Contents**Compensation for the Chairman of the Board, President and CEO**

On an annual basis, Mr. Carrión, Chairman of the Board, President and CEO submits to the Compensation Committee a plan setting forth both quantitative and qualitative goals for the fiscal year, and medium and long-term objectives. In evaluating and setting compensation, the Compensation Committee considers the Corporation's performance with respect to the goals set forth in the plan. Therefore, the Compensation Committee evaluates Mr. Carrión's performance by taking into consideration the growth of the organization, implementation of a diversification strategy, achievement of financial goals, improvements to the product and service delivery system and development of people. The weight and significance accorded to these factors is subjective in nature.

From 2000 to 2003, Mr. Carrión's compensation package was below the levels at comparable banking organizations for their chief executive officers. This reflected his decision to defer increases in salaries, including corresponding short and long-term incentives, during the three year period in which the Corporation was under the Written Agreement with the Federal Reserve Bank of New York and the one year period under the Deferred Prosecution Agreement with the Department of Justice, the Federal Reserve Bank of New York and the Treasury Department's Financial Crime Enforcement Network. The Written Agreement was terminated on January 16, 2003 and the Deferred Prosecution Agreement was dismissed on January 16, 2004. Accordingly, as proposed by the Compensation Committee and accepted by Mr. Carrión, Mr. Carrión's compensation was revised effective February 2004.

Effective September 2005, the Compensation Committee approved a request made by Mr. Carrión to reduce his base salary by 10% as a measure to further align the Corporation's executive compensation practices with the Corporation's financial performance. He continues to participate in a short-term incentive plan with a target of 100% of salary to a maximum of 150%, payable in cash, provided all objectives are met. He also continues to participate in a long-term incentive plan paid in restricted stock of the Corporation, with a target of 200% of salary to a maximum of 250%. This restricted stock is deferred until retirement and cannot be sold before then. These incentive plans link the CEO's pay very closely to the Corporation's performance and with the stockholder's long-term interests. Mr. Carrión already holds a significant degree of ownership in the Corporation, as indicated in the Beneficial Ownership Section of this Proxy Statement. For more information regarding the compensation of Mr. Carrión, please refer to the Summary Compensation Table.

Compensation of Executive Officers

The group of Executive Officers is composed of two Senior Executive Vice Presidents and six Executive Vice Presidents of the Corporation all of whom participate in annual and long-term incentive plans. The President and CEO recommends the salary increases and the bonuses to be awarded to the Executive Officers pursuant to the incentive plans. In conjunction with the aforementioned action taken by the CEO, effective January 1, 2006, the Executive Officers voluntarily reduced their base salary. Mr. Chafey reduced his salary by 10% while all other Executive Officers reduced their salary by 5%.

The Corporation's annual incentive program is based on financial results of the Corporation, individual business results and individual performance. The program is designed to encourage the achievement of short-term financial goals and to increase shareholder value. The first incentive component is a cash bonus. The second component is a deferred long-term incentive awarded in restricted stock of the Corporation.

Table of Contents**Changes in Banco Popular de Puerto Rico Retirement Program**

Effective January 2006, the Bank implemented significant changes to its retirement program with the primary objective of maintaining total compensation competitiveness while providing greater flexibility to employees and promoting a shared responsibility for retirement saving. Generally, the Bank reduced retirement benefits in the area of deferred profit sharing and defined retirement benefits for younger and shorter-service employees. In connection with these changes, employees received increases in base salary and the opportunity to obtain a greater matching contribution from the Bank in the defined contribution savings plan.

The management of the Corporation believes that these changes are consistent with demographic trends, competitive compensation practices, sound corporate governance and the alignment of the Corporation's total compensation programs.

Profit Sharing Plan of Banco Popular de Puerto Rico

During 2005 all officers and regular monthly salaried employees of the Bank were active participants in the Bank's Profit Sharing Plan, as of the first day of the calendar month following the completion of three months of service. Under this plan, the Board of Directors of the Bank determines the Bank's annual contribution according to the Bank's profits for the year. The amount allocated to each officer or employee is based on his or her earned salary for the year.

The total amount contributed for the year 2005 was \$18,066,000. Of the total awarded 50% is deferred under the Profit Sharing Plan and the remaining 50% is paid in cash.

Effective January 1, 2006, the Bank will no longer provide a deferred profit sharing award. The Bank will continue to provide a cash-based profit sharing award to employees based on the Bank's financial results. The assets and liabilities of the Profit Sharing Plan will be transferred to employee Savings and Stock Plan accounts during 2006. In connection with this change, employees received a predetermined increase in base salary effective January 1, 2006, and the Bank implemented significant improvements to its Savings and Stock Plan (described below).

Retirement Plan of Banco Popular de Puerto Rico

During 2005 the Bank had a non-contributory, defined benefit Retirement Plan covering substantially all regular monthly salaried employees. These employees were eligible to participate in the Retirement Plan following the completion of one year of service and attaining 21 years of age.

Effective December 31, 2005, the Bank ceased accruing additional benefits under its non-contributory, defined benefit Retirement Plan for employees under 30 years of age or with less than 10 years of credited service (approximately 60% of plan participants). These employees are 100% vested in their accrued benefit as of that date. In connection with this change, these employees received a base salary increase according to their age and years of service, effective January 1, 2006.

The basis for the Retirement Plan formula is total compensation, which includes Christmas bonus, incentives, overtime, differentials, profit sharing cash bonuses and any other type of compensation received by the employees other than deferral to and distributions from nonqualified deferred compensation arrangements. Benefits in the normal form are paid on the basis of a straight life annuity plus supplemental death benefits and are not reduced for Social Security or other payments received by the participants. Pension costs are funded in accordance with minimum funding standards under the Employee Retirement Income Security Act (ERISA).

Normal retirement age under the Retirement Plan is age 65 with 5 years of service. Early retirement is on or after 50 years of age (if the combination of years of age and completed years of service totals 75) or on or after 55 years of age with 10 years of service. Employees with 30 years of service or more are provided with a retirement benefit of 40% of pensionable compensation. Benefits are reduced only if the employee retires before age 55. Benefits under the Retirement Plan are subject to the U.S. Internal Revenue Code limits on compensation and benefits. Benefits under Restoration Plans restore benefits to select employees that were limited under the Retirement Plan due to IRS limits and a compensation definition that excludes amounts deferred to nonqualified arrangements.

The following table sets forth the estimated annual benefits in the normal form that would become payable under the Retirement Plan (including the Benefit Restoration Plans) based upon certain assumptions as to total compensation levels and years of service.

The amounts shown in this table are not necessarily representative of amounts that may actually become payable under the plans. The amounts represent the benefits upon retirement on December 31, 2005, of a participant at age 65.
