PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To be Held on May 3, 2007

You are receiving this Proxy Statement and the accompanying Proxy Card (Proxy) from us because you own shares of common stock in Crawford & Company (the Company). Only shareholders of Class B Common Stock of the Company are entitled to vote. The Proxy Statement describes the proposals on which we would like you to vote. It also gives you information so that you can make an informed voting decision. We first mailed this Proxy Statement and the form of Proxy to shareholders on or about March 28, 2007. The Annual Report of the Company for the fiscal year ended December 31, 2006 is also enclosed herewith.

VOTING AT THE ANNUAL MEETING

Date, Time and Place of the Annual Meeting

The Annual Meeting of Shareholders, and any adjournment or postponement thereof, will be held in the Home Office Building of the Company, located at 5620 Glenridge Drive, N.E., Atlanta, Georgia, on Thursday, May 3, 2007 at 2:00 p.m., local time.

Who May Vote

Only shareholders of record of Class B Common Stock of the Company as of the close of business on March 6, 2007 (the Record Date) will be entitled to vote at the Annual Meeting. As of that date, the Company had outstanding 24,697,172 shares of Class B Common Stock, each share being entitled to one vote.

Additionally, for information only, this Proxy Statement is being mailed to shareholders of Class A Common Stock of the Company as of the Record Date. Shares of Class A Common Stock are not entitled to vote at the Annual Meeting of Shareholders. Accordingly, no Proxy is being requested and no Proxy should be sent with respect to such shares.

Quorum for the Annual Meeting and Votes Required

A majority of the issued and outstanding shares of Class B Common Stock entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at such meeting. Proxies voted to withhold authority, abstentions and broker non-votes will be treated as present for purposes of determining the presence of a quorum.

Each share of Class B Common Stock is entitled to cast an affirmative vote for up to nine (9) Director nominees. Cumulative voting is not permitted. The nine nominees for Director who receive the highest number of votes cast, in person or by Proxy, at the Annual Meeting will be elected Directors. Votes withheld, abstentions, and broker non-votes, will have no effect on the outcome of the election of Directors.

The vote required under Georgia law for the proposal to approve the 2007 Non-Employee Director Stock Option Plan is a majority of the shares of Class B Common Stock present in person or represented by Proxy. For this purpose, abstentions are neither counted as votes cast for or against this proposal. In addition, to satisfy the New York Stock Exchange (NYSE) listing standards, the proposal must also receive the affirmative vote of a majority of the votes cast on this proposal provided that the total number of votes cast on this matter represents greater than 50% of the Company s outstanding shares entitled to vote. For purposes of the NYSE listing standard, abstentions are counted as votes cast on this proposal and, as a result have the same effect as a vote against the

Table of Contents

proposal. The vote required for the approval of the Management Team Incentive Compensation Plan, the ratification of the appointment of Ernst & Young LLP as the Company's independent auditors for the year 2007 and to pass the shareholder proposal entitled the Maximize Value Resolution, is, respectively, a majority of the shares of Class B Common Stock present in person or represented by Proxy.

How to Vote

You may attend the Annual Meeting and vote your shares in person, or you may choose to submit your proxies by any of the following methods:

Voting by Mail. If you choose to vote by mail, simply complete the enclosed Proxy, date and sign it, and return it in the postage-paid envelope provided. Your shares will be voted in accordance with the instructions on your Proxy unless it is revoked. If you sign your Proxy and return it without marking any voting instructions, your shares will be voted FOR the election of all Director nominees, FOR the adoption of the 2007 Non-Employee Director Stock Option Plan, FOR the adoption of the Management Team Incentive Compensation Plan, FOR the ratification of the appointment of Ernst & Young LLP as independent auditors for 2007, AGAINST the shareholder proposal entitled Maximize Value Resolution, and in the discretion of the persons named as proxies on all other matters that may come before the Annual Meeting or any adjournment or postponement thereof.

Voting by Telephone. You may vote your shares by telephone by calling the toll-free telephone number provided on the Proxy. Telephone voting is available 24 hours a day, and the procedures are designed to authenticate votes cast by using a personal identification number located on the Proxy. The procedures allow you to give a proxy to vote your shares and to confirm that your instructions have been properly recorded. If you vote by telephone, you should not return your Proxy.

Voting by Internet. You also may vote your shares through the Internet by signing on to the website identified on the Proxy and following the procedures described in the website. Internet voting is available 24 hours a day, and the procedures are designed to authenticate votes cast by using a personal identification number located on the Proxy. The procedures allow you to give a proxy to vote your shares and to confirm that your instructions have been properly recorded. If you vote by Internet, you should not return your Proxy.

If you are a shareholder whose shares are held in a street name, (*i.e.*, in the name of a broker, bank or other record holder), you must either direct the record holder of your shares how to vote your shares or obtain a Proxy, executed in your favor, from the record holder to be able to vote at the Annual Meeting.

The Company encourages shareholders who hold shares in a street name to provide instruction to that record holder by voting their Proxy. Providing voting instructions ensures that shares will be voted at the meeting. If shares are held through a brokerage account, the brokerage firm under certain circumstances, may vote the shares without instructions. On certain routine matters, such as the election of directors, brokerage firms have authority under NYSE rules to vote their customers' shares if the customers do not provide voting instructions. When a brokerage firm votes its customers' shares on a routine matter without receiving voting instructions, these shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of shares voted for or against the routine matter. The proposal relating to the election of directors and the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent auditors for the year 2007 are routine matters.

On non-routine matters, if the brokerage firm has not received voting instructions from the shareholder, the brokerage firm cannot vote the shares on that proposal, which is considered a broker non-vote. Broker non-votes will be counted for purposes of establishing a quorum to conduct business at the meeting but not for determining the number of shares

voted for or against the non-routine matter. The proposals to approve the 2007 Non-Employee Director Stock Option Plan, the Management Team Incentive Compensation Plan, and the Shareholder Proposal entitled Maximize Value Resolution are non-routine matters.

Any shareholder giving a Proxy has the power to revoke it at any time before it is voted by the execution of another Proxy bearing a later date or by written notification to the Secretary of the Company. Shareholders who are present at the Annual Meeting may revoke their Proxy and vote in person if they so desire.

Table of Contents**PROPOSAL 1 ELECTION OF DIRECTORS****Nominees and Voting**

Table of Contents

January 2007 he was Dean of the Terry College of Business at the University of Georgia. The principal occupation or employment of each of the other nominees during the past five years has been as indicated in the above table.

Director Independence

A majority of the directors will be independent directors under the NYSE corporate governance listing standards, as in effect from time to time. The Board believes that directors who do not meet the NYSE's independence standards also make valuable contributions to the board and to the Company by reason of their experience and wisdom. To be considered independent under the NYSE rules, the director must be determined, by resolution of the Board as a whole, after due deliberation, to have no material relationship with the Company other than as a director. The board has established the following categorical independence standards to assist it in determining director independence.

1. In no event will a director be considered independent if, within the preceding three years:

the director was employed by the Company or any of its direct or indirect subsidiaries;

an immediate family member of the director was employed by the Company or any of its direct or indirect subsidiaries as an executive officer;

the director or any immediate family member received more than \$100,000 per year in direct compensation from the Company or any of its direct or indirect subsidiaries, other than director and committee fees and pension or other forms of deferred compensation for prior service (as long as such compensation is not contingent in any way on continued service);

the director was employed by or affiliated with the Company's present or former independent auditor or internal auditor;

an immediate family member of the director was employed in a professional capacity by the Company's present or former independent auditor or internal auditor;

an executive officer of the Company was on the compensation committee of the board of directors of a company that employed either the director or an immediate family member of the director as an executive officer; or

the director was an executive officer or an employee, or an immediate family member of the director was an executive officer, of a company that made payments to, or received payments from, the Company for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1 million, or 2% of the other company's consolidated gross revenues.

2. The following relationships will not be considered to be material relationships that would impair a director's independence:

if a director is an executive officer of another company which is indebted to the Company, or to which the Company is indebted, and the total amount of the indebtedness is less than one percent of the total consolidated assets of the indebted company; and

if a director serves as an executive officer, director or trustee, or an immediate family member of the director serves as an executive officer, of a charitable organization and the Company's charitable contributions to the organization in any of the last three fiscal years, in the aggregate, are less than (1) one percent of that

organization's latest publicly available consolidated gross revenues (or annual charitable receipts, if revenue information is not available) or (2) \$50,000, whichever is greater.

The Board has determined, pursuant to the listing standards of the NYSE, that all Directors standing for election are independent for purposes of serving on the Board of Directors, except Thomas W. Crawford. The companies with which Mr. Prince and Mr. Wood are affiliated, Genuine Parts Company and SunTrust Banks, Inc., respectively, are customers of the Company and the Company is a customer of SunTrust Banks, Inc. The Board has determined that the payments to the Company or from the Company with respect to Genuine Parts Company and SunTrust Banks, Inc., as a percentage of either entities' consolidated gross revenue are immaterial as affecting each

Table of Contents

director's independence. In addition, SunTrust Banks, Inc. is a lender to the Company. The Board has determined that these loans do not affect the independence of Mr. Wood, since the annual repayments and interest payments on the loans by the Company, and the outstanding total loan balance itself, are not material when compared to the consolidated gross annual revenues of SunTrust Banks, Inc. For purposes of the Company's Audit Committee, Mr. Johnson, Mr. Lanier, Mr. Edwards and Mr. Prince are independent under the NYSE listing standards and Rule 10A-3 promulgated under the Securities Exchange Act of 1934, and Mr. Johnson and Mr. Edwards are Audit Committee Financial Experts as defined by Item 401(h) of Regulation S-K under the Securities Exchange Act of 1934. There are no family relationships among the director nominees.

Standing Committees and Attendance at Board and Committee Meetings

The Board of Directors has three standing committees. The Executive Committee consists of Jesse C. Crawford as Chairman, and Larry L. Prince, Thomas W. Crawford and E. Jenner Wood, III as members. The Audit Committee consists of Robert T. Johnson as Chairman, and J. Hicks Lanier, Larry L. Prince and since November 15, 2006 James D. Edwards as members. The Nominating/Corporate Governance/Compensation Committee consists of J. Hicks Lanier as Chairman, and E. Jenner Wood, III, Clarence H. Ridley and since February 7, 2006, James D. Edwards and P. George Benson as members. Mr. Robert T. Johnson was a member of the Nominating/Corporate Governance/Compensation Committee from April 27, 2004 to February 7, 2006.

The Executive Committee may exercise all the authority of the Board of Directors between its meetings with respect to all matters not specifically reserved by law to the Board of Directors. The Executive Committee held five meetings during 2006.

The Audit Committee appoints or discharges the Company's independent auditors, reviews with the independent auditors the audit plan and results of the audit engagement, reviews the scope and results of the Company's internal auditing procedures and the adequacy of its accounting controls, approves professional services provided by the independent auditors, reviews the independence of the independent auditors, and approves the independent auditor's audit and non-audit fees. The Committee also reviews and approves related party transactions, in accordance with the Company's Related Party Transactions Policy. The Company's Related Party Transactions Policy is designed to eliminate conflicts of interest and improper valuation issues, and applies to the Company's directors, senior officers, shareholders holding 5% or more of the Company's stock and family members or controlled affiliates of such persons. The Committee has adopted a written charter, approved by the Board of Directors. The Audit Committee held five meetings during 2006.

The Nominating/Corporate Governance/Compensation Committee actively reviews and selects director nominees for the Board, advises and makes recommendations to the Board on all matters concerning corporate governance and directorship practices and formulates and approves salaries, grants of stock options, performance share units and restricted stock and other compensation to the Chief Executive Officer and, upon recommendation by the Chief Executive Officer, salaries, grants of stock options, performance share units and restricted stock and other compensation for all other officers of the Company. The Board of Directors has determined that all members of the Nominating/Corporate Governance/Compensation Committee are independent pursuant to the NYSE Listing Rules. The Nominating/Corporate Governance/Compensation Committee has adopted a written charter, approved by the Board of Directors. The Nominating/Corporate Governance/Compensation Committee identifies and evaluates nominees for director according to the guidelines stated in this written charter. The Nominating/Corporate Governance/Compensation Committee will consider director candidates recommended by shareholders. See

Communications with the Board, Board Attendance at Annual Meetings, Shareholder Nominees below. This Committee held two meetings in 2006. For additional information about the Nominating/Corporate Governance/Compensation Committee's processes and the role of executive officers and compensation consultants in determining compensation, see Compensation Discussion and Analysis below.

Non-management and independent directors meet regularly without management participation. During 2006 there were four such meetings. The Presiding Director for each of these meeting was Jesse C. Crawford.

During 2006, the Board of Directors held seven meetings. Each of the Company's Directors attended at least seventy-five percent (75%) of the aggregate number of meetings of the Board of Directors and committees thereof of which such Director was a member, with the exception of Clarence H. Ridley, who attended 56%.

COMPENSATION DISCUSSION AND ANALYSIS

The fundamental philosophy of the Committee is to ensure that the compensation programs of the Company will attract and retain key executives critical to its long-term success through the establishment of a performance-oriented environment that rewards the achievement of strategic management goals, with the attendant enhancement of shareholder value. This Compensation Discussion and Analysis focuses on compensation to the Named Executive Officers of the Company listed on page 12 of this Proxy Statement and provides additional information regarding compensation to key executive officers of the Company.

Role of the Committee

The role of the Committee among other responsibilities, is (1) to annually review and approve the Company's goals and objectives relevant to CEO and senior executive compensation, including as the Committee deems appropriate, consideration of the Company's performance and relative stockholder return, the value of similar incentive awards to officers at comparable companies, the awards given to the officers in past years and such other factors as the Committee deems relevant, and evaluate the CEO's and the other senior executives' performance in light of those goals and objectives, (2) to review and approve the adoption, terms and operation of the Company's compensation plans for all directors, officers and other senior executives, including incentive-compensation plans and equity-based plans, and (3) to grant stock options, performance share units, restricted stock and other discretionary awards under the Company's incentive-compensation and equity-based plans.

Role of Executive Officers in Executive Compensation Matters

Regarding most compensation matters, including executive and director compensation, management provides recommendations to the Committee and the Committee takes action with respect to such compensation; however, the Committee does delegate some of its functions to the Chief Executive Officer in setting compensation.

Compensation Consultants

The Committee's Charter provides for the Committee to retain and terminate, as deemed necessary, any compensation consultant to be used to assist in the evaluation of director, CEO or executive compensation. The Committee has the sole authority to select such consultant and to approve the consultant's fees and other retention terms. Historically, the Committee has not regularly engaged a consultant related to executive and/or director compensation matters. However, in 2005 the Committee did engage Pearl Meyer of Steven Hall & Partners for advice in designing the compensation of Mr. Isaac and certain other lead executives of The Garden City Group, Inc., a wholly-owned subsidiary of the Company. Beginning in 2007, the Committee has engaged Mercer Human Resource Consulting to review and advise it on executive and general compensation matters.

Elements of Compensation

The Company does not have an exact formula for allocating between cash and non-cash compensation to its executive officers. Compensation is generally paid as earned. Each executive's current and prior compensation is considered in setting future compensation. In addition, the Company reviews the compensation practices of other

Table of Contents

companies. To some extent, our compensation plan is based on the market and the companies we compete against for executives. There are three key elements in the Company's executive compensation program:

Pay Element	What the Element Rewards	Purpose of the Pay Element
Base Salary	Individual job performance and merit.	Ensure internal equity among executives. Provide competitive compensation. Align interests of executives with interests of shareholders by setting overall compensation in line with Company's pre-tax earnings.
Annual Incentives	Achievement of targeted operating earnings.	Provides focus on meeting annual earnings goals that lead to our long-term success.
Long-term Incentives	Increase in shareholder value. Vesting periods designed to encourage employee retention.	The combination of options, restricted stock and performance share units provides a blended focus on: <ul style="list-style-type: none"> Increase in stock price Operating earnings Executive ownership of stock

Base Salary Compensation

The Company has established a comprehensive Wage and Salary Administration Policy applicable to the Company and its U.S. subsidiaries. This Policy includes a program for grading each position, including those of the U.S. Executive Officers of the Company, to ensure internal equity. Additionally, the Policy sets forth grade levels and salary ranges for those grade levels, and provides for annual merit increases tied to individual job performance as measured through annual performance reviews. Based on published national surveys, the Company annually establishes merit increase budgets as a percent of current salaries and any increases in salary ranges for the next fiscal year. Generally, the Company is at the midpoint of projected merit salary increases and salary range adjustments as reflected in the national surveys, with some adjustment up or down depending on prior year pre-tax earnings and revenues of the Company. Consistent with the overall merit increase percentage, the Company establishes guidelines for individual salary adjustments based on the individual's performance rating. The base salaries for all employees other than the Chief Executive Officer are determined in this manner.

The Committee initially establishes and re-evaluates the salary of the Chief Executive Officer on an annual basis. In re-evaluating the base salary for the Chief Executive Officer, the Committee looks primarily at the pre-tax earnings of the Company in the preceding fiscal year as compared to the prior fiscal year. The Committee also takes into account external circumstances which may have impacted that performance which were not within the control of the Company or its Executive Officers, the increases in the base salaries of other employees of the Company, and the Committee's assessment of the personal performance of the Chief Executive Officer during the preceding year. For both establishing and re-evaluating the base salary of the Chief Executive Officer, the Committee also looks at market conditions, both within the Company's industry peer group and otherwise. For the 2006 fiscal year, the Committee established the base salary of the Chief Executive Officer, Mr. T. W. Crawford, at \$700,000 per annum.

Annual Incentive Compensation

Under the Company's 1996 Incentive Compensation Plan, which covers all U.S. key employees of the Company (other than the Chief Executive Officer, Chief Operating Officer Global Property & Casualty, Executive Vice President Financial Administrative Services and employees of The Garden City Group, Inc. and Broadspire Management Services, Inc.), at the beginning of each fiscal year the Committee establishes pre-tax earnings and revenue thresholds, as well as targeted pre-tax earnings. A bonus pool is created for sales and marketing key employees based principally on increases in revenues above the threshold amount, while the bonus pool for other

Table of Contents

participants is based primarily on growth in pre-tax earnings from the threshold amount up to the targeted pre-tax earnings. The Committee has the discretion to modify the formula for any bonus pool. The bonus pool is allocated by Mr. T. W. Crawford, the Company's Chief Executive Officer, to the business units and staff departments based on his assessment of performance of the business unit and staff participants, and to each individual participant by the business unit or staff manager based on the individual's personal performance and salary grade. The Chief Executive Officer establishes the bonuses for his direct reports.

The Committee sets the bonus for the Chief Executive Officer, based primarily on pre-tax earnings and the bonuses paid under the 1996 Incentive Compensation Plan, as a percentage of salary, to the other Executive Officers of the Company. Historically, the Chief Executive Officer's bonus, as a percentage of his base salary, has been higher than the average paid to the other Executive Officers, expressed as a percentage of their base salaries. The Committee awarded Mr. T. W. Crawford, a bonus of \$400,000 for 2006, to be paid in 2007. This bonus was based upon Mr. T. W. Crawford's role in successfully completing the acquisition of Broadspire Management Services, Inc., as well as creating and implementing various operational goals of the Company in order to position the Company to achieve more beneficial financial results in the coming years.

A central element of the Company's annual incentive compensation philosophy has been to link a significant portion of cash compensation to the attainment of our annual financial objectives. The proposed Crawford & Company Management Team Incentive Compensation Plan, set forth in the third proposal, is intended to continue this direct linkage between our performance and compensation to the persons who are most responsible for such performance.

Long-Term Incentive Compensation

Under the Company's Executive Stock Bonus Plan, officers and other key employees of the Company may be granted performance share unit awards or restricted stock awards (collectively "Awards") by the Committee, payable in shares of the Company's Class A Common Stock. The Committee typically reviews and acts upon the recommendations of the Chief Executive Officer for the grant of Awards, on a discretionary basis, annually to the Company's other officers and key employees. The number of shares of the Company's Class A Common Stock covered by such Awards is generally based upon the grade level of the officer or other key employee's position, but without regard to the individual's stock ownership or the number of options previously granted. In 2006, as part of the annual grant, the Committee granted a performance share unit award to Mr. T.W. Crawford. Based on the pre-defined performance measures, Mr. T. W. Crawford earned 8,333 shares of the Company's Class A Common Stock from this award, payable subject to vesting requirements at a rate of 20% of the earned award per year. Mr. Crawford was vested in 20% of this award for 2006, and thus received payment of 1,667 shares of the Company's Class A Common Stock. Mr. Crawford was also vested in the second 20% tranch of his 2005 award and thus received the payment of 1,000 shares of the Company's Class A Common Stock.

Impact of Internal Revenue Code Section 162(m)

Internal Revenue Code Section 162(m) provides that compensation in excess of \$1 million paid to certain executive officers is not deductible unless it is performance-based. It is the policy of the Committee to periodically review and consider whether particular compensation and incentive payments to the Company's executives will be deductible for federal income tax purposes. For the Company's 2006 fiscal year, payments to both Mr. T.W. Crawford and Mr. Isaac exceeded the \$1 million limit imposed by Section 162(m). The total compensation subject to the Section 162(m) limitation paid to Mr. T.W. Crawford for the period was \$1,173,855, exceeding the limit by \$173,855. The total compensation subject to the Section 162(m) limitation paid to Mr. Isaac for the period was \$1,228,000, exceeding the limit by \$228,000. The Crawford & Company Management Team Incentive Compensation Plan set forth in the third proposal of this proxy, if approved by the shareholders, is designed to allow the Committee to structure awards under that plan so that the resulting compensation would be qualified performance-based compensation eligible for

deductibility without limitation under Code Section 162(m). However, the Committee retains the ability to evaluate the performance of the Company's executives, including the CEO, and to pay appropriate compensation, even if it may result in the non-deductibility of certain compensation under federal tax law.

Accounting Considerations

Our Compensation Committee and management take into consideration the accounting effect of the forms of compensation that the Compensation Committee determines to award. Most of our stock option grants that are subject to expense recognition under SFAS 123(R) were granted prior to 2005. Stock-based compensation expense for performance share units and restricted stock related to our executive stock bonus plan is allocated to our operating segments and included in the determination of segment operating earnings or loss. The amount allocated to the operating segments was \$2.3 million for the year ended December 31, 2006. Stock-based compensation expense related to the employee stock purchase plan, incentive stock options and nonqualified stock options are not allocated to the operating segments. The amount of stock-based compensation expense not allocated to the operating segments was \$1.2 million during 2006 under the provisions of SFAS 123(R). We adopted SFAS 123(R) effective January 1, 2006. Prior to the adoption of SFAS 123(R), we accounted for all stock-based compensation under the provisions of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees (APB 25). There was a diminimis amount of stock-based compensation expense in 2005 recognized in our Consolidated Statements of Income under the provisions of APB 25 and none in 2004. Beginning January 1, 2006, we began accounting for stock-based payments in accordance with the requirements of SFAS 123(R).

Equity Grant Practices

Our Compensation Committee selects the terms of our equity compensation awards including grant date, exercise price of options and vesting period in accordance with our equity compensation plans. Equity awards are generally on an annual basis.

At December 31, 2006, we had three types of stock-based compensation plans: stock option plans, an executive stock bonus plan which allows grants of performance share units and restricted stock, and employee stock purchase plans. Our stock option plans for key employees and directors provide for nonqualified and incentive stock option grants. All stock options are for shares of the Company's Class A common stock. Option awards are granted with an exercise price equal to the market price of our stock at the date of grant. Our stock option plans are approved by shareholders. Under the key employee stock option plan, incentive and nonqualified options for up to 6,250,000 shares may be granted. Employee stock options typically are subject to graded vesting over five years (20% each year) and have a typical life of ten years.

Under our directors' plan, board members are granted options upon initial election to the Board and upon annual re-election to the Board. Options for up to 450,000 shares may be granted under the directors' plan. Directors' options are fully vested at grant date and have a typical life of ten years.

Under our executive stock bonus plan, we are authorized to issue up to 4,000,000 shares of the Company's Class A common stock. The plan has two components: a performance share unit component and a restricted stock component. Under the performance share unit component, key employees of the Company are eligible to earn shares of stock upon the achievement of certain individual and corporate objectives. Share grants are subject to graded vesting over periods typically ranging from three to five years. Shares are not issued until the vesting requirements have lapsed. Dividends are not paid or accrued on unvested shares. Under the restricted stock component, the Board of Directors may elect to issue restricted shares of stock in lieu of, or in addition to, cash bonus payments to certain key employees. Employees receiving these shares have restrictions on the ability to sell the shares. Such restrictions lapse ratably over vesting periods ranging from several months to five years. For grants of restricted stock, vested and unearned shares issued are eligible to receive nonforfeitable dividends if dividends are declared by the Company's Board of Directors.

Grant of Plan-Based Awards Table

The Company maintains the Executive Stock Bonus Plan under which awards of performance share units or restricted stock may be granted to specified employees of the Company. The Company previously sponsored stock option plans under which outstanding option grants remain exercisable by prior participants in those plans. The following table sets forth certain information with respect to the non-equity incentive awards, restricted stock awards, performance share unit awards and options granted during or for the fiscal year ended December 31, 2006 to each of our Named Executive Officers.

- (3) Mr. Giblin's employment with the Company ended May 2, 2006 and his awards were forfeited.
- (4) In 2006, two grants of restricted stock were made to Messrs. Swain and Bowman on a day other than a meeting of the Committee. The grants were made under letter agreements negotiated by our CEO pursuant to authority delegated to him by the Committee to offer Messrs. Swain and Bowman new positions with the Company, which letter agreements were signed on October 6, 2006 and February 10, 2006, respectively. The Committee subsequently approved the grants of restricted stock at its next meetings on October 24, 2006 and April 14, 2006, respectively. The Company concluded that the grant dates for financial reporting purposes under SFAS 123(R) were October 6, 2006 and February 10, 2006, respectively because (i) those were the dates that the Company and Messrs. Swain and Bowman had a mutual understanding of the key terms and conditions of the awards, (ii) Messrs. Swain and Bowman began to benefit from, or adversely be affected by, changes in the price of the Company's shares on those dates and (iii) the authority to negotiate the agreements had been delegated to our CEO by the Committee, approval by the Committee for these particular agreements was considered perfunctory.
- (5) On December 1, 2005, the Committee approved an executive compensation plan for the Garden City Group, Inc. including a grant that would be made to Mr. Isaac subject to him entering into the employment agreement with the Company. The employment agreement with Mr. Isaac was signed on September 19, 2006 and approved by the Compensation Committee on October 24, 2006. Because (i) the agreement with Mr. Isaac fell within the parameters of the executive compensation plan for the Garden City Group approved on December 1, 2005, (ii) the Company and Mr. Isaac had a mutual understanding of the key terms and conditions of the awards, and (iii) Mr. Isaac began to

Table of Contents**Pension Benefits at December 31, 2006 Table**

The Company maintains a non-contributory Retirement Plan for the benefit of substantially all of the U.S. employees of the Company who were employed as of December 31, 2002. The Retirement Plan provides for annual retirement benefits at Normal Retirement Age (65) equal to 2% of the participant's total compensation (as defined in the Retirement Plan) for all credited years of service under the Plan. The benefits are not affected by Social Security benefits payable to the participant; however, they are actuarially reduced for retirements before the Normal Retirement Age or if the retiree selects benefits other than an individual life-time annuity. Credited years of service under the Retirement Plan for Mr. Swain is 10 years and for Mr. Giblin is 12 years. Messrs. T. W. Crawford, Frawley, Bowman, and Isaac do not participate in the Retirement Plan. Effective December 31, 2002, accruals under the Retirement Plan were frozen. In place of the accruals under the now frozen Retirement Plan, the Company may make a discretionary contribution to the Defined Contribution Plan for eligible employees based on years of service and compensation as well as Company financial results. The following table provides information concerning the pension benefits at December 31, 2006 with respect to the Named Executive Officers.

Nonqualified Deferred Compensation Table

The Company maintains an unfunded Supplemental Executive Retirement Plan (SERP) for certain Executive Officers to provide benefits that would otherwise be payable under the Retirement Plan and/or Defined Contribution Plan but for limitations placed on covered compensation and benefits under the Internal Revenue Code. Effective December 31, 2002, accruals under the SERP were also frozen as to the Retirement Plan. The SERP was amended to allow the Company, when it elects to make the discretionary contribution to the Defined Contribution Plan for eligible employees, to also make an additional SERP Service Contribution to the Deferred Compensation Plan for participants of the SERP. The amounts contributed in 2006 for the Named Executive Officers are reflected in the All Other Compensation column of the Summary Compensation Table and footnote 4 thereto. The following table provides information concerning the nonqualified deferred compensation with respect to the Named Executive Officers.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and officers, and greater than ten percent (10%) beneficial owners of the Company's equity securities, to file with the SEC and the NYSE reports of ownership and changes in ownership of common stock and other equity securities of the Company. Officers, directors and greater than ten percent shareholders are required by the SEC regulations to furnish the Company with copies of

all Section 16(a) forms they file.

Based solely on a review of the copies of such reports furnished to the Company or written representations that no other reports are required, the Company believes that, during the year ending December 31, 2006, all of its officers, directors and greater than ten percent beneficial owners complied with applicable filing requirements.

PROPOSAL 2 TO APPROVE THE 2007 NON-EMPLOYEE DIRECTOR STOCK OPTION PLAN

General. On March 14, 2007 the Executive Committee of the Board of Directors adopted the Crawford & Company 2007 Non-Employee Director Stock Option Plan (the "Director Plan") in the form attached as Appendix A hereto. The Director Plan provides for the grant of options to non-employee directors of the Company for a specified number of shares of the Company's Class A Common Stock. A total of 450,000 shares of Class A Common Stock are reserved for issuance under the Director Plan. The purpose of the Director Plan is to tie a portion of the non-employee director compensation directly to increases in shareholder value. From February, 1997 until February, 2007 when it expired, all non-employee Directors were eligible to participate in the 1997 Non-Employee Director Stock Option Plan.

Options. If the Director Plan is approved by the Shareholders, each eligible director elected or re-elected at the meeting at which the Director Plan is approved will receive on that date an option for 15,000 shares of Class A

Table of Contents

Common Stock. At each subsequent Annual Meeting, each new eligible director shall receive an option on that date for 15,000 shares of Class A Common Stock and each re-elected eligible director shall receive an option on that date for 3,000 shares of Class A Common Stock.

Eligibility. Only those directors who, at the time of their election or re-election as directors, are neither officers nor employees of the Company may receive options under the Director Plan.

Exercise Price. The exercise price of the options granted under the Director Plan is the fair market value of the Class A Common Stock on the date the option is granted. As defined in the Director Plan, the fair market value of a share of Class A Common Stock on the date an option is granted will be determined by reference to the closing price of a share of such stock on the NYSE as accurately reported for such date by *The Wall Street Journal*. Options granted under the Director plan provide for payment of the exercise price in cash, Class A Common Stock, or a combination of cash and Class A Common Stock. The Company will receive no payment upon the granting of options pursuant to the Director Plan.

Exercise Period. Each option granted under the Director Plan is exercisable in whole or in part at any time after grant, but not after (i) the date the option holder is no longer a director of the Company if such date occurs on or before the fifth anniversary of the option grant date, or (ii) the tenth anniversary of the option grant if the optionee is and remains a director of the Company through the fifth anniversary of the option grant date, subject to earlier termination of the Option in either case in the event of the sale or merger of the Company. See Sale or Merger of the Company, below.

Non-Transferability. Options granted under the Director Plan may not be transferred by the option holder and during his or her lifetime, may be exercised only by him or her.

Adjustment of Shares. The Director Plan provides for adjustments of the number of shares of Class A Common Stock available for the grant of options under the Director Plan, the number of shares of Class A Common Stock covered by the options granted under the Director Plan, and the exercise price to reflect any change in the capitalization of the Company, including, but not limited to, changes such as stock splits or stock dividends, mergers, consolidations or other reorganizations.

Sale or Merger of the Company. If the Company agrees to sell substantially all of its assets, or agrees to any merger, consolidation, reorganization, division or other corporate transaction in which Class A Common Stock is converted into another security or into the right to receive securities or other property and such agreement does not provide for the assumption or substitution of the options granted under the Director Plan, each outstanding option shall terminate thirty (30) days after notice by the Board of Directors to the Optionee of the pendency of such event.

Term of the Director Plan. No option shall be granted under the Director Plan on or after March 14, 2017.

Amendment to the Director Plan. The Director Plan may be amended by the Board of Directors from time to time to the extent that the Board of Directors deems necessary or appropriate; however, no amendment may be made without approval of the shareholders of the Company (i) to increase the number of shares reserved under the Director Plan, or (ii) to change the class of directors eligible for options under the Director Plan.

Federal Income Tax Consequences. A description of the federal income tax consequences of participation in the Director Plan under present law is set forth below. This description is only a general summary based on current federal income tax laws, regulations (including certain proposed regulations), and judicial and administrative interpretations thereof. The federal income tax laws and regulations are frequently amended, and such amendments may or may not be retroactive with respect to transactions described herein.

Grant or Exercise. The grant of an option to a director is not a taxable event. The exercise of an option will result in taxable ordinary income to the director, the amount of such income being equal to the Spread, defined as the excess of (i) the fair market value of the shares acquired upon exercise of the option, over (ii) the exercise price of such shares.

Tax Basis. The Tax Basis in shares acquired upon exercise of any option differs depending on whether the option exercise price is paid in cash or in stock. With a cash exercise, the Tax basis of the acquired shares will be equal to (i) the cash paid, increased by (ii) any amount included in the directors gross income as compensation by

Table of Contents

virtue of the exercise of the option. If shares of stock are exchanged in full or partial payment of the exercise price, the Tax Basis of the number of shares acquired equal to the number exchanged shall be the Tax Basis of those exchanged shares. The shares acquired as part of the exchange which are in excess of the number surrendered have a Tax Basis equal to the amount included in the director's gross income as compensation by virtue of the exercise of the option.

Sale of Shares. Depending upon the period the shares are held after exercise, the sale or other taxable disposition of Class A Common Stock acquired upon the exercise of an option will result in a short- or long- term capital gain or loss equal to the difference between (i) the amount realized on the disposition and (ii) the Tax Basis of the shares sold.

Approval of Director Plan. The adoption of the Director Plan must be approved by a favorable vote of a majority of the shares of Class B Common Stock present and voting at the Annual Meeting. Proxies solicited by the Board of Directors will be voted in favor of this proposal unless the shareholders specify in their proxies a contrary choice. Abstentions, including broker non-votes, will not be counted.

The Board of Directors unanimously recommends a vote FOR the approval of the 2007 Non-Employee Director Stock Option Plan.

PROPOSAL 3 TO APPROVE THE MANAGEMENT TEAM INCENTIVE COMPENSATION PLAN

General. On March 14, 2007 the Executive Committee of the Board of Directors adopted the Crawford & Company Management Team Incentive Compensation Plan (the Incentive Plan) in the form attached as Appendix B hereto.

The Board of Directors recommends that you vote to approve the proposed 2007 Management Team Incentive Compensation Plan (the Incentive Plan). The Board and the Nominating/Corporate Governance/Compensation Committee (the Committee) approved the Incentive Plan to help us:

Attract, retain, motivate and reward executive employees of Crawford and its subsidiaries and affiliates.

Provide to our senior leadership an incentive to outstanding performance.

Qualify incentive awards as performance-based compensation so that we will be able to claim tax deductions without limitation under Section 162(m) of the Internal Revenue Code the (Code).

As discussed in the Compensation Discussion and Analysis above, our compensation programs are based on a strong pay-for-performance philosophy. A central element of this philosophy has been to link a significant portion of cash compensation to the attainment of our annual financial objectives. The Incentive Plan is intended to continue this direct linkage between our performance and compensation to the persons who are most responsible for such performance.

Code Section 162(m) generally disallows a federal income tax deduction to any publicly held corporation for compensation paid in excess of \$1 million in any taxable year to the chief executive officer or any of the four persons who are named executive officers for proxy disclosure purposes. We intend to structure awards under the Incentive Plan so that the resulting compensation would be qualified performance-based compensation eligible for deductibility without limitation under Code Section 162(m). To enable compensation under the Incentive Plan to so qualify for full tax deductibility, we are asking shareholders to approve the Incentive Plan, which approval will be deemed to include approval of the Incentive Plan's terms relating to eligibility, annual per-person limitations on incentive awards, and the business criteria upon which performance goals may be based.

Description of the Incentive Plan

The following description of the Incentive Plan is qualified in its entirety by the provisions of the Incentive Plan, a copy of which is attached as Appendix B to this Proxy Statement.

The Incentive Plan authorizes the Committee to select participants, designate performance periods, authorize performance awards that may be earned by achievement of performance goals during the performance periods, and

Table of Contents

set the other terms of performance awards. Employees of the Company and its subsidiaries and affiliates who are or may become executive officers are eligible for selection for participation in the Incentive Plan. Currently, we have sixteen (16) employees who are or may become executive officers who are eligible for participation in the Incentive Plan.

Particular restrictions will apply to any authorization of an award intended to qualify as performance-based compensation under Section 162(m). Performance goals and related terms of such an award must be established during the first 90 days of the performance period, and during the first 25% of any performance period shorter than one year. The Committee must specify the amounts that may be earned corresponding to particular levels of performance. The Incentive Plan permits the Committee to measure performance using a variety of business criteria, including the following:

Revenues growth or revenues, including revenues from specified sources (e.g., fee revenues) or by specified business units or sales forces, and including revenues above a specified hurdle;

gross profit or pre-tax profit;

operating earnings, pre-tax income, earnings before or after taxes, earnings before or after minority interests, earnings before or after interest, depreciation, amortization, or extraordinary or special items;

net income or net income per common share (basic or fully diluted);

return measures, including, but not limited to, return on assets (gross or net), return on investment, return on capital, or return on equity;

cash flow, free cash flow, cash flow return on investment (discounted or otherwise), operating cash flow, net cash provided by operating activities, or cash flow in excess of cost of capital;

interest expense after taxes;

economic value created or economic profit;

operating margin or profit margin;

shareholder value creation measures, including but not limited to stock price or total shareholder return;

revenues from specific assets, projects or lines of business;

targets relating to expense or operating expense, working capital targets, or operating efficiency; and

strategic business criteria, consisting of one or more objectives based on meeting specified goals relating to client satisfaction, market penetration, market share, geographic business expansion, operating goals, cost targets, employee satisfaction, human resources management, supervision of litigation and information technology, and acquisitions or divestitures of assets, subsidiaries, affiliates or joint ventures.

The Committee retains discretion to set the level of performance with respect to any business criteria that will determine the amount earned under a performance award. Performance may be measured in absolute terms, as a goal relative to performance in prior periods (for example, growth in the performance measure over the prior year), or as a

goal compared to the performance of one or more comparable companies or businesses or an index covering multiple companies, or in other ways specified by the Committee.

A participant may potentially earn incentive awards up to his or her annual limit in any calendar year. The annual limit for each individual is \$10 million plus the amount of the participant's unused annual limit as of the close of the previous calendar year. A participant uses up his or her annual limit in a given year based on the maximum potential amount of the incentive award authorized by the Committee, even if the actual amount earned is less than the maximum.

Upon completion of a performance period, the Committee must determine the level of attainment of the pre-set performance goals and that other material requirements have been met before any incentive award may be paid out. For participants whose awards are intended to qualify for full tax deductibility under Section 162(m) and in the absence of a termination of employment or change in control, the Committee retains discretion to adjust incentive

Table of Contents

awards downward, but not upward to a level in excess of the pre-set amount earned through actual performance, in determining the final award amount. For other participants, both upward or downward adjustments are permitted.

Payments under the Incentive Plan may be made either in cash, common stock of any class, or other forms of equity awards, as determined by the Committee, with any common stock or other equity awards to be drawn from our Executive Stock Bonus Plan or other compensation plan providing for share-based awards as may then be in effect. No shares of common stock are specifically reserved under the Incentive Plan itself.

The Committee generally can specify the circumstances in which awards will be paid or forfeited in the event of a change in control, termination of employment or other events. However, the Incentive Plan provides that, in the event of death or disability, the participant will receive a pro rated incentive award, proportionate to the part of the performance period worked by the participant, based on actual performance as measured over the whole performance period, unless otherwise determined by the Committee. For awards intended to qualify under Section 162(m), the applicable regulations may preclude authorizing a payout of awards upon retirement or a voluntary termination of employment if the performance goal is not in fact achieved.

The Committee has authority to amend, alter, suspend, or terminate the Incentive Plan, but significant changes must be approved by the Board. In addition, an amendment or modification must be approved by shareholders if such approval is required to preserve the qualification of the Incentive Plan under Section 162(m). Under this standard, however, amendments that might broaden eligibility or increase our cost in providing the Incentive Plan would not necessarily require shareholder approval.

The Incentive Plan contains provisions intended to promote the protection of our business. A participant generally will forfeit awards and certain gains resulting from awards if he or she has taken actions harmful to Crawford. These forfeitures will be triggered if we file financial statements that are in error and must be corrected by a restatement, where the filing resulted from misconduct caused by the participant or which the participant failed to prevent through gross negligence. Forfeitures will apply to incentive awards that the participant earned either by performance during the period covered by the erroneous financial report or during the 12-month period following the filing of such report, and any award granted during the 12 months after the filing of the erroneous report and during any additional period until the restatement is filed. The Incentive Plan authorizes the Committee to impose other forfeiture provisions for the protection of our business, including conditions relating to non-competition, non-solicitation, confidentiality, non-disparagement and other requirements for the protection of the our business.

Nothing in the Incentive Plan would preclude the Committee or Board from authorizing payment of other compensation, including bonuses based upon performance, to executive officers and other employees outside of the Incentive Plan. The Incentive Plan provides that members of the Committee and the Board shall not be personally liable, and shall be fully indemnified, in connection with any action, determination, or interpretation taken or made in good faith under the Incentive Plan.

Federal Income Tax Consequences

Payment of cash or issuance of freely transferable shares to a participant in settlement of an award generally will result in recognition by the participant of ordinary income for federal income tax purposes. In the case of shares delivered in settlement, the ordinary income would be equal to the fair market value of the shares at that settlement date. The Committee may permit a participant to elect to defer settlement, or may impose a deferral period beyond the date on which the risk of forfeiture of the award lapses, which in most cases would cause the award to be subject to additional requirements under recently enacted Code Section 409A. We intend to structure such awards in a way that would meet the applicable requirements under Section 409A.

New Plan Benefits Under the Incentive Plan

Awards under the Incentive Plan will be granted in the discretion of the Committee. The recipients and other terms of such awards cannot be determined at this time. Information regarding our recent practices with respect to incentive awards under the current programs is presented above in the Summary Compensation Table and the Grants of Plan-Based Awards Table , and in the text accompanying those Tables and the Compensation Discussion and Analysis.

Table of Contents

In the event shareholders disapprove the proposed Incentive Compensation Plan, incentive awards will not be granted or paid out under the Incentive Plan.

The Board of Directors unanimously recommends a vote FOR the approval of the 2007 Management Team Incentive Compensation Plan of Crawford & Company.

PROPOSAL 4 RATIFICATION OF INDEPENDENT AUDITORS

Ernst & Young LLP has been selected by the Audit Committee of the Board of Directors to serve as independent auditors for the Company for the fiscal year 2007. Although the selection and appointment of independent auditors is not required to be submitted to a vote of shareholders, the Board of Directors has decided, as in the past, to ask the Company's shareholders to ratify this appointment. Despite the selection of Ernst & Young LLP as the Company's independent auditors and the ratification by the shareholders of that selection, the Audit Committee has the power at any time to select another auditor for 2007, without further shareholder action. A representative of Ernst & Young LLP will be present at the meeting and will be given an opportunity to make a statement, if he or she desires, and to respond to questions. In addition, a report of the Audit Committee in connection with the independence of the auditors, as well as other matters, follows the Board's recommendation on this matter below.

Fees Paid to Ernst & Young LLP

In addition to performing the audit of the Company's consolidated financial statements, Ernst & Young LLP provides some other permitted services to the Company and its foreign and domestic subsidiaries. Ernst & Young LLP has advised the Company that it has billed or will bill the Company the below indicated amounts for the following categories of services for the years ended December 31, 2006 and 2005:

	2006	2005
Audit fees(1)	\$ 2,835,000	\$ 2,160,000
Audit related fees(2)	311,000	217,450
Tax fees(3)	237,000	256,000
All other fees		
Total	\$ 3,383,000	\$ 2,633,450

- (1) Audit fees include annual financial statement audit, the audit of internal control over financial reporting, and statutory audits required internationally.
- (2) Audit related fees include: employee benefit plan audits, SAS 70 reports, accounting consultations, and attest services related to acquisitions.
- (3) Tax fees consist principally of professional services rendered by Ernst & Young LLP for tax compliance and tax planning and advice.

The Audit Committee reviews and pre-approves in addition to all audit services, all non-audit services provided by the independent auditor. On an ongoing basis, management communicates specific projects and categories of services to

the Audit Committee on which advance approval is requested. The Audit Committee reviews these requests and votes by resolution its approval or rejection of such non-audit services after due deliberation.

Shareholder Vote

The proposal to ratify the appointment of Ernst & Young LLP to serve as independent auditors for the year 2007 will be adopted if the number of votes cast in favor of ratification exceeds the number of votes cast against ratification. Votes cast against and abstentions on this matter will be counted as votes against the matter. Because this is a routine matter, broker non-votes will not change the number of votes cast for or against the matter. If the shareholders do not ratify the selection of Ernst & Young LLP, the selection of the independent auditors for 2007 will be determined by the Audit Committee of the Board of Directors.

PROPOSAL 5 SHAREHOLDER PROPOSAL

William Steiner, 112 Abbottsford Gate, Piermont, N.Y., 10968, a shareholder of Crawford & Company owning 4,150 shares of Class B Common Stock, proposes the adoption of the following resolution, which is quoted verbatim below.

MAXIMIZE VALUE RESOLUTION

Resolved that the shareholders of Crawford & Co. B Corporation urge the Crawford & Co. B Board of Directors to arrange for the prompt sale of Crawford & Co. B to the highest bidder.

The purpose of the Maximize Value Resolution is to give all Crawford & Co. B shareholders the opportunity to send a message to the Crawford & Co. B Board that they support the prompt sale of Crawford & Co. B to the highest bidder. I believe that a strong and or majority vote by the shareholders would indicate to the board the displeasure felt by the shareholders of the shareholder returns over many years and the drastic action that should be taken. Even if it is approved by the majority of the Crawford & Co. B shares represented and entitled to vote at the annual meeting, the Maximize Value Resolution will not be binding on the Crawford & Co. B Board. The proponent however believes that if this resolution receives substantial support from the shareholders, the board may choose to carry out the request set forth in the resolution:

The prompt auction of Crawford & Co. B should be accomplished by any appropriate process the board chooses to adopt including a sale to the highest bidder whether in cash, stock or a combination of both.

The proponent further believes that if the resolution is adopted, the management and the board will interpret such adoption as a message from the company's stockholders that it is no longer acceptable for the board to continue with its current management plan and strategies.

I URGE YOUR SUPPORT, VOTE FOR THIS RESOLUTION

The Company's Statement in Opposition

The Board believes the proposed action is not in the best interest of the Company or its shareholders and recommends a vote against the resolution. The Board fully recognizes its obligation to maximize long-term shareholder value; however, the Board unanimously opposes the view that the way to maximize value is to put the Company up for sale in an auction process. Our shareholders concurred with our recommendation at the 2004 Annual Meeting where Mr. Steiner presented a similar proposal, with 21,646,926 shares voting against such proposal and only 833,360 shares in favor.

Shareholder Vote

Approval of the Maximize Value Resolution requires the affirmative vote of a majority of shares of the Company's stock present in person or represented by proxy and entitled to vote at the annual meeting.

The Board of Directors unanimously recommends a vote AGAINST the Maximize Value Resolution.

AUDIT COMMITTEE REPORT

In fulfilling its responsibilities to review the Company's financial reporting process, the Audit Committee (the Committee) has reviewed and discussed with the Company's management and the independent auditors the audited financial statements to be contained in the Annual Report on Form 10-K, for the fiscal year ended December 31, 2006. Management is responsible for the financial statements and the reporting process, including the

Table of Contents

system of internal controls. Independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States.

The Committee discussed with the independent auditors the matters required to be discussed by Statement on Audit Standards No. 61, Communications with Audit Committee, as amended. In addition, the Committee has discussed with the independent auditors the auditors' independence from the Company and its management, including the matters in the written disclosure required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. In determining the independence of the auditors, the Committee has considered, among other matters, whether the provision of services, other than those related to the audit of the Company's annual financial statements, is compatible with maintaining the auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee further discussed those items contained in NYSE Listing Rules Section 303(A)(6) and otherwise complied with the obligations stated therein. The Committee held five meetings during fiscal year 2006.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the Securities and Exchange Commission. The Audit Committee has selected Ernst & Young LLP as the Company's independent auditors for 2007, with this selection to be ratified by the shareholders.

In an effort to have as large a representation at the Annual Meeting as possible, special solicitation of proxies may, in certain instances, be made personally, or by telephone, electronic mail or by mail by one or more employees of the Company. The Company may also reimburse brokers, banks, nominees or other fiduciaries for the reasonable clerical expenses of forwarding the proxy material to their principals, the beneficial owners of the Company's Class A or Class B Common Stock.

Section 12. *Non-Transferable.* No Option will be assignable or transferable except by will or by laws of descent and distribution. Any other attempted assignment or transfer, or any attempted pledge, hypothecation or other disposition of, or levy of any execution, attachment or similar process upon any Option will be null and void and without effect. During the lifetime of an Optionee, the Option will be exercisable only by the Optionee.
