April 26, 2002

THE PROXY AND SOLICITATION

This Proxy Statement is being mailed on or about March 29, 2002, to the shareholders of Olympic Steel, Inc. (the Company) in connection with the solicitation by the Board of Directors of the enclosed form of Proxy for the 2002 Annual Meeting of Shareholders to be held on Friday, April 26, 2002 at 10:00 a.m. local time, at Olympic Steel, Inc., 5096 Richmond Road, Bedford Heights, OH 44146. Pursuant to the Ohio General Corporation Law, any shareholder signing and returning the enclosed Proxy has the power to revoke it by giving notice of such revocation to the Company in writing or in the open meeting before any vote with respect to the matters set forth therein is taken. The representation in person or by Proxy of at least a majority of the outstanding shares of Common Stock entitled to vote is necessary to provide a quorum at the Annual Meeting. The election of Directors, the adoption of the Employee Stock Purchase Plan, and the approval of the amendment to the Company's stock option plan each require approval only by a plurality of the votes cast. As a result,

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

although abstentions and broker non-votes will not be counted in determining the outcome of the vote, they will be counted in determining whether a quorum has been achieved. The cost of soliciting the Proxy will be borne by the Company.

PURPOSES OF ANNUAL MEETING

The Annual Meeting has been called for the purposes of (1) electing three Directors of the class whose two-year terms of office will expire in 2004, (2) adopting the Employee Stock Purchase Plan, (3) amending the Company's stock option plan to increase the number of shares available for issuance under the plan and extending the term of the plan, and (4) transacting such other business as may properly come before the meeting.

The two persons named in the enclosed Proxy have been selected by the Board of Directors and will vote Common Shares represented by valid Board of Directors' Proxies. They have indicated that, unless otherwise indicated in the enclosed Proxy, they intend to vote for the election of the Director nominees named herein and in favor of the proposals listed in Items 2 and 3 above.

VOTING SECURITIES

The Board of Directors has fixed the close of business on March 11, 2002, as the record date for determining shareholders entitled to notice of the meeting and to vote.

1

On that date, 9,631,100 shares of Common Stock were outstanding and entitled to one vote on all matters properly brought before the Annual Meeting.

PROPOSAL ONE ELECTION OF DIRECTORS

The Board of Directors is divided into two classes of three Directors each, whose members serve for a staggered two-year term. One class of Directors' term expires in 2002 and the other class term expires in 2003.

The Board of Directors has nominated David A. Wolfort, Martin H. Elrad, and Suren A. Hovsepian to stand for reelection as Directors for a two-year term. The two-year term will end upon the election of Directors at the 2004 Annual Meeting of Shareholders.

At the Annual Meeting, the shares of Common Stock represented by valid Proxies, unless otherwise specified, will be voted to reelect the Directors. Each individual nominated for election as a Director of the Company has agreed to serve if elected. However, if any nominee becomes unable or unwilling to serve if elected, the Proxies will be voted for the election of such other person as may be recommended by the Board of Directors. The Board of Directors has no reason to believe that the persons listed as nominees will be unable or unwilling to serve.

The Board of Directors recommends that each shareholder vote "FOR" the Board of Directors' nominees. Directors will be elected by a plurality of the votes cast at the Annual Meeting.

The Audit Committee held two meetings and the Compensation and Nominating Committees each held one meeting in 2001. The Committees receive their authority and assignments from the Board of Directors and report to the Board of Directors.

All of the current Directors attended all of the required Board and applicable committee meetings held during 2001. In addition to holding regular committee meetings, the Board members also reviewed and considered matters and documents and communicated with each other wholly apart from the meetings. Several actions were taken by unanimous written consent.

Audit Committee. The committee is chaired by Mr. Meathe, operates pursuant to a written charter and is responsible for monitoring and overseeing the Company's internal controls and financial reporting processes, as well as the independent audit of the Company's consolidated financial statements by the Company's independent auditors, Arthur Andersen LLP. Each committee member is an "independent director" as defined in Rule 4200(a)(15) of the National Association of Securities Dealers, Inc. listing standards. As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements for 2001 with management and discussed those matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) with the Company's independent auditors. The Audit Committee received the written

disclosures and the letter required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committee) from Arthur Andersen LLP, and discussed that firm's independence with representatives of the firm.

Based upon the Audit Committee's review of the audited consolidated financial statements and its discussions with management and the Company's independent auditors, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements for the fiscal year ended December 31, 2001 in the Company's Annual Report on form 10-K filed with the Securities and Exchange Commission.

Heber MacWilliams	6,000	1.2%	\$2.63	4/30/11	\$ 11

(1) Stock Options were awarded with an exercise price equal to the fair market value per share of the Common Stock on the grant date.

(2) In accordance with the rules of the United States Securities and Exchange Commission, the Black-Scholes option pricing model was chosen to estimate the grant date present value of the options set forth in this table. The Company cannot predict or estimate the future price of the Company's Common Stock, and neither the Black-Scholes model nor any other model can accurately determine the value of an option. Accordingly, there is no assurance that the value realized by an officer, if any, will be at or near the value estimated in the Black-Scholes model. The Black-Scholes valuation was determined using the following assumptions: an average volatility of 53.7%, no dividend yield, a risk-free interest rate of 5.25%, and a projected exercise period of 10 years.

During 2001, there were no Stock Option exercises by any of the Named Executive Officers. The following table sets forth certain information concerning the number and value of unexercised options held by each of the Named Executive Officers at December 31, 2001.

DECEMBER 31, 2001

David A. Wolfort	18,667	330,333	0	\$174,000
Richard T. Marabito	12,000	19,500	0	
Heber MacWilliams	11,000	11,500	0	

(3) These values are based on the negative spread between the respective exercise price of outstanding stock options and the fair market value of the Company's Common Stock at December 31, 2001 (\$2.55). These amounts may not represent amounts actually realized by the Named Executive Officers.

Retention Agreements. The Company has executed Management Retention Agreements (the "Retention Agreements") with Messrs. Siegal, Wolfort, and Marabito. Under the Agreements, which do not become operative unless there is a Change-in-Control of the Company (as defined in the Retention Agreements), the

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

Company agrees to continue the employment of the manager for a one-year period (the "Contract Period") following the Change-in-Control in the same position with the same duties and responsibilities and at the same compensation level as existed prior to the Change-in-Control. If during the Contract Period the manager's employment is terminated without cause, or the manager terminates his employment for "good reason," the manager shall receive a lump-sum severance payment (the "Severance Amount") of an amount equal to the average of the manager's salary over the last three years, together with continuation of insurance coverage for one year. The Contract Period for Messrs. Siegal and Wolfort is two years and their Severance Amount equals 2.99 times the average of the last three years' compensation. Each of the Retention Agreements contains a non-competition prohibition for one year post-employment (two years in the cases of Messrs. Siegal and Wolfort).

Wolfort Employment Agreement. Mr. Wolfort serves as President and Chief Operating Officer of the Company pursuant to an employment agreement, effective January 1, 2001, and terminating December 31, 2005. Under the Agreement, Mr. Wolfort receives a Base Salary of \$385,000, subject to possible increases as determined by the Compensation Committee of the Board. Bonus compensation will be determined by the Committee under the Senior Management Compensation Program, subject to a minimum annual bonus of \$20,000. Under the Agreement, Mr. Wolfort was granted a ten (10) year option to purchase up to 300,000 shares at \$1.97 per share, the fair market value of the Company's Common Stock on the date of grant. The option vests in annual installments of 20%, commencing January 1, 2002. If the Company terminates Mr. Wolfort's employment without "cause" during the employment term, he shall continue to receive his compensation under the Agreement for a period ending on the earlier of (i) December 31, 2005 or (ii) the second anniversary of his termination of employment. The employment agreement contains a one year non-competition prohibition.

EMPLOYEE BENEFIT PLANS

Incentive Bonus Plans. Each of the Executive Officers participated in the Senior Management Compensation Program which focuses on return on assets (ROA) and growth in tonnage. ROA is calculated by dividing consolidated net income by average monthly total assets. Net income and total assets can be adjusted by the Committee for certain start-up costs or extraordinary items. Under the program, each of the Executive Officers can be granted stock options based on the Company's performance. The determination of the stock option grants is made by the Compensation Committee. The Committee believes that this program further aligns the interests of management and shareholders and will provide long-term incentive for maximizing shareholder value.

Stock Option Plan. See description of plan under Proposal 3 herein.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is responsible for setting and administering the policies that govern the base salaries, bonuses and other compensation matters of the executive officers of the Company. The Committee consists entirely of non-employee Directors of the Company. The Committee meets once annually to review the compensation program for the executive officers of the Company. This report documents the basis of compensation for 2001, with regard to the Company's Chief Executive Officer and other executive officers.

Compensation Policy. The executive compensation policy of the Company is based on the following philosophy: (i) the need to retain and, as necessary, attract highly qualified executives with a compensation plan that is competitive with both public and privately held steel and steel-related companies; (ii) emphasizing variable, performance-based compensation tied to the overall profitability of the Company; (iii) creating a system that would not be overly complicated or conflict with the bonus system used at the senior manager level; and (iv) devising a compensation program that appropriately aligns the interests of executive officers with those of the Company's shareholders in increasing shareholder value.

Base Salaries. The annual base salary of the executive officers is based upon an evaluation of their significant contributions as individuals and as a team, as subjectively determined by the Compensation Committee. The Committee reviewed the cash compensation of numerous senior executives in positions in other steel and steel-related companies to determine the range of the base salaries. Base salaries for 2001 were reviewed and approved by the Compensation Committee, and the amounts paid are included in the Summary Compensation Table.

Incentive Compensation. A significant portion of the executive officers' compensation is incentive bonus-based and tied to the overall return on assets of the Company. Under the provisions of the Incentive Plan, no bonuses were awarded in 2001 to the three principal executive officers. The Company considers stock options to be another

10

award of compensation. Stock options were granted to each of the executive officers as included in the "Individual Option Grants 2001" table. The 2001 bonus compensation was determined by the provisions of the Incentive Bonus Plan described under the section "Employee Benefit Plans."

Chief Executive Officer Compensation. The Chief Executive Officer participates in the same compensation plan provided to the other executive officers of the Company. The base salary for the Chief Executive Officer, Michael D. Siegal, was based upon the Compensation Committee's subjective evaluation of his performance, considering his years of experience, contributions and accomplishments, and his commitment to increasing shareholder value. The Compensation Committee also considered the base compensation packages of other chief executive officers for comparable companies. Consistent with the philosophy of the Incentive Bonus Compensation Plan, the overall return on assets of the Company is a primary variable in determining the total compensation paid to the Chief Executive Officer. Mr. Siegal owns a significant number of shares of the Company, which provides additional long-term incentive for maximizing shareholder value.

PROPOSAL TWO ADOPTION OF OLYMPIC STEEL, INC. EMPLOYEE STOCK PURCHASE PLAN

The Company is asking its shareholders to approve the adoption of the Olympic Steel, Inc. Employee Stock Purchase Plan (the "Plan"). An employee stock purchase plan is a form of stock based compensation. The Plan provides employees with a systematic long-term investment opportunity to own employer stock. When shareholder value increases, the wealth of the people who help produce shareholder value increases. The Company has designed the Plan to be broad-based among its employees. The Plan extends the Company's benefit package to employees

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

at a relatively low cost. The Plan will increase employee awareness of Olympic's stock performance at all levels. The Plan also provides employees with potential tax savings and attractive investment opportunities. The Company receives a continuing source of equity and an attractive incentive to help attract and retain key employees. If approved, the Plan is expected to take effect on July 1, 2002.

DESCRIPTION OF PLAN

The following description of the Plan is not complete and is qualified by reference to the full text of the Olympic Steel, Inc. Employee Stock Purchase Plan (a copy of which is attached as Appendix A to this Proxy Statement).

A maximum of 1,000,000 shares of Olympic stock may be issued under the Plan. The number of shares issued or reserved pursuant to the Plan (or pursuant to outstanding awards) is subject to adjustment on account of stock splits, stock dividends and other dilutive changes in the shares of Olympic stock. The shares may consist of unissued shares, treasury shares or shares purchased on the open market.

Administration. The Plan will be administered by the Compensation Committee of the Board of Directors (the "Committee"). The Committee will have the authority to make rules and regulations for the administration of the Plan and its interpretations, and decisions with regard to the Plan, rules and regulations will be final and binding on all parties.

Eligibility. Each employee of Olympic Steel, Inc. or one of its incorporated subsidiaries who has been employed for at least one year and who is customarily scheduled to work 20 hours or more each week, will be eligible to participate in the Plan, except for those employees already owning 5% or more of the Olympic's common stock.

Participation in the Plan. Eligible employees may participate in Plan by electing to participate in a given offering period pursuant to procedures set forth by the Committee. A participant's participation in the Plan will continue until the participant makes a new election, or withdraws from an offering period or from the plan.

Payroll Deductions. Payroll deductions will be made from the compensation paid to each participant for each offering period as elected by the participant. The

13

Committee will set forth withholding dollar and percentage limits at the beginning of each calendar year.

Purchase of Stock. On each grant date, each participant will be granted options to purchase stock under the Plan. A participant can be granted up to \$25,000 worth of options each calendar year. On the last trading day of each month during an offering period (each, a "purchase date"), the Company will apply the funds in each participant's account to purchase shares. Prior to granting the option, the Committee shall set forth the applicable purchase discount, ranging from 0% to 15%. Also prior to the grant, the Committee shall designate the use of the price at the date of grant, the price at the exercise date or the better of the price at the date of grant or date of exercise. As soon as practical after each purchase date, the number of shares purchased by each participant will be held for benefit of the participant by a reputable brokerage house designated by the Committee.

Termination of Participation in the Plan. The Committee will determine the

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

terms and conditions under which a participant may withdraw from an offering period or from the Plan. Participation in the Plan will be terminated upon the termination of a participant's employment for any reason. Upon a termination of a participant's employment during an offering period, all payroll deductions credited to such participant's plan account will be used to purchase shares on the next purchase date.

Amendment and Termination. The Board may amend, alter or discontinue the Plan at any time; provided, however, that no amendment, alteration or discontinuation will be made to an option which, without a participant's consent, would impair any of such participant's rights and obligations. The Company will obtain shareholder approval of any amendment, alteration or discontinuation of the plan only to the extent necessary to comply with the requirements of Section 423 of the Code.

The Plan will terminate upon the earlier of (i) the termination of the Plan by the Board or (ii) ten years after the initial adoption of the Plan.

Withholding. The Company reserves the right to withhold from payroll deductions, shares or cash distributed to a participant any amounts that are required by law to be withheld.

Tax Consequences of Participation in the Plan. The following discussion of the federal income tax consequences relating to the employee stock purchase plan is based on present federal tax laws and regulations and does not purport to be a complete description of the federal income tax laws. Participants may also be subject to certain state and local taxes which are not described below.

The Plan is intended to qualify as an "employee stock purchase plan" under Section 423 of the Code. The employee stock purchase plan is subject to stockholder approval, as required by Section 423. Payroll deductions made under the employee stock purchase plan will be included in a participant's taxable income but, under the Code, no taxable income is generally recognized by a participant either as of the grant date or as of the purchase date. Depending upon the length of time the acquired shares are held by the participant, the federal income tax consequences will vary. If the shares are held for a period of two years or more from the grant date and for at least one year

14

from the purchase date (the "Required Period"), and are sold at a price in excess of the purchase price paid by the participant for the shares, the gain on the sale of the shares will be taxed as ordinary income to the participant to the extent of the lesser of (i) the amount by which the fair market value of the shares on the grant date exceeded the purchase price or (ii) the amount by which the fair market value of the shares at the time of their sale exceeded the purchase price. Any portion of the gain not taxed as ordinary income will be treated as long-term capital gain. If the shares are held for the Required Period and are sold at a price less than the purchase price paid by the participant for the shares, the loss on the sale will be treated as a long-term capital loss to the participant. The Company will not be entitled to any deduction for federal income tax purposes for shares held for the Required Period that are subsequently sold by the participant, whether at a gain or loss.

If a participant disposes of shares within the Required Period (a "Disqualifying Disposition"), the participant will recognize ordinary income in an amount equal to the difference between the purchase price paid by the participant for the shares and the fair market value of the shares on the purchase date, and the Company will be entitled to a corresponding deduction for federal income tax purposes. In addition, if a participant makes a Disqualifying Disposition at a price in excess of the purchase price paid by the participant for the shares, the participant will recognize a capital gain in an amount equal

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

to the difference between the selling price of the shares and the fair market value of the shares on the purchase date. Alternatively, if a participant makes a Disqualifying Disposition at a price less than the fair market value of the shares on the purchase date, the participant will recognize a capital loss in an amount equal to the difference between the fair market value of the shares on the purchase date and the selling price of the shares. The Company will not receive a deduction for federal income tax purposes with respect to any capital gain recognized by a participant who makes a Disqualifying Disposition.

Other Information. As of December 31, 2001, approximately 825 employees of the Company and its incorporated subsidiaries would have been eligible for participation in the Plan. Because the benefits conveyed under the Plan are contingent upon, among other things, the amount of contributions participating employees make on a voluntary basis, it is not possible to predict what benefits eligible employees will receive under the Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE
FOR THE APPROVAL OF THE PLAN.

PROPOSAL THREE ADOPTION OF AMENDMENT TO THE STOCK OPTION PLAN

The Company's Stock Option Plan (the "Plan") authorizes up to 950,000 shares of Common Stock of the Company (the "Shares") to be issued pursuant to the exercise of options under the Plan. As of December 31, 2001, a total of 885,833 options were issued and outstanding. Currently, 64,167 Shares remain available for grant. It is proposed to increase the number of Shares authorized for issuance under the Plan by

15

an additional 350,000 Shares. This amendment to the Plan was approved by the Board of Directors on February 2, 2002, subject to shareholder approval. If approved, the total number of Shares authorized for issuance would be 1,300,000 Shares, less any Shares issued to date.

Purpose and Eligibility. The purpose of the Plan is to provide employees, outside directors and consultants of the Company and the Company's subsidiaries (collectively, the "Participants") with greater long-term performance incentives to further the interests of the Company and its shareholders. An employee who is largely responsible for the management and growth of the business of the Company or any subsidiary of the Company is eligible to participate in the Plan. In addition, a consultant, other than an employee of the Company, or an outside director whose performance of services to the Company is important to the successful operation of the Company or any subsidiary is eligible to participate in the Plan. Currently, there are approximately 25 employees and 4 outside directors eligible to participate in the Plan.

Option Price. The option price for nonqualified options is as determined by the Board of Directors or the Compensation Committee, as the case may be, in its exclusive discretion. The option price for incentive stock options ("ISO's") is determined by the Board of Directors or the Compensation Committee, but may not be less than 100% of the fair market value of a Share on the date the ISO is granted (unless the ISO is granted to an employee who owns, directly or through attribution, stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any subsidiary (a "10% Attribution Shareholder") in which case the option price may not be less than 110% of the fair market value). The Plan defines "fair market value" as the mean of the highest and lowest selling price of the Shares on the date of grant on the Nasdaq National Market.

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

Term and Exercise. The expiration of the Plan is currently January 5, 2004, however, Options granted under the Plan prior to its termination expire in accordance with their terms. Subject to shareholder approval, the Board of Directors extended the Plan's term for five years. Generally, the terms of the Options will be determined by the Board of Directors or the Compensation Committee, but may not exceed ten years from the date of grant. Incentive Stock Options granted to a 10% Attribution Shareholder may not exceed a term of 5 years and Options granted to outside directors have a term of 10 years. In the event a Participant no longer renders services to the Company (whether as an employee, consultant or director) for any reason, options that are not yet exercisable will terminate, and options that are exercisable on the date of termination must be exercised within 3 months of the date of termination (or one year in the case of death or disability).

Federal Income Tax Consequences of the Plan. The grant of an ISO will have no immediate tax consequences to the Company or the Participant. If a Participant has remained an employee of the Company or a subsidiary of the Company from the date of grant until at least the day three months before the date of exercise (one year before the date of exercise in the case of an employee who is disabled), the Participant will recognize no income tax and the Company will not be entitled to any tax deduction at the time of exercise of an ISO. However, the amount by which the fair market value of

16

the acquired Shares at the time of exercise exceeds the exercise price will be an adjustment to alternative minimum taxable income for purposes of the alternative minimum tax. If a Participant exercises an ISO more than three months after terminating employment (one year in the case of death or disability), the exercise of the option will be treated in the same manner as the exercise of a non-qualified stock option.

If a Participant holds the Shares received upon exercise of an ISO for at least two years after the date of grant and for at least one year from the date of exercise, gain or loss on the subsequent sale of the Shares will be a long-term capital gain or loss. If a Participant disposes of Shares acquired upon exercise of an ISO before these holding periods are satisfied, a Participant will recognize compensation income equal to the lesser of: (i) the excess of the fair market value of the Shares on the exercise date over the exercise price, or (ii) the excess of the amount realized on disposition over the exercise price. The amount received in excess of the fair market value on the exercise date generally will be taxable as a short-term capital gain.

The grant of a non-qualified stock option will have no immediate tax consequence to the Company or to a Participant. A Participant will recognize compensation income, subject to withholding for federal, state and local income taxes and employment taxes, at the time of exercise of a non-qualified stock option in an amount equal to the difference between the exercise price and the fair market value on the exercise date of the acquired Shares. The Company will be entitled to a deduction in the same taxable year and in the same amount as a Participant recognizes compensation income as a result of the exercise of a non-qualified stock option, provided that the Company satisfies applicable withholding requirements.

The market value of a Share as of March 12, 2002 was \$4.05.

The amendments to increase the number of Shares authorized for issuance under the Plan and extend the term must be approved by a plurality of the votes cast.

Such adjustment shall be made by the Committee, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an option.
- (b) In the event of the proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a

Edgar Filing: OLYMPIC STEEL INC - Form DEF 14A

new Exercise Date (the "New Exercise Date") and shall terminate immediately prior to the consummation of such proposed dissolution or liquidation, unless otherwise provided by the Committee. The New Exercise Date shall occur before the date of the Company's proposed dissolution or liquidation. The Committee shall notify each Participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the Participant's option has been changed to the New Exercise Date and that the Participant's option shall be exercised automatically on the New Exercise Date. Upon the Committee notifying each Participant of a change in the Exercise Date, an Employee may not elect to increase his or her payroll deduction pursuant to Section 6 hereof.

- (c) In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option shall be assumed or an equivalent option substituted by the successor corporation or a parent or subsidiary of the successor

A-6

corporation. In the event that the successor corporation refuses to assume or substitute for the option, the Offering Period then in progress shall be shortened by setting a New Exercise Date and the Offering Period then in progress shall end on the New Exercise Date. The New Exercise Date shall occur before the date of the Company's proposed sale or merger. The Committee shall notify each Participant in writing, at least ten (10) business days prior to the New Exercise Date, that the Exercise Date for the Participant's option has been changed to the New Exercise Date and that the Participant's option shall be exercised automatically on the New Exercise Date. Upon the Committee notifying each Participant of a change in the Exercise Date, an Employee may not elect to increase his or her payroll deduction pursuant to Section 6 hereof.

18. AMENDMENT OR TERMINATION.

- (a) The Board may at any time and for any reason terminate or amend this Plan.
