Report of Independent Auditors

To the Plan Committee of
Cardinal Health Profit Sharing, Retirement and Savings Plan:

We have audited the accompanying statement of assets available for benefits of Cardinal Health Profit Sharing, Retirement and Savings Plan as of June 30, 2002, and the related statement of changes in assets available for benefits for the year ended June 30, 2002. These financial statements and schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at June 30, 2002, and the changes in its assets available for benefits for the year ended June 30, 2002, in conformity with accounting principles generally accepted in the United States.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The

Edgar Filing: CARDINAL HEALTH INC - Form 11-K

supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

PROFIT SHARING, RETIREMENT AND SAVINGS PLAN:

We have audited the accompanying statements of assets available for plan benefits of the CARDINAL HEALTH PROFIT SHARING, RETIREMENT AND SAVINGS PLAN (the Plan) as of June 30, 2001 and 2000, and the related statement of changes in assets available for plan benefits for the year ended June 30, 2001. These financial statements and the schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for plan benefits of the Plan as of June 30, 2001 and 2000, and the changes in assets available for plan benefits for the year ended June 30, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes is presented for the purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

Cardinal Health Profit Sharing, Retirement and Savings Plan

Notes to Financial Statements
June 30, 2002

1. DESCRIPTION OF PLAN

GENERAL

The Cardinal Health Profit Sharing, Retirement and Savings Plan (the Plan) is a defined contribution plan covering substantially all employees of Cardinal Health, Inc. (the Company) and certain of its subsidiaries not covered by a collective bargaining agreement who have completed one month of service, as defined. This description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is administered by the Plan committee. The Plan trustee, record keeper and asset custodian is Putnam Fiduciary Trust Company (Putnam). Administrative

Edgar Filing: CARDINAL HEALTH INC - Form 11-K

expenses may be paid by the Company or the Plan, excluding loan fees, which are paid by the borrowing participant.

As record keeper and asset custodian of the Plan, Putnam maintains certain accounting and other records of the Plan transactions and assets. Therefore, the Plan and the Plan committee rely on Putnam to provide the appropriate information for purposes of preparation of the financial statements for the Plan. Although certain procedures are designed to obtain reasonable assurance about whether the information provided by Putnam is complete and free of material misstatement, the Plan and Plan committee's ability to verify the information is somewhat limited. For purposes of disclosures made in these financial statements and related certifications, the Plan and Plan committee have no reason to believe that the information provided by Putnam does not fairly present, in all material respects, the financial condition and results of operations of the Plan.

Effective January 1, 2001, Cardinal Health, Inc. established the Master Trust for Retirement Plans of Cardinal Health (the Master Trust) for the Plan and certain other Company plans.

Effective June 30, 2002, the Plan was amended to change the Plan year to the calendar year, with a short Plan year of July 1, 2002 to December 31, 2002.

CONTRIBUTIONS

Participants may contribute 1% to 20% of their compensation, as defined, to the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may contribute discretionary matching and profit sharing contributions to the Plan. The Company's discretionary matching contributions are invested as directed by participants. Contributions are subject to certain limitations.

FORFEITURES

Non-vested account balances are generally forfeited upon termination. Such forfeited amounts are used to reduce future Company contributions to the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's elective contributions, allocations of the Company's contributions, Plan earnings and any rollover contributions made by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. All amounts in participant accounts are participant-directed.

7

Cardinal Health Profit Sharing, Retirement and Savings Plan

Notes to Financial Statements (continued)

VESTING

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent

Edgar Filing: CARDINAL HEALTH INC - Form 11-K

vested after three years of credited service.

PARTICIPANT LOANS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the remaining vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan Administrator. Principal and interest are repaid ratably through regular payroll deductions.

PAYMENT OF BENEFITS

Upon termination of service, death, retirement or disability, all distributions will be made in the form of a lump-sum payment. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain "hardship" circumstances.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

RISKS AND UNCERTAINTIES

The Plan has a significant participant-directed investment in Cardinal Health, Inc. Common Stock, which is exposed to various risks, such as interest rate and overall market volatility risk. Due to the level of risk involved with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near

term and that such changes could materially affect the amounts reported in the statements of assets available for benefits.

INVESTMENT VALUATION AND INCOME RECOGNITION

The investments of the Plan are stated at fair market value as determined by the asset custodian using quoted market prices of underlying investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk involved with certain investment securities, it is reasonably possible that changes in

Edgar Filing: CARDINAL HEALTH INC - Form 11-K

the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of assets available for benefits. Participant loans are valued at cost, which approximates fair market value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

3. INVESTMENTS

The fair market values of individual assets that represent 5% or more of the Plan's assets as of June 30, 2002 and 2001 are as follows:

| | 2002 ----- | 2001 ----- |
|------------------------------------|----------------|----------------|
