### PART III - NARRATIVE

On April 16, 2003, Huntington Bancshares Incorporated ("Huntington") issued a news release announcing its earnings for the first quarter ended March 31, 2003, and its intent to restate prior period earnings resulting from the reclassification of approximately \$3 billion of automobile leases from direct finance leases to operating leases.

Huntington had intended to reclassify its entire \$3 billion automobile lease portfolio from the direct financing lease method to the operating lease method of accounting. However, management has been advised that SEC staff made an announcement at the May 15, 2003, meeting of the Emerging Issues Task Force ("EITF") regarding an interpretation of Statement of Financial Accounting Standards ("FAS") No. 13, Accounting for Leases, that may permit a portion of Huntington's automobile leases to be appropriately accounted for as direct finance leases rather than operating leases. Huntington needs additional time to determine if the outcome of this development will impact Huntington's decision to reclassify all of its automobile leases as operating leases and make any necessary adjustments in its first quarter Form 10-Q.

For these reasons, Huntington will not be able to file its Form 10-Q for the quarter ended March 31, 2003, within the prescribed period, without unreasonable effort or expense.

If the answer is no, identify the reports.

Yes    No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Edgar Filing: HUNTINGTON BANCSHARES INC/MD - Form NT 10-Q

Yes    No

Explanation of Anticipated Change:

Huntington believes that the SEC staff interpretation could have a significant impact on Huntington's results of operation because a portion of its automobile lease portfolio may be appropriately accounted for as direct finance leases rather than operating leases. Until Huntington has determined if this development will impact its decision to reclassify all of its automobile leases as operating leases and, if so, makes appropriate adjustments to its financial statements, Huntington is unable to quantify the change.
