Executive Committee of the Board of Directors Park National Corporation

We have audited the accompanying statements of net assets available for benefits of the Park National Corporation Employees Stock Ownership Plan (the Plan) as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002 and 2001 and the changes in its net assets available for benefits for the year then ended, in conformity with accounting principles

generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of assets held for investment purposes and schedule of reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audit of the basic financial statements, and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Park National Corporation Employees Stock Ownership Plan

Notes to Financial Statements

December 31, 2002

1. DESCRIPTION OF THE PLAN

The following description of the Park National Corporation Employees Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering full-time or part-time employees of Park National Corporation and subsidiaries (Park) who have one year of service, age twenty-one or older, and worked at least 1,000 hours. It is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS

Each year, participants may contribute up to 25% of their pretax annual compensation, as defined in the Plan. Participants may also contribute rollover amounts representing distributions from other qualified defined contribution plans. The maximum salary deferral permitted by the Internal Revenue Code (Code) for 2002 and 2001 was \$11,000 and \$10,500.

Park provides a matching contribution at a level established annually by Park. For 2002, Park matched 50% up to the first 15% of compensation. In 2001, up to the first 14% of compensation, Park matched 20% of officers' contributions and 40% of non-officers' contributions in investments other than Park National Corporation common stock. The match was 50% for officers and non-officers for investments in Park National Corporation common stock.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's salary deferral and allocation of Park's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

VESTING

Participants' accounts are 100% vested at all times.

1. DESCRIPTION OF THE PLAN (CONTINUED)

PAYMENTS OF BENEFITS

On termination of service and before age 59 1/2, a participant may elect to receive either a lump sum or rollover amount equal to the value of his or her account. After age 59 1/2, a participant may elect lump sum, rollover, or installments over a period certain not to exceed the participant's (and his designated beneficiary's) life expectancy.

KSOP

Effective January 1, 2002, the Plan was amended and restated to become a KSOP Plan that invests in Park National Corporation common stock. The Plan is unleveraged and all new contributions (both employer and employee) will be used to purchase Park National Corporation common stock only. Participants have the ability to diversify their investments upon reaching age 55. The Plan has changed its name from Park National Corporation Employees Voluntary Salary Deferral Plan and Trust to Park National Corporation Employees Stock Ownership Plan. All other provisions of the Plan remain the same.

2. SUMMARY OF ACCOUNTING POLICIES

BASIS OF PRESENTATION

The financial statements of the Plan are prepared on the accrual basis.

VALUATION OF INVESTMENTS

2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

ADMINISTRATIVE EXPENSES

All administrative expenses charged to the Plan are borne by Park. Trustee fees for the Plan are waived each year. Park also provides other accounting and administrative services to the Plan.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of investment income and expenses during the reporting period. Actual results could differ from those estimates.

RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified to conform with the current year presentation. These reclassifications had no effect on net assets available for benefits as previously reported.

3. PLAN MERGER

On December 31, 2001, Security Banc Corporation 401(k) Profit Sharing Savings Plan (the Security Plan) merged into the Plan as of December 31, 2001. As a result of the merger, cash of \$4,958,851 and shares of Park National Corporation common stock (Ticker Symbol PRK) with a market value of \$7,674,321, totaling \$12,633,172 were transferred to the Plan on January 2, 2002 which is reflected as a receivable at December 31, 2001.

4. PLAN TERMINATION
