Report of Independent Registered Public Accounting Firm

To the Plan Committee of
Syncor International Corporation Employees' Savings and Stock Ownership Plan

We have audited the accompanying statements of net assets available for benefits of Syncor International Corporation Employees' Savings and Stock Ownership Plan as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2003 and 2002, and the changes in its net assets available for benefits for the year ended December 31, 2003, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management and has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Syncor International Corporation
Employees' Savings and Stock Ownership Plan

Notes to Financial Statements

December 31, 2003

1. DESCRIPTION OF PLAN

GENERAL

The Syncor International Corporation Employees' Savings and Stock Ownership Plan (the Plan) is a defined contribution Plan covering substantially all employees of Cardinal Health 414, Inc. (formerly known as Syncor International Corporation) not covered by a collective bargaining agreement who had attained age 18 and completed three months of employment, as defined, prior to August 1, 2003. On and after August 1, 2003, the Plan covers substantially all employees of Cardinal Health 414, Inc. not covered by a collective bargaining agreement and who complete one full month of employment. This description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provision.

The Plan is administered by the Plan Committee. The Plan trustee, record keeper and asset custodian is Putnam Fiduciary Trust Company (Putnam). Prior to August 1, 2003, administrative expenses were paid by the Company, excluding loan fees. As of August 1, 2003, administrative expenses are paid by the Plan unless paid by the Company, excluding loan fees, which are paid directly from the borrowing participant's account.

As record keeper and asset custodian of the Plan, Putnam maintains certain accounting and other records of the Plan transactions and assets. Therefore, the Plan and the Plan Committee rely on Putnam to provide the appropriate information for purposes of preparation of the financial statements for the Plan. Although certain procedures are designed to obtain reasonable assurance about whether the information provided by Putnam is complete and free of material misstatement, the Plan and Plan Committee's ability to verify the information is somewhat limited. For purposes of disclosures made in these financial statements, the Plan and Plan Committee have no reason to believe that the information provided by Putnam does not fairly present, in all material respects, the financial condition and results of operations of the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The ESSOP acquired 1,750,000 shares of Syncor International Corporation (the Company and Sponsor) common stock with funds borrowed from or guaranteed by the Company. As of December 31, 2001, all such borrowings had been fully repaid.

GENERAL (CONTINUED)

Edgar Filing: CARDINAL HEALTH INC - Form 11-K

With the acquisition of the Company by Cardinal Health, Inc. (Cardinal Health) as of January 1, 2003 (Effective Date), the 2,895,292.487 common shares of Syncor International Corporation in the Stock Fund with a total fair value of \$80,584,348 on the Effective Date was exchanged for 1,361,452.073 Cardinal Health common shares of equal fair value. The share exchange was effected as of January 1, 2003. There are no other changes to the provisions of the Plan. As of July 1, 2003, all active participants in the Plan were permitted to begin participating in a Cardinal Health sponsored retirement plan. CONTRIBUTIONS

Prior to August 1, 2003, participants contributed from 1% to 14% of their compensation, as defined by the Plan Document, on a tax-deferred basis in the Funds Deferrals Account. These contributions were allocated among the available investment funds at the participants' direction. Prior to July 1, 2003, participants could change their deferral percentage each January 1, April 1, July 1 or October 1. In addition, prior to April 1, 2003, participants could direct an additional 1% or 2% tax-deferred contribution to be invested in the Stock Investment Participant Account (Stock Deferrals Account), which invests in the Company's common stock via trustee purchases on the open market or directly from the Company. On and after July 1, 2003, participants may no longer make deferrals to the Plan. In addition, on and after April 1, 2003, participants may direct their deferrals to any of the available investment options under the Plan. Participant contributions are always 100% vested.

Prior to April 1, 2003, all employer contributions were made in the form of Company stock. Prior to April 1, 2003, the Company matched an additional 50% of the participant's contributions in the Funds Deferrals Account with Company common stock, up to the first 4% of the participant's compensation. For those employees who became participants on or after August 1, 2001, the Company did not match the participant's pretax contributions until he or she has been a participant for 9 calendar months. The Company also contributed one share of Company common stock to match each whole share of common stock purchased with participants' tax-deferred compensation. All employer contributions were held in the participants' Stock Investment Company Accounts.

1. DESCRIPTION OF PLAN (CONTINUED)

CONTRIBUTIONS (CONTINUED)

On and after April 1, 2003, all employer contributions are made in the form of cash with matching contributions made pursuant to a discretionary formula determined by the Company and communicated to participants.

The Plan is administered by the Plan Committee. Prior to April 1, 2003, the Plan Committee could also approve a special allocation of Company stock to certain participants' accounts to allow the Plan to pass applicable Internal Revenue Service (Service) nondiscrimination tests. Total annual additions to a participant's account may not exceed the lesser of \$40,000 or 100% of the participant's compensation.

Since the Effective Date of the acquisition of the Company by Cardinal Health,

INVESTMENT OPTIONS AND DIVERSIFICATION

Prior to August 1, 2003, the Plan offered 24 investment options. On and after August 1, 2003, the Plan offers 10 investment options. Participants can direct their contributions, in 1% increments, in any of the investment options offered at the time.

There was no provision for diversification of the Stock Investment Participant Account.

Subsequent to January 1, 2002 and prior to April 1, 2003, a participant under the age of 55 who has been a participant at least 10 years may diversify a portion of his/her Stock Investment Company Account and Stock Investment Participant Account. Edgar Filing: CARDINAL HEALTH INC - Form 11-K

quarterly basis, earnings of the various funds were allocated to the participant account balances according to the ratio that a participant's account balance in a given fund bears to the total of all participant account balances in the fund. On and after August 1, 2003, earnings of the various funds are credited on a daily basis.

1. DESCRIPTION OF PLAN (CONTINUED)

VESTING

Participants are vested immediately in their elective contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Prior to August 1, 2003, the graded vesting schedule provided that a participant is 100% vested after five years of vesting service. Participants are automatically 100% vested if the age of 65 is reached or in the case of disability, or death. On and after August 1, 2003, active participants in the Plan are subject to a cliff vesting schedule providing that a participant is 100% vested after three years of vesting service (with preservation of prior vesting levels, as applicable).

PARTICIPANT LOANS

Prior to August 1, 2003, participants could borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance during the prior 12 months or 50% of their vested account balance. On and after August 1, 2003, the minimum loan amount is \$1,000. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the remaining vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined periodically by the Plan Administrator. Principal and interest are repaid ratably through regular payroll deductions.

PAYMENT OF BENEFITS

Upon termination of employment, death, retirement or disability, all distributions will be made in the form of a lump sum payment in cash or, if so invested, Cardinal Health common shares, at the election of the participant. In addition, the Plan includes a provision for participants to make withdrawals from their account under certain "hardship" circumstances.

7. PLAN TERMINATION
