THE GOODYEAR TIRE & RUBBER COMPANY

OFFER TO EXCHANGE

$500,000,000 Senior Floating Rate Notes due 2009
$325,000,000 8.625% Senior Notes due 2011

We are offering to exchange (a) $500,000,000 aggregate principal amount of our new Senior Floating Rate Notes due 2009 for a like principal amount of our outstanding unregistered Senior Floating Rate Notes due 2009, and (b) $325,000,000 aggregate principal amount of our new 8.625% Senior Notes due 2011 for a like principal amount of our outstanding unregistered 8.625% Senior Notes due 2011. We refer to the new Senior Floating Rate Notes due 2009 and the new 8.625% Senior Notes due 2011 collectively as the exchange notes. We refer to the outstanding unregistered Senior Floating Rate Notes due 2009 and the outstanding unregistered 8.625% Senior Notes due 2011 collectively as the original notes. We refer collectively to the exchange notes and the original notes that remain outstanding following the exchange offer as the notes. The terms of the exchange notes will be identical in all material respects to the respective terms of the original notes of the corresponding series except that the exchange notes will be registered under the Securities Act of 1933 and, therefore, the transfer restrictions applicable to the original notes will not apply to the exchange notes.

Our offer to exchange original notes for exchange notes will be open until 5:00 p.m., New York City time, on , 2007, unless we extend the offer.

We will exchange all outstanding original notes that are validly tendered, are not validly withdrawn and are not redeemed prior to the expiration date of the exchange offer. On June 29, 2007, we will redeem a portion of our outstanding 8.625% Senior Notes due 2011. You should carefully review the procedures for tendering the original notes beginning on page 19 of this prospectus and the information about the partial redemption on page 2 of this prospectus.

If you fail to tender your original notes, you will continue to hold unregistered securities and your ability to transfer them could be adversely affected.

The exchange of original notes for exchange notes pursuant to the exchange offer generally will not be a taxable event for U.S. federal income tax purposes.

We will not receive any proceeds from the exchange offer.

No public market currently exists for the original notes or the exchange notes. We do not intend to list the exchange notes on any national securities exchange.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. The letter of transmittal to be used in connection with the exchange offer states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for original notes where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed, if requested by any broker-dealer, to make this prospectus, as amended or supplemented, available to such broker-dealer for use in connection with any such resale for a period ending on the earlier of (i) 180 days after the completion of the exchange offer and (ii) the date on which such broker-dealer has sold all of its exchange notes. See Plan of Distribution.

Investing in the exchange notes involves risks. See Risk Factors beginning on page 9 of this prospectus.

FORWARD-LOOKING INFORMATION   SAFE HARBOR STATEMENT

Certain information set forth herein and incorporated by reference herein (other than historical data and information) may constitute forward-looking statements regarding events and trends that may affect our future operating results and financial position. The words estimate, expect, intend and project, as well as other words or expressions of similar meaning, are intended to identify forward-looking statements. You are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date of this prospectus. Such statements are based on current expectations and assumptions, are inherently uncertain, are subject to risks and should be viewed with caution. Actual results and experience may differ materially from the forward-looking statements as a result of many factors, including:

- if we do not achieve projected savings from various cost reduction initiatives or successfully implement other strategic initiatives our operating results and financial condition may be materially adversely affected;
- a significant aspect of our master labor agreement with the United Steelworkers (USW) is subject to court and regulatory approvals, which, if not received, could result in the termination and renegotiation of the agreement;
- we face significant global competition, increasingly from lower cost manufacturers, and our market share could decline;
- our pension plans are significantly underfunded and further increases in the underfunded status of the plans could significantly increase the amount of our required contributions and pension expenses;
- higher raw material and energy costs may materially adversely affect our operating results and financial condition;
- continued pricing pressures from vehicle manufacturers may materially adversely affect our business;
- pending litigation relating to our 2003 restatement could have a material adverse effect on our financial condition;
- our long term ability to meet current obligations and to repay maturing indebtedness, is dependent on our ability to access capital markets in the future and to improve our operating results;
- we have a substantial amount of debt, which could restrict our growth, place us at a competitive disadvantage or otherwise materially adversely affect our financial health;
- any failure to be in compliance with any material provision or covenant of our secured credit facilities and the indenture governing our senior secured notes could have a material adverse effect on our liquidity and our results of operations;
- our capital expenditures may not be adequate to maintain our competitive position;
- our variable rate indebtedness subjects us to interest rate risk, which could cause our debt service obligations to increase significantly;
- we may incur significant costs in connection with product liability and other tort claims;

our reserves for product liability and other tort claims and our recorded insurance assets are subject to various uncertainties, the outcome of which may result in our actual costs being significantly higher than the amounts recorded;

we may be required to deposit cash collateral to support an appeal bond if we are subject to a significant adverse judgment, which may have a material adverse effect on our liquidity;

we are subject to extensive government regulations that may materially adversely affect our operating results;

our international operations have certain risks that may materially adversely affect our operating results;

we have foreign currency translation and transaction risks that may materially adversely affect our operating results;

the terms and conditions of our global alliance with Sumitomo Rubber Industries, Ltd. (SRI) provide for certain exit rights available to SRI in 2009 or thereafter, upon the occurrence of certain events, which could require us to make a substantial payment to acquire SRI s interest in certain of our joint venture alliances (which include much of our operations in Europe);

if we are unable to attract and retain key personnel, our business could be materially adversely affected;

work stoppages, financial difficulties or supply disruptions at our suppliers or our major OE customers could harm our business; and

we may be impacted by economic and supply disruptions associated with global events including war, acts of terror, civil obstructions and natural disasters.

It is not possible to foresee or identify all such factors. We will not revise or update any forward-looking statement or disclose any facts, events or circumstances that occur after the date hereof that may affect the accuracy of any forward-looking statement.

Recent Developments

Sale of Engineered Products Business and Certain Subsidiary Guarantors. In the first quarter of 2007, we entered into an agreement to sell substantially all of the business activities and operations of our Engineered Products business to EPD Inc., a company controlled by Carlyle Partners IV, L.P., an affiliate of The Carlyle Group. The purchase price is approximately $1.5 billion in cash, subject to certain closing adjustments. The closing of the transaction is subject to EPD Inc. s completion of a labor agreement with the USW and other customary conditions. The summary financial data and other financial information contained in this prospectus present the results of our Engineered Products business, which was previously a reportable operating segment, as discontinued operations for all periods presented.

As part of our sale of our Engineered Products business, we will sell the following subsidiaries that are currently guarantors of the original notes: Cosmoflex, Inc., Goodyear Engineered Products Canada Inc., Goodyear Engineered Products International Inc., Goodyear Engineered Products Thailand Inc. and Belt Concepts of America, Inc. We refer to these subsidiaries in this prospectus as the Engineered Products Subsidiaries. Pursuant to the terms of both the original notes and the exchange notes, once the Engineered Products Subsidiaries are sold, they will be automatically released from their obligations under the note guarantees. The Engineered Products Subsidiaries will also be released from their guarantees of our senior secured credit facilities and our other senior notes. Holders of the original notes and the exchange notes will not have the benefit of guarantees from the

Engineered Products Subsidiaries once the sale of the Engineered Products business is complete. In addition, we will be selling certain other assets relating to our Engineered Products business, including assets that are held directly by Goodyear and by subsidiaries that will remain guarantors of the notes after the sale is completed.

Equity Offering. On May 22, 2007, we completed a public offering of 26,136,363 million shares of our common stock at $33.00 per share. The net proceeds from the offering, after deducting underwriting discounts and commissions, totaled approximately $834 million. We intend to use the net proceeds from the offering to effect the partial redemption of our 8.625% Senior Notes due 2011 and our 9.00% Senior Notes due in 2015 discussed below. We expect to use the remaining net proceeds of the offering for general corporate purposes, which may include, among other things, investments in growth initiatives within the company s core tire businesses and the repayment of additional debt.

Partial Redemption of 8.625% Senior Notes due 2011 and 9.00% Senior Notes due 2015. On May 30, 2007, we issued notices of partial redemption to the holders of our outstanding 9.00% Senior Notes due 2015 and our outstanding 8.625% Senior Notes due 2011. As provided in the notices, we will redeem $140 million in aggregate principal amount, or 35%, of the 9.00% Senior Notes due 2015 at a redemption price of 109.00%, plus accrued and unpaid interest to the redemption date, which is June 29, 2007. We will redeem $175 million in aggregate principal amount, or 35%, of the 8.625% Senior Notes due 2011 at a redemption price of 108.625%, plus accrued and unpaid interest to the redemption date, which is also June 29, 2007.

The redemption of the notes is being made under equity clawback provisions that permit the redemption of up to 35% of the aggregate principal amount of each series of notes with the proceeds of an equity offering. We will use a portion of the proceeds from the equity offering described above to effect the redemption. Immediately following the redemption, $260,000,000 in aggregate principal amount of the 9.00% Senior Notes due 2015 will remain outstanding and $325,000,000 in aggregate principal amount of the 8.625% Senior Notes due 2011 will remain outstanding. Any 8.625% Senior Notes due 2011 that are redeemed on the redemption date will not be eligible for exchange in this exchange offer.

Exchange Offer	We are offering to exchange (a) $500,000,000 aggregate principal amount of our new Senior Floating Rate Notes due 2009 for a like principal amount of our outstanding unregistered Senior Floating Rate Notes due 2009, and (b) $325,000,000 aggregate principal amount of our new 8.625% Senior Notes due 2011 for a like principal amount of our outstanding unregistered 8.625% Senior Notes due 2011. This exchange offer is intended to satisfy our obligations under the registration rights agreements by and among us, our subsidiary guarantors and the initial purchasers of the notes.
Expiration Date	The exchange offer will expire at 5:00 p.m., New York City time, on , 2007, unless extended.
Withdrawal; Non-Acceptance	You may withdraw any original notes tendered in the exchange offer at any time prior to 5:00 p.m., New York City time, on , 2007. If we decide for any reason not to accept any original notes tendered for exchange, the original notes will be returned to the registered holder at our expense promptly after the expiration or termination of the exchange offer. Any withdrawn or unaccepted original notes will be credited to the tendering holder s account at The Depository Trust Company. For further information regarding the withdrawal of tendered original notes, see The Exchange Offer Terms of the Exchange Offer, Expiration Date; Extension; Termination; Amendment and The Exchange Offer Withdrawal Rights.
Conditions to the Exchange Offer	The exchange offer is subject to customary conditions, which we may waive. See the discussion below under the caption The Exchange Offer Conditions to the Exchange Offer for more information regarding the conditions to the exchange offer.
Exchange Agent	Wells Fargo Bank, N.A. is serving as exchange agent in connection with the exchange offer.
Procedures for Tendering Original Notes	If you are a holder of a note and you wish to tender your note for exchange pursuant to the exchange offer, you must transmit to Wells Fargo Bank, N.A., as exchange agent, on or prior to the expiration date of the exchange offer: (1) either:

a properly completed and duly executed letter of transmittal, which accompanies this prospectus, or a facsimile of the letter of transmittal, including all other documents required by the letter of transmittal, to the exchange agent at the address set forth on the cover page of the letter of transmittal; or

a computer-generated message transmitted by means of DTC s Automated Tender Offer Program system, or ATOP, and received by the exchange agent and forming a part of a confirmation of book-entry transfer in which you acknowledge and agree to be bound by the terms of the letter of transmittal; and

(2) a timely confirmation of book-entry transfer of your old notes into the exchange agent s account at The Depository Trust Company, or DTC, pursuant to the procedure for book-entry transfers described in this prospectus under the heading The Exchange Offer Procedures for Tendering Original Notes.

By executing the letter of transmittal, or sending a message through ATOP, you represent to and agree with us that:

you are acquiring the exchange notes in the ordinary course of your business;

you are not engaged in, and you do not intend to engage in, the distribution (within the meaning of the federal securities laws) of the exchange notes;

you have no arrangement or understanding with anyone to participate in a distribution of the exchange notes; and

you are not an affiliate, within the meaning of Rule 405 under the Securities Act, of the Company.

See The Exchange Offer Procedures for Tendering Original Notes and The Exchange Offer The Depository Trust Company Book-Entry Transfer.

Each broker-dealer that receives exchange notes for its own account in exchange for original notes, where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See Plan of Distribution.

Special Procedures for Beneficial Owners

If you are a beneficial owner of original notes that are held by or registered in the name of a broker, dealer, commercial bank, trust company or other nominee or custodian and you wish to tender your original notes, you should contact your intermediary entity promptly and instruct it to tender the exchange notes on your behalf.

Guaranteed Delivery Procedures

If you desire to tender original notes in the exchange offer and:

the original notes are not immediately available;

time will not permit delivery of the original notes and all required documents to the exchange agent on or prior to the expiration date; or

the procedures for book-entry transfer cannot be completed on a timely basis;

you may nevertheless tender the original notes, provided that you comply with all of the guaranteed delivery procedures set forth in The Exchange Offer Guaranteed Delivery Procedures.

Resales of Exchange Notes	Based on interpretations by the staff of the SEC set forth in no-action letters issued to third parties, we believe that you can resell and transfer your exchange notes without compliance with the registration and prospectus delivery requirements of the Securities Act, if you can make the representations that appear above under the heading Procedures for Tendering Original Notes. We cannot guarantee that the SEC would make a similar decision about this exchange offer. If our belief is wrong, or if you cannot truthfully make the representations appearing above, and you transfer any exchange note without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your exchange notes from such requirements, you may incur liability under the Securities Act. We are not indemnifying you against this liability.
Accrued Interest on the Exchange Notes and the Original Notes	The exchange notes will bear interest from the most recent date to which interest has been paid on the corresponding series of original notes. If your original notes are accepted for exchange, then you will receive interest on the exchange notes and not on the original notes.
Certain United States Federal Income Tax Considerations	The exchange of original notes for exchange notes in the exchange offer generally will not be a taxable transaction for United States federal income tax purposes. See the discussion below under the caption Certain United States Federal Income Tax Considerations.
Consequences of Failure to Exchange Original Notes	All untendered original notes will remain subject to the restrictions on transfer provided for in the original notes and in the indenture. Generally, the original notes that are not exchanged for exchange notes pursuant to the exchange offer will remain restricted securities and may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Other than in connection with the exchange offer, we do not currently anticipate that we will register the original notes under the Securities Act. All untendered original notes will remain outstanding and continue to accrue interest in accordance with the terms of the original notes but will not retain any rights under the registration rights agreements. Because we anticipate that most holders of the original notes will elect to exchange their original notes, we expect that the liquidity of the markets, if any, for any original notes remaining after the completion of the exchange offer will be substantially limited.
Use of Proceeds	We will not receive any proceeds from the issuance of exchange notes in the exchange offer. We will pay all registration and other expenses incidental to the exchange offer.

	In connection with the sale of our Engineered Products business, our Engineered Products Subsidiaries will automatically be released from their obligations as guarantor subsidiaries. our consolidated senior unsecured indebtedness totaled approximately $2.9 billion; and

Table of Contents

our guarantor subsidiaries had indebtedness of approximately $3.5 billion, of which $2.1 billion was secured. Substantially all of such indebtedness consists of subsidiary guarantees of the indebtedness of Goodyear.

As of and for the three months ended March 31, 2007, without including eliminations for intercompany transactions:

our guarantor subsidiaries, excluding our Engineered Products Subsidiaries, had (i) net sales of $462 million and a net loss of $16 million, and (ii) represented approximately 10% of our total assets;

our Engineered Products Subsidiaries had (i) net sales of $74 million and no net income (loss), and (ii) represented less than 1% of our total assets; and

our non-guarantor subsidiaries had (i) net sales of $4.3 billion and net income of $127 million and (ii) represented approximately 50% of our total assets.

For a presentation of the financial information required by Rule 3-10 of Regulation S-X, see Note to the Financial Statements No. 22, Consolidating Financial Statements, in our Current Report on Form 8-K, dated May 3, 2007, and Note to the Interim Consolidated Financial Statements No. 12, Consolidating Financial Information, in our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2007, which are incorporated by reference herein. Notes No. 22 and No. 12 treat our Engineered Products Subsidiaries as guarantor subsidiaries and present the results of our Engineered Product Subsidiaries as discontinued operations for all periods presented therein. If the sale of our Engineered Products business closes before this exchange offer is completed, we will file an update of our presentation of the financial information required by Rule 3-10 of Regulation S-X to reflect the release of our Engineered Products Subsidiaries from their obligations as guarantor subsidiaries.

Guarantees

The exchange notes will be guaranteed, jointly and severally, on a senior unsecured basis, by each of our U.S. and Canadian subsidiaries that is a guarantor under our senior secured credit facilities and, to the extent that they also guarantee any debt of Goodyear or a guarantor, by each of our other restricted subsidiaries.

If a series of exchange notes is assigned an investment grade rating by Moody s and S&P and no default or event of default has occurred or is continuing, we may elect to suspend the guarantees with respect to that series. If either rating on that series of notes should subsequently decline to below investment grade, the guarantees will be reinstated.

Optional Redemption

We have the option to redeem the floating rate exchange notes, in whole or in part, at any time prior to maturity at a price equal to 100% of the principal amount plus accrued and unpaid interest. We have the option to redeem the fixed rate exchange notes, in whole or in part, at any time on or after December 1, 2009 at the redemption prices set forth in this prospectus. Prior to December 1, 2009, we may redeem the fixed rate exchange notes, in whole or in part, at a price equal to 100% of the principal amount plus the make-whole premium described in this prospectus. In addition, prior to December 1, 2009, we may redeem up to 35% of the fixed rate exchange notes from the proceeds of certain equity offerings. On May 30, 2007, we

called $175,000,000, or 35%, of the original aggregate principal amount of the 8.625% Senior Notes due 2011 in reliance on this provision. The redemption will occur on June 29, 2007.

The redemption prices and make-whole premium are discussed in this prospectus under the caption Description of the Exchange Notes Optional Redemption.

Change of Control

If we experience a change of control, we will be required to make an offer to repurchase the exchange notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest to the date of repurchase. See Description of the Exchange Notes Change of Control.

Certain Covenants

The indenture governing the exchange notes contains covenants that limit our ability and the ability of certain of our subsidiaries to, among other things:

- incur additional indebtedness or issue redeemable preferred stock;
- pay dividends, make distributions in respect of our capital stock, or make certain other restricted payments or investments;
- incur liens;
- sell assets;
- incur restrictions on the ability of our subsidiaries to pay dividends or to make other payments to us;
- enter into transactions with our affiliates;
- enter into sale/leaseback transactions; and
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets.

These covenants are subject to a number of important exceptions and qualifications. For example, if a series of exchange notes is assigned an investment grade rating by Moody s and S&P and no default has occurred or is continuing, certain covenants will be suspended as to that series of exchange notes. If either rating on that series of exchange notes should subsequently decline to below investment grade, the suspended covenants will be reinstated as to that series of exchange notes. We intend to seek a rating of the exchange notes. For more detail, see Description of the Exchange Notes Certain Covenants.

Use of Proceeds

We will not receive any proceeds from the issuance of exchange notes in the exchange offer. We will pay all registration and other expenses incidental to the exchange offer.

Book-Entry Form	The exchange notes will be issued in book-entry form and will be represented by permanent global certificates deposited with a custodian for and registered in the name of a nominee of DTC. Beneficial interest in any of the exchange notes will be shown on, and transfers will be effected only through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated notes, except in limited circumstances.
Trading	The exchange notes will not be listed on any securities exchange or included in any automated quotation system.

RISK FACTORS

Any investment in our securities involves a high degree of risk. You should carefully consider the risks described below and all of the information contained in and incorporated by reference in this prospectus before making an investment decision. In addition, you should carefully consider, among other things, the matters discussed under Risk Factors in our Annual Report on Form 10-K for the period ended December 31, 2006, in our Quarterly Report on Form 10-Q for the period ended March 31, 2007, and in other documents that we file with the Securities and Exchange Commission prior to completion of this exchange offer, all of which are incorporated by reference in this prospectus. The risks and uncertainties described below are not the only risks and uncertainties we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. If any of the following risks actually occur, our business, financial condition and results of operations could suffer. In that event, the trading price of our securities could decline, and you could lose all or part of your investment. The risks discussed below also include forward-looking statements and our actual results may differ substantially from those discussed in these forward-looking statements. See Forward-Looking Statements.

Risks Relating to the Exchange Notes

The exchange notes are our senior unsecured obligations. As such, the exchange notes are effectively subordinated to all of our existing and future secured debt, to the existing and future debt of our subsidiaries that do not guarantee the exchange notes and to the existing and future secured debt of any subsidiaries that guarantee the exchange notes.

The exchange notes constitute our senior unsecured debt and rank equally in right of payment with all of our other existing and future senior debt. The notes are effectively subordinated to all our existing and future secured debt, to the existing and future debt of our subsidiaries that do not guarantee the exchange notes and to the existing and future secured debt of any subsidiaries that guarantee the exchange notes. In the event of any liquidation, dissolution, bankruptcy or other similar proceeding, holders of our secured debt may assert rights against any assets securing such debt in order to receive full payment of their debt before those assets may be used to pay the holders of the exchange notes. As of March 31, 2007 we had approximately $5.8 billion of total indebtedness (including capital leases), $2.9 billion of which was secured.

Holders of the exchange notes will have a junior position to the claims of creditors, including trade creditors and tort claimants, of our subsidiaries that do not guarantee the exchange notes (which includes all of our foreign subsidiaries other than certain Canadian subsidiaries) and to all secured creditors of our subsidiaries, whether or not they guarantee the exchange notes, with respect to the assets securing the claims of those secured creditors.

As of March 31, 2007, our subsidiaries guaranteeing the exchange notes, including our Engineered Products Subsidiaries, had indebtedness of $3.5 billion, $2.1 billion of which was secured. Substantially all of such indebtedness consists of subsidiary guarantees of the indebtedness of Goodyear.

As of and for the three months ended March 31, 2007, without including eliminations for intercompany transactions;

- our guarantor subsidiaries, excluding our Engineered Products Subsidiaries, had net sales of $462 million and a net loss of $16 million, and had total assets of approximately $2.2 billion;

- our Engineered Products Subsidiaries had net sales of $74 million and no net income (loss), and had total assets of approximately $133 million; and

our non-guarantor subsidiaries had net sales of $4.3 billion and net income of $127 million, and had total assets of approximately $12.0 billion.

The above financial information does not include eliminations for intercompany transactions. For a presentation of the financial information pursuant to Rule 3-10 of Regulation S-X for our subsidiaries guaranteeing the notes and our non-guarantor subsidiaries, see Note to the Financial Statements No. 22, Consolidating Financial Statements, in our Current Report on Form 8-K, dated May 3, 2007, and Note to the Interim Consolidated Financial Statements No. 12, Consolidating Financial Information, in our Quarterly Report on Form 10-Q for the quarterly

period ended March 31, 2007, which are incorporated by reference herein. Notes No. 22 and No. 12 treat the Engineered Products Subsidiaries as guarantor subsidiaries and present the results of those subsidiaries as discontinued operations for all periods presented therein. If the sale of our Engineered Products business closes before this exchange offer is completed, we will file an update of our presentation of the financial information required by Rule 3-10 of Regulation S-X to reflect the release of our Engineered Products Subsidiaries from their obligations as guarantor subsidiaries.

A court could cancel the guarantees of the exchange notes by our subsidiaries under fraudulent transfer law.

Certain of our U.S. and Canadian subsidiaries will guarantee the exchange notes. Although the guarantees provide you with a direct unsecured claim against the assets of the guarantors, under federal bankruptcy law and comparable provisions of state fraudulent transfer laws, in certain circumstances a court could cancel a guarantee and order the return of any payments made thereunder to the subsidiary or to a fund for the benefit of its creditors.

A court might take these actions if it found, among other things, that when the guarantor incurred the debt evidence by its guarantee (i) it received less than reasonably equivalent value or fair consideration for the incurrence of the and (ii) any one of the following conditions was satisfied:

- the guarantor was insolvent or rendered insolvent by reason of the incurrence;
- the guarantor was engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or
- the guarantor intended to incur, or believed (or reasonably should have believed) that it would incur, debts beyond its ability to pay as those debts matured.

In applying the above factors, a court would likely find that a guarantor did not receive fair consideration or reasonably equivalent value for its guarantee, except to the extent that it benefited directly or indirectly from the issuance of the exchange notes. The determination of whether a guarantor was or was not rendered insolvent when it entered into its guarantee will vary depending on the law of the jurisdiction being applied. Generally, an entity would be considered insolvent if the sum of its debts (including contingent or unliquidated debts) is greater than all of its assets at a fair valuation or if the present fair salable value of it assets is less than the amount that will be required to pay its probable liability on its existing debts, including contingent or unliquidated debts, as they become absolute matured.

If a court canceled a guarantor s guarantee, you would no longer have a claim against that guarantor or its assets. Our assets and the assets of the remaining guarantors may not be sufficient to pay the amount then due under the exchange notes.

Our corporate structure may materially adversely affect our ability to meet our debt service obligations under the exchange notes.

A significant portion of our consolidated assets is held by our subsidiaries. We have manufacturing or sales operations in most countries in the world, often through subsidiary companies. Our cash flow and our ability to service our debt, including the exchange notes, depends on the results of operations of these subsidiaries and upon the ability of these subsidiaries to make distributions of cash to us, whether in the form of dividends, loans or otherwise. In recent years, our foreign subsidiaries have been a significant source of cash flow for our business. In certain countries where we operate, transfers of funds into or out of such countries are generally or periodically subject to various restrictive governmental regulations and there may be adverse tax consequences to such transfers. In addition, our debt

instruments in certain cases place limitations on the ability of our subsidiaries to make distributions of cash to us. While the indenture governing the exchange notes limits our ability to enter into agreements that restrict our ability to receive dividends and other distributions from our subsidiaries, these limitations are subject to a number of significant exceptions, we are generally permitted to enter into such instruments in connection with financing our foreign subsidiaries, and limitations in existing agreements are not restricted. Furthermore, our subsidiaries are separate and distinct legal entities and those that are not subsidiary guarantors of the notes have no obligation, contingent or otherwise, to make payments on the notes or to make any funds available for that purpose.

Table of Contents

If either series of exchange notes is rated investment grade at any time by both Standard & Poor s and Moody s, certain covenants contained in the indenture will be suspended for that series of exchange notes, and the holders of such exchange notes will lose the protection of these covenants.

The indenture governing the exchange notes contains certain covenants that will be suspended and cease to have any effect with respect to a particular series of exchange notes from and after the first date when such exchange notes are rated investment grade by both Standard & Poor s and Moody s. See Description of the Exchange Notes Certain Covenants Suspended Covenants. These covenants restrict, among other things, our ability to pay dividends, incur certain liens, incur additional debt and to enter into certain types of transactions. Because these restrictions would not apply to a series of exchange notes at any time that such exchange notes are rated investment grade, the holders of such exchange notes would not be able to prevent us from incurring substantial additional debt and granting additional liens on our property. If after these covenants are suspended, Standard & Poor s or Moody s were to downgrade their ratings of such exchange notes to a non-investment grade level, the covenants would be reinstated and the holders of such exchange notes would again have the protection of these covenants. However, any liens or indebtedness incurred or other transactions entered into during such time as the exchange notes were rated investment grade would be permitted.

We may not have the ability to raise the funds necessary to finance a change of control offer required by the indenture.

Upon the occurrence of specific change of control events under the indenture governing the notes, we will be required to offer to repurchase all of the exchange notes then outstanding at 101% of the principal amount, plus accrued and unpaid interest, to the repurchase date. A change of control may also accelerate our obligations to repay amounts outstanding under our credit agreements and require us to make a similar offer to purchase our senior secured notes and our 9% senior notes due 2015. We may not have sufficient assets or be able to obtain sufficient third party financing on favorable terms to satisfy all of our obligation under the exchange notes and these other instruments upon a change of control.

Under the terms of certain of our existing credit agreements, a change in control will result in an event of default. Any future credit agreements or other agreements or instruments relating to indebtedness to which we become a party may contain restrictions on our ability to offer to repurchase the exchange notes in connection with a change of control. In the event a change of control occurs at a time when we are prohibited from offering to purchase the exchange notes, we could attempt to obtain the consent of the lenders under those agreements or attempt to refinance the related indebtedness.

Your right to require us to redeem the exchange notes is limited.

The holders of exchange notes have limited rights to require us to purchase or redeem the exchange notes in the event of a takeover, recapitalization or similar restructuring, including an issuer recapitalization or similar transaction with management. Consequently, the change of control provisions of the indenture governing the exchange notes will not afford any protection in a highly leveraged transaction, including a transaction initiated by us, if such transaction does not result in a change of control or otherwise result in an event of default under the indenture. Accordingly, the change of control provision is likely to be of limited effect in such situations.

If an active trading market does not develop for the exchange notes, you may be unable to sell the exchange notes or to sell them at a price you deem sufficient.

The exchange notes will be new securities for which there is no established trading market. We do not intend to list the exchange notes on any national securities exchange. We cannot give you any assurance as to:

the liquidity of any trading market that may develop;

the ability of holders to sell their exchange notes; or

the price at which holders would be able to sell their exchange notes.

Even if a trading market develops, the exchange notes may trade at higher or lower prices than their principal amount or purchase price, depending on many factors, including:

- prevailing interest rates;
- the number of holders of the exchange notes;
- the interest of securities dealers in making a market for the exchange notes;
- the market for similar exchange notes; and
- our operating performance and financial condition.

Moreover, the market for non-investment grade debt has historically been subject to disruptions that have caused volatility in prices. It is possible that the market for the notes will be subject to disruptions. A disruption may have a negative effect on you as a holder of the notes, regardless of our prospects or performance.

Finally, if a large number of holders of original notes do not tender original notes or tender original notes improperly, the limited amount of exchange notes that would be issued and outstanding after we complete the exchange offer could adversely affect the development of a market for the exchange notes.

Risks Related to the Exchange Offer

If you do not properly tender your original notes for exchange notes, you will continue to hold unregistered notes that are subject to transfer restrictions.

We will only issue exchange notes in exchange for original notes that are timely received by the exchange agent together with all required documents. Therefore, you should allow sufficient time to ensure timely delivery of the original notes and you should carefully follow the instructions on how to tender your original notes set forth under The Exchange Offer Procedures for Tendering Original Notes and in the letter of transmittal that you will receive with this prospectus. Neither we nor the exchange agent are required to tell you of any defects or irregularities with respect to your tender of the original notes.

If you do not tender your original notes or if we do not accept your original notes because you did not tender your original notes properly, then you will continue to hold original notes that are subject to the existing transfer restrictions. In addition, if you tender your original notes for the purpose of participating in a distribution of the exchange notes, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes. If you continue to hold any original notes after the exchange offer is completed, you may have difficulty selling them because of the restrictions on transfer and because there will be fewer original notes outstanding. In addition, if a large amount of original notes are not tendered or are tendered improperly, the limited amount of exchange notes that would be issued and outstanding after we complete the exchange offer could lower the market price of the exchange notes.

USE OF PROCEEDS

This exchange offer is intended to satisfy our obligations under the registration rights agreements by and among us, our subsidiary guarantors and the initial purchasers of the original notes. We will not receive any proceeds from the issuance of the exchange notes in the exchange offer. We will receive in exchange outstanding notes in like principal amount. We will retire or cancel all of the outstanding notes tendered in the exchange offer.

CONSOLIDATED RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our consolidated ratio of earnings to fixed charges for each of the last five years and for the three months ended March 31, 2007.

Year Ended December 31,					Three Months Ended
2006	2005	2004	2003	2002	March 31, 2007
*	1.82	1.42	**	***	****

* Earnings for the year ended December 31, 2006 were inadequate to cover fixed charges. The coverage deficiency was $210 million.

** Earnings for the year ended December 31, 2003 were inadequate to cover fixed charges. The coverage deficiency was $714 million.

*** Earnings for the year ended December 31, 2002 were inadequate to cover fixed charges. The coverage deficiency was $34 million.

**** Earnings for the three months ended March 31, 2007 were inadequate to cover fixed charges. The coverage deficiency was $28 million.

For purposes of calculating our ratio of earnings to fixed charges:

earnings consist of pre-tax (loss) income from continuing operations before adjustment for minority interests in consolidated subsidiaries or income or loss from equity investees plus (i) amortization of previously capitalized interest, (ii) distributed income of equity investees and (iii) pre-tax losses of equity investees for which charges arising from guarantees are included in the fixed charges, less (i) capitalized interest and (ii) minority interest in pre-tax income of consolidated subsidiaries with no fixed charges.

fixed charges consist of (i) interest expense, (ii) capitalized interest, (iii) amortization of debt discount, premium or expense, (iv) the interest portion of rental expense (estimated to equal 1/3 of such expense, which is considered a reasonable approximation of the interest factor) and (v) proportionate share of fixed charges of investees accounted for by the equity method.

the consolidated ratio of earnings to fixed charges is determined by adding back fixed charges, as defined above, to earnings, as defined above, which is then divided by fixed charges, as defined above.

THE EXCHANGE OFFER

General

We are offering to exchange (a) $500,000,000 aggregate principal amount of our new Senior Floating Rate Notes due 2009 for a like principal amount of our outstanding unregistered Senior Floating Rate Notes due 2009, and (b) $325,000,000 aggregate principal amount of our new 8.625% Senior Notes due 2011 for a like principal amount of our outstanding unregistered 8.625% Senior Notes due 2011. We are making the exchange offer for all of the original notes, other than any original notes that are redeemed prior to the expiration of the exchange offer. Your participation in the exchange offer is voluntary, and you should carefully consider whether to accept this offer.

On the date of this prospectus, $1,000,000,000 in aggregate principal amount of the original notes, comprised of $500,000,000 of Senior Floating Rate Notes due 2009 and $500,000,000 of 8.625% Senior Notes due 2011, are outstanding. On May 30, 2007, we called $175,000,000 in aggregate principal amount of the 8.625% Senior Notes due 2011 for redemption. The redemption will occur on June 29, 2007. Immediately following the redemption, $325,000,000 in aggregate principal amount of the 8.625% Senior Notes due 2011 will remain outstanding. Any notes redeemed on the redemption date will not be eligible for exchange in this exchange offer.

Our obligations to accept original notes for exchange notes pursuant to the exchange offer are limited by the conditions listed below under Conditions to the Exchange Offer. We currently expect that each of the conditions will be satisfied and that no waivers will be necessary.

Purpose of the Exchange Offer

We issued and sold the original notes on November 21, 2006 in a transaction exempt from the registration requirements of the Securities Act. Because the sale of the original notes was exempt from registration under the Securities Act, a holder may reoffer, resell or otherwise transfer the original notes only if the original notes are registered under the Securities Act or if an applicable exemption from the registration and prospectus delivery requirements of the Securities Act is available.

In connection with the issuance and sale of the original notes, we entered into a registration rights agreement with respect to each series of original notes pursuant to which we agreed, among other things, (i) to use commercially reasonable efforts to cause the registration statement of which this prospectus is a part to become effective and (ii) to use commercially reasonable efforts to complete the exchange offer no later than 60 days after the effective date of the registration statement of which this prospectus is a part.

If there is a change in SEC policy that in the reasonable opinion of our counsel raises a substantial question as to whether the exchange offer is permitted by applicable federal law, we will seek a favorable decision from the staff of the SEC allowing us to consummate the exchange offer. In addition, there are circumstances under which we are required to file a shelf registration statement with respect to resales of the original notes. We have filed a copy of each registration rights agreement as an exhibit to the registration statement on Form S-4 with respect to the exchange notes offered by this prospectus.

We are making the exchange offer to satisfy our obligations under the registration rights agreements. Holders of original notes that do not tender their original notes or whose original notes are tendered but not accepted will have to rely on exemptions to registration requirements under the securities laws, including the Securities Act, if they wish to sell their original notes.

Each broker-dealer that receives exchange notes for its own account in exchange for original notes, where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. See Plan of Distribution.

Resale of Exchange Notes

We have not requested, and do not intend to request, an interpretation by the staff of the SEC as to whether the exchange notes issued pursuant to the exchange offer in exchange for the original notes may be offered for sale,

resold or otherwise transferred by any holder without compliance with the registration and prospectus delivery provisions of the Securities Act. Instead, based on interpretations by the staff in a series of no-action letters issued to third parties, we believe that exchange notes issued pursuant to the exchange offer in exchange for original notes may be offered for sale, resold and otherwise transferred by any holder of exchange notes if:

- the holder is not our affiliate within the meaning of Rule 405 under the Securities Act;
- the holder is not a broker-dealer who purchases such exchange notes directly from us to resell pursuant to Rule 144A or any other available exception under the Securities Act;
- the exchange notes are acquired in the ordinary course of the holder s business; and
- the holder does not intend to participate in a distribution of the exchange notes.

Any holder who exchanges original notes in the exchange offer with the intention of participating in any manner in a distribution of the exchange notes must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

Because the SEC has not considered our exchange offer in the context of a no-action letter, we cannot assure you that the staff would make a similar determination with respect to the exchange offer. Any holder that is an affiliate of ours or that tenders in the exchange offer for the purpose of participating in a distribution of the exchange notes will be deemed to have received restricted securities and will not be allowed to rely on the interpretations by the staff and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

If you participate in the exchange offer, you must acknowledge, among other things, that you are not participating in, and do not intend to participate in, a distribution of exchange notes. If you are a broker-dealer that receives exchange notes for your own account in exchange for original notes, and you acquired your original notes as a result of your market-making activities or other trading activities, you must acknowledge that you will deliver a prospectus in connection with any resale of the exchange notes. See Plan of Distribution.

Terms of the Exchange Offer

Upon the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal, we will accept for exchange any original notes that are properly tendered, are not withdrawn and are not redeemed prior to the expiration of the exchange offer. On May 30, 2007, we called $175,000,000 in aggregate principal amount of the 8.625% Senior Notes due 2011 for redemption. The redemption will occur on June 29, 2007. Any notes redeemed on the redemption date will not be eligible for exchange in this exchange offer.

The date of acceptance for exchange of the original notes and completion of the exchange offer, is the exchange date, which will be the first business day following the expiration date unless we extend the date as described in this prospectus. We will issue $1,000 principal amount of exchange notes in exchange for each $1,000 principal amount of the corresponding series of the original notes surrendered under the exchange offer. The original notes may be tendered only in integral multiples of $1,000. The exchange notes will be delivered on the earliest practicable date following the exchange date.

The form and terms of the exchange notes will be substantially identical to the form and terms of the corresponding series of the original notes, except the exchange notes:

will be registered under the Securities Act; and

will not bear legends restricting their transfer.

The exchange notes will evidence the same debt as the original notes. The exchange notes will be issued under and entitled to the benefits of the indenture that authorized the issuance of the original notes. The exchange offer is not conditioned upon any minimum aggregate principal amount of original notes being tendered for exchange.

This prospectus and the letter of transmittal are being sent to all registered holders of original notes. There will be no fixed record date for determining registered holders of original notes entitled to participate in the exchange offer.

Table of Contents

We intend to conduct the exchange offer in accordance with the applicable requirements of the Securities Act, the Exchange Act and the rules and regulations of the SEC. Original notes that are not exchanged in the exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits their holders have under the indenture. Holders of original notes do not have any appraisal or dissenters rights under the indenture or otherwise in connection with the exchange offer.

We will be deemed to have accepted for exchange properly tendered original notes when we have given oral or written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the holders of original notes who surrender them in the exchange offer for the purposes of receiving the exchange notes from us and delivering the exchange notes to their holders. The exchange agent will make the exchange as promptly as practicable on or after the date of acceptance for exchange of the original notes. We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any original notes not previously accepted for exchange, upon the occurrence of any of the conditions specified below under Conditions to the Exchange Offer.

Holders who tender original notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of original notes. We will pay all charges and expenses, other than applicable taxes described below, in connection with the exchange offer. It is important that you read Solicitation of Tenders; Fees and Expenses and Transfer Taxes below for more details regarding fees and expenses incurred in the exchange offer.

Expiration Date; Extension; Termination; Amendment

The exchange offer will expire at 5:00 p.m., New York City time, on , 2007, unless we have extended the period of time that the exchange offer is open. The expiration date will be at least 20 business days after the beginning of the exchange offer as required by Rule 14e-1(a) under the Exchange Act.

We reserve the right to extend the period of time that the exchange offer is open, and delay acceptance for exchange of any original notes, by giving oral or written notice to the exchange agent and by timely public announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. During any extension, all original notes previously tendered will remain subject to the exchange offer unless properly withdrawn or redeemed.

We also reserve the right to:

- end or amend the exchange offer and not to accept for exchange any original notes not previously accepted for exchange upon the occurrence of any of the events specified below under Conditions to the Exchange Offer that have not been waived by us; and

- amend the terms of the exchange offer in any manner that, in our good faith judgment, is advantageous to you, whether before or after any tender of the original notes.

If any termination or amendment occurs, we will notify the exchange agent and will either issue a press release or give oral or written notice to you as promptly as practicable.

Procedures for Tendering Original Notes

We have forwarded to you, along with this prospectus, a letter of transmittal relating to the exchange offer. A holder need not submit a letter of transmittal if the holder tenders original notes in accordance with the procedures mandated by The Depository Trust Company s Automated Tender Offer Program, or ATOP. To tender original notes without

submitting a letter of transmittal, the electronic instructions sent to The Depository Trust Company and transmitted to the exchange agent must contain your acknowledgment of receipt of, and your agreement to be bound by and to make all of the representations contained in, the letter of transmittal. In all other cases, a letter of transmittal must be manually executed and delivered as described in this prospectus.

Table of Contents

Only a holder of record of original notes may tender original notes in the exchange offer. To tender in the exchange offer, a holder must:

(1) either:

- properly complete, duly sign and date the letter of transmittal, or a facsimile of the letter of transmittal, have the signature on the letter of transmittal guaranteed if the letter of transmittal so requires and deliver the letter of transmittal or facsimile together with any other documents required by the letter of transmittal, to the exchange agent prior to the expiration date; or

- instruct The Depository Trust Company to transmit on behalf of the holder a computer-generated message to the exchange agent in which the holder of the original notes acknowledges and agrees to be bound by the terms of the letter of transmittal, which computer-generated message shall be received by the exchange agent prior to 5:00 p.m., New York City time, on the expiration date, according to the procedure for book-entry transfer described below; and

(2) deliver to the exchange agent prior to the expiration date confirmation of book-entry transfer of your old notes into the exchange agent s account at The Depository Trust Company, or DTC, pursuant to the procedure for book-entry transfers described in this prospectus under the heading Procedures for Tendering Original Notes.

To be tendered effectively, the exchange agent must receive any physical delivery of the letter of transmittal and other required documents at the address set forth below under Exchange Agent before expiration of the exchange offer. To receive confirmation of valid tender of original notes, a holder should contact the exchange agent at the telephone number listed under Exchange Agent.

The tender of notes by a holder that are not withdrawn or redeemed prior to expiration of the exchange offer will constitute an agreement between that holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

If the letter of transmittal or any other required documents are physically delivered to the exchange agent, the method of delivery is at the holder s election and risk. Rather than mail these items, we recommend that holders use an overnight or hand delivery service. In all cases, holders should allow sufficient time to assure delivery to the exchange agent before expiration of the exchange offer. Holders should not send the letter of transmittal to us. Holders may request their respective brokers, dealers, commercial banks, trust companies or other nominees to effect the above transactions for them.

Any beneficial owner whose original notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact the registered holder promptly and instruct it to tender on the owner s behalf.

If the applicable letter of transmittal is signed by a participant in The Depository Trust Company, the signature must correspond with the name as it appears on the security position listing as the holder of the original notes.

A signature on a letter of transmittal or a notice of withdrawal must be guaranteed by an eligible guarantor institution. Eligible guarantor institutions include banks, brokers, dealers, municipal securities dealers, municipal securities brokers, government securities dealers, government securities brokers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations. The signature need not be guaranteed by an eligible guarantor institution if the original notes are tendered:

- by a registered holder who has not completed the box entitled Special Issuance Instructions or Special Delivery Instructions on the letter of transmittal; or

- for the account of an eligible institution.

If the letter of transmittal is signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, these persons should so indicate when signing. Unless we waive this requirement, they should also submit evidence satisfactory to us of their authority to deliver the letter of transmittal.

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tendered original notes. Our determination will be final and binding. We reserve the absolute right to reject any original notes not properly tendered or any original notes the acceptance of which would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to particular original notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties.

Unless waived, any defects or irregularities in connection with tenders of original notes must be cured within the time that we determine. Although we intend to notify holders of defects or irregularities with respect to tenders of original notes, neither we, the exchange agent nor any other person will incur any liability for failure to give notification. Tenders of original notes will not be deemed made until those defects or irregularities have been cured or waived. Any original notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by the exchange agent without cost to the tendering holder, unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

In all cases, we will issue exchange notes for original notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives:

a timely book-entry confirmation that original notes have been transferred into the exchange agent s account at The Depository Trust Company; and

a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent s message.

Holders should receive copies of the letter of transmittal with the prospectus. A holder may obtain additional copies of the letter of transmittal for the original notes from the exchange agent at its offices listed under Exchange Agent. By signing the letter of transmittal, or causing The Depository Trust Company to transmit an agent s message to the exchange agent, each tendering holder of original notes will represent to us that, among other things:

any exchange notes that the holder receives will be acquired in the ordinary course of its business;

the holder is not engaged in, and does not intend to engage in, the distribution (within the meaning of the federal securities laws) of the exchange notes;

the holder has no arrangement or understanding with anyone to participate in a distribution of the exchange notes;

the holder is not an affiliate, as defined in Rule 405 of the Securities Act, of us or, if the holder is an affiliate, it will comply with any applicable registration and prospectus delivery requirements of the Securities Act; and

if the holder is a broker-dealer that will receive exchange notes for its own account in exchange for original notes that were acquired as a result of market-making activities or other trading activities, that it will deliver a prospectus, as required by law, in connection with any resale of those exchange notes (see Plan of Distribution).

The Depository Trust Company Book-Entry Transfer

The exchange agent has established an account with respect to the original notes at The Depository Trust Company for purposes of the exchange offer.

With respect to the original notes, the exchange agent and The Depository Trust Company have confirmed that any financial institution that is a participant in The Depository Trust Company may utilize The Depository Trust Company ATOP procedures to tender original notes.

Table of Contents

With respect to the original notes, any participant in The Depository Trust Company may make book-entry delivery of original notes by causing The Depository Trust Company to transfer the original notes into the exchange agent s account in accordance with The Depository Trust Company s ATOP procedures for transfer.

However, the exchange for the original notes so tendered will be made only after a book-entry confirmation of such book-entry transfer of original notes into the exchange agent s account, and timely receipt by the exchange agent of an agent s message and any other documents required by the letter of transmittal. The term agent s message means a message, transmitted by The Depository Trust Company and received by the exchange agent and forming part of a book-entry confirmation, which states that The Depository Trust Company has received an express acknowledgment from a participant tendering original notes that are the subject of the book-entry confirmation that the participant has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce that agreement against the participant.

Guaranteed Delivery Procedures

Holders wishing to tender their original notes but whose original notes are not immediately available or who cannot deliver their original notes, the letter of transmittal or any other required documents to the exchange agent or cannot comply with the applicable procedures described above before expiration of the exchange offer may tender if:

the tender is made through an eligible guarantor institution;

before expiration of the exchange offer, the exchange agent receives from the eligible guarantor institution either a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail or hand delivery, or a properly transmitted agent s message and notice of guaranteed delivery (i) setting forth the name and address of the holder and the registered number(s) and the principal amount of original notes tendered, (ii) stating that the tender is being made by guaranteed delivery and (iii) guaranteeing that, within three New York Stock Exchange trading days after expiration of the exchange offer, the letter of transmittal, or facsimile thereof, together with the original notes or a book-entry transfer confirmation, and any other documents required by the letter of transmittal will be deposited by the eligible guarantor institution with the exchange agent; and

the exchange agent receives the properly completed and executed letter of transmittal, or facsimile thereof, as well as all tendered original notes in proper form for transfer or a book-entry transfer confirmation, and all other documents required by the letter of transmittal, within three New York Stock Exchange trading days after expiration of the exchange offer.

Upon request to the exchange agent, a notice of guaranteed delivery will be sent to holders who wish to tender their original notes according to the guaranteed delivery procedures set forth above.

Withdrawal Rights

You may withdraw your tender of original notes at any time before 5:00 p.m., New York City time, on the expiration date. For a withdrawal to be effective, the exchange agent must receive a computer generated notice of withdrawal, transmitted by The Depository Trust Company on behalf of the holder in accordance with the standard operating procedure of The Depository Trust Company or a written notice of withdrawal, sent by facsimile transmission, receipt confirmed by telephone, or letter, before the expiration date. Any notice of withdrawal must:

specify the name of the person that tendered the original notes to be withdrawn;

identify the original notes to be withdrawn, including the certificate number or numbers and principal amount of such original notes;

specify the principal amount of original notes to be withdrawn;

include a statement that the holder is withdrawing its election to have the original notes exchanged;

be signed by the holder in the same manner as the original signature on the letter of transmittal by which the original notes were tendered or as otherwise described above, including any required signature guarantees,

or be accompanied by documents of transfer sufficient to have the trustee under the indenture register the transfer of the original notes into the name of the person withdrawing the tender; and

specify the name in which any of the original notes are to be registered, if different from that of the person that tendered the original notes.

Any notice of withdrawal must specify the name and number of the account at The Depository Trust Company to be credited with the withdrawn original notes or otherwise comply with The Depository Trust Company s procedures.

Any original notes withdrawn will not have been validly tendered for exchange for purposes of the exchange offer. Any original notes that have been tendered for exchange but which are not exchanged for any reason will be credited to an account with The Depository Trust Company specified by the holder, as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn original notes may be re-tendered by following one of the procedures described under Procedures for Tendering Original Notes above at any time on or before the expiration date.

Acceptance of Original Notes for Exchange; Delivery of Exchange Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the exchange date, all original notes properly tendered that have not been withdrawn or redeemed and will issue the exchange notes promptly after the acceptance. Please refer to the section in this prospectus entitled Conditions to the Exchange Offer below. For purposes of the exchange offer, we will be deemed to have accepted properly tendered original notes for exchange when we give notice of acceptance to the exchange agent.

For each original note accepted for exchange, the holder of the original note will receive an exchange note of the corresponding series having a principal amount at maturity equal to that of the surrendered original note.

In all cases, we will issue exchange notes for original notes that are accepted for exchange pursuant to the exchange offer only after the exchange agent timely receives a book-entry confirmation of the original notes into the exchange agent s account at The Depository Trust Company, and a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent s message.

Conditions to the Exchange Offer

We will not be required to accept for exchange, or to issue exchange notes in exchange for, any original notes (or any series of original notes) and may terminate or amend the exchange offer, by notice to the exchange agent or by a timely press release, at any time before accepting any of the original notes for exchange, if, in our reasonable judgment:

the exchange notes to be received will not be tradeable by the holder without restriction under the Securities Act, the Exchange Act and without material restrictions under the blue sky or securities laws of substantially all of the states of the United States;

the exchange offer, or the making of any exchange by a holder of outstanding notes, would violate applicable law or any applicable interpretation of the staff of the SEC; or

any action or proceeding has been instituted or threatened in any court or by or before any governmental agency or regulatory authority with respect to the exchange offer that, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer.

In addition, we will not be obligated to accept for exchange the original notes of any holder that has not made to us:

- the representations described under Resale of Exchange Notes, Procedures for Tendering Original Notes and Plan of Distribution ; and

- such other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to make available an appropriate form for registration of the exchange notes under the Securities Act.

Table of Contents

Any original notes that are redeemed prior to the expiration date will not be eligible for exchange in this exchange offer.

We expressly reserve the right, at any time or at various times, to extend the period of time during which the exchange offer is open. Consequently, we may delay acceptance of any original notes by giving oral or written notice of such extension to their holders. During any such extensions, all original notes previously tendered will remain subject to the exchange offer, and we may accept them for exchange. We will return any original notes that we do not accept for exchange for any reason without expense to their tendering holders as promptly as practicable after the expiration or termination of the exchange offer.

In addition, we expressly reserve the right to amend or terminate the exchange offer and to reject for exchange any original notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offer specified above. We expressly reserve the right, at any time or at various times, to waive any of the conditions of the exchange offer, in whole or in part. We will give oral or written notice of any extension, amendment, non-acceptance, termination or waiver to the holders of the original notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the business day after the previously scheduled expiration date.

These conditions are for our sole benefit, and we may assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times in our sole discretion. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that we may assert at any time or at various times.

In addition, we will not accept for exchange any original notes tendered, and will not issue exchange notes in exchange for any such original notes, if at such time any stop order will be threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the indenture under the Trust Indenture Act of 1939.

The exchange offer is not conditioned upon any minimum principal amount of original notes being tendered for exchange.

Solicitation of Tenders; Fees and Expenses

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. However, we will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses in connection with the exchange offer.

We will pay the estimated cash expenses to be incurred in connection with the exchange offer, including the following:

- fees and expenses of the exchange agent and trustee;
- SEC registration fees;
- accounting and legal fees; and
- printing and mailing expenses.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchange of original notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

- certificates representing original notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of original notes tendered;
- exchange notes are to be delivered to, or issued in the name of, any person other than the registered holder of the original notes;
- tendered original notes are registered in the name of any person other than the person signing the letter of transmittal; or
- a transfer tax is imposed for any reason other than the exchange of original notes under the exchange offer.

If satisfactory evidence of payment of transfer taxes is not submitted with the letter of transmittal, the amount of any transfer taxes will be billed to the tendering holder.

Accounting Treatment

We will record the exchange notes at the same carrying value of the original notes of the corresponding series reflected in our accounting records on the date the exchange offer is completed. Accordingly, we will not recognize any gain or loss for accounting purposes upon the exchange of exchange notes for original notes. We will amortize

certain expenses incurred in connection with the issuance of the exchange notes over the respective terms of the exchange notes.

Consequences of Failure to Exchange

If you do not exchange your original notes for exchange notes of the corresponding series pursuant to the exchange offer, you will continue to be subject to the restrictions on transfer of the original notes as described in the legend on the notes. In general, the original notes may be offered or sold only if registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We do not currently anticipate that we will register the original notes under the Securities Act.

Your participation in the exchange offer is voluntary, and you should carefully consider whether to participate. We urge you to consult your financial and tax advisors in making a decision whether or not to tender your original notes. Please refer to the section in this prospectus entitled Certain United States Federal Tax Considerations.

As a result of the making of, and upon acceptance for exchange of all validly tendered original notes pursuant to the terms of, the exchange offer, we will have fulfilled a covenant contained in the registration rights agreements.

Table of Contents

If you do not tender your original notes in the exchange offer, you will be entitled to all the rights and limitations applicable to the original notes under the indenture, except for any rights under the registration rights agreements that by their terms end or cease to have further effectiveness as a result of the making of the exchange offer. To the extent that original notes are tendered and accepted in the exchange offer, the trading market for untendered, or tendered but unaccepted, original notes could be adversely affected. Please refer to the section in this prospectus entitled Risk Factors Risks Related to the Exchange Offer If you do not properly tender your original notes for exchange notes, you will continue to hold unregistered notes which are subject to transfer restrictions.

We may in the future seek to acquire untendered original notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. However, we have no present plans to acquire any original notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered original notes.

Holders of the original notes and exchange notes that remain outstanding after consummation of the exchange offer will vote together as a single class for purposes of determining whether holders of the requisite percentage thereof have taken certain actions or exercised certain rights under the indenture governing the original notes and the exchange notes.

DESCRIPTION OF THE EXCHANGE NOTES

The terms of the exchange notes are the same in all material respects as the terms of the corresponding series of the original notes, except that the exchange notes will be registered under the Securities Act and, therefore, the transfer restrictions applicable to the original notes will not be applicable to the exchange notes and the exchange notes will not bear any legends restricting their transfer. The exchange notes will evidence the same debt as the corresponding series of the original notes and both the original notes and the exchange notes will be governed by the same indenture. Each series of the original notes and the corresponding series of the exchange notes will be treated as a single class of notes should any original notes remain outstanding following the exchange offer.

Definitions of certain terms used in this Description of the Exchange Notes may be found under the heading Certain Definitions. For purposes of this section, the term Company refers only to The Goodyear Tire & Rubber Company and not to any of its Subsidiaries; the terms we, our and us refer to The Goodyear Tire & Rubber Company and, where the context so requires, certain or all of its Subsidiaries. Certain of the Company s Subsidiaries will guarantee the Notes and therefore will be subject to many of the provisions contained in this Description of the Exchange Notes. Each Subsidiary which guarantees the Notes is referred to in this section as a Subsidiary Guarantor. Each such guarantee is termed a Subsidiary Guarantee. References to the Notes refer to the exchange notes and include (i) the 8.625% Senior Notes due 2011 offered hereby (the Fixed Rate Notes) and (ii) the Senior Floating Rate Notes due 2009 offered hereby (the Floating Rate Notes). The Fixed Rate Notes and the Floating Rate Notes are two separate series of notes under the indenture for purposes of, among other things, payments of principal and interest, Events of Default and consents to amendments to the indenture and the Notes. The Fixed Rate Notes and the Floating Rate Notes rank equally in right of payment with each other.

The exchange notes will be issued and the original notes were issued, under an indenture, dated as of November 21, 2006 (the Indenture), among the Company, the Subsidiary Guarantors and Wells Fargo Bank, N.A. as trustee (the Trustee), a copy of which is available upon request to the Company. The Indenture contains provisions which define your rights under the Notes. In addition, the Indenture governs the obligations of the Company and of each Subsidiary Guarantor under the Notes. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the TIA.

The following description is meant to be only a summary of the provisions of the Indenture that we consider material. It does not restate the terms of the Indenture in their entirety. We urge that you carefully read the Indenture because the Indenture, and not this description, govern your rights as Holders. You may request copies of the Indenture at our address set forth under the heading Incorporation by Reference.

Overview of the Notes

The Notes:

- will be unsecured senior obligations of the Company;
- will be senior in right of payment to all future Subordinated Obligations of the Company; and
- will be guaranteed by each Subsidiary Guarantor.

Principal, Maturity and Interest

Fixed Rate Notes. We initially issued unregistered fixed rate notes in an aggregate principal amount of $500.0 million. On May 30, 2007, we called $175,000,000 in aggregate principal amount of the unregistered fixed rate notes for redemption on June 29, 2007. Immediately following the redemption, $325,000,000 in aggregate principal amount of the unregistered fixed rate notes will remain outstanding and will be eligible for exchange in this exchange offer. The Fixed Rate Notes will mature on December 1, 2011. We will issue the Fixed Rate Notes in fully registered form, without coupons, in denominations of $1,000 and any integral multiple of $1,000.

Each Fixed Rate Note we issue will bear interest at a rate of 8.625% per annum beginning on November 21, 2006 from the most recent date to which interest has been paid or provided for on the original unregistered notes. We will pay interest semiannually to Holders of record at the close of business on the May 15 or November 15

immediately preceding the interest payment date on June 1 and December 1 of each year. We will begin paying interest to Holders on June 1, 2007.

Floating Rate Notes. We initially issued unregistered floating rate notes in an aggregate principal amount of $500.0 million. The Floating Rate Notes will mature on December 1, 2009. We will issue the Floating Rate Notes in fully registered form, without coupons, in denominations of $1,000 and any integral multiple of $1,000.

Each Floating Rate Note we issue will bear interest at a rate equal to the Applicable Floating Rate, beginning on November 21, 2006 or from the most recent date to which interest has been paid or provided for on the original unregistered notes. The Applicable Floating Rate will be reset semiannually on June 1 and December 1 of each year. We will pay interest semiannually to Holders of record at the close of business on the May 15 or November 15 immediately preceding the interest payment date on June 1 and December 1 of each year. We will begin paying interest to Holders on June 1, 2007.

The interest rate on the Floating Rate Notes will in no event be higher than the maximum rate permitted by New York law as the same may be modified by U.S. law of general application.

Indenture May be Used for Future Issuances

We may issue an unlimited aggregate principal amount of additional Notes of any series having identical terms and conditions to the applicable Notes we are currently offering (Additional Fixed Rate Notes and Additional Floating Rate Notes , collectively the Additional Notes); provided, however, that we will only be permitted to issue such Additional Notes if at the time of and after giving effect to such issuance we are in compliance with the covenants contained in the Indenture, including the covenant relating to the Incurrence of additional Indebtedness. Any Additional Notes of a series will be part of the same issue as the Notes of such series that we are currently offering, will vote on all matters with such Notes and will be fungible with such Notes for tax purposes.

Paying Agent and Registrar

We will pay the principal of, premium, if any, and interest on the Notes at any office of ours or any agency designated by us. We have initially designated the corporate trust office of the Trustee to act as the agent of the Company in such matters. The location of the corporate trust office is Wells Fargo Bank, N.A., Corporate Trust Services, Sixth Street & Marquette Avenue, N9 303-120, Minneapolis, MN 55479. We however, reserve the right to pay interest to Holders by check mailed directly to Holders at their registered addresses or, with respect to global notes, by wire transfer.

Holders may exchange or transfer their Notes at the same location given in the preceding paragraph. No service charge will be made for any registration of transfer or exchange of Notes. We, however, may require Holders to pay any transfer tax or other similar governmental charge payable in connection with any such transfer or exchange.

Optional Redemption

Fixed Rate Notes. Except as set forth under this section, we may not redeem the Fixed Rate Notes prior to December 1, 2009. After this date, we may redeem the Fixed Rate Notes, in whole or in part, on not less than 30 nor more than 60 days prior notice, at the following redemption prices (expressed as percentages of principal amount), plus accrued and unpaid interest to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on December 1 of the years set forth below:

Year	Redemption Price
2009	104.313%
2010	102.156%
2011	100.000%

Prior to December 1, 2009, we may, on one or more occasions, also redeem up to a maximum of 35% of the original aggregate principal amount of the Fixed Rate Notes (calculated giving effect to any issuance of Additional

Fixed Rate Notes) with the Net Cash Proceeds of one or more Equity Offerings by the Company, at a redemption price equal to 108.625% of the principal amount thereof, plus accrued and unpaid interest to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date); provided, however, that:

(1) at least 65% of the original aggregate principal amount of the Fixed Rate Notes (calculated giving effect to any issuance of Additional Fixed Rate Notes) remains outstanding after giving effect to any such redemption; and

(2) any such redemption by the Company must be made within 90 days after the closing of such Equity Offering and must be made in accordance with certain procedures set forth in the Indenture.

On May 30, 2007, we called $175,000,000, or 35%, of the original aggregate principal amount of the Fixed Rate Notes for redemption in reliance on this provision. The redemption will occur on June 29, 2007.

In addition, prior to December 1, 2009, we may at our option redeem the Fixed Rate Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the Fixed Rate Notes plus the Applicable Premium as of, and accrued and unpaid interest to, the redemption date (subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date). Notice of such redemption must be mailed by first-class mail to each Holder s registered address, not less than 30 nor more than 60 days prior to the redemption date.

Applicable Premium means, with respect to a Fixed Rate Note at any redemption date, the greater of (1) 1.00% of the principal amount of such Fixed Rate Note and (2) the excess of (A) the present value at such redemption date of (i) the redemption price of such Fixed Rate Note on December 1, 2009 (such redemption price being described in the first paragraph in this section exclusive of any accrued interest), plus (ii) all required remaining scheduled interest payments due on such Fixed Rate Note through December 1, 2009 (but excluding accrued and unpaid interest to the redemption date), computed using a discount rate equal to the Adjusted Treasury Rate, over (B) the principal amount of such Fixed Rate Note on such redemption date.

Adjusted Treasury Rate means, with respect to any redemption date, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after December 1, 2009, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date, in each case calculated on the third Business Day immediately preceding the redemption date, in each case of (1) and (2), plus 0.50%.

Comparable Treasury Issue means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the Fixed Rate Notes from the redemption date to December 1, 2009, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of U.S. Dollar denominated corporate debt securities of a maturity most nearly equal to December 1, 2009.

Comparable Treasury Price means, with respect to any redemption date, if clause (2) of the Adjusted Treasury Rate is applicable, the average of three, or if not possible, such lesser number as is obtained by the Company, Reference

Treasury Dealer Quotations for such redemption date.

Quotation Agent means one of the Reference Treasury Dealers selected by the Company.

Reference Treasury Dealer means Goldman, Sachs & Co. and its successors and assigns and two other nationally recognized investment banking firms selected by the Company that are primary U.S. Government securities dealers.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Company, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Company by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third Business Day immediately preceding such redemption date.

Floating Rate Notes. We may redeem the Floating Rate Notes, in whole or in part, at any time on not less than 30 nor more than 60 days prior notice, at 100.000% of the principal amount thereof, plus accrued and unpaid interest to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Selection

If we partially redeem the Notes or any series of Notes, the Trustee, subject to the procedures of DTC, will select the Notes of that series to be redeemed on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion shall deem to be fair and appropriate, although no Note of $1,000, in original principal amount or less will be redeemed in part. If we redeem any Note in part only, the notice of redemption relating to such Note shall state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original Note. On and after the redemption date, interest will cease to accrue on Notes or portions thereof called for redemption so long as we have deposited with the Paying Agent funds sufficient to pay the principal of the Notes to be redeemed, plus accrued and unpaid interest thereon.

Subsidiary Guarantees

The Subsidiary Guarantors, as primary obligors and not merely as sureties, will jointly and severally irrevocably and unconditionally Guarantee on a senior unsecured basis the performance and full and punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of all obligations of the Company under the Indenture (including obligations to the Trustee) and the Notes, whether for payment of principal of or interest on the Notes, expenses, indemnification or otherwise (all such obligations guaranteed by such Subsidiary Guarantors being herein called the Guaranteed Obligations). Each of the Subsidiary Guarantors will agree to pay, in addition to the amount stated above, any and all costs and expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing any rights under the Subsidiary Guarantees. Each Subsidiary Guarantee will be limited in amount to an amount not to exceed the maximum amount that can be Guaranteed by the applicable Subsidiary Guarantor without rendering the Subsidiary Guarantee, as it relates to such Subsidiary Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally. The Company will cause each Restricted Subsidiary that enters into a Guarantee of any Indebtedness of the Company or any Subsidiary Guarantor to execute and deliver to the Trustee a supplemental indenture pursuant to which such Restricted Subsidiary will Guarantee payment of the Notes. See Certain Covenants Future Subsidiary Guarantors below.

Each Subsidiary Guarantee is a continuing guarantee and shall (a) remain in full force and effect until payment in full of all the Guaranteed Obligations, (b) be binding upon each Subsidiary Guarantor and its successors and (c) inure to the benefit of, and be enforceable by, the Trustee, the Holders and their successors, transferees and assigns.

The Subsidiary Guarantee of a Subsidiary Guarantor also will be released:

(1) upon the sale (including any sale pursuant to any exercise of remedies by a holder of Indebtedness of the Company or of such Subsidiary Guarantor) or other disposition (including by way of consolidation or merger) of a Subsidiary Guarantor;

(2) upon the sale or disposition of all or substantially all the assets of such Subsidiary Guarantor;

(3) upon the designation of such Subsidiary Guarantor as an Unrestricted Subsidiary;

(4) unless there is then existing an Event of Default, at such time and for so long as any such Subsidiary Guarantor that became a Subsidiary Guarantor after November 21, 2006 pursuant to the covenant described under Certain Covenants Future Subsidiary Guarantors does not Guarantee any Indebtedness that would have required such Subsidiary Guarantor to enter into a supplemental indenture pursuant to the covenant described under Certain Covenants Future Subsidiary Guarantors;

(5) at our election, during any Suspension Period; or

(6) if we exercise our legal defeasance option or our covenant defeasance option as described under Defeasance or if our obligations under the Indenture are discharged in accordance with the terms of the Indenture.

Ranking

The indebtedness evidenced by these Notes and the Subsidiary Guarantees is unsecured and ranks pari passu in right of payment to the Senior Indebtedness of the Company and the Subsidiary Guarantors, as the case may be. The Notes are guaranteed by the Subsidiary Guarantors.

The Notes are unsecured obligations of the Company. Secured debt and other secured obligations of the Company (including obligations with respect to the Credit Agreements and the Senior Secured Notes) will be effectively senior to the Notes to the extent of the value of the assets securing such debt or other obligations.

The Company currently conducts a portion of its operations through its Subsidiaries. To the extent such Subsidiaries are not Subsidiary Guarantors, creditors of such Subsidiaries, including trade creditors, and preferred stockholders, if any, of such Subsidiaries generally will have priority with respect to the assets and earnings of such Subsidiaries over the claims of creditors of the Company, including Holders. The Notes, therefore, will be effectively subordinated to the claims of creditors, including trade creditors, and preferred stockholders, if any, of Subsidiaries of the Company that are not Subsidiary Guarantors.

In connection with the sale of our Engineered Products business, our Engineered Products Subsidiaries will automatically be released from their obligations as guarantor subsidiaries. As a result, holders of the exchange notes will not have the benefit of guarantees from those subsidiaries once the sale of our Engineered Products business is complete. For more information regarding the sale of our Engineered Products business and the release of the guarantees of our Engineered Products Subsidiaries, see Recent Developments Sale of Engineered Products Business and Certain Subsidiary Guarantors above.

For the three months ended March 31, 2007:

(1) the Subsidiary Guarantors, excluding our Engineered Products Subsidiaries, had total assets of approximately $2.2 billion, generated net sales of approximately $462 million and incurred a net loss of approximately $16 million;

(2) our Engineered Products Subsidiaries had total assets of approximately $133 million and generated net sales of approximately $74 million and no net income (loss); and

(3) the Subsidiaries of the Company, other than those Subsidiaries that are Subsidiary Guarantors, had total assets of approximately $12.0 billion and generated net sales of approximately $4.3 billion and net income of approximately $127 million.

The above financial information does not include eliminations for intercompany transactions.

As of March 31, 2007, there was outstanding:

(1) $4.8 billion of Senior Indebtedness of the Company (other than the Notes), of which $2.9 billion is secured; and

(2) $3.5 billion of Senior Indebtedness of the Subsidiary Guarantors, including our Engineered Products Subsidiaries, of which $2.1 billion is secured. Substantially all of such Senior Indebtedness consists of Guarantees of the Company s Senior Indebtedness.

For a presentation of the financial information pursuant to Rule 3-10 of Regulation S-X, see Note to the Financial Statements No. 22, Consolidating Financial Information, in our Current Report on Form 8-K, dated May 3,

2007, and Note to the Interim Consolidated Financial Statements No. 12, Consolidating Financial Information, in our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2007, which are incorporated by reference herein. Notes No. 22 and No. 12 treat our Engineered Products Subsidiaries as guarantor subsidiaries and present the results of our Engineered Products Subsidiaries as discontinued operations for all periods presented therein. If the sale of our Engineered Products business closes before this exchange offer is completed, we will file an update of our presentation of the financial information required by Rule 3-10 of Regulation S-X to reflect the release of our Engineered Products Subsidiaries from their obligations as guarantor subsidiaries.

Although the Indenture limits the incurrence of Indebtedness by the Company and its Restricted Subsidiaries and the issuance of Preferred Stock by the Restricted Subsidiaries, such limitation is subject to a number of significant qualifications. The Company and its Subsidiaries may be able to Incur substantial amounts of additional Indebtedness in certain circumstances. Such Indebtedness may be Senior Indebtedness and, subject to certain limitations, may be secured. See Certain Covenants Limitation on Indebtedness below.

The Notes will rank equally in all respects with all other unsecured Senior Indebtedness of the Company. Unsecured Indebtedness is not deemed to be subordinate or junior to Secured Indebtedness merely because it is unsecured.

Change of Control

Upon the occurrence of any of the following events (each a Change of Control), each Holder will have the right to require the Company to purchase all or any part of such Holder s Notes at a purchase price in cash equal to 101% of the principal amount thereof plus accrued and unpaid interest to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date):

(1) any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that for purposes of this clause (1) such person shall be deemed to have beneficial ownership of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the Company;

(2) during any period of two consecutive years, individuals who at the beginning of such period constituted the board of directors of the Company (together with any new directors whose election by such board of directors of the Company or whose nomination for election by the shareholders of the Company was approved by a vote of a majority of the directors of the Company then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the board of directors of the Company then in office;

(3) the adoption of a plan relating to the liquidation or dissolution of the Company; or

(4) the merger or consolidation of the Company with or into another Person or the merger of another Person with or into the Company, or the sale of all or substantially all the assets of the Company (as determined on a Consolidated basis) to another Person, and, in the case of any such merger or consolidation, the securities of the Company that are outstanding immediately prior to such transaction and which represent 100% of the aggregate voting power of the Voting Stock of the Company are changed into or exchanged for cash, securities or property, unless pursuant to such transaction such securities are changed into or exchanged for, in addition to any other consideration, securities of the surviving Person or transferee that represent immediately after such transaction, at least a majority of the aggregate voting power of the Voting Stock of the surviving Person or transferee.

Within 30 days following any Change of Control, the Company shall mail a notice to each Holder with a copy to the Trustee (the Change of Control Offer), stating:

(1) that a Change of Control has occurred and that such Holder has the right to require the Company to purchase all or a portion of such Holder s Notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest on the relevant interest payment date);

(2) the circumstances and relevant facts and financial information regarding such Change of Control;

(3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed); and

(4) the instructions determined by the Company, consistent with this covenant, that a Holder must follow in order to have its Notes purchased.

The Company will not be required to make a Change of Control Offer with respect to a series of Notes upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes of such series validly tendered and not withdrawn under such Change of Control Offer. In addition, the Company will not be required to make a Change of Control Offer with respect to a series of Notes upon a Change of Control if such Notes have been called for redemption to the extent that the Company mails a valid notice of redemption to Holders prior to the Change of Control, and thereafter redeems all Notes of such series called for redemption in accordance with the terms set forth in such redemption notice.

The Company will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the purchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

The Change of Control purchase feature is a result of negotiations between the Company and the Initial Purchasers. Management has no present intention to engage in a transaction involving a Change of Control, although it is possible that the Company would decide to do so in the future. Subject to the limitations discussed below, the Company could, in the future, enter into certain transactions, including acquisitions, refinancings or recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of Indebtedness outstanding at such time or otherwise affect the Company s capital structure or credit ratings. Restrictions on the ability of the Company to Incur additional Indebtedness are contained in the covenants described under Certain Covenants Limitation on Indebtedness, Limitation on Liens and Limitation on Sale/Leaseback Transactions. Except for the limitations contained in such covenants, however, the Indenture does not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The definition of Change of Control includes a phrase relating to the sale of all or substantially all the assets of the Company (as determined on a Consolidated basis). Although there is a developing body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder to require the Company to purchase its Notes as a result of a sale of less than all of the assets of the Company (as determined on a Consolidated basis) to another Person may be uncertain.

The occurrence of certain of the events which would constitute a Change of Control would constitute a default under the Credit Agreements. Future Senior Indebtedness of the Company may contain prohibitions of certain events which would constitute a Change of Control or require such Senior Indebtedness to be repurchased or repaid upon a Change of Control. Moreover, the exercise by the Holders of their right to require the Company to purchase the Notes could cause a default under such Senior Indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Company. Finally, the Company s ability to pay cash to the Holders upon a purchase may be limited by the Company s then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required purchases.

The provisions under the Indenture relative to the Company s obligation to make an offer to purchase the Notes of a series as a result of a Change of Control may be waived or modified with respect to that series with the written consent of the Holders of a majority in principal amount of the Notes of that series.

Certain Covenants

The Indenture contains covenants including, among others, those summarized below, with respect to each series of Notes.

Suspended Covenants. Following the first day (the Suspension Date) that:

(1) a series of Notes has an Investment Grade Rating from both of the Rating Agencies; and

(2) no Default has occurred and is continuing under the Indenture with respect to such series of Notes.

The Company and its Restricted Subsidiaries will not be subject to the provisions of the Indenture summarized below with respect to such series of Notes under:

(A) Limitation on Indebtedness;

(B) Limitation on Restricted Payments;

(C) Limitation on Restrictions on Distributions from Restricted Subsidiaries;

(D) Limitation on Sales of Assets and Subsidiary Stock;

(E) Limitation on Transactions with Affiliates;

(F) Future Subsidiary Guarantors; and

(G) clause (3) of the first paragraph under the heading Merger and Consolidation

(collectively, the Suspended Covenants). In addition, the Company may elect to suspend the Subsidiary Guarantees with respect to such series of Notes. In the event that the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time with respect to such series of Notes as a result of the foregoing and on any subsequent date (the Reversion Date) one or both of the Rating Agencies withdraws its Investment Grade Rating or downgrades the rating assigned to such Notes below an Investment Grade Rating, then the Company and its Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants with respect to such series of Notes with respect to future events and the Subsidiary Guarantees will be reinstated with respect to such series of Notes. The period of time between the Suspension Date for such series of Notes and the Reversion Date for such series of Notes is referred to in this description as the Suspension Period. Notwithstanding that the Suspended Covenants may be reinstated with respect to a series of Notes, no default will be deemed to have occurred as a result of a failure to comply with the Suspended Covenants with respect to such series of Notes during the Suspension Period. During any Suspension Period with respect to a series of Notes, the Company may not designate any Subsidiary to be an Unrestricted Subsidiary with respect to such series of Notes unless the Company would have been permitted to designate such Subsidiary to be an Unrestricted Subsidiary with respect to such series of Notes if a Suspension Period with respect to such series of Notes had not been in effect for any period.

On the Reversion Date with respect to a series of Notes, all Indebtedness Incurred during the Suspension Period will be classified to have been Incurred with respect to such series of Notes pursuant to paragraph (a) of Limitation on Indebtedness or one of the clauses set forth in paragraph (b) of Limitation on Indebtedness (to the extent such Indebtedness would be permitted to be Incurred thereunder as of the Reversion Date with respect to such series of Notes and after giving effect to Indebtedness Incurred prior to the Suspension Period with respect to such series of

Notes and outstanding on the Reversion Date with respect to such series of Notes). To the extent such Indebtedness would not be so permitted to be Incurred pursuant to paragraph (a) or (b) of Limitation on Indebtedness, such Indebtedness will be deemed to have been outstanding on November 21, 2006, so that it is classified as permitted under clause (3)(B) of paragraph (b) of Limitation of Indebtedness. Calculations made after the Reversion Date with respect to a series of Notes of the amount available to be made as Restricted Payments under Limitation on Restricted Payments will be made as though the covenant described under Limitation on Restricted Payments had been in effect with respect to such series of Notes since November 21, 2006 and throughout the Suspension Period. Accordingly, Restricted Payments made during the Suspension Period with respect to a series of Notes will reduce the amount available to be made as Restricted Payments with respect to such series of Notes under paragraph (a) of Limitation on Restricted Payments and the items specified in subclause

(4)(C) of paragraph (a) of the covenant described under Limitation on Restricted Payments will increase the amount available to be made under paragraph (a) thereof. For purposes of determining compliance with paragraphs (a) and (b) of the Limitation of Sales of Assets and Subsidiary Stock with respect to a series of Notes, the Net Available Cash from all Asset Dispositions not applied in accordance with the covenant will be deemed to be reset to zero with respect to such series of Notes after the Reversion Date.

In addition, the Indenture also permits, without causing a Default or Event of Default with respect to a series of Notes, the Company and the Restricted Subsidiaries to honor any contractual commitments to take actions in the future after any date on which such series of Notes no longer has an Investment Grade Rating from both of the Rating Agencies as long as such contractual commitments were entered into during a Suspension Period with respect to such series of Notes and not in anticipation of such Notes no longer having an Investment Grade Rating from both of the Rating Agencies.

Limitation on Indebtedness. (a) The Company will not, and will not permit any Restricted Subsidiary to, Incur, directly or indirectly, any Indebtedness; *provided, however*, that the Company or any Subsidiary Guarantor may Incur Indebtedness if on the date of such Incurrence and after giving effect thereto and the application of the proceeds therefrom the Consolidated Coverage Ratio would be greater than 2.0:1.0.

(b) Notwithstanding the foregoing paragraph (a), the Company and its Restricted Subsidiaries may Incur the following Indebtedness:

(1) (x) U.S. Bank Indebtedness in an aggregate principal amount not to exceed the greater of (A) $3 billion, less the aggregate amount of all prepayments of principal applied to permanently reduce any such Indebtedness in satisfaction of the Company s obligations under the covenant described under Limitation on Sales of Assets and Subsidiary Stock and (B) the sum of (i) 60% of the book value of the inventory of the Company and its Restricted Subsidiaries plus (ii) 80% of the book value of the accounts receivable of the Company and its Restricted Subsidiaries (other than any accounts receivable pledged, sold or otherwise transferred or encumbered by the Company or any Restricted Subsidiary in connection with a Qualified Receivables Transaction), in each case, as of the end of the most recent fiscal quarter for which financial statements have been filed with the SEC and (y) European Bank Indebtedness in an aggregate principal amount not to exceed 525.0 million; *provided, however*, that the amount of Indebtedness that may be Incurred pursuant to this clause (1) shall be reduced by any amount of Indebtedness Incurred and then outstanding pursuant to the election provision of clause (10)(A)(ii) below;

(2) Indebtedness of the Company owed to and held by any Restricted Subsidiary or Indebtedness of a Restricted Subsidiary owed to and held by the Company or any Restricted Subsidiary; *provided, however*, that any subsequent event that results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any subsequent transfer of any such Indebtedness (except to the Company or a Restricted Subsidiary) shall be deemed, in each case, to constitute the Incurrence of such Indebtedness by the issuer thereof;

(3) Indebtedness (A) represented by the Notes (not including any Additional Notes) and the Subsidiary Guarantees, (B) outstanding on November 21, 2006 (other than the Indebtedness described in clauses (1) and (2) above and clause (12) below) and (C) consisting of Refinancing Indebtedness Incurred in respect of any Indebtedness described in this clause (3) (including Indebtedness that is Refinancing Indebtedness) or the foregoing paragraph (a);

(4) (A) Indebtedness of a Restricted Subsidiary Incurred and outstanding on or prior to the date on which such Restricted Subsidiary was acquired by the Company or a Restricted Subsidiary (other than Indebtedness Incurred in contemplation of, in connection with, as consideration in, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Subsidiary of or was otherwise acquired by the Company); *provided, however*, that on the date that such

Restricted Subsidiary is acquired by the Company, (i) the Company would have been able to Incur $1.00 of additional Indebtedness pursuant to the foregoing paragraph (a) after giving effect to the Incurrence of such Indebtedness pursuant to this clause (4) or (ii) the Consolidated Coverage Ratio immediately after giving effect to such Incurrence and acquisition would be greater than such

ratio immediately prior to such transaction and (B) Refinancing Indebtedness Incurred by a Restricted Subsidiary in respect of Indebtedness Incurred by such Restricted Subsidiary pursuant to this clause (4);

(5) Indebtedness (A) in respect of performance bonds, bankers acceptances, letters of credit and surety or appeal bonds entered into by the Company or any Restricted Subsidiary in the ordinary course of business, and (B) Hedging Obligations entered into in the ordinary course of business to hedge risks with respect to the Company s or a Restricted Subsidiary s interest rate, currency or raw materials pricing exposure and not entered into for speculative purposes;

(6) Purchase Money Indebtedness, Capitalized Lease Obligations and Attributable Debt and Refinancing Indebtedness in respect thereof in an aggregate principal amount on the date of Incurrence that, when added to all other Indebtedness Incurred pursuant to this clause (6) and then outstanding, will not exceed the greater of (A) $600.0 million and (B) 5.0% of Consolidated assets of the Company as of the end of the most recent fiscal quarter for which financial statements have been filed with the SEC;

(7) Indebtedness Incurred by a Receivables Entity in a Qualified Receivables Transaction;

(8) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business; *provided, however*, that such Indebtedness is extinguished within five Business Days of a Financial Officer s becoming aware of its Incurrence;

(9) any Guarantee (other than the Subsidiary Guarantees) by the Company or a Restricted Subsidiary of Indebtedness or other obligations of the Company or any of its Restricted Subsidiaries so long as the Incurrence of such Indebtedness or other obligations by the Company or such Restricted Subsidiary is permitted under the terms of the Indenture (other than Indebtedness Incurred pursuant to clause (4) above);

(10) (A) Indebtedness of Foreign Subsidiaries in an aggregate principal amount that, when added to all other Indebtedness Incurred pursuant to this clause (10)(A) and then outstanding, will not exceed (i) $900.0 million plus (ii) any amount then permitted to be Incurred pursuant to clause (1) above that the Company instead elects to Incur pursuant to this clause (10)(A) and (B) Indebtedness of Foreign Subsidiaries Incurred in connection with a Qualified Receivables Transaction in an amount not to exceed 300.0 million at any one time outstanding;

(11) Indebtedness constituting unsecured Indebtedness or Secured Indebtedness in an amount not to exceed $850.0 million and Refinancing Indebtedness in respect thereof;

(12) Indebtedness represented by the Senior Secured Notes and the related Guarantees by Subsidiaries of the Company and Refinancing Indebtedness in respect thereof; and

(13) Indebtedness of the Company and the Restricted Subsidiaries in an aggregate principal amount on the date of Incurrence that, when added to all other Indebtedness Incurred pursuant to this clause (13) and then outstanding, will not exceed $150.0 million.

(c) For purposes of determining the outstanding principal amount of any particular Indebtedness Incurred pursuant to this covenant:

(1) Outstanding Indebtedness Incurred pursuant to any of the Credit Agreements prior to or on November 21, 2006 shall be deemed to have been Incurred pursuant to clause (1) of paragraph (b) above;

(2) Indebtedness permitted by this covenant need not be permitted solely by reference to one provision permitting such Indebtedness but may be permitted in part by one such provision and in part by one or more other provisions of

this covenant permitting such Indebtedness; and

(3) in the event that Indebtedness meets the criteria of more than one of the types of Indebtedness described in this covenant, the Company, in its sole discretion, shall classify such Indebtedness (or any portion thereof) as of the time of Incurrence and will only be required to include the amount of such Indebtedness in one of such clauses (provided that any Indebtedness originally classified as Incurred pursuant to clauses (b)(2) through (b)(13) above may later be reclassified as having been Incurred pursuant to paragraph (a) or any other of clauses (b)(2) through (b)(13) above to the extent that such reclassified Indebtedness could be Incurred

pursuant to paragraph (a) or one of clauses (b)(2) through (b)(13) above, as the case may be, if it were Incurred at the time of such reclassification).

(d) For purposes of determining compliance with any U.S. dollar or euro denominated restriction on the Incurrence of Indebtedness where the Indebtedness Incurred is denominated in a different currency, the amount of such Indebtedness will be the U.S. Dollar Equivalent or Euro Equivalent, as the case may be, determined on the date of the Incurrence of such Indebtedness; *provided, however*, that if any such Indebtedness denominated in a different currency is subject to a Currency Agreement with respect to U.S. dollars or euros, as the case may be, covering all principal, premium, if any, and interest payable on such Indebtedness, the amount of such Indebtedness expressed in U.S. dollars or euros will be as provided in such Currency Agreement. The principal amount of any Refinancing Indebtedness incurred in the same currency as the Indebtedness being Refinanced will be the U.S. Dollar Equivalent or Euro Equivalent, as appropriate, of the Indebtedness Refinanced determined on the date of the Incurrence of such Indebtedness, except to the extent that (1) such U.S. Dollar Equivalent or Euro Equivalent was determined based on a Currency Agreement, in which case the Refinancing Indebtedness will be determined in accordance with the immediately preceding sentence, and (2) the principal amount of the Refinancing Indebtedness exceeds the principal amount of the Indebtedness being Refinanced, in which case the U.S. Dollar Equivalent or Euro Equivalent, as appropriate, of such excess, as appropriate, will be determined on the date such Refinancing Indebtedness is incurred.

Limitation on Restricted Payments. (a) The Company will not, and will not permit any Restricted Subsidiary, directly or indirectly, to:

(1) declare or pay any dividend, make any distribution on or in respect of its Capital Stock or make any similar payment (including any payment in connection with any merger or consolidation involving the Company or any Restricted Subsidiary) to the direct or indirect holders of its Capital Stock in their capacity as such, except (A) dividends or distributions payable solely in its Capital Stock (other than Disqualified Stock or, in the case of a Restricted Subsidiary, Preferred Stock) and (B) dividends or distributions payable to the Company or a Restricted Subsidiary (and, if such Restricted Subsidiary has Capital Stock held by Persons other than the Company or other Restricted Subsidiaries, to such other Persons on no more than a pro rata basis);

(2) purchase, repurchase, redeem, retire or otherwise acquire (Purchase) for value any Capital Stock of the Company held by any Person (other than a Restricted Subsidiary) or any Capital Stock of a Restricted Subsidiary held by an affiliate of the Company (other than by a Restricted Subsidiary) (other than in exchange for Capital Stock of the Company that is not Disqualified Stock);

(3) Purchase for value, prior to scheduled maturity, any scheduled repayment or any scheduled sinking fund payment, any Subordinated Obligations (other than the Purchase for value of Subordinated Obligations acquired in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of such Purchase); or

(4) make any Investment (other than a Permitted Investment) in any Person, (any such dividend, distribution, payment, Purchase or Investment being herein referred to as a Restricted Payment) if at the time the Company or such Restricted Subsidiary makes such Restricted Payment:

(A) a Default will have occurred and be continuing (or would result therefrom);

(B) the Company could not Incur at least $1.00 of additional Indebtedness under paragraph (a) of the covenant described under Limitation on Indebtedness; or

(C) the aggregate amount of such Restricted Payment and all other Restricted Payments (the amount so expended, if other than in cash, to be determined in good faith by a Financial Officer of the Company, whose determination will be conclusive; *provided, however*, that with respect to any noncash Restricted Payment in excess of $25.0 million, the amount so expended shall be determined in accordance

with the provisions of the definition of Fair Market Value) declared or made subsequent to Reference Date would exceed the sum, without duplication, of:

(i) 50% of the Consolidated Net Income accrued during the period (treated as one accounting period) from the beginning of the fiscal quarter immediately following the fiscal quarter during which the Reference Date occurs to the most recent fiscal quarter for which financial statements have been filed with the SEC prior to the date of such Restricted Payment (or, in case such Consolidated Net Income will be a deficit, minus 100% of such deficit);

(ii) 100% of the aggregate Net Cash Proceeds received by the Company from the issuance or sale of its Capital Stock (other than Disqualified Stock) subsequent to Reference Date (other than an issuance or sale to a Subsidiary of the Company and other than an issuance or sale to an employee stock ownership plan or to a trust established by the Company or any of its Subsidiaries for the benefit of their employees) and 100% of any cash capital contribution received by the Company from its shareholders subsequent to Reference Date;

(iii) the amount by which Indebtedness of the Company or its Restricted Subsidiaries is reduced on the Company s Consolidated balance sheet upon the conversion or exchange (other than by a Subsidiary of the Company) subsequent to Reference Date of any Indebtedness of the Company or its Restricted Subsidiaries issued after Reference Date which is convertible or exchangeable for Capital Stock (other than Disqualified Stock) of the Company (less the amount of any cash or the Fair Market Value of other property distributed by the Company or any Restricted Subsidiary upon such conversion or exchange); and

(iv) an amount equal to the sum of (x) the net reduction in the Investments (other than Permitted Investments) made by the Company or any Restricted Subsidiary in any Person resulting from repurchases, repayments or redemptions of such Investments by such Person, proceeds realized on the sale of such Investment and proceeds representing the return of capital (excluding dividends and distributions), in each case realized by the Company or any Restricted Subsidiary, and (y) to the extent such Person is an Unrestricted Subsidiary, the portion (proportionate to the Company s equity interest in such Subsidiary) of the fair market value of the net assets of such Unrestricted Subsidiary at the time such Unrestricted Subsidiary is designated a Restricted Subsidiary; *provided, however*, that the foregoing sum shall not exceed, in the case of any such Person or Unrestricted Subsidiary, the amount of Investments (excluding Permitted Investments) previously made (and treated as a Restricted Payment) by the Company or any Restricted Subsidiary in such Person or Unrestricted Subsidiary.

(b) The provisions of the foregoing paragraph (a) will not prohibit:

(1) any Restricted Payment made out of the Net Cash Proceeds of the substantially concurrent sale of, or made by exchange for, Capital Stock of the Company (other than Disqualified Stock and other than Capital Stock issued or sold to a Subsidiary of the Company or an employee stock ownership plan or to a trust established by the Company or any of its Subsidiaries for the benefit of their employees to the extent such sale to such an employee stock ownership plan or trust is financed by loans from or guaranteed by the Company or any Restricted Subsidiary unless such loans have been repaid with cash on or prior to the date of determination) or a substantially concurrent cash capital contribution received by the Company from its shareholders; *provided, however*, that:

(A) such Restricted Payment shall be excluded in the calculation of the amount of Restricted Payments, and

(B) the Net Cash Proceeds from such sale applied in the manner set forth in this clause (1) shall be excluded from the calculation of amounts under clause (4)(C)(ii) of paragraph (a) above;

(2) any prepayment, repayment or Purchase for value of Subordinated Obligations of the Company made by exchange for, or out of the proceeds of the substantially concurrent sale of, other Subordinated Obligations or Indebtedness

Incurred under clause (a) of the covenant described under Limitation on Indebtedness ;

provided, however, that such prepayment, repayment or Purchase for value shall be excluded in the calculation of the amount of Restricted Payments;

(3) dividends paid within 60 days after the date of declaration thereof if at such date of declaration such dividends would have complied with this covenant; *provided, however*, that such dividends shall be included in the calculation of the amount of Restricted Payments;

(4) any Purchase for value of Capital Stock of the Company or any of its Subsidiaries from employees, former employees, directors or former directors of the Company or any of its Subsidiaries (or permitted transferees of such employees, former employees, directors or former directors), pursuant to the terms of agreements (including employment agreements) or plans (or amendments thereto) approved by the Board of Directors under which such individuals purchase or sell or are granted the option to purchase or sell, shares of such Capital Stock; *provided, however*, that the aggregate amount of such Purchases for value will not exceed $10.0 million in any calendar year; *provided further, however*, that any of the $10.0 million permitted to be applied for Purchases under this clause (4) in a calendar year (and not so applied) may be carried forward for use in the following two calendar years; *provided further, however*, that such Purchases for value shall be excluded in the calculation of the amount of Restricted Payments;

(5) so long as no Default has occurred and is continuing, payments of dividends on Disqualified Stock issued after the Reference Date pursuant to the covenant described under Limitation on Indebtedness ; *provided, however*, that such dividends shall be included in the calculation of the amount of Restricted Payments;

(6) repurchases of Capital Stock deemed to occur upon exercise of stock options if such Capital Stock represents a portion of the exercise price of such options; *provided, however*, that such Restricted Payments shall be excluded in the calculation of the amount of Restricted Payments;

(7) so long as no Default has occurred and is continuing, any prepayment, repayment or Purchase for value of Subordinated Obligations from Net Available Cash to the extent permitted under the covenant described under Limitation on Sales of Assets and Subsidiary Stock below; *provided, however*, that such prepayment, repayment or Purchase for value shall be excluded in the calculation of the amount of Restricted Payments;

(8) payments to holders of Capital Stock (or to the holders of Indebtedness that is convertible into or exchangeable for Capital Stock upon such conversion or exchange) in lieu of the issuance of fractional shares; *provided, however*, that such payments shall be excluded in the calculation of the amount of Restricted Payments; or

(9) any Restricted Payment in an amount which, when taken together with all Restricted Payments made after the Reference Date pursuant to this clause (9), does not exceed $50.0 million; *provided, however*, that (A) at the time of each such Restricted Payment, no Default shall have occurred and be continuing (or result therefrom) and (B) such Restricted Payments shall be included in the calculation of the amount of Restricted Payments.

Limitation on Restrictions on Distributions from Restricted Subsidiaries. The Company will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

(1) pay dividends or make any other distributions on its Capital Stock or pay any Indebtedness or other obligations owed to the Company;

(2) make any loans or advances to the Company; or

(3) transfer any of its property or assets to the Company, except:

(A) any encumbrance or restriction pursuant to applicable law, rule, regulation or order or an agreement in effect at or entered into on November 21, 2006;

(B) any encumbrance or restriction with respect to a Restricted Subsidiary pursuant to an agreement relating to any Indebtedness Incurred by such Restricted Subsidiary prior to the date on which such Restricted Subsidiary was acquired by the Company (other than Indebtedness Incurred as consideration in, in contemplation of, or to provide all or any portion of the funds or credit support utilized to consummate the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary or was otherwise acquired by the Company) and outstanding on such date;

(C) any encumbrance or restriction pursuant to an agreement effecting a Refinancing of Indebtedness Incurred pursuant to an agreement referred to in clause (A) or (B) of this covenant or this clause (C) or contained in any amendment to an agreement referred to in clause (A) or (B) of this covenant or this clause (C); *provided, however*, that the encumbrances and restrictions contained in any such Refinancing agreement or amendment are no less favorable in any material respect to the Holders than the encumbrances and restrictions contained in such predecessor agreements;

(D) in the case of clause (3), any encumbrance or restriction:

(i) that restricts in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease, license or similar contract, or the assignment or transfer of any such lease, license or other contract; or

(ii) contained in mortgages, pledges and other security agreements securing Indebtedness of a Restricted Subsidiary to the extent such encumbrance or restriction restricts the transfer of the property subject to such security agreements;

(E) with respect to a Restricted Subsidiary, any restriction imposed pursuant to an agreement entered into for the sale or disposition of all or substantially all the Capital Stock or assets of such Restricted Subsidiary pending the closing of such sale or disposition;

(F) any encumbrance or restriction existing under or by reason of Indebtedness or other contractual requirements of a Receivables Entity in connection with a Qualified Receivables Transaction; *provided, however*, that such restrictions apply only to such Receivables Entity;

(G) purchase money obligations for property acquired in the ordinary course of business and Capitalized Lease Obligations that impose restrictions on the property purchased or leased of the nature described in clause (3) above;

(H) provisions with respect to the disposition or distribution of assets or property in joint venture agreements, asset sale agreements, stock sale agreements and other similar agreements;

(I) restrictions on cash or other deposits or net worth imposed by customers, suppliers or, in the ordinary course of business, other third parties; and

(J) with respect to any Foreign Subsidiary, any encumbrance or restriction contained in the terms of any Indebtedness, or any agreement pursuant to which such Indebtedness was issued, if:

(i) the encumbrance or restriction applies only in the event of a payment default or a default with respect to a financial covenant contained in such Indebtedness or agreement, or

(ii) at the time such Indebtedness is Incurred, such encumbrance or restriction is not expected to materially affect the Company s ability to make principal or interest payments on the Notes, as determined in good faith by a Financial Officer of the Company, whose determination shall be conclusive.

Limitation on Sales of Assets and Subsidiary Stock. (a) The Company will not, and will not permit any Restricted Subsidiary to, make any Asset Disposition unless:

(1) the Company or such Restricted Subsidiary receives consideration (including by way of relief from, or by any other Person assuming sole responsibility for, any liabilities, contingent or otherwise) at the time of

such Asset Disposition at least equal to the Fair Market Value of the shares and assets subject to such Asset Disposition,

(2) at least 75% of the consideration thereof received by the Company or such Restricted Subsidiary is in the form of cash or Additional Assets; *provided, however*, that the 75% consideration requirement of this clause (2) shall not apply to any Specified Asset Sale, and

(3) an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied by the Company (or such Restricted Subsidiary, as the case may be)

(A) *first*, to the extent the Company elects (or is required by the terms of any applicable Indebtedness) (i) to prepay, repay, purchase, repurchase, redeem, retire, defease or otherwise acquire for value Senior Indebtedness of the Company or a Subsidiary Guarantor or Indebtedness of a Restricted Subsidiary that is not a Subsidiary Guarantor or (ii) to cause any loan commitment that is available to be drawn under the applicable credit facility and to be Incurred under the Indenture and that when drawn would constitute Secured Indebtedness, to be permanently reduced by the amount of Net Available Cash, in each case, other than Indebtedness owed to the Company or an Affiliate of the Company and other than obligations in respect of Disqualified Stock, within 365 days after the later of the date of such Asset Disposition or the receipt of such Net Available Cash;

(B) *second*, to acquire Additional Assets (or otherwise to make capital expenditures), in each case within 365 days after the later of the date of such Asset Disposition or the receipt of such Net Available Cash;

(C) *third*, to the extent of the balance of such Net Available Cash after application in accordance with clauses (A) and (B), to make an Offer (as defined in paragraph (c) of this covenant below) to purchase Notes pursuant to and subject to the conditions set forth in paragraph (c) of this covenant; *provided, however,* that if the Company elects (or is required by the terms of any other Senior Indebtedness), such Offer may be made ratably to purchase the Notes and any Senior Indebtedness of the Company; and

(D) *fourth*, to the extent of the balance of such Net Available Cash after application in accordance with clauses (A), (B) and (C), for any general corporate purpose permitted by the terms of the Indenture;

provided, however that in connection with any prepayment, repayment, purchase, repurchase, redemption, retirement, defeasance or other acquisition for value of Indebtedness pursuant to clause (A) or (C) above, the Company or such Restricted Subsidiary will retire such Indebtedness and will cause the related loan commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid, purchased, repurchased, redeemed, retired, defeased or otherwise acquired for value.

Notwithstanding the foregoing provisions of this paragraph (3), the Company and its Restricted Subsidiaries will not be required to apply any Net Available Cash in accordance with this covenant except to the extent that the aggregate Net Available Cash from all Asset Dispositions that is not applied in accordance with this covenant exceeds $25.0 million. Pending application of Net Available Cash pursuant to this covenant, such Net Available Cash may be used or invested in any manner that is not prohibited by the Indenture.

(b) For the purposes of this covenant, the following are deemed to be cash:

the assumption of Indebtedness or other obligations of the Company (other than obligations in respect of Disqualified Stock of the Company) or any Restricted Subsidiary (other than obligations in respect of Disqualified Stock and Preferred Stock of a Restricted Subsidiary that is Subsidiary Guarantor) and the release of the Company or such Restricted Subsidiary from all liability on such Indebtedness or obligations in

connection with such Asset Disposition;

any Designated Noncash Consideration having an aggregate Fair Market Value that, when taken together with all other Designated Noncash Consideration received pursuant to this clause and then outstanding, does not exceed at the time of the receipt of such Designated Noncash Consideration (with the Fair Market Value of each item of Designated Noncash Consideration being measured at the time received and without giving

effect to subsequent changes in value) the greater of (1) $200.0 million and (2) 1.5% of the total Consolidated assets of the Company as shown on the most recent balance sheet of the Company filed with the SEC;

securities, notes or similar obligations received by the Company or any Restricted Subsidiary from the transferee that are promptly converted by the Company or such Restricted Subsidiary into cash; and

Temporary Cash Investments.

(c) In the event of an Asset Disposition that requires the purchase of Notes pursuant to clause (a)(3)(C) of this covenant, the Company will be required

(i) to purchase Notes tendered pursuant to an offer by the Company for the Notes (the Offer) at a purchase price of 100% of their principal amount plus accrued and unpaid interest to the date of purchase (subject to the right of Holders of record on the relevant date to receive interest due on the relevant interest payment date) in accordance with the procedures (including prorating in the event of oversubscription), set forth in the Indenture and

(ii) to purchase other Senior Indebtedness of the Company on the terms and to the extent contemplated thereby; provided that in no event shall the Company offer to purchase such Senior Indebtedness of the Company at a purchase price in excess of 100% of its principal amount (without premium) or, unless otherwise provided for in such Senior Indebtedness, the accreted amount, if issued with original issue discount, plus accrued and unpaid interest thereon. If the aggregate purchase price of Notes (and Senior Indebtedness) tendered pursuant to the Offer is less than the Net Available Cash allotted to the purchase of the Notes (and other Senior Indebtedness), the Company will apply the remaining Net Available Cash in accordance with clause (a)(3)(D) of this covenant. The Company will not be required to make an Offer for Notes (and Senior Indebtedness) pursuant to this covenant if the Net Available Cash available therefor (after application of the proceeds as provided in clauses (a)(3)(A) and (B)) is less than $25.0 million for any particular Asset Disposition (which lesser amount will be carried forward for purposes of determining whether an Offer is required with respect to the Net Available Cash from any subsequent Asset Disposition).

(d) The Company will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

Limitation on Transactions with Affiliates. (a) The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into or conduct any transaction or series of related transactions (including the purchase, sale, lease or exchange of any property or the rendering of any service) with any Affiliate of the Company (an Affiliate Transaction) unless such transaction is on terms:

(1) that are no less favorable to the Company or such Restricted Subsidiary, as the case may be, than those that could be obtained at the time of such transaction in arm s-length dealings with a Person who is not such an Affiliate;

(2) that, in the event such Affiliate Transaction involves an aggregate amount in excess of $25.0 million;

(A) are set forth in writing; and

(B) have been approved by a majority of the members of the Board of Directors having no personal stake in such Affiliate Transaction; and

(3) that, in the event such Affiliate Transaction involves an amount in excess of $75.0 million, have been determined by a nationally recognized appraisal, accounting or investment banking firm to be fair, from a financial standpoint, to the Company and its Restricted Subsidiaries.

(b) The provisions of the foregoing paragraph (a) will not prohibit:

(1) any Restricted Payment permitted to be paid pursuant to the covenant described under Limitation on Restricted Payments;

(2) any issuance of securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, employment arrangements, stock options and stock ownership plans approved by the Board of Directors;

(3) the grant of stock options or similar rights to employees and directors of the Company pursuant to plans approved by the Board of Directors;

(4) loans or advances to employees in the ordinary course of business of the Company;

(5) the payment of reasonable fees and compensation to, or the provision of employee benefit arrangements and indemnity for the benefit of, directors, officers and employees of the Company and its Restricted Subsidiaries in the ordinary course of business;

(6) any transaction between or among any of the Company, any Restricted Subsidiary or any joint venture or similar entity which would constitute an Affiliate Transaction solely because the Company or a Restricted Subsidiary owns an equity interest in or otherwise controls such Restricted Subsidiary, joint venture or similar entity;

(7) the issuance or sale of any Capital Stock (other than Disqualified Stock) of the Company;

(8) any agreement as in effect on November 21, 2006 and described in this prospectus or in the Company s SEC filings as filed on or prior to November 21, 2006, or any renewals, extensions or amendments of any such agreement (so long as such renewals, extensions or amendments are not less favorable in any material respect to the Company or its Restricted Subsidiaries) and the transactions evidenced thereby;

(9) transactions with customers, clients, suppliers or purchasers or sellers of goods or services in each case in the ordinary course of business and otherwise in compliance with the terms of the Indenture which are fair to the Company or its Restricted Subsidiaries, in the reasonable determination of the Board of Directors or the senior management thereof, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party; or

(10) any transaction effected as part of a Qualified Receivables Transaction.

Limitation on Liens. The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, Incur or permit to exist any Lien (the Initial Lien) of any nature whatsoever on any of its property or assets (including Capital Stock of a Restricted Subsidiary), whether owned at November 21, 2006 or thereafter acquired securing any Indebtedness, other than Permitted Liens, without effectively providing that the Notes shall be secured equally and ratably with (or prior to) the obligations so secured for so long as such obligations are so secured.

Any Lien created for the benefit of the Holders of the Notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

SEC Reports. Notwithstanding that the Company may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Company will file with the SEC and provide the Trustee and Holders and prospective Holders (upon request) within 15 days after it files them with the SEC, copies of its annual report and the information, documents and other reports that are specified in Sections 13 and 15(d) of the Exchange Act. In addition, the Company shall furnish to the Trustee and the Holders, promptly upon their becoming available, copies of the annual report to shareholders and any other information provided by the Company to its public shareholders generally. The Company also will comply with the other provisions of Section 314(a) of the TIA.

Future Subsidiary Guarantors. The Company will cause each Restricted Subsidiary that Guarantees any Indebtedness of the Company or of any Subsidiary Guarantor to become a Subsidiary Guarantor, and if applicable, execute and deliver to the Trustee a supplemental indenture in the form set forth in the Indenture pursuant to which such Subsidiary will Guarantee payment of the Notes. Each Subsidiary Guarantee will be limited to an amount not to exceed the maximum amount that can be Guaranteed by that Subsidiary Guarantor, without rendering the Subsidiary Guarantee, as it relates to such Subsidiary Guarantor voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally.

Limitation on Sale/Leaseback Transactions. The Company will not, and will not permit any Restricted Subsidiary to, enter into any Sale/Leaseback Transaction with respect to any property unless:

(1) the Company or such Restricted Subsidiary would be entitled to:

(A) Incur Indebtedness with respect to such Sale/Leaseback Transaction pursuant to the covenant described under Limitation on Indebtedness; and

(B) create a Lien on such property securing such Indebtedness without equally and ratably securing the Notes pursuant to the covenant described under Limitation on Liens;

(2) the gross proceeds payable to the Company or such Restricted Subsidiary in connection with such Sale/Leaseback Transaction are at least equal to the Fair Market Value of such property; and

(3) the transfer of such property is permitted by, and, if applicable, the Company applies the proceeds of such transaction in compliance with, the covenant described under Limitation on Sale of Assets and Subsidiary Stock.

Merger and Consolidation

The Company will not, directly or indirectly, consolidate with or merge with or into, or convey, transfer or lease all or substantially all its assets in one or a series of related transactions to, any Person, unless:

(1) the resulting, surviving or transferee Person (the Successor Company) will be a corporation organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Company (if not the Company) will expressly assume, by a supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of the Company under the Notes and the Indenture;

(2) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Company or any Restricted Subsidiary as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;

(3) immediately after giving effect to such transaction, (A) the Successor Company would be able to Incur an additional $1.00 of Indebtedness under paragraph (a) of the covenant described under Limitation on Indebtedness or (B) the Consolidated Coverage Ratio for the Successor Company would be greater than such ratio for the Company and its Restricted Subsidiaries immediately prior to such transaction; and

(4) the Company shall have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the Indenture.

The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, and the predecessor Company, other than in the case of a lease, will be released from the obligation to pay the principal of and interest on the Notes.

In addition, the Company will not permit any Subsidiary Guarantor to, directly or indirectly, consolidate with or merge with or into, or convey, transfer or lease all or substantially all of its assets in one or a series of related transactions to, any Person unless:

(A) except in the case of a Subsidiary Guarantor (i) that has been disposed of in its entirety to another Person (other than to the Company or an Affiliate of the Company), whether through a merger, consolidation or sale of Capital Stock or assets or (ii) that, as a result of the disposition of all or a portion of its Capital Stock, ceases to be a Subsidiary, the resulting, surviving or transferee Person (the Successor Guarantor) will be a corporation organized and existing under the laws of the United States of America, any State thereof or the District of Columbia, and such Person (if not such Subsidiary Guarantor) will expressly assume, by a supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of such Subsidiary Guarantor under its Subsidiary Guarantee;

(B) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Guarantor or any Restricted Subsidiary as a result of such transaction as having been Incurred by the Successor Guarantor or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing; and

(C) the Company will have delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) comply with the Indenture.

Notwithstanding the foregoing:

(A) any Restricted Subsidiary may Consolidate with, merge into or transfer all or part of its properties and assets to the Company or any Subsidiary Guarantor and

(B) the Company may merge with an Affiliate incorporated solely for the purpose of reincorporating the Company in another jurisdiction within the United States of America, any state thereof or the District of Columbia to realize tax or other benefits.

Defaults

Each of the following is an Event of Default with respect to a series of Notes:

(1) a default in any payment of interest on such series of Notes when due and payable continued for 30 days;

(2) a default in the payment of principal of any Note of such series when due and payable at its Stated Maturity, upon optional redemption or required repurchase, upon declaration of acceleration or otherwise;

(3) the failure by the Company or any Subsidiary Guarantor to comply with its obligations under the covenant described under Merger and Consolidation above;

(4) the failure by the Company or any Restricted Subsidiary to comply for 30 days after notice with any of its obligations under the covenants described under Change of Control or Certain Covenants (other than Certain Covenants SEC reports) above (in each case, other than a failure to purchase such Notes);

(5) the failure by the Company or any Restricted Subsidiary to comply for 60 days after notice as specified in the Indenture with its other agreements with respect to such Notes contained in the Indenture;

(6) the failure by the Company or any Restricted Subsidiary to pay any Indebtedness (other than Indebtedness owing to the Company or a Restricted Subsidiary) within any applicable grace period after final maturity or the acceleration of any such Indebtedness by the holders thereof because of a default if the total amount of such Indebtedness unpaid or accelerated exceeds $50.0 million or its foreign currency equivalent (the cross acceleration provision);

(7) certain events of bankruptcy, insolvency or reorganization of the Company or a Significant Subsidiary (the bankruptcy provisions);

(8) the rendering of any final and nonappealable judgment or decree (not covered by insurance) for the payment of money in excess of $50.0 million or its foreign currency equivalent (treating any deductibles, self-insurance or retention as not so covered) against the Company or a Significant Subsidiary if such final judgment or decree remains outstanding and is not satisfied, discharged or waived within a period of 60 days following such judgment (the judgment default provision); or

(9) any Subsidiary Guarantee ceases to be in full force and effect in all material respects (except as contemplated by the terms thereof) or any Subsidiary Guarantor denies or disaffirms such Subsidiary Guarantor s obligations under the Indenture or any Subsidiary Guarantee and such Default continues for 10 days after receipt of the notice as specified in the Indenture.

The foregoing will constitute Events of Default with respect to a series of Notes whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

However, a default under clauses (4), (5), (6), (8) or (9) (only with respect to any Subsidiary Guarantor that is not a Significant Subsidiary) will not constitute an Event of Default with respect to a series of Notes, until the Trustee notifies the Company or the Holders of at least 25% in principal amount of the outstanding Notes of such series notify the Company and the Trustee of the default and the Company or the Subsidiary Guarantor, as applicable, does not cure such default within the time specified in clauses (4), (5), (6), (8) or (9) hereof after receipt of such notice.

If an Event of Default with respect to a series of Notes (other than an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Company) occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the outstanding Notes of such series by notice to the Company may declare the principal of and accrued but unpaid interest on all the Notes of such series to be due and payable. Upon such a declaration, such principal and interest will be due and payable immediately. If an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Company occurs, the principal of and interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holders. Under certain circumstances, the Holders of a majority in principal amount of the outstanding Notes of a series may rescind any such acceleration with respect to the Notes of such series and its consequences.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders of a series of Notes unless such Holders have offered to the Trustee reasonable indemnity against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of a Note of a series may pursue any remedy with respect to the Indenture or the Notes of such series unless:

(1) such Holder has previously given the Trustee notice that an Event of Default is continuing,

(2) Holders of at least 25% in principal amount of the outstanding Notes of such series have requested the Trustee in writing to pursue the remedy,

(3) such Holders have offered the Trustee reasonable indemnity against any loss, liability or expense,

(4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of indemnity and

(5) the Holders of a majority in principal amount of the outstanding Notes of such series have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of the outstanding Notes of a series will be given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee with respect to such series. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note of such series or that would involve the Trustee in personal liability. Prior to taking any action under the Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

If a Default occurs and is continuing and is known to the Trustee, the Trustee must mail to each Holder of the Notes of each series to which such Default applies, notice of the Default within the earlier of 90 days after it occurs or 30 days after it is actually known to a Trust Officer or written notice of it is received by the Trustee. Except in the case of a Default in the payment of principal of, premium (if any) or interest on any Note (including payments pursuant to the redemption provisions of such Note), the Trustee may withhold notice if and so long as a committee of its Trust Officers in good faith determines that withholding notice is in the interests of the Holders. In addition, the Company will be required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Company

will also be required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Events of Default, their status and what action the Company is taking or proposes to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the Indenture or the Notes may be amended with respect to the Notes of a series with the written consent of the Holders of a majority in principal amount of the Notes of such series then outstanding voting as a single class and any past default or compliance with any provisions with respect to the Notes of a series may be waived with the consent of the Holders of a majority in principal amount of the Notes of such series then outstanding voting as a single class. However, without the consent of each Holder of an outstanding Note of a series affected, no amendment may, among other things:

(1) reduce the amount of such Notes whose Holders must consent to an amendment;

(2) reduce the rate of or extend the time for payment of interest on any such Note;

(3) reduce the principal of or extend the Stated Maturity of any such Note;

(4) reduce the premium payable upon the redemption of any Note or change the time at which any such Note may be redeemed as described under Optional redemption above;

(5) make any such Note payable in money other than that stated in the Note;

(6) impair the right of any Holder of such Notes to receive payment of principal of, and interest on, such Holder s Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder s Notes;

(7) make any change in the amendment provisions which require each Holder s consent or in the waiver provisions; or

(8) modify the Subsidiary Guarantees in any manner adverse to the Holders of such Notes.

Without the consent of any Holder of the Notes of a series, the Company, the Subsidiary Guarantors and the Trustee, as applicable, may amend the Indenture with respect to such series to:

(1) cure any ambiguity, omission, defect or inconsistency;

(2) provide for the assumption by a successor corporation of the obligations of the Company under the Indenture;

(3) provide for uncertificated Notes in addition to or in place of certificated Notes of such series (provided, however, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f)(2)(B) of the Code);

(4) add additional Guarantees with respect to the Notes of such series;

(5) add to the covenants of the Company for the benefit of the Holders of Notes of such series or to surrender any right or power conferred upon the Company;

(6) make any change that does not adversely affect the rights of any Holder of Notes of such series in any material respect, subject to the provisions of the Indenture;

(7) make any amendment to the provisions of the Indenture relating to the form, authentication, transfer and legending of Notes; *provided, however*, that

(A) compliance with the Indenture as so amended would not result in Notes being transferred in violation of the Securities Act or any other applicable securities law and

(B) such amendment does not materially affect the rights of Holders to transfer Notes; or

(8) comply with any requirement of the SEC in connection with the qualification of the Indenture under the TIA.

The consent of the Holders will not be necessary to approve the particular form of any proposed amendment. It will be sufficient if such consent approves the substance of the proposed amendment.

After an amendment becomes effective, the Company is required to mail to Holders a notice briefly describing such amendment. However, the failure to give such notice to all Holders, or any defect therein, will not impair or affect the validity of the amendment.

Transfer and Exchange

A Holder will be able to transfer or exchange Notes in accordance with the Indenture. Upon any transfer or exchange, the registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents and the Company may require a Holder to pay any taxes required by law or permitted by the Indenture. The Company will not be required to transfer or exchange any Note selected for redemption or to transfer or exchange any Note for a period of 15 days prior to a selection of Notes to be redeemed. The Notes will be issued in registered form and the Holder will be treated as the owner of such Note for all purposes.

Satisfaction and Discharge

When the Company (1) delivers to the Trustee all outstanding Notes of a series for cancellation or (2) all outstanding Notes of a series have become due and payable, whether at maturity or on a redemption date as a result of the mailing of notice of redemption and, in the case of clause (2), the Company irrevocably deposits with the Trustee funds or U.S. Government Obligations sufficient to pay at maturity or upon redemption all outstanding Notes of such series, including premium, if any, interest thereon to maturity or such redemption date, and if in any case the Company pays all other sums payable under the Indenture by the Company with respect to that series, then the Indenture shall, subject to certain exceptions, cease to be of further effect with respect to that series.

Defeasance

The Company may at any time terminate all its obligations under the Indenture with respect to a series of Notes (legal defeasance), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes of such series, to replace mutilated, destroyed, lost or stolen Notes of such series and to maintain a registrar and paying agent in respect of the Notes of such series.

In addition, the Company may, with respect to a series of Notes, at any time terminate:

(1) its obligations under the covenants described under Certain Covenants,

(2) the operation of the cross acceleration provision, the bankruptcy provisions with respect to Significant Subsidiaries and the judgment default provision described under Defaults above and the limitations contained in clauses (3) under the first paragraph of Merger and Consolidation above (covenant defeasance).

In the event that the Company exercises its legal defeasance option or its covenant defeasance option with respect to a series of Notes, each Subsidiary Guarantor will be released from all of its obligations with respect to its Subsidiary Guarantee of such series of Notes.

The Company may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the Company exercises its legal defeasance option with respect to a series of Notes, payment of such series of Notes may not be accelerated because of an Event of Default with respect thereto. If the Company exercises its covenant defeasance option with respect to a series of Notes, payment of such series of Notes may not be accelerated

because of an Event of Default with respect thereto specified in clause (4), (6), (7) (with respect only to Significant Subsidiaries) or (8) under Defaults above or because of the failure of the Company to comply with clause (3) under the first paragraph of Merger and Consolidation above.

In order to exercise either defeasance option with respect to a series of Notes, the Company must irrevocably deposit in trust (the defeasance trust) with the Trustee money in an amount sufficient or U.S. Government Obligations, the principal of and interest on which will be sufficient, or a combination thereof sufficient, to pay the principal of, premium (if any) and interest in respect of such series of Notes to redemption or maturity, as the case

may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel to the effect that Holders of such series of Notes will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law).

Concerning the Trustee

Wells Fargo Bank, N.A. is the Trustee under the Indenture and has been appointed by the Company as Registrar and Paying Agent with regard to each series of Notes.

Governing Law

The Indenture and the Notes are governed by, and construed in accordance with, the laws of the State of New York without giving effect to applicable principles of conflicts of law to the extent that the application of the law of another jurisdiction would be required thereby.

such semi-annual period; *provided, however*, that, if no British Bankers Association LIBOR rate is available to the Company, the Applicable Floating Rate for the relevant semi-annual period shall instead be at the rate at which Goldman, Sachs & Co. or one of its affiliate banks offers to place deposits in U.S. dollars with first-class banks in the London interbank market for a period of six months at approximately 11:00 a.m. (London time) two Business Days immediately prior to the first day of such semi-annual period, in amounts equal to $1.0 million. In the case of any lease which is terminable by the lessee upon payment of a penalty, the Attributable Debt shall be the lesser of:

(i) the Attributable Debt determined assuming termination upon the first date such lease may be terminated (in which case the Attributable Debt shall also include the amount of the penalty, but no rent shall be considered as required to be paid under such lease subsequent to the first date upon which it may be so terminated) and

(ii) the Attributable Debt determined assuming no such termination.

Average Life means, as of the date of determination, with respect to any Indebtedness or Preferred Stock, the quotient obtained by dividing:

Consolidated Coverage Ratio as of any date of determination means the ratio of:

(1) the aggregate amount of EBITDA for the period of the most recent four consecutive fiscal quarters ending prior to the date of such determination for which financial statements have been filed with the SEC to

(2) Consolidated Interest Expense for such four fiscal quarters;

provided, however, that:

(A) if the Company or any Restricted Subsidiary has Incurred any Indebtedness since the beginning of such period that remains outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio is an Incurrence of Indebtedness, EBITDA and Consolidated Interest Expense for such period shall be calculated after giving effect on a pro forma basis to such Indebtedness as if such Indebtedness had been Incurred on the first day of such period and the discharge of any other Indebtedness repaid, repurchased, defeased or otherwise discharged with the proceeds of such new Indebtedness as if such discharge had occurred on the first day of such period;

(B) if the Company or any Restricted Subsidiary has repaid, repurchased, defeased or otherwise discharged any Indebtedness since the beginning of such period or if any Indebtedness is to be repaid, repurchased, defeased or otherwise discharged (in each case other than Indebtedness Incurred under any revolving credit facility unless such Indebtedness has been permanently repaid and has not been replaced) on the date of the transaction giving rise to the need to calculate the Consolidated Coverage Ratio, EBITDA and Consolidated Interest Expense for such period shall be calculated on a pro forma basis as if such discharge had occurred on the first day of such period and as if the Company or such Restricted Subsidiary had not earned the interest income actually earned during such period in respect of cash or Temporary Cash Investments used to repay, repurchase, defease or otherwise discharge such Indebtedness;

(C) if since the beginning of such period the Company or any Restricted Subsidiary shall have made any Asset Disposition, the EBITDA for such period shall be reduced by an amount equal to the EBITDA (if positive) directly attributable to the assets that are the subject of such Asset Disposition for such period or increased by an amount equal to the EBITDA (if negative) directly attributable thereto for such period and Consolidated Interest Expense for such period shall be reduced by an amount equal to the Consolidated Interest Expense directly attributable to any Indebtedness of the Company or any Restricted Subsidiary repaid, repurchased, defeased or otherwise discharged with respect to the Company and its Restricted Subsidiaries in connection with such Asset Disposition for such period (or, if the Capital Stock of any Restricted Subsidiary is sold, the Consolidated Interest Expense for such period directly attributable to the Indebtedness of such Restricted Subsidiary to the extent the Company and its continuing Restricted

Subsidiaries are no longer liable for such Indebtedness after such sale);

(D) if since the beginning of such period the Company or any Restricted Subsidiary (by merger or otherwise) shall have made an Investment in any Restricted Subsidiary (or any Person that becomes a Restricted Subsidiary) or an acquisition of assets, including any acquisition of assets occurring in connection with a transaction causing a calculation to be made hereunder, which constitutes all or substantially all of an operating unit, division or line of a business, EBITDA and Consolidated Interest Expense for such period shall

be calculated after giving pro forma effect thereto (including the Incurrence of any Indebtedness) as if such Investment or acquisition occurred on the first day of such period; and

(E) if since the beginning of such period any Person that subsequently became a Restricted Subsidiary or was merged with or into the Company or any Restricted Subsidiary since the beginning of such period shall have made any Asset Disposition or any Investment or acquisition of assets that would have required an adjustment pursuant to clause (C) or (D) above if made by the Company or a Restricted Subsidiary during such period, EBITDA and Consolidated Interest Expense for such period shall be calculated after giving pro forma effect thereto as if such Asset Disposition, Investment or acquisition of assets occurred on the first day of such period.

For purposes of this definition, whenever pro forma effect is to be given to an acquisition of assets, Asset Disposition or other Investment, the amount of income, EBITDA or earnings relating thereto and the amount of Consolidated Interest Expense associated with any Indebtedness Incurred in connection therewith, the pro forma calculations shall be determined in good faith by a responsible Financial Officer of the Company and shall comply with the requirements of Rule 11-02 of Regulation S-X, as it may be amended or replaced from time to time, promulgated by the SEC.

If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest expense on such Indebtedness shall be calculated as if the rate in effect on the date of determination had been the applicable rate for the entire period (taking into account any Interest Rate Agreement applicable to such Indebtedness if such Interest Rate Agreement has a remaining term as at the date of determination in excess of 12 months). If any Indebtedness is Incurred or repaid under a revolving credit facility and is being given pro forma effect, the interest on such Indebtedness shall be calculated based on the average daily balance of such Indebtedness for the four fiscal quarters subject to the pro forma calculation.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The exchange of original notes for exchange notes will not be treated as a taxable transaction for United States federal income tax purposes because the exchange notes will not be considered to differ materially in kind or in extent from the original notes. Rather, the exchange notes you receive will be treated as a continuation of your investment in the original notes. As a result, there will be no material United States federal income tax consequences to you resulting from the exchange of original notes for exchange notes.

The preceding paragraph does not describe all of the United States federal income tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules. You should consult your own tax advisors concerning the tax consequences arising under state, local, or foreign laws of the exchange of original notes for exchange notes.

BENEFIT PLAN CONSIDERATIONS

If you intend to use the assets of any employee benefit plan, as defined in Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended (ERISA); any plan described in Section 4975(e)(1) of the Code; any plan, individual retirement account, or other arrangement that is subject to provisions of any federal, state, local, foreign, or other law, rule, or regulation that is similar to provisions of ERISA and the Code (Similar Laws); any benefit plan investor within the meaning of Section 3(42) of ERISA; or any other entity whose underlying assets include plan assets by reason of a plan s investment in such entity (each of the foregoing is hereafter referred to as a Plan), directly or indirectly to purchase any of the notes offered for sale in connection with this prospectus, you should consult with counsel on the potential consequences of your investment under the fiduciary responsibility provisions of ERISA, the prohibited transaction provisions of ERISA and the Code and the provisions of any Similar Laws.

The following summary relates to Plans that are subject to ERISA and/or the Code (ERISA Plans) and is based on the provisions of ERISA and the Code and related guidance in effect as of the date of this prospectus. This summary is general in nature and is not intended as a complete summary of these considerations. Future legislation, court decisions, administrative regulations or other guidance might change the requirements summarized in this section. Any of these changes could be made retroactively and could apply to transactions entered into before the change is enacted. In addition, benefit plans that are not subject to ERISA or the Code might be subject to comparable requirements under applicable Similar Laws.

Fiduciary Responsibilities

ERISA imposes requirements on ERISA Plans and fiduciaries of ERISA Plans. Under ERISA, fiduciaries generally include persons who exercise authority or control over ERISA Plan assets, or who render investment advice with respect to an ERISA Plan for compensation. Before investing any ERISA Plan assets in any note offered in connection with this prospectus, you should determine whether the investment:

1. is permitted under the plan document and other instruments governing the ERISA Plan; and

2. is appropriate for the ERISA Plan in view of its overall investment policy and the composition and diversification of its portfolio, taking into account the limited liquidity of the notes.

You should consider all factors and circumstances of a particular investment in the notes, including, for example, the risk factors discussed in Risk Factors and the fact that in the future there may not be a market in which you will be able to sell or otherwise dispose of your interest in the notes.

We are not making any representation that the sale of any notes to an ERISA Plan meets the fiduciary requirements for investment by ERISA Plans generally or any particular ERISA Plan or that such an investment is appropriate for ERISA Plans generally or any particular ERISA Plan. We are not providing investment advice to any ERISA Plan, through this prospectus or otherwise, in connection with the sale of the notes.

Foreign Indicia of Ownership

ERISA also prohibits ERISA Plan fiduciaries from maintaining the indicia of ownership of any ERISA Plan assets outside the jurisdiction of the United States district courts except in specified cases. Before investing in any note offered for sale in connection with this prospectus, you should consider whether the acquisition, holding or disposition of a note would satisfy such indicia of ownership rules.

Prohibited Transactions

ERISA and the Code prohibit a wide range of transactions involving ERISA Plans, on the one hand, and persons who have specified relationships to such ERISA Plans, on the other. These persons are called parties in interest under ERISA and disqualified persons under the Code. Parties in interest and disqualified persons include, for example, an employer that sponsors an ERISA Plan; an employee organization whose members are covered by an ERISA Plan; a trustee, investment manager, or other fiduciary of an ERISA Plan; a person (such as a broker or recordkeeper) that provides services to an ERISA Plan; and certain affiliates of the foregoing persons. The transactions prohibited by ERISA and the Code are called prohibited transactions. If you are a party in interest or

disqualified person who engages in a prohibited transaction, or a fiduciary who causes an ERISA Plan to engage in a prohibited transaction, you may be subject to excise taxes and other penalties and liabilities under ERISA and/or the Code. As a result, if you are considering using ERISA Plan assets directly or indirectly to invest in any of the notes offered for sale in connection with this prospectus, you should consider whether the investment might be a prohibited transaction under ERISA and/or the Code.

Prohibited transactions may arise, for example, if the notes are acquired by an ERISA Plan with respect to which we, the initial purchasers and/or any of our or their respective affiliates, are parties in interest or disqualified persons. Exemptions from the prohibited transaction provisions of ERISA and the Code may apply, depending in part on the type of plan fiduciary making the decision to acquire a note and the circumstances under which such decision is made. These exemptions include:

1. Prohibited transaction class exemption (PTCE) 75-1 (relating to specified transactions involving employee benefit plans and broker-dealers, reporting dealers, and banks);

2. PTCE 84-14 (relating to specified transactions directed by independent qualified professional asset managers);

3. PTCE 90-1 (relating to specified transactions involving insurance company pooled separate accounts);

4. PTCE 91-38 (relating to specified transactions by bank collective investment funds);

5. PTCE 95-60 (relating to specified transactions involving insurance company general accounts);

6. PTCE 96-23 (relating to specified transactions directed by in-house asset managers); and

7. ERISA Section 408(b)(17) and Code Section 4975(d)(20) (relating to specified transactions with non-fiduciary service providers).

These exemptions do not, however, provide relief from the provisions of ERISA and the Code that prohibit self-dealing and conflicts of interest by plan fiduciaries. In addition, there is no assurance that any of these class exemptions or any other exemption will be available with respect to any particular transaction involving the notes.

Treatment of Insurance Company Assets as Plan Assets

Based on the reasoning of the United States Supreme Court in *John Hancock Mutual Life Insurance Co. v. Harris Trust and Savings Bank*, 510 U.S. 86 (1993), assets in the general account of an insurance company might be deemed to be ERISA Plan assets under certain circumstances. If general account assets are deemed to be ERISA Plan assets, an insurance company s purchase of the notes with assets of its general account might be subject to ERISA s fiduciary responsibility provisions or might give rise to prohibited transactions under ERISA and the Code. Insurance companies that intend to use assets of their general accounts to purchase the notes should consider the potential effects of Section 401(c) of ERISA, PTCE 95-60, and Department of Labor Regulations Section 2550.401c-1 on their purchase.

Representations and Warranties

If you acquire or accept a note (or any interest therein) offered in connection with this prospectus, you will be deemed to have represented and warranted that either:

1. you have not used the assets directly or indirectly of any Plan to acquire or hold such note (or any interest in such note); or

2. your acquisition and holding of such note (A) is exempt from the prohibited transaction restrictions of ERISA and the Code under one or more prohibited transaction class exemptions or does not constitute a prohibited transaction under ERISA and the Code, (B) meets the applicable fiduciary requirements of ERISA, and (C) does not violate any applicable Similar Law.

Any subsequent purchaser of such note will be required to make the same representations concerning the use of Plan assets to acquire or hold the note.

PLAN OF DISTRIBUTION

Based on interpretations by the SEC set forth in no-action letters issued to third parties, we believe that a holder, other than a person that is an affiliate of ours within the meaning of Rule 405 under the Securities Act or a broker-dealer registered under the Exchange Act that purchases notes from us to resell pursuant to Rule 144A under the Securities Act or any other exemption, that exchanges original notes for exchange notes in the ordinary course of business and that is not participating, does not intend to participate, and has no arrangement or understanding with any person to participate, in the distribution of the exchange notes will be allowed to resell the exchange notes to the public without further registration under the Securities Act and without delivering to the purchasers of the exchange notes a prospectus that satisfies the requirements of Section 10 of the Securities Act.

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for original notes where such original notes were acquired as a result of market-making activities or other trading activities. We have agreed that, if requested by any broker-dealer, to make this prospectus, as amended or supplemented, available to such broker-dealer for use in connection with any such resale for a period ending on the earlier of (i) 180 days after the completion of the exchange offer and (ii) the date on which such broker-dealer has sold all of its exchange notes. In addition, until , 2007, all dealers effecting transactions in the exchange notes may be required to deliver a prospectus.

If you wish to exchange your original notes for exchange notes in the exchange offer, you will be required to make representations to us as described in Exchange Offer Resale of Exchange Notes and Exchange Offer Procedures for Tendering Original Notes. As indicated in the letter of transmittal, you will be deemed to have made these representations by tendering your original notes for exchange notes in the exchange offer. In addition, if you are a broker-dealer who receives exchange notes for your own account in exchange for original notes that were acquired by you as a result of market-making activities or other trading activities, you will be required to acknowledge, in the same manner, that you will deliver a prospectus in connection with any resale by you of such exchange notes.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any such resale of exchange notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holders of the original notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the original notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

Item 20. *Indemnification of Directors and Officers*

The Goodyear Tire & Rubber Company

The Goodyear Tire & Rubber Company is an Ohio corporation. Section 1701.13(E) of the Ohio Revised Code gives a corporation incorporated under the laws of Ohio authority to indemnify or agree to indemnify its directors and officers, against certain liabilities they may incur in such capacities in connection with criminal or civil suits or proceedings, other than an action brought by or in the right of the corporation, provided that the director or officer acted in good faith and in a manner that the person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, the person had no reasonable cause to believe his or her conduct was unlawful. In the case of an action or suit by or in the right of the corporation, the corporation may indemnify or agree to indemnify its directors and officers against certain liabilities they may incur in such capacities, provided that the director or officer acted in good faith and in a manner that the person reasonably believed to be in or not opposed to the best interests of the corporation, except that an indemnification shall not be made in respect of any claim, issue, or matter as to which (a) the person is adjudged to be liable for negligence or misconduct in the performance of their duty to the company unless and only to the extent that the court of common pleas or the court in which the action or suit was brought determines, upon application, that, despite the adjudication of liability but in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnification for expenses that the court considers proper or (b) any action or suit in which the only liability asserted against a director is pursuant to section 1701.95 of the Ohio Revised Code.

The Goodyear Tire & Rubber Company has adopted provisions in its Code of Regulations that provide that it shall indemnify its directors and officers against any and all liability and reasonable expense that may be incurred by a director or officer in connection with or resulting from any claim, action, suit or proceeding in which the person may become involved by reason of his or her being or having been a director or officer of the company, or by reason of any past or future action taken or not taken in his or her capacity as such director or officer, provided such person acted in good faith, in what he reasonably believed to be the best interests of the company, and, in addition, in any criminal action or proceeding, had no reasonable cause to believe that his conduct was unlawful.

The Goodyear Tire & Rubber Company maintains and pays the premiums on contracts insuring the company and its subsidiaries (with certain exclusions) against any liability to directors and officers they may incur under the above provisions for indemnification and insuring each director and officer of the company and its subsidiaries (with certain exclusions) against liability and expense, including legal fees, which he or she may incur by reason of his or her relationship to the company even if the company does not have the obligation or right to indemnify such director or officer against such liability or expense.

Delaware Guarantors

Each of the guarantors, except for those described separately below, is a Delaware corporation. Section 145 of the Delaware General Corporation Law authorizes a corporation to indemnify its directors and officers, against certain liabilities they may incur in such capacities in connection with criminal or civil suits or proceedings, other than an action brought by or in the right of the corporation, provided that the director or officer acted in good faith and in a manner that such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, the person had no reasonable cause to believe his or her conduct was

unlawful. In the case of an action or suit by or in the right of the corporation, the corporation may indemnify or agree to indemnify its directors and officers against certain liabilities they may incur in such capacities, provided that the director or officer acted in good faith and in a manner that such person reasonably believed to be in or not opposed to the best interests of the corporation, except that an indemnification shall not be made in respect of any claim, issue, or matter as to which the person is adjudged to be liable for negligence or misconduct in the performance of his or her duty to the corporation unless and only to the extent that the Court of Chancery or the court in which the action or suit was brought determines, upon application, that, despite the adjudication of liability but in view of all the circumstances of the case, the person is fairly and reasonably entitled

to indemnification for expenses that the court considers proper. The bylaws of each Delaware guarantor require such guarantor to indemnify its officers, directors, employees and agents to the full extent permitted by Delaware law.

In addition, the bylaws of Wingfoot Ventures Eight, Inc., Wheel Assemblies, Inc., The Kelly-Springfield Tire Corporation, Goodyear Western Hemisphere Corporation, Goodyear International Corporation, Cosmoflex, Inc., Belt Concepts of America, Inc., Goodyear Engineered Products International Inc. and Goodyear Engineered Products Thailand Inc. provide that the directors and officers of each of these guarantors shall not be liable to the respective guarantor for any loss, damage, liability or expense suffered by such guarantor, provided that the director or officer (i) exercised the same degree of care and skill as a prudent man would have exercised under the circumstances in the conduct of his own affairs, or (ii) took or omitted to take such action in reliance upon advice of counsel for the corporation or upon statements made or information furnished by directors, officers, employees or agents of the corporation which he had no reasonable grounds to disbelieve.

Wingfoot Commercial Tire Systems, LLC

Wingfoot Commercial Tire Systems, LLC is an Ohio limited liability Company. Section 1705.32 of the Ohio Revised Code gives a limited liability company formed under the laws of Ohio authority to indemnify or agree to indemnify its directors and officers, against certain liabilities they may incur in such capacities in connection with criminal or civil suits or proceedings, other than an action brought by or in the right of the company, provided that the director or officer acted in good faith and in a manner that such person reasonably believed to be in or not opposed to the best interests of the company and, with respect to any criminal action or proceeding, the person had no reasonable cause to believe his or her conduct was unlawful. In the case of an action or suit by or in the right of the company, the company may indemnify or agree to indemnify its directors and officers against certain liabilities they may incur in such capacities, provided that the director or officer acted in good faith and in a manner that such person reasonably believed to be in or not opposed to the best interests of the company, except that an indemnification shall not be made in respect of any claim, issue, or matter as to which the person is adjudged to be liable for negligence or misconduct in the performance of his or her duty to the company unless and only to the extent that the court of common pleas or the court in which the action or suit was brought determines, upon application, that, despite the adjudication of liability but in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnification for expenses that the court considers proper. The operating agreement of Wingfoot Commercial Tire Systems, LLC requires the company to indemnify and advance expenses to each present and future director or officer of the company to the full extent allowed by the laws of the State of Ohio.

Goodyear Canada, Inc. and Goodyear Engineered Products Canada Inc.

Goodyear Canada Inc. and Goodyear Engineered Products Canada Inc. are Ontario corporations. Under the Business Corporations Act (Ontario) (the OBCA), a corporation may indemnify a director or officer of the corporation (or former directors or officers or persons who have acted as a director or officer of another body corporate at the request of the corporation) against all costs, charges and expenses (including any settlement amount paid) reasonably incurred by such person in respect of any civil, criminal or administrative action or proceeding to which such person is made a party by reason of being or having been a director or officer of such corporation or body corporate, if: (i) the person acted honestly and in good faith with a view to the best interests of the corporation; and (ii) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the person had reasonable grounds for believing that his or her conduct was lawful. A director or officer of a corporation is entitled to such indemnity from the corporation if he or she was substantially successful on the merits in his or her defense of the action or proceeding and if he or she fulfilled the conditions set out in (i) and (ii) above. A corporation may, with the approval of a court, also indemnify a director or officer in respect of an action by or on behalf of the corporation to procure a judgment in its favor, to which such person is made a party by reason of being or having been a director or an officer of the corporation, if he or she fulfills the conditions set out in (i) and (ii), above.

In addition, the bylaws of Goodyear Canada, Inc. require the corporation to indemnify its directors and officers, subject to the OBCA, from and against (a) any liability and all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, that the director or officer sustains or incurs in respect of any civil, criminal or administrative action, suit or proceeding that is proposed or commenced against such person by reason of his or her being or having been a director or officer of the corporation or such other body corporate; and

(b) all other costs, charges and expenses that the person sustains or incurs in respect of the affairs of the corporation. The bylaws of Goodyear Engineered Products Canada, Inc. require the corporation to indemnify its directors and officers (and former directors and officers), subject to the OBCA, from and against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment reasonably incurred, that the director or officer sustains or incurs in respect of any civil, criminal, administrative, investigative or other proceeding that is proposed or commenced against such person by reason of his or her association with the corporation or such other body corporate, if: (i) the person acted honestly and in good faith with a view to the best interests of the corporation; and (ii) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the person had reasonable grounds for believing that his or her conduct was lawful. The bylaws of Goodyear Engineered Products Canada, Inc. also provides that the corporation may advance monies to a director officer or other individual for the costs, charges and expenses of a proceeding referred to above in accordance with the OBCA.

Divested Litchfield Park Properties, Inc. and Goodyear Farms, Inc.

Divested Litchfield Park Properties, Inc. and Goodyear Farms, Inc. are Arizona corporations. Section 10-851 of the Arizona Revised Statutes authorizes a corporation to indemnify a director made a party to a proceeding in such capacity, provided that the individual s conduct was in good faith and the individual reasonably believed that the conduct was in best interests of the corporation and, in the case of any criminal proceedings, the individual had no reasonable cause to believe the conduct was unlawful. Indemnification permitted in connection with a proceeding by or in the right of the corporation is limited to reasonable expenses incurred in connection with the proceeding. Additionally, a corporation may not indemnify a director in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation or in connection with any other proceeding charging improper financial benefit to the director in which the director was adjudged liable on the basis that financial benefit was improperly received by the director.

Unless otherwise limited by its articles of incorporation, Section 10-854 of the Arizona Revised Statutes requires a corporation to indemnify (a) an outside director whose conduct was in good faith and who reasonably believed that the conduct was in best interests of the corporation and, in the case of any criminal proceedings, the director had no reasonable cause to believe the conduct was unlawful and (b) a director who was the prevailing party, on the merits or otherwise, in the defense of any proceeding to which the director was a party because the director is or was a director of the corporation against reasonable expenses incurred by the director in connection with the proceeding. Neither of the articles of incorporation of Divested Litchfield Park Properties, Inc. or Goodyear Farms, Inc. limit the indemnification provisions provided by Section 10-854.

Section 10-856 of the Arizona Revised Statutes provides that a corporation may indemnify and advance expenses to an officer of the corporation who is a party to a proceeding because the individual is or was an officer of the corporation to the same extent as a director.

Dapper Tire Co., Inc.

Dapper Tire Co., Inc. is a California corporation. Section 317 of the California Corporations Code authorizes a corporation to indemnify its directors and officers against certain liabilities they may incur in such capacities in connection with criminal or civil suits or proceedings, provided that the director or officer acted in good faith and in a manner that such person reasonably believed to be in the best interests of the corporation and, with respect to any criminal action or proceeding, the person had no reasonable cause to believe his or her conduct was unlawful. In the case of an action by or in the right of the corporation, the indemnification is limited to expenses actually and reasonably incurred by that person in connection with the defense or settlement of the action. A corporation is required to indemnify a director or officer to the extent that such person has been successful on the merits in defense of such criminal or civil suit. However, a corporation is not authorized to indemnify a director or officer: (a) in respect

of any claim, issue or matter as to which the person shall have been adjudged to be liable to the corporation in the performance of that person s duty to the corporation and its shareholders, unless and only to the extent that the court in which the proceeding is or was pending shall determine upon application that, in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for expenses and then only to the extent that the court shall determine, (b) of amounts paid in settling or otherwise disposing of a pending action without court approval or (c) of expenses incurred in defending a pending action which is settled or otherwise disposed of without court approval.

Item 22. *Undertakings*

The undersigned registrants hereby undertake to respond to requests for information that is incorporated by reference into the prospectus pursuant to Items 4, 10(b), 11 or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.

The undersigned registrants hereby undertake to supply by means of a post-effective amendment all information concerning a transaction, and the company being acquired involved therein, that was not the subject of and included in the registration statement when it became effective.

The undersigned registrants hereby undertake that insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant s annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan s annual report pursuant to Section 15(d) of the

Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
