Item 8.01. Other Events

On May 25, 2006, Craig W. Rauchle, President and Chief Operating Officer of Inter-Tel, Incorporated (the Company) adopted a stock trading plan in accordance with guidelines specified under Rule 10b5-1 of the Securities and Exchange Act of 1934 and the Company s policies regarding stock transactions. In the future, and not less than 90 days from the date of this announcement, Mr. Rauchle expects to begin selling a portion of his shares of the Company s common stock (Common Stock) pursuant to the stock trading plan.

The pre-arranged stock trading plan was adopted in order to allow Mr. Rauchle to sell a portion of his shares of Common Stock over time as part of his long-term strategies for individual asset diversification and liquidity. The transactions under the plan will be disclosed publicly through Form 4 and Form 144 filings with the Securities and Exchange Commission. Using the plan, Mr. Rauchle can further diversify his investment portfolio. Because the plan was established well in advance of a trade, he also helps avoid concerns about whether he had material, non-public information when he made a decision to sell his stock.

Mr. Rauchle currently holds approximately 341,231 shares of the Common Stock (including 5,898 shares owned directly and 335,333 shares issuable upon exercise of the options, which will be fully vested within 90 days of the date of this announcement), which would represent approximately 1.2% of the Company s outstanding Common Stock (including shares issuable upon exercise of fully vested options of all of the directors and Named Executive Officers of Inter-Tel). Under the terms of the Rule 10b5-1 trading plan, and as a part of a 12 month diversification plan, Mr. Rauchle intends to sell approximately 123,200 shares. If Mr. Rauchle completes all the planned sales under the Rule 10b5-1 trading plan and assuming no additional purchases or sales by Mr. Rauchle, he would continue to own approximately 218,031 shares, which would represent approximately 0.8% of the outstanding Common Stock (including 5,898 shares owned directly and 212,133 shares issuable upon exercise of fully vested options and assuming no other purchases or sales of Common Stock).
