Item 9. Regulation FD Disclosure

During Exelon's investor call on September 3, 2002, Exelon disclosed that anticipated savings from its Cost Management Initiative at Exelon Energy

## Edgar Filing: PECO ENERGY CO - Form 8-K

Delivery for 2002 could total approximately \$90 million. These savings represent an internal target, which has not been validated. Additionally, the savings have only been partially booked and may include one-time savings rather than sustainable savings. As previously disclosed, Exelon believes that it is on track to exceed its \$200 million goal for sustainable savings from its Cost Management Initiative in 2002, and has attained \$133 million in savings through July 30, 2002.
