**Report of Independent Registered Public Accounting Firm**

Lincoln National Corporation Plan Administrator  
Lincoln National Corporation

We have audited the accompanying statements of net assets available for benefits of The Lincoln National Life Insurance Company Agents' Savings and Profit-Sharing Plan as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for each of the three years in the period ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2004 and 2003, and the changes in its net assets available for benefits for each of the three years in the period ended December 31, 2004, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2004, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Agents' Savings and Profit-Sharing Plan

Notes to Financial Statements

**1. Significant Accounting Policies**

**Investments Valuation and Income Recognition**

The investment in Lincoln National Corporation ("LNC") common stock is valued at the last reported sales price per the national securities exchange on the last business day of the year.

The Wells Fargo Bank Short-Term Investment Fund is valued at cost, which approximates fair value.

The fair value of participation units in pooled separate accounts is based on quoted redemption value on the last business day of the year.

The investment contracts are valued at contract value as estimated by The Lincoln National Life Insurance Company ("Lincoln Life" or "Employer"). Contract value represents net contributions plus interest at the contract rate. The contracts are fully benefit responsive.

Participant loans are valued at their outstanding balances, which approximate fair value.

The cost of investments sold or distributed is determined using the specific identification method.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Use of Estimates**

Preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**2. Description of the Plan**

The Lincoln National Life Insurance Company Agents' Savings and Profit-Sharing Plan ("Plan") is a contributory, defined contribution plan which covers eligible agents of Lincoln Life and other participating agents who are employed by Lincoln Life. Any person who is a full-time agent of Lincoln Life is eligible to enroll in the Plan. A participant may make pre-tax contributions at a rate of at least 1%, but not more than 25% of eligible earnings, up to a maximum annual amount as determined under applicable law. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants direct the Plan to invest their contributions and Employer matching contributions in any combination of the investment options as described in *Note 4*. Prior to April 1, 2002, discretionary Employer contributions were required to be invested in the LNC Common Stock Fund. Effective April 1, 2002, participants could immediately direct the investment of the discretionary Employer contributions to other funds.

The Lincoln National Life Insurance Company  
 Agents' Savings and Profit-Sharing Plan

Notes to Financial Statements (continued)

**2. Description of the Plan (continued)**

Employer matching contributions to the Plan are provided in the form of a guaranteed match of \$0.50 for each dollar a participant contributes, not to exceed 6% of eligible earnings, and a discretionary match of up to \$1.00 for each dollar contributed, not to exceed 6% of eligible earnings. The amount of discretionary contribution varies according to whether LNC has met certain performance-based criteria as determined by the Compensation Committee of LNC's Board of Directors.

Participants' contributions are fully vested. Employer contributions vest based upon years of service as defined in the Plan agreement as follows:

Years of Service	Percent Vested
1	0%
2	50%
3 or more	100%

The Employer has the right to discontinue contributions at any time and terminate the Plan. In the event of termination of the Plan, all amounts allocated to participants' accounts shall become vested.

The Plan allows loans to participants in amounts up to 50% of the vested account value to a maximum of \$50,000 but not more than the total value of the participant's accounts, excluding Employer contributions that have not been in the Plan for two full years, less the highest outstanding loan balance in the previous twelve month period. Interest charged on new loans to participants is established monthly based upon the prime rate plus 1%. Loans may be repaid over any period selected by the participant up to a maximum repayment period of 5 years except that the maximum repayment period may be 20 years for the purchase of a principal residence.

Upon termination of service due to disability or retirement, a participant or beneficiary, in case of the participant's death, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a five-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested account balances less than \$5,000 are immediately distributable under the terms of the Plan, without the Participant's consent, unless a timely election of rollover to an IRA or another qualified plan has been made.

Each participant's account is credited with the participant's contributions,

contributions from the Employer and applicable investment earnings, and is charged with an allocation of administrative expenses and applicable investment losses. Forfeited non-vested amounts are used to reduce future Employer contributions.

**4. Investment Options (continued)**

The information as to the number of participants selecting each investment option is not readily available. During 2002, the Plan began offering investment options 24 and 25. Investment options 4 through 25 are invested in pooled separate accounts of Lincoln Life through a group annuity contract issued by Lincoln Life.

**5. Income Tax Status**

The Plan has received a determination letter from the Internal Revenue Service dated February 9, 1995, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. However, subsequent to the issuance of the favorable determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt. The Plan Sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status.
