Lincoln National Corporation Plan Administrator Lincoln National Corporation

We have audited the accompanying statements of net assets available for benefits of The Lincoln National Life Insurance Company Agents' Savings and Profit-Sharing Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for each of the three years in the period ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for each of the three years in the period ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

2. Description of the Plan

The Lincoln National Life Insurance Company Agents' Savings and **Profit-Sharing Plan** ("Plan") is a contributory, d e f i n e d contribution plan which covers eligible full-time agents of Lincoln Life and other participating employers. A participant may make pre-tax contributions at a rate of at least 1% but not more than 25% of eligible earnings, up to a maximum annual amount as determined under applicable law. The Plan is subject to the provisions of

the Employee Retirement Income Security Act of 1974 (ERISA).

In addition to each participant's pre-tax contributions, employer matching contributions to the Plan are provided in the form of a basic match of \$0.50 for each dollar a participant contributes, not to exceed 6% of eligible earnings, and an annual discretionary match of up to \$1.00 for each dollar contributed by an eligible participant, not to exceed 6% of eligible earnings. Participants employed on the last day of the plan year are eligible to receive the discretionary match, as are participants who retired, died, or became disabled during the plan year. The amount of the discretionary match varies according to whether LNC and Lincoln Financial Advisors Corporation have met certain performance-based criteria, as determined by the Compensation Committee of LNC's Board of Directors.

2. Description of the Plan (continued)

Participants' pre-tax, other contributions, and earnings thereon are fully vested at all times. Employer contributions vest based upon years of service as defined in the Plan agreement as follows:

Years of Service	Percent Vested
1	0%
2	50%
3 or more	100%

Participants direct the Plan to invest their contributions and the basic e m p l o y e r m a t c h i n g contributions in a n y combination of

the investment options offered under the Plan. Discretionary e m p l o y e r contributions are initially invested in the LNC Common Stock Account; however, participants can immediately direct the investment of h discretionary e m p l o y e r matching contributions to o t h e r investment options.

The employer has the right to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all a m o u n t s allocated to participants' accounts shall become fully vested.

The Plan may make loans to participants in amounts up to 50% of the vested account value to a maximum of

\$50,000 but not more than the total value of the participant's accounts excluding employer contributions that have not been in the Plan for two full years, less the highest outstanding loan balance in the previous 12 month period. Interest charged on new loans to participants is e s t a b l i s h e d monthly based upon the prime rate plus 1%. Loans may be repaid over any period selected t h e b y participant up to a maximum repayment period of 5 years except that the maximum repayment period may be 20 years for the purchase of a principal residence.

U p o n termination of service due to disability or retirement, a participant or beneficiary, in case of the participant's death, may elect to receive either a lump-sum amount equal to the entire value o f t h e participant's account or an installment option if certain criteria are met. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Vested account balances less than \$1,000 are immediately distributable under the terms of the Plan, without the participant's consent, unless the participant has made a timely election of rollover to an Individual Retirement Account ("IRA") or other qualified arrangement.

5. Income Tax Status

To maintain its qualification, the Plan must operate in conformity with the Code. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the plan is qualified and the related trust is tax exempt. The Plan Sponsor has indicated that it will take the necessary steps, if any, to maintain the Plan's qualified status.
