PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS

GENERAL

Introduction

The annual meeting (the "Meeting") of stockholders of The Bancorp, Inc. (the "Company") will be held on Wednesday, December 16, 2015, at 2:00 P.M., Delaware time, at 409 Silverside Road Suite 105 Wilmington, Delaware 19809, for the purposes set forth in the accompanying notice. Only stockholders of record at the close of business on October 28, 2015 will be entitled to notice of and to vote at such Meeting.

This statement is furnished in connection with the solicitation by the Board of Directors of the Company (the "Board of Directors") of proxies from holders of the Company's common stock, par value \$1.00 per share (the "Common Shares"), to be used at such Meeting, and at any and all adjournments thereof. Proxies in the accompanying form, properly executed and duly returned to the Company, and not revoked, will be voted at the Meeting and any and all adjournments thereof.

This proxy statement and the accompanying form of proxy will be sent on or about November 3, 2015 to stockholders of record as of October 28, 2015.

Revocation of Proxy

If a proxy in the accompanying form is executed and returned, it may nevertheless be revoked at any time before its exercise by giving written notice of revocation to the Secretary of the Company at its Wilmington address stated herein, by submitting a later dated proxy or by attending the Meeting and voting in person.

Expenses and Manner of Solicitation

The cost of soliciting proxies will be borne by the Company. Directors, officers and regular employees of the Company may solicit proxies either personally, by letter or by telephone. Such directors, officers and employees will not be specifically compensated for soliciting such proxies. The Company expects to reimburse banks, brokers and other persons for their reasonable out-of-pocket expenses in handling proxy materials for beneficial owners of the Common Shares.

Annual Report and Report on Form 10-K

The Company's 2014 Annual Report to Stockholders, including the financial statements and management's discussion and analysis of financial condition and results of operations for the year ended December 31, 2014, is being sent to stockholders of record as of October 28, 2015. Stockholders of record as of October 28, 2015, and beneficial owners of the Company's Common Shares on that date, may obtain from the Company, without charge, a copy of the Company's most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC"), by a request therefor in writing. Any such request from a beneficial owner of the Company's Common Shares must set forth a good faith representation that, as of the record date for this solicitation, October 28, 2015, the person making the request was the beneficial owner of the Company's Common Shares. Such written requests should be directed to The Bancorp, Inc., Attention: Paul Frenkiel, 409 Silverside Road, Suite 105, Wilmington, Delaware

19809.

Stockholders Sharing an Address

Stockholders sharing an address with another stockholder may receive only one annual report or one set of proxy materials at that address unless they have provided contrary instructions. Any such stockholder who wishes to receive a separate copy of the annual report or a separate set of proxy materials now or in the future may write or call the Company to request a separate copy of these materials from the Company at The Bancorp, Inc., Attention: Andres Viroslov, 409 Silverside Road, Wilmington, Delaware 19809, telephone number (215) 861-7990. The Company will promptly deliver a copy of the requested materials.

Similarly, a stockholder sharing an address with another stockholder who has received multiple copies of the Company's proxy materials may use the contact information above to request delivery of a single copy of these materials.

Voting at the Meeting

At the Meeting, only those holders of Common Shares at the close of business on October 28, 2015, the record date, will be entitled to vote. As of the record date, 37,758,237 Common Shares were outstanding. Each holder is entitled to one vote per share on each matter of business properly brought before the Meeting. Stockholders do not have cumulative voting rights.

The presence at the Meeting in person or by proxy of holders of outstanding Common Shares entitled to cast a majority of all the votes entitled to be cast at the Meeting will constitute a quorum. The presence of a quorum for any proposal establishes a quorum for all of the proposals, even if holders of outstanding Common Shares entitled to cast a majority of all the votes entitled to be cast at the Meeting do not vote on all of the proposals.

A failure by brokers to vote Common Shares held by them in nominee name will mean that such Common Shares will not be counted for the purposes of establishing a quorum and will not be voted. If a broker does not receive voting instructions from the beneficial owner of Common Shares on a particular matter and indicates on the proxy delivered with respect to such Common Shares that it does not have discretionary authority to vote on that matter, which is referred to as a broker "non-vote," those Common Shares will be considered as present for the purpose of determining whether a quorum exists, but will not be considered cast on any proposal on which they were not voted. Brokers that are member firms of the New York Stock Exchange and who hold Common Shares in street name for customers only have discretion to vote those shares with respect to the approval of the selection of the auditor (Proposal 3 below), and do not have discretion to vote those shares with respect to the other proposals. Should any matters not described above be properly presented at the Meeting, the persons named in the proxy form will vote in accordance with their judgment. The proxy form authorizes these persons, in their discretion, to vote upon such matters as may properly be brought before the meeting or any adjournment, postponement or continuation thereof.

Proposal 1. The number of votes required in order to be elected as a director is dependent on whether an election is contested or uncontested. The Company's bylaws define an election as "contested" if the number of nominees exceeds the number of directors to be elected. As no Company stockholders have provided proper notice to the Company of an intention to nominate one or more candidates to compete with the Board of Directors nominees, the director election described in Proposal 1 below is an uncontested election. In order to be elected as a director in an uncontested election as described in Proposal 1 below, each director is elected by a majority of votes cast with respect to such director nominee at the Meeting. A "majority of votes cast" means that the number of votes cast "for" a director's election exceeds the number of votes cast "against" that director's election. Votes "cast" includes votes "for", votes to withhold authority and votes "against", but excludes abstentions with respect to a director's election or with respect to the election of directors in general. In the case of any contested election, the Company's bylaws provide that directors shall be elected by a plurality of votes cast at a meeting of stockholders duly called and at which a quorum is present.

Proposal 2. The affirmative vote of the holders of at least a majority of the votes cast at the Meeting is required to approve the compensation of the Company's named executive officers as described in Proposal 2 below. The vote is advisory, which is a mechanism that allows for stockholders of the Company to tell the Board of Directors how they feel about certain issues facing the Company, such as executive compensation. The results of an advisory vote are non-binding, which means that the Board of Directors is not required by law to take any specific action in response to the results of the vote. However, the Board of Directors strongly values feedback from the Company's stockholders and will take the results of an advisory vote into account when considering future actions.

Proposal 3. The affirmative vote of the holders of at least a majority of the votes cast at the Meeting is required to approve the selection of Grant Thornton LLP, or Grant Thornton, as the Company's independent registered public accounting firm as described in our discussion of Proposal 3 below.

Proposal 4. For any other matter which may properly come before the Meeting, the affirmative vote of the holders of at least a majority of the votes cast at the Meeting at which a quorum is present is required, either in person or by proxy, for approval, unless otherwise required by law.

Any proxy not specifying to the contrary, and not designated as a broker non-vote, will be voted FOR:

the election of the directors;

the approval of the compensation for the named executive officers; and

the approval of the selection of Grant Thornton as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015.

PROPOSAL 1. ELECTION OF DIRECTORS

Directors and Nominees

The Bylaws of the Company provide that the number of directors shall be fixed by the Board of Directors. The Board of Directors has fixed the number of directors at ten. All directors are elected for a term of one year or until their successors are elected and qualified. The Board of Directors, upon the recommendation of its Nominating and Governance Committee, has nominated Daniel G. Cohen, Walter T. Beach, Michael J. Bradley, John C. Chrystal, Matthew Cohn, Hersh Kozlov, William H. Lamb, Frank M. Mastrangelo, James J. McEntee III and Mei-Mei Tuan, for election at the Meeting for a term to expire at the annual meeting to be held in 2016 or until their successors are elected or appointed.

It is the intention of the persons named in the enclosed proxy, in the absence of a contrary direction, to vote for the election of all of the current directors. Should any of the nominees become unable or refuse to accept nomination or election as a director, the persons named as proxies intend to vote for the election of such other person as the Nominating and Governance Committee of the Board of Directors may recommend. The Board of Directors knows of no reason why any of the nominees might be unable or refuse to accept nomination or election.

Information is set forth below regarding the principal occupation of each nominee. There are no family relationships among the directors, nominees and executive officers of the Company, except that Daniel G. Cohen, who is currently the Chairman of the Board of Directors and an Executive Vice President, is the son of Betsy Z. Cohen, who served as a director and the Chief Executive Officer of the Company through her December 31, 2014 retirement date.

Standard for Election of Directors

The number of votes required in order to be elected as a director depends on whether an election is contested or uncontested. An election is uncontested if no stockholder provides proper notice of an intention to nominate one or more candidates to compete with the Board of Directors' nominees in a director election, or if any such stockholders have withdrawn all such nominations at least five days prior to the mailing of notice of the meeting to stockholders. As no such notice has been provided, the director election described in this Proposal 1 is an uncontested election. In order to be elected as a director in an uncontested election, each director is elected by a majority of votes cast with respect to such director nominee. A "majority of votes cast" means that the number of shares voted "for" a director's election exceeds the number of votes cast "against" that director's election. Votes "cast" include votes "for" and votes "against," but excludes abstentions with respect to a director's election or with respect to the election of directors in general. In a contested election, directors will be elected by a plurality of votes cast at a meeting of stockholders duly called and at which a quorum is present.

If an incumbent director nominated for election as a director receives a greater number of "against" votes for his or her election than votes "for" such election, then that director, as a holdover director, must tender an offer of his or her resignation to the Board of Directors for consideration promptly following the certification of the vote. The Nominating and Governance Committee must promptly consider any resignation offer so tendered and a range of possible responses, based on any facts or circumstances they consider relevant, and make a recommendation to the Board of Directors as to the response to the resignation offer. If each member of the Nominating and Governance Committee received a majority against vote at the same election, then the independent directors who did not receive a majority against vote must appoint a committee among themselves to consider the resignation offers and to recommend to the Board of Directors a response to the resignation offers. The Board of Directors must take action on the Nominating and Governance Committee's recommendation (or committee of independent directors' recommendation) within 90 days following certification of the stockholder vote. Any director whose resignation is under consideration must abstain from participating in any board or committee deliberations regarding the acceptance of his or her offer of resignation or the offer of resignation of any other director tendered because that director received a majority against vote.

If an incumbent director's offer of resignation is accepted by the Board of Directors, then such director will cease to be a member of the Board of Directors upon the effective date of acceptance by the Board of Directors of the offer of resignation. If an incumbent director's offer of resignation is not accepted by the Board of Directors, then such director will continue to serve until the earlier of the next annual meeting and until his or her successor is elected and qualifies and his or her subsequent resignation or removal.

If any nominee for director who is not an incumbent fails in an uncontested election to receive a majority of votes cast at a meeting of stockholders duly called and at which a quorum is present, such nominee will not be elected and will not take office. All of the Board of Directors' nominees for election as a director at the Meeting are incumbents. If an incumbent director's offer of resignation is accepted by the board of directors, or if a non-incumbent nominee for director is not elected, the Board of Directors may fill any resulting vacancy or may decrease the size of the Board of Directors pursuant to the Company's bylaws.

The Board of Directors unanimously recommends a vote "FOR" the election of each nominee.

CORPORATE GOVERNANCE

Director Independence

The Company's Common Shares are listed on the NASDAQ Global Select Market under the symbol "TBBK" and the Company is subject to the listing standards thereof. The Board of Directors has determined that Mr. Beach, Mr. Bradley, Mr. Cohn, Mr. Chrystal, Mr. Kozlov, Mr. Lamb, Mr. McEntee and Ms. Tuan, each meet the definition of an independent director set forth in the NASDAQ rules. In making these determinations, the Board of Directors reviewed information from each of these directors concerning all their respective relationships with the Company and its affiliates and analyzed the materiality of those relationships.

Board Leadership Structure and Role in Risk Oversight

The Audit Committee is primarily responsible for overseeing the Company's risk management processes on behalf of the Board of Directors, although the Board of Directors and all of its committees are sensitive to risks relating to the Company and its operations. The Audit Committee focuses on financial reporting risk, oversees the entire audit function and evaluates the effectiveness of internal and external audit efforts. It receives reports from management regularly regarding the Company's assessment of risks and the adequacy and effectiveness of internal control systems. Through its interaction with the Company's senior management, the Audit Committee oversees credit risk, market risk (including liquidity and interest rate risk) and operational risk (including compliance and legal risk). The Chief Risk Officer meets at least quarterly with the Audit Committee to discuss potential risk or control issues involving management. The Audit Committee reports regularly to the Board of Directors, which also considers the Company's entire risk profile, including additional strategic and reputational risks. While the Board of Directors oversees the Company's risk management, management is responsible for the day-to-day risk management processes. Senior management comprises the Bank's Enterprise Risk Management Committee which meets on a monthly basis and addresses various risks, controls and related monitoring. While the Board of Directors believes that this division of responsibility is the most effective approach for addressing the risks facing the Company, it will continue to re-examine this structure on a regular basis, recognizing that different structures may be appropriate in different situations faced by the Company.

Board Meetings

The Board of Directors held a total of 14 meetings during fiscal 2014. During fiscal 2014, all directors attended at least 75% of the aggregate of (a) the total number of meetings of the Board of Directors held during the period for which the director had been a director and (b) the total number of meetings held by all committees of the Board of Directors on which the director served during the periods that the director served. It is the policy of the Board of Directors that all directors attend the annual meeting of stockholders of the Company, if practicable. All directors, with one exception, attended the last annual meeting.

Stockholders, employees and others who wish to communicate with the Board of Directors may do so by sending their correspondence to The Bancorp, Inc., Attention: Paul Frenkiel, Secretary 409 Silverside Road Suite 105, Wilmington, Delaware 19809. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder-Board Communication." All such letters must identify the author as a stockholder of the Company and clearly state whether the intended recipients are all or individual members of the Board. The Secretary will make copies of all such letters and circulate them to the appropriate director or directors. The Secretary has been authorized to screen commercial solicitations and materials which pose security risks, are unrelated to the business or governance of the Company, or are otherwise inappropriate.

The Audit Committee also prepares the audit committee report required by the rules of the SEC to be included in the Company's annual proxy statement.

Each member of the Audit Committee meets the independence standards for audit committee members set forth in applicable NASDAQ rules, as well as those set forth in Rule 10A-3(b)(1) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Board of Directors has determined that Mr. Beach qualifies as an "audit committee financial expert" as that term is defined in applicable rules and regulations under the Exchange Act.

All of the members of this committee have been determined by the Board of Directors to be independent under applicable NASDAQ and Exchange Act rules.

The Nominating and Governance Committee will consider candidates for nomination as a director recommended by stockholders, directors, officers, third party search firms and other sources. The Company describes the procedures for nominations by stockholders in "Stockholder Proposals and Nominations." In evaluating candidates, the Nominating and Governance Committee considers the attributes of the candidate (including skills, experience, diversity, age, and legal and regulatory requirements) and the needs of the Board of Directors, and will review all candidates in the same manner, regardless of the source of the recommendation.

The Nominating and Governance Committee has not adopted specific, minimum qualifications or specific qualities or skills that must be met by a Nominating and Governance Committee-recommended nominee. The Nominating and Governance Committee seeks to insure that the membership of the Board of Directors and each committee of the

Board of Directors satisfies all relevant NASDAQ rules and applicable laws and regulations and all requirements of the Company's governance documents. The Nominating and Governance Committee seeks to achieve a mixture of skills that are related to the Company's business. The nature of the specific qualifications, qualities or skills that the Nominating and Governance Committee may look for in any particular director nominee depends on the qualifications, qualities and skills of the rest of the directors at the time of any vacancy on the Board of Directors.

Executive Committee. The Executive Committee has the delegated authority to act in lieu of the Company's Board of Directors in between meetings of the Board.

Compensation Committee. The Compensation Committee is appointed by the Board of Directors to have direct responsibility for approving the compensation of the Chief Executive Officer and certain other officers and the non-management directors of the Company as described in "Compensation Committee Report" and the related "Compensation Discussion and Analysis," in Item 11, "Executive Compensation". Under this procedure, the Audit Committee must approve any such transaction and find it to be on terms comparable to those available on an arms' length basis from an unaffiliated third party, or find that it otherwise does not create a conflict of interest. The Code of Business Conduct exempts from the review and approval process any employment or other business connection of an officer, director, employee or affiliate with Resource America, Inc., Institutional Financial Markets, Inc. including J.V.B. PROPOSAL 2. ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

Introduction

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), which was signed into law by President Obama on July 21, 2010, requires public companies to provide their stockholders with a non-binding vote to approve executive compensation at least once every three years, or more frequently, as directed by stockholder vote. The Company is seeking this stockholder advisory vote on its executive compensation in accordance with Section 14A of the Exchange Act and Exchange Act Rule 14a-21(a), which the SEC issued on January 25, 2011 in order to implement the Dodd-Frank Act's requirement, and pursuant to the stockholder vote of the Company's 2011 annual meeting that required the advisory vote to be on an annual basis.

The Board of Directors Supports a Say-On-Pay Vote, and Will Consider the Results Carefully

At its 2013 meeting, 88% of the votes cast approved the 2012 executive compensation program. At its 2014 meeting, 79% of the votes cast approved the 2013 executive compensation program. The Compensation Committee and the Board of Directors believe the results of these say-on-pay votes reflect the Company's stockholders' affirmation of the

executive compensation program. The Board of Directors values the Company's stockholders' opinions. As it does each year, the Board of Directors intends to evaluate the results of the 2015 vote carefully when making future decisions regarding compensation of the named executive officers.

Compensation of Named Executive Officers

As described in the Compensation Discussion and Analysis ("CD&A") below, the Compensation Committee has developed an executive compensation program designed to align the long-term interests of the Company's named executive officers with the long-term interests of its stockholders. The disclosure in the CD&A and the disclosure included in the section entitled "Executive and Director Compensation" below have been provided in response to the requirements of SEC rules and explain the compensation policies under which the Company paid its named executive officers for 2014.

Advisory or Non-Binding Effect of Vote

Under the Dodd-Frank Act and the related SEC rules, your vote on this resolution is an advisory or "non-binding" vote. This means that the purpose of the vote is to provide stockholders with a method to give their opinion to the Board of Directors about certain issues, like executive compensation. The Board of Directors is not required by law to take any action in response to the stockholder vote. However, the Board of Directors values the Company's stockholders' opinions, and the Board of Directors intends to evaluate the results of the 2015 vote carefully when making future decisions regarding compensation of the named executive officers. The Company believes that providing its stockholders with an advisory vote on its executive compensation program will further enhance communication with stockholders, while also meeting the Company's obligations under the Dodd-Frank Act and the SEC's rules.

Resolution

The Board of Directors recommends that stockholders approve the following resolution:

RESOLVED, that the stockholders approve the 2014 compensation of the named executive officers, as disclosed in the Company's proxy statement dated November 3, 2015.

The Board of Directors unanimously recommends a vote "FOR" approval of the compensation of executive officers as described in this proxy statement.

COMPENSATION DISCUSSION AND ANALYSIS

General

The Company is required to provide information regarding the compensation program in place for its Chief Executive Officer, Chief Financial Officer and its three other most highly compensated executive officers. The Company must also provide compensation information for up to two additional individuals who would have been included but for the fact that they were not executive officers at the end of the fiscal year. This discussion refers to the Company's Chief Executive Officer, Chief Financial Officer and the other three most highly-compensated executive officers as the "Named Executive Officers" or "NEOs." This discussion should be read in conjunction with the detailed tables and narrative descriptions under "Executive and Director Compensation."

The Compensation Committee is responsible for formulating and presenting recommendations to the Board of Directors with respect to the compensation of the Company's NEOs. The Compensation Committee is also responsible for administering the Company's employee benefit plans, including incentive plans. The Compensation Committee is comprised solely of independent directors.

Executive Summary

The Company's compensation policies are intended to provide appropriate compensation packages to motivate, reward, attract and retain talented and experienced executive officers while at the same time controlling the Company's compensation costs. The primary components of the Company's executive compensation program have historically been base pay and equity-based compensation. The Compensation Committee generally determines compensation amounts for individual NEOs for 12 month periods beginning on particular review dates. The review for NEOs was conducted in the first quarter of 2014. There were no salary increases, stock compensation or bonuses granted to NEO's in 2014.

In establishing compensation for the Company's NEOs, the Compensation Committee focuses on performance based compensation ("pay for performance") and weights stock option grants accordingly. The Compensation Committee utilizes criteria which it believes will create long term shareholder value and is forward looking. It evaluates the overall performance of the Company, the performance of the Company relative to the performance of the national and regional economies, the performance of the Company in comparison with its peers and the contributions of the respective NEOs to the Company's performance. Base salary reflects ongoing performance and level of achievement. In addition, the Compensation Committee evaluates the NEOs' base salary relative to the base salary paid for similar positions within a peer group of institutions, seeking to maintain a competitive advantage in light of the NEO's performance. The Compensation Committee believes that, by focusing on a NEO's overall performance rather than pre-set criteria, the Company substantially lessens the risk of a NEO taking actions to increase his or her compensation without due regard for potential adverse impacts on the Company.

Compensation Objectives and the Focus of Compensation Awards

The Compensation Committee believes that an appropriate compensation program should draw a balance between providing rewards to executive officers while at the same time effectively controlling compensation costs. Executive officers are rewarded in order to attract and retain highly qualified individuals and to motivate them to perform in a manner that maximizes corporate performance.

The Company's executive compensation program consists of three elements to reward and motivate its executive officers in line with the Compensation Committee's objectives described above:

- base salary;

bonuses; and

long-term equity incentives reflected in grants of stock options, restricted stock awards and phantom units.

17

The Compensation Committee annually reviews the Company's mix of short-term performance incentives versus longer-term incentives. It primarily focuses compensation on base salary and equity incentives. The Compensation Committee has not established set percentages of short-term versus long-term incentives. Instead, it looks to provide a reasonable balance of those incentives, while emphasizing stock options to promote pay for performance. The Compensation Committee's policy for allocating between long-term and currently paid compensation is to set base compensation at levels adequate to attract and retain personnel, while providing incentives to maximize long-term shareholder value for the Company and its stockholders. As discussed in "Specific Elements of the Compensation Program," below, the Company provides cash compensation in the form of base salary to meet competitive salary norms. The Company also provides non-cash equity compensation to reward superior performance in assisting the Company in meeting its long-term strategic goals. Historically, the Company has not awarded bonuses.

The Compensation Committee also "benchmarks" the Company's compensation programs to a peer group of banking institutions based upon its review of financial statements and other publicly available data. In 2014, the Compensation Committee utilized regional banks with total assets in the \$3 billion to \$4 billion range as a peer group. While the Company's payment processing business differentiates it from these institutions, this peer group represented one source for comparisons. The peer group institutions consist of the following: The Dime Savings Bank, S&T Bancorp, Flushing Financial (Flushing Savings), TrustCo Bank, WSFS Financial and Beneficial Mutual.

The level of an institution's total assets and its regional location are primary factors the Compensation Committee considered in establishing the peer group.

Although considerable knowledge about the competitiveness of the Company's compensation programs is gained through the benchmarking process, the Compensation Committee recognizes that each financial institution is unique and that significant differences between institutions in regard to executive compensation practices exist. The Compensation Committee believes that the combination of short and long-term compensation that the Company provides fulfills its objectives of providing a competitive level of compensation and benefits in order to attract and retain key executives. The Compensation Committee also believes that the Company's incentive programs appropriately reward performance to achieve profitability and growth while at the same time allowing the Company to maintain controls over its compensation costs.

Compensation Methodology

The Compensation Committee ordinarily determines compensation amounts for individual NEOs for 12 month periods. The Chief Executive Officer typically provides the Compensation Committee with key elements of both the Company's and the NEOs' (other than the Chief Executive Officer's) performance as well as recommendations to assist it in determining compensation levels. In the case of long-term incentive compensation and bonuses, if any, the Compensation Committee determines the amount of awards based on the then concluded fiscal year. The Compensation Committee has the discretion to issue compensation awards at other times during the fiscal year. In 2013, NEOs were again reviewed in January. In 2014, the Compensation Committee reviewed performance during the first quarter of 2014. In 2015, through the date of this proxy, NEOs have not been reviewed, nor has additional compensation been awarded to any NEO as a result of the restatement of the financial statements which are utilized in their evaluations.

Specific Elements of the Compensation Program

Below are the specific elements of the Company's compensation program for executive officers.

Salary. The Company believes that it is important to maintain a competitive salary structure in order to retain its existing qualified executive officers and a base pay structure consistent with similarly situated executives at similarly sized banking institutions. The Company believes that a key objective of its salary structure is to maintain reasonable

"fixed" compensation costs by targeting base salaries at a competitive average, taking into account the Company's and the individual's performance.

Base salaries are paid to executive officers on a bi-weekly basis, and are reviewed annually by the Compensation Committee as described in "Compensation Methodology," above. The Compensation Committee determines if any base pay changes should be made for executive officers. Base pay change, if any, is normally determined after considering:

- the executive's total itemized compensation for the prior year;

- the executive's current base pay position relative to the peer group;
- the Company's performance and the individual's contribution to that performance for the prior year; and
- national and regional economic conditions, their effect upon the Company and how the executive has dealt with them within his or her area of responsibility.

In 2014, the Compensation Committee awarded no increases in base salary. With respect to base salary increases in 2012 and 2013, the Compensation Committee considered that no cash bonuses had been paid in the three years ended 2012.

Bonus. While historically the Compensation Committee has not awarded bonuses since it prefers long-term equity incentive compensation (discussed below), it retains the discretion to do so. In determining whether a bonus award for one or more officers would be appropriate, the Compensation Committee would consider the Company's financial performance, including net income, return on assets, return on equity, the efficiency ratio and earnings per share and would particularly focus on the contribution made to the Company by the NEO under consideration. As with base salary, the Compensation Committee also considers national and regional economic conditions. The Chief Executive Officer makes recommendations to the Compensation Committee with respect to annual bonuses for the other executive officers, based on their respective contributions to the performance of the areas for which they are responsible. Generally, the Compensation Committee has utilized non-cash equity compensation and not bonuses as the primary non-base salary form of compensation.

Long-Term Incentive Compensation. Long-term incentives are provided to executive officers through The Bancorp, Inc. Stock Option and Equity Plan of 2013 (the "2013 Plan") and similar prior plans. The plans permit the grant of stock options, restricted stock awards, stock appreciation rights and phantom units. Stock options are granted to executive officers at exercise prices equal to the then current market price of the Company's Common Shares. Options and restricted stock awards under the 2013 Plan are granted on a discretionary basis taking into account the Company's financial performance and each executive's contribution to such performance. Overall, the objective of long-term incentive compensation awards is to tie the interests of executive officers directly to increases in stockholder value. Stock options and stock grants were awarded to each NEO, in varying amounts, in 2010 through 2013. There were no stock options or grants awarded in 2014.

Compensation Risk Analysis

As a financial holding company regulated by the Federal Reserve Bank, which has a subsidiary bank regulated by the FDIC and the State of Delaware, the Company adheres to defined risk guidelines, practices and controls to ensure the safety and soundness of the institution. The Company's management and Board of Directors conduct regular reviews of its business to ensure that it is operating within appropriate regulatory guidelines and with appropriate practices, supplemented by its internal audit function.

During 2014, the Compensation Committee reviewed the Company's compensation practices to ensure that (1) base salaries are appropriately competitive in light of overall compensation; (2) the Company's use of equity grants provides appropriate long term incentives; and (3) the Company offered an appropriate mix of cash and equity compensation to facilitate the alignment of the interests of the Company's senior executives with those of the Company and its stockholders. In light of regulatory releases, the ultimate goal of the review was to assess the design, governance, policies and procedures of the Company's compensation structure to ensure that, as designed and executed, it does not motivate excessive risk-taking that could adversely impact the long-term value of the Company.

After conducting the review, the Compensation Committee concluded that the Company's incentive programs do not motivate or encourage unnecessary or excessive risk taking. This conclusion reflected a review of the Company's

structure to determine that credit and other new business approvals are independent of new business efforts. Other factors, such as fostering an appropriate risk management culture, were also considered. The Company will continue to review and monitor its compensation programs to ensure that they continue to not motivate excessive risk taking that could adversely impact the long-term value of the Company.

Determination of Compensation Amounts

In 2015, through the date of this proxy, NEOs have not been reviewed, nor has additional compensation been awarded to any NEO. In 2014, the Compensation Committee reviewed the compensation of the NEOs in the first quarter of 2014. After consideration, the Compensation Committee concluded that no salary increases, stock compensation or bonuses should be awarded to the Chief Executive Officer in 2014. In 2013, the Compensation Committee had awarded a \$100,000 increase to base salary for the Chief Executive Officer, which amounted to 8.7% of the total compensation of all types received in 2012. No bonus was awarded to the Chief Executive Officer in 2013. In 2012, the Compensation Committee had increased the Chief Executive Officer's salary by 3.2% of all types of compensation for the prior year. In 2014, the Compensation Committee also concluded that no salary increase, stock compensation or bonus should be awarded to any of the other NEOs. In 2013, the Chief Financial Officer received a \$35,000 increase, the President and Chief Operating Officer received a \$75,000 increase, the Executive Vice President-Commercial Loans received a \$20,000 increase, the Senior Vice President and General Counsel received a \$17,500 increase, and no bonuses were awarded. Options and share awards were also granted to NEOs in 2013 to continue to align management with long term shareholder value and to balance issues of profitability and appropriate risk management. All options and share awards vest over a four year period to further shareholder and management alignment and to emphasize long term risk management. The Compensation Committee decided to forego any bonuses to the Chief Executive Officer or NEOs for 2010 through 2012.

For its 2014 evaluation, the Compensation Committee believed that adjusted operating earnings and long term shareholder value, rather than shorter term movements in stock price, should be emphasized in the Chief Executive Officer's compensation methodology. The Compensation Committee believes that pay for performance should be emphasized and considers stock options as its primary pay for performance component. To further tie stock option grants to pay for performance, all NEO options require a four year period over which such options ratably vest. To emphasize the importance of long term risk management and performance, cash bonuses have not been paid to NEOs for five years.

A primary objective of long term compensation equity awards is to tie interests of NEOs to increasing shareholder value. In 2014, the Compensation Committee reviewed performance during the first quarter of 2014. The committee concluded that long term shareholder growth was enhanced by low cost deposit growth notwithstanding that such growth depressed return on assets in the short term, in the current below normal rate environment. Additionally, the Compensation Committee considered progress made in executing management's strategy emphasizing non-interest income over interest income principally through the development of its prepaid, or stored value, card division. Further, the Compensation Committee considered statistics which continue to show that contracts and new relationships for prepaid card fees, which is the most significant element of non-interest income growth, require multiple year periods in which expense is incurred, prior to generating revenue. The Compensation Committee also reviewed the continuing costs of the prepaid card-related infrastructure build-out, which represented significant fixed costs which can be used to generate larger fee growth. Related historical statistics were reviewed which validated the Compensation Committee's view. Expansion of compliance infrastructure had continued. Additionally, the Company continued to execute its strategy of growing low cost deposits and, as a result, its interest costs continued to be lower than its peers. The Compensation Committee reviewed the strategy for increased growth in leases, SBA loans and security backed lines of credit, noting that additional progress had been made. Accordingly, the Compensation Committee concluded that a balanced view of long term shareholder value versus current stock price should be considered in its decisions. After consideration, the Compensation Committee did not award any salary increases, stock compensation or bonuses in 2014. The Compensation Committee also determined to continue to monitor progress in managing the growth in non-interest income's impact on operating earnings and net income, which would be a primary determinant of any future bonus awards.

The Compensation Committee reiterated its previously approved compensation recoupment policy as follows:

Compensation Recoupment Policy

The compensation recoupment policy applies if the Company is required to provide an accounting restatement for any of the prior three fiscal years for which audited financial statements have been completed, due to material noncompliance with any financial reporting requirement under the federal securities laws. In the event of such a restatement, the Compensation Committee will determine, in its discretion, whether (1) NEOs, regardless of whether they were directly responsible for the restatement, or (2) all other recipients of cash-based or equity-based incentive compensation who were directly responsible for the restatement, have received any cash-based or equity-based incentive compensation that they would not have been entitled to receive under the restated results. The Compensation Committee then will take such actions as it deems necessary or appropriate, depending on all the facts and circumstances as determined during its review, including (i) the recoupment of all or part of any such excess compensation, (ii) recommending disciplinary actions to the Board, up to and including termination, and/or (iii) the pursuit of other available remedies.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis above and has discussed that analysis with management. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Employment Agreement

Employment Agreement. The Company had entered into one employment agreement, dated April 20, 2005 and amended December 10, 2008, with Betsy Z. Cohen, its former Chief Executive Officer. The material terms of this agreement are described below. Information concerning estimated payments pursuant to the post-termination and severance provisions of this agreement is discussed in "Potential Payments on Termination or Change-In-Control," below. Mrs. Cohen retired effective December 31, 2014 and, as of July 31, 2015 the Company has paid \$175,000 to Mrs. Cohen under the employment agreement. The amount paid represents a monthly payment of \$25,000 to be made throughout Mrs. Cohen's lifetime under her Supplemental Executive Retirement Plan benefit.

The employment agreement with Mrs. Cohen provided that she would devote such time to the Company as was reasonably required to fulfill her duties. Under the agreement, Mrs. Cohen received an annual base salary determined by the Compensation Committee. Mrs. Cohen was also eligible for bonuses as determined by the Compensation Committee. The agreement had a term of five years that was automatically renewable so that, on any day that the agreement was in effect, it would have a then current term of five years. The Company had the right to terminate Mrs. Cohen without cause and Mrs. Cohen had the right to resign for good reason upon sixty days' notice. Additionally, upon or after a change of control of the Company, the Company had the right to terminate Mrs. Cohen without cause and she had the right to resign for good reason upon sixty days' notice. Upon any such termination or resignation, Mrs. Cohen was entitled to receive only the amount due to her under the Company's severance pay plans, if any; provided that, if she executed a mutual release of claims with the Company, she would receive (a) a lump sum cash payment equal to one month of her base salary for each month she was employed by the Company, up to a maximum of five years, at the rate in effect immediately before her termination, and (b) a prorated bonus, if any, for the year in which the termination occurred. Mrs. Cohen could also resign upon thirty days' notice, in which event no further payments would be due other than accrued benefits. If Mrs. Cohen were disabled for ninety consecutive days in any twelve month period, the Company could terminate her employment. If Mrs. Cohen's employment terminated on account of disability, (a) the vesting of the Supplemental Executive Retirement Plan ("SERP"), described below, would accelerate, (b) Mrs. Cohen would receive any amounts of salary or bonus earned, accrued and owing but not paid and (c) Mrs. Cohen received a prorated bonus, if any, for the year in which the termination occurred. If Mrs. Cohen died during her term of employment, the Company was required to pay her estate all amounts of salary and bonus earned, accrued and owing but not paid and a pro-rated bonus, if any, for the year in which death occurred. The Company could terminate Mrs. Cohen's employment at any time for cause. Upon termination for cause, Mrs. Cohen was entitled to any base salary and benefits accrued and earned before her termination.

The agreement defined "cause," generally, as conviction of a felony, intentional and continuous failure to substantially perform duties or a breach of the confidentiality and intellectual property provisions of the agreement. The agreement defined "good reason," generally, as the Company demoting Mrs. Cohen or materially reducing her duties, the Company requiring Mrs. Cohen to be based outside of Philadelphia, Pennsylvania, the failure of Mrs. Cohen to be elected to the Board of Directors or a material breach of the agreement by the Company. The agreement defined a "change of control," generally, as having occurred if (a) any person became a beneficial owner of securities representing more than 25% of the voting power of the then outstanding securities or (b) the consummation of (i) a merger or consolidation of the Company where the directors of the Company immediately before the transaction constituted less than a majority of the board of directors of the surviving corporation or (ii) a sale or other disposition of all or substantially all of the assets of the Company or (c) during a period of two consecutive years, the incumbent directors ceased for any reason to constitute at least two-thirds of the Board of Directors, provided that if either the election or nomination of any new director was approved by a vote of at least two-thirds of the incumbent directors before such election or nomination, the new director was considered a member of the incumbent directors.

The employment agreement provided for the establishment of a SERP for Mrs. Cohen. Mrs. Cohen became fully vested in the amount of the SERP benefit earned and the benefit became fully accrued upon her attainment of age 70. The employment agreement required the Company to establish a trust to serve as the funding vehicle for the SERP benefits and to make contributions to the trust in such amounts or in such number of Common Shares as the Company reasonably determined to be sufficient to provide the present value of the benefit as accrued at the time of the contribution. The value of this benefit was calculated as 100% of the average of Mrs. Cohen's base salary over the 36 months during the term that provides the highest average except that the average could not exceed \$300,000 nor be less than \$150,000. Upon a change of control of the Company, the Company agreed to immediately contribute to the trust an amount sufficient to permit the full payment of the SERP benefit due to Mrs. Cohen. Notwithstanding the establishment of a trust, the Company's obligation to pay the benefit constitutes a general, unsecured obligation of the Company, payable out of its general assets, and the assets of the trust will be available to pay the claims of the Company's creditors.

Pension Benefits

The following table provides information about Mrs. Cohen's SERP, which is described above. See "Executive and Director Compensation—Employment Agreement" and Note K to the Company's financial statements in its Annual Report on Form 10-K for the year ended December 31, 2014. The Company does not have any other pension plan.

Betsy Z. Cohen	Supplemental Executive Retirement Plan	\$ 4,200,000	\$ 0

Potential Payments on Termination or Change-In-Control

As described under "Executive and Director Compensation—Employment Agreement," the employment agreement with Mrs. Cohen provided for payments and other benefits if her employment with the Company terminated under circumstances specified in her agreement, including a "change in control" of the Company (as defined in the agreement). Mrs. Cohen's rights upon the termination of her employment depended upon the circumstances of the termination. The table below summarizes these rights and the amount of any payments and benefits due under the specified circumstances.

Compensation ⁽³⁾ (5)	Severance ⁽⁵⁾	Termination Without Cause ⁽¹⁾ (2)	Resignation For Good Reason ⁽¹⁾ (2)	Change in Control ⁽¹⁾	Tax Gross-Up
SERP Benefit ⁽⁴⁾	\$ —	\$ 3,236,500	\$ 3,236,500	\$ 3,236,500	\$ 1,742,731
		4,200,000	4,200,000	—	—

Assumed the execution of a written mutual release in a form acceptable to the Company of any and all claims against the Company that Mrs. Cohen may have relating to matters arising out of her employment by the Company.
 (1) Without this release, Mrs. Cohen would only have been entitled to any amounts due under the Company's severance pay plan, if any. As of the date of this proxy statement, the Company did not have a severance pay plan.

- (2) Mrs. Cohen would also have been entitled to any base salary that was accrued as of the date of her termination.
- (3) Equal to five times Mrs. Cohen's base salary at the date of termination (assumed to be \$655,000).
- (4) Represents the value of Mrs. Cohen's SERP calculated as of December 31, 2014, based upon \$25,000 per month lifetime payments.
- (5) Mrs. Cohen retired effective December 31, 2014.

With the exception of the SERP benefit, if any of the above payments are deemed to constitute a "parachute payment" as defined in Section 280(g) of the Internal Revenue Code, Mrs. Cohen was also to be paid an amount in cash equal to the sum of the excise taxes payable by her by reason of receiving such payment plus the amount necessary to put her in the same after-tax position as if no excise taxes had been paid.

PROPOSAL 3. APPROVAL OF ACCOUNTANTS

The Board of Directors unanimously recommends that the stockholders approve the selection of Grant Thornton LLP, independent registered public accounting firm, to audit the financial statements of the Company for the fiscal year ending December 31, 2015. Representatives of Grant Thornton are expected to be present at the Meeting. These representatives will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The following table presents the aggregate fees billed by Grant Thornton for each of the services listed below for each of the Company's last two fiscal years.

Audit Fees

	2014	2013
Audit Fees (1)	\$3,638,500	\$620,117
Audit-Related Fees (2)	131,848	19,925
Tax Fees (3)	180,000	179,773
All Other Fees (4)	85,825	131,763
Total	\$4,036,173	\$951,578

Audit fees consisted of the aggregate fees billed for professional services rendered by Grant Thornton in connection with its audit of the Company's consolidated financial statements and its limited reviews of the (1) unaudited consolidated interim financial statements that are normally provided in connection with statutory and regulatory filings or engagements for these fiscal years. Audit fees in 2014 include fees incurred in 2015 relating to prior years in connection with the restatement of the financial statements.

Audit-related fees consisted of the aggregate fees billed for assurance and related services rendered by Grant (2) Thornton that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not disclosed under "Audit Fees" above.

Tax fees consisted of the aggregate fees billed for professional services rendered by Grant Thornton for tax (3) compliance, tax advice and tax planning in 2014 and 2013.

All other fees consist of the aggregate fees billed for products and services provided by Grant Thornton other than (4) the services described under audit fees, audit-related fees and tax fees. All other fees in 2014 consisted primarily of permitted information technology services pre-approved by the audit committee.

Exchange Act rules generally require any engagement by a public company of an accountant to provide audit or non-audit services to be pre-approved by the audit committee of that public company. This pre-approval requirement is waived with respect to the provision of services other than audit, review or attest services if certain conditions set forth in rule 2-01(c)(7)(i)(C) under the Exchange Act are met. None of the audit-related and tax services described above were subject to this Rule and the approval procedures set forth therein. All services provided to the Company by Grant Thornton in 2014 and 2013 were pre-approved by the Audit Committee.

OTHER MATTERS

As of the date of this proxy statement, the Board of Directors does not intend to present and has not been informed that any other person intends to present any other matters for action at the Meeting. However, if other matters do properly come before the meeting or any adjournment, postponement or continuation thereof, it is the intention of the persons named as proxies to vote upon them in accordance with their best judgment. For any other matter which may properly come before the meeting, the affirmative vote of the holders of at least a majority of the votes cast at the Meeting at which a quorum is present is required, either in person or by proxy, for approval, unless otherwise required by law.

Except as set forth in this section, all Common Shares represented by valid proxies received will be voted in accordance with the provisions of the proxy.

STOCKHOLDER PROPOSALS AND NOMINATIONS

Rule 14a-8 of the Securities Exchange Act of 1934 (the "Exchange Act") establishes the eligibility requirements and the procedures that must be followed for a stockholder's proposal to be included in a public company's proxy materials. The Company currently anticipates that its annual meeting of stockholders to be held in 2016 will be held on or about May 16, 2016, and materials will be mailed to stockholders on or about March 24, 2016, accordingly, under the rule, proposals submitted for inclusion in the Company's proxy statement for its 2016 annual meeting of stockholders must be received by the Company's Secretary on or before the close of business on November 25, 2015. Additionally, the persons named as proxies in the proxy statement and/or form of proxy will have discretionary authority to vote on a stockholder proposal received before February 8, 2016, if we briefly describe the matter in the proxy statement and how management's proxy holders intend to vote on it, and if the stockholder does not comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934.

Stockholders who wish to submit their recommendations for director candidates to the Nominating and Governance Committee should send their written recommendation to the Company's executive offices, The Bancorp, Inc., and Attention: Nominating and Governance Committee Chairman, 409 Silverside Road Suite 105, Wilmington, Delaware 19809. These stockholders must represent that they are stockholders of the Company and will remain so through the date of the relevant annual meeting of stockholders of the Company and include the written consent of the person so recommended to serve as a director if nominated and elected and to provide such information as the Nominating and the Governance Committee may request, as well as a description of the nominee's background and qualifications. All stockholder recommendations received by the Nominating and Governance Committee will be reviewed at the first meeting of the Nominating and Governance Committee held after receipt of the recommendation. The Nominating and Governance Committee will consider nominees recommended by security holders for the annual meeting of stockholders to be held in 2016, if submitted as described above by November 25, 2015.

STOCKHOLDER OUTREACH

The Company's Board of Directors and management value direct interaction and communication with stockholders. Since the last annual meeting, senior management has held in excess of 100 meetings and conference calls with most of the Company's major stockholders. Although some investors have a policy of not meeting directly with management, management was successful in speaking directly with stockholders holding approximately 66 percent of the Company's outstanding common stock. The Company uses these meetings to obtain feedback from its stockholders about areas important to them; including the Company's business model, performance, corporate governance, compensation practices and other investor topics. The Company maintains a stockholder relations department headed by Andres Viroslav, and the Company encourages you to call either him at 215.861.7990 or its corporate secretary and chief financial officer, Paul Frenkiel at 302.385.5122 for your feedback and financially-related or other questions.
