As previously disclosed in Current Reports on Form 8-K furnished to the Securities and Exchange Commission on October 27, 2004, November 10, 2004, January 13, 2005 and March 4, 2005, Terex Corporation ("Terex" or the "Company") has commenced a detailed examination of its intercompany transactions in an effort to reconcile imbalances in certain of the Company's accounts. Based on the results of its review, the Company concluded that the financial statements of Terex for the years ended December 31, 2000, 2001, 2002 and 2003 need to be restated to correct certain errors. The Company's internal review activities have not yet been completed and the Company is currently working to complete its financial statements for the year ended December 31, 2004. In addition, the Company has not yet completed its assessment of effectiveness of internal control over financial reporting as of December 31, 2004. Once the Company's Annual Report on Form 10-K for the year ended December 31, 2004 and its Quarterly Report on Form 10-Q for the period ended September 30, 2004 are filed, the Company will file its Quarterly Report for the quarter ended March 31, 2005, as soon thereafter as possible. The Company also will be filing a further Current Report on Form 8-K shortly with an additional discussion on the status of these matters.
