Franklin Street Partners Limited Partnership, a Massachusetts limited partnership (the "Registrant"), is unable to timely file its Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2001 (the "Form 10-Q") without unreasonable effort or expense because management of the Registrant has been unable to assemble the required financial information as a result of a change in the accounting principles to be applied to the Registrant's operations. The Form 10-Q is currently being prepared and will be filed with the Securities and Exchange Commission as soon as the information is complete.

[X] Yes [] No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The staff of the Commission has recently advised the Registrant that purchase accounting was the appropriate method of accounting for mergers that were effected by the Registrant in 2000. As a result, the Registrant has determined that there will be changes to the amount of revenue reported in respect of six partnerships acquired by merger by the Registrant on October 1, 2000. The Registrant has determined that there will also be adjustments to depreciation and merger costs.

Since the determination to apply purchase accounting was only recently made, the Registrant has not had sufficient time to make

reasonable estimates of the amount of the adjustments.
