THE ENCLOSED PROXY IS SOLICITED BY OUR BOARD OF DIRECTORS.

You are invited to attend our Annual Meeting of Stockholders to be held on May 17, 2001, beginning at 9:00 a.m. The meeting will be held at Heska Corporation, 1613 Prospect Parkway, Fort Collins, Colorado.

This Proxy Statement, proxy card and voting instructions are being mailed starting April 4, 2001.

STOCKHOLDERS ENTITLED TO VOTE

Stockholders of record at the close of business on March 23, 2001 are entitled to notice of and to vote at the Annual Meeting. As of that date, we had 38,656,745 shares of common stock outstanding. Each holder of common stock is entitled to one vote for each share held as of the record date. An inspector of elections appointed by the Board of Directors will determine the shares represented at the Annual Meeting, the validity of proxies and will count all votes. Determinations of whether a quorum exists and whether proposals are approved will be announced at the Annual Meeting.

PROXIES

Your vote is important. Stockholders of record may vote their proxies by Internet or mail. The web site address is included on your proxy card. If you choose to vote by mail, a postage-paid envelope is provided.

A proxy may be revoked at any time before it is exercised by (1) filing a written revocation with the Secretary of the Company, (2) submitting a duly executed proxy bearing a later date, or (3) voting by ballot at the Annual Meeting.

Vote by Internet

You can vote your shares via the Internet. The web site for Internet voting is on your proxy card. Internet voting is available 24 hours a day. You will be given the opportunity to confirm that your instructions have been properly recorded. If you vote via the Internet you do not need to return your proxy card.

Vote by Mail

If you choose to vote by mail, simply mark your proxy, date and sign it, and return it to Computershare Trust Company, Inc. in the postage-paid envelope provided.

Voting at the Annual Meeting

The method by which you vote now will in no way limit your right to vote at the Annual Meeting if you decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a

Edgar Filing: HESKA CORP - Form DEFA14A

proxy, executed in your favor, from the holder of record and bring it with you to the meeting to be able to vote at the meeting.

All proxies returned prior to the Annual Meeting will be voted in accordance with the instructions contained therein. If no choice is specified, the shares will be voted FOR the proposals listed in this Proxy Statement.

Voting of Other Matters

The enclosed proxy card grants the proxy holders discretionary authority to vote on other matters properly brought before the Annual Meeting. At the date this Proxy Statement went to press, we did not know of any other matter to be raised at the Annual Meeting.

LIST OF STOCKHOLDERS

A list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the meeting during normal business hours at our offices at 1612 Specht Point Drive, Fort Collins, Colorado, 80525, by contacting the Secretary of the Company.

REQUIRED VOTE

The presence in person or by proxy of the holders of a majority of our outstanding shares constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker "non-votes" are counted as present and entitled to vote for purposes of determining a quorum.

Directors are elected by a plurality vote. Any other matter submitted for stockholder approval at the Annual Meeting, will be decided by the affirmative vote of a majority of shares present in person or represented by valid proxy and entitled to vote on each such matter. Abstentions with respect to any matter are treated as shares present or represented and entitled to vote on that matter and thus have the same effect as negative votes. If a broker, bank or other nominee, who is the record holder of certain shares indicates on a proxy that it does not have discretionary authority to vote on a particular matter as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to any matter, these "non-voted" shares will be counted for quorum purposes but will not be counted in determining whether stockholder approval of a particular matter has been obtained.

COST OF SOLICITATION

We will bear the expense of soliciting proxies, including the expense of preparing, printing and mailing proxy materials. In addition to the solicitation of proxies by mail, solicitation may be made by certain of our directors, officers and other employees by personal interview, telephone or facsimile. No additional compensation will be paid to these people for such solicitation.

PROPOSAL 1 - ELECTION OF DIRECTOR

DIRECTORS AND NOMINEE FOR DIRECTOR

There is one Class I nominee for election this year. Detailed information on this nominee is provided on page 3 of this proxy statement. Our Board of Directors is divided into three classes, with one class of directors elected each year at the Annual Meeting of Stockholders for a three-year term of office. The directors of each class hold their positions until the Annual Meeting of Stockholders at which time their respective successors are elected and qualified

Edgar Filing: HESKA CORP - Form DEFA14A

or until their earlier resignation, removal from office, death or incapacity. One Class I director is to be elected at this meeting for a three-year term ending in 2004.

The Board of Directors proposes the election of Dr. Edith W. Martin as a Class I director. The persons named on the enclosed proxy card intend to vote the proxy for the election of this nominee, unless you indicate on the proxy card that your vote should be withheld from such nominee. If you are voting by Internet, you will be instructed how to withhold your vote. Dr. Martin has indicated her willingness to serve as a member of the Board of Directors if elected; however, if she is unable or declines to serve as a director at the time of the Annual Meeting, an event not now anticipated, proxies will be voted for a nominee designated by the Board of Directors to fill the vacancy. Stockholder nominations for the Board of Directors must be made following the procedures set forth in the Bylaws not less than 60 days nor more than 90 days prior to the scheduled date of the Annual Meeting. The deadline for a stockholder to deliver notice of a nomination for the election of directors at the 2001 Annual Meeting of Stockholders was March 16, 2001. No such nominations were received.

There is currently a vacancy in Class I of the Board of Directors. We intend to fill such vacancy with an independent director.

DIRECTORS' COMPENSATION

Each new outside director elected to our Board of Directors is automatically granted as of the date of election an option to purchase 10,000 shares of common stock at an exercise price equal to the fair market value of the common stock on the date of grant. The shares subject to these options vest in four equal installments at annual intervals over the four-year period commencing on the date of grant. Further, each outside director who continues to serve in such capacity following any annual meeting of stockholders is automatically granted an option as of the date of such meeting to purchase 2,000 shares of common stock at an exercise price equal to the fair market value of the common stock on the date of grant. The shares subject to these options vest on the first anniversary of grant. No director is eligible to receive the 10,000-share grant and a 2,000-share grant in the same year. Directors are eligible to receive a greater number of options or shares than the automatic grants described above under the 1997 Stock Incentive Plan. The Board of Directors has approved, subject to stockholder approval, an amendment to the 1997 Stock Incentive Plan to increase the number of options granted annually to outside directors. See "Proposal 2" herein.

In February 2001, the Board of Directors modified the existing policy to compensate "outside" or non-employee directors with options to purchase Heska common stock. Under this new policy, outside directors receive an option to purchase 200 shares for attendance at a meeting of the Board of Directors, or Board committee, which is less than four hours and an option to purchase 1,000

Edgar Filing: HESKA CORP - Form DEFA14A

shares for attendance at a meeting of the Board of Directors, or Board committee, which is four hours or more, or for consulting services of four hours or more. These options are immediately exercisable and the exercise price is equal to the fair market value on the date of grant. Directors are reimbursed for their reasonable expenses for each meeting attended.

See "Employment Agreements" below for a description of the compensation arrangement with Dr. Grieve.

PENSION AND LONG-TERM INCENTIVE PLANS

We have no pension or long-term incentive plans.

EMPLOYMENT AGREEMENTS

During 2000, we were a party to employment agreements with each of the named executive officers. All of the agreements provide for severance payments if the individual's employment is terminated without cause, including terminations in connection with a change in control. In the case of Dr. Grieve, the payments set forth in his employment agreement are equal to one year's salary plus an additional year of vesting under any stock arrangements if his employment is involuntarily terminated. In the case of Mr. Fuller, the payments set forth in his employment agreement are equal to one year's salary plus an additional one year's vesting under any stock arrangements if the termination takes place any time on or before January 18, 2002, or six months' salary and an additional six months' vesting under any stock arrangements if the termination takes place after that date. In the case of Mr. Hendrick, the payments set

Edgar Filing: HESKA CORP - Form DEFA14A

forth in his employment agreement are equal to one year's salary if the termination takes place any time on or before December 1, 2001, or six months' salary if the termination takes place after that date. In the case of Dr. Miozzari, the payments (including amounts mandated by Swiss law) would be six months' salary if he is terminated without cause other than a change in control, or one year's salary if he is terminated without cause due to a change in control. In the case of Dr. Stinchcomb, the payments set forth in this employment agreement are equal to six months' salary if he is terminated without cause other than a change in control, or one year's salary if he is terminated without cause due to a change in control.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

This report on executive compensation is provided by the Compensation Committee of the Board of Directors to assist stockholders in understanding the objectives and procedures used in establishing the compensation of our executive officers. Four non-employee directors, Mr. Dolan, Dr. Hohnke, Dr. Martin and Mr. Sasen, served on the Compensation Committee during the last fiscal year.

RESPONSIBILITIES OF THE COMPENSATION COMMITTEE

The Compensation Committee acts on behalf of the Board of Directors. Our responsibilities include:

- * Establishing the Company's compensation philosophy for all employees, including the Chief Executive Officer and other executive officers;
- * Reviewing the performance of the Chief Executive Officer;
- * Determining salary levels and stock grants for the Chief Executive Officer and other executive officers;
- * Administering the Company's 1997 Stock Incentive Plan and Employee Stock Purchase Plan, including determining the number and type of options to be granted to employees of the Company and its subsidiaries and the terms of such grants.

COMPENSATION PHILOSOPHY AND OBJECTIVES

We believe that compensation of the Company's executive officers should promote the success of the Company by attracting, retaining and motivating all employees, including executive officers, while aligning their interests with the Company's long-term and strategic interests and the interests of stockholders. Competition for skilled employees, particularly management level employees, in the Company's industry is intense and the Committee seeks to provide total compensation packages that will attract and retain superior caliber individuals, yet be consistent with the Company's financial situation and stage of development.

KEY ELEMENTS OF EXECUTIVE COMPENSATION

Until the Company has achieved operational profitability, we believe that the use of traditional performance standards, such as profit levels and return on equity, are not appropriate in the evaluation of executive officer performance. Instead, the Committee evaluates the performance of executive officers and sets their compensation based primarily on the Company's achievement of its business objectives, such as developing and introducing products, obtaining appropriate financing, developing its intellectual property portfolio and entering into collaborations with other companies and academia. The Committee also evaluates each officer's individual contribution toward the achievement of these objectives and of other individual objectives. Currently, the Company's compensation structure for executive officers includes a

Edgar Filing: HESKA CORP - Form DEFA14A

combination of base salary, stock options and performance based cash incentive under a management incentive compensation plan.

Base Salary. Salary levels are largely determined through comparisons with companies of similar headcount and market capitalizations or complexity in the biotechnology industry. Actual salaries are based on individual performance contributions within a competitive salary range for each position that is established through evaluation of responsibilities and market comparisons. We believe, that the Company's salary levels for the executive officers are at a level that, at the time such salary determinations were made, were considered to be reasonable and necessary given the Company's financial resources and the stage of its development. This belief is based on our knowledge of executive compensation in the industry and based on practices of comparable companies in the Company's industry.

Stock Options. We believe that stock options provide excellent long-term incentives for executive officers to increase the Company's market value for the benefit of all stockholders. We are responsible for determining the number and terms of options to be granted to executive officers, taking into account such factors as individual and Company performance, policies regarding cash compensation and practices of comparable companies in the Company's industry. Options granted to executive officers have exercise prices equal to fair market value on the date of grant, vest over a four-year period and expire ten years from the date of grant. Vesting ceases and the vested portion of options must be exercised should the executive leave the Company's employ (subject to any rights to partial acceleration of vesting upon termination without cause under employment agreements). This Committee believes that these vesting provisions help both to retain qualified employees and to motivate them to achieve long-term increases in stock value, providing continuing benefits to the Company and its stockholders beyond those in the year of grant.

Management Incentive Compensation Plan. We believe that cash performance based incentives can also serve an important role in executive compensation. We have adopted a management incentive compensation plan which replaces the prior executive bonus plan. The management incentive compensation plan will provide incentives to the executives of the Company to meet and exceed certain predetermined annual net income and revenue goals. We have established these financial goals for the 2001 calendar year, and any such incentives with respect to the 2001 calendar year will only be paid after the audited financial results for the year are available. While we believe that providing cash bonuses to the executives of the Company is an essential part of creating a competitive executive compensation package, we have determined that paying the great majority of such bonuses only if specific predetermined financial goals are achieved provides a very strong incentive to the Company's management to achieve financial performance that will be beneficial to the Company and its stockholders.

CHIEF EXECUTIVE OFFICER COMPENSATION

The annual salary of Robert B. Grieve, the Company's Chairman of the Board and Chief Executive Officer, was increased to \$260,000 in 2000, and we awarded him a stock option in February 2000 to purchase an additional 200,000 shares of common stock. These options have the terms described above. Given the Company's stage of development, the use of traditional performance standards, such as profit levels and return on equity, were not considered to be appropriate in the evaluation of Dr. Grieve's performance.

QUALIFYING COMPENSATION

It is the Company's policy generally to qualify compensation paid to executive officers for deductibility under section 162(m) of the Internal Revenue Code. Section 162(m) generally prohibits the Company from deducting the

Edgar Filing: HESKA CORP - Form DEFA14A

compensation of executive officers that exceeds \$1,000,000 unless that compensation is based on the satisfaction of objective performance goals. The Company's 1997 Stock Incentive Plan is structured to qualify awards under such plans as performance-based compensation and to maximize the tax deductibility of such awards. However, the Company reserves the discretion to pay compensation to its executive officers that may not be deductible.

The foregoing report has been furnished by the Compensation Committee of the Board of Directors and shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference and shall not otherwise be deemed filed under such Acts.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews the Company's accounting, auditing and financial reporting practices on behalf of the Board of Directors. The members of the Audit Committee during 2000 were Mr. Dolan, Mr. Pomroy and Dr. Tebbit. Mr. Aylesworth was appointed to the Audit Committee when Mr. Pomroy resigned in June. Dr. Martin was appointed to the Committee in October when Dr. Tebbit resigned. The members of this Audit Committee meet the independence and experience requirements of the Nasdaq Stock Market.

The Board of Directors has adopted a charter outlining the functions this Committee is to perform. A copy of this charter is attached to this proxy statement as Appendix A. These functions include:

- * Monitoring the corporate financial reporting and internal and external audits of the Company;
- * Providing the results of its examinations and recommendations derived therefrom to the Board of Directors; and
- * Nominating independent auditors.

In performing all of these functions, we act only in an oversight capacity. We rely on the work and assurances of Company management, which has the primary responsibility for the financial statements and reports, and of the independent auditors, who, in their report, express an opinion on the conformity of the Company's annual financial statements to generally accepted accounting principles.

In this context, during the year 2000, we met and held discussions with management and the independent auditors. Management represented to us that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. In our meetings with the independent auditors, we discussed matters required to be discussed by the auditors with audit committees under Statement of Auditing Standards No. 61 (Communication with Audit Committees).

In addition, we received and discussed with the auditors their annual written report on their independence from the Company and its management which

Edgar Filing: HESKA CORP - Form DEFA14A

is made under Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and considered whether the provision of non-audit services by the auditors was compatible with maintaining the auditor's independence.

In reliance on these reviews and discussions and the report of the independent auditors, we have recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000, for filing with the Securities and Exchange Commission.

Respectfully submitted,

William A. Aylesworth, Chairman

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Compliance with Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and persons who own more than 10% of a registered class of our equity securities to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other of our equity securities. Directors, officers and 10% or greater stockholders are required by SEC regulations to furnish us with copies of all of the Section 16(a) reports they file. Based solely upon a review of the copies of the forms furnished to us and the representations made by the reporting persons to us, we believe that during fiscal 2000 our directors, officers and 10% or greater stockholders complied with all filing requirements under Section 16(a) of the Exchange Act.

CERTAIN TRANSACTIONS AND RELATIONSHIPS

COLLABORATIVE AGREEMENTS

Ralston Purina Company

In July 1998, we entered into a Research and Licensing Agreement with Ralston Purina. Pursuant to that agreement, Ralston Purina acquired exclusive rights to license certain of our discoveries, know-how and technologies for innovative diets for dogs and cats, and we have agreed to allocate certain resources to research, develop and commercialize pet food products that are the subject of the collaboration. The first product from this strategic alliance was introduced by Ralston Purina in July 2000. This new product is a specialty diet for the nutritional management of feline diabetes mellitus. We will receive a royalty from Ralston Purina on sales of this product, as well as any additional products developed under this collaboration.

Also in July 1998, Ralston Purina acquired 1.165 million shares of our common stock for \$14.75 million in cash, and also acquired, for an additional cash payment of \$250,000, warrants to purchase an additional 1.165 million shares of common stock. The exercise price of the warrants is \$12.67 for the first year of the warrants, increasing by 20% per year for each of the second and third years of the warrant. The warrants were vested immediately as of July 30, 1998 and expire on July 30, 2001 with respect to any unexercised warrants.

Novartis

Novartis, one of our principal stockholders, has ongoing marketing rights to various of our products under development and is a party to a Screening and Development Agreement and Right of First Refusal Agreement. Novartis obtained such rights in connection with its purchase of our preferred stock in April 1996 (which converted into common stock upon the closing of our initial public offering), but did not make any separate payments for these rights.

Effective as of August 18, 1998, we entered into an Exclusive Distribution Agreement with Novartis Agro K.K., Tokyo, an affiliate of Novartis. Under the terms of the agreement Novartis Agro will have exclusive rights to market and distribute selected Heska-branded products in Japan. Novartis Agro is responsible for the registration of these products in Japan. The initial

Edgar Filing: HESKA CORP - Form DEFA14A

product to be marketed under the agreement is Solo Step (TM) CH. In consideration of these distribution rights, Novartis has entered into a Right of First Refusal Agreement wherein Novartis granted us a right of first refusal to evaluate for possible development and marketing worldwide certain new product technologies for the veterinary market as they become available from Novartis.

In January 2001, we entered into a distribution agreement with Novartis Animal Health, Inc., granting them exclusive distribution rights for the sale of our E-Screen (TM) test product in Europe. In March 2001, we entered into a distribution agreement with Novartis Animal Health Canada, Inc., granting them exclusive distribution rights for the sale of our Flu Avert (TM) I.N. vaccine in Canada.

LOAN TO EXECUTIVE OFFICER

In December 1999, we approved a personal loan to Dr. Grieve in the amount of \$100,000. This loan is evidenced by a promissory note which is due and payable on December 23, 2002. Interest on the outstanding principal balance accrues at the rate of 5.74% per annum. Payment of any unpaid principal balance together with all accrued and unpaid interest can be accelerated and become payable within ninety days after Dr. Grieve's relationship with us is terminated for any reason other than Dr. Grieve's death or permanent disability.

PROPOSAL 2 - AMENDMENT TO THE 1997 STOCK INCENTIVE PLAN

SUMMARY OF 1997 STOCK INCENTIVE PLAN

The Board of Directors and stockholders approved the 1997 Stock Incentive Plan in March 1997. The purpose of the Plan is to promote our long-term success and the creation of stockholder value by (a) encouraging employees, outside directors and consultants to focus on critical long-range objectives, (b) encouraging the attraction and retention of employees, outside directors and consultants with exceptional qualification, and (c) linking employees, outside directors and consultants directly to stockholder interests through increased stock ownership. The Plan seeks to achieve this purpose by providing awards in the form of incentive and non-qualified stock options ("NQO") to purchase our common stock. As of January 1, 2001, a total of 7,643,853 shares of our common stock was available for issuance under the Plan. The aggregate number of shares issuable under the Plan and the aggregate amount issuable to any one participant are subject to adjustment in the event of any change to our common stock due to a stock split or recapitalization, stock dividend or other similar action or event.

It is our practice to grant all stock options at an exercise price equal to the closing price of our stock on the date of grant. However, the Plan provides for the grant of non-qualified stock options at a discount of no more than 15%. The Compensation Committee fixes the term and conditions of each option at the time of grant, the term generally is ten years from the date of grant.

All regular full-time U. S. employees receive incentive stock options and all regular full-time European employees receive non-qualified stock options when they are hired. Additional options may be granted based upon merit. All employee grants vest monthly over a four-year period. As of January 1, 2001, we had approximately 335 employees and 18 consultants which had been granted stock options.

The exercise price of options granted under the Plan, including applicable tax withholding, if any, must be paid in full at the time of exercise. The method of payment is determined by the Compensation Committee and may consist of cash, other shares of common stock, promissory note or irrevocable directions to

Edgar Filing: HESKA CORP - Form DEFA14A

a securities broker to sell all or part of the option shares and to deliver the sale proceeds to us.

Currently, outside directors receive an automatic grant of an immediately exercisable non-qualified option to purchase 10,000 shares of stock when they first join the Board. This option is subject to repurchase by us at the exercise price if the director's service terminates for any reason. This right to repurchase lapses in four equal installments at annual intervals over a 48-month period commencing on the date of grant. In addition, each non-employee director who will continue serving as a member of the Board upon the conclusion of each annual meeting of stockholders receives an immediately exercisable non-qualified option to purchase 2,000 shares of stock. These options are also subject to repurchase for a period of one year from the date of grant.

PROPOSED AMENDMENT

Management recently reviewed the size of our existing automatic grants to outside directors and decided that in order to maintain our ability to attract and retain qualified members to our Board the grants must be increased. Management presented to the Compensation Committee a recommendation to amend the Plan to increase the amount of the initial grant of stock options from 10,000 shares to 40,000 shares and the amount of the annual grant of stock options from 2,000 shares to 40,000 shares. In addition, they proposed an additional annual grant of an option to purchase 2,000 shares to each chairman of a committee of the Board of Directors. The Compensation Committee approved the amendments and submitted them to the Board for approval in February 2001. The Plan has been amended, subject to stockholder approval. All other terms of the automatic grants remain the same.

These amendments amend and restate the first sentences of Sections 7.1 and 7.2 of the Plan to read as follows:

7.1 INITIAL GRANTS. Each Outside Director who first becomes a member of the Board shall receive a one-time grant of an NQO covering 40,000 Common Shares (subject to adjustment under Article 9) (1).

7.2 ANNUAL GRANTS. Upon the conclusion of each regular annual meeting of the Company's stockholders, (i) each Outside Director who will continue serving as a member of the Board thereafter shall receive an NQO covering 40,000 Common Shares, except that such NQO shall not be granted in the calendar year in which the same Outside Director received the NQO described in Section 7.1, and (ii) each director who will serve as chairman of a Board committee thereafter shall receive an NQO covering 2,000 Common Shares (both awards are subject to adjustment under Article 9).

(1) Article 9 covers changes to the stock options as a result of a stock split, recapitalization, spin-off or similar occurrence.

REQUIRED APPROVAL

The affirmative vote of the holders of a majority of our outstanding common stock is required to approve this proposal. Therefore, failure to vote will have the same effect as a vote against the amendment. If approved by the stockholders, the proposed amendment to the 1997 Stock Incentive Plan will become effective immediately.

PARTICIPATION IN THE 1997 STOCK INCENTIVE PLAN

The grant of options under the 1997 Stock Incentive Plan to employees, including the named executive officers, is subject to the discretion of the Compensation Committee. As of the date of this proxy statement, there has been no determination by the Compensation Committee with respect to future awards

Edgar Filing: HESKA CORP - Form DEFA14A

under the Plan. Accordingly, future awards are not determinable. The following table sets forth information with respect to the grant of options to the named executive officers and to other persons participating in the Plan during the fiscal year 2000.

James H. Fuller President and Chief Operating Officer	150,000	3.69

FEDERAL INCOME TAX CONSEQUENCES

The following is a brief summary of the effect of federal income taxation upon the participant and us under the Plan based upon the Internal Revenue Code. This summary is not intended to be complete and does not discuss the income tax laws of any municipality, state or country outside of the United States. It is advisable that a participant contact his or her own qualified tax advisor concerning the application of tax laws.

If an option granted under the Plan is an incentive stock option, the optionee will recognize no taxable income upon grant or exercise of the incentive stock option unless the alternative minimum tax rules apply. Upon the resale or exchange of the shares any gain (or loss) will be taxed to the optionee as ordinary income (or loss) or capital gain (or loss), depending on how long the optionee has held the stock.

All options that do not qualify as incentive stock options are taxed as non-qualified stock options. An optionee will not recognize any taxable income at the time of grant of a non-qualified stock option. However, upon the exercise of a non-qualified stock option, the optionee will generally recognize ordinary income for federal income tax purposes measured by the excess, if any, of the then fair market value of the shares over the exercise price. The ordinary income recognized upon exercise of a non-qualified stock option by an optionee who is also one of our employees will be treated as wages for tax purposes and will be subject to tax withholding out of the current compensation, if any, paid to the optionee. Upon resale of such shares by the optionee, any difference between the sale price and fair market value on the date of exercise will be treated as capital gain (or loss).

Edgar Filing: HESKA CORP - Form DEFA14A

We will be entitled to a tax deduction in the same amount as the ordinary income, if any, recognized by the optionee (i) upon exercise of a non-qualified stock option and (ii) upon the sale of shares acquired by exercise of an incentive stock option in a disqualifying disposition. We will not be allowed a deduction for federal income tax purposes as a result of the exercise of an incentive stock option, regardless of the applicability of the alternative minimum tax.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO AMEND THE 1997 STOCK INCENTIVE PLAN.

STOCKHOLDER PROPOSALS FOR THE 2002 ANNUAL MEETING

Proposals of stockholders submitted pursuant to Rule 14a-8 under the Securities and Exchange Act of 1934, as amended and intended to be presented for consideration at our 2002 Annual Meeting of Stockholders must be received by us not later than November 30, 2001 in order to be considered for inclusion in our proxy materials for that meeting.

The Company's Bylaws also establish an advance notice procedure with respect to certain stockholder proposals and director nominations. In the event a stockholder wishes to nominate a candidate for election as a director, or wishes to propose any other matter for consideration at the Annual Meeting, other than proposals to be included in the Proxy Statement, written notice of such intent to make such nomination or propose such action must be given to the Secretary of the Company pursuant to certain procedures set forth in the Company's Bylaws, a copy of which is available upon request from the Secretary of the Company. These procedures provide, among other things, that such shareholder's written notice of intent must be delivered to the Secretary of the Company not less than 60 days nor more than 90 days prior to the scheduled meeting date; unless less than 70 days prior notice or public disclosure of the date of the meeting is given or made by the Company, in which event such notice of intent must be received not later than the earlier (i) of the 10th day following the date on which notice of the meeting was mailed or such public disclosure made or (ii) two (2) days prior to the date of the scheduled meeting. Any such notice must contain certain specified information concerning the proposed matter and the stockholder submitting the proposed matter, all as set forth in the Bylaws. The chairman of the Annual Meeting may refuse to acknowledge the nomination of any person or the request for such other action not made in compliance with the foregoing procedures. If the foregoing procedures are not followed and such nomination or other request for action is nonetheless permitted, the proxy holders appointed by the Company herein shall have discretionary voting authority with respect to such matters at the Annual Meeting.

OTHER MATTERS

We are not aware of any other business that will be presented at the Annual Meeting. If any other business is properly brought before the Annual Meeting, it is intended that proxies will be voted in accordance with the judgment of the persons voting the proxies.

Whether or not you plan to attend the meeting, please vote by Internet or mark, sign, date and promptly return the enclosed proxy card in the enclosed envelope. No postage is required for mailing in the United States.

By Order of the Board of Directors.
