PROSPECTUS SUMMARY

This summary highlights some information from this Prospectus. It does not contain all of the information that you should consider before investing in the ATP Series C. To understand the Offering fully, you should read the more detailed information contained in this Prospectus and the Statement of Additional Information, especially information set forth under the heading "Risk Factors and Special Considerations."

THE FUND; INVESTMENT OBJECTIVE AND POLICIES

The Fund is a diversified, closed-end management investment company, organized as a Maryland corporation in 1987 and registered under the 1940 Act, with a leveraged capital structure. As of September 30, 2003, the Fund had outstanding 93,528,394 shares of Common Stock, and 4,000 Outstanding shares of Preferred Stock of which 1,400 are classified as ATP Series A, 1,000 are classified as ATP Series B, 600 are classified as ATP Series C and 1,000 are classified as ATP Series D. The Fund's investment objective is to provide high current income, while seeking to preserve stockholders' capital, through investment in a professionally managed, diversified portfolio of "high-yield" fixed-income securities, commonly known as "junk bonds." The Fund will generally invest in securities that are rated below investment grade by recognized rating agencies or that are non-rated. Securities rated below investment grade are considered by rating agencies, on balance, as predominantly speculative with respect to their capacity to pay interest and repay principal in accordance with the terms of the obligation and thus are generally considered to involve greater credit risk than securities in the higher-rating categories. The market values of the lower-quality securities tend to reflect individual corporate developments or negative economic changes to a greater extent than higher-quality securities. Credit ratings do not reflect this market risk. An investment in the Fund involves a number of significant risks, which are magnified due to the Fund's leveraged capital structure. No assurance can be given that the Fund will achieve its investment objective. See "The Fund," "Investment Objective and Policies," and "Risk Factors and Special Considerations."

The Fund has had a leveraged capital structure since it began operation. The Fund is subject to various portfolio diversification and related asset coverage requirements under guidelines established by Moody's and Fitch in connection with such rating agencies' issuance of ratings of Aaa and AAA, respectively, with respect to the Fund's ATP. Compliance with these guidelines limits the Fund's flexibility to invest in certain types of securities that might otherwise be attractive investments, including private placements. See "Rating Agency Guidelines," "Investment Objective and Policies" and "Risk Factors and Special Considerations."

THE OFFERING

The Fund is offering an aggregate of 1,200 newly issued shares of ATP Series C, \$1.00 par value, at a price of \$25,000 per share plus accumulated dividends, if any. Except for the Date of Original Issue, the initial Dividend Period, the initial Dividend Payment Date and the Applicable Rate for the initial Dividend Period, the terms of the newly issued shares of ATP Series C are the same as the terms of the Fund's currently Outstanding shares of ATP

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Series C. The shares offered by this Prospectus represent additional shares of the Fund's existing ATP Series C, rather than a separate series or class of the ATP. Unless otherwise indicated, references to the ATP in this Prospectus are to the ATP Series A, ATP Series B, ATP Series C and ATP Series D. 1,200 shares of ATP Series C are being offered by the Underwriter. Lehman has agreed, subject to the terms and conditions of the Underwriting Agreement with the Fund and the Investment Adviser, to purchase from the Fund all of the shares of ATP Series C offered hereby. See "Underwriting."

RISK FACTORS

An investment in the Fund involves certain risks. Before investing in the new shares of ATP Series C pursuant to the Offering, you should consider all of the risk factors described in the "Risk Factors and Special Considerations" section of this Prospectus. These factors include the risks involved in investing in ATP (including

3

auction risk, secondary market risk, ratings and asset coverage risk, inflation risk, indebtedness risk and leverage), payment restrictions, the risks associated with swap arrangements, the risks associated with investing in private placement securities and other general risks of investing in the Fund.

TRADING MARKET

The shares of ATP Series C being offered by this Prospectus will not be listed on an exchange. Instead, you may buy or sell the ATP at an Auction that generally is held every 28 days by submitting to a Broker-Dealer by telephone or otherwise a Hold Order, a Hold/Sell Order or a Sell Order and the Broker-Dealer will contact Potential Holders to determine the Buy Orders, if any, to be made by such Potential Holders. The first Auction Date for the ATP Series C will be October 20, 2003. See "Auction Procedures."

The Underwriter has indicated that it intends to make a secondary trading market in the ATP Series C as permitted by applicable laws and regulations. However, the Underwriter is not obligated to make a market in the ATP between Auctions and such market making may be discontinued at any time at the Underwriter's sole discretion. See "Risk Factors and Special Considerations -- Risks of Investing in ATP." If developed, there is no assurance that a secondary market will provide stockholders with liquidity or that the trading price in any secondary market would be \$25,000.

You may transfer shares of the ATP outside of an Auction only through a Broker-Dealer, to a person that has delivered a signed Master Purchaser's Letter to the Auction Agent or to the Fund. Lehman will act in Auctions for the ATP Series C as a Broker-Dealer and will be entitled to fees for services as a Broker-Dealer as set forth under "Auction Procedures -- Broker-Dealers; Commissions."

DIVIDENDS AND DIVIDEND PERIODS

"Dividend Periods" are periods of time established by the Fund for each series of the ATP during which dividends will accrue at a determined rate. After the Date of Original Issue, each Dividend Period will be either a "Standard Term Period" (a Dividend Period of 28 days, unless such 28th day is not a Business Day, then the number of days ending on the Business Day next preceding such 28th day) or, subject to certain conditions and with notice to the holders of shares, an "Alternate Term Period" (a period longer or shorter than 28 days and having such durations as the Board of Directors shall specify).

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Dividends on the newly issued shares of ATP Series C will accumulate at the Applicable Rate per annum from the Date of Original Issue and will be payable, when, and if declared by the Board of Directors of the Fund out of funds legally available therefor, commencing on October 21, 2003. Thereafter, dividends will accumulate at the Applicable Rate determined from an Auction of the newly issued ATP Series C together with all existing shares of ATP Series C. The initial Dividend Period for the newly issued shares of ATP Series C will be four days at a dividend rate of 1.15% per annum. As noted above, subsequent Dividend Periods generally will be 28 days.

LIQUIDATION PREFERENCE

The liquidation preference for the newly issued shares of ATP Series C will be \$25,000 per share plus accumulated and unpaid dividends, if any. See "Description of ATP -- Liquidation Preference."

REDEMPTION

If certain conditions are met, the Fund has the option to redeem some or all outstanding shares of ATP at a redemption price per share equal to their Liquidation Value per share, plus accumulated and unpaid dividends (plus in the case of a Dividend Period of one year or more, a redemption premium as may be determined by the

4

Board of Directors). For a discussion of these conditions, as well as the method the Fund will use to determine the redemption price, see "Description of ATP -- Optional Redemption."

In addition, if the Fund fails to maintain the Aaa/AAA Credit Rating for the ATP or, on any Valuation Date or the last Business Day of any month, the Fund fails to meet the ATP Basic Maintenance Amount or the 1940 Act ATP Asset Coverage, the Fund is required to redeem shares of ATP. For a further description of these circumstances and the method the Fund will use to determine the shares it must redeem and the redemption price for the shares, see "Description of ATP -- Mandatory Redemption."

RATINGS

It is a condition of the Underwriter's obligation to purchase the newly issued shares of ATP Series C that they will be rated Aaa by Moody's and AAA by Fitch. See "Description of ATP -- Ratings." These ratings are an assessment of the capacity and willingness of an issuer to pay preferred stock obligations. The rating on the ATP is not a recommendation to purchase, hold or sell those shares inasmuch as the rating does not comment as to market price or suitability for a particular investor.

THE INVESTMENT ADVISER

T. Rowe Price was selected by the Fund's Board of Directors to serve as the Fund's investment adviser and has served as the investment adviser since December 2, 2002, pursuant to an investment advisory agreement dated as of that date. T. Rowe Price's principal offices are located at 100 East Pratt Street, Baltimore, Maryland 21202, and its telephone number is (410) 345-2000. As of June 30, 2003, T. Rowe Price and its affiliates managed approximately \$161.2 billion of assets, including approximately \$52.3 billion of fixed-income securities. "High-yield" investments represented approximately \$8.7 billion of these totals. T. Rowe Price has provided investment advisory services to investment companies since 1937. T. Rowe Price is not affiliated with the Fund's officers or its Board of Directors. See "Management of the Fund."

The information has been derived from the Fund's financial statements which have been audited by KPMG LLP, the Fund's current independent public accountants, for the fiscal year ended December 31, 2002, and by Arthur Andersen LLP, the Fund's former independent public accountants, for the fiscal years ended December 31, 2001, 2000, 1999, 1998, 1997, 1996, 1995, 1994 and 1993 as indicated in their respective reports thereto included with the Fund's audited financial statements. The information for the period commencing January 1, 2003 and concluding June 30, 2003 is unaudited. In connection with its initial public offering in February 1988, the Fund issued senior securities consisting of \$105 million aggregate principal amount of 9% Senior Extendible Notes ("Notes") and \$79 million (aggregate liquidation preference) of Taxable Auction Rate Preferred Stock ("TARPS"), the dividends on which were set in monthly auctions with reference to short-term interest rates. The Fund subsequently repurchased substantial amounts of these securities and by December 31, 1992 had \$45.5 million aggregate principal amount of Notes and \$35 million (aggregate liquidation preference) of TARPS outstanding. The Notes were refinanced in January 1993 with the proceeds of a credit facility from BankBoston, N.A. (the "Credit Facility") in the aggregate principal amount of \$45 million. The Credit Facility was repaid and the outstanding TARPS were redeemed in January 1994 with the proceeds from an offering of two series of newly authorized ATP having an aggregate liquidation preference of \$100 million plus accumulated and unpaid dividends. In May 1997 and in May 1998, two additional series of newly authorized ATP, with an aggregate liquidation preference of \$50 and \$60 million, respectively, plus accumulated and unpaid dividends were issued. See "Description of ATP" and "Financial Statements" in the Statement of Additional Information. In connection with maintaining asset coverage requirements for the ATP, the Fund repurchased \$50 million, \$10 million, and \$50 million of the ATP in fiscal years 2002, 2001, and 2000, respectively.

THE FUND

The Fund is a diversified, closed-end management investment company with a leveraged capital structure organized as a corporation under the laws of Maryland. T. Rowe Price currently serves as the Fund's investment adviser. The Fund's investment objective is to provide high current income, while seeking to preserve stockholders' capital, through investment in a professionally managed, diversified portfolio of "high-yield" fixed-income securities, commonly known as "junk bonds."

The Fund invests primarily in "high-yield" fixed-income securities rated in the lower categories by established rating agencies, consisting principally of fixed-income securities rated BB or lower by S&P or Ba or lower by Moody's, and, subject to applicable rating agency guidelines (see "Rating Agency Guidelines"), non-rated securities deemed by the Investment Adviser to be of comparable quality. See "Investment Objective and Policies." No assurance can be given that the Fund will achieve its investment objective. See "Risk Factors and Special Considerations." The fixed-income securities in which the Fund invests are regarded by the rating agencies, on balance, as predominately speculative with respect to capacity to pay interest and repay principal in accordance with the terms of the obligation. Such securities may also be subject to greater market price fluctuations than lower-yielding, higher-rated debt securities; credit ratings do not reflect this market risk.

On July 21, 2003, the Fund issued to the holders of its Common Stock, transferable rights (the "Rights") to purchase additional shares of Common Stock. As a result of the Rights Offering, 23,397,095 shares of Common Stock were issued on August 22, 2003, resulting in gross proceeds to the Fund of \$42,348,741.95. As of September 30, 2003, the Fund had total assets of \$308,898,933 and total net assets applicable to Common Stock (aggregate assets less senior securities and Fund liabilities) of \$195,951,716. After giving effect to such issuance

12

of Common Stock, the Fund's capital structure included 93,528,394 shares of Common Stock, 1,400 shares of ATP Series A, 1,000 shares of ATP Series B, 600 shares of ATP Series C and 1,000 shares of ATP Series D.

Effective October 1, 2001, the Fund has entered into a five-year interest payment swap arrangement (the "Swap Arrangement") with Fleet National Bank ("Fleet"). Pursuant to the Swap Arrangement, the Fund makes payments to Fleet on a monthly basis at a fixed annual rate of 4.50%, computed on a notional contract amount of \$100 million. In exchange for such payments, Fleet makes payments to the Fund on a monthly basis at a variable rate determined with reference to the level of short-term interest rates from time to time. The aggregate effect of this Swap Arrangement is to hedge the Fund's dividend payment obligations with respect to \$100 million of the ATP, 100% of the ATP Outstanding as of September 30, 2003. See "Investment Objective and Policies" and "Description of ATP -- Dividends and Dividend Periods." After giving effect to the issuance of the new shares of ATP Series C, the Swap Arrangement will hedge the Fund's dividend obligations with respect to 77% of the ATP then Outstanding. The Fund makes dividend payments to the holders of the ATP based on the results of

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

periodic Auctions without regard to the Swap Arrangement. In the event that the Fund fails to satisfy certain asset coverage requirements that give rise to a mandatory redemption of the ATP, the Fund has agreed with Moody's and Fitch that it will terminate the Swap Arrangement to the extent the notional amount of the Swap Arrangement following such redemption would exceed the aggregate liquidation preference of the ATP that would remain Outstanding following such redemption, or in such greater amount as the Fund may determine, subject to deferral to the extent the value of the Swap Arrangement then exceeds a specified benchmark. In light of the proposed increase in the Fund's Outstanding ATP, the Fund will consider adjustments in the Swap Arrangement. The timing and amount of any such adjustment will depend upon market conditions.

The Fund is registered under the 1940 Act and was organized as a corporation under the laws of the State of Maryland on November 19, 1987. The Fund's address is 33 Broad Street, Boston, Massachusetts 02109, and its telephone number is (617) 263-6400. The Investment Adviser's address is 100 East Pratt Street, Baltimore, Maryland 21202, and its telephone number is (410) 345-2000.

USE OF PROCEEDS

The Fund anticipates investing substantially all of the net proceeds from the Offering in accordance with the Fund's investment objective and policies described below. See "Investment Objective and Policies." The net proceeds from the sale of the newly issued shares of ATP Series C offered hereby are estimated to be approximately \$29,401,573 (after deducting sales load and estimated offering expenses of approximately \$598,427). The Fund currently anticipates that investment of such net proceeds in accordance with the Fund's investment objective and policies will take up to eight weeks from their receipt by the Fund, depending on market conditions and the availability of appropriate securities, but in no event will such investment take longer than six months. Pending such investment in accordance with the Fund's investment objective and policies, the proceeds will be held in high-quality, short-term money market instruments.

DESCRIPTION OF ATP

GENERAL

The following is a brief description of the terms of the ATP. This description does not purport to be complete and is subject to qualification in its entirety by reference to the Articles which establish and fix the rights and preferences of the newly issued shares of ATP Series C. A copy of the Articles, including a form of the Articles Supplementary establishing the newly issued ATP Series C, are filed as exhibits and are incorporated by reference to the Registration Statement of which this Prospectus is a part and may be inspected and copies thereof may be obtained as described under "Additional Information."

13

Pursuant to the Articles, the Fund is authorized to issue 1,000,000 shares of Preferred Stock in one or more series. The Fund previously issued 1,200 shares of ATP Series A and 800 shares of ATP Series B in January 1994 (which subsequently increased to 2,400 shares of ATP Series A and 1,600 shares of ATP Series B pursuant to a stock split), 2,000 shares of ATP Series C in May 1997 and 2,400 shares of ATP Series D in May 1998. In connection with maintaining asset coverage requirements for the ATP, the Fund repurchased \$50 million, \$10 million, and \$50 million of the ATP in fiscal years 2002, 2001, and 2000, respectively. The Fund is offering an additional 1,200 shares of ATP Series C at a price per share of \$25,000 plus accumulated dividends thereon, if any. At September 30, 2003, there were 4,000 Outstanding shares of Preferred Stock of

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

which 1,400 are classified as ATP Series A, 1,000 are classified as ATP Series B, 600 are classified as ATP Series C and 1,000 are classified as ATP Series D.

The Liquidation Value is currently \$25,000 with respect to the ATP Series A, Series B, Series C and Series D.

DIVIDENDS AND DIVIDEND PERIODS

With respect to the newly issued shares of ATP Series C, the initial Applicable Rate and the first Auction Date for the initial Dividend Period will be as set forth on the inside cover page of this Prospectus. For each subsequent Dividend Period, subject to certain exceptions, the dividend rate will be the Applicable Rate that the Auction Agent advises the Fund has resulted from an Auction. See "Description of ATP -- Dividends and Dividend Periods" in the Statement of Additional Information. During the Standard Term Period for ATP, Series A (September 30, 2003 to October 27, 2003), Series B (September 16, 2003 to October 13, 2003), Series C (September 23, 2003 to October 20, 2003), and Series D (September 9, 2003 to October 6, 2003), dividends were paid at an annual rate of 1.15%, 1.12%, 1.15% and 1.12%, respectively. The annual return on the Fund's portfolio needed to cover dividend payments on the ATP at the current rate is 0.39% calculated as of September 30, 2003. The annual return on the Fund's portfolio needed to cover total leverage related expenses is 1.62% calculated as of September 30, 2003.

The initial Dividend Period for the newly issued shares of ATP Series C shall be four days. Dividend Periods after the initial Dividend Period shall be either Standard Term Periods or, subject to certain conditions and with notice to holders, Alternate Term Periods (periods longer or shorter than 28 days and having such duration as the Board of Directors shall specify). An Alternate Term Period will not be effective unless, among other things, Sufficient Clearing Orders exist at the Auction in respect of such Alternate Term Period (that is, in general, the number of shares of ATP subject to Buy Orders by Potential Holders is at least equal to the number of shares subject to Sell Orders by Existing Holders). If Sufficient Clearing Orders do not exist at any Auction in respect of an Alternate Term Period, the Dividend Period commencing on the Business Day succeeding such Auction will be a Standard Term Period and the holders of the shares of the affected series will be required to continue to hold such shares for such Standard Term Period.

Dividends will accumulate at the Applicable Rate from the Date of Original Issue and shall be payable on each Dividend Payment Date thereafter. For Dividend Periods of one year or less, Dividend Payment Dates shall occur on the Business Day next succeeding the last day of such Dividend Period and, if any, on the 91st, 181st and 271st days thereof. For Dividend Periods of more than one year, Dividend Payment Dates shall occur on a quarterly basis on each January 1, April 1, July 1 and October 1 within such Dividend Period and on the Business Day following the last day of such Dividend Period. Dividends will be paid through the Securities Depository (the Depository Trust Company or a successor securities depository) on each Dividend Payment Date. See "Description of ATP -- Dividends and Dividend Periods" in the Statement of Additional Information. The Securities Depository's current procedures provide for it to distribute dividends in same-day funds to Agent Members who are in turn expected to distribute such dividends to the persons for whom they are acting as agents.

Except during a Default Period as described below, the Applicable Rate resulting from an Auction will not be greater than the Maximum Applicable Rate, which is equal to 150% of the applicable AA Composite Commercial Paper Rate (for a Dividend Period of fewer than 184 days) or the applicable Treasury Index Rate (for a Dividend

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Period of 184 days or more, (each, a "Reference Rate")), in each case subject to upward but not downward adjustment in the discretion of the Board of Directors after consultation with the Broker-Dealers, provided that immediately following any such increase the Fund would be in compliance with the ATP Basic Maintenance Amount.

The Maximum Applicable Rate for the shares of ATP will apply automatically following an Auction for such shares in which Sufficient Clearing Orders have not been made (other than because all shares of ATP were the subject of Submitted Hold Orders) or following the failure to hold an Auction for any reason on the Auction Date scheduled to occur (except for circumstances in which the dividend rate is the Default Rate, as described below).

While any shares of ATP are Outstanding, the Fund generally may not (subject to certain exceptions) declare, pay or set apart for payment any dividend or other distribution in respect to Common Stock or any other shares of the Fund ranking junior to or on a parity with the ATP as to dividends or upon liquidation, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Stock or any other such junior shares or any such parity shares unless certain conditions have been satisfied. These conditions include the following: (i) immediately thereafter the Fund would have Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount and the 1940 Act ATP Asset Coverage would be achieved, (ii) full cumulative dividends on the ATP due on or prior to the date of the transaction have been declared and paid, and (iii) the Fund has redeemed the full number of shares of ATP required to be redeemed by any provision for mandatory redemption contained in the Articles. See "Description of ATP -- Dividends and Dividend Periods" in the Statement of Additional Information.

DEFAULT PERIOD

A Default Period will commence if the Fund fails to (i) declare in a timely manner the full amount of any dividend due on any Dividend Payment Date, (ii) pay in a timely manner to the Auction Agent the full amount of any dividends due on the ATP or the redemption price for any shares of ATP called for redemption, and such failure is not cured in a timely manner, or (iii) maintain the Aaa/AAA Credit Rating unless such failure is cured by the Dividend Payment Date next following the date of such failure. The Applicable Rate for a Default Period, including any Dividend Period commencing during a Default Period, will be the Default Rate. The Default Rate is the Reference Rate multiplied by three. Holders of two-thirds of the Outstanding shares of ATP, acting collectively, or the ATP Series C, acting as a separate series, may waive any dividend default, redemption default or rating default.

The Minimum Applicable Rate will apply automatically following an Auction in respect of a Dividend Period of 93 days or fewer in which all of the Outstanding shares are subject to (or are deemed to be subject to) Submitted Hold Orders. The Minimum Applicable Rate is 80% of the applicable AA Composite Commercial Paper Rate. No minimum rate is specified for Auctions in respect of Dividend Periods of more than 93 days.

Prior to each Auction, Broker-Dealers will notify holders of the ATP of the term of the next succeeding Dividend Period as soon as practicable after the Broker-Dealers have been so advised by the Fund. After each Auction, on the Auction Date, Broker-Dealers will notify holders of the Applicable Rate for the next succeeding Dividend Period and of the Auction Date of the next succeeding Auction.

The Fund may enter into transactions such as swaps, caps, collars and floors with the purpose of hedging its dividend payment obligations with respect to the ATP. See "The Fund" and "Investment Objective and Policies -- Certain

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Investment Practices" in the Statement of Additional Information.

NOTIFICATION OF DIVIDEND PERIOD

The Fund will designate the duration of Dividend Periods of ATP Series C; provided, however, that no such designation is necessary for a Standard Term Period and such designation shall be effective only if (i) notice thereof shall have been given as provided herein, (ii) any failure to pay in a timely manner to the Auction Agent the full

15

amount of any dividend on, or the redemption price of, the ATP shall have been cured as set forth above, (iii) Sufficient Clearing Orders shall have existed in the Auction held on the Auction Date immediately preceding the first day of any proposed Alternate Term Period, (iv) if the Fund shall have mailed a notice of redemption with respect to any shares, as described under "Description of ATP -- Redemption" in the Statement of Additional Information, the Redemption Price with respect to such shares shall have been deposited with the Paying Agent, and (v) the Fund has confirmed that as of the Auction Date next preceding the first day of such Alternate Term Period, it has Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount, and has consulted with the Broker-Dealers and has provided notice and an ATP Basic Maintenance Certificate to Moody's (if Moody's is then rating the ATP), Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and so requires.

If the Fund proposes to designate any Alternate Term Period following the Date of Original Issue, generally not less than three Business Days nor more than 30 days prior to the first day of such Alternate Term Period, notice shall be (A) made by press release and (B) communicated by the Fund by telephonic or other means to the Auction Agent and confirmed in writing promptly thereafter. Each such notice shall state (x) that the Fund proposes to exercise its option to designate a succeeding Alternate Term Period, specifying the first and last days thereof and (y) that the Fund will by 3:00 p.m., New York City time, on the second Business Day next preceding the first day of such Alternate Term Period, notify the Auction Agent, who will promptly notify the Broker-Dealers, of either (X) its determination, subject to certain conditions, to proceed with such Alternate Term Period, subject to the terms of any Specific Redemption Provisions, or (Y) its determination not to proceed with such Alternate Term Period, in which latter event the succeeding Dividend Period shall be a Standard Term Period.

No later than 3:00 p.m., New York City time, on the second Business Day next preceding the first day of any proposed Alternate Term Period, the Fund shall deliver to the Auction Agent, who will promptly deliver to the Broker-Dealers and Existing Holders, either:

- (i) a notice stating that (A) the Fund has determined to designate the next succeeding Dividend Period as an Alternate Term Period, specifying the first and last days thereof and (B) the terms of any Specific Redemption Provisions; or
- (ii) a notice stating that the Fund has determined not to exercise its option to designate an Alternate Term Period.

If the Fund fails to deliver either such notice with respect to any designation of any proposed Alternate Term Period to the Auction Agent or is unable to make the confirmation pursuant to clause (v) above by 3:00 p.m., New York City time, on the second Business Day next preceding the first day of such proposed Alternate Term Period, the Fund shall be deemed to have delivered

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

a notice to the Auction Agent with respect to such Dividend Period to the effect set forth in clause (ii) above, thereby resulting in a Standard Term Period.

Notwithstanding the foregoing, the Fund may designate the succeeding Dividend Period as an Alternate Term Period on the second Business Day next preceding the first day of such succeeding Dividend Period by giving notice as contemplated by clause (i) above and by issuing a press release containing the information in such notice.

If the Fund is unable to make the confirmation pursuant to clause (v) above by 3:00 p.m., New York City time, on the second Business Day next preceding the first day of such Alternate Term Period, the Fund shall deliver a notice to the Auction Agent that the Fund has been unable to make such confirmation and that such Dividend Period will be a Standard Term Period.

16

MANDATORY REDEMPTION

If the Fund fails to maintain, as of any Valuation Date, Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount, or as of the last Business Day of any month, the 1940 Act ATP Asset Coverage, and such failure is not cured within two Business Days following such Valuation Date in the case of a failure to maintain the ATP Basic Maintenance Amount as of such Valuation Date or the last Business Day of the following month in the case of a failure to maintain 1940 Act ATP Asset Coverage as of such last Business Day, the ATP will be subject to mandatory redemption out of funds legally available therefor to the extent necessary to result in the Fund having sufficient Eligible Assets or to restore the 1940 Act ATP Asset Coverage, as the case may be. If the Fund at any time fails to maintain the Aaa/AAA Credit Rating and the Fund is unable to restore the Aaa/AAA Credit Rating within 90 calendar days thereafter, all shares of ATP will be subject to mandatory redemption out of funds legally available therefor. To maintain the Aaa/AAA Credit Rating, the Fund must maintain a rating for the ATP in the highest rating category from any two nationally recognized statistical rating organizations (as used in the rules and regulations of the Exchange Act), one of which must be Moody's or S&P. The ATP will be rated by Moody's and Fitch on the Date of Original Issue, although the Fund reserves the right to obtain a rating or ratings from additional and/or substitute rating agencies, subject to the preceding sentence.

The redemption price in the event of a mandatory redemption of a share of ATP will be the Liquidation Value of such share, plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to the date fixed for redemption plus (in the case of a Dividend Period of not less than one year only) any redemption premium specified in any Specific Redemption Provisions. In the event any mandatory redemption is required, the particular shares to be redeemed shall be selected by the Fund by lot, on a pro rata basis between each series or by such other method as the Fund shall deem fair and equitable, subject to the terms of any Specific Redemption Provisions. The Fund's ability to make a mandatory redemption may be limited by the provisions of the 1940 Act or Maryland law. See "Description of ATP -- Redemption" in the Statement of Additional Information. Shares of ATP may be subject to mandatory redemption in accordance with the foregoing mandatory redemption provisions notwithstanding the terms of any Specific Redemption Provisions.

OPTIONAL REDEMPTION

To the extent permitted under the 1940 Act and Maryland Law, the Fund at

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

its option may redeem shares of ATP having a Dividend Period of less than one year, in whole or in part, on the Business Day after the last day of such Dividend Period upon not less than 15 days and not more than 40 days' prior notice. The optional redemption price per share shall be the Liquidation Value, plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to the date fixed for redemption. Shares of ATP having a Dividend Period of more than one year may be redeemable at the option of the Fund prior to the end of the relevant Dividend Period, subject to any Specific Redemption Provisions, which may include the payment of redemption premiums to the extent required under any applicable Specific Redemption Provisions. The Fund shall not effect any optional redemption unless after giving effect thereto the Fund would have Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount. See "Description of ATP -- Redemption" in the Statement of Additional Information.

The Fund also reserves the right to repurchase ATP in market or other transactions from time to time in accordance with applicable law and at a price that may be more or less than the applicable Liquidation Value, but is under no obligation to do so.

RATINGS

It is a condition of the Underwriter's obligation to purchase the newly issued shares of ATP Series C offered in the Offering that the Fund obtain the Aaa/AAA Credit Rating

17

from Moody's and Fitch for the newly issued shares of ATP Series C on the Date of Original Issue. While there is no assurance that the Aaa/AAA Credit Rating with respect to the newly issued shares of ATP Series C will not be changed, suspended or withdrawn, the Fund will endeavor to maintain such rating and any failure to maintain such rating would, subject to cure and certain exceptions, result in mandatory redemption of the ATP. See "Mandatory Redemption" above. While the Fund does not presently intend to seek a rating from a rating agency other than Moody's and Fitch, it reserves the right to do so.

ASSET MAINTENANCE

Under the Fund's Articles, the Fund must maintain (i) as of each Valuation Date, Eligible Assets having, in the aggregate, a Discounted Value at least equal to the ATP Basic Maintenance Amount, and (ii) as of the last Business Day of each month, 1940 Act ATP Asset Coverage of at least 200%. See "Description of ATP -- Asset-Maintenance" in the Statement of Additional Information.

The Discount Factors and guidelines for calculating the Discounted Value of the Fund's portfolio for purposes of determining whether the ATP Basic Maintenance Amount has been satisfied have been established by Moody's and Fitch in connection with the Fund's receipt from Moody's and Fitch of the Aaa/AAA Credit Rating with respect to the newly issued shares of ATP Series C on their Date of Original Issue. See "Rating Agency Guidelines" in the Statement of Additional Information. Additional Discount Factors and guidelines for calculating the discounted value of investment company portfolios have been established by other rating agencies, such as S&P. Such guidelines, which are similar but not identical to those established by Moody's and Fitch, as well as various other covenants and tests such as liquidity tests, would apply in the event the Fund determined to seek (and was successful in obtaining) a rating from one or more of such agencies with respect to the ATP.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

The Fund estimates that on the Date of Original Issue of the newly issued shares of ATP Series C, based on the composition of its portfolio as of September 30, 2003, the 1940 Act ATP Asset Coverage, after giving effect to the issuance of the new shares of ATP Series C (\$30 million), and the deduction of sales load and estimated offering expenses for such shares (\$598,427), will be 250%.

LIQUIDATION PREFERENCE

Upon a liquidation of the Fund, whether voluntary or involuntary, the holders of ATP then Outstanding will be entitled to receive and to be paid out of the assets of the Fund available for distribution to its stockholders, before any payment or distribution shall be made on the Common Stock or on any other class of shares ranking junior to the ATP upon liquidation, an amount equal to the liquidation preference with respect to the ATP. The liquidation preference shall be Liquidation Value plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to the date payment of such distribution is made in full or a sum sufficient for the payment thereof is set apart with the Paying Agent; no redemption premium shall be paid upon any liquidation even if such redemption premium would be paid upon optional or mandatory redemption of the relevant shares. After the payment to the holders of ATP of the full preferential amounts provided for as described herein, the holders of ATP as such shall have no right or claim to any of the remaining assets of the Fund. See "Description of ATP -- Liquidation" in the Statement of Additional Information.

Neither a consolidation or merger of the Fund with or into any other company or companies, nor a sale, lease or exchange of all or substantially all of the assets of the Fund in consideration for the issuance of equity securities of another company (unless there is a material adverse affect on any designation, right, preference or limitation of the ATP or any shares issuable in exchange for shares of ATP in any such consolidation or merger), will be deemed to be a liquidation, whether voluntary or involuntary, for the purposes of the foregoing paragraph.

18

VOTING RIGHTS

Except as otherwise indicated herein or as otherwise required by applicable law, holders of the ATP will have equal voting rights with holders of Common Stock (one vote per share) and will vote together with holders of Common Stock as a single class. The 1940 Act requires that the holders of shares of ATP, voting as a separate class, have the right to elect at least two directors at all times and to elect a majority of the directors at any time two years' dividends on any shares of ATP are unpaid. The holders of shares of ATP will vote as a separate class on certain other matters as required under the Articles or applicable law. In addition, to the extent permitted by the 1940 Act, each series of ATP may vote as a separate series in certain circumstances. See "Management of the Fund -- Board of Directors" and "Description of ATP -- Voting Rights" in the Statement of Additional Information.

AUCTION PROCEDURES

DIVIDEND RATES AND AUCTION DATES

The dividend rate for each Dividend Period will be determined on the Auction Date in respect of such Dividend Period. If Sufficient Clearing Orders exist for an Auction, the dividend rate for the ensuing Dividend Period will be the Winning Rate, or, if all shares in an Auction are the subject of Submitted

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Hold Orders in respect of a Dividend Period of 93 days or fewer, the Minimum Applicable Rate. If Sufficient Clearing Orders do not exist for any Auction, the ensuing Dividend Period will be a Standard Term Period and the dividend rate for that Dividend Period will be the Maximum Applicable Rate. Except in the case of a default as described above or where all shares of the ATP are subject to Submitted Hold Orders, if there is no Auction on any Auction Date, the next Dividend Period will be a Standard Term Period, and the dividend rate will be the Maximum Applicable Rate that could have resulted from an Auction in respect of a Standard Term Period on such Auction Date. The Fund is obligated to exercise its best efforts to maintain an Auction Agent.

ORDERS BY EXISTING HOLDERS AND POTENTIAL HOLDERS

On or prior to each Auction Date and prior to the Submission Deadline (initially 1:00 p.m., New York City time), each Existing Holder, with respect to shares it then holds, may submit to a Broker-Dealer by telephone or otherwise a Hold Order, a Hold/Sell Order or a Sell Order and each Broker-Dealer will contact Potential Holders to determine the Buy Orders, if any, to be made by such Potential Holders.

SUBMISSION OF ORDERS TO AUCTION AGENT

Each Order must be submitted in writing by a Broker-Dealer to the Auction Agent prior to the Submission Deadline on each Auction Date for the Auction to be conducted on such Auction Date and must specify (A) the aggregate number of shares that are the subject of such Order, (B) to the extent that such Orders are placed by an Existing Holder, the number of shares, if any, subject to any Hold Order, Hold/Sell Order or Sell Order, and (C) the rate, if any, specified in each Order.

If any rate specified in any Order contains more than three figures to the right of the decimal point, the Auction Agent will round such rate up to the next higher one thousandth of 1%.

Only in the case of an Auction preceding a Dividend Period of 93 days or fewer and following a Dividend Period of 93 days or fewer, if an Order or Orders covering all shares held by any Existing Holder are not submitted to the Auction Agent by the Submission Deadline, the Auction Agent will deem a Hold Order to have been submitted on behalf of such Existing Holder covering the number of shares held by such Existing Holder and not subject to Orders submitted to the Auction Agent. In the case of all other Auctions, if a Hold/Sell or Sell Order or Orders covering all shares held by any Existing Holder are not submitted to the Auction Agent by the Submission Deadline, the Auction Agent will deem a Sell Order to have been submitted on behalf of such

19

Existing Holder covering the number of shares held by such Existing Holder and not subject to Orders submitted to the Auction Agent.

If one or more Orders covering in the aggregate more than the number of shares of ATP held by an Existing Holder are submitted to the Auction Agent, such Orders will be valid in accordance with the Validity Procedures.

If more than one Order is submitted on behalf of any Existing Holder or Potential Holder, each Order submitted will be a separate Order.

In the case of any Dividend Period of 93 days or fewer, if any rate specified in any Order is lower than the Minimum Applicable Rate for the Dividend Period with respect to which such Order is made, such Order will be deemed to be an Order specifying a rate equal to such Minimum Applicable Rate.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

In the case of any Dividend Period of more than 93 days, only Buy Orders, Hold/Sell Orders or Sell Orders may be submitted and Hold Orders may not be submitted.

DETERMINATION OF SUFFICIENT CLEARING ORDERS AND APPLICABLE RATE

Not earlier than the Submission Deadline, on each Auction Date, the Auction Agent will assemble all Submitted Orders and will determine whether Sufficient Clearing Orders exist and the Applicable Rate.

ACCEPTANCE OF ORDERS AND ALLOCATION OF SHARES

Based upon the results of the Auction, the Auction Agent will determine the aggregate number of shares to be held and sold by Existing Holders and to be purchased by Potential Holders, and, with respect to each Broker-Dealer, determine the extent to which such Broker-Dealer will deliver, and from which other Broker-Dealers such Broker-Dealer will receive, shares.

If Sufficient Clearing Orders exist, subject to the Rounding Procedures:

- (i) all Submitted Hold Orders will be accepted;
- (ii) all Submitted Sell Orders will be accepted and all Submitted Hold/Sell Orders specifying any rate higher than the Winning Rate will be accepted as Sell Orders;
- (iii) all Submitted Hold/Sell Orders specifying a rate lower than the Winning Rate will be accepted as Hold Orders;
- (iv) all Submitted Buy Orders specifying a rate lower than the Winning Rate will be accepted;
- (v) all Submitted Hold/Sell Orders specifying a rate equal to the Winning Rate will be accepted as Hold Orders unless the number of shares subject to all such Submitted Hold/Sell Orders is greater than the number of shares remaining unaccounted for after the acceptances described in clauses (i), (iii), and (iv) above, in which event each such Submitted Hold/Sell Order will be accepted as a Hold Order and a Sell Order as to the respective number of shares determined in accordance with the Proration Procedures; and
- (vi) all Submitted Buy Orders specifying a rate equal to the Winning Rate will be accepted, unless the number of shares subject to all such Submitted Buy Orders is greater than the number of shares remaining unaccounted for after the acceptances described in clauses (i), (iii), (iv) and (v) above, in

20

which event each such Submitted Buy Order will be accepted only as to the number of shares determined in accordance with the Proration Procedures.

If Sufficient Clearing Orders do not exist, subject to the, Rounding Procedures:

- (i) all Submitted Hold Orders will be accepted;
- (ii) all Submitted Hold/Sell Orders specifying a rate equal to or lower than the Maximum Applicable Rate will be accepted as Hold Orders;

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

- (iii) all Submitted Buy Orders specifying a rate equal to or lower than the Maximum Applicable Rate will be accepted; and
- (iv) all Submitted Hold/Sell Orders specifying a rate higher than the Maximum Applicable Rate and all Submitted Sell Orders will be accepted as Hold Orders and as Sell Orders as to the respective number of shares of ATP determined in accordance with the Proration Procedures.

NOTIFICATION OF RESULTS; SETTLEMENT

The Auction Agent will advise each Broker-Dealer that submitted an Order whether such Order was accepted, and of the Applicable Rate for the next Dividend Period by telephone by approximately 3:00 p.m., New York City time, on each Auction Date. Each Broker-Dealer that submitted an Order will as soon as practicable advise each Existing Holder and Potential Holder whether its Order was accepted and will confirm in writing purchases and sales with each Existing Holder and Potential Holder purchasing or selling shares as a result of an Auction as soon as practicable on the Business Day next succeeding the Auction Date. Each Broker-Dealer that submitted a Hold Order will advise each Existing Holder on whose behalf such Hold Order was submitted of the Applicable Rate for the shares of ATP for the next Dividend Period.

In accordance with the Securities Depository's normal procedures, on the Business Day after the Auction Date, the transactions described above will be executed through the Securities Depository and the accounts of the respective Agent Members at the Securities Depository will be debited and credited and shares delivered as necessary to effect the purchases and sales as determined in the Auction. Purchasers will make payment through their Agent Members in same-day funds to the Securities Depository against delivery through their Agent Members; the Securities Depository will make payment in accordance with its normal procedures, which now provide for payment against delivery to their Agent Members in same-day funds.

If any Existing Holder selling shares in an Auction fails to deliver such shares, the Broker-Dealer of any person that was to have purchased shares in such Auction may deliver to such person a number of whole shares that is less than the number of shares that otherwise was to be purchased by such person. In such event, the number of shares to be so delivered shall be determined by such Broker-Dealer. Delivery of such lesser number of shares shall constitute good delivery.

BROKER-DEALERS; COMMISSIONS

The Fund may request the Auction Agent to terminate one or more Broker-Dealer Agreements at any time, provided that at least one Broker-Dealer Agreement is in effect after any such termination.

A Broker-Dealer may acquire shares for its own account. If a Broker-Dealer submits an Order for its own account in an Auction, it may have an advantage over others because it would have knowledge of other Orders placed through it in that Auction.

Lehman currently serves as the Broker-Dealer for the ATP Series C and intends to serve as the Broker-Dealer for the newly issued shares of ATP Series C. Other firms may serve as Broker-Dealers in connection with Auctions, although there is no assurance that they will do so.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

The Auction Agent after each Auction will pay to the Broker-Dealer, from funds provided by the Fund, a service charge at an annual rate of .25 of 1% in the case of any Auction immediately preceding a Dividend Period of less than one year and, in the case of Dividend Periods of one year or more, a percentage agreed upon between the Fund and the Broker-Dealer, of the purchase price of shares placed by the Broker-Dealer at such Auction. For purposes of this paragraph, shares will be placed by a Broker-Dealer if such shares were the subject of (i) Hold Orders deemed to have been made by Existing Holders and were acquired by such Existing Holders through the Broker-Dealer or (ii) an Order submitted by the Broker-Dealer that is (A) an Order of an Existing Holder that resulted in such Existing Holder continuing to hold such shares as a result of the Auction or (B) an Order of a Potential Holder that resulted in such Potential Holder purchasing such shares as a result of the Auction or (C) a valid Hold Order. In the event an Auction scheduled to occur on an Auction Date fails to occur for any reason, a Broker-Dealer will be entitled to service charges as if the Auction had occurred and all holders of shares placed by them had submitted valid Hold Orders.

THE AUCTION AGENT

Deutsche Bank Trust Company Americas, as successor to Bankers Trust Company, serves as Auction Agent with respect to the ATP and intends to serve as the Auction Agent for the newly issued shares of ATP Series C. The Auction Agent is acting solely as agent of the Fund and is not a trustee for holders of the newly issued shares of ATP Series C. In the absence of bad faith or gross negligence on its part, the Auction Agent will not be liable to the Fund for any action taken, suffered or omitted or for any error of judgment made by it in the performance of its duties as Auction Agent.

The Auction Agent may resign upon notice to the Fund, such resignation to be effective on the earlier of (i) the 90th day after the delivery of such notice and (ii) the date on which a successor Auction Agent is appointed by the Fund. The Fund may also replace the Auction Agent.

MASTER PURCHASER'S LETTER

Each prospective purchaser of shares of ATP Series C or its Broker-Dealer will be required to sign and deliver to the Auction Agent, as a condition to such purchaser's purchasing shares of ATP in any Auction or otherwise, a Master Purchaser's Letter, the form of which is attached as Appendix A to this Prospectus, in which such prospective purchaser or its Broker-Dealer will agree, among other things:

- (a) to participate in Auctions for shares of ATP in accordance with the Auction Procedures described in this Prospectus;
- (b) to sell, transfer or otherwise dispose of shares of ATP only pursuant to a bid or a Sell Order in an Auction, or to or through a Broker-Dealer or to a person that has delivered a signed Master Purchaser's Letter to the Auction Agent, provided that in the case of all transfers other than those pursuant to Auctions, the Existing Holder of the shares so transferred, its Agent Member or its Broker-Dealer advises the Auction Agent of such transfer; and
- (c) to have the ownership of the shares of ATP as to which such purchaser or its Broker-Dealer is the Existing Holder maintained in book entry form by the Securities Depository for the account of its Agent Member, which in turn will maintain records of such purchaser's beneficial ownership, and to authorize such Agent Member to disclose to the Auction Agent such information with respect to such purchaser's

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

beneficial ownership as the Auction Agent may request.

22

Each prospective purchaser should ask its Broker-Dealer whether such prospective purchaser should sign a Master Purchaser's Letter. If the Broker-Dealer submits Orders for such prospective purchaser listing the Broker-Dealer as the Existing Holder or the Potential Holder, a Master Purchaser's Letter signed by such prospective purchaser may not be required.

AN EXECUTION COPY OF THE MASTER PURCHASER'S LETTER IS INCLUDED WITH THIS PROSPECTUS. EXECUTION BY A PROSPECTIVE PURCHASER OR ITS BROKER-DEALER OF A MASTER PURCHASER'S LETTER IS NOT A COMMITMENT TO PURCHASE SHARES OF ATP IN THE OFFERING BEING MADE BY THIS PROSPECTUS OR IN ANY AUCTION OR OTHERWISE, BUT IS A CONDITION PRECEDENT TO SUCH PURCHASER'S PURCHASING SHARES OF ATP.

RATING AGENCY GUIDELINES

The Fund intends at all times that, so long as any shares of ATP are Outstanding and Moody's and Fitch are then rating the ATP, the composition of its portfolio will reflect guidelines established by Moody's and Fitch in connection with obtaining the Aaa/AAA Credit Rating with respect to the ATP. Should the Fund determine to seek (and be successful in obtaining) a rating from any other rating agency or issue senior securities, other than the ATP, which are rated or otherwise subject to portfolio diversification or similar requirements, the composition of its portfolio would also reflect the guidelines and requirements established by any rating agency rating such securities or by the purchaser or purchasers of such securities. Moody's and Fitch, nationally recognized statistical rating organizations, issue ratings for various securities reflecting the perceived creditworthiness of such securities. The Fund has paid certain fees to Moody's and Fitch for rating shares of the ATP. The guidelines described below, which are set forth in greater detail in the Statement of Additional Information, have been developed independently by Moody's and Fitch in connection with issuance of asset-backed and similar securities, including debt obligations and adjustable rate preferred stocks, generally on a case-by-case basis through discussions with the issuers of these securities. The guidelines are designed to ensure that assets underlying outstanding debt or preferred stock will be sufficiently varied and will be of sufficient quality and amount to justify investment-grade ratings. The guidelines do not have the force of law, but have been adopted by the Fund in order to satisfy current requirements necessary for Moody's and Fitch to issue the above-described ratings for the ATP, which ratings are generally relied upon by institutional investors in purchasing such securities. In the context of a closed-end investment company such as the Fund, therefore, the guidelines provide a set of tests for portfolio composition and asset coverage which supplement (and in some cases are more restrictive than) the applicable requirements under the 1940 Act, and which accordingly affect significantly the management of the Fund's portfolio. A rating agency's guidelines will apply to the ATP only so long as such rating agency is rating such shares and such guidelines are subject to amendment with the consent of the relevant rating agency.

The Fund intends to maintain a Discounted Value for its portfolio at least equal to the ATP Basic Maintenance Amount. Moody's and Fitch have each established separate guidelines for determining Discounted Value. To the extent any particular portfolio holding does not satisfy the applicable rating agency's guidelines, all or a portion of such holding's value will not be included in the calculation of Discounted Value (as defined by such rating agency). The Moody's and Fitch guidelines do not impose any limitations on the percentage of Fund assets that may be invested in holdings not eligible for inclusion in the

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

calculation of the Discounted Value of the Fund's portfolio. The amount of such assets included in the portfolio at any time may vary depending upon the rating, diversification and other characteristics of the Eligible Assets included in the portfolio.

Upon any failure to maintain the required Discounted Value, the Fund may seek to alter the composition of its portfolio to retain the ATP Basic Maintenance Amount on or prior to the Asset Coverage Cure Date, thereby incurring additional transaction costs and possible losses and/or gains on disposition of portfolio securities. To the extent any such failure is not cured within two Business Days, the ATP will be subject to mandatory redemption thereafter. The "ATP Basic Maintenance Amount" equals the sum of (i) the aggregate liquidation preference of ATP then Outstanding and (ii) certain accrued and projected payment obligations of the Fund. See "Description of ATP -- Asset Maintenance" in the Statement of Additional Information.

23

The Fund may, but is not required to, adopt any modifications to the guidelines that may hereafter be established by Moody's or Fitch. Failure to adopt any such modifications, however, may result in a change in the ratings described above or a withdrawal of the ratings altogether. In addition, any rating agency providing a rating for the ATP may, at any time, change or withdraw any such rating. The Board of Directors may, without stockholder approval, adopt, amend, alter or repeal any definitions, covenants or other obligations of the Fund in the Articles Supplementary, provided the Board of Directors has obtained written confirmation from any rating agency which is then rating the ATP and which so requires that any such change would not impair the respective rating then assigned to the ATP.

As described by Moody's and Fitch, a preferred stock rating is an assessment of the capacity and willingness of an issuer to pay preferred stock obligations. Fitch has stated that its rating on the ATP does not address the market liquidity of the ATP. The ratings on the ATP are not recommendations to purchase, hold or sell ATP, inasmuch as the ratings do not comment as to market price or suitability for a particular investor nor do the Rating Agency Guidelines described above address the likelihood that a holder of ATP will be able to sell such shares in an Auction. The ratings are based on current information furnished to Moody's and Fitch by the Fund and the Investment Adviser, and information obtained from other sources. The ratings may be changed, suspended or withdrawn as a result of changes in, or the unavailability of, such information. The Common Stock has not been rated by a nationally recognized statistical rating organization.

TAXATION

The following discussion offers only a brief outline of the federal income tax consequences of investing in the ATP. Investors should consult their own tax advisors for more detailed information and for information regarding the impact of state, local, foreign, and other tax consequences of such an investment and of potential changes in applicable tax laws.

The Fund has elected to be treated as a regulated investment company (a "RIC") under subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), and intends to operate so as to meet the Code requirements for qualification as a RIC. However, no assurance can be given that such requirements will be met. If the Fund qualifies for taxation as a RIC, it generally will not be subject to federal corporate income taxes on that portion of its income that is currently distributed to its stockholders. This deduction for dividends paid to stockholders substantially eliminates the federal "double

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

taxation" on earnings (once at the corporate level and once again at the stockholder level) that generally results from investments in a corporation.

Under present law, the ATP will constitute stock of the Fund, and thus distributions with respect to the ATP (other than distributions in redemption of the ATP subject to section 302(b) of the Code) will constitute dividends to the extent of the Fund's current or accumulated earnings and profits, as calculated for federal income tax purposes. Such dividends generally will be taxable as ordinary income to the stockholders and will not qualify for the dividends received deduction available to corporations under section 243 of the Code. However, dividends designated by the Fund as capital gain dividends will be treated as long-term capital gains in the hands of the stockholders. In addition, under the Jobs and Growth Tax Relief Reconciliation Act of 2003 (effective for tax years through 2008), dividends paid by the Fund to individuals may constitute qualified dividend income eligible for a maximum rate of 15%. The amount of qualified dividend income realized by the Fund is not expected to be significant, and there is no assurance that any such income will be realized by the Fund in any year. The Internal Revenue Service (the "Service") currently requires that a RIC that has two or more classes of shares allocate to each such class proportionate amounts of each type of its income (such as ordinary income and net capital gains) for each tax year. Accordingly, the Fund intends to designate distributions made with respect to the ATP as capital gain dividends in proportion to the ATP's share of the total dividends paid to both the ATP and the Common Stock during the year. The amount of net long-term capital gain realized by the Fund is not expected to be significant, and there can be no assurance that any such income will be realized by the Fund in any year. Any distribution in excess of the Fund's earnings and profits will first reduce a stockholder's adjusted basis in his shares of the

24

ATP and, after such adjusted basis is reduced to zero, will constitute a capital gain to a stockholder whose shares of the ATP are held as a capital asset. See "Taxation" in the Statement of Additional Information for additional information regarding the tax aspects of investing in the Fund.

INVESTMENT OBJECTIVE AND POLICIES

The investment objective of the Fund is to provide high current income, while seeking to preserve stockholders' capital, through investment in a professionally managed, diversified portfolio of "high-yield" fixed-income securities, commonly known as "junk bonds." The Fund cannot ensure that it will attain its investment objective. The Fund's investment objective and the restrictions described below under "Investment Restrictions" are fundamental policies and thus may not be changed without the affirmative vote of the holders of a majority of the outstanding shares of the Fund's Common Stock and a majority of the Outstanding shares of the ATP, voting as separate classes, which means for each class the lesser of (a) more than 50% of such class or (b) 67% or more of such class present at a meeting at which more than 50% of the outstanding shares of such class are present or represented by proxy.

INVESTMENT STRATEGY

The policies described below may be changed by the Fund without the approval of the Fund's stockholders.

The Fund seeks to achieve its investment objective by investing primarily in "high-yield" fixed-income securities rated in the lower categories by recognized rating agencies, consisting principally of fixed-income securities

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

rated Ba or lower by Moody's or BB or lower by S&P and, subject to applicable rating agency guidelines, (see "Rating Agency Guidelines") non-rated securities deemed by the Investment Adviser to be of comparable quality. Because non-rated securities are not eligible for inclusion in the calculation of the Discounted Value of the Fund's assets under the Rating Agency Guidelines, however, it is not presently anticipated that such securities will comprise a significant percentage of the Fund's investments, although the Fund reserves full flexibility in this regard. See "Rating Agency Guidelines." Under normal market conditions, the Fund will have at least 80% of its net assets, plus the amount of any borrowings for investment purposes, invested in securities rated BB or lower by S&P or Ba or lower by Moody's or non-rated securities deemed by the Investment Adviser to be of comparable quality. This policy may not be changed without providing stockholders with 60 days' notice. The average maturity of the Fund's portfolio is expected to be between six and ten years; however, depending upon market conditions, this range may be shortened or lengthened.

Fixed-income securities which the Fund has the right to acquire include preferred stocks (limited to 20% of the Fund's total assets and subject to compliance with the Rating Agency Guidelines as described above) and all types of debt obligations having varying terms with respect to security or credit support, subordination, purchase price, interest payments and maturity. Such obligations may include, for example, bonds, debentures, notes, mortgage or other asset-backed instruments, equipment lease certificates, equipment trust certificates, conditional sales contracts, commercial paper, zero coupon securities and obligations issued or guaranteed by the United States government or any of its political subdivisions, agencies or instrumentalities (including obligations, such as repurchase agreements, secured by such instruments). The Fund may invest in U.S. dollar-denominated bonds sold in the United States by non-U.S. issuers ("Yankee bonds"). Most debt securities in which the Fund will invest will bear interest at fixed rates. However, the Fund reserves the right to invest without limitation in fixed-income securities that have variable rates of interest or involve equity features, such as contingent interest or participations based on revenues, sales or profits (i.e., interest or other payments, often in addition to a fixed rate of return, that are based on the borrower's attainment of specified levels of revenues, sales or profits and thus enable the holder of the security to share in the potential success of the venture). The Fund also has the right to acquire common stock as part of a unit in connection with the purchase of debt securities consistent with the Fund's investment policies, although such investments are not eligible for inclusion in the calculation of the Discounted Value under the Rating Agency Guidelines.

25

The Fund may invest up to 20% of its total assets in illiquid securities (determined as of the time of investment). Rule 144A Securities are not included in this 20% limitation. In general, the Commission defines illiquid securities as those that cannot be sold in the ordinary course of business within seven days at approximately the value assigned to them by the Fund. Illiquid securities may offer higher yields than comparable publicly traded securities, but the Fund may not be able to sell these securities when the Investment Adviser considers it desirable to do so. Illiquid securities are generally eligible for inclusion in the Discounted Value of the portfolio for purposes of the Rating Agency Guidelines of Moody's or Fitch in effect as of the date of this Prospectus only if they are Rule 144A Securities.

The Fund is permitted to invest up to 20% of its total assets in zero coupon securities, although such securities also may not be included in calculating the Discounted Value of the Fund's portfolio under the Rating Agency Guidelines. Zero coupon securities pay no cash income but are purchased at a discount from their value at maturity. When held to maturity, their entire

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

return comes from the difference between their purchase price and their maturity value. There may be special tax considerations associated with investing in securities structured as deferred interest, zero coupon or payment-in-kind securities. The Fund records the interest on these securities as income even though it receives no cash interest until each security's maturity date. The Fund will be required to distribute all or substantially all such amounts annually and may have to obtain the cash to do so by selling securities. Thus, to meet cash distribution obligations, the Fund may be required to liquidate a portion of its assets, which it would otherwise continue to hold, at a disadvantageous time. These distributions will be taxable to stockholders as ordinary income. In the case of securities structured as deferred interest, zero coupon or payment-in-kind securities, the market prices of such securities are affected to a greater extent by interest rate changes and, therefore, tend to be more volatile than securities which pay interest periodically and in cash.

Notwithstanding any of the foregoing, when market conditions warrant a temporary defensive investment strategy, including when it is necessary to maintain compliance with the Rating Agency Guidelines (under which the Fund's ability to invest in lower-rated securities having relatively low Discounted Values may be restricted, particularly as the market values of portfolio holdings decline), the Fund may invest without limitation in money market instruments, including rated and (subject to compliance with the Rating Agency Guidelines) unrated commercial paper of domestic and foreign corporations, certificates of deposit, bankers' acceptances and other obligations of banks, repurchase agreements and short-term obligations issued or guaranteed by the United States government or its instrumentalities or agencies. The yield on these securities will tend to be lower than the yield on other securities to be purchased by the Fund. The Fund reserves the right to invest in securities rated higher than Ba by Moody's or BB by S&P or non-rated fixed-income securities of comparable quality when the difference in yields between quality classifications is relatively narrow or for temporary defensive purposes, including maintenance of applicable asset coverage requirements when the Investment Adviser anticipates adverse market conditions. Investments in higher-rated issues may serve to lessen a decline in NAV but may also affect the amount of current income produced by the Fund, as the yields from such issues are usually lower than those from lower-rated issues.

CERTAIN INVESTMENT PRACTICES

The Fund and the Investment Adviser reserve the right to engage in certain investment practices in order to help achieve the Fund's investment objective. Such strategies include the lending of portfolio securities, the short sale of securities and the use of futures contracts and options thereon, entering into interest rate transactions, such as swaps, caps, tears or collars for the purpose of hedging the Fund's exposure to interest rates (including changes in dividend payments on the ATP), reverse repurchase agreements and repurchase agreements (other than certain repurchase agreements with qualified depository institutions having maturities no longer than one day). So long as the ATP is Outstanding, the Fund may not utilize certain investment practices, such as entering into swap agreements, the making of securities loans and buying or selling futures contracts and options thereon, unless the Fund receives written confirmation from Moody's, Fitch or any other rating agency which is then rating the ATP and which so requires, that any such action will not impair the Aaa/AAA Credit Rating. Further, the Rating Agency

Guidelines limit or have the effect of limiting the Fund's use of other investment practices described below, such as investments in non-U.S. securities, private placements (except Rule 144A Securities) and options, to the extent such investments are not eligible for

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

inclusion in the Discounted Value of the Fund's portfolio or the Rating Agency Guidelines specify terms and restrictions on such investments. See "Rating Agency Guidelines" and "Investment Objective and Policies -- Certain Investment Practices" in the Statement of Additional Information.

INVESTMENT RESTRICTIONS

The following investment restrictions are fundamental policies of the Fund, and may not be amended without the affirmative vote of the holders of a majority of the outstanding shares of Common Stock and a majority of the Outstanding shares of the ATP, voting as separate classes, which means for each class the lesser of (a) more than 50% of such class or (b) 67% or more of such class present at a meeting at which more than 50% of the outstanding shares of such class are present or represented by proxy. Under these restrictions, the Fund may not:

1. Borrow money (through reverse repurchase agreements or otherwise) or issue senior securities, except as permitted by Section 18 of the 1940 Act.
2. Pledge, hypothecate, mortgage or otherwise encumber its assets, except to secure borrowings permitted by restriction 1 above. Collateral arrangements with respect to margins for futures contracts and options are not deemed to be pledges or other encumbrances for purposes of this restriction.
3. Purchase securities on margin, except such short-term credits as may be necessary for the clearance of purchases and sales of securities and except that the Fund may make margin payments in connection with transactions in futures contracts and options.
4. Make short sales of securities or maintain a short position for the account of the Fund unless at all times when a short position is open the Fund owns an equal amount of such securities or owns securities which, without payment of any further consideration, are convertible into or exchangeable for securities of the same issue as, and in equal amount to, the securities sold short.
5. Underwrite securities issued by other persons except to the extent that, in connection with the disposition of its portfolio investments, the Fund may be deemed to be an underwriter under the federal securities laws.
6. Purchase or sell real estate (including real estate mortgage loans), although the Fund may purchase securities of issuers that deal in real estate, securities that are secured by interests in real estate and securities representing interests in real estate.
7. Purchase or sell commodities or commodity contracts, except that the Fund may purchase or sell financial futures contracts and related options.
8. Make loans, except by purchase of debt obligations in which the Fund may invest consistently with its investment policies, by entering into repurchase agreements with respect to not more than 25% of the value of its total assets, or through the lending of its portfolio securities with respect to not more than one-third of the value of its total assets.
9. Acquire more than 10% of the voting securities of any issuer.
10. Invest more than 25% of the value of its total assets in any one

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

industry, provided that this limitation does not apply to obligations issued or guaranteed as to interest and principal by the United States government or its agencies or instrumentalities.

27

11. Buy or sell oil, gas or other mineral leases, rights or royalty contracts, although the Fund may purchase securities of issuers which deal in, represent interests in or are secured by interests in such leases, rights or contracts.
12. Make investments for the purpose of exercising control or management over the issuer of any security.

The Fund also will be subject to certain investment restrictions so long as the ATP remains Outstanding, which may prohibit or limit certain practices that are otherwise authorized. See "Certain Investment Practices" above and "Rating Agency Guidelines."

RISK FACTORS AND SPECIAL CONSIDERATIONS

An investment in the Fund is subject to a number of risks and special considerations, including the following:

RISKS OF INVESTING IN ATP

AUCTION RISK. Your ability to dispose of shares of ATP may be largely dependent on the success of an Auction, which provides liquidity for the sale of the ATP. If the Auction fails; that is, if there are more ATP shares offered for sale than there are buyers for those shares, then you may not be able to sell your shares of the ATP. There is no assurance that any particular Auction will be successful. Neither the Fund nor any Broker-Dealer is obligated to ensure that an Auction will be successful or to purchase shares of ATP in an Auction or otherwise. The Fund is not required to redeem shares of ATP in the event of a failed Auction. In addition, if you place Hold Orders (Orders to retain the ATP) at an Auction only at a specified rate, and that bid rate exceeds the rate set at the Auction, you will not retain your shares of ATP. If you buy shares or elect to retain shares without specifying a rate below which you would not wish to continue to hold those shares, and the Auction sets a below-market rate, you may receive a lower rate of return on your shares than the market rate. Finally, the Dividend Period may be changed, subject to certain conditions and with notice to Holders of ATP, which could affect the liquidity of your investment. See "Description of ATP" and "Auction Procedures."

SECONDARY MARKET RISK. There is no assurance that a secondary market outside of the Auctions for the ATP will develop, whether or not such Auctions are successful, or if such a market does develop, that shares of ATP will trade at or close to the Liquidation Value. If the Fund has designated a Dividend Period for ATP which is longer than a Standard Term Period, particularly if such Dividend Period exceeds one year, any increase in interest rates will likely have an adverse affect on the secondary market price of ATP. In such case, you may have fewer opportunities to obtain liquidity if Auctions do not occur frequently. If you try to sell your ATP shares between Auctions, you may not be able to sell any or all of your shares, or you may not be able to sell them for \$25,000 per share or \$25,000 per share plus accumulated dividends. Thus, under certain circumstances, you may not have liquidity of investment.

The Fund does not intend to apply for listing of the newly issued shares of ATP Series C on a national securities exchange, but has been advised by Lehman that it currently intends to make a market in the ATP Series C as permitted by

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

applicable laws and regulations. Lehman is not obligated to make a market in the ATP Series C between Auctions and, therefore, a holder of ATP Series C may not be able to liquidate its position in the ATP Series C between Auctions at a price per share equal to its liquidation preference (i.e. Liquidation Value, plus accumulated dividends).

RATINGS AND ASSET COVERAGE RISK. While Moody's and Fitch assign ratings of Aaa and AAA, respectively, to the ATP, the ratings do not eliminate or necessarily mitigate the risks of investing in the ATP. A rating agency could downgrade its rating of the ATP or withdraw its rating of the ATP at any time, which may make your shares less liquid at an Auction or in the secondary market, though probably with higher resulting dividend rates. If a rating

28

agency downgrades the rating of ATP or withdraws its rating without timely replacement by a rating from a suitable successor rating agency, the Fund may alter its portfolio or redeem the ATP. If the Fund fails to satisfy the asset coverage requirements under the 1940 Act and the Rating Agency Guidelines discussed under "Description of ATP -- Asset Maintenance," the Fund may be required to redeem a sufficient number of the ATP in order to return to compliance with the asset coverage requirements, including possibly ATP having Dividend Periods of longer than one year. The Fund may be required to redeem the ATP at a time when it is not advantageous for the Fund to make such redemption or to liquidate portfolio securities in order to have available cash for such redemption. The Fund may voluntarily redeem the ATP under certain circumstances in order to meet asset maintenance tests. See "Description of ATP -- Mandatory Redemption" and "Description of ATP -- Optional Redemption." See also "Description of ATP -- Asset Maintenance" for a description of the asset maintenance tests the Fund must meet.

INFLATION RISK. Inflation is the reduction in the purchasing power of money resulting from the increase in the price of goods and services. Inflation risk is the risk that the inflation adjusted (or "real") value of your ATP investment or the income from that investment will be worth less in the future. As inflation occurs, the real value of the ATP shares and distributions declines. In an inflationary period, however, it is expected that, through the auction process, ATP dividend rates would increase, tending to offset this risk.

INDEBTEDNESS RISK. The Fund may incur indebtedness with the consent of Moody's and Fitch. To the extent that the Fund does incur any borrowings, such borrowings would typically be senior in right of payment to the ATP and the Common Stock upon liquidation of the Fund. Certain types of borrowings may result in the Fund being subject to covenants in credit agreements, including those relating to asset coverage, borrowing base and portfolio composition requirements and additional covenants that may affect the Fund's ability to pay dividends and distributions in certain instances. The Fund also may be required to pledge its assets to the lenders in connection with certain types of borrowings. Interest payments on borrowings must be made prior to the payment of dividends on Preferred Stock, including ATP.

ATP represents a perpetual equity interest in the Fund (except to the extent redeemable by the Fund) and does not give rise to a claim for payment of a principal amount at a particular date. As such, ATP effectively ranks behind all indebtedness or other non-equity claims on the Fund with respect to assets available to satisfy claims on the Fund. In addition, in the event of the dissolution, liquidation or winding up of the affairs of the Fund, after payment of the liquidation preference and all dividends accumulated to and unpaid through the date of final distribution, holders of ATP will not be entitled to any further participation in any distribution of assets of the Fund.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

LEVERAGE. The Fund has had a leveraged capital structure since its organization. Assuming issuance of the new shares of ATP Series C in the Offering (after giving effect to the sales load and estimated offering expenses) at September 30, 2003, the Fund would have had total assets of approximately \$338,300,506 consisting of ATP having an aggregate liquidation preference of approximately \$130,000,000 and net assets attributable to Common Stock of approximately \$195,353,289.

The terms of the Fund's arrangements with Moody's and Fitch, which have been agreed to in order to obtain investment grade ratings for the ATP, require that the Fund maintain (i) asset coverage with respect to the ATP at least equal, on a discounted basis, to the liquidation preference of the ATP plus certain accrued and projected payment obligations of the Fund and other amounts on an on-going basis and (ii) non-discounted asset coverage of at least 200% of the aggregate liquidation preference of the ATP as of the last Business Day of each month. See "Description of ATP -- Asset Maintenance." The 1940 Act also requires that the Fund maintain asset coverage of at least 200% on a non-discounted basis as a condition of paying dividends to the holders of the Common Stock.

As market conditions and the value of portfolio securities decline, one effect of the foregoing requirements is to cause the Fund to invest in higher-quality, lower-yielding assets and/or to maintain relatively substantial balances of highly liquid assets having low Discount Factors assigned by the rating agencies in order to remain in

29

compliance with asset coverage requirements, which may tend to reduce portfolio yield. In addition, the value of higher-quality assets may react with greater volatility to interest rate changes than would lower quality assets.

If the dividend rate on the ATP exceeds the net rate of return on the Fund's portfolio, the leverage will result in a lower NAV than if the Fund were not leveraged, and the Fund's ability to pay dividends and meet its asset coverage requirements on the ATP would be reduced. Any decline in the NAV of the Fund's investments also could increase the risk of the Fund failing to meet its asset coverage requirements, of losing its ratings on the ATP or, in an extreme case, of the Fund's current investment income not being sufficient, which would cause the Fund to liquidate investments in order to fund a redemption of some or all of the ATP. Under some circumstances, the Fund may be required to redeem or repurchase senior securities in order to remain in compliance with applicable asset coverage requirements, which requires the liquidation of portfolio securities, causing the possible realization of substantial losses and the incurrence of transaction costs. As market conditions improve and market opportunities arise, the discounted asset coverage requirements tend to restrict the redeployment of assets from cash and higher-quality assets having lower Discount Factors to lower quality, higher-yielding assets having higher Discount Factors, even when such securities are available at attractive prices. Also, redeploying cash as the value of the Fund's assets rise involves significant transaction costs and possible delays, which further inhibits the Fund's ability to take advantage of a favorable investment environment.

To the extent the Fund establishes Standard Term Periods or other relatively short Dividend Periods for the ATP and does not effectively hedge the risk associated with changes in short-term interest rates, the Fund would be vulnerable to increases in short-term interest rates.

PAYMENT RESTRICTIONS

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Holders of shares of stock, including ATP, are entitled to receive dividends only when, as and if declared by the Board of Directors and only out of funds legally available therefor. State corporation laws generally limit the funds out of which issuers incorporated thereunder may pay to stockholders as a dividend. For example, under Maryland law, dividends may not be paid if after giving effect to the dividend, the Fund would not be able to pay its debts as they became due in the usual course of business or the Fund's total assets would be less than the sum of its total liabilities plus the amount needed to satisfy the preferential rights of stockholders whose preferential rights upon dissolution are superior to those receiving the dividend.

During any annual period when the Fund may not have funds legally available to pay the scheduled dividends then due on the ATP, the Fund may not pay dividends on the Common Stock until the scheduled dividends on the shares of ATP have been paid or provided for. Also, the Fund is not permitted to declare any cash dividends or distributions on its Common Stock unless, at the time of such declaration and after deducting the amount of such dividend, the Fund is in compliance with the 1940 Act ATP Asset Coverage test and has Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount. This prohibition on the payment of dividends or distributions might impair the Fund's ability to maintain its qualification as a regulated investment company for federal income tax purposes. The Fund intends, however, to redeem shares of ATP from time to time, to the extent necessary to comply with the asset coverage requirements. There can be no assurance, however, that such redemptions can be effected in time to permit the Fund to distribute its income as required to maintain its qualification as a RIC under the Code. See "Taxation."

SWAP ARRANGEMENT

In order to seek to hedge the value of the Fund's portfolio, to hedge against increases in the Fund's costs associated with the dividend payments on the ATP or to seek to enhance the Fund's return, the Fund may enter into interest rate swap transactions. In interest rate swap transactions, there is a risk that yields will move in the direction opposite of the direction anticipated by the Fund, which would cause the Fund to make payments to its counter-party in the transaction that could adversely affect the Fund's performance. In addition, swap transactions

30

give rise to credit risk. Credit risk is the amount of loss the Fund would incur in the event its counter-party failed to perform according to the terms of the contractual commitments. In the event of nonperformance by the counter-party, the Fund's dividend payment obligation with respect to the ATP would no longer be hedged. While notional contract amounts are used to express the volume of interest rate swap agreements, the amounts potentially subject to credit risk, in the event of nonperformance by a counter-party, are substantially smaller.

Effective October 1, 2001, the Fund entered into a Swap Arrangement with Fleet for the purpose of hedging its dividend payment obligations with respect to the ATP. Pursuant to the Swap Arrangement, the Fund makes payments to Fleet on a monthly basis at a fixed annual rate of 4.50%, computed on a notional contract amount of \$100 million. In exchange for these payments, Fleet makes payments to the Fund on a monthly basis at a variable rate determined with reference to one month LIBOR. The variable rates ranged from 1.31% to 1.44% for the six-month period ended June 30, 2003. Thus, in the current interest rate environment, the Swap Arrangement requires the Fund to make net payments to Fleet.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

PRIVATE PLACEMENT SECURITIES

The Fund is permitted by its investment objective and policies to invest in private placement securities, subject to the limitation on illiquid securities described above under "Investment Objective and Policies -- Investment Strategy." Private placement securities are restricted securities and therefore are subject to certain of the following risks which would not apply to securities that were free for immediate public sale. In a private sale of restricted securities, which may involve protracted negotiations and a limited number of purchasers, the possibility of delay and the necessity of obtaining a commitment of investment intent from the purchasers might adversely affect the price of the securities. In a public offering, the delay resulting from registration may make it impossible for the Fund to sell securities at the most desirable time, and the price of the securities may decline between the time of the decision to sell and the time when the sale is accomplished. Because only the issuer of the securities can prepare and file a registration statement under the Securities Act, the Fund may not be able to obtain registration at the most desirable time.

The proceeds to the Fund from the sale of restricted securities acquired by private placement could be less than the proceeds from the sale of similar securities which were free for immediate public resale. If the Fund is required to liquidate portfolio investments to satisfy applicable asset coverage requirements, it may be required to dispose of private placement securities at times or prices which are disadvantageous to the Fund.

Private placement securities, unless they are Rule 144A Securities, are generally ineligible for inclusion in the calculation of the Discounted Value of the Fund's investment portfolio under the Rating Agency Guidelines with which the Fund will be required to comply for so long as the shares of ATP remain Outstanding. The guidelines require the Fund to maintain portfolio assets eligible for inclusion in such calculation which have an aggregate Discounted Value in excess of the specified asset coverage levels and may therefore limit the Fund's ability to invest in private placement securities.

GENERAL RISKS OF INVESTING IN THE FUND

The Fund will invest generally in securities that are rated below investment grade by recognized rating agencies or, that are non-rated but determined by the Investment Adviser to be of comparable quality. Securities rated below investment grade quality are commonly known as "high-yield," high risk or "junk bonds." Junk bonds, while generally offering higher yields than investment grade securities with similar maturities and features, involve greater risks, including the possibility of default or bankruptcy. They are regarded as predominantly speculative with respect to the issuer's capacity to pay dividends or interest and repay principal. The prices of these lower grade securities are more sensitive to negative developments, such as a decline in the issuer's revenues or a general economic downturn, than are the prices of higher-rated securities. Issuers of junk bonds may be highly leveraged and may not have available to them more traditional methods of financing. The issuer's ability to

31

service its debt obligations may be adversely affected by business developments unique to the issuer, the issuer's inability to meet specific projected business forecasts or the inability of the issuer to obtain additional financing. High-yield securities are often unsecured and subordinated to other creditors of the issuer.

MANAGEMENT OF THE FUND

BOARD OF DIRECTORS

The business and affairs of the Fund are managed under the direction of the Board of Directors. The Directors approve all significant agreements between the Fund and persons or companies furnishing services to it, including the Fund's agreements with its Investment Adviser, custodian and transfer agent. The management of the Fund's day-to-day operation is delegated to its officers and the Investment Adviser, subject always to the investment objective and policies of the Fund and to the general supervision of the Directors. The names and business addresses of the Directors and officers of the Fund and their principal occupations and other affiliations during the past five years are set forth under "Management of the Fund" in the Statement of Additional Information.

THE INVESTMENT ADVISER

T. Rowe Price, with its principal business address at 100 East Pratt Street, Baltimore, Maryland 21202, has served as the Fund's investment adviser since December 2, 2002. On that date, the Fund terminated its investment advisory agreement with Wellington Management, which had served as investment adviser to the Fund since February 19, 1992. T. Rowe Price is a registered investment adviser under the Investment Advisers Act of 1940, as amended, and is organized under the laws of Maryland. It is a wholly owned subsidiary of Price Group, a publicly-traded financial services holding company founded in 1937 by Thomas Rowe Price, Jr. The address of Price Group is 100 East Pratt Street, Baltimore, Maryland 21202. As of June 30, 2003, T. Rowe Price and its affiliates held discretionary authority over approximately \$161.2 billion of assets, including approximately \$52.3 billion of fixed-income securities of which approximately \$8.7 billion represented "high-yield" investments. T. Rowe Price has provided investment advisory services to investment companies since 1937.

The Fund is managed by the Investment Adviser's Investment Advisory Committee chaired by Mark J. Vaselkiv, a Vice President of T. Rowe Price and a Portfolio Manager in the Fixed Income Department, heading taxable "high-yield" bond management. Mr. Vaselkiv is primarily responsible for day-to-day management of the Fund and works with the committee in developing and executing the Fund's investment program. Mr. Vaselkiv has served in this capacity since T. Rowe Price succeeded to the management of the Fund's portfolio on December 2, 2002. He also serves as President of the T. Rowe Price High Yield Fund and Chairman of its Investment Advisory Committee. Mr. Vaselkiv has managed "high-yield" bond portfolios at T. Rowe Price for 15 years through a variety of market conditions. Prior to joining T. Rowe Price, he was employed as a Vice President, analyzing and trading "high-yield" debt securities, for Shenkman Capital Management, Inc. in New York, and as a Private Placement Credit Analyst in the Capital Markets Group of Prudential Insurance Company. Mr. Vaselkiv earned a B.A. in Political Science from Wheaton College, Illinois, and an M.B.A. in Finance from New York University, New York.

The investment advisory agreement between the Investment Adviser and the Fund (the "Advisory Agreement") became effective on December 2, 2002 following the termination of the advisory agreement with Wellington Management, the Fund's former investment adviser. The Advisory Agreement provides that, subject to the direction of the Board of Directors of the Fund and the applicable provisions of the 1940 Act, the Investment Adviser is responsible for the actual management of the Fund's portfolio. The responsibility for making decisions to buy, sell or hold a particular investment rests with the Investment Adviser, subject to review by the Board of Directors and compliance with the applicable provisions of the 1940 Act. The Board of Directors, not the

Investment Adviser, is responsible for determining the amount and type of leverage to which the Fund is subject, and for making any related hedging arrangements.

Under the Advisory Agreement, the Investment Adviser receives a fee equal to an annual rate of the Fund's Base Net Assets, based on the Fund's average weekly NAV, equal to .50% on the first \$50 million of Base Net Assets, .40% on the next \$50 million of Base Net Assets and .30% on Base Net Assets in excess of \$100 million. "Base Net Assets" means the Fund's net assets attributable to the Fund's outstanding Common Stock and senior securities within the meaning of Section 18 of the 1940 Act. Base Net Assets includes the liquidation preference and principal amount attributable to the Fund's senior securities (currently the ATP) but not accrued interest and dividends relating to those senior securities. At December 31, 2002, the Fund's Base Net Assets were \$231,170,000 under this definition. The aggregate dollar amount paid by the Fund to T. Rowe Price under the terms of the Advisory Agreement from December 2, 2002 through December 31, 2002 was \$51,000. During this period, T. Rowe Price was paid under the predecessor's fee structure pursuant to an SEC rule. Under the prior investment advisory agreement with Wellington Management, the aggregate dollar amounts paid by the Fund for the periods January 1, 2000 through December 31, 2000, January 1, 2001 through December 31, 2001, and January 1, 2002 through December 2, 2002 were \$1,039,000, \$873,622, and \$635,000, respectively.

The Fund bears all costs of its operation other than those incurred by the Investment Adviser under the Advisory Agreement. In particular, the Fund pays investment advisory fees, the fees and expenses associated with the Fund's administration, record keeping and accounting, fees and expenses for the custodian of the Fund's assets, legal, accounting and auditing fees, taxes, expenses of preparing prospectuses and stockholder reports, registration fees and expenses, fees and expenses for the transfer and dividend disbursing agent, the compensation and expenses of the Directors who are not otherwise employed by or affiliated with the Investment Adviser or any of its affiliates, and any extraordinary expenses.

ADMINISTRATIVE SERVICES

Unlike many other investment companies, the Fund does not rely on its Investment Adviser to provide administrative and managerial services. Accordingly, since February 1992 the Fund has engaged Ellen E. Terry, Vice President and Treasurer, to perform administrative services. Subject to the supervision of the Board of Directors and officers of the Fund, Ms. Terry, among other things, coordinates the preparation of the Fund's semi-annual, annual and other periodic reports, proxy statements and other communications with stockholders; oversees the preparation of the Fund's periodic reports required to be filed with the Commission and the rating agencies; and assists in responding to stockholder/retail broker inquiries and disseminating information to the same based on information provided. Since February 1992, the Fund has also engaged Paul E. Saidnaway to provide certain related administrative services subject to the supervision of the Board of Directors and Ms. Terry.

Ms. Terry receives \$12,875 per month, plus an insurance premium that is subject to adjustment upward if insurance premiums increase, for the services set forth above, pursuant to an agreement dated as of October 31, 2002. Ms. Terry's services are terminable by either party on 90 days' written notice. Pursuant to an agreement dated as of October 31, 2002, Mr. Saidnaway receives \$8,369 per month, plus insurance premium that is subject to adjustment upward if

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

insurance premiums increase, for the services set forth above and his services are terminable by either party on 90 days' written notice. Unlike other funds that are affiliated with larger organizations, the Fund relies on Ms. Terry, Mr. Saidnawey and Robert F. Birch, its President, for its administrative, managerial and related services. In the event of a departure of these individuals, the Fund would likely be forced to replace them with others or with a larger organization, which could result in an increase in the Fund's annual expenses.

DESCRIPTION OF COMMON STOCK

In addition to the Preferred Stock, the Fund's Articles authorize the issuance of up to 200 million shares of Common Stock. All shares

33

of Common Stock have equal rights as to voting, dividends and liquidation. All shares of Common Stock issued and outstanding are fully paid and non-assessable. Shares of Common Stock have no preemptive, conversion or redemption rights and are freely transferable. On July 21, 2003, the Fund issued to its holders of Common Stock one Right for each three shares of Common Stock they owned on July 21, 2003. Holders of Rights were entitled to acquire one new share of Common Stock for each Right held. The Rights Offering expired on August 18, 2003, and 23,397,095 Rights were exercised. After giving effect to the issuance of Common Stock pursuant to the Rights Offering, as of September 30, 2003, 93,528,394 shares of Common Stock were issued and outstanding.

The voting rights of the Common Stock are noncumulative, which means that the holders of more than 50% of the shares of Common Stock and ATP voting for the election of those Directors subject to election by the Common Stock and the ATP can elect all of the Directors subject to election by them if they choose to do so. In such event, the holders of the remaining shares of Common Stock and ATP voting for the election of Directors who are subject to election by the Common Stock and the ATP will not be able to elect any Directors. The holders of the Common Stock vote as a single class with the holders of the ATP on all matters except as described under "Description of ATP -- Voting Rights."

The rights of the holders of the Common Stock may not be modified by a vote of less than a majority of the shares of Common Stock outstanding.

The Common Stock is listed on the New York Stock Exchange under the symbol "HYB."

Under the 1940 Act, the Fund cannot declare or pay dividends or other distributions on the Common Stock or purchase any shares of Common Stock if, at the time of the declaration, distribution or purchase, as applicable, (and after giving effect thereto), asset coverage with respect to senior securities representing indebtedness (as defined in the 1940 Act), if any, would be less than 300% and/or, as applicable, asset coverage with respect to the ATP would be less than 200%. Dividends or other distributions on or purchases of the Common Stock also will be prohibited at any time dividends on the ATP are in arrears or the ATP Basic Maintenance Amount is not maintained.

Pursuant to the Fund's Dividend Reinvestment Plan, holders of the Fund's Common Stock may elect to have all distributions of dividends and capital gains paid in cash, which will be paid by check and mailed directly to such holders by EquiServe Trust Company, N.A. as dividend paying agent (the "Dividend Paying Agent"). All distributions from the Fund will be automatically reinvested by the Dividend Paying Agent under the Automatic Dividend and Distribution Investment

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Plan (the "Plan"), unless holders of Common Stock elect not to participate in the Plan. Stockholders may elect not to participate in the Plan and to have all distributions of dividends and capital gains paid in cash by sending written instructions to the Dividend Paying Agent at the following address: EquiServe, P.O. Box 43011, Providence, Rhode Island 02940-3011 or by calling toll free at (800) 426-5523.

CONVERSION TO OPEN-END STATUS AND REPURCHASE OF SHARES

CONVERSION TO OPEN-END STATUS

The Fund's Board of Directors may elect at any time to submit to the holders of the Common Stock and the ATP a proposal to convert the Fund to an open-end investment company and in connection therewith to redeem or otherwise retire the ATP (subject to any Specific Redemption Provisions) as would be required upon such conversion by the 1940 Act. In determining whether to exercise its discretion to submit this issue to stockholders, the Board of Directors would consider all factors then relevant, including the relationship of the market price of the Common Stock to NAV, the extent to which the Fund's capital structure is leveraged and the possibility of re-leveraging, the spread, if any, between yields on "high-yield" securities in the Fund's portfolio as compared to interest and dividend charges on senior securities and general market and economic conditions. In addition to any vote required by Maryland law, conversion of the Fund to an open-end investment company would require the affirmative vote of the holders of a majority (as defined in the 1940 Act) of each class of the

34

shares entitled to be voted on the matter. Stockholders of an open-end investment company may require the company to redeem their shares at any time (except in certain circumstances as authorized by or under the 1940 Act) at their NAV, less such redemption charges, if any, as might be in effect at the time of redemption. If the Fund converted to an open-end investment company, it could be required to liquidate portfolio securities to meet requests for redemption, and the Common Stock would no longer be listed on the New York Stock Exchange. In the event the Fund converts to open-end status, the Fund would only be able to borrow through bank borrowings within certain limits and would not be allowed to have Preferred Stock, thus requiring a redemption of the ATP.

REPURCHASE OF COMMON STOCK

Shares of closed-end management investment companies frequently trade at a discount from NAV but in some cases trade at a premium. In recognition of the possibility that the Fund's Common Stock might similarly trade at a discount, the Fund may from time to time take action to attempt to reduce or eliminate a market value discount from NAV by repurchasing its Common Stock in the open market or by tendering for its own shares of Common Stock at NAV. Any purchase by the Fund of its Common Stock as at a time when the shares of ATP are Outstanding will increase the leverage applicable to the outstanding Common Stock then remaining. Repurchases of Common Stock may result in the Fund being required to redeem shares of ATP to satisfy asset coverage requirements. Notwithstanding the foregoing, so long as any shares of ATP are Outstanding, the Fund may not purchase, redeem or otherwise acquire any Common Stock unless (1) all accumulated dividends on the ATP have been paid or set aside for payment through the date of such purchase, redemption or other acquisition and (2) at the time of such purchase, redemption or acquisition, the ATP Basic Maintenance Amount and the 1940 Act ATP Asset Coverage (determined after deducting the acquisition price of the Common Stock) are met. Any tender offer will be made and holders of Common Stock notified in accordance with the requirements of the

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Exchange Act and the 1940 Act, either by publication or mailing or both.

UNDERWRITING

Lehman Brothers Inc., whose principal office is located at 745 Seventh Avenue, New York, New York 10019, is acting as Underwriter in this Offering. Lehman has agreed, subject to the terms and conditions contained in the Underwriting Agreement with the Fund and the Investment Adviser, a copy of which is filed as an exhibit to the Registration Statement of which this Prospectus is a part, to purchase from the Fund and the Fund has agreed to sell to Lehman, the newly issued shares of ATP Series C offered hereby.

35

The Underwriting Agreement provides that, if any of the foregoing shares are purchased by Lehman, all must be so purchased, and that the obligations of Lehman to purchase the shares are subject to approval of certain legal matters by counsel and to various other conditions. The Fund and the Investment Adviser have each agreed to indemnify Lehman against, or to contribute to payments that Lehman may be required to make in respect of, certain liabilities, including liabilities under the Securities Act.

Subject to the terms and conditions set forth in the Underwriting Agreement, the Fund will sell the 1,200 newly issued shares of ATP Series C to Lehman on the Date of Original Issue, which is October 17, 2003, by releasing such shares to Lehman's account at the Securities Depository against payment by Lehman for such securities to the Fund's account. On October 20, 2003, which is the next Auction Date after the Date of Original Issue, all the new shares of ATP Series C sold to Lehman will be auctioned in the Auction of the shares of ATP Series C pursuant to the Auction Procedures described under "Auction Procedures," and will thereafter be held in book-entry form as set forth in the Master Purchaser's Letter.

The newly issued shares of ATP Series C will be offered to the public by Lehman at a price of \$25,000 per share plus accumulated dividends, if any. The sales load payable to Lehman for the newly issued shares of ATP Series C of \$250 per share is equal to 1% of the initial offering price. The Fund will also reimburse Lehman for its legal fees and expenses in an amount equal to the lower of: (i) 50% of its legal fees and expenses or (ii) \$35,000. The shares of the

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

ATP are not currently listed on any national securities exchange and the Fund does not intend to apply for listing of the ATP Series C on a national securities exchange. The Fund has been advised by Lehman that Lehman currently intends to make a market in the ATP, as permitted by applicable laws and regulations. However, Lehman is not obligated to make a market in the ATP between Auctions and such market making may be discontinued at any time at its sole discretion. See "Risk Factors and Special Considerations -- Risks of Investing in ATP."

After the Auction which includes the newly issued shares of ATP Series C, payment by each purchaser of the ATP Series C sold through the Auction will be made in accordance with the procedures described under "Auction Procedures -- Notification of Results; Settlement."

To the extent permitted under the 1940 Act and the rules and regulations promulgated thereunder, the Fund anticipates that Lehman may from time to time act as a Broker-Dealer and receive fees in connection with the execution of its portfolio transactions after it has ceased to be the Underwriter and, subject to certain restrictions, may act as a broker while it is the Underwriter. Lehman or one of its affiliates will act in Auctions for the ATP Series C as a Broker-Dealer and will be entitled to fees for services as a Broker-Dealer as set forth under "Auction Procedures -- Broker-Dealers; Commissions."

The settlement date for the purchase of shares of ATP Series C will be October 17, 2003, as agreed upon by the Underwriter, the Fund and the Investment Adviser pursuant to Rule 15c6-1 under the Exchange Act.

INDEPENDENT PUBLIC ACCOUNTANTS

The firm of KPMG LLP, with principal business address at 99 High Street, Boston, Massachusetts 02110, has acted as the Fund's independent public accountants since June 27, 2002. Prior to that date, Arthur Andersen LLP had acted as the Fund's independent public accountants since the Fund's inception. (C) If one or more Sell Orders shall be submitted on behalf of an Existing Holder as to a number of shares of the relevant series of ATP greater than the excess of the number of shares of such series of ATP held by such Existing Holder over the number of shares of such series of ATP subject to Hold Orders and Hold/Sell Orders submitted on behalf of such Existing Holder, such Sell Order or Sell Orders shall be considered valid only as to the number of shares equal to such excess. In the case of multiple Sell Orders, each such Sell Order shall be considered valid pro rata.

"VALUATION DATE" means every Friday, or, if such day is not a Business Day, the next preceding Business Day; provided, however, that the first Valuation Date may occur on any other date established by the Fund; provided, further, however, that such date shall be not more than one week from the date on which the ATP initially is issued.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

"WELLINGTON MANAGEMENT" means Wellington Management Company, LLP, the Fund's previous investment adviser.

"WINNING RATE" means the lowest rate specified in the Submitted Orders which, if (A) each Submitted Hold/Sell Order from Existing Holders specifying such lowest rate and all other Submitted Hold/Sell Orders from Existing Holders specifying lower rates were accepted and (B) each Submitted Buy Order from Potential Holders specifying such lowest rate and all other Submitted Buy Orders from Potential Holders specifying lower rates were accepted, would result in the Existing Holders described in clause (A) above continuing to hold an aggregate number of shares of the relevant series of ATP which, when added to the number of shares of such series of ATP to be purchased by the Potential Holders described in Clause (B) above and the number of shares of such series of ATP subject to Submitted Hold Orders, would be equal to the number of shares of such series of ATP.

OTHER PERSONS

Dear Sirs:

1. This letter is designed to apply to publicly or privately offered debt or equity securities ("Securities") of any issuer ("Company") which are described in any final prospectus or other offering materials relating to such Securities as the same may be amended or supplemented (collectively, with respect to the particular Securities concerned, the "Prospectus") and which involve periodic rate settings through auctions ("Auctions") or remarketing procedures ("Remarketings"). This letter shall be for the benefit of any Company and of any auction agent, paying agent (collectively, "auction agent"), remarketing agent, broker-dealer, agent member, securities depository or other interested person in connection with any Securities and related Auctions or Remarketings (it being understood that such persons may be required to execute specified agreements and nothing herein shall alter such requirements). The terminology used herein is intended to be general in its application and not to exclude any Securities in respect of which (in the Prospectus or otherwise) alternative terminology is used.

2. We may from time to time offer to purchase, offer to sell and/or sell Securities of any Company as described in the Prospectus relating thereto. We agree that this letter shall apply to all such purchases, sales and offers and to Securities owned by us. We understand that the dividend/interest rate on Securities may be based from time to time on the results of Auctions or

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Remarketings as set forth in the Prospectus.

3. We agree that any bid or sell order placed by us in an Auction or a Remarketing shall constitute an irrevocable offer (except as otherwise described in the Prospectus) by us to purchase or sell Securities subject to such bid or sell order, or such lesser amount of Securities as we shall be required to sell or purchase as a result of such Auction or Remarketing, at the applicable price, all as set forth in the Prospectus, and that if we fail to place a bid or sell order with respect to Securities owned by us with a broker-dealer on any Auction or Remarketing Date, or a broker-dealer to which we communicate a bid or sell order fails to submit such bid or sell order to the auction agent or remarketing agent concerned, we shall be deemed to have placed a hold or a sell order with respect to such Securities as described in the Prospectus. We authorize any broker-dealer that submits a bid or sell order as our agent in Auctions or Remarketings to execute contracts for the sale of Securities by such bid or sell order. We recognize that the payment of such broker-dealer for Securities purchased on our behalf shall not relieve us of any liability to such broker-dealer for payment for such Securities.

4. We understand that in a Remarketing, the dividend or interest rate or rates on the Securities and the allocation of Securities tendered for sale between dividend or interest periods of different lengths will be based from time to time on the determinations of one or more remarketing agent(s), and we agree to be conclusively bound by such determinations. We further agree to the payment of different dividend or interest rates to different holders of Securities depending on the length of the dividend or interest period elected by such holders. We agree that any notice given by us to a remarketing agent (or a broker-dealer for transmission to a remarketing agent) of our desire to tender Securities in a Remarketing shall constitute an irrevocable (except to the limited extent set forth in the Prospectus) offer by us to sell the securities specified in such Notice, or such lesser number of Securities as we shall be required to sell as a result of such Remarketing, in accordance with the terms set forth in the Prospectus, and we authorize the remarketing agent to sell, transfer or otherwise dispose of such Securities as set forth in the Prospectus.

5. We agree that, during the applicable period as described in the Prospectus, dispositions of Securities can be made only in the denominations set forth in the Prospectus and we will sell, transfer or otherwise dispose of any Securities held by us from time to time only pursuant to a bid or sell order placed in an Auction, in a Remarketing, to or through a broker-dealer or, when permitted in the Prospectus, to a person that has signed and delivered to the applicable auction agent or a remarketing agent a letter substantially in the form of this letter (or other applicable purchaser's letter), provided that in the case of all transfers other than pursuant to Auctions or Remarketings we or our broker-dealer or our agent member shall advise such auction agent or a remarketing agent of such transfer. We understand that a restrictive legend will be placed on certificates representing the Securities and stop-transfer instructions will be issued to the transfer agent and/or registrar, all as set forth in the Prospectus.

6. We agree that, during the applicable period as described in the Prospectus, ownership of Securities shall be represented by one or more global certificates registered in the name of the applicable securities depository or its nominee, that we will not be entitled to receive any certificate representing the Securities and that our ownership of any Securities will be maintained in book-entry form by the securities depository for the account of our agent member, which in turn will maintain records of our beneficial ownership. We authorize and instruct our agent member to disclose to the applicable auction agent or remarketing agent such information concerning our

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

beneficial ownership of Securities as such auction agent or remarketing agent shall request.

7. We acknowledge that partial deliveries of Securities purchased in Auctions or Remarketings may be made to us and such deliveries shall constitute good delivery as set forth in the Prospectus.

8. This letter is not a commitment by us to purchase any Securities.

9. This letter supersedes any prior-dated version of this master purchaser's letter, and supplements any prior to post-dated purchaser's letter specific to any particular Securities, and this letter may only be revoked by a signed writing delivered to the original recipients hereof.

10. The descriptions of Auction or Remarketing procedures set forth in each applicable Prospectus are incorporated by reference herein and in case of any conflict between this letter, any purchaser's letter specific to particular Securities and any such description, such description shall control.

11. Any xerographic or other copy of this letter shall be deemed of equal effect as a signed original.

14. Our taxpayer identification number is _____.

15. In the case of each offer to purchase, purchase, offer to sell or sale by us of Securities not registered under the Securities Act of 1933, as amended (the "Securities Act"), we represent and agree as follows:

(A) We understand and expressly acknowledge that the Securities have not been and will not be registered under the Securities Act and, accordingly, that the Securities may not be reoffered, resold or otherwise pledged, hypothecated or transferred unless an applicable exemption from the registration requirements of the Securities Act is available.

(B) We hereby confirm that any purchase of Securities made by us will be for our own account, or for the account of one or more parties for which we are acting as trustee or agent with complete investment discretion and with authority to bind such parties, and not with a view to any public resale or distribution thereof. We and each other party for which we are acting which will acquire Securities will be "accredited investors" within the meaning of Regulation D under the Securities Act with respect to the Securities to be purchased by us or such party, as the case may be, will have previously invested in similar types of instruments and will be able and prepared to bear the economic risk of investing in and holding such Securities.

(C) We acknowledge that prior to purchasing any Securities we shall have received a Prospectus (or private placement memorandum) with respect thereto and acknowledge that we will have had access to such financial and other information, and have been afforded the opportunity to ask such questions or representatives of the Company and receive answers thereto, as we deem necessary in connection with our decision, to purchase Securities.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

(D) We recognize that the Company and broker-dealers will rely upon the truth and accuracy of the foregoing investment representations and agreements, and we agree that each of our purchases of Securities now or in the future shall be deemed to constitute our concurrence in all of the foregoing which shall be binding on us and each party for which we are acting as set forth in Subparagraph B above.

INVESTMENT OBJECTIVE AND POLICIES

The investment objective of the Fund is to provide high current income, while seeking to preserve stockholders' capital, through investment in a professionally managed, diversified portfolio of "high-yield" fixed-income securities, commonly known as "junk bonds." No assurance can be given that the Fund will attain its investment objective. Because of the high-risk nature and price volatility of the Fund's investments, as well as the Fund's leveraged structure, it may be difficult to achieve capital preservation on a consistent basis. Specifically, the Fund's cumulative total investment returns for an investment in Common Stock for one-, three- and five- year periods ended September 30, 2003 were 33.46%, -3.18%, -0.98%, respectively. See "The Fund" and "Risk Factors and Special Considerations" in the Prospectus.

INVESTMENT STRATEGY

The policies described below may be changed by the Fund without the approval of the Fund's stockholders.

The Fund's portfolio reflects requirements established by Moody's and Fitch in connection with the issuance by such agencies of investment grade ratings for the Fund's ATP (referred to herein as the "Rating Agency Guidelines"). These guidelines relate, among other things, to industry and credit quality characteristics of issuers and specify various "Discount Factors" for debt securities (with the level of discount greater as the rating of a security becomes lower). Under the Rating Agency Guidelines, certain types of securities in which the Fund may otherwise invest consistent with its investment strategy are not eligible for inclusion in the calculation of the Discounted Value of the Fund's portfolio. Such instruments include, for example, securities rated CC/Ca

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

or lower by the rating agencies, non-rated securities, private placements (other than Rule 144A Securities), non-U.S. securities, preferred or common stock, zero coupon or similar securities that do not provide for the periodic payment of interest in cash and other securities not within the investment guidelines. Accordingly, although the Fund reserves the right to invest in such securities to the extent set forth herein, they have not and it is anticipated that they will not constitute a significant portion of the Fund's portfolio. See "Rating Agency Guidelines."

The Rating Agency Guidelines require that the Fund maintain assets having an aggregate Discounted Value, determined on the basis of the guidelines, greater than the aggregate liquidation preference of the ATP plus specified liabilities, payment obligations and other amounts, as of periodic Valuation Dates. The Rating Agency Guidelines also require the Fund to maintain asset coverage for the ATP on a non-discounted basis of at least 200% as of the end of each month, and the 1940 Act requires such asset coverage as a condition to paying dividends or other distributions on Common Stock. See "Description of ATP--Asset Maintenance." The effect of compliance with these guidelines may be to cause the Fund to invest in higher-quality, lower-yielding assets and/or to maintain relatively substantial balances of highly liquid assets or to restrict the Fund's ability to make certain investments that would otherwise be deemed potentially desirable by the Investment Adviser, including private placements of other than Rule 144A Securities, and to limit or delay the Fund's ability to reinvest cash in a rising "high-yield" market. See "The Fund" and "Risk Factors and Special Considerations--Risks of Investing in ATP" in the Prospectus. The Rating Agency Guidelines are subject to change from time to time with the consent of the relevant rating agency and would not apply if the Fund in the future elected not to use investment leverage consisting of senior securities rated by one or more rating agencies, although other similar arrangements might apply with respect to other senior securities that the Fund may issue.

There is no minimum rating requirement applicable to the fixed-income securities which may be acquired by the Fund. However, compliance with the Rating Agency Guidelines, under which securities rated below CCC/Caa are not eligible for inclusion in the calculation of the Discounted Value of the Fund's assets and other lower-rated securities are heavily discounted in such calculation, may have the effect of precluding or limiting investments in such issues.

"High-yield" bonds, the generic name for corporate bonds rated between BB/Ba and C/C by the rating agencies, are frequently issued by corporations in the growth stage of their development. Bonds which are rated BB/Ba, B/B, CCC/Caa, CC/Ca and C/C are regarded by the rating agencies, on balance, as predominantly speculative with respect to capacity to pay interest and repay principal in accordance with the terms of the obligations. Such securities are also generally considered to be subject to greater risk than securities with higher ratings with regard to a deterioration of general economic conditions. Further information concerning the ratings of corporate bonds, including the rating categories of Moody's, Fitch and S&P is provided in Appendix A. "High-yield" securities held by the Fund may include securities received as a result of a corporate reorganization or issued as part of a corporate takeover. Securities

B-2

issued to finance corporate restructurings may have special credit risks due to the highly leveraged conditions of the issuers, and such securities are usually subordinate to other securities issued by the issuer. In addition, such issuers may lose experienced management as a result of the restructurings. Finally, the market price of such securities may be more volatile to the extent that expected benefits from restructuring do not materialize.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

CERTAIN INVESTMENT PRACTICES

The Fund and the Investment Adviser reserve the right to engage in certain investment practices described below in order to help achieve the Fund's investment objective.

RATING AGENCY RESTRICTIONS. While the Fund has reserved the right to employ the investment practices described below, for so long as any of the ATP is Outstanding and either Moody's or Fitch is rating the ATP, the Fund will not, unless it has received written confirmation from Moody's and/or Fitch, as applicable, that any such action would not impair the respective rating then assigned by Moody's or Fitch to the ATP, engage in any one or more of the following transactions: (i) purchase or sell futures contracts or options thereon with respect to portfolio securities or write unsecured put or uncovered call options on portfolio securities, engage in options transactions involving cross-hedging, or enter into any swap arrangement, other than the arrangement described herein for which the Fund has obtained consent of Moody's and Fitch; (ii) borrow money, except that the Fund may, without obtaining the written confirmation described above, borrow money for the purpose of clearing securities transactions; provided that the ATP Basic Maintenance Amount (as defined under "Description of ATP" in the Statement of Additional Information) would continue to be satisfied after giving effect to such borrowing and if the borrowing matures in not more than 60 days and is non-redeemable; (iii) except in connection with a refinancing of the ATP, issue any class or series of stock ranking prior to or on a parity with the ATP with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the Fund, or reissue any shares of ATP previously purchased or redeemed by the Fund; (iv) engage in any short sales of securities; (v) lend portfolio securities; or (vi) merge or consolidate into or with any other corporation.

REPURCHASE AGREEMENTS. The Fund may enter into repurchase agreements on up to 25% of the value of its total assets. A repurchase agreement is a contract under which the Fund acquires a security for a relatively short period (usually not more than one week) subject to the obligation of the seller to repurchase and the Fund to re-sell such security at a fixed time and price (representing the Fund's cost plus interest). It is the Fund's present intention to enter into repurchase agreements only with commercial banks and registered broker-dealers and only with respect to obligations of the United States government or its agencies or instrumentalities. Repurchase agreements may also be viewed as loans made by the Fund which are collateralized by the securities subject to repurchase. The Investment Adviser will monitor such transactions to ensure that the value of the underlying securities will be at least equal at all times to the total amount of the repurchase obligation, including the interest factor. If the seller defaults, the Fund could realize a loss on the sale of the underlying security to the extent that the proceeds of sale including accrued interest are less than the resale price provided in the agreement including interest. In addition, if the seller should be involved in bankruptcy or insolvency proceedings, the Fund may incur delay and costs in selling the underlying security or may suffer a loss of principal and interest if the Fund is treated as an unsecured creditor and required to return the underlying collateral to the seller's estate.

REVERSE REPURCHASE AGREEMENTS. The Fund may enter into reverse repurchase agreements with respect to debt obligations which could otherwise be sold by the Fund. A reverse repurchase agreement is an instrument under which the Fund may sell an underlying debt instrument and simultaneously obtain the commitment of the purchaser (a commercial bank or a broker or dealer) to sell the security back to the Fund at an agreed upon price on an agreed upon date. The value of underlying securities will be at least equal at all times to the total amount of the resale obligation, including the interest factor. The Fund receives payment for such securities only upon physical delivery or evidence of book entry

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

transfer by its custodian. Securities sold by the Fund under a reverse repurchase agreement must be either segregated pending repurchase or the proceeds must be segregated on the Fund's books and records pending repurchase. Reverse repurchase agreements could involve certain risks in the event of default or insolvency of the other party, including possible delays or restrictions upon the Fund's ability to dispose of the underlying securities. An additional risk is that the market value of securities sold by the Fund under a reverse repurchase agreement could decline below the price at which the Fund is obligated to repurchase them. The Fund will not hold more than 5% of the value of its total assets in reverse repurchase agreements.

B-3

WHEN-ISSUED AND DELAYED DELIVERY SECURITIES. From time to time, in the ordinary course of business, the Fund may purchase securities on a when-issued or delayed delivery basis (i.e., delivery and payment can take place beyond the customary settlement date for transactions in securities of that nature). The purchase price and the interest rate payable on the securities are fixed on the transaction date. The securities so purchased are subject to market fluctuations, and no interest accrues to the Fund until delivery and payment take place. At the time the Fund makes the commitment to purchase securities on a when-issued or delayed delivery basis, it will record the transaction and thereafter reflect the value of such securities in determining its NAV. The Fund will make commitments for such when-issued transactions only with the intention of actually acquiring the securities. To facilitate such acquisitions, the Fund's custodian bank will maintain, in a separate account of the Fund, liquid assets from its portfolio, marked to market daily and having value equal to or greater than such commitments. On the delivery dates for such transactions, the Fund will meet its obligations from maturities or sales of the securities held in the separate account and/or from then available cash flow. If the Fund chooses to dispose of the right to acquire a when-issued security prior to its acquisition, it could, as with the disposition of other portfolio obligations, incur a gain or loss due to market fluctuation.

PERMITTED INVESTMENTS IN PRIVATE PLACEMENT SECURITIES. The Fund is permitted by its investment objective and policies to invest without limitation in private placement securities. Private placement securities are restricted securities and therefore are subject to certain of the following risks which would not apply to securities that were free for immediate public sale. In a private sale of restricted securities, which may involve protracted negotiations and a limited number of purchasers, the possibility of delay and the necessity of obtaining a commitment of investment intent from the purchasers might adversely affect the price of the securities. In a public offering, the delay resulting from registration may make it impossible for the Fund to sell securities at the most desirable time, and the price of the securities may decline between the time of the decision to sell and the time when the sale is accomplished. Because only the issuer of the securities can prepare and file a registration statement under the Securities Act, the Fund may not be able to obtain registration at the most desirable time.

In view of the above risks, the proceeds to the Fund from the sale of restricted securities acquired by private placement could be less than the proceeds from the sale of similar securities which were free for immediate public resale. If the Fund is required to liquidate portfolio investments to satisfy applicable asset coverage requirements, it may be required to dispose of private placement securities at times or prices which are disadvantageous to the Fund.

Private placement securities, unless they are Rule 144A Securities, are generally ineligible for inclusion in the calculation of the Discounted Value of the Fund's investment portfolio under the Rating Agency Guidelines with which

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

the Fund will be required to comply for so long as the shares of ATP remain Outstanding. The guidelines require the Fund to maintain portfolio assets eligible for inclusion in such calculation which have an aggregate Discounted Value in excess of the specified asset coverage levels and may therefore limit the Fund's ability to invest in private placement securities.

FOREIGN INVESTMENTS. The Fund may invest up to 10% of the value of its total assets in securities principally traded in foreign markets. In addition, subject to the Fund's basic investment strategy, the Fund may also purchase Eurodollar certificates of deposit issued by branches of U.S. banks. Foreign investments may involve risks not present to the same degree in domestic investments, such as future political and economic developments, the imposition of withholding taxes on interest income, seizure or nationalization of foreign deposits, the establishment of exchange controls and the adoption of other foreign governmental restrictions which might adversely affect the payment of principal of and interest on such obligations. Foreign securities may be less liquid and more volatile than U.S. securities, and foreign accounting and disclosure standards may differ from U.S. standards. In addition, settlement of transactions in foreign securities may be subject to delays, which could result in adverse consequences to the Fund, including restrictions on the subsequent resale of such securities. The value of foreign investments may rise or fall because of changes in currency exchange rates.

INTEREST RATE TRANSACTIONS. The Fund may enter into interest rate transactions, such as swaps, caps, collars and floors for the purpose or with the effect of hedging its portfolio and/or its payment obligations with respect to senior securities. The Board of Directors, not the Investment Adviser, is responsible for making hedging arrangements with respect to the Fund's senior securities. The costs of any such interest rate transaction and the payment made or received by the Fund thereunder would be borne by or inure to the benefit of the holders of the Fund's Common Stock. If there is a default by the other party to such a transaction, the Fund will have contractual remedies pursuant

B-4

to the agreements related to the transaction. The swap market has grown substantially in recent years with a large number of banks and investment banking firms acting both as principals and as agents utilizing standardized swap documentation. As a result, the swap market has become relatively liquid. The use of interest rate swaps is a highly specialized activity which involves investment techniques and risks different from those associated with ordinary portfolio securities transactions. If the Investment Adviser or the Board of Directors, as applicable, is incorrect in its forecasts of market values, interest rates and other applicable factors, the investment performance of the Fund would diminish compared with what it would have been if these investment techniques were not used. Moreover, even if the Investment Adviser is correct in its forecasts, there is a risk that the swap position may correlate imperfectly with the price of the asset or liability being hedged.

Effective October 1, 2001, the Fund entered into a five-year interest payment Swap Arrangement with Fleet with a notional contract amount of \$100 million at a fixed annual rate of 4.50%. The aggregate effect of this arrangement is to hedge the Fund's dividend payment obligations with respect to \$100 million of the ATP. Pursuant to the Swap Arrangement, the Fund makes payments to Fleet on a monthly basis at fixed annual rate while receiving from Fleet payments at a variable rate determined with reference to the level of short-term interest rates from time to time.

The Fund makes dividend payments to the holders of the ATP on the basis of the results of periodic Auctions in accordance with its terms without regard to the Swap Arrangement and would continue to do so in the event the Swap

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Arrangement is terminated. The Fund has agreed to terminate the Swap Arrangement in the event it fails to maintain certain asset coverage requirements. See "Rating Agency Guidelines." In light of the proposed increase in the Fund's Outstanding ATP, the Fund will consider adjustments in its Swap Arrangement. The timing and amount of any such adjustment will depend upon market conditions.

OPTIONS. The Fund may write (sell) call options which are traded on national securities exchanges with respect to securities in its portfolio. The Fund may only write "covered" call options, that is, options on securities it holds in its portfolio or has an immediate right to acquire through conversion or exchange of securities held in its portfolio. The Fund reserves the right to write call options on its portfolio securities in an attempt to realize a greater current return than would be realized on the securities alone. The Fund may also write call options as a partial hedge against a possible market decline. In view of its investment objective, the Fund generally would write call options only in circumstances in which the Investment Adviser does not anticipate significant appreciation of the underlying security in the near future or has otherwise determined to dispose of the security. As the writer of a call option, the Fund receives a premium for undertaking the obligation to sell the underlying security at a fixed price during the option period, if the option is exercised. So long as the Fund remains obligated as a writer of a call option, it forgoes the opportunity to profit from increases in the market price of the underlying security above the exercise price of the option, except insofar as the premium represents such a profit (and retains the risk of loss should the value of the underlying security decline). The Fund may also enter into "closing purchase transactions" in order to terminate its obligation as a writer of a call option prior to the expiration of the option. Although the writing of call options only on national securities exchanges increases the likelihood that the Fund will be able to make closing purchase transactions, there is no assurance that the Fund will be able to effect such transactions at any particular time or at any acceptable price. The writing of call options could result in increases in the Fund's portfolio turnover rate, especially during periods when market prices of the underlying securities appreciate.

For purposes of valuation of the Fund's assets under the Rating Agency Guidelines (see "Description of ATP--Asset Maintenance"): (i) if the Fund writes a call option, the underlying asset will be valued as follows: (a) if the option is exchange-traded and may be offset readily or if the option expires before the earliest possible redemption of the ATP, at the lower of the Discounted Value of the underlying security of the option and the exercise price of the option or (b) otherwise, it has no value; (ii) if the Fund writes a put option, the underlying asset will be valued as follows: the lesser of (a) exercise price and (b) the Discounted Value of the underlying security determined in accordance with Rating Agency Guidelines; and (iii) call or put options which the Fund buys have no value. For so long as the ATP are rated by Moody's or Fitch: (i) the Fund will not engage in options transactions for leveraging or speculative purposes; (ii) the Fund will not write or sell any anticipatory contracts pursuant to which the Fund hedges the anticipated purchase of an asset prior to completion of such purchase; (iii) the Fund will not enter into an option transaction with respect to portfolio securities unless, after giving effect thereto, the Fund would continue to be in compliance with applicable rating agency asset coverage requirements (see "Description of ATP--Asset Maintenance"); (iv) the Fund shall write only exchange-traded options on exchanges approved by Moody's (if Moody's is then rating the ATP) and Fitch (if Fitch is then rating the ATP); (v) the Fund will not engage in forward contracts; and (vi) there shall be a quarterly audit made

B-5

of the Fund's options transactions, if any, by the Fund's independent accountants to confirm that the Fund is in compliance with these standards.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

FUTURES CONTRACTS AND RELATED OPTIONS. The Investment Adviser does not currently intend that the Fund will invest in futures contracts or related options with respect to the portfolio. However, the Fund has reserved the right, subject to the approval of the Board of Directors, to purchase and sell financial futures contracts and options on such futures contracts for the purpose of hedging its portfolio securities (or portfolio securities which it expects to acquire) against anticipated changes in prevailing interest rates. This technique could be employed if the Investment Adviser anticipates that interest rates may rise, in which event the Fund could sell a futures contract to protect against the potential decline in the value of its portfolio securities. Conversely, if declining interest rates were anticipated, the Fund could purchase a futures contract to protect against a potential increase in the price of securities the Fund intends to purchase.

In the event the Fund determines to invest in futures contracts and options thereon, it will not purchase or sell such instruments if, immediately thereafter, the amount committed to margin plus the amount paid for premiums for unexpired options on futures contracts would exceed 5% of the value of the Fund's total assets. There is no overall limitation on the percentage of the Fund's portfolio securities which may be subject to a hedge position. The Fund also intends to comply with Rule 4.5 of the Commodity Futures Trading Commission under which the Fund will be exempted from registration as a commodity pool operator. Rule 4.5 was recently amended to eliminate any restrictions on trading of commodity interests, but does continue to require disclosure to the investors that the Fund has claimed the exclusion available under Rule 4.5 and that therefore, the Fund is not subject to registration or regulation as a commodity pool operator.

RISKS OF HEDGING TRANSACTIONS. The use of options, financial futures and options on financial futures may involve risks not associated with other types of investments which the Fund intends to purchase, and it is possible that a portfolio that utilizes hedging strategies may perform less well than a portfolio that does not make use of such devices. Use of put and call options may result in losses to the Fund, force the sale of portfolio securities at inopportune times or for prices other than at current market values, limit the amount of appreciation the Fund can realize on its investments or cause the Fund to hold a security it might otherwise sell. The use of options and futures transactions entails certain other risks. In particular, the variable degree of correlation between price movements of futures contracts and price movements in the related portfolio position of the Fund creates the possibility that losses on the hedging instrument may be greater than gains in the value of the Fund's position. In addition, futures and options markets may not be liquid in all circumstances and certain over-the-counter options may have no markets. As a result, in certain markets, the Fund might not be able to close out a transaction without incurring substantial losses, if at all. Although the contemplated use of these futures contracts and options thereon should tend to minimize the risk of loss due to a decline in the value of the hedged position, at the same time they tend to limit any potential gain which might result from an increase in value of such position. Finally, the daily variation margin requirements for futures contracts and the sale of options thereon would create a greater ongoing potential financial risk than would purchases of options, where the exposure is limited to the cost of the initial premium.

INCURRENCE OF INDEBTEDNESS. For so long as any of the ATP are Outstanding, the Fund will not borrow money or issue senior securities representing indebtedness unless it has received written notice from Moody's (if Moody's is then rating the ATP) and Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP which so requires that such action would not impair the Aaa/AAA Credit Rating. For so long as any of the Fund's Preferred Stock, including the ATP, is outstanding, the lesser of (a) a vote of 67% of the shares of the Fund's Preferred Stock present at a meeting at which

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

more than 50% of the outstanding shares of Preferred Stock entitled to vote is present or (b) a vote of more than 50% of the outstanding shares of Preferred Stock, in each case voting as a separate class, must approve any Fund borrowing. Preferred stockholder approval, however, is not required if the Fund borrows for temporary or emergency purposes in accordance with its investment policies and restrictions or for the purpose of clearing transactions. To the extent that the Fund does incur any borrowings, such borrowings would typically be senior in right of payment to the ATP and the Common Stock upon liquidation of the Fund.

SECURITIES LOANS. The Fund reserves the right to make secured loans of its portfolio securities amounting to not more than one-third of the value of its total assets, thereby realizing additional income. However, for so long as any of the ATP is Outstanding and either Moody's or Fitch is rating the ATP, the Fund will not lend portfolio securities

B-6

unless it has received written confirmation from Moody's and/or Fitch that such action would not impair the respective rating. The risks in lending portfolio securities, as with other extensions of credit, consist of possible delays in recovery of the securities or possible loss of rights in the collateral should the borrower fail financially. As a matter of policy, securities loans are made to unaffiliated broker-dealers pursuant to agreements requiring that loans be continuously secured by collateral in cash or short-term debt obligations at least equal at all times to the value of the securities subject to the loan. The borrower pays to the Fund an amount equal to any interest or dividends received on the securities subject to the loan. The Fund retains all or a portion of the interest received on investment of the cash collateral or receives a fee from the borrower. Although voting rights or rights to consent with respect to the loaned securities pass to the borrower, the Fund retains the right to call the loans at any time on reasonable notice, and it will do so in order that the securities may be voted by the Fund if the holders of such securities are asked to vote upon or consent to matters materially affecting the investment. The Fund may also call such loans in order to sell the securities involved.

RATING AGENCY GUIDELINES

The Fund intends at all times that, so long as any ATP is Outstanding and Moody's and Fitch are then rating the ATP, the composition of its portfolio will reflect guidelines established by Moody's and Fitch in connection with obtaining the Aaa/AAA Credit Rating with respect to the ATP.

The Fund intends to maintain a Discounted Value for its portfolio at least equal to the amount specified by each rating agency (the "ATP Basic Maintenance Amount"), the determination of which is as set forth under "Description of ATP--Asset Maintenance." Moody's and Fitch have each established separate guidelines for determining Discounted Value. To the extent any particular portfolio holding does not satisfy the applicable rating agency's guidelines, all or a portion of such holding's value will not be included in the calculation of Discounted Value (as defined by such rating agency). The Moody's and Fitch guidelines do not impose any limitations on the percentage of Fund assets that may be invested in holdings not eligible for inclusion in the calculation of the Discounted Value of the Fund's portfolio. The amount of such assets included in the portfolio at any time may vary depending upon the rating, diversification and other characteristics of the assets included in the portfolio which are eligible for inclusion in the Discounted Value of the portfolio under the Rating Agency Guidelines ("Eligible Assets").

It is a condition of the Underwriter's obligation to purchase the newly issued shares of ATP Series C that the Fund obtain a rating of Aaa from Moody's and a rating of AAA from Fitch as of the Date of Original Issue. As described by

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Moody's, an issue of preferred stock which is rated Aaa is considered to be top-quality preferred stock with good asset protection and the least risk of dividend impairment within the universe of preferred stocks. As described by Fitch, a preferred stock rating of AAA indicates strong asset protection, conservative balance sheet ratios and positive indications of continued protection of preferred dividend requirements. A Moody's or Fitch credit rating of preferred stock does not address the likelihood that a resale mechanism (e.g., the Auction) will be successful.

Ratings are not recommendations to purchase, hold or sell shares of ATP, inasmuch as the rating does not comment as to market price or suitability for a particular investor. The rating is based on current information furnished to Moody's and Fitch by the Fund and obtained by Moody's and Fitch from other sources. The rating may be changed, suspended or withdrawn as a result of changes in, or unavailability of, such information. The ATP will be subject to mandatory redemption in the event that the Aaa/AAA Credit Rating is not available for the ATP and the Fund is unable to obtain the Aaa/AAA Credit Rating for the ATP from a substitute rating agency or agencies within the time specified herein. While the Fund does not presently intend to seek a rating from a rating agency other than Moody's and Fitch, it reserves the right to do so.

MOODY'S Aaa RATING GUIDELINES

For purposes of calculating the Discounted Value of the Fund's portfolio under current Moody's guidelines, the fair market value of portfolio securities eligible for consideration under such guidelines ("Moody's Eligible Assets") must be discounted by certain Discount Factors set forth below ("Moody's Discount Factors"). The Discounted Value of a portfolio security under Moody's guidelines is the Market Value thereof, determined as specified by Moody's, divided by the Moody's Discount Factor. The Moody's Discount Factor with respect to securities other than those described below will be the percentage provided in writing by Moody's.

CORPORATE DEBT SECURITIES. Under current Moody's guidelines, portfolio securities that are corporate debt securities will not be included in the calculation of the Discounted Value of the Fund's portfolio unless (a) such

B-7

securities are rated Caa or higher by Moody's; (b) the senior unsecured rating of the issuer's corporate bonds is higher than B3; (c) such securities provide for the periodic payment of interest in cash in U.S. dollars; (d) such securities do not provide for conversion or exchange into equity capital at any time over their lives; (e) for debt securities rated Bal and below, no more than 10% of the original amount of such issue may constitute Moody's Eligible Assets; (f) the issuer of such securities has not filed a petition seeking relief under the U.S. Bankruptcy Code of which the issuer has given public notice; (g) the issuer of such securities is not in default on the payment of principal and interest on any of its fixed-income obligations or the payment of dividends on any of its preferred stock; (h) the auditor's report to the most recently issued audited financial statements of such issuer includes an "unqualified opinion," as defined in applicable auditing standards; and (i) such securities have been registered under the Securities Act or are Rule 144A Securities. Thus, the Moody's guidelines have the effect of prohibiting or significantly restricting investments in securities other than fixed-income obligations of U.S. issuers which are rated Caa or higher.

The Discounted Value of any Moody's Eligible Asset that is a corporate debt security is the percentage determined by reference to the rating on such asset (which percentage is based upon the Exposure Period) with reference to the remaining term to maturity of such assets, in accordance with the table set

The Moody's guidelines impose minimum issue size, issuer and industry diversification and other requirements for purposes of determining Moody's Eligible Assets. Where the Fund sells an asset and agrees to repurchase such asset in the future, the Discounted Value of such asset will constitute a Moody's Eligible Asset and the amount the Fund is required to pay upon repurchase of such asset will count as a liability for the purposes of the ATP Basic Maintenance Amount. Where the Fund purchases an asset and agrees to sell it to a third party in the future, cash receivable by the Fund thereby will constitute a Moody's Eligible Asset if the long-term debt of such other party is rated at least A2 by Moody's and such agreement has a term of 30 days or less; otherwise the Discounted Value of such asset will constitute a Moody's Eligible Asset. For the purposes of calculation of Moody's Eligible Assets, portfolio securities which have been called for redemption by the issuer thereof are valued at the lower of Market Value or the call price of such portfolio securities.

B-10

Notwithstanding the foregoing, an asset will not be considered a Moody's Eligible Asset to the extent that it has been irrevocably deposited for the payment of (i) (A) through (i) (F) under the definition of ATP Basic Maintenance Amount (see "Description of ATP--Asset Maintenance") or it is subject to any material lien, mortgage, pledge, security interest or security agreement of any kind (collectively, "Liens"), except for (a) Liens which are being contested in good faith by appropriate proceedings and which Moody's has indicated to the Fund will not affect the status of such asset as a Moody's Eligible Asset, (b) Liens for taxes that are not then due and payable or that can be paid thereafter without penalty, (c) Liens to secure payment for services rendered or cash advanced to the Fund by its investment adviser, the Fund's custodian, transfer agent or registrar or the auction agent for the ATP (the "Auction Agent") and (d) Liens by virtue of any repurchase agreement.

The effect of the foregoing Discount Factors may be to cause the Fund to invest in higher-rated, lower-yielding securities than it would if it were not required to maintain specified asset coverage on a discounted basis. This may have the effect of reducing the yield on the portfolio. See "Risk Factors and Special Considerations" in the Prospectus.

PREFERRED STOCK. Under current Moody's guidelines, portfolio securities that are preferred stocks will not be included in the calculation of Discounted Value of the Fund's portfolio unless (a) dividends on such preferred stock are cumulative, (b) such securities provide for the periodic payment of dividends thereon in cash in U.S. dollars and do not provide for conversion or exchange into, or have warrants attached entitling the holder to receive, equity capital at any time over the respective lives of such securities, (c) the issuer of such a preferred stock has common stock listed on either the New York Stock Exchange or the American Stock Exchange, (d) the issuer of such a preferred stock has a senior debt rating from Moody's of Baal or higher or a preferred stock rating from Moody's of Baa3 or higher and (e) such preferred stock has paid consistent cash dividends in U.S. dollars over the last three years or has a minimum rating of A1 (if the issuer of such preferred stock has other preferred issues outstanding that have been paying dividends consistently for the last three years, then a preferred stock without such a dividend history would also be eligible). In addition, the preferred stocks must have the following diversification requirements: (x) the preferred stock issue must be greater than \$50 million and (y) the minimum holding by the Fund of each issue of preferred stock is \$500,000 and the maximum holding of preferred stock of each issue is \$5 million. In addition, preferred stocks issued by transportation companies will not be considered as Moody's Eligible Assets.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

The Moody's Discount Factors for Moody's Eligible Assets that are preferred stock are (a) 152% for utility preferred stocks, (b) 197% for industrial/financial preferred stocks and (c) 350% for auction rate preferred stocks.

OTHER MOODY'S ELIGIBLE ASSETS. In addition to corporate debt securities and preferred stocks which satisfy the above requirements, Moody's Eligible Assets also include the following:

(i) cash (including, for this purpose, interest and dividends due on assets rated (A) Baa3 or higher by Moody's if the payment date is within five Business Days of the Valuation Date, (B) A2 or higher if the payment date is within 30 days of the Valuation Date, and (C) A1 or higher if the payment date is within the Exposure Period) and receivables for Moody's Eligible Assets sold if the receivable is due within five Business Days of the Valuation Date, and if the trades which generated such receivables are (A) settled through clearing house firms with respect to which the Fund has received prior written authorization from Moody's or (B) (1) with counter-parties having a Moody's long-term debt rating of at least Baa3 or (2) with counter-parties having a Moody's short-term money market instrument rating of at least Prime-1;

(ii) short-term money market instruments (as defined by Moody's), so long as (A) such securities are rated at least Prime-1, (B) in the case of demand deposits, time deposits and overnight funds, the supporting entity is rated at least A2, or (C) in all other cases, the supporting entity (1) is rated A2 and the security matures within one month, (2) is rated A1 and the security matures within three months, or (3) is rated at least Aa3 and the security matures within six months; provided, however, that for purposes of this definition, such instruments (other than commercial paper rated by S&P and not rated by Moody's) need not meet any otherwise applicable S&P rating criteria;

(iii) U.S. Treasury Securities and Treasury Strips (as defined by Moody's); and

(iv) financial contracts, as such term is defined in Section 3(c) (2) (B) (ii) of the 1940 Act, may be included in Moody's Eligible Assets, but, with respect to any financial contract, only upon receipt by the Fund of a writing from Moody's specifying any conditions on including such financial contract in Moody's Eligible Assets and assuring the Fund that including such financial contract in the manner so specified would not affect the credit rating assigned by Moody's to the ATP.

B-11

A Moody's Discount Factor of 100% will be applied to cash. The Moody's Discount Factor applied to Moody's Eligible Assets that are short-term money instruments (as defined by Moody's) will be (a) 100%, so long as portfolio securities mature or have a demand feature at par exercisable within 41 days of the relevant Valuation Date (the "Exposure Period"), (b) 115%, so long as such portfolio securities mature or have a demand feature at par not exercisable within the Exposure Period, and (c) 125%, if such securities are not rated by Moody's, so long as such portfolio securities are rated at least A-1 +/AA or SP-1 +/AA by S&P and mature or have a demand feature at par exercisable within the Exposure Period.

The Moody's Discount factors for Moody's Eligible Assets that are U.S. Treasury Securities and U.S. Treasury Strips are as follows:

FITCH AAA RATING GUIDELINES

For purposes of calculating the Discounted Value of the Fund's portfolio under current Fitch guidelines, the fair market value of portfolio securities eligible for consideration under such guidelines ("Fitch Eligible Assets") must be discounted by certain Discount Factors set forth below ("Fitch Discount Factors"). The Discounted Value of a portfolio security under the Fitch guidelines is the Market Value thereof determined as specified by Fitch divided by the Fitch Discount Factor. The Fitch Discount Factor with respect to securities other than those described below will be the percentage provided in writing by Fitch.

DEBT SECURITIES. Under current Fitch guidelines, securities will not be deemed "Debt Securities" includable in the calculation of the Discounted Value of the Fund's portfolio unless (a) such securities are rated CCC or higher by Fitch or, if unrated by Fitch, rated Caa or higher by Moody's and CCC or higher by SP (b) such securities provide for the periodic payment of interest in cash in U.S. dollars; (c) such securities do not provide for conversion or exchange into equity capital at any time over their lives; (d) such securities have been registered under the Securities Act or are Rule 144A Securities; (e) such securities are issued by (1) a U.S. corporation, (2) a corporation domiciled in Argentina, Australia, Brazil, Chile, France, Germany, Italy, Japan, Korea, Mexico, Spain, or the United Kingdom (the "Approved Foreign Nations"), (3) the government of any Approved Foreign Nation or any of its agencies, instrumentalities or

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

political subdivisions (the debt securities of Approved Foreign Nation issuers being referred to collectively as "Foreign Bonds"), (4) a corporation domiciled in Canada or (5) the Canadian government or any of its agencies, instrumentalities or political subdivisions (the debt securities of Canadian issuers being referred to collectively as "Canadian Bonds"); and (f) in the case of Foreign and Canadian Bonds, such securities are denominated in U.S. dollars. Foreign Bonds held by the Fund will qualify as Fitch Eligible Assets only up to a maximum of 20% of the aggregate Market Value of all assets constituting Fitch Eligible Assets. Similarly, Canadian Bonds held by the Fund will qualify as Fitch Eligible Assets only up to a maximum of 20% of the aggregate Market Value of all assets constituting Fitch Eligible Assets. Notwithstanding the limitations in the two preceding sentences, Foreign Bonds and Canadian Bonds held by the Fund will qualify as Fitch Eligible Assets only up to a maximum of 30% of the aggregate Market Value of all assets constituting Fitch Eligible Assets. In addition, bonds which are issued in connection with a reorganization under U.S. federal bankruptcy law ("Reorganization Bonds") will be considered Debt Securities constituting Fitch Eligible Assets if (a) they are rated CCC or higher by Fitch or, if unrated by Fitch, rated Caa or higher by Moody's and CCC or higher by SP (b) they provide for periodic payment of interest in cash in U.S. dollars; (c) they do not provide for conversion or exchange into equity capital at any time over their lives; (d) they have been registered under the Securities Act or are Rule 144A Securities; (e) they were issued by a U.S. corporation; and (f) at the time of purchase at least one year had elapsed since the issuer's reorganization. Reorganization Bonds may also be considered Debt Securities constituting Fitch Eligible Assets if they have been approved by Fitch, which approval shall not be unreasonably withheld.

The Discounted Value of any Fitch Eligible Asset that is a debt security constituting a Fitch Eligible Asset (see "Debt Securities," above) is the percentage determined by reference to (i) the rating on such asset (i.e., whether it is a Type I, Type II, Type III, Type IV, Type V, Type VI or Type VII Debt Security as defined below) and (ii) the remaining term to maturity of such assets, in accordance with the table set forth below. However, the Fitch Discount Factor that will be applied to: (A) Rule 144A Securities will be (i) 110% of the Fitch Discount Factor which would apply were the securities registered under the Securities Act, if such securities are from issues of \$100 million or less and (ii) the Fitch Discount Factor which would apply were the securities registered under the Securities Act, if such securities are from issues of more than \$100 million and (B) Foreign Bonds will be 120% of the Fitch Discount Factor which would apply were the securities issued by a U.S. corporation.

OTHER FITCH ELIGIBLE ASSETS. Other Fitch Eligible Assets include the following:

(i) cash (including, for this purpose, interest and dividends due on assets rated (A) Baa3 or higher by Moody's, BBB or higher by S&P or BBB or higher by Fitch if the payment date is within five Business Days of the Valuation Date, (B) A2 or higher by Moody's and either A or higher by S&P or A or higher by Fitch if the payment date is within 30 days of the Valuation Date, and (C) A1 or higher by Moody's and either A+ or higher by S&P or A+ or higher by Fitch if the payment date is within the Exposure Period) and receivables for Fitch Eligible Assets sold if the receivable is due within five Business Days of the Valuation Date, and if the trades which generated such receivables are (A) settled through clearing house firms with respect to which the Fund has received prior written authorization from Fitch or (B) (1) with counter-parties having a Fitch long-term debt rating of at least BBB- by Fitch, if rated by Fitch or, if not rated by Fitch, then rated at least BBB- by S&P and rated at least Baa3 by Moody's or (2) with counter-parties having a Fitch Short-Term Money Market Instrument rating of at least F-1 + by Fitch, if rated by Fitch or, if not rated by Fitch, then rated at least A-1 by S&P and rated at least P-I by Moody's;

(ii) Short-Term Money Market Instruments so long as (A) such securities are rated at least P-1 by Moody's and either at least A-1 + by S&P or F1 + by Fitch, (B) in the case of demand deposits, time deposits and overnight funds, the supporting entity is rated at least A2 by Moody's and either at least A by S&P or A by Fitch, or (C) in all other cases, the supporting entity (1) is rated at least A2 by Moody's and at least A by S&P and the security matures within one month, (2) is rated at least A1 by Moody's and either at least A+ by S&P or at

least A by Fitch and the security matures within three months or (3) is rated at least Aa3 by Moody's and either at least AA by S&P or at least AA by Fitch and the security matures within six months; and

(iii) U.S. Treasury Securities.

The Fitch Discount Factors for Fitch Eligible Assets that are U.S. Treasuries are as follows:

U.S. TREASURY SECURITIES with remaining maturities of:

less than or equal to 1 year	1.06
greater than 1 year, but less than or equal to 2 years	1.11
greater than 2 years, but less than or equal to 5 years	1.16
greater than 5 years, but less than or equal to 15 years	1.24
greater than 25 years, but less than or equal to 30 years	1.26

The Fitch Discount Factor applied to short-term portfolio securities will be (A) 100%, so long as such portfolio securities mature or have a demand feature at par exercisable within the Exposure Period and, (B) 125%, so long as such portfolio securities neither mature nor have a demand feature at par exercisable within the Exposure Period. A Fitch Discount Factor of 100% will be applied to cash.

FINANCIAL CONTRACTS, as such term is defined in Section 3(c)(2)(B)(ii) of the 1940 Act, may be included in Fitch Eligible Assets, but, with respect to any financial contract, only upon receipt by the Fund of a writing from Fitch specifying any conditions on including such financial contract in Fitch Eligible Assets and assuring the Fund that including such financial contract in the manner so specified would not affect the credit rating assigned by Fitch to the ATP.

Under current Fitch guidelines, portfolio securities that are preferred stocks will not be deemed Fitch Eligible Assets.

When the Fund sells an asset and agrees to repurchase such asset in the future, the Discounted Value of such asset will constitute a Fitch Eligible Asset and the amount the Fund is required to pay upon repurchase of such asset will count as a liability for the purposes of the ATP Basic Maintenance Amount. Where the Fund purchases an asset and agrees to sell it to a third party in the future, cash receivable by the Fund thereby will constitute a Fitch Eligible Asset if the long-term debt of such other party is rated at least A2 by Moody's and A by S&P and such agreement has a term of 30 days or less; otherwise the Discounted Value of such asset will constitute a Fitch Eligible Asset.

Notwithstanding the foregoing, an asset will not be considered a Fitch Eligible Asset to the extent that it has been irrevocably deposited for the payment of (i) (A) through (i) (F) under the definition of ATP Basic Maintenance Amount (see "Description of ATP--Asset Maintenance") or it is subject to any material Lien, except for (a) Liens which are being contested in good faith by appropriate proceedings and which Fitch has indicated to the Fund will

B-16

not affect the status of such asset as a Fitch Eligible Asset, (b) Liens for taxes that are not then due and payable or that can be paid thereafter without penalty, (c) Liens to secure payment for services rendered or cash advanced to the Fund by its investment adviser, the Fund's custodian, transfer agent or

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

registrar or the Auction Agent and (d) Liens by virtue of any repurchase agreement.

* * *

For so long as any of the ATP is Outstanding and either Moody's, Fitch or any Other Rating Agency is rating the ATP, the Fund will not, unless it has received written confirmation from Moody's, Fitch or any Other Rating Agency, as applicable, that any such action would not impair the respective rating then assigned by Moody's, Fitch, or such Other Rating Agency to the ATP, engage in any one or more of the following transactions: (i) purchase or sell futures contracts or options thereon with respect to portfolio securities or write unsecured put or uncovered call options on portfolio securities, engage in options transactions involving cross-hedging, or enter into any swap transaction; or (ii) borrow money, except that the Fund may, without the written confirmation described above, borrow money for the purpose of clearing securities transactions; provided that the ATP Basic Maintenance Amount would continue to be satisfied after giving effect to such borrowing and if the borrowing matures in not more than 60 days and is non-redeemable; or (iii) except in connection with a refinancing of the ATP, issue any class or series of stock ranking prior to or on a parity with the ATP with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the Fund, or reissue any shares of ATP previously purchased or redeemed by the Fund; or (iv) engage in any short sales of securities; or (v) lend portfolio securities; or (vi) merge or consolidate into or with any other corporation.

For purposes of valuation of Eligible Assets: (A) if the Fund writes a call option, the underlying asset will be valued as follows: (1) if the option is exchange-traded and may be offset readily or if the option expires before the earliest possible redemption of the ATP, at the lower of the Discounted Value of the underlying security of the option and the exercise price of the option or (2) otherwise, it has no value; (B) if the Fund writes a put option, the underlying asset will be valued as follows: the lesser of (1) exercise price and (2) the Discounted Value of the underlying security; and (C) call or put options which the Fund buys have no value.

For so long as ATP are rated by Moody's or Fitch: (A) the Fund will not engage in options transactions for leveraging or speculative purposes; (B) the Fund will not write or sell any anticipatory contracts pursuant to which the Fund hedges the anticipated purchase of an asset prior to completion of such purchase; (C) the Fund will not enter into an option transaction with respect to portfolio securities unless, after giving effect thereto, the Fund would continue to have Eligible Assets with an aggregate Discounted Value equal to or greater than the ATP Basic Maintenance Amount; (D) the Fund will not enter into an option transaction with respect to portfolio securities unless after giving effect to such transaction the Fund would continue to be in compliance with the provisions relating to the ATP Basic Maintenance Amount; (E) for purposes of the ATP Basic Maintenance Amount assets in margin accounts are not Eligible Assets; (F) the Fund shall write only exchange-traded options on exchanges approved by Moody's (if Moody's is then rating the ATP) and Fitch (if Fitch is then rating the ATP); (G) where delivery may be made to the Fund with any of a class of securities, the Fund shall assume for purposes of the ATP Basic Maintenance Amount that it takes delivery of that security which yields it the least value; (H) the Fund will not engage in forward contracts; and (I) there shall be a quarterly audit made of the Fund's options transactions by the Fund's independent accountants to confirm that the Fund is in compliance with these standards.

The Board of Directors may, without approval of any Holder of the ATP or any other stockholder of the Fund, from time to time amend, alter or repeal any or all of the definitions which relate to the Moody's and Fitch guidelines and

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

which generally establish the investment guidelines for the Fund's portfolio in the event the Fund receives written confirmation from the appropriate rating agency that any such amendment, alteration or repeal would not impair the rating then assigned to the ATP by such rating agency. In addition, the Board of Directors, without the vote or consent of the Fund's stockholders, may from time to time adopt, amend, alter or repeal any or all of additional or other definitions or add covenants and other obligations of the Fund (e.g., maintenance of a minimum liquidity level) or confirm the applicability of covenants and other obligations in connection with obtaining or maintaining the rating of Moody's, Fitch or any Other Rating Agency with respect to the ATP. See "Description of ATP--Voting Rights."

B-17

PORTFOLIO MATURITY AND TURNOVER

The Fund's holdings may include issues of various maturities. Ordinarily, the Fund will emphasize investments in medium and longer-term instruments (i.e., those with maturities in excess of three years), but the weighted average maturity of portfolio holdings may be shortened or lengthened depending on the Investment Adviser's general investment outlook or changes in the characteristics of "high-yield" securities. To the extent the weighted average maturity of the Fund's portfolio securities is lengthened, the value of such holdings will be more susceptible to fluctuations in response to changes in interest rates and general economic conditions. As of September 30, 2003, the weighted average maturity of the Fund's portfolio holdings was approximately 7.16 years. The weighted average maturity of the Fund's portfolio will fluctuate depending on market conditions and investment opportunities. The Fund, however, does not expect that the weighted average maturity of the Fund's portfolio will, under normal conditions, exceed 15 years.

The Investment Adviser actively makes portfolio adjustments that reflect the Fund's investment strategy, but generally does not trade securities for the Fund for the purpose of seeking short-term profits. It will, however, change the Fund's securities, regardless of how long they have been held, when it believes doing so will further the Fund's investment objective.

In light of the Fund's investment objective and policies, it is anticipated that the Fund's portfolio turnover rate may, from time to time, exceed 100% per annum. A 100% annual turnover rate would occur, for example, if all the securities in the Fund's portfolio were replaced once within a period of one year. The Fund reserves full freedom with respect to portfolio turnover. In periods when there are rapid changes in economic conditions or security price levels or when investment strategy is changed significantly, portfolio turnover may be significantly higher than during times of economic and market price stability, when investment strategy remains relatively constant. A high rate of portfolio turnover may result in increased transaction costs for the Fund in the form of increased dealer spreads and brokers commissions. For fiscal years ended December 31, 2000, 2001, and 2002, the Fund did not pay any brokerage commissions for the execution of portfolio transactions. The Fund's portfolio turnover rates for the fiscal years ended December 31, 2000, 2001, and 2002 were 45.58%, 38.89% and 82.47%, respectively. The change in the Fund's investment adviser from Wellington Management to T. Rowe Price on December 2, 2002 contributed to the increased portfolio turnover rate in the year ended December 31, 2002.

TAXATION

The following discussion offers only a brief outline of the federal income tax consequences of investing in ATP. Investors should consult their own tax advisors for more detailed information and for information regarding the impact

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

of state and local taxes upon such an investment.

FEDERAL INCOME TAX TREATMENT OF THE FUND

The Fund qualifies and elects to be treated as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code") and intends to qualify under those provisions each year. To qualify as a regulated investment company, the Fund must, among other things, (a) derive in each taxable year at least 90% of its gross income from dividends, interest, payments with respect to securities loans and gains from the sale or other disposition of stock, securities or foreign currencies, or other income (including but not limited to gains from options, futures, or forward contracts) derived with respect to its business of investing in stocks, securities or currencies; (b) diversify its holdings so that, at the end of each quarter of its taxable year, (i) at least 50% of the market value of the Fund's assets is represented by (A) cash, cash items (including receivables), U.S. Government securities and securities of other regulated investment companies, and (B) other securities, with such other securities of any one issuer generally limited for the purposes of this calculation to an amount not greater than 5% of the value of the Fund's total assets and 10% of the outstanding voting securities of such issuer and (ii) not more than 25% of the value of its total assets is invested in the securities of any one issuer (other than U.S. Government securities or securities of other regulated investment companies), or two or more issuers which the Fund controls and which are determined to be engaged in the same or similar trades or businesses or related trades or businesses.

As a regulated investment company, in any fiscal year with respect to which the Fund distributes at least 90% of its net investment income (i.e., the Fund's investment company taxable income, as that term is defined in the Code,

B-18

without regard to the deduction for dividends paid), the Fund (but not its stockholders) generally will be relieved of U.S. federal income taxes on its net investment income and net capital gains (i.e., the Fund's net long-term capital gains in excess of the sum of net short-term capital losses and capital loss carryovers from prior years, if any) that it distributes to stockholders. However, the Fund will be subject under current tax rates to a federal income tax at a maximum effective rate of 35% on any undistributed net investment income and net capital gain. Amounts not distributed on a timely basis in accordance with a calendar year distribution requirement are subject to a nondeductible 4% excise tax payable by the Fund. To avoid the tax, the Fund must distribute, or be deemed to have distributed, during each calendar year an amount equal to the sum of (1) at least 98% of its ordinary income (not taking into account any capital gains or losses) for the calendar year, (2) at least 98% of its capital gains in excess of its capital losses (adjusted for certain ordinary losses) for the twelve-month period ending on October 31 of the calendar year, and (3) all ordinary income and capital gains for previous years that were not distributed during such years. For this purpose, any income or gain retained by the Fund that is subject to corporate tax will be considered to have been distributed by year-end. To prevent application of the excise tax, the Fund intends to make its distributions in accordance with the calendar year distribution requirement. Compliance with the calendar year distribution requirement may limit the extent to which the Fund will be able to retain its net capital gains for investment.

If in any taxable year the Fund fails to qualify as a regulated investment company under the Code, the Fund will be taxed in the same manner as an ordinary corporation and distributions to its stockholders will not be deductible by the Fund in computing its taxable income. In addition, in the event of failure to qualify, the Fund's distributions, to the extent derived from the Fund's current

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

or accumulated earnings and profits, will constitute dividends. Such distributions generally will be eligible (i) for the dividends-received deduction in the case of corporate shareholders and (ii) for treatment as qualified dividend income in the case of individual shareholders.

If the Fund does not meet the asset coverage requirements of the 1940 Act, the Fund will be required to suspend distributions to the holders of the Common Stock and/or the ATP until the asset coverage is restored. See "Description of ATP--Dividends and Dividend Periods." Such a suspension of distributions might prevent the Fund from distributing 90% of its net investment income, as is required in order to qualify for taxation as a regulated investment company, or cause the Fund to incur a tax liability or a non-deductible 4% excise tax on its undistributed taxable income (including gain), or both.

Upon any failure to meet the asset coverage requirements of the 1940 Act, the Fund intends to repurchase or redeem (to the extent permitted under the 1940 Act) ATP in order to maintain or restore the requisite asset coverage and avoid failure to remain qualified as a regulated investment company. The determination to repurchase or redeem ATP and the amounts to be repurchased or redeemed, if any, will be made in the sole discretion of the Fund.

Use of the Fund's cash to repurchase or redeem ATP may adversely affect the Fund's ability to distribute annually at least 90% of its net investment income, which distribution is required to qualify for taxation as a regulated investment company. The Fund may also recognize income in connection with funding repurchases or redemptions of ATP, and such income would be taken into account in determining whether or not the above-described distribution requirements have been met. Depending on the size of the Fund's assets relative to its outstanding senior securities, redemption of ATP might restore asset coverage. Payment of distributions after restoration of asset coverage could requalify (or avoid a disqualification of) the Fund as a regulated investment company, depending upon the facts and circumstances.

Investments of the Fund in securities issued at a discount or providing for deferred interest or payment of interest in kind are subject to special tax rules that will affect the amount, timing and character of distributions to stockholders. For example, with respect to certain securities issued at a discount, the Fund will be required to accrue as income each year a portion of the discount and to distribute such income each year in order to satisfy the 90% distribution requirement and the distribution requirements for avoiding income and excise taxes. In order to generate sufficient cash to make distributions necessary to satisfy the 90% distribution requirement and to avoid income and excise taxes, the Fund may have to borrow money or dispose of securities that it would otherwise have continued to hold.

Any transactions by the Fund in foreign currencies, forward contracts, options and futures contracts (including options and futures contracts on foreign currencies) would be subject to special provisions of the Code that, among other things, may affect the character of gains and losses realized by the Fund (i.e., may affect whether gains or losses are ordinary or capital), accelerate recognition of income to the Fund, defer Fund losses, and affect the determination of whether capital gains and losses are characterized as long-term or short-term capital gains or losses.

B-19

These rules could therefore affect the character, amount and timing of distributions to stockholders. These provisions also may require the Fund to mark-to-market certain types of the positions in its portfolio (i.e., treat them as if they were closed out) which may cause the Fund to recognize income without receiving cash with which to make distributions in amounts necessary to satisfy

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

the distribution requirements for avoiding income and excise taxes. The Fund will monitor its transactions, will make the appropriate tax elections and will make the appropriate entries in its books and records when it acquires any foreign currency, option, futures contract, forward contract, or hedged investment in order to mitigate the effect of these rules and prevent disqualification of the Fund as a regulated investment company and minimize the imposition of income and excise taxes.

If the Fund fails to qualify as a regulated investment company for any year, it generally must pay out its earnings and profits accumulated in that year, less an interest charge to the Treasury on 50% of such earnings and profits, before it can again qualify as a regulated investment company.

FEDERAL INCOME TAX TREATMENT OF HOLDERS OF ATP

Under present law, so long as there is no express or implied agreement between or among a Broker-Dealer or any other party and the Fund or any owners of the ATP that the Broker-Dealer or any other party will guarantee or otherwise arrange to ensure that an owner of the ATP will be able to sell his or her shares, ATP will constitute stock of the Fund, and thus distributions with respect to the ATP (other than distributions in redemption of ATP subject to section 302(b) of the Code) will constitute dividends to the extent of the Fund's current or accumulated earnings and profits, as calculated for federal income tax purposes. The following discussion assumes such treatment will apply.

The Fund's income will consist of net investment income and may also consist of net capital gains. The character of the Fund's income will not affect the amount of dividends to which the holders of the ATP are entitled. Holders of the ATP are entitled to receive only the amount of dividends as determined by periodic Auctions. For federal income tax purposes, however, the Internal Revenue Service (the "Service") currently requires that a regulated investment company that has two or more classes of shares allocate to each such class proportionate amounts of each type of its income (such as ordinary income and net capital gains) for each tax year. Accordingly, the Fund intends to designate distributions made with respect to the Common Stock and the four series of ATP as consisting of particular types of income (net capital gains, ordinary income, dividends qualifying for the dividends received deduction and qualified dividend income) in accordance with each class' proportionate share of the total dividends paid to all classes. The amount of the net capital gains realized by the Fund is not expected to be significant, and there is no assurance that any such income will be realized by the Fund in any year. Distributions of the Fund's net investment income generally are taxable to stockholders as ordinary income. Distributions of the Fund's net capital gains, if any, are taxable to stockholders at rates applicable to long-term capital gains regardless of the length of time the ATP have been held by holders. Distributions in excess of the Fund's earnings and profits will first reduce a stockholder's adjusted tax basis in his or her shares of ATP and, after the adjusted tax basis is reduced to zero, will constitute capital-gains to a holder of shares of ATP who holds his or her shares of ATP as a capital asset. In addition, under the Jobs and Growth Tax Relief Reconciliation Act of 2003 (effective for tax years 2003 through 2008) (the "Jobs and Growth Act"), dividends paid by the Fund to stockholders who are individuals may constitute qualified dividend income eligible for a maximum rate of 15%. Under the Jobs and Growth Act, if the aggregate amount of qualified dividend income received by the Fund during any taxable year is less than 95% of the Fund's gross income (as specifically defined for that purpose), such distributions will be eligible for a maximum rate of 15% to individuals if designated by the Fund as qualified dividend income. The Fund may designate such distributions as qualified dividend income only to the extent the Fund itself has qualified dividend income for the taxable year in which such distributions are made. Qualified dividend income is generally dividend income from taxable domestic corporations and certain foreign corporations (e.g., foreign corporations incorporated in a possession of the United States or in certain

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

countries with comprehensive tax treaties with the United States, or the stock of which is readily tradable on an established securities market in the United States). The amount of qualified dividend income realized by the Fund is not expected to be significant, and there is no assurance that any such income will be realized by the Fund in any year.

Although the Fund is required to distribute annually at least 90% of its net investment income, the Fund is not required to distribute net capital gains to the stockholders. The Fund may retain and reinvest such gains and pay federal income taxes on such gains (the "net undistributed capital gains"). However, it is unclear whether a portion of the net undistributed capital gains would have to be allocated to the ATP for federal income tax purposes. Until and unless the Fund receives acceptable guidance from the Service as to the allocation of the net undistributed capital gains between the Common Stock and the ATP, the Fund intends to distribute its net capital gains for any year during

B-20

which it has shares of ATP Outstanding. Such distribution will affect the tax character but not the amount of dividends to which holders of shares of ATP are entitled.

Although dividends generally will be treated as distributed when paid, dividends declared in October, November or December, payable to stockholders of record in one of such months and paid in January of the following year will be treated as having been distributed by the Fund and received by the stockholders on December 31. In addition, solely for the purpose of satisfying the 90% distribution requirement and the distribution requirement for avoiding income taxes, certain distributions made after the close of a taxable year of the Fund may be "spilled back" and treated as paid during such taxable year. In such case, stockholders will be treated as having received such dividends in the taxable year in which the distribution was actually made. The Service has ruled privately that dividends paid following the close of the taxable year that are treated for tax purposes as derived from income from the prior year will be treated as dividends "paid" in the prior year for purposes of determining the proportionate share of a particular type of income for each class. Accordingly, the Fund intends to treat any such dividends that are paid following the close of a taxable year as "paid" in the prior year for purposes of determining a class' proportionate share of a particular type of income. However, the private ruling is not binding on the Service, and there can be no assurance that the Service will respect such treatment.

Most of the Fund's net investment income is derived from interest-bearing securities. Accordingly, dividends paid with respect to the ATP generally will not qualify for the corporate dividend received deduction. However, from time to time, a portion of the Fund's net investment income may be dividends on equity securities which are eligible for the dividends received deduction under Section 243 of the Code. Corporate stockholders who otherwise are eligible to claim the dividends received deduction under Section 243 of the Code can deduct 70% of the portion of the ATP dividend representing the stockholder's portion of the Fund's eligible dividend income. The Service has ruled that corporate stockholders of a regulated investment company must meet the 45-day holding requirements of Section 246(c)(1)(A) of the Code with respect to the shares of the regulated investment company to qualify for the dividends received deduction.

Distributions that the Fund properly designates as capital gains dividends will be taxable to U.S. shareholders as gains from the sale or disposition of a capital asset held for more than one year, to the extent that these gains do not exceed the Fund's actual net capital gain for the taxable year.

The Fund will notify shareholders after the close of its taxable year as to

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

the portions of the distributions attributable to that year that constitute ordinary income (including any portion thereof qualifying for the dividends received deduction generally available to corporations), qualified dividend income, return of capital, and capital gain.

SALE OF SHARES

The sale of shares of ATP (including transfers in connection with a redemption or repurchase of such shares of ATP or a liquidation of the Fund) will be a taxable transaction for federal income tax purposes. Selling holders of shares of ATP will generally recognize gain or loss in an amount equal to the difference between their basis in the shares of ATP and the amount received in exchange therefor. If such shares of ATP are held as a capital asset, the gain or loss will generally be a capital gain or loss and will be long-term if such stockholders have held the shares for more than one year. Any loss realized upon a taxable disposition of shares of ATP held for six months or less will be treated as a long-term capital loss to the extent of any distributions of net capital gains received (or credited with undistributed capital gain) with respect to such shares. All or a portion of any loss realized upon a taxable disposition of shares of ATP may be disallowed if other shares of ATP are purchased by the shareholder within 30 days before or after the disposition.

BACKUP WITHHOLDING

The Fund may be required to withhold for U.S. federal income taxes at the current rate of 28% on all taxable distributions payable to stockholders who fail to provide the Fund with their correct taxpayer identification number or who fail to make required certifications or if the Fund or a stockholder has been notified by the Service that they are subject to backup withholding. Corporate stockholders and other stockholders specified in the Code are exempt from such backup withholding. Backup withholding is not an additional tax. Any amounts withheld may be credited against the stockholder's U.S. federal income tax liability.

OTHER TAXATION

In general, federal withholding taxes at a 30% rate or a lesser rate established by treaty may apply to distributions to stockholders (except to those distributions designated by the Fund as capital gains dividends or anticipated by the Fund to qualify as return of capital) that are nonresident aliens or foreign partnerships, trusts or corporations. Investors are advised to consult their own tax advisors with respect to the application to their own circumstances of the above-described general taxation rules and with respect to the state, local or foreign tax consequences to them of an investment in ATP.

RECENT TAX SHELTER REPORTING REGULATIONS

Under recently promulgated Treasury regulations, if a stockholder recognizes a loss on disposition of the Fund's shares of \$2 million or more for an individual stockholder or \$10 million or more for a corporate stockholder (or a greater loss over a combination of years), the stockholder must file with the Service a disclosure statement on Form 8886. Direct stockholders of portfolio securities are in many cases excepted from this reporting requirement, but under current guidance, stockholders of a regulated investment company are not excepted. The fact that a loss is reportable under these regulations does not affect the legal determination of whether the taxpayer's treatment of the loss is proper. Stockholders should consult their tax advisors to determine the applicability of these regulations in light of their individual circumstances.

MANAGEMENT OF THE FUND

BOARD OF DIRECTORS

The business and affairs of the Fund are managed under the direction of the Board of Directors. The Directors approve all significant agreements between the Fund and persons or companies furnishing services to it, including the Fund's agreements with its Investment Adviser, custodian and transfer agent. The management of the Fund's day-to-day operation is delegated to its officers and the Investment Adviser, subject always to the investment objective and policies of the Fund and to the general supervision of the Directors. The Board of Directors consists of five individuals, three of whom are not "interested persons" of the Fund within the meaning of Section 2(a)(19) of the 1940 Act (the "Non-Interested Directors"). During 2002, the Directors of the Fund met five times. The names and business addresses of the Directors of the Fund and their principal occupations and other affiliations during the past five years are set forth below.

The Directors of the Fund who are Non-Interested Directors, as well as their principal occupations for at least the past five years, are as follows:

The Fund's Articles and By-Laws provide that the Fund will indemnify its Directors and officers against liabilities and expenses incurred in connection with the performance of their duties on behalf of the Fund to the full extent permitted under Maryland law, subject to the applicable requirements of the 1940 Act. Maryland law generally permits a director or officer to be indemnified with respect to any proceeding to which the director or officer was made a party by reason of service in that capacity unless: (i) the director's or officer's act or omission was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty; (ii) the director or officer actually received an improper personal benefit in money, property or services; or (iii) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. Under the 1940 Act, as interpreted by the staff of the Commission, an indemnification provision is consistent with the 1940 Act if it precludes indemnification for any liability, whether or not there is an adjudication of liability, arising by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of duties as described in Section 17(h) and (i) of the 1940 Act ("disabling conduct"). In addition, the indemnification provision must set forth reasonable and fair means for determining whether indemnification shall be made. The staff of the Commission has indicated that "reasonable and fair means" would include (1) a final decision on the merits by a court or other body before which the proceeding was brought that the person to be indemnified ("indemnitee") was not liable by reason of disabling conduct, including a

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

dismissal for insufficiency of evidence, and (2) a reasonable determination, based upon a review of the facts, that the indemnitee was not liable by reason of disabling conduct, by (a) a vote of a majority of a quorum of Directors who are neither "interested persons" of the Fund as defined in Section 2(a)(19) of the 1940 Act nor parties to the proceeding, or (b) an independent legal counsel in written opinion.

The Fund, at its expense, may in the future provide liability insurance for the benefit of its Directors and officers.

COMMITTEES

The Board of Directors has an Audit and Nominating Committee, which it created in February 2000 to succeed the Fund's Audit Committee. The Audit and Nominating Committee is responsible for: (a) overseeing the audit process for the Fund and considering any questions raised by the Fund's independent public accountants concerning the Fund's financial reporting process, internal controls, and compliance procedures, (b) supervising the nomination and election of Directors who are not "interested persons" of the Fund, (c) reviewing on a periodic basis the Fund's governance structures and procedures, (d) approving the engagement of the Fund's independent public accountants to provide the Fund with audit or non-audit services, (e) reviewing the scope and procedures of the year-end audit, (f) reviewing annual financial statements, and (g) conferring with the Fund's independent public accountants. The Audit and Nominating Committee is presently comprised of former members of the Audit Committee, including Messrs. Korman and Monrad and Professor Bower, each of whom is not an "interested person" of the Fund within the meaning of Section 2(a)(19) of the 1940 Act. The Audit and Nominating Committee met three times in 2002. The Audit and Nominating Committee will consider nominees for Director recommended by stockholders when submitted in writing to the Fund's Secretary at the Fund's address in accordance with criteria for submitting stockholder proposals set forth in the Fund's By-Laws.

At its January 1999 meeting, the Directors established a Compensation Committee. The Compensation Committee is responsible for: (a) monitoring and revising as appropriate the compensation of Fund employees other than Mr. Birch, subject to review by the Board as a whole and (b) monitoring Mr. Birch's compensation as President of the Fund and making recommendations to the Board regarding his compensation. Messrs. Monrad and Floor currently comprise the Compensation Committee. The Compensation Committee met once during 2002.

PRINCIPAL HOLDERS OF ATP AND COMMON STOCK

At September 15, 2003, the following persons or entities owned of record more than 5% of the outstanding shares of Common Stock:

Except as noted above, the Fund does not know of any person who, as of September 15, 2003, beneficially owned more than 5% or more of the outstanding shares of Common Stock of the Fund. The Fund does not know of any person who owned more than 5% of the Outstanding shares of the ATP at September 15, 2003. As of such date,

B-25

all Directors and officers of the Fund owned 1,504,112 shares of Common Stock, which constitutes 1.61% of the issued and outstanding shares of Common Stock. No Director or officer owned any of the ATP at September 15, 2003.

THE INVESTMENT ADVISER

The Investment Adviser is not dependent on any other party in providing the investment advisory services required for the management of the Fund. The Investment Adviser may, however, consider analyses from various sources, including broker-dealers with which the Fund does business. The Advisory Agreement provides that the Investment Adviser will, upon request of the Fund but subject to availability, make available to the Fund office facilities, equipment, personnel and services (other than as specifically set forth in the Advisory Agreement). Such office facilities, equipment, personnel and services will be billed to the Fund at the Investment Adviser's cost.

CONSIDERATIONS OF THE BOARD OF DIRECTORS. In reaching a decision to engage T. Rowe Price as the Fund's investment adviser, the Board of Directors reviewed information derived from a number of sources and covering a range of issues. The Directors concluded that (a) T. Rowe Price had a record of superior performance in the "high-yield" asset class; (b) T. Rowe Price demonstrated an appropriate awareness of the special requirements associated with the Fund's leveraged structure; (c) T. Rowe Price is a large, well capitalized organization with substantial resources and qualified personnel; and (d) T. Rowe Price's disciplined but flexible investment approach is appropriate for the Fund. The Board of Directors also considered the advisory fee under the Advisory Agreement and information on fees charged by other investment advisers for comparable services. The Board of Directors noted that the fee to be charged by T. Rowe Price under the Advisory Agreement would be lower than the advisory fee rates charged by most of the other investment advisers that the Fund considered, although higher than the advisory fee rates of some of the other investment advisers, including Wellington Management, the Fund's former investment adviser. Taking into account this review, as well as the nature and the quality of the services to be provided by T. Rowe Price, the Board of Directors determined that the advisory fee rate of T. Rowe Price was reasonable. None of the Fund's Directors and officers are employed or otherwise affiliated with T. Rowe Price.

The Directors' decision to replace Wellington Management with T. Rowe Price was prompted primarily by the Directors' view that the Fund's performance over recent periods had not met expectations. Before selecting T. Rowe Price as the Fund's investment adviser, the Directors and Fund management solicited and considered proposals from a range of investment advisory organizations with experience investing in "high-yield" fixed-income securities. In connection with their final deliberations, the Directors reviewed additional materials provided by T. Rowe Price in response to the Board's request, including information regarding T. Rowe Price and its personnel, operations and financial condition. Representatives of T. Rowe Price also met with Fund management and with the Board of Directors and discussed T. Rowe Price's philosophy of management, performance, expectations and method of operation as they would relate to the Fund. Among other matters, the Directors also discussed with T. Rowe Price: (a) T. Rowe Price's research methodology and the extent to which portfolio management in T. Rowe Price's "high-yield" group had access to information and analysis from T. Rowe Price's equity management group, (b) default rates in the "high-yield" bond portfolios managed by T. Rowe Price, and (c) the special considerations entailed in managing a leveraged capital structure such as the Fund's. In addition, the Board of Directors reviewed and discussed the terms and provisions of the Advisory Agreement.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Based on its review, the Board of Directors, including a majority of the Non-Interested Directors, concluded that it was satisfied with the nature and quality of the services to be provided by T. Rowe Price to the Fund and that the advisory fee rate was reasonable in relation to such services. Accordingly, the Board of Directors approved the Advisory Agreement as being in the interests of the Fund's stockholders. The Non-Interested Directors were represented by independent counsel who assisted them in their deliberations.

ADVISORY AGREEMENT. The Advisory Agreement between the Investment Adviser and the Fund became effective on December 2, 2002 following the termination of the investment advisory agreement with Wellington Management, the Fund's former investment adviser. The Advisory Agreement provides that, subject to the direction of the Board of Directors of the Fund and the applicable provisions of the 1940 Act, the Investment Adviser is responsible for the actual management of the Fund's portfolio. The responsibility for making decisions to buy, sell or hold a particular investment rests with the Investment Adviser, subject to review by the Board of Directors and compliance with the applicable provisions of the 1940 Act. The Board of Directors, not the Investment Adviser, is

B-26

responsible for determining the amount and type of leverage to which the Fund is subject, and for making any related hedging arrangements.

The Fund bears all costs of its operation other than those incurred by the Investment Adviser under the Advisory Agreement. In particular, the Fund pays investment advisory fees, the fees and expenses associated with the Fund's administration, record keeping and accounting, fees and expenses for the custodian of the Fund's assets, legal, accounting and auditing fees, taxes, expenses of preparing prospectuses and stockholder reports, registration fees and expenses, fees and expenses for the transfer and dividend disbursing agent, the compensation and expenses of the Directors who are not otherwise employed by or affiliated with the Investment Adviser or any of its affiliates, and any extraordinary expenses.

At a meeting held on October 17, 2002, the Board of Directors, including Non-Interested Directors, unanimously approved the Advisory Agreement for a two-year period commencing December 2, 2002. The Advisory Agreement was subsequently approved by the Fund's stockholders at a special meeting held on February 13, 2003. The Advisory Agreement will remain in effect until December 2, 2004, and thereafter year to year if approved annually (i) by the Board of Directors of the Fund or by the holders of a majority of the Fund's outstanding voting securities, voting as a single class, and (ii) by a majority of the Directors who are not parties to the Advisory Agreement or interested persons (as defined in the 1940 Act) of any such party. The Advisory Agreement may be terminated at any time, without payment of any penalty, by vote of the majority of Directors, by vote of a majority of the outstanding voting securities of the Fund (as defined in the 1940 Act and as further described below), or by the Investment Adviser, in each case on 60 days' prior written notice. The Advisory Agreement will terminate automatically in the event of its assignment. Under the 1940 Act, a vote of a majority of the outstanding voting securities of the Fund means the lesser of either: (a) the vote of 67% or more of the voting securities present at the relevant meeting, if the holders of more than 50% of the outstanding voting securities are present or represented by proxy, or (b) the vote of more than 50% of the outstanding voting securities. For purposes of voting on any approval, continuation or termination of the Advisory Agreement, holders of the ATP and the Common Stock vote as a single class.

Under the terms of the Advisory Agreement, the Investment Adviser is not liable for any error of judgment or for any loss suffered by the Fund in

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

connection with performance of its obligations under the Advisory Agreement, except a loss resulting from willful misfeasance, bad faith or gross negligence on its part in the performance of, or from reckless disregard by it of its obligations and duties under, the Advisory Agreement, or damages resulting from a breach of fiduciary duty with respect to receipt of compensation for services.

PORTFOLIO EXECUTION. The Advisory Agreement authorizes T. Rowe Price to arrange for the execution of the Fund's portfolio transactions by selecting the brokers or dealers that will execute the purchases and sales of portfolio securities of the Fund. The Advisory Agreement also directs T. Rowe Price to use its best efforts to obtain the best net results, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution and operational facilities of the firm involved. T. Rowe Price may, in its discretion, purchase and sell portfolio securities through brokers who provide T. Rowe Price or the Fund with research, analysis, advice and similar services, and the Fund may pay to these brokers, in return for research and analysis, a higher commission than may be charged by other brokers, provided that T. Rowe Price determines in good faith that such commission is reasonable in terms either of that particular transaction or of the overall responsibility of T. Rowe Price to the Fund and other clients of T. Rowe Price and that the total commission paid by the Fund will be reasonable in relation to the benefits to the Fund over the long term. Fixed-income securities are generally purchased from the issuer or a primary market-maker acting as principal for the securities on a net basis, with no brokerage commission being paid by the Fund, although the price usually includes a mark-up or undisclosed compensation. Transactions placed through dealers serving as primary market-makers reflect the spread between the bid and asked prices. Securities may also be purchased from underwriters at prices which include underwriting fees.

In selecting a broker or dealer for each specific transaction, T. Rowe Price will use its best judgment to choose the broker or dealer most capable of providing the brokerage services necessary to obtain the best available price and most favorable execution. The full range and quality of brokerage services available will be considered in making these determinations. For example, brokers may be selected on the basis of the quality of such brokerage services related to the requirements of the specific transaction such as the following: capable floor brokers or traders, competent block trading coverage, good communication, ability to position, retail distribution and underwriting, use of automation, arbitrage skills, administrative ability, or provision of market information relating to the security. T. Rowe Price will make periodic evaluations of the quality of these brokerage services as provided by various firms

B-27

and measure these services against its own standards of execution. Brokerage services will be obtained only from those firms which meet its standards, maintain a reasonable capital position and can be expected to reliably and continuously supply these services.

On occasions when T. Rowe Price deems the purchase or sale of a security to be in the best interest of the Fund as well as other clients, T. Rowe Price, to the extent permitted by applicable laws and regulations, may, but shall be under no obligation to, aggregate the securities to be so purchased or sold in order to obtain a more favorable price or lower brokerage commissions and efficient execution. In such event, allocation of the securities so purchased or sold, as well as the expenses incurred in the transaction will be made by T. Rowe Price in the manner it considers to be the most equitable and consistent with its fiduciary obligations to the Fund and to such other clients. In some instances, this procedure may affect the price and size of the positions obtainable for the

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Fund.

For the fiscal years ended December 31, 2000, 2001, and 2002, the Fund did not pay any brokerage commissions for the execution of portfolio transactions.

CODE OF ETHICS

The Fund and T. Rowe Price have each adopted a Code of Ethics under Rule 17j-1 of the 1940 Act. Each Code of Ethics establishes procedures for personal investing and restricts certain transactions. Subject to certain conditions and restrictions, these Codes of Ethics permit persons subject to these codes to invest in securities for their personal investment accounts, including securities that may be purchased, held or sold by the Fund. Securities transactions by some of these persons may be subject to prior approval.

These Codes of Ethics can be reviewed and copied at the Commission's Public Reference Room in Washington, D.C. Information about the operation of the Public Reference Room may be obtained by calling the Commission at (202) 942-8090. These Codes of Ethics are available on the EDGAR Database at the Commission's website at <http://www.sec.gov>. Copies may also be obtained, after paying a duplicating fee, by electronic request at the following e-mail address: publicinfo@sec.gov, or by writing to the Commission's Public Reference Section, Washington, D.C. 20549-0102.

PROXY VOTING POLICIES AND PROCEDURES

At its June 26, 2003 meeting, the Fund's Board of Directors authorized and directed T. Rowe Price to vote proxies relating to the Fund's portfolio securities in accordance with T. Rowe Price's proxy voting policies and procedures. T. Rowe Price, as an investment adviser with a fiduciary responsibility to the Fund, analyzes the proxy statements of issuers whose stock is owned by the Fund, if any.

PROXY ADMINISTRATION. The T. Rowe Price Proxy Committee develops T. Rowe Price's positions on all major corporate issues, creates guidelines, and oversees the voting process. The Proxy Committee, composed of portfolio managers, investment operations managers, and internal legal counsel, analyzes proxy policies based on whether they would adversely affect stockholders' interests and make a company less attractive to own. In evaluating proxy policies each year, the Proxy Committee relies upon its own fundamental research, independent research provided by third parties, and information presented by company managements and stockholder groups.

Once the Proxy Committee establishes its recommendations, they are distributed to the firm's portfolio managers as voting guidelines. Ultimately, the portfolio manager votes on the proxy proposals of companies in his or her portfolio. When portfolio managers cast votes that are counter to the Proxy Committee's guidelines, they are required to document their reasons in writing to the Proxy Committee. Annually, the Proxy Committee reviews T. Rowe Price's proxy voting process, policies, and voting records.

T. Rowe Price has retained Institutional Shareholder Services ("ISS"), an expert in the proxy voting and corporate governance area, to provide proxy advisory and voting services. These services include in-depth research, analysis, and voting recommendations as well as vote execution, reporting, auditing and consulting assistance for the handling of proxy voting responsibility and corporate governance-related efforts. While the Proxy Committee relies upon ISS research in establishing T. Rowe Price's voting guidelines--many of which are consistent with ISS positions--T. Rowe Price may deviate from ISS recommendations on general policy issues or specific proxy proposals.

FIDUCIARY CONSIDERATIONS. T. Rowe Price's decisions with respect to proxy issues are made in light of the anticipated impact of the issue on the desirability of investing in the portfolio company. Proxies are voted solely in the interests of the Fund or Fund stockholders. Practicalities involved with international investing may make it impossible at times, and at other times disadvantageous, to vote proxies in every instance.

CONSIDERATION GIVEN MANAGEMENT RECOMMENDATIONS. When determining whether to invest in a particular company, one of the key factors T. Rowe Price considers is the quality and depth of its management. As a result, T. Rowe Price believes that recommendations of management on most issues should be given weight in determining how proxy issues should be voted.

T. ROWE PRICE VOTING POLICIES. Specific voting guidelines have been established by the Proxy Committee for recurring issues that appear on proxies. The following is a summary of the more significant T. Rowe Price policies:

- ELECTION OF DIRECTORS. T. Rowe Price generally supports slates with a majority of independent directors and nominating committees chaired by an independent board member. T. Rowe Price withholds votes for inside directors serving on compensation and audit committees and for directors who miss more than one-fourth of the scheduled board meetings.
- EXECUTIVE COMPENSATION. T. Rowe Price's goal is to assure that a company's equity-based compensation plan is aligned with stockholders' long-term interests. While it evaluates most plans on a case-by-case basis, T. Rowe Price generally opposes compensation packages that provide what it views as excessive awards to a few senior executives or that contain excessively dilutive stock option plans. T. Rowe Price bases its review on criteria such as the costs associated with the plan, plan features, dilution to stockholders and comparability to plans in the company's peer group. T. Rowe Price generally opposes plans that give a company the ability to reprice options.
- ANTI-TAKEOVER AND CORPORATE GOVERNANCE ISSUES. T. Rowe Price generally opposes anti-takeover measures and other proposals designed to limit the ability of stockholders to act on possible transactions. When voting on corporate governance proposals, T. Rowe Price will consider the dilutive impact to stockholders and the effect on stockholder rights.
- SOCIAL AND CORPORATE RESPONSIBILITY ISSUES. T. Rowe Price generally votes with a company's management on social issues unless they have substantial economic implications for the company's business and operations that have not been adequately addressed by management.

MONITORING AND RESOLVING CONFLICTS OF INTEREST. The Proxy Committee is also responsible for monitoring and resolving possible material conflicts between the interests of T. Rowe Price and those of its clients with respect to proxy voting. Because T. Rowe Price's voting guidelines are pre-determined by the Proxy Committee using recommendations from ISS, an independent third party, application of the T. Rowe Price guidelines to vote clients' proxies should in most instances adequately address any possible conflicts of interest. However, for proxy votes inconsistent with T. Rowe Price guidelines, the Proxy Committee reviews all such proxy votes in order to determine whether the portfolio manager's voting rationale appears reasonable. The Proxy Committee also assesses whether any business or other relationships between T. Rowe Price and a portfolio company could have influenced an inconsistent vote on that company's proxy. Issues raising possible conflicts of interest are referred to designated members of the Proxy Committee for immediate resolution.

DETERMINATION OF NET ASSET VALUE

Net asset value of the Common Stock will be determined no less frequently than as of the close of regular trading on the New York Stock Exchange (generally 4:00 p.m. New York time) on the last Business Day of each week (generally Friday). It will be determined by dividing the value of the net assets of the Fund by the total number of shares of Common Stock outstanding. For the purpose of determining the NAV per share of Common Stock, the

B-29

value of the Fund's net assets shall be deemed to equal the value of the Fund's assets less (i) the Fund's liabilities, (ii) accumulated and unpaid dividends on the Outstanding ATP and (iii) the aggregate Liquidation Value of the Outstanding ATP. In valuing the Fund's assets for all purposes, other than the determination of the Discounted Value of such assets pursuant to the guidelines of the rating agencies then rating the ATP, portfolio securities that are actively traded in the over-the-counter market, including listed securities for which the primary market is believed to be over-the-counter, will be valued at the most recently quoted bid price provided by the principal market makers. The Fund also utilizes prices supplied by its custodian, State Street Bank and Trust Company, from Reuters Fixed-Income Services and FT Interactive Data. Any security or option for which the primary market is on an exchange will be valued at the last sale price on such exchange on the day of valuation or, if there was no sale on such day, the last bid price quoted on such day. Options for which the primary market is not on an exchange or which are not listed on an exchange will be valued at market value or fair value if no market exists. Securities and assets for which market quotations are not readily available will be valued at fair value as determined in good faith by or under the direction of the Board of Directors of the Fund. While no single standard for determining fair value exists, as a general rule, the current fair value of a security would appear to be the amount which the Fund could expect to receive upon its current sale. Some, but not necessarily all, of the general factors which may be considered in determining fair value include: (i) the fundamental analytical data relating to the investments; (ii) the nature and duration of restrictions on disposition of the securities; and (iii) an evaluation of the forces which influence the market in which these securities are purchased and sold. Without limiting or including all of the specific factors which may be considered in determining fair value, some of the specific factors include: type of security, financial condition of the issuer, cost at date of purchase, special reports prepared by analysts, information as to any transaction or offers with respect to the security, existence of merger proposals or tender offers affecting the securities, price and extent of public trading in similar securities of the issuer or comparable companies, and other relevant matters.

Short-term debt securities which mature in less than 60 days will be valued at amortized cost if their term to maturity from the date of acquisition by the Fund was less than 60 days or by amortizing their value on the 61st day prior to maturity if their term to maturity from the date of acquisition by the Fund was more than 60 days, unless this method is determined by the Board of Directors not to represent fair value. Repurchase agreements will be valued at cost plus accrued interest.

DESCRIPTION OF ATP

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

GENERAL

The shares of ATP have a liquidation preference equal to their Liquidation Value per share, plus all accumulated but unpaid dividends thereon (whether or not earned or declared) to the date of final distribution. The newly issued shares of ATP Series C when issued and sold through this Offering (i) will be fully paid and non-assessable, (ii) will not be convertible into Common Stock or other capital stock of the Fund, (iii) will have no preemptive rights, and (iv) will not be subject to any sinking fund. The ATP will be subject to optional and mandatory redemption as described below under "Redemption."

Holder of the newly issued shares of ATP Series C will not receive certificates representing their ownership interest in such shares. The Depository Trust Company will act as securities depository (together with any successor securities depository selected by the Fund, the "Securities Depository") for the Agent Members with respect to the newly issued shares of ATP Series C.

In addition to serving as the Auction Agent in connection with the Auction Procedures described below, the Auction Agent will act as the transfer agent, registrar, and paying agent for the newly issued shares of ATP Series C. Furthermore, the Auction Agent will send notices to Holders of the ATP of any meeting at which Holders of shares of ATP have the right to vote. See "Voting Rights" below. However, the Auction Agent generally will serve merely as the agent of the Fund, acting in accordance with the Fund's instructions.

Except in an Auction, the Fund will have the right (to the extent permitted by applicable law) to purchase or otherwise acquire any shares of ATP, so long as the Fund is current in the payment of dividends on the ATP and on any other capital shares of the Fund ranking on a parity with the ATP with respect to the payment of dividends or upon liquidation.

B-30

DIVIDENDS AND DIVIDEND PERIODS

The Holders of ATP will be entitled to receive, when, as and if declared by the Board of Directors, out of funds legally available therefor, cumulative cash dividends on their shares, at the Applicable Rate determined as set forth below under "Determination of Dividend Rate," payable on the respective dates set forth below. Dividends so declared and payable shall be paid to the extent permitted under the Code and to the extent available and in preference to and priority over any dividend declared and payable on the Common Stock.

On the Business Day next preceding each Dividend Payment Date, the Fund is required to deposit with the Paying Agent sufficient funds for the payment of declared dividends. The Fund does not intend to establish any reserves for the payment of dividends.

Each dividend will be paid to the record holder, which holder is expected to be the nominee of the Securities Depository. The Securities Depository will credit the accounts of the Agent Members of the beneficial owners in accordance with the Securities Depository's normal procedures. The Securities Depository's current procedures provide for it to distribute dividends in same-day funds to Agent Members who are in turn expected to distribute such dividends to the persons for whom they are acting as agents. The Agent Member of a beneficial owner will be responsible for holding or disbursing such payments on the applicable Dividend Payment Date to such beneficial owner in accordance with the instructions of such beneficial owner. Dividends in arrears for any past Dividend Period may be declared and paid at any time, without reference to any regular Dividend Payment Date, to the nominee of the Securities Depository. Any

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

dividend payment shall first be credited against the earliest declared but unpaid dividends.

Holders will not be entitled to any dividends, whether payable in cash, property or shares, in excess of full cumulative dividends except as described under "Determination of Dividend Rate" below. No interest will be payable in respect of any dividend payment or payments which may be in arrears. See "Default Period" below.

The amount of dividends per Outstanding share of ATP payable (if declared) on each Dividend Payment Date of each Dividend Period of less than one year (or in respect of dividends on another date in connection with a redemption during such Dividend Period) shall be computed by multiplying the Applicable Rate (or the Default Rate) for such Dividend Period (or a portion thereof) by a fraction, the numerator of which will be the number of days in such Dividend Period (or portion thereof) such share was Outstanding and for which the Applicable Rate or the Default Rate was applicable and the denominator of which will be 360, multiplying the amount so obtained by the Liquidation Value, and rounding the amount so obtained to the nearest cent. During any Dividend Period of one year or more, the amount of dividends per share payable on any Dividend Payment Date shall be computed as described in the preceding sentence, except that it will be determined on the basis of a year consisting of twelve 30-day months.

DETERMINATION OF DIVIDEND RATE. The dividend rate during the period from and including the Date of Original Issue to and including the initial Auction Date will be the rate per annum set forth on the inside cover page of the Prospectus. The first Auction Date will be as set forth on the inside cover page of the Prospectus. For each subsequent Dividend Period, subject to certain exceptions, the dividend rate will be the Applicable Rate that the Auction Agent advises the Fund has resulted from an Auction.

NOTIFICATION OF DIVIDEND PERIOD. The Fund will designate the duration of Dividend Periods of each series of ATP; provided, however, that no such designation is necessary for a Standard Term Period and any designation of an Alternate Term Period shall be effective only if (i) notice thereof shall have been given as provided herein, (ii) any failure to pay in a timely manner to the Auction Agent the full amount of any dividend on, or the redemption price of, the ATP shall have been cured as set forth under "Default Period" below, (iii) Sufficient Clearing Orders shall have existed in an Auction held on the Auction Date immediately preceding the first day of such proposed Alternate Term Period, (iv) if the Fund shall have mailed a notice of redemption with respect to any shares, as described under "Redemption" below, the Redemption Price with respect to such shares shall have been deposited with the Paying Agent, and (v) the Fund has confirmed that, as of the Auction Date next preceding the first day of such Alternate Term Period, it has Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount and has consulted with the Broker-Dealers and has provided notice and an ATP Basic Maintenance Certificate (as defined below) to Moody's (if Moody's is then rating the ATP), to Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and so requires.

B-31

If the Fund proposes to designate any Alternate Term Period, not fewer than three Business Days nor more than 30 days prior to the first day of such Alternate Term Period, notice shall be (A) made by press release and (B) communicated by the Fund by telephonic or other means to the Auction Agent and confirmed in writing promptly thereafter. Each such notice shall state (x) that the Fund proposes to exercise its option to designate a succeeding Alternate Term Period, specifying the first and last days thereof and (y) that the Fund will by 3:00 p.m., New York City time, on the second Business Day next preceding

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

the first day of such Alternate Term Period, notify the Auction Agent, who will promptly notify the Broker-Dealers, of either (X) its determination, subject to certain conditions, to proceed with such Alternate Term Period, subject to the terms of any Specific Redemption Provisions, or (Y) its determination not to proceed with such Alternate Term Period, in which latter event the succeeding Dividend Period shall be a Standard Term Period.

No later than 3:00 p.m., New York City time, on the second Business Day next preceding the first day of any proposed Alternate Term Period, the Fund shall deliver to the Auction Agent, who will promptly deliver to the Broker-Dealers and Existing Holders, either:

(i) a notice stating (A) that the Fund has determined to designate the next succeeding Dividend Period as an Alternate Term Period, specifying the first and last days thereof and (B) the terms of any Specific Redemption Provisions; or

(ii) a notice stating that the Fund has determined not to exercise its option to designate an Alternate Term Period.

If the Fund fails to deliver either such notice with respect to any designation of any proposed Alternate Term Period to the Auction Agent or is unable to make the confirmation pursuant to clause (v) above by 3:00 p.m., New York City time, on the second Business Day next preceding the first day of such proposed Alternate Term Period, the Fund shall be deemed to have delivered a notice to the Auction Agent with respect to such Dividend Period to the effect set forth in clause (ii) above, thereby resulting in a Standard Term Period.

Notwithstanding the foregoing, the Fund may designate the succeeding Dividend Period as an Alternate Term Period on the second business day next preceding the first day of such succeeding Dividend Period by giving notice as contemplated by clause (i) above and by issuing a press release containing the information in such notice.

If the Fund is unable to make the confirmation pursuant to clause (v) above by 3:00 p.m., New York City time, on the second Business Day next preceding the first day of such Alternate Term Period, the Fund shall deliver a notice to the Auction Agent that the Fund has been unable to make such confirmation and that such Dividend Period will be a Standard Term Period.

DEFAULT PERIOD. A "Default Period" will commence on the applicable date set forth below if the Fund fails (i) to declare prior to the close of business on the second Business Day preceding any Dividend Payment Date, for payment on or (to the extent permitted as described below) within two Business Days after, such Dividend Payment Date to the persons who held shares of ATP as of 12:00 noon, New York City time, on the Business Day preceding such Dividend Payment Date, the full amount of any dividend payable on such Dividend Payment Date, (ii) to deposit irrevocably in trust in same-day funds with a designated paying agent by 12:00 noon, New York City time, (A) on or (to the extent permitted as described below) within two Business Days after any Dividend Payment Date, the full amount of any declared dividend on the relevant series of ATP payable on such Dividend Payment Date (together with the failure to timely declare dividends described in (i) above, hereinafter referred to as a "Dividend Default") or (B) on or (to the extent permitted as described below) within two Business Days after any date fixed for redemption of shares of ATP called for redemption, the applicable redemption price (a "Redemption Default"), or (iii) to maintain the Aaa/AAA Credit Rating unless the Aaa/AAA Credit Rating is restored by the Dividend Payment Date next following the date on which the Fund fails to maintain the Aaa/AAA Credit Rating (a "Rating Default"). A Default Period with respect to a Dividend Default or a Redemption Default will consist of the period commencing on and including the aforementioned Dividend Payment Date or redemption date, as the case may be, and ending on and including the

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Business Day on which, by 12:00 noon, New York City time, all unpaid dividends and unpaid redemption price shall have been so deposited or shall have otherwise been made available to the applicable holders in same day funds. A Default Period with respect to a Rating Default shall commence as of the date on which the Fund fails to maintain the Aaa/AAA Credit Rating (provided that such Rating Default shall be deemed not to have occurred and such Default Period shall not commence if such Rating Default is cured by the next succeeding Dividend Payment Date) and shall end on the

B-32

earlier of the date on which such default is cured as provided herein or the date on which the ATP is mandatorily redeemed as provided herein. Holders of two-thirds of the ATP Series C then Outstanding may waive any Dividend Default, Redemption Default or Rating Default.

The Applicable Rate for each Default Period, including each Dividend Period commencing during a Default Period, will be equal to the Default Rate; and each subsequent Dividend Period commencing after the beginning of a Default Period shall be a Standard Term Period; provided, however, that the commencement of a Default Period will not by itself cause the commencement of a new Dividend Period. Any dividend due on any Dividend Payment Date (if, prior to 12:00 noon, New York City time, on such Dividend Payment Date, the Fund has declared such dividend payable on or within two Business Days after such Dividend Payment Date to the persons who held such shares as of 12:00 noon, New York City time, on the Business Day preceding such Dividend Payment Date) or redemption price with respect to such shares not paid to such persons when due may (if such default is not solely due to the willful failure of the Fund) be paid to such Persons in the same form of funds by 12:00 noon, New York City time, on any of the first two Business Days after such Dividend Payment Date or due date, as the case may be, provided that such amount is accompanied by an additional amount for such period of non-payment at the Default Rate applied to the amount of such default based on the actual number of days comprising such period divided by 360. For the purposes of the foregoing, payment to a person in same-day funds made on or before 12:00 noon, New York City time, on any Business Day at any time will be considered equivalent to payment to that person in New York Clearing House (next-day) funds at the same time on the preceding Business Day, and any payment made after 12:00 noon, New York City time, on any Business Day shall be considered to have been made instead in the same form of funds and to the same person before 12:00 noon, New York City time, on the next Business Day.

Subject to the foregoing, and any requirements of Maryland law, to the extent that the Fund's net investment income for any year exceeds any current or accumulated dividends on the ATP, it will be distributed to the holders of the Common Stock. The term "net investment income" includes interest, dividends, short-term capital gains and other income received or accrued less the advisory fee, bank custodian charges, taxes (except capital gain taxes) and other expenses properly chargeable against income, but does not include net capital gains, stock dividends, transfer taxes, brokerage or other capital charges or distributions designated as a return of capital. Any realized net capital gains (defined as the excess of net long-term capital gains over net short-term capital losses) of the Fund will be distributed annually to the holders of the Common Stock (subject to the prior rights of the holders of the ATP) subject to the foregoing and any requirements of Maryland law.

SWAP ARRANGEMENT. Effective October 1, 2001, the Fund entered into a five-year interest payment Swap Arrangement with Fleet for the purpose of hedging its dividend payment obligations with respect to the ATP. Pursuant to the Swap Arrangement, the Fund makes payments to Fleet on a monthly basis at a fixed annual rate of 4.50%, computed on a notional contract amount of \$100 million. In exchange for these payments, Fleet makes payments to the Fund on a

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

monthly basis at a variable rate determined with reference to one month LIBOR. The variable rates ranged from 1.31% to 1.44% for the six month period ended June 30, 2003. In the current interest rate environment, the Swap Arrangement requires the Fund to make net payments to Fleet and therefore less income is available for the Common Stock dividend than if the Swap Arrangement were not in place.

Swap transactions, which involve future settlement, give rise to credit risk. Credit risk is the amount of loss the Fund would incur in the event counter-parties failed to perform according to the terms of the contractual commitments. In the event of nonperformance by the counter-party, the Fund's dividend payment obligation with respect to the ATP would no longer be hedged. The Fund does not anticipate nonperformance by any counter-party. While notional contract amounts are used to express the volume of interest rate swap agreements, the amounts potentially subject to credit risk, in the event of nonperformance by counter-parties, are substantially smaller.

The Fund accounts for the Swap Arrangement in accordance with the Statement of Financial Accounting Standards No. 133, ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES. This statement requires an entity to recognize all freestanding derivative instruments in the balance sheet as either assets or liabilities and measure them at fair value. Any change in the unrealized gain or loss is recorded in current earnings. For the year ended December 31, 2002, the Fund's obligations under the Swap Arrangement were more than the amount received from Fleet by approximately \$2,851,000 and the estimated fair value of the Swap Arrangement at December 31, 2002 amounted to approximately \$6,768,000 of unrealized loss. The Fund's payment obligation under the Swap Arrangement and rate of dividends on the four series of ATP are likely to differ, particularly if the Fund elects to

B-33

establish a dividend period for the ATP which is longer than 28 days, although each generally should be determined with reference to short-term interest rates (except to the extent the Fund establishes relatively long ATP dividend periods). See "Description of ATP." The Fund makes dividend payments to the holders of ATP on the basis of the results of periodic Auctions in accordance with its terms without regard to the Swap Arrangement and will continue to do so in the event the Swap Arrangement is terminated. The Fund is subject to the risk that Fleet will not make its required payments under the Swap Arrangement. In such event, the Fund will have contractual remedies pursuant to the agreements related to the Swap Arrangement.

The Fund obtained consents from Moody's and Fitch to enter into the Swap Arrangement. In connection with obtaining such consent, the Fund agreed to an increase in its discounted asset coverage requirement as described under "Asset Maintenance" below. The Swap Arrangement will remain in effect through October 1, 2006, subject to early termination in certain circumstances, such as a default in payment obligations under the Swap Arrangement, a breach by either party of any agreement or obligation under the Swap Arrangement, the bankruptcy of either party to the Swap Arrangement, certain changes in tax laws, and illegality. Upon any such early termination the Fund will be required to make a payment to, or will receive a payment from, Fleet based on the market value of the Swap Arrangement at that time. In the event that the Fund fails to satisfy certain asset coverage requirements that give rise to a mandatory redemption of ATP, the Fund has agreed with Moody's and Fitch that it will terminate the Swap Arrangement to the extent the notional amount of such Swap Arrangement following such redemption would exceed the aggregate liquidation preference of the ATP that would remain Outstanding following such redemption, or in such greater amount as the Fund may determine, subject to deferral to the extent the value of the Swap Arrangement then exceeds a specified benchmark.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

In light of the proposed increase in the Fund's Outstanding ATP, the Fund may consider adjustments in its Swap Arrangement. The timing and amount of any such adjustment will depend upon market conditions.

RESTRICTIONS ON DIVIDENDS AND OTHER PAYMENTS. Under the 1940 Act, the Fund may not declare dividends or make other distributions on the Common Stock or purchase any Common Stock if, at the time of the declaration, distribution or purchase, as applicable (and after giving effect thereto), asset coverage (as defined in the 1940 Act) with respect to the Outstanding shares of ATP would be less than 200%. Under the Code, the Fund must, among other things, distribute at least 90% of its investment company taxable income each year in order to maintain its qualification for tax treatment as a regulated investment company. The foregoing limitation on dividends, distributions and purchases may in certain circumstances impair the Fund's ability to maintain such qualification. The Fund intends, however, to redeem shares of ATP to the extent necessary to maintain such qualification. See "Taxation."

Upon failure to pay dividends for two years or more, the holders of ATP will acquire certain additional voting rights. See "Voting Rights" below. Such rights shall be the exclusive remedy of the holders of ATP upon any failure to pay dividends on the ATP.

For so long as any shares of ATP are Outstanding, except in connection with the liquidation of the Fund, or a refinancing of the ATP as provided in the Articles, the Fund will not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or options, warrants or rights to subscribe for or purchase, Common Stock or other shares, if any, ranking junior to the ATP as to dividends or upon liquidation) in respect to Common Stock or any other shares of the Fund ranking junior to or on a parity with the ATP as to dividends or upon liquidation, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Stock or any other such junior shares (except by conversion into or exchange for shares of the Fund ranking junior to the ATP as to dividends and upon liquidation) or any such parity shares (except by conversion into or exchange for shares of the Fund ranking junior to or on a parity with the ATP as to dividends and upon liquidation), unless (i) immediately after such transaction, the Fund would have Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount and the 1940 Act ATP Asset Coverage (see "Asset Maintenance" and "Redemption" below) would be achieved, (ii) full cumulative dividends on the ATP due on or prior to the date of the transaction have been declared and paid and (iii) the Fund has redeemed the full number of shares of ATP required to be redeemed by any provision for mandatory redemption contained in the Articles.

B-34

REDEMPTION

OPTIONAL REDEMPTION. To the extent permitted under the 1940 Act and Maryland law, the Fund at its option may redeem shares of ATP having a Dividend Period of less than one year, in whole or in part, on the Business Day after the last day of such Dividend Period upon not less than 15 days and not more than 40 days prior notice. The optional redemption price per share shall be the Liquidation Value per share, plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to the date fixed for redemption. Shares of ATP having a Dividend Period of more than one year may be redeemable at the option of the Fund prior to the end of the relevant Dividend Period, subject to any Specific Redemption Provisions, which may include the payment of redemption premiums to the extent required under any applicable Specific Redemption Provisions. The Fund shall not effect any optional

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

redemption unless after giving effect thereto (i) the Fund has available certain Deposit Securities with maturity or tender dates not later than the day preceding the applicable redemption date and having a value not less than the amount (including any applicable premium) due to Holders of ATP by reason of the redemption of ATP on such date fixed for the redemption and (ii) the Fund would have Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount.

The Fund also reserves the right to repurchase ATP in market or other transactions from time to time in accordance with applicable law and at a price that may be more or less than the liquidation preference of the ATP, but is under no obligation to do so.

MANDATORY REDEMPTION. If the Fund fails to maintain, as of any Valuation Date, Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount or, as of the last Business Day of any month, the 1940 Act ATP Asset Coverage, and such failure is not cured within two Business Days following the relevant Valuation Date in the case of a failure to maintain the ATP Basic Maintenance Amount or the last Business Day of the following month in the case of a failure to maintain 1940 Act ATP Asset Coverage as of such last Business Day (each an "Asset Coverage Cure Date"), the ATP will be subject to mandatory redemption out of funds legally available therefor. See "Asset Maintenance" below. The number of shares of ATP to be redeemed in such circumstances will be equal to the lesser of (i) the minimum number of shares of ATP the redemption of which, if deemed to have occurred immediately prior to the opening of business on the relevant Asset Coverage Cure Date, would result in the Fund having Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount, or sufficient to satisfy 1940 Act ATP Asset Coverage, as the case may be, in either case as of the relevant Asset Coverage Cure Date (provided that, if there is no such minimum number of shares the redemption of which would have such result, all shares of ATP then Outstanding will be redeemed), and (ii) the maximum number of shares of ATP that can be redeemed out of funds expected to be available therefor on the Mandatory Redemption Date (as defined below) at the Mandatory Redemption Price (as defined below).

The Fund shall allocate the number of shares required to be redeemed to satisfy the ATP Basic Maintenance Amount or the 1940 Act ATP Asset Coverage, as the case may be, pro rata among the Holders of shares of ATP in proportion to the number of shares they hold and shares of other Preferred stock subject to mandatory redemption provisions.

If the Fund at any time fails to maintain the Aaa/AAA Credit Rating for the ATP, and such failure is not cured within 90 calendar days thereafter (the "Rating Default Cure Date"), all shares of ATP will be subject to mandatory redemption out of funds legally available therefor, on the Mandatory Redemption Date, and dividends thereon will be payable at the Default Rate until such redemption is effected as provided above under "Dividends and Dividend Periods--Default Period." To maintain the Aaa/AAA Credit Rating, the Fund must maintain a rating for the ATP in the highest rating category from any two nationally recognized statistical rating organizations, as used in the rules and regulations under the Exchange Act, one of which shall be Moody's or S&P.

Shares of ATP may be subject to mandatory redemption in accordance with the foregoing redemption provision notwithstanding the terms of any Specific Redemption Provisions.

The Fund is required to effect such a mandatory redemption not later than 30 days after the Asset Coverage Cure Date or the Rating Default Cure Date, as the case may be (the "Mandatory Redemption Date"), except that if the Fund does not have funds legally available for the redemption of, or is not otherwise legally permitted to redeem, all of the required number of shares of ATP which

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

are subject to mandatory redemption, or the Fund otherwise is unable to effect such redemption on or prior to such Mandatory Redemption Date, the Fund will redeem those shares of ATP on the earliest practicable date on which the Fund will have such funds available, upon notice to record owners

B-35

of shares of ATP and the Paying Agent. The Fund's ability to make a mandatory redemption may be limited by the provisions of the 1940 Act or Maryland law.

The redemption price per share in the event of any mandatory redemption will be the Liquidation Value per share, plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to the date fixed for redemption plus (in the case of a Dividend Period of not less than one year) any redemption premium, if any, determined by the Board of Directors after consultation with the Broker-Dealer and set forth in any applicable Specific Redemption Provisions (the "Mandatory Redemption Price").

REDEMPTION PROCEDURE. Pursuant to Rule 23c-2 under the 1940 Act, the Fund will file a notice of its intention to redeem with the Commission so as to provide at least the minimum notice required by such Rule or any successor provision (notice currently must be filed with the Commission at least 30 days prior to the redemption date). The Auction Agent will use its reasonable efforts to provide telephonic notice to each Holder of shares of ATP called for redemption not later than the close of business on the Business Day immediately following the Business Day on which the Auction Agent determines the shares to be redeemed (or, during a Default Period with respect to such shares, not later than the close of business on the Business Day immediately following the day on which the Auction Agent receives notice of redemption from the Fund). Such telephonic notice will be confirmed promptly in writing not later than the close of business on the third Business Day preceding the redemption date by providing the notice sent by the Paying Agent to each Holder of record of shares of ATP called for redemption, the Paying Agent (if different from the Auction Agent) and the Securities Depository ("Notice of Redemption"). Notice of Redemption will be addressed to the registered owners of the ATP at their addresses appearing on the share records of the Fund. Such notice will set forth (i) the redemption date, (ii) the number and identity of shares of ATP to be redeemed, (iii) the redemption price (specifying the amount of accumulated dividends to be included therein), (iv) that dividends on the shares to be redeemed will cease to accumulate on such redemption date, and (v) the provision under which redemption shall be made.

If fewer than all of the shares of a series of ATP are redeemed on any date, the shares to be redeemed on such date will be selected by the Fund on a pro rata basis in proportion to the number of shares held by such Holders, by lot or by such other method as is determined by the Fund to be fair and equitable, subject to the terms of any Specific Redemption Provisions. Shares of ATP may be subject to mandatory redemption as described herein notwithstanding the terms of any Specific Redemption Provisions. The Auction Agent will give notice to the Securities Depository, whose nominee will be the record holder of all of the shares of ATP, and the Securities Depository will determine the number of shares to be redeemed from the account of the Agent Member of each beneficial owner. Each Agent Member will determine the number of shares to be redeemed from the account of each beneficial owner for which it acts as agent. An Agent Member may select for redemption shares from the accounts of some beneficial owners without selecting for redemption any shares from the accounts of other beneficial owners. Notwithstanding the foregoing, if neither the Securities Depository nor its nominee is the record holder of all of the shares, the particular shares to be redeemed shall be selected by the Fund by lot, on a pro rata basis between each series or by such other method as the Fund shall deem fair and equitable, as contemplated above.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

In connection with any redemption, whether optional or mandatory, the Fund shall pay, together with the redemption price, an amount equal to all accumulated dividends, whether or not such dividends have been earned or declared through the redemption date.

If Notice of Redemption has been given, then upon the deposit of funds sufficient to effect such redemption, all rights of the owners of the shares so called for redemption will cease, except the right of the owners of such shares to receive the redemption price, but without interest, and such shares will no longer be deemed to be Outstanding for any purpose. The Fund shall be entitled to receive from the Paying Agent, promptly after the date fixed for redemption, any cash deposited with the Paying Agent in excess of (i) the aggregate redemption price of the shares of ATP called for redemption on such date and (ii) such other amounts, if any, to which Holders of shares of ATP called for redemption may be entitled. The Fund will be entitled to receive, from time to time, from the Paying Agent the interest, if any, earned on such funds deposited with the Paying Agent and the owners of shares so redeemed will have no claim to any such interest. Any funds so deposited which are unclaimed two years after such redemption date will be paid by the Paying Agent to the Fund upon its request. Thereupon the Paying Agent will be relieved of all responsibility to the owners of such shares and such owners may look only to the Fund for payment.

B-36

So long as any shares of ATP are held of record by the nominee of the Securities Depository, the redemption price for such shares will be paid on the redemption date to the nominee of the Securities Depository. The Securities Depository's normal procedures now provide for it to distribute the amount of the redemption price to Agent Members who, in turn, are expected to distribute such funds to the persons for whom they are acting as agent.

Notwithstanding the provisions for redemption described above, no shares of ATP may be redeemed unless all dividends in arrears on the Outstanding shares of ATP, and all capital stock of the Fund ranking on a parity with the ATP with respect to the payment of dividends or upon liquidation, have been or are being contemporaneously paid or set aside for payment, except in connection with the liquidation of the Fund in which case all shares of ATP and all shares ranking in a parity with the ATP must receive proportionate amounts.

Except for the provisions described above, nothing contained in the Articles limits any legal right of the Fund to purchase or otherwise acquire any shares of ATP outside of an Auction at any price, whether higher or lower than the price that would be paid in connection with an optional or mandatory redemption, so long as, at the time of any such purchase, there is no arrearage in the payment of dividends on or the mandatory or optional redemption price with respect to, any shares of ATP for which Notice of Redemption has been given and the Fund is in compliance with the 1940 Act ATP Asset Coverage and has Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount after giving effect to such purchase or acquisition on the date thereof. Any shares which are purchased, redeemed or otherwise acquired by the Fund shall have no voting rights. If fewer than all the Outstanding shares of ATP are redeemed or otherwise acquired by the Fund, the Fund shall give notice of such transaction to the Auction Agent, in accordance with the procedures agreed upon by the Board of Directors.

RESTRICTIONS ON TRANSFER

Newly issued shares of ATP Series C may be transferred only (a) pursuant to an Order placed in an Auction, (b) to or through a Broker-Dealer, (c) to a person that has delivered a signed Master Purchaser's Letter to the Auction

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

Agent or (d) to the Fund or any Affiliate. Notwithstanding the foregoing, a transfer other than pursuant to an Auction will not be effective unless the selling Existing Holder or the Agent Member of such Existing Holder, in the case of an Existing Holder whose shares are listed in its own name on the books of the Auction Agent, or the Broker-Dealer or Agent Member of such Broker-Dealer, in the case of a transfer between persons holding newly issued shares of ATP Series C through different Broker-Dealers, advises the Auction Agent of such transfer. The certificates representing the newly issued shares of ATP Series C issued to the Securities Depository will bear legends with respect to the restrictions described above and stop-transfer instructions will be issued to the Transfer Agent and/or Registrar. See "Auction Procedures."

The certificates representing the newly issued shares of ATP Series C issued to the Securities Depository will bear legends with respect to the restrictions described above and stop-transfer instructions will be issued to the transfer agent and/or registrar.

ASSET MAINTENANCE

The Fund is required to satisfy two separate asset coverage requirements under the terms of the Articles. These requirements are summarized below.

ATP BASIC MAINTENANCE AMOUNT. The Fund is required to maintain as of each Valuation Date Eligible Assets having in the aggregate a Discounted Value at least equal to the ATP Basic Maintenance Amount, calculated separately for Moody's (if Moody's is then rating the ATP) and Fitch (if Fitch is rating the ATP). For this purpose, the Market Value of the Fund's portfolio securities is (i) computed based upon one or more pricing services agreements approved by the Board of Directors or (ii) the lower bid price from two independent dealers in securities, one of which bids shall be in writing. The Fund has a pricing services agreements with Reuters Fixed-Income Services and State Street Bank and Trust Company. The Fund may substitute another pricing service, provided that it has received notice from Moody's (if Moody's is then rating the ATP) and Fitch (if Fitch is rating the ATP) that such substitution will not impair the Aaa/AAA Credit Rating. If the Fund fails to maintain Eligible Assets having in the aggregate a Discounted Value at least equal to the ATP Basic Maintenance Amount as of any Valuation Date and such failure is not cured on or before the related Asset Coverage Cure Date, the Fund will be required in certain circumstances to redeem certain of the shares of ATP. See "Redemption" above.

B-37

The "ATP Basic Maintenance Amount" as of any Valuation Date is defined as the dollar amount equal to the sum of

(1) (A) the sum of the products resulting from multiplying the number of Outstanding shares of each series of ATP on such date by the Liquidation Value per share of such series; (B) the aggregate amount of dividends that will have accumulated at the Applicable Rate (whether or not earned or declared) to and including the first following Dividend Payment Date for each share of ATP Outstanding that follows such Valuation Date (or to the 42nd day after such Valuation Date, if such 42nd day occurs before the first following Dividend Payment Date); (C) the aggregate amount of dividends that would accumulate at the then current Maximum Applicable Rate for a Standard Term Period multiplied by the Volatility Factor (which means 1.00 if the current Dividend Period is one year or less and 1.89 if the current Dividend Period is greater than one year) on any shares of ATP Outstanding from the first day following the Dividend Payment Date referred to in (B) above through the 42nd day after such Valuation Date, but only if such 42nd day occurs after the first day following the Dividend Payment Date, except that if such Valuation Date occurs during a Default Period,

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

the dividend for purposes of the calculation would accumulate at the Default Rate; (D) the amount of anticipated Fund expenses for the 90 days subsequent to such Valuation Date; (E) any current liabilities, including, without limitation, indebtedness due within one year and any redemption premium due with respect to shares of ATP for which a Notice of Redemption has been given, as of such Valuation Date to the extent not reflected in any of (1) (A) through (1) (D); and (F) without duplication, 10% of the exercise price of any call option written by the Fund and the exercise price of any put option written by the Fund; less

(2) the sum of any cash or the value of any Fund assets irrevocably deposited by the Fund for the payment of any of (1) (B) through (1) (F) ("value" for purposes of this clause (2) shall mean the Discounted Value of the security, except that if the security matures prior to the relevant redemption payment date and is either fully guaranteed by the U.S. Government or is rated Prime-1 by Moody's and A-1 + by S&P, it will be valued at its face value).

Pursuant to the Fund's arrangements with Moody's and Fitch, the Fund has agreed upon a methodology for adjusting the Basic Maintenance Amount in light of the Swap Arrangement. On any Valuation Date, the Fund will receive an evaluation of the net amount that would be payable to or payable by the Fund pursuant to the Swap Arrangement as if the Swap Arrangement were being terminated as of such Valuation Date (the "Termination Value"). The Termination Value will be determined using the lower of two market quotations provided by two dealers. If the Termination Value would be payable by the Fund, the Fund will treat the Termination Value as a liability of the Fund in calculating the ATP Basic Maintenance Amount. If the Termination Value would be payable to the Fund, the Fund will treat the Discounted Termination Value as Eligible Assets in calculating the ATP Basic Maintenance Amount. The Discounted Termination Value shall be the Termination Value adjusted by a Discount Factor which shall be determined by treating (a) the swap as if it were a Debt Security, (b) the swap counter-party as the issuer of such Debt Security and (c) the time remaining until the swap's expiration date as the remaining maturity of such Debt Security.

Solely for purposes of calculating the ATP Basic Maintenance Amount, interest on borrowed funds outstanding as of any date will be treated as dividend payments, at a deemed dividend rate equal to the interest rate payable on such funds on the relevant date, but shall be subject to multiplication by the larger of the factors that the Fund has been informed by Moody's (if Moody's is then rating the ATP) or Fitch (if Fitch is then rating the ATP) are applicable (as described in 1(C) above) only in the event that interest on such borrowed funds is payable on the basis of a variable rate of interest, and the interest rate is subject to change within the relevant 43-day period.

In addition, for purposes of calculating the ATP Basic Maintenance Amount, assets in margin accounts will not be treated as Eligible Assets. Moreover, where delivery of a security may be made to the Fund with any of a class of securities, the Fund shall assume for purposes of the ATP Basic Maintenance Amount that it takes delivery of that security which yields it the least value.

The Discount Factors, the criteria used to determine whether the assets held in the Fund's portfolio are Eligible Assets and guidelines for determining the market value of the Fund's portfolio holdings have been based on criteria established in connection with rating the ATP. These factors include, but are not limited to, the sensitivity of the Market Value of the relevant asset to changes in interest rates, the liquidity and depth of the market for the relevant asset, the credit quality of the relevant asset (for example, the lower the rating of a debt obligation, the higher the

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

related Discount Factor) and the frequency with which the relevant asset is marked to market. In no event shall the Discounted Value of any asset of the Fund exceed its unpaid principal balance or face amount as of the date of calculation. The Discount Factor relating to any asset of the Fund, the ATP Basic Maintenance Amount, the assets eligible for inclusion in the calculation of the Discounted Value of the Fund's portfolio and certain definitions and methods of calculation relating thereto may be changed from time to time by the Fund, without stockholder approval, but only in the event that the Fund receives written confirmation from Moody's (if Moody's is then rating the ATP), Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and which so requires that any such changes would not impair the Aaa/AAA Credit Rating. If the Fund fails to maintain the Aaa/AAA Credit Rating and is unable to restore the Aaa/AAA Credit Rating by the Rating Default Cure Date, the Fund will be required to redeem the ATP. See "Rating Agency Guidelines" and "Redemption" above.

1940 ACT ATP ASSET COVERAGE. The Fund is required under the Articles to maintain 1940 Act ATP Asset Coverage on each Friday, or, if such day is not a Business Day, the next preceding Business Day, in which any shares of ATP are Outstanding. If the Fund fails to maintain 1940 Act ATP Asset Coverage and such failure is not cured as of the related Asset Coverage Cure Date, the Fund will be required to redeem certain shares of the ATP. See "Redemption" above.

The Fund estimates that on the Date of Original Issue of the new shares of ATP Series C, based on the composition of its portfolio as of September 30, 2003, the 1940 Act ATP Asset Coverage, after giving effect to the issuance of the shares of ATP Series C (\$30 million) and the deduction of sales load and estimated offering expenses for such shares (\$598,427), will be computed as follows:

Value of Fund assets less				
liabilities not constituting				
senior securities	\$325,353,289			
-----	-----	=		250%
Senior securities representing	\$130,000,000			
indebtedness (\$0) plus				
Liquidation Value of the ATP				

NOTICES. The Fund is required to deliver a certificate with respect to the calculation of the ATP Basic Maintenance Amount and the value of the portfolio holdings of the Fund (an "ATP Basic Maintenance Certificate") (i) to the Auction Agent, Moody's (if Moody's is then rating the ATP), Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and which so requires as of (a) the Business Day preceding the Date of Original Issue and (b) any Valuation Date on which the Fund fails to have Eligible Assets with an aggregate Discounted Value at least equal to 125% of the ATP Basic Maintenance Amount; (ii) to the Auction Agent, Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and which so requires as of (a) every fourth Valuation Date after the Date of Original Issue for the first year following the Date of Original Issue, (b) if the Fund fails to have Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount, and (c) on request by Fitch or such Other Rating Agency, as applicable; (iii) to the Auction Agent, Moody's (if Moody's is then rating the ATP), Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and which so requires as of (a) the Valuation Date next following the date of redemption by the Fund of shares of Common Stock which, together with all other shares of Common Stock purchased during the six months preceding such date, equal in excess of 1,000,000 shares of Common Stock, and (b) the last Valuation Date of each fiscal quarter and a Valuation Date during such fiscal quarter randomly selected by the Fund's

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

independent accountants as provided below; and (iv) to the Auction Agent, Moody's (if Moody's is then rating the ATP), Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and which so requires as of a Business Day on or before any Asset Coverage Cure Date relating to the Fund's cure of a failure to have Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount. Such ATP Basic Maintenance Certificate shall be delivered in the case of clause (i)(a) on the Date of Original Issue and in the case of clauses (i)(b), (ii), (iii) and (iv) above on or before the third Business Day after the relevant Valuation Date or Asset Coverage Cure Date.

The Fund is required to deliver to the Auction Agent, Moody's (if Moody's is then rating the ATP), Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and which so requires, a certificate with respect to the calculation of the 1940 Act ATP Asset Coverage and the value of the portfolio holdings

B-39

of the Fund (a "1940 Act ATP Asset Coverage Certificate") (i) as of the Business Day preceding the Date of Original Issue with respect to newly issued shares of ATP Series C, and (ii) as of (a) the last Valuation Date of each quarter thereafter, and (b) as of the Business Day on or before the Asset Coverage Cure Date relating to the failure to satisfy the 1940 Act ATP Asset Coverage. Such 1940 Act ATP Asset Coverage Certificate shall be delivered in the case of clause (i) on the Date of Original Issue and in the case of clause (ii) on or before the third Business Day after the relevant Valuation Date or the Asset Coverage Cure Date. Such certificate must be accompanied by a certificate from the Fund's accountants certifying as to the accuracy of the Fund's calculations.

On the Date of Original Issue, the Fund shall deliver to the Auction Agent, Moody's (if Moody's is then rating the newly issued shares of ATP Series C), Fitch (if Fitch is then rating the newly issued shares of ATP Series C) and any Other Rating Agency which is then rating the newly issued shares of ATP Series C and which so requires, a letter prepared by the Fund's independent accountants (an "Accountant's Certificate") regarding the accuracy of the calculations made by the Fund in the ATP Basic Maintenance Certificate and the 1940 Act ATP Asset Coverage Certificate required to be delivered by the Fund on the Date of Original Issue. Within eight Business Days after the last Valuation Date of each fiscal quarter of the Fund on which an ATP Basic Maintenance Certificate is required to be delivered, the Fund will deliver to the Auction Agent, Moody's (if Moody's is then rating the ATP), Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and which so requires, an Accountant's Certificate regarding the accuracy of the calculations made by the Fund in such ATP Basic Maintenance Certificate and in any other ATP Basic Maintenance Certificate randomly selected by the Fund's independent accountants during such fiscal quarter. Within eight Business Days after the last Valuation Date of each fiscal quarter of the Fund on which a 1940 Act ATP Asset Coverage Certificate is required to be delivered, the Fund will deliver to the Auction Agent, Moody's (if Moody's is then rating the ATP), Fitch (if Fitch is then rating the ATP) and any Other Rating Agency which is then rating the ATP and which so requires an Accountant's Certificate regarding the accuracy of calculations made by the Fund in such 1940 Act ATP Asset Coverage Certificate. In addition, the Fund will deliver to the relevant persons specified in the preceding sentence an Accountant's Certificate regarding the accuracy of the calculations made by the Fund on each ATP Basic Maintenance Certificate and 1940 Act ATP Asset Coverage Certificate required to be delivered as of a Business Day on or before any Asset Coverage Cure Date, within five days after the relevant Asset Coverage Cure Date. If an Accountant's Certificate delivered with respect to an Asset Coverage Cure Date shows an error was made in the Fund's report with respect to such Asset Coverage Cure Date, the calculation or determination made

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

by the Fund's independent accountants will be conclusive and binding on the Fund with respect to such reports. If any other Accountant's Certificate shows that an error was made in any such report, the calculation or determination made by the Fund's independent accountants will be conclusive and binding on the Fund; provided, however, any errors shown in the Accountant's Certificate filed on a quarterly basis shall not be deemed to be a failure to have Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount on such prior Valuation Dates.

In the event that an ATP Basic Maintenance Certificate or a 1940 Act ATP Asset Coverage Certificate or the applicable Accountant's Certificates with respect to an applicable Asset Coverage Cure Date are not delivered within the time periods specified in the Articles, the Fund shall be deemed to have failed to have Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount or the 1940 ATP Asset Coverage, as the case may be, as of the related Valuation Date, and such failure shall be deemed not to have been cured as of such Asset Coverage Cure Date for purposes of the mandatory redemption provisions.

LIQUIDATION

In the event of a liquidation, dissolution or winding up of the Fund, whether voluntary or involuntary, the Holders of ATP and any other shares ranking in parity with the ATP, in preference to the Holders of Common Stock, will be entitled to payment, out of the assets of the Fund or the proceeds thereof available for distribution to stockholders after satisfaction of claims of creditors of the Fund, of a liquidation distribution in the amount equal to the Liquidation Value per share of the ATP, plus an amount equal to accumulated dividends (whether or not earned or declared but without interest) to the date payment of such distribution is made in full or a sum sufficient for the payment thereof is set apart with the Paying Agent. However, Holders of ATP will not be entitled to any premium to which such Holder would be entitled to receive upon redemption of such shares of ATP. After payment of the full amount of such liquidation distribution, the owners of the ATP will not be entitled to any further participation in any distribution of assets of the Fund.

B-40

If, upon the liquidation, dissolution or winding up of the Fund, whether voluntary or involuntary, the assets of the Fund or proceeds thereof available for distribution to stockholders after satisfaction of claims of creditors of the Fund shall be insufficient to pay in full the liquidation distribution to which owners of any shares of ATP are entitled, such assets or the proceeds thereof will be distributed among the owners of the shares of ATP and any other shares ranking on a parity therewith, ratably.

In the event of any such liquidation, dissolution or winding up of the Fund, whether voluntary or involuntary, until payment in full is made to the owners of the shares of ATP of the liquidation distribution to which they are entitled, no dividend or other distribution shall be made to the Holders of Common Stock and no purchase, redemption or other acquisition for any consideration by the Fund shall be made in respect of the Common Stock.

A consolidation or merger of the Fund with or into any other company or companies, or a sale, lease or exchange of all or substantially all of the assets of the Fund in consideration for the issuance of equity securities of another company, shall not be deemed to be a liquidation, dissolution or winding up of the Fund; provided, however, that the consolidation, merger, sale, lease or exchange does not materially adversely affect any designation, right, preference or limitation of the ATP or any shares issuable in exchange for shares of ATP in any such consolidation or merger.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

To the extent other shares of ATP are issued by the Fund, including additional series of ATP or additional shares of the ATP Series A, ATP Series B, ATP Series C or ATP Series D, such shares will share equally and on a pro rata basis with the ATP then Outstanding in connection with any liquidation, dissolution or winding up of the Fund.

VOTING RIGHTS

Except as otherwise indicated herein and except as otherwise required by applicable law, Holders of shares of ATP have equal voting rights with Holders of Common Stock (one vote per share) and vote together with Holders of shares of Common Stock as a single class. Under applicable rules of the New York Stock Exchange, the Fund is currently required to hold annual meetings of stockholders.

In connection with the election of the Fund's Board, the holders of outstanding shares of Preferred Stock, including ATP Series C, represented in person or by proxy at said meeting, shall be entitled, as a class, to the exclusion of the holders of all other securities and classes of capital stock of the Fund, to elect two directors of the Fund, each share of Preferred Stock, including ATP Series C, entitling the holder thereof to one vote. The holders of outstanding shares of Common Stock and Preferred Stock, including ATP Series C, voting together as a single class, shall elect the balance of the directors. Notwithstanding the foregoing, if (a) at the close of business on any Dividend Payment Date accumulated dividends (whether or not earned or declared) on outstanding shares of the Preferred Stock, including Outstanding ATP Series C, equal to at least two full years' dividends shall be due and unpaid; or (b) any time holders of any other shares of Preferred Stock are entitled under the 1940 Act to elect a majority of the directors of the Fund, then the number of members constituting the Board shall automatically be increased by the smallest number that, when added to the two Directors elected exclusively by the Holders of shares of Preferred Stock as described above, would constitute a majority of the Board as so increased by such smallest number; and at a special meeting of stockholders which will be called and held as soon as practicable, and at all subsequent meetings at which Directors are to be elected, the Holders of shares of Preferred Stock, including the ATP, voting as a separate class, will be entitled to elect the smallest number of additional Directors that, together with the two Directors which such Holders will be in any event entitled to elect, constitutes a majority of the total number of Directors of the Fund as so increased. The terms of office of the persons who are Directors at the time of that election will continue. If the Fund thereafter shall pay, or declare and set apart for payment, in full all dividends payable on all outstanding shares of Preferred Stock, including the ATP, for all past Dividend Periods, the voting rights stated in the preceding sentence shall cease, and the terms of office of all of the additional Directors elected by the Holders of shares of Preferred Stock, including the ATP (but not of the Directors with respect to whose election the Holders of Common Stock were entitled to vote or the two Directors the Holders of shares of Preferred Stock, including the ATP, have the right to elect in any event), will terminate automatically. Any shares of ATP issued after the date hereof shall vote with the ATP as a single class on the matters described above, and the issuance of any other shares of ATP by the Fund may reduce the voting power of the ATP.

The affirmative vote of the Holders of a majority of the outstanding Preferred Stock determined with reference to a "majority of outstanding voting securities" as the term is defined in Section 2(a)(42) of the 1940 Act, including the ATP, voting as a class, is required to (i) amend, alter or repeal any of the preferences, rights or powers of such class so as to affect materially and adversely such preferences, rights or powers; (ii) increase the authorized number

of shares of Preferred Stock; (iii) create, authorize or issue shares of any class of capital stock ranking senior to or on a parity with the Preferred Stock with respect to the payment of dividends or the distribution of assets, or any securities convertible into, or warrants, options or similar rights to purchase, acquire or receive, such shares of capital stock ranking senior to or on parity with the Preferred Stock or reclassify any authorized shares of capital stock of the Fund into any shares ranking senior to or on parity with the Preferred Stock (except that, the Board of Directors, without the vote or consent of the Holders of Preferred Stock, may from time to time authorize, create and classify, and the Fund may from time to time issue, series or shares of Preferred Stock, including ATP, ranking on a parity with the ATP with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up to the affairs of the Fund, subject to continuing compliance by the Fund with 1940 Act ATP Asset Coverage and ATP Basic Maintenance Amount requirements, or in connection with a refinancing of the ATP); (iv) institute any proceedings to be adjudicated bankrupt or insolvent, or consent to the institution of bankruptcy or insolvency proceedings against it, or file a petition seeking or consenting to reorganization or relief under any applicable federal or state law relating to bankruptcy or insolvency, or consent to the appointment of a receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Fund or a substantial part of its property, or make any assignment for the benefit of creditors, or, except as may be required by applicable law, admit in writing its inability to pay its debts generally as they become due or take any corporate action in furtherance of any such action; (v) create, incur or suffer to exist, or agree to create, incur or suffer to exist, or consent to cause or permit in the future (upon the happening of a contingency or otherwise) the creation, incurrence or existence of any material lien, mortgage, pledge, charge, security interest, security agreement, conditional sale or trust receipt or other material encumbrance of any kind upon any of the Fund's assets as a whole, except (A) liens the validity of which are being contested in good faith by appropriate proceedings, (B) liens for taxes that are not then due and payable or that can be paid thereafter without penalty, (C) liens, pledges, charges, security interests, security agreements or other encumbrances arising in connection with any indebtedness permitted under clause (vi) below and (D) liens to secure payment for services rendered including, without limitation, services rendered by the Fund's custodian and the Auction Agent; or (vi) create, authorize, issue, incur or suffer to exist any indebtedness for borrowed money or any direct or indirect guarantee of such indebtedness for borrowed money or any direct or indirect guarantee of such indebtedness, except the Fund may borrow from banks for temporary or emergency purposes or as may be permitted by the Fund's investment restrictions; provided, however, that transfers of assets by the Fund subject to an obligation to repurchase shall not be deemed to be indebtedness for purposes of this provision to the extent that after any such transaction the Fund has Eligible Assets with an aggregate Discounted Value at least equal to the ATP Basic Maintenance Amount as of the immediately preceding Valuation Date.

The affirmative vote of the Holders of a majority of the Outstanding shares of ATP, voting as a separate class, will also be required to approve any plan of reorganization adversely affecting such shares or any action requiring a vote of security Holders under Section 13(a) of the 1940 Act including, among other things, changes in the Fund's investment objective or changes in the investment restrictions described as fundamental policies in the Prospectus under "Investment Objective and Policies--Investment Restrictions." In addition, the affirmative vote of the Holders of a majority of the Outstanding shares of each series of ATP, voting separately from any other series, shall be required with respect to any matter that materially and adversely affects the rights, preferences, or powers of such series in a manner different from that of other series or classes of the Fund's shares of capital stock. For purposes of the

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

foregoing, no matter shall be deemed to adversely affect any right, preference or power unless such matter (i) alters or abolishes any preferential right of such series; (ii) creates, alters or abolishes any right in respect of redemption of such series; or (iii) creates or alters (other than to abolish) any restriction on transfer applicable to such series. The class vote of Holders of shares of ATP described above will in each case be in addition to any separate vote of the requisite percentage of shares of Common Stock and/or ATP necessary to authorize the action in question.

The foregoing voting provisions will not apply with respect to the ATP if, at or prior to the time when a vote is required, such shares have been (i) redeemed or (ii) called for redemption and sufficient funds shall have been deposited in trust to effect such redemption.

The Board of Directors, without the vote or consent of any holder of the Preferred Stock, including the ATP, or any other stockholder of the Fund, may from time to time amend, alter or repeal any or all of the definitions of the terms or provisions listed below provided that the Board of Directors receives written confirmation from Moody's (if Moody's is then rating the ATP) and Fitch (if Fitch is then rating the ATP) (with such confirmation in no event being required to be obtained from a particular rating agency in the case of the definitions relevant only to and

B-42

adopted in connection with the rating of the ATP, if any, by any Other Rating Agency) that such amendment, alteration or repeal would not impair the rating then assigned by Moody's or Fitch, respectively.

ATP Basic Maintenance Amount	Maximum Applicable Rate
ATP Basic Maintenance Certificate	Minimum Applicable Rate
Asset Coverage Cure Date	Moody's Discount Factor

Fitch Discount Factor	1940 Act ATP Asset Coverage
Fitch Eligible Assets	Short Term Money Market Instruments
Fitch Industry Classification	Volatility Factor
Market Value (including certain provisions relevant to futures and options transactions)	Last Paragraph of Section 12 of the Art valuation of certain option provision

In addition, the Board of Directors, without the vote or consent of any Holder of the Preferred Stock, including ATP, or any other stockholder of the Fund, may from time to time adopt, amend, alter or repeal any or all of any additional or other definitions or add covenants and other obligations of the Fund (e.g., maintenance of minimum liquidity level) or confirm the applicability of covenants and other obligations set forth herein in connection with obtaining or maintaining the rating of Moody's, Fitch or any Other Rating Agency with respect to ATP and any such amendment, alteration or repeal will not be deemed to affect the preferences, rights or powers of ATP or the Holders thereof, provided the Board of Directors receives written confirmation from the relevant rating agency (such confirmation in no event being required to be obtained from a particular rating agency with respect to definitions or other provisions relevant only to another rating agency's rating) that any such amendment, alteration or repeal would not adversely affect the rating then assigned by such rating agency.

Also, subject to compliance with applicable law, the Board of Directors may

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

amend the definition of Maximum Applicable Rate to increase the percentage amount by which the Reference Rate is multiplied to determine the Maximum Applicable Rate shown therein without the vote or consent of the Holders of the shares of the Preferred Stock, including ATP, or any other stockholder of the Fund, and without receiving any confirmation from any rating agency after consultation with the Broker-Dealers, provided that immediately following any such increase the Fund would be in compliance with the ATP Basic Maintenance Amount.

Unless otherwise required by law, holders of shares of ATP shall not have any relative rights or preferences or other special rights other than those specifically set forth herein. The holders of shares of ATP shall have no rights to cumulative voting. In the event that the Fund fails to pay any dividends on the shares of ATP, the exclusive remedy of the holders shall be the right to vote for directors as discussed above.

AUCTION PROCEDURES

GENERAL

Neither the Fund nor any Affiliate shall submit an Order in any Auction.

DIVIDEND RATES AND AUCTION DATES

The Dividend Rate for each Dividend Period will be determined on the Auction Date in respect of such Dividend Period. If Sufficient Clearing Orders exist for an Auction, the Dividend Rate for the ensuing Dividend Period will be the Winning Rate, or, if all shares in the Auction are the subject of Submitted Hold Orders in respect of a Dividend Period of fewer than 93 days, the Minimum Applicable Rate. If Sufficient Clearing Orders do not exist for any Auction, the ensuing Dividend Period will be a Standard Term Period and the Dividend Rate for that Dividend Period will be the Maximum Applicable Rate. Except in the case of a default (as discussed above), or where all shares of the relevant series of ATP are subject to Submitted Holder Orders if there is no Auction on any Auction Date, the next Dividend Period will be a Standard Term Period and the Dividend Rate will be the Maximum Applicable Rate that could have resulted from an Auction in respect of a Standard Term Period on such Auction Date. The Fund is obligated to exercise its best efforts to maintain an Auction Agent.

B-43

ORDERS BY EXISTING HOLDERS AND POTENTIAL HOLDERS

On or prior to each Auction Date and prior to the Submission Deadline (initially 1:00 p.m., New York City time), each Existing Holder, with respect to shares it then holds, may submit to a Broker-Dealer by telephone or otherwise a Hold Order, a Hold/Sell Order or a Sell Order and each Broker-Dealer will contact Potential Holders to determine the Buy Orders, if any, to be made by such Potential Holders.

SUBMISSION OF ORDERS TO AUCTION AGENT

Each Order must be submitted in writing by a Broker-Dealer to the Auction Agent prior to the Submission Deadline on each Auction Date for the Auction to be conducted on such Auction Date and must specify (A) the name of the Existing Holder or Potential Holder placing such Order, (B) the aggregate number of shares that are the subject of such Order, (C) to the extent that such Orders are placed by an Existing Holder, the number of shares, if any, subject to any Hold Order, Hold/Sell Order or Sell Order, and (D) the rate, if any, specified in each Order.

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

If any rate specified in any Order contains more than three figures to the right of the decimal point, the Auction Agent will round such rate up to the next higher one thousandth of 1%.

If an Order or Orders covering all shares held by any Existing Holder are not submitted to the Auction Agent by the Submission Deadline, the Auction Agent will, only in the case of an Auction preceding a Dividend Period of 93 days or fewer and at the conclusion of a Dividend Period of 93 days or fewer, deem a Hold Order to have been submitted on behalf of such Existing Holder covering the number of shares held by such Existing Holder and not subject to Orders submitted to the Auction Agent. If an Order or Orders covering all shares of ATP held by any Existing Holder are not submitted to the Auction Agent by the Submission Deadline, the Auction Agent will, in the case of all other Auctions, deem a Sell Order to have been submitted on behalf of such Existing Holder covering the number of shares held by such Existing Holder and not subject to Orders submitted to the Auction Agent.

If one or more Orders covering in the aggregate more than the number of shares of the relevant series of ATP held by an Existing Holder are submitted to the Auction Agent, such Orders will be valid in accordance with the Validity Procedures.

If more than one Order is submitted on behalf of any Existing Holder or Potential Holder, each Order submitted will be a separate Order.

If any rate specified in any Order is lower than the Minimum Applicable Rate for the Dividend Period with respect to which such Order is made in the case of any Dividend Period of 93 days or fewer, such Order will be deemed to be an Order specifying a rate equal to such Minimum Applicable Rate.

In the case of any Dividend Period of more than 93 days, only Buy Orders, Hold/Sell Orders or Sell Orders may be submitted and Hold Orders may not be submitted.

DETERMINATION OF SUFFICIENT CLEARING ORDERS AND APPLICABLE RATE

Not earlier than the Submission Deadline, on each Auction Date, the Auction Agent will assemble all Submitted Orders and will determine whether Sufficient Clearing Orders exist and the Applicable Rate.

ACCEPTANCE OF ORDERS AND ALLOCATION OF SHARES

Based upon the results of the Auction, the Auction Agent will determine the aggregate number of shares to be held and sold by Existing Holders and to be purchased by Potential Holders, and, with respect to each Broker-Dealer, determine the extent to which such Broker-Dealer will deliver, and from which other Broker-Dealers such Broker-Dealer will receive, shares.

If Sufficient Clearing Orders exist, subject to the Rounding Procedures:

- (i) all Submitted Hold Orders will be accepted;
- (ii) all Submitted Sell Orders will be accepted and all Submitted Hold/Sell Orders specifying any rate higher than the Winning Rate will be accepted as Sell Orders;
- (iii) all Submitted Hold/Sell Orders specifying a rate lower than the Winning Rate will be accepted as Hold Orders;

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

- (iv) all Submitted Buy Orders specifying a rate lower than the Winning Rate will be accepted;

NOTIFICATION OF RESULTS; SETTLEMENT

The Auction Agent will advise each Broker-Dealer that submitted an Order whether such Order was accepted and of the Applicable Rate for the next Dividend Period by telephone by approximately 3:00 p.m., New York City time, on each Auction Date. Each Broker-Dealer that submitted an Order will as soon as practicable advise each Existing Holder and Potential Holder whether its Order was accepted and will confirm in writing purchases and sales with each Existing Holder and Potential Holder purchasing or selling shares as a result of an Auction as soon as practicable on the Business Day next succeeding the Auction Date. Each Broker-Dealer that submitted a Hold Order will advise each Existing Holder on whose behalf such Hold Order was submitted of the Applicable Rate for the shares of the relevant series of ATP for the next Dividend Period.

In accordance with the Securities Depository's normal procedures, on the Business Day after the Auction Date, the transactions described above will be executed through the Securities Depository and the accounts of the respective Agent Members at the Securities Depository will be debited and credited and shares delivered as necessary to effect the purchases and sales as determined in the Auction. Purchasers will make payment through their Agent Members in same-day funds to the Securities Depository against delivery through their Agent Members; the Securities Depository will make payment in accordance with its

Edgar Filing: NEW AMERICA HIGH INCOME FUND INC - Form 497

normal procedures, which now provide for payment against delivery to their Agent Members in same-day funds.

If any Existing Holder selling shares in an Auction fails to deliver such shares, the Broker-Dealer of any person that was to have purchased shares in such Auction may deliver to such person a number of whole shares that is less than the number of shares that otherwise was to be purchased by such person. In such event, the number of shares to be so delivered shall be determined by such Broker-Dealer. Delivery of such lesser number of shares shall constitute good delivery.

BROKER-DEALERS; COMMISSIONS

Broker-Dealers which submit Orders for the account of others must be authorized by law to perform such function. A Broker-Dealer may acquire shares for its own account. If a Broker-Dealer submits an Order for its own account in an Auction, it may have an advantage over others because it would have knowledge of other Orders placed through it in that Auction.

B-45

The Auction Agent after each Auction will pay to the Broker-Dealer, from funds provided by the Fund, a service charge at an annual rate of 0.25 of 1% in the case of any Auction immediately preceding a Dividend Period of less than one year and, in the case of Dividend Periods of one year or more, a percentage agreed upon between the Fund and the Broker-Dealer, of the purchase price of shares placed by the Broker-Dealer at such Auction. For purposes of this paragraph, shares will be placed by a Broker-Dealer if such shares were (i) the subject of Hold Orders deemed to have been made by Existing Holders and were acquired by such Existing Holders through the Broker-Dealer or (ii) the subject of an Order submitted by the Broker-Dealer that is (A) a Submitted Order of an Existing Holder that resulted in such Existing Holder continuing to hold such shares as a result of the Auction or (B) a Submitted Order of a Potential Holder that resulted in such Potential Holder purchasing such shares as a result of the Auction or (C) a valid Hold Order. In the event an Auction scheduled to occur on an Auction Date fails to occur for any reason, Broker-Dealers will be entitled to service charges as if the Auction had occurred and all holders of shares placed by them submitted valid Hold Orders.

THE AUCTION AGENT

Deutsche Bank Trust Company Americas, as successor to Bankers Trust Company, serves as Auction Agent with respect to the ATP and intends to serve as the Auction Agent for the newly issued shares of ATP Series C. The Auction Agent is acting solely as agent of the Fund and is not a trustee for holders of ATP Series C. In the absence of bad faith or gross negligence on its part, the Auction Agent will not be liable for any action taken, suffered or omitted or for any error of judgment made by it in the performance of its duties as Auction Agent.

The Auction Agent may resign upon notice to the Fund, such resignation to be effective on the earlier of the 90th day after the delivery of such notice and the date on which a successor Auction Agent is appointed by the Fund. The Fund may also replace the Auction Agent.
