THE SPORTS AUTHORITY, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Company

On August 4, 2003, a wholly owned subsidiary of Gart Sports Company completed a merger with The Sports Authority, Inc. In connection with the merger, Gart Sports Company ("Gart") was renamed The Sports Authority, Inc. The references made to the entities herein refer to The Sports Authority, Inc. (formerly Gart Sports Company, which is also referred to as "Sports Authority" or "Company"). "TSA" refers to TSA Stores, Inc., (formerly known as The Sports Authority, Inc.). The statements of income for the thirteen and the thirty-nine weeks ended October 30, 2004 reflect the results of the combined company, while results for the thirteen and thirty-nine weeks ended November 1, 2003 include the combined company only for the thirteen weeks ended November 1, 2003 and the former Gart Sports Company on a stand-alone basis for the first twenty-six weeks of fiscal 2003. In the merger, the TSA shareholders received 0.37 shares of Sports Authority common stock for each share of TSA stock they owned. The combined company operated 390 retail sporting goods stores in 45 states as of October 30, 2004.

Under license and e-commerce agreements with GSI Commerce Inc. ("GSI"), GSI operates sporting goods retail websites at www.thesportsauthority.com, www.gartsports.com, www.sportmart.com, and www.oshmans.com. Under these agreements, GSI owns certain content and technology related to the website, purchases and owns the merchandise sold on the websites, and hosts, maintains, fulfills orders and furnishes all other "back-end" operations required to operate the websites. GSI receives all revenue generated from the websites and pays the Company a royalty based on sales from these sites.

Mega Sports Co., Ltd. ("Mega Sports"), a joint venture between the Company and AEON Co., Ltd. ("AEON"), operates *The Sports Authority* stores in Japan pursuant to a license agreement with the Company. Under the agreement, Mega Sports pays a royalty based on its gross sales, in exchange for use of trademarks and other intangible property owned by the Company and for merchandising assistance provided by the Company. In April 2004, the license agreement was amended to, among other things, extend the term of the agreement from 2005 to 2014 and to revise the royalty payable by Mega Sports. TSA Stores has a 19.9% ownership interest in Mega Sports, which is accounted for under the cost method. AEON is a major Japanese retailer that owns 4.5% of the Company's outstanding stock.

2. Basis of Presentation

The accompanying unaudited consolidated financial statements do not include all information and footnotes necessary for the annual presentation of financial position, results of operations and cash flows in conformity with accounting principles generally accepted in the United States of America, and should be read in conjunction with The Sports Authority, Inc. Annual Report on Form 10-K for the period ended January 31, 2004. In the opinion of management, all adjustments (consisting of normal recurring adjustments) necessary for a fair presentation of the statement of financial position, results of operations and cash flows for the interim periods have been included. The results for the thirteen and thirty-nine week periods ended October 30, 2004 are not necessarily indicative of the results to be expected for the full year.

3. Merger

On August 4, 2003, TSA was merged with a subsidiary of Gart Sports Company, at which time Gart Sports Company became the owner of 100 percent of the outstanding common stock of TSA and was renamed The Sports Authority, Inc. Pursuant to the Financial Accounting Standards Board ("FASB") Statement No. 141, "Business Combinations," the transaction is being accounted for using

the purchase method of accounting with Gart as the accounting acquirer. Accordingly, the assets and liabilities of TSA were adjusted to their fair values and the excess of the purchase price over the fair value of TSA net assets acquired were recorded as goodwill. The allocation of the purchase price to specific assets and liabilities is based, in part, upon independent appraisals and internal estimates of cash flow and recoverability. The following table summarizes the fair values of the assets acquired and liabilities assumed at August 4, 2003.

	<u>(Unaudited)</u>
Inventory	\$ 305,957
Other current assets	46,693
Property and equipment	80,040
Favorable leases and other long term assets, excluding goodwill	75,805
Deferred tax assets	126,115
Goodwill	106,305
Current liabilities	(342,660)
Long term debt	(122,985)
Other long term liabilities	(74,086)
	<u> </u>
Fair value of net assets acquired, including intangibles	\$ 201,184
	<u> </u>

The accompanying statements of income reflect the results of the combined company for the thirteen and thirty-nine week periods ended October 30, 2004, while results for the thirteen and thirty-nine weeks ended November 1, 2003 include the combined company only for the thirteen weeks ended November 1, 2003 and the former Gart Sports Company on a stand-alone basis for the first twenty-six weeks of fiscal 2003.

The following unaudited pro forma summary presents information as if TSA had been acquired at the beginning of the prior year. The pro forma amounts include certain adjustments, including recognition of depreciation and amortization based on the allocated purchase price of property and equipment acquired, amortization of favorable leases, amortization of other finite lived intangible assets acquired, interest expense, and cessation of the amortization of certain lease acquisition costs. The pro forma amounts do not reflect any benefits from economies that might be achieved from combining the operations. No adjustments have been made to the pro forma summary to conform accounting policies and practices. No adjustments have been made to eliminate the after-tax effect of certain items included in the amounts for the thirty-nine weeks ended November 1, 2003 below as follows: \$13.0 million of merger integration costs; \$0.9 million of merger related costs recorded by TSA prior to the merger date; \$1.1 million of interest income and a \$1.7 million tax benefit, both related to the settlement of a tax dispute involving the Company's former parent; and \$0.9 million of costs to settle two wage and hour lawsuits.

The pro forma information does not necessarily reflect the actual results that would have occurred had the companies been combined during the period presented, nor is it necessarily indicative of the future results of operations of the combined companies.

(Pro forma unaudited, in thousands except per share amounts)	Thirty-nine weeks ended November 1, 2003
Net sales	\$ 1,748,462
Net income	\$ 4,538
Basic earnings per share	\$ 0.18
Diluted earnings per share	\$ 0.17

4. New Accounting Pronouncements

In November 2004, the FASB issued Statement of Financial Accounting Standards ("SFAS") No. 151, "Inventory Costs, an amendment of ARB No. 43, Chapter 4". SFAS No. 151 clarifies that inventory costs that are "abnormal" are required to be charged to expense as incurred as opposed to being capitalized into inventory as a product cost. SFAS No. 151 provides examples of "abnormal" costs to include costs of idle facilities, excess freight and handling costs, and wasted materials (spoilage). SFAS No. 151 is effective for the fiscal year beginning after June 15, 2005. While the Company continues to evaluate the impact of SFAS No. 151, we do not believe the adoption of this statement will have a material impact on the Company's consolidated financial statements.

5. Vendor Entitlements

In November 2002, the Emerging Issues Task Force ("EITF") issued consensus No. 02-16, "Accounting by a Customer (Including a Reseller) for Certain Consideration Received from a Vendor" ("EITF 02-16"), which generally provides that cash consideration received by a reseller from a vendor is presumed to be a reduction of cost of sales when recognized in the reseller's income statement. This presumption is overcome when the consideration is a reimbursement for specific, incremental, identifiable costs incurred by the reseller to sell the vendor's products, in which case the cash consideration should be characterized as a reduction of that cost when recognized in the reseller's income statement.

The Company has historically treated certain vendor entitlements as a reduction of inventory costs, while cooperative advertising reimbursements have been reflected as a reduction of operating expenses. For the thirteen and thirty-nine weeks ended October 30, 2004, the Company recharacterized \$2.5 million and \$7.6 million, respectively, of vendor entitlements from a reduction of advertising expense to a reduction of cost of inventory purchased. During the thirteen and thirty-nine weeks ended October 30, 2004, \$1.9 million and \$5.1 million, respectively, was recognized as a reduction of cost of goods sold. The net impact of EITF 02-16, after taxes, was a reduction of net income of \$0.4 million and \$1.5 million, or \$0.02 and \$0.06 per diluted share, for the thirteen and thirty-nine weeks ended October 30, 2004, respectively. The net impact of EITF 02-16 for the thirteen weeks and thirty-nine weeks ended November 1, 2003 was a reduction of net income of \$0.7 million and \$0.9 million, or \$0.03 and \$0.05 per diluted share, respectively.

6. Stock-Based Compensation

The Company accounts for stock compensation issued to employees using the recognition and measurement principles of Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25") and related Interpretations. Under APB 25, no compensation cost is reflected in net income for stock options granted as all such options had an exercise price equal to the market value of the underlying common stock on the date of grant. The Company records compensation expense related to its grants of restricted stock units based on the fair value of the common stock on the date of the grant, amortized on a straight-line basis over the vesting period. The following table illustrates the effect on net income (loss) and earnings (loss) per share had the Company applied the fair value recognition provisions of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation," to stock-based employee compensation (in thousands, except per share amounts):

	Thirteen weeks ended		Thirty-nine weeks ended

7. Goodwill and Intangible Assets

The carrying amount of intangible assets is as follows (in thousands):

	As of October 30, 2004		As of January 31, 2004	
	Gross Carrying Amount	Accumulated Amortization	Gross Carrying Amount	Accumulated Amortization
Goodwill	\$ 153,218	\$ (734)	\$ 133,468	\$ (734)
Trademark	40,604		40,604

Total	\$ 252,018	\$ (18,590)	\$ 229,361	\$ (12,358)

The changes in the net carrying amount of goodwill for the thirty-nine weeks ended October 30, 2004 relate primarily to the after tax impact of changes in estimated liabilities for TSA stores targeted for closure due to the merger and estimated amounts for assumed contractual obligations of TSA at the merger date and are as follows:

	Carrying Amount
Goodwill, net at January 31, 2004	\$ 132,734
TSA purchase accounting fair value adjustments	19,750
Goodwill, net at October 30, 2004	\$ 152,484

8. Earnings (Loss) Per Share

Basic earnings (loss) per share ("EPS") is computed by dividing earnings available to common stockholders by the weighted-average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution of securities that could share in earnings. During the thirteen weeks ended October 30, 2004 and November 1, 2003, all common share equivalents are excluded from the computations, as their effect would be antidilutive. The computation of diluted EPS excludes the effect of anti-dilutive common share equivalents (primarily stock options outstanding), aggregating 1,289,840 and 1,440,056 for the thirteen weeks ended October 30, 2004 and November 1, 2003, respectively, and 255,756 and 267,424 for the thirty-nine weeks ended October 30, 2004 and November 1, 2003,

respectively. The following table sets forth the computations of basic and diluted earnings per share (in thousands, except share and per share amounts):

	Thirteen weeks ended		Thirty-nine weeks ended	
	October 30, 2004	November 1, 2003	October 30, 2004	November 1, 2003
Net income (loss)	\$ (2,220)	\$ (7,651)	\$ 8,596	\$ 1,797
Weighted average shares of common stock outstanding basic	25,821,965	24,408,686	25,639,714	16,059,729
Basic earnings (loss) per share	\$ (0.09)	\$ (0.31)	\$ 0.34	\$ 0.11
Number of shares used for diluted earnings per share:				
Weighted average shares of common stock outstanding basic	25,821,965	24,408,686	25,639,714	16,059,729
Dilutive securities stock options and unvested restricted stock			735,564	1,129,530

Diluted earnings (loss) per share	\$ (0.09)	\$ (0.31)	\$ 0.33	\$ 0.10

9. Store Closing Costs

Management identified a total of 30 stores and the TSA corporate office for closure as a result of the merger. In the thirty-nine weeks ended October 30, 2004, the Company recorded additional exit reserves related to the TSA store closures of \$11.4 million. Management based its decision to close certain of the TSA stores due principally to their location in overlapping Gart markets, or due to historical underperformance. As of October 30, 2004 the Company has closed 23 of these locations and terminated 7 of the related underlying lease obligations.

Following is a summary of activity in the store exit reserves for the thirty-nine weeks ended October 30, 2004 (in thousands):

	Total
Balance, January 31, 2004	\$ 75,519
Increase recorded as a component of purchase accounting TSA merger	11,416
Increase recorded in operating expenses:	
Consolidation of distribution centers due to TSA merger	600
Other adjustments of existing reserves	861
	<hr/>
Subtotal-operating expenses	1,461
	<hr/>
Cash receipts (payments):	
Sublease receipts	2,022
Payments	(23,152)
	<hr/>
Subtotal-cash receipts (payments)	(21,130)
	<hr/>
Balance, October 30, 2004(1)	\$ 67,266
	<hr/>

- (1) At October 30, 2004, the ending reserve balance is comprised of \$66.0 million of remaining reserves established as a component of purchase accounting in connection with the Company's merger and acquisitions. The remaining balance of \$1.3 million represents remaining reserves established in connection with routine store closing activities unrelated to the Company's merger or acquisitions.

10. Impairment of Store Assets

The Company reviews long-lived store assets for impairment quarterly or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Based upon management's assessment of long-lived assets, the Company determined that the carrying amounts of certain of its long-lived assets were not recoverable. The stores identified in management's assessment had experienced losses from operations and negative cash flows. The fair value of the assets to be held and used in continuing operations for which an impairment was recorded was estimated using the present value of estimated expected future cash flows in order to determine the amount of impairment loss. Impairment costs recognized during the thirteen and thirty-nine weeks ended October 30, 2004 was \$1.1 million related to the impairment of assets at two underperforming store locations. There were no impairment costs recognized in the thirteen and thirty-nine weeks ended November 1, 2003.

11. Credit Facility

On August 4, 2003, the Company entered into a new credit financing agreement with CIT/Business Credit, Inc. ("CIT"), as agent, that allows the combined company to borrow up to \$600 million under a revolving credit line, limited to an amount equal to 70% of eligible inventory or 85% of the appraised net orderly liquidation value of eligible inventory. The Company is also entitled to seasonal increases (seasonal advances) in the inventory advance rate for up to 120 days during any calendar year as designated by the Company for the lesser of 80% of eligible inventory or 90% of appraised net orderly liquidation value. Interest on the revolving credit line is payable monthly at Chase Manhattan Bank's prime rate plus a margin rate ranging from 0% to 0.50% or, at the option of the Company, at Chase Manhattan Bank's LIBOR rate plus a margin rate ranging from 1.50% to 2.50%.

On September 15, 2004, the Company entered into an Amended and Restated Financing Agreement with CIT that modified the terms of the existing credit facility by providing for an additional \$40 million term loan and extended the maturity date of our existing revolving credit line to August 4, 2008. The term loan was drawn in full on September 15, 2004 and is due on September 15, 2006 unless it is extended to August 4, 2008 at our option upon notice given no earlier than 90 days, and no later than 30 days, prior to September 15, 2006, as long as no default has then occurred and is continuing under the Credit Agreement and if certain EBITDA and fixed charge coverage ratio minimums, as defined in the Credit Agreement, are met. Interest on the term loan is payable monthly at Chase Manhattan Bank's prime rate plus 3.25% or, at the option of the Company, at Chase Manhattan Bank's LIBOR rate plus a margin rate ranging from 5.50% to 6.00%.

12. Contingencies

Legal Proceedings

The Company is, from time to time, involved in various legal proceedings and claims arising in the ordinary course of business. Management believes that the outcome of all such pending legal proceedings to which the Company is a party will not, in the aggregate, have a material adverse effect on the Company's business, financial condition, or operating results.

TSA Stores is one of over thirty named defendants, including firearm manufacturers and retailers, in *City of Chicago and County of Cook v. Beretta U.S.A. Corp. et al.*, Circuit Court of Cook County, Illinois. This suit was served on TSA Stores in November 1998. The original complaint was based on legal theories of public nuisance and negligent entrustment of firearms, and alleged that the defendants created a public nuisance by distributing, marketing, and selling firearms in the portion of Cook County outside Chicago, knowing or recklessly disregarding that these guns would be illegally transferred and used in Chicago to commit crimes. To compensate the City of Chicago and Cook County for their alleged costs resulting from the alleged public nuisance, the complaint sought damages exceeding \$433 million to be allocated among the various defendants. The complaint also sought punitive damages and injunctive relief imposing additional regulations on the methods the defendants use to distribute, market, and sell firearms in Cook County. In February 2000, the trial court dismissed the complaint's negligent entrustment count. With the Court's permission, the plaintiffs filed an amended complaint in March 2000, which contained both the public nuisance and negligent entrustment counts. In September 2000, the trial court granted the defendants' motions to dismiss the amended complaint, in its entirety, with prejudice.

In October 2000, the plaintiffs appealed to the Appellate Court of Illinois, First Judicial District. On November 4, 2002, the Appellate Court reversed the dismissal of the amended complaint and remanded the case to the trial court for further proceedings on the public nuisance issue. While the other defendants filed a petition for leave to appeal before the Illinois Supreme Court, TSA Stores filed a motion for rehearing with the Appellate Court on November 25, 2002. The Appellate Court denied this motion on March 7, 2003.

On March 27, 2003, TSA Stores filed an additional petition, as the other defendants had done previously, for leave to appeal to the Illinois Supreme Court. On May 5, 2003, the Illinois Supreme Court granted the plaintiffs' subsequent motion to hold the TSA Stores's petition in abeyance, pending resolution of the other defendants' appeal.

On September 10, 2003, the Illinois Supreme Court heard oral arguments on the other defendants' appeal, and on November 18, 2004, issued an opinion reversing the Appellate Court's decision and affirming the trial court's dismissal of the case. As for the case against TSA Stores, while the Company

is currently unable to predict the outcome, management believes that it is likely that the case against the Company will also ultimately be dismissed.

13. Financial Instruments and Risk Management

Interest Rate Instruments

The Company entered into an interest rate swap agreement on June 28, 2001 for a notional amount of \$20 million, which expired on June 30, 2004. The Company entered into an interest rate swap agreement on December 11, 2002 for a notional amount of \$40 million, expiring on May 31, 2005, and entered into another interest rate swap agreement on June 23, 2004 for a notional amount of \$75 million, beginning July 7, 2004 and expiring on June 29, 2007, to minimize the risks and costs associated with its financing activities in general and to minimize its exposure to variable cash flows in particular. Under the swap agreements, the Company pays fixed rate interest and receives variable LIBOR interest rate payments periodically over the life of the instrument. As of October 30, 2004, the total notional interest rate swap amounts are \$115 million and are used to measure interest to be paid or received and do not represent the exposure due to credit loss.

The Company's interest rate swaps are each designated as a cash flow hedge, and are considered highly effective as defined by FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities." Accordingly, there is no charge to earnings for changes in the fair value of the swap agreements. Cash settlements on the swap agreements are recorded as interest expense. At October 30, 2004 and January 31, 2004, the fair value of the swaps was a loss of approximately \$1.0 million and \$0.8 million, respectively, net of the related tax benefit. The unrealized losses from these interest rate swaps are included in other comprehensive income and are shown as a component of stockholders' equity.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with our consolidated financial statements and notes thereto included elsewhere within this report and The Sports Authority, Inc. Annual Report on Form 10-K for the period ended January 31, 2004. This discussion and analysis contains forward-looking statements that involve risk and uncertainties. Actual results could differ materially from those currently anticipated, including risks and uncertainties discussed in The Sports Authority's filings with the Securities and Exchange Commission. Those risks include, among other things, the competitive environment in the sporting goods industry in general and in the Company's specific market areas, consumer confidence, changes in discretionary consumer spending, changes in costs of goods and services and economic conditions in general and in the Company's specific market areas, unseasonable weather and those risks generally associated with the integration of the two companies. The Company assumes no obligation to update any such factors or to publicly announce results of any revisions to any of the forward-looking statements as a result of new information or future events or developments.

Overview

On August 4, 2003, a wholly-owned subsidiary of Gart Sports Company completed a merger with The Sports Authority, Inc., and Gart Sports Company was renamed The Sports Authority, Inc. The references made to the entities herein refer to The Sports Authority, Inc. (formerly Gart Sports Company which includes "Sports Authority" or "Company" or "we" or "our" or "us") and its subsidiaries. "TSA" refers to TSA Stores Inc. (formerly known as The Sports Authority, Inc.). The merger was accounted for under the purchase method of accounting with Gart Sports Company as the acquirer. Accordingly, the results of operations below include the results of TSA for the thirteen and thirty-nine week periods ended October 30, 2004, while the results for the thirteen and thirty-nine week periods ended November 1, 2003 include the combined company only for the thirteen weeks ended November 1, 2003 and the results of the former Gart Sports Company on a stand-alone basis for the first twenty-six weeks of fiscal 2003. The combined company is headquartered in Englewood, Colorado and is listed on the New York Stock Exchange under the ticker symbol "TSA."

Following the TSA merger, we are one of the nation's largest publicly traded full-line sporting goods retailers, with a presence in most major markets across the United States. At October 30, 2004, we operated 390 stores in 45 states under the Sports Authority, Gart Sports, Oshman's and Sportmart brand names. We also have a licensing agreement with Mega Sports Co. Ltd., a joint venture between the Company and AEON Co., Ltd., to operate stores in Japan under the Sports Authority name.

With our major financial and retail systems integrated by the end of fiscal 2003, the first thirty-nine weeks of 2004 was dedicated to continued integration of processes and merchandise assortments. To ensure that we get the right merchandise to the right store at the right time, we retrofitted the TSA Burlington, New Jersey distribution center to conform to consistent company-wide systems, and also commenced operations in our new 616,000 square foot distribution center in Fontana, California late in the first quarter. As of October 30, 2004, we have completed 39 TSA store remodels since the merger. In addition, we have completed 43 "Golf Day" shops for a total of 62 company-wide. Finally, we now have our full service "Statement Shoe Walls" in approximately 200 stores company-wide. These Statement Shoe Walls provide a full service environment for higher priced performance footwear. From a merchandise assortment perspective, we have substantially completed our enhanced product offerings in the fitness category and our expansion of winter sports products into the TSA markets. We continue to assess our private label programs for the best ways to optimize these programs on a company-wide basis.

During the third fiscal quarter of 2004 we opened seven new stores, closed three underperforming TSA stores and relocated one store. Our comparable store sales for the 2004 third fiscal quarter decreased 1.9%. The hurricanes that affected the southeastern United States during the quarter

negatively impacted our comparable store sales by an estimated 0.9%. We were also impacted by weak sales of fitness equipment and declines in our hunting and fishing categories. We continue to enhance our fitness product offerings to include higher-end merchandise assortments in our stores. These decreases were partially offset by increased sales due to the introduction of an expanded assortment of winter sports products into TSA markets.

Given the economic characteristics of our store formats, the similar nature of the products sold, the type of customer and method of distribution, our operations are aggregated in one reportable segment as defined by Statement of Financial Accounting Standards No. 131, "Disclosure About Segments of an Enterprise and Related Information."

Forward-Looking Statements

We caution that any forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995) contained in this Quarterly Report on Form 10-Q or made by our management involve risks and uncertainties and are subject to change based on various important factors, many of which may be beyond our control. Accordingly, our future performance and financial results may differ materially from those expressed or implied in any such forward-looking statements. Accordingly, investors should not place undue reliance on forward-looking statements as a prediction of actual results. You can identify these statements as those that may predict, forecast, indicate or imply future results, performance or advancements and by forward-looking words such as *"believe," "anticipate," "expect," "estimate," "predict," "intend," "plan," "project," "will," "will be," "will continue," "will result," "could," "may," "might" or any variations of such words or other words with similar meanings*. Forward-looking statements address, among other things, our expectations, our growth strategies, including our plans to open new stores, our efforts to increase profit margins and return on invested capital, plans to grow our private label business, projections of our future profitability, results of operations, capital expenditures or our financial condition or other "forward-looking" information and includes statements about revenues, earnings, spending, margins, liquidity, store openings and operations, inventory, private label products, our actions, plans or strategies.

The following factors, among others, in some cases have affected and in the future could affect our financial performance and actual results and could cause actual results for 2004 and beyond to differ materially from those expressed or implied in any forward-looking statements included in this report or otherwise made by our management: the intense competition in the sporting goods industry and actions by our competitors; our inability to borrow capital on acceptable terms; our inability to manage our growth, open new stores on a timely basis and expand successfully in new and existing markets; the availability of retail store sites on terms acceptable to us; the cost of real estate and other items related to our stores; changes in consumer demand; risks relating to product liability claims and the availability of sufficient insurance coverage relating to those claims; our relationships with our suppliers, distributors or manufacturers and their ability to provide us with sufficient quantities of products; any serious disruption at our distribution or return facility; the seasonality of our business; the potential impact of natural disasters or national and international security concerns on us or the retail environment; risks related to the economic impact or the effect on the U.S. retail environment relating to instability and conflict in the Middle East or elsewhere; risks relating to the regulation of the products we sell, such as firearms; risks associated with relying on foreign sources of production; risks relating to our pursuit of strategic acquisitions; our ability to meet our labor needs; changes in general economic and business conditions and in the specialty retail or sporting goods industry in particular; and other factors discussed in further detail under the caption "Risks and Uncertainties" in our Annual Report on Form 10-K for the period ended January 31, 2004, as well as other reports or filings filed by us with the Securities and Exchange Commission.

In addition, we operate in a highly competitive and rapidly changing environment; therefore, new risk factors can arise, and it is not possible for management to predict all such risk factors, nor to

Edgar Filing: SPORTS AUTHORITY INC /DE/ - Form 10-Q

assess the impact of all such risk factors on our business or the extent to which any individual risk factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statement. We do not assume any obligation and do not intend to update any forward-looking statements.

Results of Operations

- (1) Represents merger integration costs associated with the TSA merger.
- (2) Includes a non-recurring expense of \$1.5 million, including attorneys' fees expenses, related to the proposed settlement of two wage and hour class action lawsuits in California. The final settlement of these lawsuits was completed during the second fiscal quarter of 2004 for \$1.3 million.
- (3) Includes non-recurring interest income of \$1.9 million related to the settlement of a tax dispute involving our former parent.
- (4) Includes a non-recurring tax benefit of \$1.7 million related to the settlement of a tax dispute involving our former parent.
- (5) Includes \$1.9 million of non-recurring income, after tax, associated with the non-recurring settlements described above in footnotes 2, 3, and 4.

Newly opened stores enter the comparable store sales base at the beginning of their 14th full month of operation. TSA stores meeting the criteria were included in the comparable sales store sales base beginning on August 4, 2003.

We consider cost of goods sold to include the direct cost of merchandise, plus certain costs associated with procurement, warehousing, handling and distribution. In addition to the full cost of inventory, cost of goods sold includes related occupancy costs and depreciation and amortization of leasehold improvements, rental equipment and favorable leases.

Operating expenses include controllable and non-controllable store expenses (except occupancy), non-store expenses and depreciation and amortization not associated with cost of goods sold.

Critical Accounting Policies

Our condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. Preparation of these statements requires management to make significant judgments and estimates. Some accounting policies have a significant impact on amounts reported in these financial statements. A summary of significant accounting policies and a description of accounting policies that are considered critical may be found in our Annual Report on Form 10-K for the period ending January 31, 2004, in Note 2 of the Notes to the Consolidated Financial Statements, and in the Critical Accounting Policies section of Management's Discussion and Analysis of Financial Condition and Results of Operations.

Thirteen Weeks Ended October 30, 2004 Compared to Thirteen Weeks Ended November 1, 2003

Net Sales. Net sales for the thirteen weeks ended October 30, 2004 were \$545.0 million compared to \$552.5 million for the thirteen weeks ended November 1, 2003. The decrease primarily relates to lower comparable store sales during the quarter. Comparable store sales decreased 1.9% versus the prior year's comparable quarter. The four hurricanes that impacted the southeastern United States in 2004 resulted in an estimated 90 basis point decrease in comparable store sales. Sales from new store openings of \$21.3 million were offset by a decrease in sales of \$17.6 million due to store closures. We were also impacted by factors including weak sales of fitness equipment and declines in our hunting and fishing categories. These sales decreases were partially offset by stronger sales in outdoor apparel due to our expanded assortment of winter sports products in certain TSA markets.

Gross Profit. Gross profit for the thirteen weeks ended October 30, 2004 was \$146.7 million, or 26.9% of net sales, as compared to \$146.7 million, or 26.6% of net sales, for the thirteen weeks ended November 1, 2003, or an overall improvement of 30 basis points. We improved gross profit by 110 basis points as a result of continued favorable performance in merchandise margins and improved shrink performance. The application of EITF 02-16 produced an increase in gross profit of \$1.9 million, or 34 basis points, due to vendor entitlements recognized as a reduction of cost of goods sold which would historically have been treated as a reduction of advertising expense. These increases were partially offset by higher store occupancy and distribution center costs.

Operating Expenses. Operating expenses for the thirteen weeks ended October 30, 2004 were \$139.3 million, or 25.6% of net sales, compared to \$135.6 million, or 24.5% of net sales, for the thirteen weeks ended November 1, 2003. The percent to sales increase was driven by lower comparative store sales, higher advertising costs partially due to the recharacterization of vendor entitlements, totaling \$2.5 million, or 0.5% of net sales, from a reduction of advertising expense to a reduction of cost of inventory purchased as a result of the application of EITF 02-16, as well as higher gross advertising costs. Operating expenses also increased by \$1.1 million, or 0.2% of net sales, as a result of a non-cash impairment of assets at two underperforming store locations. These increases were offset by a gain of approximately \$1.0 million, or 0.2% of net sales, from an insurance settlement primarily for inventory damaged in a fire that occurred at one of our stores.

Merger Integration Costs. Merger integration costs relate to the merger with TSA and were \$4.8 million, or 0.9% of net sales, for the thirteen weeks ended October 30, 2004, compared to \$19.7 million, or 3.6% of net sales, for the thirteen weeks ended November 1, 2003. These costs for the thirteen weeks ended October 30, 2004 include \$2.4 million for consulting fees related to integrating the two companies, \$1.3 million of severance, recruitment costs and duplicative payroll and benefits, and \$0.7 million in relocation and travel. For the thirteen weeks ended November 1, 2003, these costs consisted primarily of \$8.8 million of duplicative payroll and benefits, \$3.0 million of expense related to closing the operations of the former TSA corporate office and closure of a Gart distribution center, \$2.6 million of costs associated with relocation, travel and severance, \$2.0 million of consulting fees, \$1.9 million of bonuses, and \$1.3 million of advertising related to rebranding certain stores.

Operating Income. As a result of the factors described above, operating income for the thirteen weeks ended October 30, 2004 was \$1.5 million compared to an operating loss of \$9.0 million for the thirteen weeks ended November 1, 2003.

Interest Expense. Interest expense for the thirteen weeks ended October 30, 2004 increased to \$5.5 million, or 1.0% of net sales, from \$3.9 million, or 0.7% of net sales, for the thirteen weeks ended November 1, 2003. The increase in interest expense is due to higher debt levels as a result of financing increased inventory levels due to the replacement of TSA inventory identified as clearance and non-go-forward at the time of the merger, negative comparable store sales, and our investment in the winter sports business for the northeast TSA stores. Higher interest expense is also due to a 103 basis point increase in average interest rates this quarter as a result of higher 90-day LIBOR rates and the higher interest rate on our new \$40 million term loan.

Other Income. Other income was \$0.3 million for the thirteen weeks ended October 30, 2004 compared to \$0.3 million for the thirteen weeks ended November 1, 2003.

Income Taxes. We recorded an income tax benefit of \$1.4 million for the thirteen weeks ended October 30, 2004 compared to an income tax benefit of \$4.9 million for the thirteen weeks ended November 1, 2003. Our effective rate was approximately 39% for the 13 weeks ended October 30, 2004 and November 1, 2003.

Thirty-nine Weeks Ended October 30, 2004 Compared to Thirty-nine Weeks Ended November 1, 2003

Net Sales. Net sales for the thirty-nine weeks ended October 30, 2004 were \$1.7 billion compared to \$1.0 billion for the thirty-nine weeks ended November 1, 2003. Of the \$674.0 million increase, \$642.7 million is due to the inclusion of sales from TSA stores acquired in the merger in the first twenty-six weeks of the year that were not included in the prior year results. The remaining increase of \$31.3 million is attributable primarily to sales from new store openings of \$64.6 million, offset by \$20.7 million from store closures and lower comparable store sales. On a combined basis, comparable store sales for the thirty-nine weeks ended October 30, 2004 were down 1.9%, primarily due to the 3.8% decrease in the second fiscal quarter and the 1.9% decrease in the third fiscal quarter, while first fiscal quarter comparable store sales were slightly positive with a 0.3% increase. We have experienced weak sales of fitness equipment on a year to date basis. During the second fiscal quarter, our more seasonal outdoor categories under-performed expectations due to unusually cool and wet weather in many of our key markets. Additionally, during the second fiscal quarter of 2004 we reassigned responsibilities within the merchandising group, which resulted in some short-term disruption in placement and allocation of product orders. In the third fiscal quarter of 2004, we experienced an estimated 90 basis point decline in comparable store sales as a result of the hurricanes that impacted the southeastern United States and a decrease in the hunting and fishing categories. These sales decreases in the third fiscal quarter were partially offset by stronger sales in outdoor apparel due to our expanded assortment of winter sports products in TSA markets.

Gross Profit. Gross profit for the thirty-nine weeks ended October 30, 2004 was \$473.9 million, or 27.5% of net sales, as compared to \$275.0 million, or 26.2% of net sales, for the thirty-nine weeks ended November 1, 2003, or an overall improvement of 130 basis points. This improvement was driven by an increase in gross profit of 168 basis points as a result of continued favorable performance in merchandise margins resulting primarily from lower inventory costs due to the increased buying power of the combined company and improved shrink performance. The application of EITF 02-16 produced an increase in gross profit of \$5.1 million, or 30 basis points, for vendor entitlements recognized as a reduction of cost of goods sold which would historically have been treated as a reduction of advertising expense. These increases in gross profit were partially offset by higher store occupancy and distribution center costs as a percent of sales.

Operating Expenses. Operating expenses for the thirty-nine weeks ended October 30, 2004 were \$422.2 million, or 24.5% of net sales, compared to \$247.3 million, or 23.6% of net sales, for the period ended November 1, 2003. These increases are primarily due to the operating costs associated with the acquired TSA stores. Additionally, operating expenses increased as a percentage of sales due to the decrease in comparable store sales. Operating expenses also increased as a result of the application of EITF 02-16, which resulted in the recharacterization of \$7.6 million, or 0.4% of net sales, in vendor entitlements from a reduction of advertising expense to a reduction of cost of inventory purchased.

Merger Integration Costs. Merger integration costs relate to the merger with TSA and were \$21.8 million, or 1.3% of net sales, for the thirty-nine weeks ended October 30, 2004, compared to \$21.4 million, or 2.0% of net sales, for the period ended November 1, 2003. These costs for the thirty-nine weeks ended October 30, 2004 include \$10.2 million of severance, recruitment fees and duplicative payroll and benefits, \$7.0 million for consulting fees related to integrating the two companies, \$2.0 million in relocation and travel expenses, \$1.3 million related to closing the operations of the former TSA corporate office and closure of a Gart distribution center, and \$1.0 million in advertising expense. For the thirty-nine weeks ended November 1, 2003, these costs consisted primarily of \$8.8 million of duplicative payroll and benefits, \$3.3 million of costs associated with relocation, travel and severance, \$3.0 million of expense related to closing the operations of the former TSA corporate office and closure of a Gart distribution center, \$3.0 million of consulting fees, \$1.9 million of bonuses, and \$1.3 million of advertising related to rebranding and announcing the combined company.

Operating Income. As a result of the factors described above, operating income for the thirty-nine weeks ended October 30, 2004 was \$27.5 million compared to operating income of \$5.3 million for the thirty-nine weeks ended November 1, 2003.

Interest Expense. Interest expense for the thirty-nine weeks ended October 30, 2004 increased to \$14.7 million, or 0.9% of net sales, from \$8.0 million, or 0.8% of net sales, for the thirty-nine weeks ended November 1, 2003. The increase in interest expense is primarily related to increased debt levels due to the assumption of TSA debt upon completion of the merger, funding of merger and integration costs, and financing increased inventory levels due to the replacement of TSA inventory identified as clearance and non-go-forward at the time of the merger, negative comparable store sales, and our investment in the winter sports business for the northeast TSA stores. We are also paying higher rates this year versus last year as a result of higher 90-day LIBOR rates.

Other Income. Other income was \$1.3 million for the thirty-nine weeks ended October 30, 2004 compared to \$2.8 million for the thirty-nine weeks ended November 1, 2003. The prior year's period included \$1.9 million in interest income associated with the settlement of a tax dispute involving Gart's former parent.

Income Taxes. Income tax expense was \$5.5 million for the thirty-nine weeks ended October 30, 2004 compared to a \$1.6 million income tax benefit for the thirty-nine weeks ended November 1, 2003. The prior year's period included a tax benefit of \$1.7 million related to the settlement of the tax dispute discussed above. This one-time benefit had the effect of reducing the effective tax rate, which would otherwise have been approximately 39%, compared to approximately 39% for the first thirty-nine weeks of 2004.

Liquidity and Capital Resources

Our primary capital requirements are for inventory and other seasonal working capital needs, capital improvements, including investments in new stores, store remodeling and distribution centers,

store fixtures and ongoing infrastructure improvements, and pre-opening expenses to support our expansion plans.

	Thirty-nine weeks ended	
	October 30, 2004	November 1, 2003
	(in thousands, except ratios)	
Cash used in operating activities	\$ (90,796)	\$ (28,642)

Cash used in operating activities was \$62.2 million higher in the first thirty-nine weeks of 2004 versus the same period of the prior year. This increase was primarily due to an increase in inventory purchases net of accounts payable of \$73.2 million in the thirty-nine weeks of 2004 offset by an increase in net income adjusted for depreciation and amortization of \$23.4 million.

Cash used in investing activities decreased \$38.3 million in the first thirty-nine weeks of 2004 versus the same period of the prior year. In the prior year, we incurred approximately \$38.8 million of direct transaction costs related to the merger. Capital expenditures increased from \$48.8 million in the first thirty-nine weeks of 2003 to \$72.9 million in 2004, reflecting the increased remodel spending on acquired TSA stores and 16 new stores opened in the period. Capital expenditures in the first thirty-nine weeks of 2004 primarily include: \$28.5 million for store remodels and new fixtures; \$11.3 million for installation of "Golf Day" departments, "Statement Shoe Walls", and miscellaneous store improvements; \$9.8 million for 16 store openings and a relocation; \$6.5 million for distribution center capital spending; and \$3.4 million for information systems upgrades. 2004 capital expenditures are expected to approximate \$85.0 to \$90.0 million, inclusive of the proceeds received from the sale-leaseback of distribution center equipment. Cash used in investing activities was partially offset by proceeds from the sale (including one sale-leaseback) of three owned TSA store sites and a sale-leaseback of equipment at one distribution center, totaling \$20.2 million as follows: the sale-leaseback of one store site was completed in January 2004, while the proceeds of \$10.9 million were received on the first business day of February 2004; the other two store sites were closed in 2003, and were sold in 2004 for net proceeds of \$4.5 million; and the sale-leaseback of the distribution center equipment resulted in net proceeds of \$4.9 million. We also received \$3.1 million principal amount in full satisfaction of mortgage notes related to a property as a result of the landlord-borrower(s) refinancing or disposing of the underlying property.

Cash provided by financing activities, which typically consists of net borrowing or payments under our revolving credit facility, increased \$7.1 million in the first thirty-nine weeks of 2004 versus the same period of the prior year. The increase primarily reflects a \$4.8 decrease in financing fees associated with our credit facility with CIT/Business Credit, Inc and additional borrowings of \$1.5 million required to finance merger-related expenditures, including store exit and merger integration costs and the impact of the sales shortfall. Proceeds from stock option exercises were \$6.5 million in the first thirty-nine weeks of 2004, compared to \$6.1 million in the 2003 period.

Working capital increased \$139.2 million, from \$340.8 million at November 1, 2003 to \$480.0 million at October 30, 2004. The increase is due principally to an increase in inventories net of accounts payable of \$82.0 million, reflecting the increased inventory levels due to the replacement of TSA inventory identified as clearance and non-go-forward at the time of the merger, negative comparable store sales, and our investment in the winter sports business for the northeast TSA stores.

Our liquidity and capital needs have principally been met by operating cash flows and by borrowings under a revolving credit facility with CIT/Business Credit, Inc. ("CIT"), as agent. Under our credit financing agreement (the "Credit Agreement") the Company may borrow up to \$600,000,000, generally limited to an amount equal to 70% of eligible inventory or 85% of the appraised net orderly liquidation value of eligible inventory (as defined in the agreement), but with seasonal increases in the advance rate permitted. Interest on the revolving credit facility is payable monthly at Chase Manhattan Bank's prime rate plus a margin rate ranging from 0% to 0.50% or, at our option, at Chase Manhattan Bank's LIBOR rate plus a margin rate ranging from 1.50% to 2.50%. On September 15, 2004, the Company entered into an Amended and Restated Financing Agreement with CIT that modified the terms of the credit facility by providing for an additional \$40 million term loan and extending the maturity date of our existing revolving credit line to August 4, 2008. The term loan was drawn in full on September 15, 2004 and is due on September 15, 2006 unless it is extended to August 4, 2008 at our option upon notice given no earlier than 90 days, and no later than 30 days, prior to September 15, 2006, as long as no default has then occurred and is continuing under the Credit Agreement and if certain EBITDA and fixed charge coverage ratio minimums, as defined in the Credit Agreement, are met. Interest on the term loan is payable monthly at Chase Manhattan Bank's prime rate plus 3.25% or, at the option of the Company, at Chase Manhattan Bank's LIBOR rate plus a margin rate ranging from 5.50% to 6.00%. At October 30, 2004, borrowings under the credit facility were \$448.5 million and \$137.3 million was available for borrowing.

We believe that cash generated from operations on an annual basis, combined with funds available under the Credit Agreement, will be sufficient to fund projected capital expenditures, future common share purchases, if any, and other working capital requirements for the foreseeable future. We intend to utilize the revolving credit facility to meet seasonal fluctuations in cash flow requirements.

Seasonality and Inflation

Our fourth quarter has historically been the strongest quarter, which we attribute to two primary factors: (i) increases in sales of winter sports and cold weather merchandise; and (ii) holiday sales contribute significantly to our operating results. As a result of these factors, inventory levels, which gradually increase beginning in April, generally reach their peak in November and then decline to their lowest level following the December holiday season. Any decrease in sales for the fourth quarter, whether due to a slow holiday selling season, poor snowfall in ski areas near our markets or otherwise, could have a material adverse effect on our business, financial condition and operating results for the entire fiscal year.

Although our operations are influenced by general economic conditions, we do not believe that inflation has a material impact on our results of operations. We believe that we are generally able to pass along any inflationary increases in costs to our customers.

New Accounting Pronouncements

In November 2004, the FASB issued SFAS No. 151, "Inventory Costs, an amendment of ARB No. 43, Chapter 4" ("SFAS No. 151"). SFAS No. 151 clarifies that inventory costs that are "abnormal" are required to be charged to expense as incurred as opposed to being capitalized into inventory as a product cost. SFAS No. 151 provides examples of "abnormal" costs to include costs of idle facilities, excess freight and handling costs, and wasted materials (spoilage). SFAS No. 151 is effective for the

fiscal year beginning after June 15, 2005. While we continue to evaluate the impact of SFAS No. 151, we do not believe the adoption of this statement will have a material impact on our consolidated financial statements.

ITEM 3. Quantitative and Qualitative Disclosures about Market Risk

At October 30, 2004, there had not been any material changes in our market risk information as disclosed in our Annual Report on Form 10-K for the year ended January 31, 2004. More detailed information concerning market risk can be found under the caption "Quantitative and Qualitative Disclosures about Market Risks" in the section "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the year ended January 31, 2004.

ITEM 4. Controls and Procedures

Under the supervision and with the participation of our management, including the Chief Executive Officer and Chief Financial Officer, we have conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report (the "Evaluation Date"). There are inherent limitations to the effectiveness of any system of disclosure controls and procedures, including the possibility of human error and the circumvention or overriding of the controls and procedures. Accordingly, even effective disclosure controls and procedures can only provide reasonable assurance of achieving their control objectives. Based on such evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective in alerting them on a timely basis to material information relating to us required to be included in our reports filed or submitted under the Exchange Act.

There was no change in our internal control over financial reporting during the thirteen weeks ended October 30, 2004 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

ITEM 1. Legal Proceedings

We are, from time to time, involved in various legal proceedings incidental to the conduct of our business. We believe that the outcome of all such pending legal proceedings to which we are a party will not, in the aggregate, have a material adverse effect on our business, financial condition, or operating results.

TSA Stores is one of over thirty named defendants, including firearm manufacturers and retailers, in *City of Chicago and County of Cook v. Beretta U.S.A. Corp. et al.*, Circuit Court of Cook County, Illinois. This suit was served on TSA Stores in November 1998. The original complaint was based on legal theories of public nuisance and negligent entrustment of firearms, and alleged that the defendants created a public nuisance by distributing, marketing, and selling firearms in the portion of Cook County outside Chicago, knowing or recklessly disregarding that these guns would be illegally transferred and used in Chicago to commit crimes. To compensate the City of Chicago and Cook County for their alleged costs resulting from the alleged public nuisance, the complaint sought damages exceeding \$433 million to be allocated among the various defendants. The complaint also sought punitive damages and injunctive relief imposing additional regulations on the methods the defendants use to distribute, market, and sell firearms in Cook County. In February 2000, the trial court dismissed the complaint's negligent entrustment count. With the Court's permission, the plaintiffs filed an amended complaint in March 2000, which contained both the public nuisance and negligent entrustment counts. In September 2000, the trial court granted the defendants' motions to dismiss the amended complaint, in its entirety, with prejudice.

In October 2000, the plaintiffs appealed to the Appellate Court of Illinois, First Judicial District. On November 4, 2002, the Appellate Court reversed the dismissal of the amended complaint and remanded the case to the trial court for further proceedings on the public nuisance issue. While the other defendants filed a petition for leave to appeal before the Illinois Supreme Court, TSA Stores filed a motion for rehearing with the Appellate Court on November 25, 2002. The Appellate Court denied this motion on March 7, 2003.

On March 27, 2003, TSA Stores filed an additional petition, as the other defendants had done previously, for leave to appeal to the Illinois Supreme Court. On May 5, 2003, the Illinois Supreme Court granted the plaintiffs' subsequent motion to hold the TSA Stores's petition in abeyance, pending resolution of the other defendants' appeal.

On September 10, 2003, the Illinois Supreme Court heard oral arguments on the other defendants' appeal, and on November 18, 2004, issued an opinion reversing the Appellate Court's decision and affirming the trial court's dismissal of the case. As for the case against TSA Stores, while we are currently unable to predict the outcome, we believe that it is likely that its case will also ultimately be dismissed.
