Item 7.01 Regulation FD Disclosure.

On May 1, 2014, LKQ Corporation (the "Company") issued a press release announcing that members of senior management of LKQ Corporation will make presentations at the following investor conferences:

May 7, 2014: Baird's 2014 Growth Stock Conference in Chicago, IL

May 21, 2014: 8th Annual Barrington Research Spring Conference in Chicago, IL

A copy of the presentation materials will be available under Presentations in the Investor Relations section of the Company's website, www.lkqcorp.com, on the presentation dates.

On May 5, 2014, senior management of the Company made a presentation at the Company's Annual Meeting of Stockholders. A copy of the presentation materials is available under Presentations in the Investor Relations section of the Company's website.

The information in this Current Report on Form 8-K shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), nor shall it be incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such a filing.

The financial data contained in the presentation materials includes earnings before interest, taxes, depreciation and amortization ("EBITDA") and provides a reconciliation of net income to EBITDA. The financial data contained in the presentation materials also includes adjusted net income and adjusted diluted earnings per share ("EPS") and provides a reconciliation of net income and diluted EPS to adjusted net income and adjusted diluted EPS. The Company defines adjusted net income and adjusted diluted EPS as net income and EPS adjusted to eliminate the impact of restructuring and acquisition related expenses, net of tax, loss on debt extinguishment, net of tax, and the change in fair value of contingent consideration liabilities. EBITDA, adjusted net income and adjusted diluted EPS are not measures of financial performance under generally accepted accounting principles in the United States.

We have presented EBITDA, adjusted net income and adjusted diluted EPS information solely as supplemental disclosures because we believe they offer investors, securities analysts and other interested parties useful information regarding our results of operations as they assist in analyzing our performance and the value of our business. EBITDA provides insight into our profitability trends, and allows management and investors to analyze our operating results with and without the impact of depreciation, amortization, interest and income tax expense. We believe EBITDA is used by securities analysts, investors and other interested parties in evaluating companies, many of which present EBITDA when reporting their results. EBITDA should not be construed as an alternative to operating income, net income or net cash provided by (used in) operating activities, as determined in accordance with accounting principles generally accepted in the United States. Adjusted net income and adjusted diluted EPS are presented as supplemental measures of our performance that management believes are useful for evaluating and comparing our operating activities across reporting periods. Not all companies that report EBITDA, adjusted net income and adjusted diluted EPS information calculate these measures in the same manner as we do and, accordingly, our calculations are not necessarily comparable to similarly named measures of other companies and may not be appropriate measures for performance relative to other companies.

A copy of the May 1, 2014 press release is furnished as Exhibit 99.1 to this report and is incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.
