## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2002  
(unaudited)

### 1. Basis of Presentation

The accompanying unaudited condensed consolidated financial statements of Buyers United, Inc. ("the Company" or "Buyers United") have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB of Regulation S-B. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position and results of operations.

It is management's opinion, however, that all material adjustments (consisting of normal recurring accruals) have been made which are necessary for a fair financial statement presentation. The results for the interim period are not necessarily indicative of the results to be expected for the year.

For further information, refer to the consolidated financial statements and footnotes included in the Company's annual report on Form 10-KSB for the year ended December 31, 2001.

### 2. Long-term Debt

In January 2002, the Company issued a \$100,000 unsecured note payable to the Chairman of the Board which bears interest at 12% with both principal and interest due July 5, 2003.

Also in January 2002 the Company issued \$79,998 in unsecured notes payable to three officers of the Company that bear interest at 12% which is payable monthly with the principal due July 5, 2003.

In April and May of 2002 the Company also issued \$2,265,000 in unsecured promissory notes bearing interest at 10% to 12%, payable monthly. Principal payments are due monthly based on 38% to 40% of billings collected from specifically identified customers. These percentages will increase if the notes are not fully repaid within a specified period. After the notes' principal balance is paid in full, the Company will continue to remit a percentage of the billings collected from these customers but the percentage will be reduced to 18% to 20%. These payments will continue as long as the customers continue purchasing long distance services from the Company. In addition, each note holder received a two-year warrant to purchase shares of common stock at an exercise price of \$2.50 per share. The amount of warrants issued equaled 10% of the note proceeds.

### 3. Capital Transactions

During the last half of 2001, preferred stock dividends amounted to \$378,316, consisting of \$150,942 on outstanding shares of Series A 8% cumulative convertible preferred stock, and \$227,374 on outstanding shares of Series B 8% cumulative convertible preferred stock. These dividends were paid through the issuance of 374,534 shares of common stock to the holders of the preferred stock in February 2002.

On January 15, 2002, the Company issued 7,998 shares to three officers in

## Edgar Filing: BUYERS UNITED INC - Form 10QSB

consideration of notes payable in the amount of \$79,998. The value of the shares was \$8,798.

On January 18, 2001, the Company issued 10,000 shares to Theodore Stern, the Company's CEO and Chairman of the Board of Directors, in consideration of a note payable in the amount of \$100,000. The value of the shares was \$10,000.

On February 15, 2002, the Company issued 25,000 shares to Mr. Stern in consideration of him granting a \$250,000 guaranty to MCI WorldCom, Inc. on behalf of Buyers United in connection with the Company entering in to a resale contract. The value of the shares was \$30,750.

In May 2002 the Board of Directors approved a plan to modify the exercise price on certain warrants from \$2.50 to \$2.00 per share, and to extend the expiration date of certain warrants from December 31, 2002 to December 31, 2004. As of mid-August, the Company was in the process of obtaining the required approvals from the warrant holders and expects the modifications to be completed by the end of August.

#### 4. Major suppliers

Approximately, 87% and 62% of the Company's cost of revenue for the six months ended June 30, 2002 and 2001, respectively, was generated from two telecommunications providers. As of June 30, 2002 one of these providers had filed for bankruptcy protection under Chapter 11, and the other provider is currently being scrutinized by the Securities and Exchange Commission over certain accounting matters. Although the Company has not experienced a disruption of service and feels it could replace these sources with other wholesale telecommunications providers, the effect on the Company's operations of potentially losing both of these service providers can not be determined.

#### 5. Subsequent events

During the first part of August 2002, the Company entered into loan agreements with several individuals aggregating \$1,700,000. Under the terms of the agreements, the proceeds can be used for working capital or to partake in a direct response advertising campaign with an unrelated comparison shopping service to solicit new customers. The loans have a stated interest rate of 10%, and are to be repaid using a portion of collected revenues from specifically-designated new customers. After all principal and interest is repaid, the note holder will retain a 24% residual for as long as the specific customers remain active Buyers United customers. Unlike similar loan arrangements entered into earlier in the year, no warrants were issued in connection with these loans.

#### 6. Going concern

Up through the end of 2001, the Company had experienced recurring losses from operations. As of June 30, 2002, the Company had a working capital deficit of \$4.3 million and an accumulated deficit of \$26 million. Although the Company achieved profitability during the first two quarters of 2002, and management believes the Company will continue to be profitable during the remainder of 2002, the foregoing matters raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company be unable to continue as a going concern.

## Edgar Filing: BUYERS UNITED INC - Form 10QSB

### Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

#### Overview

Buyers United is engaged in the business of selling to consumers and small businesses long distance and Internet access services. Our business model is to offer these services at what we believe to be competitive prices and provide additional value to the customer through service maintenance and billing, product rebates, and other promotions. Buyers United uses the purchasing power of its customer base to obtain favorable rates for long distance and Internet access service and obtain rebates on products and services we offer to our customers as an added benefit for purchasing long distance or Internet access service through us. Buyers United's goal is to continue to expand and develop as a national reseller of our services. Our strategy for achieving this goal is to focus on expanding service and product offerings, continue our customer rebate program, continue development of our agent sales program, and pursue Internet marketing opportunities to obtain new customers.

Buyers United provides services that it believes are perceived by consumers and businesses as essential or are compatible with their normal annual expenditures. Since its inception in January 1996, Buyers United has focused on selling long distance service. This focus has enabled Buyers United to build the size of its customer base.

Buyers United currently has over 83,000 customers. Its target market includes networking professionals, small businesses, and middle-class families with an annual household income between \$30,000 and \$100,000, as these are the most likely to respond actively to the cost savings opportunity offered by Buyers United. Customers reside mostly in high population centers and they tend to spend more than the average on long distance services. Buyers United believes that approximately one-third of the present customers consist of small businesses and entrepreneurs who operate home-based businesses.

#### Results of Operations

Total revenues from telecommunications and other services increased 94% to \$6.78 million for the three months ended June 30, 2002 as compared to \$3.49 million for the same period in 2001. Year-to-date, revenues increased 80% as compared to the first half of 2001. The increase in revenue is due to an increase in the number of customers we serve resulting from our ongoing promotional efforts, primarily involving independent agents and referrals from an online shopping comparison service.

Costs of revenues for the three-month period ended June 30, 2002 were \$3.68 million, a 46% increase as compared to \$2.52 million incurred during the comparable three-month period for the prior year. For the six-month periods, costs of revenue increased 37%. Such costs as a percentage of revenue for the three and six-month periods ended June 30, 2002 were 54% and 53%, respectively, as compared to 72% and 70% during 2001. The higher gross margins is a result of obtaining better costs from our long distance carriers, along with an increase in sales to residential customers which earn higher gross margins.

Total operating expenses other than costs of revenues were 3% higher during the

## Edgar Filing: BUYERS UNITED INC - Form 10QSB

quarter ended June 30, 2002 as compared to the same period of 2001, and were 4% lower during the six-month period as compared to the previous year. These changes are a result of the following factors:

- \* General and administrative costs in 2002's second quarter increased 3% to \$1.81 million compared to \$1.76 million in 2001. For the six months ended June 30, 2002, expenses were lower by 11% as compared to the previous year. Decreases in expenses during 2002 as compared to 2001 resulted from lower compensation costs incurred after we reduced employee levels in 2001. In addition, certain occupancy and maintenance costs were lower stemming from the cancellation of an equipment lease during the third quarter of 2001. These decreases were offset by increases during 2002 in billing costs and allowances for uncollectible accounts directly proportional to the increase in revenues.
- \* Selling and promotion expenses increased 4% to \$856,276 during the second quarter of 2002 from \$827,157 in 2001. Expenses for the six-month period ended June 30, 2002 rose 11% as compared to the same period of 2001. The increases resulted primarily from the proportionate higher commission amounts paid on higher revenue. Included in selling and promotion expenses for the first half of 2001 was \$150,000 in celebrity contract renewal costs in connection with an infomercial marketing tool originally intended to air later in 2001. The infomercial was not used and we did not incur any contract renewal costs in the first half of 2002. Consequently, commissions on revenue represent a substantially higher proportion of selling and promotion expense in the first six months of 2002 as compared to 2001.

Interest income was \$5,998 for the quarter ended June 30, 2002, and was \$6,802 for the six months then ended. This compares to \$3,873 and \$9,124, respectively, earned during the comparable periods of 2001. The differences resulted from varying cash balances on hand during 2002 as compared to the corresponding periods in 2001.

Interest expense for the three and six-month periods ended June 30, 2002 was \$385,480 and \$688,724, respectively, compared to \$184,137 and \$371,511 for the comparative periods of 2001. The higher amounts were the result of higher debt balances outstanding in 2002 as compared to the previous year.

As a result of the above factors we earned overall net income before preferred stock dividends of \$51,504 during the quarter ended June 30, 2002, as compared to a net loss of \$1.80 million for the same period during 2001. For the first half of 2002 we earned income of \$77,532, as compared to a net loss of \$3.31 million incurred during the first half of 2001.

### Liquidity and Capital Resources

Buyers United's current ratio as of June 30, 2002 increased slightly to 0.57:1 from 0.48:1 at the end of 2001. The components of current assets and current liabilities that changed significantly since the end of 2001 were accounts receivable, accrued commissions and rebates, other current assets, and the current portion of long-term debt.

Accounts receivable and accrued commission and rebates increased as a result of higher revenue amounts during 2002 as compared to 2001. Other current assets increased 278% since the end of December 2001, due primarily to higher capitalized amounts associated with our direct financing campaign that are expected to be recovered during the next twelve months.

The current portion of long-term debt rose 255%, partly because the balance of

## Edgar Filing: BUYERS UNITED INC - Form 10QSB

a \$1.05 million promissory note, due February 28, 2003, was reclassified from a long-term to a current liability. In addition, although the majority of new promissory notes issued during 2002 have no stated maturity date, management believes we will repay the loans over a period of approximately twelve months. Accordingly, the entire amount of these loans have also been included in current liabilities.

As of June 30, 2002, we had a \$1.05 million note payable to an individual bearing interest at 18%, payable monthly. The note is due February 28, 2003 and provides that 50,000 shares of common stock will be issued to the note holder at maturity. Should the note be prepaid, we are required to issue 100,000 shares to the note holder. The note provides a conversion feature whereby the holder may convert the note into common stock at \$2.50 per share.

During October and November of 2001, we raised \$825,000 via promissory notes to fund our participation in an unrelated comparison shopping service and to fund working capital needs. The notes are unsecured and bear interest at 12%, payable monthly. Principal is also payable monthly, based on 20% of billings collected during each monthly billing period from specifically designated existing customers or from any new customers that subscribed via the on-line shopping service in which the shopping services fee was paid from the proceeds. After the notes are repaid, we will continue to remit a percentage of the billings collected from these customers, but the percentage will be reduced to 10%. These payments will continue as long as the specific customers continue purchasing long distance services from Buyers United.

During the first half of 2002, Buyers United raised \$2,265,000 through the sale of promissory notes to continue in the comparison shopping service and to fund working capital needs. These notes bear interest at 10% to 12%, and interest and principal payments are due monthly. Similar to the notes issued during 2001, principal is repaid out of collected billings from new customers generated through the online shopping service. However, only half the note proceeds are to be used for this service, the rest being allocated for working capital purposes, as needed. With respect to these 2002 notes, 38% to 40% of the new customer billings are to be reserved for principal repayment, depending on the particular note agreement. After the notes are repaid, we will continue to remit a percentage of the billings collected from these customers, but the percentage will be reduced to 18% to 20%. These payments will continue as long as the specific customers continue purchasing long distance services from Buyers United.

In August 2002, we sold an additional \$1,700,000 in promissory notes bearing interest at the rate of 10% per annum that will be repaid out of a portion of billings to new customers obtained via the shopping service, similar to the terms of the promissory notes describe above.

At June 30, 2002, Buyers United had several unsecured promissory notes payable to Theodore Stern, an officer and director, totaling \$2,665,000. All but one of the notes (for \$400,000) bear interest at a rate of 12%, with interest payable upon maturity. The \$400,000 note, along with the noteholder's personal guaranty, originated in connection with securing more favorable rates with certain of our telecommunication providers. Accordingly, based on savings in terms of these costs, interest on this note is calculated based on the monthly vendor billings incurred by Buyers United, not to exceed \$15,000 per month, payable monthly. All the notes mature on July 5, 2003.

During the first quarter of 2002, we issued \$79,998 in unsecured promissory notes payable to Paul Jarman, G. Douglas Smith, and Kenneth D. Krogue, all executive officers. The notes mature in July 2003 and bear interest at 12%, payable monthly.

Buyers United has a line of credit agreement with RFC Capital Corporation. The

## Edgar Filing: BUYERS UNITED INC - Form 10QSB

facility allows us to finance up to \$2.5 million based on our eligible accounts receivable, and allows us to borrow against unbilled receivables as well as finance regular monthly billings. The facility bears interest at a rate of prime plus 6% and expires in June 2004. At June 30, 2002, we had financed the maximum amount available based on eligible accounts receivable at that time, which amounted to \$811,072. This agreement also requires us to maintain a restricted cash account for the collection of our receivables. As of June 30, 2002 we had \$430,932 of restricted cash primarily relating to the RFC Capital agreement.

Up through the end of 2001, we had experienced recurring losses from operations. As of June 30, 2002, we had a working capital deficit of \$4.3 million and an accumulated deficit of \$26 million. Although we achieved profitability during the first two quarters of 2002, the foregoing matters raise substantial doubt about our ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should we be unable to continue as a going concern. We are currently experiencing significant revenue growth and have seen the results of several fixed-cost reduction initiatives begun in 2001. While there can be no assurance that such will be the case, management believes that the trend of revenue increases will continue, and that we will continue to be profitable during the remainder of 2002.

### Forward-Looking Statements

The Private Securities Litigation Reform Act of 1985 provides a safe harbor for forward-looking statements made by Buyers United, except where such statements are made in connection with an initial public offering. All statements, other than statements of historical fact, which address activities, actions, goals, prospects, or new developments that we expect or anticipate will or may occur in the future, including such things as expansion and growth of our operations and other such matters are forward-looking statements. Any one or a combination of factors could materially affect our operations and financial condition. These factors include competitive pressures, success or failure of marketing programs, changes in pricing and availability of services and products offered to members, legal and regulatory initiatives affecting member marketing and rebate programs or long distance service, and conditions in the capital markets. Forward-looking statements made by us are based on knowledge of our business and the environment in which we operate as of the date of this report. Because of the factors listed above, as well as other factors beyond its control, actual results may differ from those in the forward-looking statements.

## PART II. OTHER INFORMATION

### Item 1. LEGAL PROCEEDINGS

On June 14, 2001, a lawsuit was filed against Buyers United by Profitec, Inc., in New Haven, Connecticut. Profitec asserts that it agreed to perform certain billing services in 1999 for our telecommunication customers and that we agreed to pay Profitec for such services. Profitec further claims that we breached the contract by terminating the contract and failing to pay fees allocable under a "liquidated damage" provision for early termination. Profitec claims damages in excess of \$140,000, based upon the contract's liquidated damage provisions. Buyers United has retained counsel to defend this action. Our defenses include that Profitec breached the contract with respect to manner and

## Edgar Filing: BUYERS UNITED INC - Form 10QSB

time of performance and failed to cure these breaches after notice. We filed a general denial answer and asserted affirmative defenses, including breach of contract, failure of consideration, and other issues. We also filed a counter claim seeking damages for Profitec's breach of the contract. In November 2001, Profitec answered and denied the counter-claim but has never claimed the matter to any trial list, nor have they ever sought discovery. Management believes that Profitec's claims are without merit, and intends to defend the action and pursue its claims against Profitec as it deems appropriate.

We are a party to certain other legal proceedings that we consider incidental to our business activities. It is the opinion of management, after discussion with legal counsel, that the ultimate disposition of these other matters will not have a material impact on our financial position, liquidity, or results of operations.

### Item 2. CHANGES IN SECURITIES AND USE OF PROCEEDS

During the first half of 2002, Buyers United raised \$2,265,000 through the sale of promissory notes to continue in the comparison shopping service and to fund working capital needs. These notes bear interest at 10% to 12%, and interest and principal payments are due monthly. Similar to the notes issued during 2001, principal is repaid out of collected billings from new customers generated through the online shopping service. Half the note proceeds are to be used for this service, the rest being allocated for working capital purposes, as needed. With respect to these 2002 notes, 38% to 40% of the new customer billings are to be reserved for principal repayment, depending on the particular note agreement. After the notes are repaid, we will continue to remit a percentage of the billings collected from these customers, but the percentage will be reduced to 18% to 20%. These payments will continue as long as the specific customers continue purchasing long distance services from Buyers United. In addition, each note holder received a two-year warrant to purchase shares of common stock at an exercise price of \$2.50 per share. The amount of warrants issued equaled 10% of the note proceeds, or a total of 226,500 issued to the note holders. vFinance Investments, Inc. acted as agent for us in the placement of the notes and was paid commissions equaling 5% of the loan proceeds. vFinance also received two-year warrants to purchase shares of common stock in number equal to 3% of the loan proceeds. The warrants have an exercise price of \$2.50 per share.

All of the aforementioned securities were issued in reliance on the exemption from registration provided by Section 4(2) of the Securities Act of 1933 or Rule 506 of Regulation D promulgated thereunder. Based on information provided by the investors, we believe each investor was an accredited investor within the meaning of Rule 501 of Regulation D.

### Item 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

At the Annual Meeting of Stockholders held on June 19, 2002, the stockholders voted on the following matters:

- (1) The election of Theodore Stern, Gary Smith, Edward Dallin Bagley, and Steve Barnett as directors of Buyers United to serve for a term of one year and until their successors are duly elected and qualified; and
- (2) Ratification of the appointment of Crowe, Chizek and Company LLP as independent auditors of Buyers United for 2002.

Each of the foregoing matters was approved or ratified by the stockholders. The number of votes cast on the foregoing matters is as follows:

Edgar Filing: BUYERS UNITED INC - Form 10QSB

	For	Against	Abstain
Election of Directors:			
Theodore Stern	2,943,153	5,983	0
Gary Smith	2,943,653	5,483	0
Edward Dallin Bagley	2,943,652	5,484	0
Steve Barnett	2,943,152	5,984	0
Appointment of Crowe, Chizek and Company LLP	2,943,802	5,219	115

Item 6. EXHIBITS AND REPORTS ON FORM 8-K

Reports on Form 8-K:

None.

Exhibits:

Exhibit 99.1 Certification required by the Sarbanes-Oxley Act of 2002.
