-

Item 3.02. Unregistered Sales of Equity Securities.

Effective as of December 30, 2004, \$9,900,000 aggregate principal amount of the 7% Convertible Subordinated Debentures due December 31, 2006 (the Debentures) of 3D Systems Corporation were converted into 824,979 shares of the Company's Common Stock, par value \$0.001 per share. The Debentures were converted at a conversion price of \$12.00 per share in connection with the conditional call for redemption that the Company issued on December 2, 2004.

The Company also paid approximately \$173,000 from its available cash to the converting holders for interest accrued and unpaid to the conversion date and for fractional shares of Common Stock issuable upon conversion of the Debentures. The holders of the remaining \$100,000 aggregate principal amount of these Debentures had previously exercised their conversion rights with respect to their Debentures during the fourth quarter of 2004. The total number of shares of Common Stock issued in connection with the conversion of all of the Debentures was 833,312 shares.

These shares of Common Stock were issued by the Company in reliance upon the exemption from registration provided by Section 3(a)(9) of the Securities Act of 1933, as amended, for any security exchanged by an issuer with its existing security holders exclusively where no commission or other remuneration is paid or given directly or indirectly for soliciting such exchange.

A copy of the press release issued by the Company to announce such conversion of the Debentures is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated into this Item 3.02 by this reference.
