GENERAL INFORMATION

Who may vote

Shareholders of Cintas, recorded in our stock register on August 18, 2006, may vote at the meeting. As of that date, Cintas had 160,693,255 shares of Common Stock outstanding. Each share is entitled to one vote on each matter submitted to the shareholders at the annual meeting.

How to vote

You may vote in person at the meeting or by proxy. You may also vote by Internet or telephone using one of the methods described in the proxy card. We recommend you vote by proxy, Internet or telephone even if you plan to attend the meeting. If desired, you can change your vote at the meeting.

How proxies work

Cintas Board of Directors is asking for your proxy. Giving us your proxy means you authorize us to vote your shares at the meeting in the manner you direct. You may vote for all, some or none of our director candidates. You may also vote for or against the other proposals or abstain from voting.

All proxies properly signed will, unless a different choice is indicated, be voted FOR the election of all nominees for Directors proposed by the Nominating and Corporate Governance Committee, FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2007, AGAINST shareholder proposal one if properly presented and AGAINST shareholder proposal two if properly presented.

You may receive more than one proxy or voting card depending on how you hold your shares. Shares registered in your name are covered by one card. If you hold shares through someone else, such as a stockbroker, you may get material from them asking how you want to vote.

If any other matters come before the meeting or any adjournment, each proxy will be voted in the discretion of the individuals named as proxies on the card.

Revoking a proxy

You may revoke your proxy at any time before the vote is taken by submitting a new proxy with a later date, by voting in person at the meeting or by notifying Cintas Secretary in writing at the address under Questions? on page 20.

Quorum

In order to carry on the business of the meeting, we must have a quorum. This means at least a majority of the outstanding shares eligible to vote must be represented at the meeting, either by proxy or in person.

Votes needed

The nine candidates receiving the most votes will be elected as members of the Board of Directors. Approval of all other matters considered at the meeting, including adjournment, will require the affirmative vote of a majority of shares voting.

Only votes for or against a proposal count. Abstentions and broker nonvotes count for quorum purposes, but not for voting purposes. Broker nonvotes occur when a broker returns a proxy, but does not have authority to vote on a particular proposal.

Attending in person

Only shareholders, their proxy holders and Cintas guests may attend the meeting.

ELECTION OF DIRECTORS

CORPORATE GOVERNANCE

Cintas is a Washington corporation and, therefore, governed by the corporate laws of Washington. Since its stock is publicly traded on the Nasdaq Global Select Market and it files reports with the Securities and Exchange Commission, it is also subject to NASD rules as well as various provisions of federal securities laws as changed by the Sarbanes-Oxley Act.

Governance of the corporation is placed in the hands of the Directors who, in turn, elect officers to manage the business operations. The Board oversees the management of Cintas on your behalf. It reviews Cintas' long-term strategic plans and exercises direct decision making authority in all major decisions, such as significant acquisitions and the declaration of dividends. The Board also reviews financial and internal controls and management succession plans.

During fiscal 2006, the Board of Directors met on five occasions (one of which was telephonic). In addition, the independent directors met on three occasions during fiscal 2006 without the presence of management directors.

Cintas expects all directors to attend all Board meetings. Each of Cintas' directors attended 100% of the aggregate of all meetings of the Board and committees of which they were a member, except for Mr. Herbold who resigned from the Board effective January 24, 2006. All directors attended the 2005 Annual Meeting, except for Mr. Herbold.

Shareholders may communicate with the full Board or individual directors on matters concerning Cintas by mail or through our website in each case to the attention of the Secretary.

For fiscal 2006, Directors who are not employees of Cintas received a \$25,000 annual retainer for serving as a Director plus \$2,750 for each meeting attended. Directors received \$1,375 for attending the telephonic meeting. Committee members also received \$1,200 for each committee meeting attended (except for telephonic meetings). Committee members received \$600 for attending each telephonic meeting. Committee Chairmen (other than the Audit Committee Chairman) received an additional fee of \$5,000 per year. The Audit Committee Chairman received an additional fee of \$8,000 per year. Each nonemployee Director was also granted an option to purchase 1,000 shares of Common Stock at an exercise price equal to the market price on the date of grant. Directors who are employees of Cintas are not separately compensated for serving as Directors.

Nonemployee directors may elect to defer all or part of these fees either into Cintas stock equivalents with dividends or into a deferred account that earns interest at a rate equal to one-year United States Treasury Bills. Deferred fees are payable in one to 120 monthly installments beginning in a month selected by the Director, but in no case later than the first month after the Director leaves the Board.

At its meeting on April 28, 2004, the Board reviewed, approved and adopted the Cintas Code of Ethics. A copy of Cintas' Code of Ethics is available on our website, www.cintas.com.

The Directors have organized themselves into the committees described below to help carry out Board responsibilities. In particular, Board committees work on key issues in greater detail than would be possible at full Board meetings. Each committee reviews the results of its meetings with the full Board.

The Executive Committee is composed of Richard T. Farmer (Chairman), Robert J. Kohlhepp and Scott D. Farmer. It acts for the Board as required between Board meetings.

Each of the following committees is composed of nonemployee directors each of whom meets the relevant independence requirements established by Nasdaq and the Sarbanes-Oxley Act that apply to their particular assignments.

THE AUDIT COMMITTEE

The Audit Committee is governed by a written charter adopted by the Board. A current version of the Audit Committee Charter is attached as Annex A and is also available on our website, www.cintas.com. Paul R. Carter has been designated as the Audit Committee financial expert by the Board of Directors.

The Audit Committee is solely responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm. The Audit Committee also evaluates information received from the independent registered public accounting firm and management to determine whether the registered public accounting firm is independent of management. The independent registered public accounting firm reports directly to the Audit Committee.

The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by Cintas concerning accounting, internal accounting controls or auditing matters and has established procedures for the confidential and anonymous submission by employees of any concerns they may have regarding questionable accounting, auditing or financial matters.

The Audit Committee approves all audit and non-audit services performed for Cintas by its independent registered public accounting firm prior to the time that those services are commenced. The Chairman also has the authority to approve these services between regularly scheduled meetings. In this event, the Chairman reports approvals made by him to the full Committee at each of its meetings. For these purposes, the Committee, or its Chairman, is provided with information as to the nature, extent and purpose of each proposed service, as well as the approximate timeframe and proposed cost arrangements for that service.

Committee members: Paul R. Carter (Chairman), Roger L. Howe and David C. Phillips.

Meetings last year: Ten (Seven of which were telephonic meetings).

AUDIT COMMITTEE REPORT

The Audit Committee oversees Cintas' financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. As part of the oversight processes, the Audit Committee regularly meets with management of Cintas, Cintas' independent registered public accounting firm and Cintas' internal auditors. The Audit Committee often meets with each of these groups separately in closed sessions. Throughout the year, the Audit Committee had full access to management and the independent registered public accounting firm and internal auditors for Cintas. To fulfill its responsibilities, the Audit Committee did, among other things, the following:

- (a) reviewed and discussed Cintas' audited financial statements for fiscal 2006 with Cintas' management and the independent registered public accounting firm, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements;
- (b) reviewed the quarterly earnings releases and 10-K and 10-Q filings prior to release;
- (c) reviewed management's representations that the audited financial statements were prepared in accordance with generally accepted accounting principles and fairly present the results of operations and financial position of Cintas;
- (d) reviewed and discussed with the independent registered public accounting firm the matters required by Statement on Auditing Standards 61

and SEC rules, including matters related to the conduct of the audit of Cintas consolidated financial statements;

(e) discussed with the independent registered public accounting firm the firm's independence from management and Cintas including the matters in the written disclosures and letter received from the independent registered public accounting firm as required by Independence Standards Board Standard No. 1;

(f) based on the discussions with management and the independent registered public accounting firm, the independent registered public accounting firm's disclosures to the Audit Committee, the representations of management and the report of the independent registered public accounting firm, recommended to the Board, which adopted the recommendation, that Cintas audited annual financial statements be included in Cintas Annual Report on Form 10-K for the fiscal year ended May 31, 2006, for filing with the Securities and Exchange Commission;

(g) reviewed all audit and non-audit services performed for Cintas by the independent registered public accounting firm and considered whether its provision of non-audit services was compatible with maintaining its independence from Cintas;

(h) consulted with counsel regarding the Sarbanes-Oxley Act of 2002 (SOX), Nasdaq's corporate governance listing standards and the corporate governance environment in general and considered any additional requirements placed on the Audit Committee as well as additional procedures or matters the Audit Committee should consider;

(i) reviewed and monitored the progress and results of the testing of internal controls over financial reporting pursuant to Section 404 of SOX, reviewed a report from management and internal audit regarding the design, operation and effectiveness of internal controls over financial reporting and reviewed an attestation report from the independent registered public accounting firm regarding the effectiveness of internal controls over financial reporting; and

(j) examined the Audit Committee Charter to determine compliance by Cintas and the Committee with its provisions and to determine whether any revisions to the Charter were advisable. No significant changes were made.

RESPECTFULLY SUBMITTED BY THE MEMBERS OF THE AUDIT COMMITTEE, Paul R. Carter (Chairman), Roger L. Howe and David C. Phillips

The Audit Committee appointed Ernst & Young LLP as the independent registered public accounting firm to audit the financial statements of Cintas fiscal 2006. Fees billed for services in fiscal 2006 were:

Audit Fees(1)	\$701,000
Audit Related Fees(2)	\$161,000
Tax Fees(3)	\$120,000
All Other Fees	\$0

Fees billed for services in fiscal 2005 were:

Audit Fees(1)	\$567,000
Audit Related Services (2)	\$129,000
Tax Fees(3)	\$219,000
All Other Fees	\$0

-
- (1) Audit fees for fiscal 2006 were higher than fiscal 2005 due in large part to fees relating to attestation of internal controls over financial reporting as required by the Sarbanes-Oxley Act of 2002.
 - (2) Audit related fees include review of SEC Registration statements, benefit plan audits and consultation on accounting standards or transactions.
 - (3) Tax fees consist of assistance with international tax compliance and review of U.S. tax returns.

THE COMPENSATION COMMITTEE

The Compensation Committee is responsible for establishing and approving compensation levels for management.

Committee members: Gerald V. Dirvin (Chairman), Joyce Hergenhan and Roger L. Howe.

Meetings last year: Four (One of which was a telephonic meeting).

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Executive Compensation Policies

Cintas executive compensation policies are designed to support the corporate objective of maximizing the long-term value of Cintas for its shareholders and employees. To achieve this objective, the Committee believes it is important to provide competitive levels of compensation to attract and retain the most qualified employees, to recognize individuals who exceed expectations and to closely link executive compensation with corporate performance. The methods by which the Committee believes Cintas long-term objectives can be achieved are through incentive compensation plans and equity compensation plans.

The Committee established three primary components of Cintas executive compensation plan. The three components are:

- base cash compensation;
- performance cash incentive compensation; and
- performance equity compensation.

The Omnibus Budget Reconciliation Act of 1993 provides that compensation in excess of \$1,000,000 per year paid to the chief executive officer of a company, as well as the other executive officers listed in the compensation table will not be deductible unless the compensation is performance-based and approved by shareholders. This law was not considered by the Committee in determining fiscal 2006 compensation since compensation levels were not in excess of the amounts deductible under the law.

Base Compensation

The Committee annually reviews base salaries of executive officers. The factors which influence base salary decisions are levels of responsibility, potential for future responsibility, salary levels offered by comparably sized companies and the overall performance of the individual. The Committee believes its overall compensation levels are appropriate.

Performance Incentive Compensation

A performance incentive compensation component, which is paid in the form of an annual cash bonus, was established by the Committee to provide a direct financial incentive to achieve corporate and individual operating goals. At the beginning of each fiscal year, the Committee establishes a target bonus for executive officers based on a target level of corporate earnings per share and achievement of individual goals.

Performance Equity Compensation

Executive compensation to reward recent performance and to motivate future performance is also provided through equity compensation awards granted under Cintas' 2005 Equity Compensation Plan. The purpose of this Plan is to encourage executive officers to build and maintain a long-term equity ownership position in Cintas so that their interests are aligned with those of Cintas' shareholders. The Committee, at its discretion, has the authority to select persons to whom awards may be granted, determine the types of awards, determine the number of Common Stock or monetary units which may be granted and determine the terms and conditions of each award. An individual's equity compensation awards are determined based on the individual's achievement of personal performance goals and Cintas performance versus corporate goals.

Performance incentive and equity compensation awards granted to executive officers in fiscal 2006 can be found in the Summary Compensation Table.

Chief Executive Officer Compensation

The Committee established the base salary for Scott Farmer, Chief Executive Officer during fiscal 2006, based on an evaluation of Cintas' prior year's financial results, past salary levels and compensation paid to other chief executive officers in Cintas' industry, as well as other U.S. based companies of similar size. The Committee also established a performance incentive bonus plan for Mr. Farmer. This performance incentive bonus was based on a target level of earnings per share as well as certain key operating goals, including sales growth and personnel turnover reduction. Based upon the level of Mr. Farmer's achievement against his performance goals and Cintas' performance versus its financial goals, Mr. Farmer received a bonus of \$236,000.

RESPECTFULLY SUBMITTED BY THE MEMBERS OF THE COMPENSATION COMMITTEE, Gerald V. Dirvin (Chairman), Joyce Hergenhan and Roger L. Howe.

THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE

The Nominating and Corporate Governance Committee is responsible for nominating persons for election as directors at each annual shareholders' meeting, filling any Board vacancies that may arise between meetings and developing and recommending to the Board corporate governance policies and guidelines for Cintas. In nominating directors, the Nominating and Corporate Governance Committee takes into account, among other factors which it may deem appropriate, the judgments, skill, diversity, business experience and the needs of the Board as its function relates to the business of Cintas. The Nominating and Corporate Governance Committee will consider nominees recommended by security holders in written correspondence directed to the Secretary of Cintas. A copy of the Nominating and Corporate Governance Committee Charter is available on our website, www.cintas.com.

In May 2006, the Nominating and Corporate Governance Committee recommended to the Board the addition of Gerald S. Adolph as a member of the Board and of the Board's Nominating and Corporate Governance Committee. Mr. Adolph was suggested to the Committee by Cintas outside consulting firm. The Board accepted the Committee's recommendation.

Committee members: David C. Phillips (Chairman), Paul R. Carter, Gerald V. Dirvin, Joyce Hergenhan and Roger L. Howe.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Cintas Corporation has a 25% interest in a corporate airplane with its Chairman, Richard T. Farmer and his wholly owned company. This arrangement began on February 23, 2006. Cintas manages the airplane under an operating agreement whereby each party pays their own operating expenses for use of the plane, and common costs are shared based on ownership percentages. For fiscal 2006, Cintas was reimbursed \$340,603 under this arrangement.

**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Item 2 on the Proxy Card)**

Although not required, the Board is seeking shareholder ratification of the selection by the Audit Committee of Ernst & Young LLP as Cintas independent registered public accounting firm for fiscal 2007. If shareholders do not ratify this selection, the Audit Committee intends to continue the employment of Ernst & Young LLP at least through fiscal 2007, as the new fiscal year has already commenced. However, the Audit Committee will take the vote into account in selecting the independent registered public accounting firm for fiscal 2008. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have an opportunity to make a statement, if they desire to do so, and to respond to appropriate questions that may be asked by shareholders.

COMMON STOCK PERFORMANCE GRAPH

The following graph summarizes the cumulative return on \$100 invested in Cintas Common Stock, the S&P 500 Stock Index and the common stocks of the three largest publicly traded companies engaged primarily in the uniform related industry determined by net assets at year end (the Peer Index). The companies included in the Peer Index are Aramark Corporation, G & K Services, Inc. and UniFirst Corporation.

Total shareholder return was based on the increase in the price of the stock and assumed reinvestment of all dividends. Further, total return was weighted according to market capitalization of each company. The companies in the Peer Index are not the same as those considered by the Compensation Committee.

First Shareholder Proposal

(Item 3 on the Proxy Card)

The Massachusetts Laborers Pension Fund has advised us that it intends to present the following proposal:

RESOLVED, that pursuant to Section 23B.10.200 of the Revised Code of Washington, Article TEN of the Restated Articles of Incorporation of Cintas Corporation (Cintas) and Article X of the By-Laws, the shareholders of Cintas hereby adopt the following new section 10 of Article III of the By-Laws:

Section 10. Qualifications of Chairman.

- (a) The Chairman of the Board of Directors shall be a Director who is independent from the Corporation. For purposes of this By-Law, independent has the meaning set forth in the Nasdaq listing standards. If the Corporation's common stock is listed on the New York Stock Exchange (NYSE), the definition of independence set forth in the NYSE's listing standards shall apply. If the Corporation's common stock is not traded on a national exchange, Nasdaq's standard shall apply.
- (b) If the Directors determine that a Chairman who was independent at the time he or she was selected is no longer independent, the Directors shall select a new Chairman who satisfies the requirements of this By-Law within [60] days of such determination.
- (c) This By-Law shall be implemented in a way that does not violate any contractual obligation of the Corporation.
- (d) Compliance with this By-Law shall be excused if no Director who qualifies as independent is elected by the Shareholders or if no Director who is independent is willing to serve as Chairman.
- (e) This By-Law may be amended or repealed only by the Shareholders, Article X of these By-Laws regarding Board amendment of these By-Laws notwithstanding.

Supporting Statement

The Board of Directors is elected by shareholders to oversee management and its Chair provides leadership for the Board. We believe that to be effective, a Board must be led by a Chair who is independent of management.

The National Association of Corporate Directors recommends that Boards designate an independent director as Chair or lead director to evaluate CEO and Board Chair functions.

Strengthening Boards through independent Chairs has been central to corporate reform at Disney, AIG and Fannie Mae all moved to appoint independent Chairs in 2005.

In 2003, the Conference Board issued a report on corporate governance in the wake of recent corporate scandals. The Commission's members included John Snow, U.S. Treasury Secretary and Former Chairman of CSX corporation; John Bogle, the Founder and former Chairman of Vanguard

Group; Arthur Levitt Jr., former SEC Chairman; and former Federal Reserve System Chairman Paul Volcker.

The Report discussed three principal approaches to provide the appropriate balance between board and CEO functions, including:

The roles of Chairman and CEO would be performed by two separate individuals, and the Chairman would be one of the independent directors.

- The Conference Board Commission on Public Trust and Private Enterprise, Findings and Recommendations, January 9, 2003.

We urge your support FOR this proposal to require that the Chairman of the Board of Directors be an independent director.

The Board of Directors recommends voting AGAINST this proposal for the following reasons:

At the 2005 Annual Meeting of Shareholders, the Company's shareholders rejected a substantially identical proposal and should continue to do so.

The composition of Cintas' Board of Directors is governed by Nasdaq rules requiring that a majority of directors meets independence standards established by Nasdaq. The Nasdaq standards are not concerned with the identity of the Chairman of the Board. Nonetheless, Cintas' Board meets those standards as six of our nine directors are independent. Also pursuant to Nasdaq rules, all of the members of each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are independent. Additionally, our independent directors hold regular executive sessions.

Traditionally, corporations have utilized the experience gained in their operations by current and former executive officers when filling the Chairman's position. If the proponent's proposal were adopted, Cintas' Board would not have the option to turn to persons experienced at the executive level in Cintas' operations when choosing a Chairman. For example, if Cintas followed the policy urged by this proposal, its present Chairman, Richard Farmer, who served as Chief Executive Officer until August 1995 and is the founder of the Company, would not be eligible to serve as Chairman.

The Board believes that it is extremely important for the Chairman of the Board to have a deep knowledge of the company and the industry in which it operates and that having an outsider serve in this position would not be in the best interests of the shareholders. Therefore, it sees no benefit to the proposal, but rather believes that it could work to Cintas' detriment in depriving it of the ability to choose experienced leadership to head the Board of Directors.

The Board needs to be able to use its business judgment to determine which individual has the knowledge, skill, commitment and necessary understanding of the Company and applicable industries to best perform the Chairman role.

Accordingly, the Board requests a vote AGAINST this proposal.

Second Shareholder Proposal
(Item 4 on the Proxy Card)

The United Brotherhood of Carpenters and Joiners of America has advised us that it intends to present the following proposal:

RESOLVED, that the shareholders of Cintas Corporation (Company) hereby request that the Board of Directors initiate the appropriate process to amend the Company s articles of incorporation to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders.

Supporting Statement

Our Company is incorporated in Washington. Among other issues, Washington corporate law addresses the issue of the level of voting support necessary for a specific action, such as the election of corporate directors. Washington law provides that unless otherwise provided in the articles of incorporation, in any election of directors the candidates elected are those receiving the largest numbers of votes cast by the shareholders entitled to vote in the election. (Washington Business Corporations Act, Title 23B RCW, Chapter 23B.07RCW Shareholders, Section 23B.070.280 Voting for Directors Cumulative Voting).

Our Company presently uses the plurality vote standard to elect directors. This proposal requests that the Board initiate a change in the Company s director election vote standard to provide that nominees for the board of directors must receive a majority of the vote cast in order to be elected or re-elected to the Board.

We believe that a majority vote standard in director elections would give shareholders a meaningful role in the director election process. Under the Company s current standard, a nominee in a director election can be elected with as little as a single affirmative vote, even if a substantial majority of the votes cast are withheld from that nominee. The majority vote standard would require that a director receive a majority of the vote cast in order to be elected to the Board.

So far this year, the boards of over two dozen companies, including Intel, Dell, Motorola, Texas Instruments, Safeway, Freeport McMoRan, Gannett and Supervalu, have put a majority vote standard in company by-laws.

Some companies have adopted board governance policies requiring director nominees that fail to receive majority support from shareholders to tender their resignations to the board. We believe that these policies are inadequate for they are based on continued use of the plurality standard and would allow director nominees to be elected despite only minimal shareholder support. We contend that changing the legal standard to a majority vote is a superior solution that merits shareholder support.

Our proposal is not intended to limit the judgment of the Board in crafting the requested governance change. For instance, the Board should address the status of incumbent director nominees who fail to receive a majority vote under a majority vote standard and whether a plurality vote standard may be appropriate in director elections when the number of director nominees exceeds the available board seats.

We urge your support for this important director election reform.

The Board of Directors recommends voting AGAINST this proposal for the following reasons:

At the 2005 Annual Meeting of Shareholders, the Company's shareholders rejected a substantially identical proposal and should continue to do so.

The Board of Directors believes it is vital that Cintas always have a full Board of Directors composed of the required number of individuals qualified to meet the various independence requirements of Nasdaq and federal securities laws and also to provide overall guidance for the Company's business operations. Cintas' directors are nominated by the Nominating Committee of the Board of Directors. This Committee is composed exclusively of directors who meet the independent director tests established by Nasdaq. In choosing nominees for election, the Committee can take into account, among other things, votes cast for and votes withheld from incumbent directors at prior elections. Following nomination, directors are elected under the plurality voting system authorized by Cintas' state of incorporation, Washington. This system guarantees that there will always be a full complement of directors because those nominees who receive the greatest number of votes win the election.

The Board believes that an effective operating Board of Directors is necessary to the efficient operation of the Corporation. The Board believes that a majority voting system could disrupt the effective functioning of the Board. If one or more directors were not elected in an uncontested election, questions would arise as to the status of those persons. Would they stay on until their successors are elected and qualified or would the Company have to have a special shareholders' meeting with all of the expense and time that that involves or would those persons resign with the remaining Board members filling a vacancy? In a contested election, in which there would be more nominees than seats, these questions would be magnified. It is possible that in such a contest no one would win a majority. Under the present system, those receiving the most votes would be seated as directors. However, under a majority voting system, it would be likely that the incumbent Board members would stay in place, even though they may have received less votes than their challengers. Would the Company then have to have a special shareholders' meeting or would the incumbents resign? These possibilities and other reasons led the legislatures of most states to establish plurality voting in the election of directors because the plurality system ensures that there will be a definite decision as to who is to serve on the Board of Directors. The Model Business Corporation Act also utilizes the plurality voting standard. Some states, like Ohio, in which Cintas is headquartered, provide only for plurality voting. Other states, such as Washington, establish the plurality voting system as a standard, subject to change by shareholders when circumstances warrant.

The Board sees no reason to depart from the plurality voting system, which has served Cintas well and which it believes will continue to provide a Board of Directors able to function effectively for Cintas.

Accordingly, the Board requests a vote AGAINST the proposal.

Upon oral or written request to Tom Frooman, Secretary, 6800 Cintas Boulevard, Cincinnati, OH 45262, Cintas will provide the name, address and number of voting securities held by the proponents of Items 3 and 4.
