Morgan Securities LLC, as representative for the several underwriters named therein (collectively, the *tMEDS Underwriters*) providing for the offer and sale in a firm commitment offering of 8,800,000 tMEDS, sold by the Company for a stated amount of \$25 (\$24.25 per tMEDS, net of underwriting discounts) and an option to purchase up to 1,200,000 additional tMEDS to cover over-allotments (collectively, the *tMEDS*).

The Company has made certain customary representations, warranties and covenants in the tMEDS Underwriting Agreement concerning the Company and the Registration Statement related to the offering of the tMEDS, respectively. The Company also has agreed to indemnify the tMEDS Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended (the *Securities Act*).

In connection with the component of the tMEDS that consists of amortizing notes (the *Amortizing Notes*), on May 11, 2012, the Company entered into an Indenture (the *Base Indenture*) between the Company and Wells Fargo Bank, National Association, as U.S. trustee (the *U.S. Trustee*) and entered into a third supplemental indenture (the *Third Supplemental Indenture* and, together with the Base Indenture, the *tMEDS Indenture*) to the Base Indenture by and among the Company, the U.S. Trustee and Valiant Trust Company, as Canadian trustee (the *Canadian Trustee*). Each Amortizing Note will have an initial principal amount of \$4.075312. The Amortizing Notes will pay holders equal quarterly installments of \$0.406250 per Amortizing Note (except for the August 15, 2012 installment payment, which will be \$0.424306 per Amortizing Note), consisting of a partial repayment of principal and interest at a rate per annum of 11.68%, which in the aggregate will be equivalent to a 6.50% cash payment per year with respect to each \$25 stated amount of tMEDS, and will have a scheduled final installment payment date of May 15, 2015.

The 2019 Notes are not convertible into equity of the Company.

The 2019 Notes Indenture restricts the Company's ability and the ability of the Company's Restricted Subsidiaries (as defined in the 2019 Notes Indenture) to incur additional indebtedness, pay dividends or make other distributions or repurchase or redeem capital stock, prepay, redeem or repurchase certain debt, make loans and investments, sell assets, incur liens, enter into transactions with affiliates, enter into arrangements restricting the Company's subsidiaries' ability to pay dividends and consolidate, merge, or sell all or substantially all of the Company's assets, in each case, subject to certain exceptions.

The 2019 Notes will bear interest at a rate of 12.5% per year from the date of original issuance or from the most recent interest payment date to which interest has been paid or provided for. Interest on the 2019 Notes will be payable on May 1 and November 1 of each year, commencing November 1, 2012, to the holders of record at the close of business on the April 15 and October 15 prior to each interest payment date.

The Company may also redeem the 2019 Notes at any time on or after May 1, 2016 at the redemption prices specified in the Indenture together with accrued and unpaid interest to, but not including, the date of redemption. Finally, the Company may redeem the 2019 Notes at any time upon the occurrence of specified events relating to Canadian tax law, at a redemption price of 100% of the principal amount of the 2019 Notes plus accrued and unpaid interest to, but not including, the date of redemption.

Upon the occurrence of specified kinds of changes of control, noteholders will have the right to cause the Company to repurchase some or all of the 2019 Notes at 101% of their face amount plus accrued and unpaid interest to, but not including, the date of repurchase.

The amendment also suspends the consolidated leverage ratio and consolidated interest coverage ratio tests from the fiscal quarter ending June 30, 2012 through the fiscal quarter ending December 31, 2013, but will provide that the Company must satisfy (i) a consolidated secured leverage ratio test as of June 30, 2012 through December 31, 2013 by maintaining a ratio of consolidated secured total debt to consolidated EBITDA of 3.00 to 1.00 or less and (ii) a minimum liquidity test of \$75,000,000 at the end of each fiscal quarter until the completion of the Mt.
