## Edgar Filing: MYLAN INC. - Form 8-K

The Company may redeem some or all of the Senior Notes prior to maturity at a price equal to the greater of (i) 100% of the aggregate principal amount of any class of Senior Notes being redeemed and (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the class of Senior Notes being redeemed, not including unpaid interest accrued to, but excluding, the redemption date, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the treasury rate plus an applicable make-whole premium set forth in the Indenture, plus, in each case, unpaid interest on the class of Senior Notes being redeemed accrued to the redemption date. If the Company experiences certain change of control events, it must offer to repurchase the Notes at 101% of their principal amount, plus accrued and unpaid interest, if any, to the repurchase date.

Additionally, the Company may redeem the 2023 Notes and the 2043 Notes, in whole or in part, at any time, on or after three months prior to their maturity in the case of the 2023 Notes, and six months prior to their maturity in the case of the 2043 Notes, at a redemption price equal to 100% of the principal amount of the 2023 Notes or the 2043 Notes, as the case may be, to be redeemed, plus accrued and unpaid interest up to, but excluding, the redemption date.

Furthermore, if the acquisition of the Agila Specialties businesses from Strides Arcolab is not consummated on or prior to August 25, 2014 or the acquisition has been terminated prior to that date, the Company will be required to redeem the 2019 Notes, the 2023 Notes, and the 2043 Notes at a redemption price equal to 101% of the aggregate principal amount of each such series, plus accrued and unpaid interest to the date of redemption. In that instance, the 2016 Notes will remain outstanding.

The Indenture contains covenants that, among other things, restrict the Company's ability and the ability of certain of its subsidiaries to enter into sale and leaseback transactions; create liens; and consolidate, merge or sell all or substantially all of the Company's assets.

The Company intends to use the net proceeds of the offering of the Senior Notes to fund a portion of the purchase price of the Agila Specialties acquisition and for general corporate purposes, including, but not limited to, repayment of short-term borrowings, which may include the repayment of borrowings under the Company's revolving facility under the Company's accounts receivable securitization facility, and funding the repurchase of the Company's common stock of up to \$500 million in the open market and through other methods which was previously announced on October 31, 2013.

The foregoing summary does not purport to be complete and is qualified in its entirety by reference to the complete terms of the Base Indenture and the First Supplemental Indenture, copies of which are filed as Exhibits 4.1 and 4.2 hereto, and the

Senior Notes, the forms of which are contained in Exhibits 4.3, 4.4, 4.5, and 4.6, all of which are incorporated herein by reference.
