PROXY STATEMENT IN OPPOSITION
TO SOLICITATION BY THE BOARD OF TRUSTEES OF THE
Pioneer Tax Advantaged Balanced Trust

ANNUAL MEETING OF SHAREHOLDERS
To be held on June 8, 2007

This proxy statement and the enclosed [GREEN] proxy card are being furnished to holders of record on April 30, 2007 (the "Record Date") of common shares of beneficial interest ("Common Shares") and preferred shares of beneficial interest ("Preferred Shares") of Pioneer Tax Advantaged Balanced Trust (the "Fund" or "PBF") by Ralph W. Bradshaw (the "Soliciting Shareholder"), a shareholder of the Fund, in connection with the solicitation of proxies by the Soliciting Shareholder for use at the 2007 Annual Meeting of Shareholders of the Fund (the "Meeting") to be held at the offices of Wilmer Cutler Pickering Hale and Dorr LLP, 60 State Street, 26th Floor, Boston, Massachusetts 02109, on Friday, June 8, 2007, at 11:00 am and any adjournment or adjournments thereof. The Soliciting Shareholder is soliciting a proxy to vote your shares at the Meeting and at any and all adjournments or postponements of the Meeting.

INTRODUCTION

This proxy statement and the enclosed [GREEN] proxy card are first being sent to shareholders of the Fund on or about May 11, 2007, for the following purposes:

- (1) To elect three Trustees of the Fund, two by the holders of Common and Preferred Shares of your fund, voting together as a single class, and one by the holders of Preferred Shares of your fund, voting as a separate class. Each elected Trustee will serve for a three-year term or until a successor is elected.; and
- (2) To vote on three shareholder proposals described in the accompanying proxy statement; and
- (3) To vote on such other business as may come before the Annual Meeting and any adjournment or postponement thereof.

With respect to these matters, the Soliciting Shareholder is soliciting a proxy to vote your shares:

- FOR the election of the individuals whom the Soliciting

Edgar Filing: PIONEER TAX ADVANTAGED BALANCED TRUST - Form DEFC14A

Shareholder intends to nominate for election as Trustees of the Fund.

- FOR the shareholder proposal to initiate a managed distribution policy.
- FOR the shareholder proposal to change the Fund's investment objective.
- ABSTAIN on the shareholder proposal to terminate the current investment advisory agreement between the Fund and Pioneer Investment Management, Inc. (Abstentions have the effect of a vote against this proposal)

How Proxies Will Be Voted

All of the proposals of the Soliciting Shareholder for a vote at the Meeting are included in the enclosed [GREEN] proxy card. If you wish to vote on any item, you may do so by completing and returning a [GREEN] proxy card.

The affirmative vote of a plurality of the Common Shares and Preferred Shares of the Fund present at the meeting in person or by proxy, voting together as a single class, is required to elect each nominee for Trustee designated to be elected by the Common Shares and Preferred Shares of the Fund. The affirmative vote of a plurality of the Preferred Shares of the Fund present at the meeting in person or by proxy is required to elect the nominee for Trustee designated to be elected by the Preferred Shares of the Fund. Election by plurality means those three persons who receive the highest number of votes from their respective classes of shares cast "FOR" shall be elected. Proposals 2A and 2B are recommendations of the shareholders to the Board and, as such, are advisory. Approval of Proposal 2C, to terminate the investment advisory agreement between the Fund and Pioneer Investment Management, Inc., would require the affirmative vote of a "majority of the outstanding voting securities" of the Fund, as defined in the Investment Company Act of 1940, as amended (the "1940 Act"). As defined in the 1940 Act, the vote of a "majority of the outstanding voting securities" of the Fund means the vote of the lesser of (i) 67% or more of the Fund's outstanding shares present at the meeting, if the holders of more than 50% of the outstanding shares of the Fund are present or represented by proxy at the meeting, or (ii) more than 50% of the Fund's outstanding shares.

If you return a [GREEN] proxy card to the Soliciting Shareholder or its agent, your shares will be voted on each matter as you indicate. If you do not indicate how your shares are to be voted on a matter, they will be voted FOR the election of the nominees named in this proxy, FOR the shareholder proposal to initiate a managed distribution policy, FOR the shareholder proposal to change the Fund's investment objective, and ABSTAIN on the shareholder proposal to terminate the current investment advisory agreement. If any other proposals are introduced at the Meeting, proxies will be voted by the Soliciting Shareholder in accordance with the best interests of the shareholders, in the sole judgment and opinion of the Soliciting Shareholder. The proxies may also temporarily decline to attend the Meeting, thereby possibly preventing a quorum, in order to solicit additional proxies or, if they deem it to be in the interest of the shareholders, for any other legal reason. If you return a properly signed and dated [GREEN] proxy card, you will be granting the persons named as proxies discretionary authority to vote on any other matters of which they are not now aware that may come before the Meeting. These may include, among other things, matters relating to the conduct of the Meeting and proposals of other shareholders.

Voting Requirements

Only shareholders of record on the Record Date are entitled to vote

Edgar Filing: PIONEER TAX ADVANTAGED BALANCED TRUST - Form DEFC14A

at the Meeting. According to the Fund's proxy dated April 24, 2007, there were 28,706,981 issued and outstanding Common Shares of the Fund; and 2,350 Series T7, 2,350 Series F7, and 2,350 Series TH28 issued and outstanding Preferred Shares of the Fund. Shareholders will be entitled to one vote for each share held. Only shareholders of record at the close of business on April 30, 2007, will be entitled to vote at the Meeting.

Broker non-votes(i.e., shares held by brokers or nominees as to which (a) instructions have not been received from the beneficial owners or persons entitled to vote and(b) the broker or nominee does not have discretionary voting power on a particular matter) may possibly not be counted for purposes of determining whether a quorum is present for purposes of convening the Meeting. Outcomes of Proposals 2A and 2B are determined by a majority of votes cast. Abstentions have the effect of a vote against Proposal 2C. Nominees receiving the affirmative vote of a plurality of the shares present and entitled to vote at the Meeting will be elected to serve as Trustees of the Fund.

If a quorum is not present at the Meeting, the persons named as proxies may propose one or more adjournments of the Meeting to permit further solicitation of proxies. The proxies may also propose an adjournment for other reasons. An adjournment may require the affirmative vote of a majority of those shares present at the Meeting in person or by proxy. If such an adjournment of the Meeting is proposed, the persons named as proxies on the [GREEN] proxy card will vote for or against such adjournment in their discretion. The Soliciting Shareholder's decision would prevail for [GREEN] proxies voted in the event of a split decision by the two proxyholders named on the [GREEN] proxy card.

Revocation of Proxies

You may revoke any proxy you give to management or the Soliciting Shareholder at any time prior to its exercise in the following ways:

Deliver a written revocation of your proxy to the Secretary of the Fund;

Execute and deliver a later dated proxy to the Soliciting Shareholder or to the Fund or our respective agents; or

Vote in person at the Meeting. (Attendance at the Meeting will not in and of itself revoke a proxy.)

There is no limit on the number of times you may revoke your proxy prior to the Meeting. Only the latest dated, properly signed proxy card will be counted.

INFORMATION CONCERNING THE SOLICITING SHAREHOLDER

The address of the Soliciting Shareholder is One West Pack Square, Suite 1650, Asheville, NC 28801.

As of the Record Date, the Soliciting Shareholder held the beneficial ownership of 401 Common Shares of the Fund.

Following is a schedule showing the purchases and sales of Common Stock of the Fund by the Soliciting Shareholder within the past two years.

Date	Number of Shares Purchased

Edgar Filing: PIONEER TAX ADVANTAGED BALANCED TRUST - Form DEFC14A

The Soliciting Shareholder has made the decision to give shareholders a choice regarding the members of the Board of Trustees. In the Soliciting Shareholder's opinion, shareholders are not being well served by actions of the current Board.

There are no contracts, arrangements, or understandings of any kind between the Soliciting Shareholder and any other person with respect to how shares of the Fund owned by that person might be voted.

REASONS FOR THE SOLICITATION

For most of the Fund's life since its inception, Fund records show that its shares have traded at a double-digit discount to its net asset value per share ("NAV"). When trading at a discount to NAV, other closed-end funds have taken a variety of steps to address this situation, including, for example, tender offers, share repurchases, and/or managed distribution policies. These steps have not always solved the discount to NAV problem and there is no guarantee that adopting these would solve the Fund's discount to NAV problem.

Over the years where the Fund has traded at double-digit discounts, the Board could have overseen open-market share repurchases. These could have given multiple benefits to shareholders by providing liquidity in the market and by boosting NAV performance at the same time. If that had not solved the discount problem, the Board could have authorized tender offers for some or all of the Fund's shares at NAV. Neither of these actions was taken by the Board.

The purpose of this proxy is to solicit your vote to elect Glenn W. Wilcox, Sr., Andrew A. Strauss, and Ralph W. Bradshaw to the Board of Trustees.

I believe that the election of Messrs. Wilcox, Strauss, and Bradshaw as Trustees will provide shareholders with additional independent voices on important matters affecting the Fund. Their backgrounds testify to the fact that they will provide knowledge and experience in dealing with issues that are important to the Fund and its shareholders. Their election will give the Board new perspective and may help assure that measures intended to benefit shareholders are more actively considered.

The Soliciting Shareholder believes that the Fund and its shareholders can and should be better served and advocates two initiatives to change the Fund's operation. These initiatives are:

- changing the Fund's investment objective to seek capital appreciation with current income as a secondary objective by investing primarily in U.S. and non-U.S. companies; and
- initiating an aggressive managed distribution policy ("Aggressive Managed Distribution Policy")

Changing the investment objective would enable the investment advisor to focus on total return. Though it would continue to allow the Fund to hold tax-advantaged securities, this fundamental shift in focus would significantly reduce the amount of income not subject to regular Federal income tax. However, it would also expand the possibilities for investment performance. Changing the investment objective may lead to significant turnover in the Fund's portfolio, possibly resulting in substantial tax consequences to the Fund's shareholders.

Edgar Filing: PIONEER TAX ADVANTAGED BALANCED TRUST - Form DEFC14A

Over the long run, it has been the case that a well-managed, diversified equity portfolio provides the best risk/reward characteristics for many investors. Long-term equity returns are generally higher than those for fixed income or balanced programs, and favorable tax treatment on capital gains makes the net returns even more desirable for taxable investors. However, the distributions from conventional equity funds are usually sporadic, since dividend income is relatively low, and the realization of capital gains is unpredictable. Many investors are willing to accept the asset volatility inherent in a well managed equity portfolio, but would prefer to have a predictable and stable cash flow as well, for reinvestment or other purposes.

In this regard, the Soliciting Shareholder contemplates an Aggressive Managed Distribution Policy where shareholders would receive a regular, but not assured, periodic cash payment. Under this policy, the Fund would make continuous level monthly distributions of \$0.20 per Common Share that would initially represent approximately 15% of the net assets of the Fund on an annualized basis but would be subject to the Board's right to suspend, modify or terminate the Aggressive Managed Distribution Policy at any time. There is, and can be, no assurance that an Aggressive Managed Distribution Policy will close the Fund's discount or, if this does occur, that it will persist over a longer term. While shares of several funds with managed distribution policies continue to trade at a discount to NAV, shares of several closed-end funds which have effectively employed a similar aggressive managed distribution policy are trading at premiums. There can be no assurances that the Fund would not trade at a discount to NAV if a managed distribution policy were adopted.

These distributions would not be tied to income or capital gains and it is likely that most of the distribution in any year could be classified for tax purposes as a return-of-capital. To the extent that these distributions exceed the current earnings of the Fund, the balance would be generated from sales of portfolio securities held by the Fund, which would either be short-term or long-term capital gains or a return-of-capital. To the extent these distributions are not represented by net investment income and capital gains, they would not represent yield or investment return on the Fund's investment portfolio but rather a return-of-capital. The Fund's asset coverage requirements may necessitate that the Fund modify or terminate the Aggressive Managed Distribution Policy at some point in the future. A return-of-capital could have negative tax consequences to the Fund's shareholders.

Adoption of an Aggressive Managed Distribution Policy places restrictions on portfolio activities and requires additional monitoring and management skills. It is unknown whether or not the Fund's current investment adviser would be willing to continue providing investment advisory services to the Fund with the contemplated Aggressive Managed Distribution Policy in place.

The long-term Aggressive Managed Distribution Policy would likely require exemptive relief from the Securities and Exchange Commission ("SEC") regarding relevant regulatory limitations on multiple capital gains distributions. Appropriate disclosure will be provided if the Aggressive Managed Distribution Policy is adopted for the Fund. It is likely that an Aggressive Managed Distribution Policy could be initiated soon after deliberation and action by the Board but, because of the limited amount of publicly available information concerning the financial position and ongoing portfolio activities of the Fund, it is unclear if, or how long, the contemplated Aggressive Managed Distribution Policy might be operated without modification being required.

This type of exemptive relief had been granted to numerous closed-end funds in the past until consideration by the SEC was suspended some years ago. Recent press reporting indicates that the SEC expects to once again consider new applications for this exemptive relief. There can be no assurance that the Fund would obtain such exemptive relief from the SEC within a certain time, if ever, or, if relief is granted, that it would not require modification of any managed distribution policy that might be proposed or in place. With or without exemptive relief, it is likely that from time-to-time at least part of the distributions could be classified for tax purposes as a return-of-capital.

It is the opinion of the Soliciting Shareholder that Cornerstone Advisors, Inc. ("Cornerstone Advisors"), an investment advisory firm of which he is an owner, would be better suited to implement an Aggressive Managed Distribution Policy than the Fund's current investment adviser. The two closed-end funds managed by Cornerstone Advisors each currently trade at premiums. There can be no assurance that the value of Fund shares would rise to a premium under the management of Cornerstone Advisors coupled with the adoption of an Aggressive Managed Distribution Policy.

Though the Board could decide in the future to appoint as investment adviser, or make a proposal that would have the effect of changing the investment adviser to, Cornerstone Advisors, Inc. or another adviser, the Soliciting Shareholder is not aware of a current intention by the Board to terminate the Fund's relationship with its existing investment adviser or other service providers. Any appointment of a new investment adviser would separately require that shareholders approve the investment advisory contract with that new adviser. It is unknown whether or not the current investment adviser would decide to continue service to the Fund under a Board that would include the Soliciting Shareholder's nominees.

Shareholders may be concerned about the risk that the discount to NAV for Fund shares might temporarily widen from present levels if proposed changes were made. If the Soliciting Shareholder is elected to the Board and shares of the Fund do not trade at a premium, the Soliciting Shareholder commits to present to the Board by December 31, 2007, a proposal to provide to shareholders an option to receive NAV for their shares. This proposal might include, for example, a repurchase offer, an open-ending, a liquidation, or a merger. Implementation of certain Board proposals may require shareholder approval, and no assurance can be given that such approval will be obtained. Depending on the proposal made, there may be tax consequences to shareholders. Some Board proposals, such as liquidation, repurchase offers, or open-market repurchases of Fund shares, would not require shareholder approval. Cost of implementing this proposal, which would be borne indirectly by shareholders, could be substantial.

If you share these goals, I urge you to vote, using the enclosed [GREEN] proxy card.

CERTAIN CONSIDERATIONS

In deciding whether to give the Soliciting Shareholder your proxy, you should consider the following information.

Even if these nominees are elected, there can be no assurance that the full Board of Trustees will take any actions that any individual may advocate or that such actions, if taken, will achieve their intended goals.

Edgar Filing: PIONEER TAX ADVANTAGED BALANCED TRUST - Form DEFC14A

Implementation of certain Board proposals may require shareholder approval, and no assurance can be given that such approval will be obtained. Some Board proposals would not require shareholder approval. In addition, various costs, which would be borne indirectly by shareholders, may be associated with certain actions, including but not limited to those associated with holding a special meeting of shareholders.

Changing the investment objective may require that the name of the Fund also be changed.

Proposal 1 - ELECTION OF TRUSTEES

At the Meeting, shareholders will have the opportunity to elect three individuals as Trustees of the Fund.

The Soliciting Shareholder intends to nominate Glenn W. Wilcox, Sr., Andrew A. Strauss, and Ralph W. Bradshaw for election as Trustees to fulfill these positions. Each of Mr. Bradshaw and Mr. Strauss is elected by the holders of Common and Preferred Shares. Mr. Wilcox is elected by the holders of Preferred Shares only. The affirmative vote of a plurality of the Common and Preferred Shares present at the meeting in person or by proxy, voting together as a single class, is required to elect such nominee for Trustee designated to be elected by the Common and Preferred Shares. The affirmative vote of a plurality of the Preferred Shares present at the meeting in person or by proxy is required to elect such nominee for Trustee designated to be elected by the Preferred Shares. This means that the three nominees receiving the greatest number of votes, with respect to the voting class or classes, as the case may be, will be elected as Class III Trustees to the Board of Trustees.

For purposes of this proxy, the address for each Nominee is: c/o Ralph W. Bradshaw, One West Pack Square, Suite 1650, Asheville, NC 28801. Information about the nominees is as follows:

As of the date of this document, the dollar range of Common Shares beneficially owned by each Nominee is as follows:

*Upon election as Trustees, the Nominees would not oversee any other registered investment company within the PBF family of investment companies.

These nominees and I have served individually or together on the Boards of Directors of closed-end funds. Each one of these nominees has worked to lead in serving the best interests of the fund and its shareholders. During this time, shareholders have been given opportunities to vote on a variety of proposals, including for example, open-ending, liquidation, merger, and modifying the investment focus. Sometimes the investment adviser chose to stay, sometimes they chose to leave, and sometimes they were replaced. Some proposals were initiated by the Boards and some by shareholders, some passed and some did not. Many of these required the approval of a majority of shares outstanding. Regardless, these individuals sought the will of the majority and followed it. Even years ago, these directors were proactive in introducing managed distribution

Edgar Filing: PIONEER TAX ADVANTAGED BALANCED TRUST - Form DEFC14A

policies, that were both aggressive and innovative, in part to address discount problems. There are no assurances that if these nominees are elected, the Fund would trade at a premium to NAV. The two closed-end funds where we now jointly serve as directors both currently trade at a premium.

Shareholders may be concerned about the risk that the discount to NAV for Fund shares might temporarily widen from present levels if proposed changes were made. If the Soliciting Shareholder is elected to the Board and shares of the Fund do not trade at a premium, the Soliciting Shareholder commits to present to the Board by December 31, 2007, a proposal to provide to shareholders an option to receive NAV for their shares, as previously described.

Other than fees that may be payable by the Fund to its directors, the nominees named above have no arrangement or understanding with any person with respect to any future employment or any direct or indirect business relationship by or with the Fund or any affiliate of the Fund.

The persons named as proxies in the enclosed [GREEN] proxy card intend, in the absence of contrary instructions, to vote all proxies they are entitled to vote FOR the election of the nominees named above.

Extensive information about the nominees has been presented to the Fund for its review and each nominee has consented to stand for election and to serve if elected. If any is unable to serve, an event not now anticipated, the proxies will be voted for such other person, if any, designated by the Soliciting Shareholder.

Information regarding the persons now serving as directors and officers of the Fund, and additional information regarding the Fund, are contained in the Fund's proxy statement.

The Soliciting Shareholder recommends that shareholders vote FOR the election of Glenn W. Wilcox, Sr., Andrew A. Strauss, and Ralph W. Bradshaw as Trustees.

Proposal 2A, 2B, 2C - SHAREHOLDER PROPOSALS

The Fund was notified of the intention of the Soliciting Shareholder to solicit proxies regarding and to bring the following Proposals 2A, 2B, and 2C before the 2007 Annual Meeting.

Proposal 2A - Shareholders recommend that the Board of Directors adopt a managed distribution policy that would pay a monthly distribution of \$0.20 per share.

Proposal 2B - Shareholders recommend that the Fund's Investment Objective be changed to seek capital appreciation with current income as a secondary objective by investing primarily in U.S. and non-U.S. companies.

Proposal 2C - The investment advisory agreement between Pioneer Investment Management, Inc. and the Fund shall be terminated.

Discussion of the issues surrounding Proposals 2A and 2B may be found in this document under the section titled REASONS FOR THE SOLICITATION. These Shareholder Proposals are, in the opinion of the Soliciting Shareholder, in the best interest of the Fund and its shareholders. The Fund's shares have long traded at substantial discount to the Fund's NAV. It is believed that Proposals 2A and 2B will help maximize shareholder value. Proposals 2A and 2B are recommendations of the Shareholders to the Board and, as such, are advisory. Regardless of the voting results, the Board may or may not choose

Edgar Filing: PIONEER TAX ADVANTAGED BALANCED TRUST - Form DEFC14A

to act on these proposals.

The Soliciting Shareholder recommends that shareholders vote FOR Proposal 2A and Proposal 2B.

Approval of Proposal 2C to terminate the investment advisory agreement between the Fund and Pioneer Investment Management, Inc. would require the affirmative vote of a "majority of the outstanding voting securities" of the Fund, as defined in the 1940 Act. As defined in the 1940 Act, the vote of a "majority of the outstanding voting securities" of the Fund means the vote of the lesser of (i) 67% or more of the Fund's outstanding shares present at the Meeting, if the holders of more than 50% of the outstanding shares of the Fund are present or represented by proxy at the meeting, or (ii) more than 50% of the Fund's outstanding shares. Termination of the investment advisory agreement may be subject to risks, including those from interruption in operations, delay in selecting a new adviser, or management through the transitional period. There also may be additional costs to the Fund which might include those associated with conducting a special meeting of shareholders.

The Soliciting Shareholder recommends that shareholders vote ABSTAIN on Proposal 2C.
