## **SCHEDULE 13D**

### **ITEM 1. SECURITY AND ISSUER.**

The Schedule 13D filed with the Securities and Exchange Commission on July 12, 2010 (the "Initial 13D") by the Filing Person with respect to the Class A Shares and Class B Shares of Donegal Group Inc., a Delaware corporation (the "Issuer"), is hereby further amended to furnish the additional information set forth herein. All capitalized terms contained herein but not otherwise defined shall have the meanings ascribed to such terms in the Initial 13D.

### **ITEM 4. PURPOSE OF TRANSACTION**

#### **ITEM 4 OF THE INITIAL 13D IS HEREBY AMENDED TO ADD THE FOLLOWING:**

On October 7, 2013, the Filing Person delivered to the Boards of Directors of the Issuer and its affiliate Donegal Mutual Insurance Company a letter which stated as follows:

"As you know, on August 2, 2013, following my tender offer to pay \$30 per share for 962,636 of the outstanding shares of Class B Common Stock ("Class B Shares") of Donegal Group Inc. ("DGI") which expired on July 31, 2013, I proposed an amicable transaction: Subject to due diligence for a period of three weeks for me and my banking institutions and to my obtaining financing on commercially reasonable terms, I would be willing to pay \$22 per share for 3,300,000 Class B Shares from Donegal Mutual.

On August 15, 2013, Donegal Mutual sent me a letter stating they had reviewed my August 2nd proposal and that the Board of Directors was unanimous in determining that it was not in the best interests of Donegal Mutual, its policyholders and other constituencies for Donegal Mutual to enter into the transaction described in my August 2<sup>nd</sup> proposal.

Since August 15, 2013, I have reviewed my options and evaluated the potential interest of strategic acquirers. As a result, today, as an alternative, I propose a revised amicable transaction: Subject to due diligence for a period of three weeks for me and a much larger highly rated mutual property and casualty insurance company, I would be willing to

negotiate a price within a range of \$33 - \$37 per share for the 957,136 publicly traded Class B Shares (those not owned by Donegal Mutual or me), and the acquiring mutual would purchase the publicly traded Class A Shares (9,021,350 Class A Shares not owned by Donegal Mutual or me as of July 31, 2013 per your 2<sup>nd</sup> quarter 2013 10Q). I know of two much larger U.S. based mutual property and casualty insurers rated A or higher by A.M. Best who would be strongly interested.

As an incentive, if you elect to do a global transaction with the acquiring mutual, I agree in advance to accept whatever publicly traded Class A per share price you negotiate with the acquiring mutual as the price for both my Class A and Class B Shares. This offer would be subject to all applicable regulatory approvals, which you would not oppose, as this offer would be consensual. Again, I ask the DGI and Donegal Mutual Boards of Directors (the "Boards") to do their fiduciary duty, and establish a committee of independent directors to consider my proposal, and hire truly independent counsel and a financial advisor.

If the Boards accept this proposal, then I would suspend my plans to acquire up to 962,636 Class B Shares in the open market and privately negotiated transactions.

On Friday, October 4, 2013, the last full trading day prior to the initial public announcement of the proposal, the closing sale prices for the Class A Shares and Class B Shares on the NASDAQ Global Select Market were \$14.30 and \$18.56, respectively.

### **Your September 20, 2013 Investor Presentation**

On September 20, 2013, DGI filed an 8-K with an attached Exhibit 99.1 titled "Pursuing Effective Business Strategy in Regional Insurance Markets—Investor Presentation September 2013" to "Achieve Book Value Growth By Implementing Plan." I have reviewed this presentation numerous times in the past two weeks, and while I appreciate the efforts of your management and employees in increasing net premiums written, completing the 10 acquisitions since 1988, the expansion into additional states/markets, an increased focus on commercial lines, improvements in your technology and agent support to achieve book value growth. However, I am disappointed to find that your presentation fails to mention one word about the tremendous dilution to the shareholders as a result of the stock options that you have been granting over the last 5 years

which is punishing the Class A and Class B stock prices, which after the last stock split in 2006, closed at \$20.22 per Class A Share and \$18.02 per Class B Share 7 years ago at September 30, 2006.

If you look below you will see that during the 5 years between 2007 and 2012 DGI's:

- book value grew by a total of 13.4% or a meager 2.7% per year;
- book value per outstanding shares grew by a total of only 12.2% or 2.4% per year;
- stock options grew by an astounding 181% or 36.2% per year; and
- fully diluted book value grew by a total of only 7.9% or 1.6% per year.

2012 v. 2007 Avg.		2.7		0.2		2.4		36.2					3.3

As a result, all of DGI's achievements over the past 7 years have been negated by the gigantic stock option dilution which isn't mentioned once in your Investor Presentation. DGI has failed to achieve the stated goal in your September 20, 2013 presentation, which is to "Achieve Book Value Growth By Implementing Plan." Because you have failed to deliver an increase in your stock prices over a 7 year period, I urge you to contact me to negotiate a transaction for the benefit of Donegal Mutual and DGI, and their policyholders, shareholders, employees and other constituencies.

I am available to meet with the Boards to explain why I believe such an amicable transaction would be in the best interests of Donegal Mutual and DGI, and their policyholders, shareholders, employees and other constituencies. On behalf of all DGI shareholders, I sincerely hope that you accept my invitation, rather than proceeding with your poorly performing plan to achieve book value growth especially on a fully diluted basis."
